| Floating Price             | In respect of daily settlement, the Floating Price will be determined by ICE using price data from a number of sources including spot, forward, and derivative markets for both physical and financial products.                                                                                                                                  |
| Final Settlement           | In respect of final settlement, the Floating Price will be a price in USD and cents per barrel based on the average of the mean of the high and low quotations appearing in "Platts Crude Oil Marketwire" under the heading "Key benchmarks (\$/bbl)" for "Brent (Dated)" for each business day (as specified below) in the determination period. |
| Contract Series            | Up to 72 consecutive months                                                                                                                                                                                                                                                                                                                       |
