# Contract Specifications

Final Settlement

In respect of final settlement, the Floating Price will be a price in USD and cents per barrel based on the difference between the average of the mean of the high and low quotations appearing in the “Argus European Products” report under the heading “Northwest Europe light products” for “Eurobob non-oxy” and the average of the settlement prices as made public by ICE for the front month Brent Crude Future for each business day (as specified below) in the determination period.

Non-Common Pricing applies.

Conversion factor: 1 metric tonne = 8.33 barrels.

Contract Series

Up to 48 consecutive months

Final Payment Date

Two Clearing House Business Days following the Last Trading Day in the determination period.

Business Days

Publication days for Argus European Products and ICE
