**FCA CP 21/19 on BMR Article 23D for GBP and JPY**
The Chairwoman referred to the FCA's consultation paper CP21/19 in which the FCA is seeking views on the proposed use of its new powers under Article 23D to require IBA to change the way in which 1M, 3M and 6M GBP and JPY LIBOR settings are determined. She added that the Committee was invited to consider whether it would wish to submit a response in the name of the Committee, add comments to a potential response from IBA or not to respond.

IBA presented the FCA’s four specific questions in the consultation.

The Committee discussed the arguments for and against responding. IBA agreed to circulate the FCA consultation link for the Members to provide comments if they so wished.

The Committee noted that IBA also continued to engage with the FCA and HM Treasury regarding the exercise of the FCA’s new powers under the BMR, the potential for further LIBOR legislation, and generally in respect of transition from LIBOR and its cessation. IBA added that a substantial amount of work had already been done in this regard.

**Any Other Business**
The Chairwoman expressed her thanks for the Committee Members’ contributions and noted that the September meeting would potentially be in-person but that this would be confirmed closer to the date and most likely at short notice.
