Contract Specifications

Final Settlement

In respect of daily settlement, the Floating Price will be determined by ICE using price data from a number of sources including spot, forward and derivative markets for both physical and financial products. In respect of final settlement, the Floating Price will be a price in USD and cents per metric tonne based on the average of the assessments as made public by the Baltic Exchange for the relevant route for each business day (as specified below) in the determination period.

If there are no business days in the determination period, the Floating Price shall be the average of the assessments for the last business day prior to the determination period.

Contract Series

Up to 130 consecutive business days

Final Payment Date

Two Clearing House Business Days following the Last Trading Day

Business Days

Publication days for Baltic Exchange
