ICE

## Dollar Based Currency Pairs Japanese Yen/US Dollar

## Contract Specifications

|  | ICE Futures U.S. offers futures contracts on key currency pairs traded in the <br> interbank currency market. These contracts are traded on ICE's electronic <br> trading platform, which offers industry-leading speed and reliability, regulated <br> by the CFTC, the US federal regulatory agency, and are cleared and <br> guaranteed by ICE Clearing US, the central counterparty for all ICE cleared <br> forex futures trades. Market participants are eligible to transact with any other <br> market participants. ICE forex futures offer trading and hedging opportunities <br> to take advantage of or protect against market moves. |
