The Committee discussed the policies and the additional wording, noting that the added text was designed to provide transparency and to notify users and market participants of the proposals.

LIBOR Update / Timeline
IBA confirmed that the Company was engaging with the FCA about IBA’s intention to continue working with contributor banks to seek sufficient support to continue to publish certain widely-used LIBOR settings for a period of time after 2021 in order to help meet the needs of stakeholders with legacy contracts that are difficult or impossible to modify and also to give the financial system more time to adopt new rates in an orderly manner and to give market participants at least one year’s notice of a voluntary cessation of any LIBOR setting.

Any Other Business
