16. TC2 FFA-NORTHWEST EUROPE TO USAC (BALTIC) AVERAGE PRICE OPTION⁹

Description	The TC2 FFA Average Price Option is based on the underlying TC2 FFA Future (WNU) and will automatically exercise into the settlement price of the Future on the day of expiry of the options contract.
Contract Symbol	WNU
Hedge Instrument	The delta hedge for the TC2 FFA Average Price Option is the TC2 FFA Future (WNU).
Contract Size	1,000 metric tonnes
Unit of Trading	Any multiple of 1,000 metric tonnes
Currency	US Dollars and cents
Trading Price Quotation	One cent (\$0.01) per metric tonne
Settlement Price Quotation	One tenth of one cent (\$0.001) per metric tonne
Minimum Price Fluctuation	One tenth of one cent (\$0.001) per metric tonne
Last Trading Day	<p>Last Trading Day of the contract month.</p> <p>Note: the December contract will expire on the 24th of December or the previous business day where the 24th of December is a non-working day</p>
Option Type	Options are average priced and will be automatically exercised into the TC2 FFA Future on the expiry day if they are "in the money". The Future resulting from exercise immediately goes to cash settlement relieving market participants of the need to concern themselves with liquidation or exercise issues. If an option is "out of the money" it will expire automatically. It is not permitted to exercise the option on any other day or in any other circumstances than the Last Trading Day. No manual exercise is permitted.
Option Premium/Daily Margin	The TC2 FFA Average Price Options are premium-paid-upfront options. The traded premium will therefore be debited by the Clearing House from the Buyer and credited to the Seller on the morning of the Business Day following the day of trade. Members who are long premium-paid-upfront options will receive a Net Liquidating Value (NLV) credit to the value of the premium which is then used to offset the initial margin requirement flowing from both these options and positions in other energy contracts. Members who are short premium-paid-upfront options will receive an NLV debit in addition to their initial margin requirement. NLV is calculated daily with reference to the settlement price of the option.
Expiry	<p>16:30 London Time.</p> <p>Automatic exercise settings are pre-set to exercise contracts which are one minimum price fluctuation or more "in the money" with reference to the relevant reference price. Members cannot override automatic exercise settings or manually enter exercise instructions for this contract.</p>

⁹ Inserted 24 June 2013

SECTION TTT PART II E: FREIGHT, IRON ORE AND LNG

	The reference price will be a price in USD and cents per metric tonne equal to the arithmetic average of the settlement prices of the Baltic TC2 FFA for the contract month. When exercised against, the Clearing House, at its discretion, selects sellers against which to exercise on a pro-rata basis.
Strike Price Intervals	This contract will support Custom Option Strikes with strikes in increments of \$0.01 within a range of \$5 to \$50. This range may be revised from time to time according to future price movements. The at-the-money strike price is the closest interval nearest to the previous business day's settlement price of the underlying contract.
Contract Series	Up to 48 consecutive months
Final Payment Dates	Two Clearing House Business Days following the Last Trading Day
business days	Publication days for Baltic Exchange

17. TC5 FFA-ARABIAN GULF TO JAPAN (PLATTS) AVERAGE PRICE OPTION¹⁰

Description	The TC5 FFA Average Price Option is based on the underlying TC5 FFA Future (WMJ) and will automatically exercise into the settlement price of the Future on the day of expiry of the options contract.

