Contract Specifications

Contract Standard

Delivery may be made of any gilts on the List of Deliverable Gilts in respect of a delivery month of an Exchange Contract, as published by the Exchange on or before the tenth business day prior to the First Notice Day of such delivery month. Holders of long positions on any day within the Notice Period may be delivered against during the delivery month. All gilt issues included in the List will have the following characteristics: having been issued and settled; having been admitted to the Official List of the UK Listing Authority; having terms as to redemption such as provide for redemption of the entire gilt issue in a single instalment such that the length of time to the maturity date from, and excluding, the first date of the relevant delivery month is within the maturity range for the relevant Exchange Contract specified by the Board in the Contract Details; having no terms permitting or requiring early redemption; bearing interest at a single fixed rate throughout the term of the issue, within the coupon range specified by the Board in the Contract Details for the relevant Exchange Contract, and payable in arrears semi-annually (except in the case of the first interest payment period which may be more or less than six months); being denominated and payable as to principal and interest only in Pounds and pence; being fully paid or, in the event that the gilt issue is in its first interest period and is partly paid, being anticipated by the Board to be fully paid on or before the Last Notice Day of the relevant delivery month; not being convertible; not being in bearer form; and being anticipated by the Board to have on one or more days during the relevant delivery month an aggregate principal amount outstanding of not less than £1.5 billion which, by its terms and conditions, if issued in more than one tranche or tap or issue, is fungible.

Additional Information

Potential users of the Ultra Long Gilt Futures Contract should familiarise themselves with the relevant Contract Terms and Administrative Procedures. Potential users should consider the risks of holding a position into the Notice Period of a Gilt Contract wherein they are potential buyers or sellers in the delivery process. In particular, they should familiarise themselves with the use of Price Factors and the EDSP price formation process as these are both constituents of the formula for the calculation of the invoicing amount.
