The Chairwoman invited Committee Members to review the Conflicts of Interest summary under Items to Note and to provide any corrections to IBA prior to the summary being published on the IBA website.
Previous Meeting
LIBOR Oversight Committee Minutes
Full Minutes
The minutes for the LIBOR Oversight Committee meeting on 14 July 2021 were considered and approved.

Public Minutes
The public minutes for the LIBOR Oversight Committee meeting on 14 July 2021 were approved for publication.

Matters Arising
The Chairwoman confirmed that the action item from the last meeting had been completed.

Dashboard
IBA presented to the Committee the Dashboards for July and August 2021.

Incidents
IBA confirmed that there had been no incidents since the last meeting.

Periodic Review
IBA drew the Committee’s attention to the periodic review of the LIBOR Code of Conduct, adding that IBA had updated the document in view of the cessation of certain currencies and tenors at year-end 2021, the continuation of certain USD tenors to end June 2023 and the potential for “synthetic” LIBOR settings in certain sterling and Japanese yen settings.

The Committee considered and agreed the periodic review of the Code of Conduct as complete.

LIBOR Update
IBA informed the Committee that the LIBOR Oversight Committee would continue to meet to carry out its oversight function with regard to the continuing USD LIBOR settings calculated using the panel bank methodology. The Committee noted that IBA was working with the FCA in relation to the Committee’s future role and remit with regard to the potential “synthetic” LIBOR rates.

IBA highlighted two important legislative measures in relation to LIBOR that were progressing:
• the federal LIBOR legislation in the US, which was expected to be similar to the recently enacted New York State legislation; and
• the UK government’s Critical Benchmarks (References and Administrators’ Liability) Bill.

IBA advised that the Company continued to engage with panel banks to ensure an orderly cessation and to ensure the banks had appropriate governance and oversight in place as LIBOR continued to be published.

The Committee noted that IBA’s operations team had provided panel banks with a window from 23 September to year-end to test submitting fewer USD LIBOR tenors.

Any Other Business
The Chairwoman noted that the next scheduled meeting was on 16 November 2021, adding that an earlier Committee call would be arranged if there were any developments that required the Committee’s attention.

With there being no further business to discuss, the Chairwoman closed the meeting.