- Crude Outright – EU-Style Brent NX Option

1. CRUDE DIFF – BRENT 1-MONTH CALENDAR SPREAD OPTION¹

Description	A Brent Crude Oil 1-Month Calendar Spread Option
Contract Symbol	BRM
Hedge Instrument	The delta hedge for the Brent 1-Month Calendar Spread Option is the ICE Brent Future
Contract Size	1,000 barrels
Unit of Trading	Any multiple of 1,000 barrels. For Call options the first underlying ICE Brent Crude Futures contract month settlement less the second ICE Brent Crude Futures contract month settlement less the strike price, or zero, whichever is greater. For Put options, the strike price less the first ICE Brent Crude Futures contract month settlement price less the second ICE Brent Crude Futures contract month settlement, or zero, whichever is greater.
Currency	US Dollars and cents
Trading Price Quotation	One cent (\$0.01) per barrel
Settlement Price Quotation	One tenth of one cent (\$0.001) per barrel
Minimum Price Fluctuation	One tenth of one cent (\$0.001) per barrel
Last Trading Day	Close of business on the Penultimate Trading Day of the underlying ICE Brent Crude futures contract. In this case the close of business refers to the settlement time of the Brent Futures at 19:30 London time.
Option Type	Options are European style and will be automatically exercised on the expiry day if they are “in the money”. If an option is “out of the money” it will expire automatically. It is not permitted to exercise the option on any other day or in any other circumstances. No manual exercise is permitted.
Expiry	19:30 London Time (14:30 EST). Automatic exercise settings are pre-set to exercise contracts which are one minimum price fluctuation or more ‘in the money’ with reference to the relevant reference price. Members cannot override automatic exercise settings or manually enter exercise instructions for this contract. The reference price will be a price in USD and cents per barrel equal to the difference of the nearby ICE Brent Crude Futures contract and the next consecutive contract month of the ICE Brent Crude Futures contract series. For these purposes “settlement price” means the last day of the ICE Brent Crude Futures contract

¹ Amended 25 May 2016

SECTION TTT PART II F: OPTIONS

	month. When exercised against, the Clearing House, at its discretion, selects sellers against which to exercise on a pro-rata basis.
Option Premium/Daily Margin	Calendar Spread Options are equity-style and there is no daily Variation Margin payment. The premium on the Calendar Spread Option is paid/received on the business day following the day of trade. Net Liquidating Value (NLV) will be re-calculated each business day based on the relevant daily settlement prices. For buyers of options the NLV credit will be used to off-set their Original Margin (OM) requirement; for sellers of options, the NLV debit must be covered by cash or collateral in the same manner as OM requirement. OM for all options contracts is based on SPAN.
Strike Price Intervals	Standard \$0.05 strikes from 20 strikes above and below the at-the-money strike. Additional strikes added as appropriate. The “at-the-money” strike price is the closest interval nearest to the previous business day’s settlement price of the corresponding underlying 1-month calendar spread contract.
Contract Series	Up to 48 consecutive 1-month calendar spreads
Final Payment Dates	Two Clearing House Business Days following the Last Trading Day
business days	Publication days for ICE

2. CRUDE DIFF - BRENT 6-MONTH CALENDAR SPREAD OPTION²

Description	A Brent Crude Oil 6-Month Calendar Spread Option
Contract Symbol	BRX
Hedge Instrument	The delta hedge for the Brent 6-Month Calendar Spread Option is the ICE Brent Future
Contract Size	1,000 barrels
Unit of Trading	Any multiple of 1,000 barrels. For Call options the first underlying ICE Brent Crude Futures contract month settlement less the second ICE Brent Crude Futures contract month settlement less the strike price, or zero, whichever is greater. For Put options, the strike price less the first ICE Brent Crude Futures contract month settlement price less the second ICE Brent Crude Futures contract month settlement, or zero, whichever is greater.
Currency	US Dollars and cents
Trading Price Quotation	One cent (\$0.01) per barrel
Settlement Price Quotation	One tenth of one cent (\$0.001) per barrel
Minimum Price Fluctuation	One tenth of one cent (\$0.001) per barrel
Last Trading Day	Close of business on the Penultimate Trading Day of the underlying ICE Brent Crude futures contract. In this case the close of business refers to the settlement time of the Brent Futures at 19:30 London time.
Option Type	Options are European style and will be automatically exercised on the expiry day if they are “in the money”. If an option is “out of the money” it will expire automatically. It is not permitted to exercise the option on any other day or in any other circumstances. No manual exercise is permitted.
Expiry	19:30 London Time (14:30 EST). Automatic exercise settings are pre-set to exercise contracts which are one minimum price fluctuation or more "in-the-money" with reference to the relevant reference price. Members cannot override automatic exercise settings or manually enter exercise instructions for this contract. The reference price will be a price in USD and cents per barrel equal to the difference of the nearby ICE Brent Crude Futures contract and the contract month expiring 6 calendar months later in the ICE Brent Crude Futures contract series. For these purposes “settlement price” means the last day of the ICE Brent Crude Futures contract month. When exercised against, the Clearing

