

## ICE Clear U.S.

2 August 2024

### Notice 24/044

## October 2024 Industry-Wide Disaster Recovery Test

ICE Futures U.S. (IFUS) and ICE Clear U.S. (ICUS) will participate in the industry-wide FIA sponsored Disaster Recovery (DR) test on **Saturday, October 5, 2024**. On this day, futures exchanges, clearing houses, clearing members, and service providers will simultaneously test connectivity and functionality between back-up sites. For IFUS and ICUS, this will involve the activation of the ICE backup data center facility.

### Test Registration

Clearing members are required to register for the DR test through the FIA registration portal. Please complete the following registration steps:

- Open a browser and go to the FIA registration page located [here](#).
  - If the email address being used to register for the DR test has a FIA account associated with it, enter established login credentials associated with this address.
  - If the email address being used does not have a FIA account associated with it, create one by clicking on "**Create Account**".
  - Please note, a primary contact should complete this step, as the registration will be attached to their email address.
- **Screen 1 – Attendee Information**
  - Upon login in, verify contact information in the data fields, then click NEXT.
- **Screen 2 – Select Registration Type**
  - 2024 Disaster Recovery Registration will be pre-populated in the drop down, review, then click "NEXT"
- **Screen 3 – Opt-In Options**
  - This screen is presently not relevant, click "NEXT"
- **Screen 4 – Checkout**
  - Click "FINISH" to complete the DR test registration process.
- **Screen 5 – Order Details**
  - This screen provides DR test request confirmation. An email will be generated as well from "FIA Info" also confirming the DR request.

### Pre-Testing (Ping testing) - Saturday, September 14, 2024

Clearing members may complete a pre-test connectivity on Saturday, September 14, 2024 (9:00 AM ET – 12:00 PM ET).

Prior to performing the MQ ping test, clearing members should contact ICE through the ICE Help Desk at (770) 738-2101.

**Clearing members that participate in a Pre / Ping Test must complete and return a Pre-Test Checklist to ICE Clear U.S. Please email the checklist to [iceclearus@ice.com](mailto:iceclearus@ice.com).**

### Test Day -Saturday, October 5, 2024

Clearing members that need DR test support should contact ICE through the ICE Help Desk at (770) 738-2101. For trade inquiries, select option #1, then #1, for clearing inquiries, select #2, then #1.

### Trade Entry

**9:00 AM ET – 12:00 PM ET**

ICE will switch the trading platform to its back-up configuration prior to the test. Clearing members and traders will be free to enter trades into the WebICE electronic trading platform for Canola, Sugar #11, and/or US Dollar Index products on test day starting at 9:00 AM ET, continuing through 12:00 PM ET. Users will log in using their WebICE production user ID's and passwords.

Key Information Documents for certain products covered by the EU Packaged Retail and Insurance-based Investment Products Regulation can be accessed on the relevant exchange website under the heading "Key information Documents (KIDS)," commencing January 1, 2019.

### **Post Trade Management**

Trade executions and allocations will be visible in ICE FEC. Clearing members can use this trade data to perform trade updates, give-out allocation, and give-in claim activities. All clearing applications (FEC, ECS, MFT) should be accessed using ICUS production URLs.

### **Trade Messaging**

FIXML MQ Message Traffic – Test trade and give-up activity will be reflected in the FIXML real time trade feed to clearing member's designated MQ.

### **File Transfers – MFT**

Match-Off File – Production Match-Off files from the Friday, October 4, 2024, trading day will be available for download within MFT on Test Day.

GCM & Large Trader - Clearing members can send in GCM and Large Trader files to MFT at any time between 9:00 AM and 12:00 PM ET on test day. These files should be the same production files that clearing members originally sent in for Friday, October 4, 2024, trading day.

ICE Risk Model files will also be available to download through ICUS' MFT application.

### **Back to Production**

#### **12:30 PM ET – 1:30 PM ET**

Production Reconnection – ICUS will reestablish production connectivity to all clearing applications.

#### **1:30 PM ET – 3:30 PM ET**

Verify Clearing Member Connectivity - At the conclusion of the Industry DR test on Saturday, October 5, 2024, ICUS will have technical support available to verify that clearing members have re-established production connectivity.

**Clearing members are required to complete and return the Test Day checklist upon completion of testing. Please scan, sign, and email the checklist to [iceclearus@ice.com](mailto:iceclearus@ice.com).**

Clearing members that wish to complete a MS Word soft copy of the checklists can contact ICUS to obtain this version.
