Attachment 1: Redline Rule Section TTT Part II E - LNG Freight (Spark) Balmo Futures (amended contracts only)

The purpose of this Circular is to notify Members and their customers of an amendment by ICE Futures Europe ("IFEU" or the "Exchange") to the contract specifications for the LNG Freight (Spark) Balmo Futures contracts (the "Contracts"), which were introduced to trading by Circulars [26/136](#) and [26/138](#) for a first trade date on Monday 28 September 2026.

PCC	Contract Name	Market Type
SPA	Spark30S Atlantic Sabine Pass to Gate LNG Freight Balmo Futures	LNG Freight
SPT	Spark25S Pacific NWS to Tianjin LNG Freight Balmo Futures	LNG Freight

The amendments are language revisions to reflect the listing and expiration logic of the Contracts. The specific changes to the product specification are detailed in the attached document.

The Exchange invites comments on the outlined changes to the Exchange Regulations. Comments should be addressed **within fourteen days** of the date of this Circular. Unless the Exchange advises otherwise by a further Circular, the changes to the Regulations will be effective on Monday 28 September 2026, the first trade date of the Contracts.

Please ensure that the appropriate members of staff within your organization and customers are advised of the content of this Circular.