6. CRUDE DIFF – WTI VS BRENT SPREAD OPTION⁴

Description	A monthly cash settled option based on the difference between the ICE daily settlement price for WTI Futures contract and the ICE daily settlement price for Brent Futures contract.
Contract Symbol	TIB
Hedge Instrument	The delta hedge for the WTI vs Brent Spread Option is the ICE WTI vs Brent Futures
Contract Size	1,000 barrels
Unit of Trading	Any multiple of 1,000 barrels
Currency	US Dollars and cents
Trading Price Quotation	One cent (\$0.01) per barrel
Settlement Price Quotation	One tenth of one cent (\$0.001) per barrel
Minimum Price Fluctuation	One tenth of one cent (\$0.001) per barrel
Last Trading Day	Trading shall end one Business Day prior to the Expiration Date of the ICE Brent Crude Futures Contract.
Option Type	Options are European-style and will be automatically exercised on the expiry day if they are “in-the-money”. The future resulting from exercise immediately goes to cash settlement relieving market participants of the need to concern themselves with liquidation or exercise issues. If an option is “out-of-the-money” it will expire automatically. It is not permitted to exercise the option on any other day or in any other circumstances than the Last Trading Day. No manual exercise is permitted.
Option Premium/Daily Margin	The WTI/Brent Crude Oil Spread Options are premium-paid-upfront options. The traded premium will therefore be debited by the Clearing House from the Buyer and credited to the Seller on the morning of the Business Day following the day of trade. Members who are long premium-paid-upfront options will receive a Net Liquidating Value (NLV) credit to the value of the premium which is then used to offset the initial margin requirement flowing from both these options and positions in other energy contracts. Members who are short premium-paid-upfront options will receive an NLV debit in addition to their initial margin requirement. NLV is calculated daily with reference to the settlement price of the option.
Expiry	19:30 London Time (14:30 EST). Automatic exercise settings are pre-set to exercise contracts which are one minimum price fluctuation or more 'in the money' with reference to the relevant reference price. Members cannot

	the Clearing House, at its discretion, selects sellers against which to exercise on a pro-rata basis.
Strike Prices	A minimum of 20 Strike Prices in increments of \$0.50 per bbl above and below the at-the-money Strike Price. Strike Price boundaries are adjusted according to futures price movements. User-defined Strike Prices are allowed in \$0.50 increments.
Contract Series	Up to 2 consecutive months
Final Payment Dates	Two Clearing House Business Days following the Last Trading Day
business days	Publication days for ICE

9. CRUDE OUTRIGHT – EU-STYLE BRENT OPTION⁷

Description	The EU-Style Brent Option is based on the underlying ICE Brent Bullet Future (BNB) and will automatically exercise into the settlement price of the Bullet Future on the day of expiry of the options contract.
Contract Symbol	BUL
Hedge Instrument	The delta hedge for the EU-Style Brent Option is the ICE Brent Bullet Future (BNB)
Contract Size	1,000 barrels
Unit of Trading	Any multiple of 1,000 barrels
Currency	US Dollars and cents
Trading Price Quotation	One cent (\$0.01) per barrel
Settlement Price Quotation	One tenth of one cent (\$0.001) per barrel
Minimum Price Fluctuation	One tenth of one cent (\$0.001) per barrel
Last Trading Day	Trading shall end three Business Days prior to the Expiration Date of the ICE Brent Crude Futures contract. If the day on which trading in the relevant EU-Style Brent Option is due to cease would be either: (i) the Business Day preceding Christmas Day, or (ii) the Business Day preceding New Year's Day, then trading shall cease on the next preceding Business Day.
Option Type	Options are European-style and will be automatically exercised on the expiry day if they are "in the money". The future resulting from exercise immediately goes to cash settlement relieving market participants of the need to concern themselves with liquidation or exercise issues. If an option is "out of the money" it will expire automatically. It is not permitted to exercise the option on any other day or in any other circumstances than the Last Trading Day. No manual exercise is permitted.
Option Premium/Daily Margin	The premium on the EU-Style Brent Cash Settled Option is paid/received on the day following the day of trade. Option positions, as with Future positions, are marked-to-market daily giving rise to positive or negative realized potential variation margin flows. Once the premium is paid there is no additional variation or initial margin payable by the buyer of the option. All open contracts are marked-to-market daily. Initial Margin is payable by the buyer and seller of the option, but for the buyer the initial margin will not exceed the value of the premium paid. In addition, the buyer may use the value of the premium of an in-the-money option collateral against other ICE OTC and ICE Futures Europe margin obligations at ICE Clear Europe.

Option Type	Options are Asian-style and will be automatically exercised on the expiry day if they are in-the-money. The Future resulting from exercise immediately goes to cash settlement relieving market participants of the need to concern themselves with liquidation or exercise issues. If an option is out-of-the-money it will expire automatically. It is not permitted to exercise the option on any other day or in any other circumstances than the Last Trading Day. No manual exercise is permitted.
Option Premium/Daily Margin	The premium on the WTI Average Price Balmo Option is paid/received on the business day following the day of trade. Net Liquidating Value (NLV) will be re-calculated each business day based on the relevant daily settlement prices. For buyers of options the NLV credit will be used to off-set their Original Margin (OM) requirement; for sellers of options, the NLV debit must be covered by cash or collateral in the same manner as OM requirement. OM for all options contracts is based on the option's delta.
Expiry	<p>19:30 London Time (14:30 EST).</p> <p>Automatic exercise settings are pre-set to exercise contracts which are one minimum price fluctuation or more 'in the money' with reference to the relevant reference price. SECTION TTT PART II F: OPTIONS

	WTI 1 st Line Future for the contract month. When exercised against, the Clearing House, at its discretion, selects sellers against which to exercise on a pro-rata basis.
Strike Prices	A minimum of 20 Strike Prices in increments of \$0.50 per bbl above and below the at-the-money Strike Price. Strike Price boundaries are adjusted according to futures price movements. User-defined Strike Prices are allowed in \$0.50 increments.
Contract Series	Up to 2 consecutive months
Final Payment Dates	Two Clearing House Business Days following the Last Trading Day
business days	Publication days for ICE

12. CRUDE OUTRIGHT – EU-STYLE WTI OPTION

Description	The EU-Style WTI Option is based on the underlying ICE WTI Bullet (WTB) and will automatically exercise into the settlement price of the Bullet Swap Future on the day of expiry of the options contract.
Contract Symbol	WUL
Hedge Instrument	The delta hedge for the EU-Style WTI Option is the ICE WTI Bullet Swap Future (WTB).
Contract Size	1,000 barrels
Unit of Trading	Any multiple of 1,000 barrels
Currency	US Dollars and cents
Trading Price Quotation	One cent (\$0.01) per barrel
Settlement Price Quotation	One tenth of one cent (\$0.001) per barrel
Minimum Price Fluctuation	One tenth of one cent (\$0.001) per barrel
Last Trading Day	Trading shall end two Business Days prior to the Expiration Date of the ICE WTI Crude Futures contract, i.e. 6th US business day prior to the 25th calendar day of the month preceding the contract month. If the 25th calendar day of the month is not a US business day the final trading day shall be the trading day which is the 7th US business day preceding the 25th calendar day of the month preceding the contract month. (A US business day is a day on which NYMEX is open for business.)
Option Type	Options are European-style and will be automatically exercised on the expiry day if they are “in-the-money”. The swap future resulting from exercise immediately goes to cash settlement relieving market participants of the need to concern themselves with liquidation or exercise issues. If an option is “out-of-the-money” it will expire automatically. It is not permitted to exercise the option on any other day or in any other circumstances than the Last Trading Day. No manual exercise is permitted.
Option Premium/Daily Margin	The premium on the EU-Style WTI Cash Settled Option is paid/received on the day following the day of trade. Option positions, as with Swap Future positions, are marked-to-market daily giving rise to positive or negative realized potential variation margin flows. Once the premium is paid there is no additional variation or initial margin payable by the buyer of the option. All open contracts are marked-to-market daily. Initial Margin is payable by the buyer and seller of the option, but for the buyer the initial margin will not exceed the value of the premium paid. In addition, the buyer may use the value of the premium of an in-the-money option collateral against other ICE OTC and ICE Futures Europe margin obligations at ICE Clear Europe.

SECTION TTT PART II F: OPTIONS

Expiry	<p>19:30 London Time (11:30EST).</p> <p>Automatic exercise settings are pre-set to exercise contracts which are one minimum price fluctuation or more in-the-money with reference to the relevant reference price. Members cannot override automatic exercise settings or manually enter exercise instructions for this contract.</p> <p>The reference price will be a price in USD and cents per barrel equal to the settlement price of the ICE WTI Bullet Swap Future for the contract month. For these purposes "settlement price" means the 3rd to last business day prior to the Last Trading Day of the ICE WTI Futures contract month. When exercised against, ICE Clear Europe, at its discretion, selects sellers against which to exercise on a pro-rata basis.</p>
Strike Prices	<p>Minimum \$0.50 increment strike prices. \$1.00 Strikes from \$20 to \$240. \$0.50 strikes 20 strikes above and below ATM. The at-the-money strike price is the closes interval nearest to the previous business day's settlement price of the underlying contract.</p>
Contract Series	Up to 36 consecutive months
Final Payment Dates	Two Clearing House Business Days following the Last Trading Day
business days	Publication days for ICE

13. CRUDE OUTRIGHT – WTI AVERAGE PRICE OPTION (CAD DENOMINATED)⁹

Description	The WTI Average Price Option (CAD denominated) is based on the underlying WTI 1st Line Future (CAD denominated) and will automatically exercise into the WTI 1st Line Future (CAD denominated) on the day of expiry of the options contract.
Contract Symbol	WTH
Hedge Instrument	The delta hedge for the WTI Average Price Option is the ICE WTI 1st Line Future (CAD denominated)
Contract Size	1,000 barrels
Unit of Trading	Any multiple of 1,000 barrels
Currency	Canadian dollars and cents
Trading Price Quotation	One cent (C\$0.01) per barrel
Settlement Price Quotation	One tenth of one cent (C\$0.001) per barrel
Minimum Price Fluctuation	One tenth of one cent (C\$0.001) per barrel
Last Trading Day	Last Trading Day of the contract month
Option Type	Options are Asian-style and will be automatically exercised on the expiry day if they are in-the-money. The Future resulting from exercise immediately goes to cash settlement relieving market participants of the need to concern themselves with liquidation or exercise issues. If an option is out-of-the-money it will expire automatically. It is not permitted to exercise the option on any other day or in any other circumstances than the Last Trading Day. No manual exercise is permitted.
Option Premium/Daily Margin	The premium on the WTI Average Price Option (CAD denominated) is paid/received on the day following the day of trade. Option positions, as with futures positions, are marked-to-market daily giving rise to positive or negative realized potential variation margin flows. Once the premium is paid there is no additional variation or initial margin payable by the buyer of the option. Initial margin is payable by the buyer and seller of the option, but for the buyer the initial margin will not exceed the value of the premium paid. In addition, the buyer may use the value of the premium of an in the-money option collateral against other ICE/ICE Futures margin obligations at ICE Clear Europe
Expiry	19:30 London Time (14:30 EST). Automatic exercise settings are pre-set to exercise contracts which are one minimum price fluctuation or more 'in the money' with reference to the relevant reference price. Members cannot override automatic exercise settings or manually enter exercise instructions for this contract. The reference price will be a price in CAD and cents per barrel equal to the settlement prices as made public by ICE for the WTI 1st Line Future (CAD Denominated) for the contract month. When exercised against, the Clearing House, at its discretion, selects sellers against which to exercise on a pro-rata basis.
Strike Prices	Minimum C\$0.50 increment strike prices. C\$1.00 Strikes from C\$20 to C\$240. C\$0.50 strikes 20 strikes above and below ATM. The “at the money” strike price is the closes interval nearest to the previous business day’s settlement price of the underlying contract.

14. GASOIL DIFF – LOW SULPHUR GASOIL 1-MONTH CALENDAR SPREAD OPTION¹⁰

Description	The Low Sulphur Gasoil 1-Month Calendar Spread Option is based on the difference between two consecutive ICE Low Sulphur Gasoil Futures months.
Contract Symbol	UUM
Hedge Instrument	The delta hedge for the Low Sulphur Gasoil 1-Month CSO is the ICE Low Sulphur Gasoil Future.
Contract Size	100 metric tonnes
Unit of Trading	Any multiple of 100 metric tonnes.
Currency	US Dollars and cents
Trading Price Quotation	One cent (\$0.01) per metric tonne
Settlement Price Quotation	One tenth of one cent (\$0.001) per metric tonne
Minimum Price Fluctuation	One tenth of one cent (\$0.001) per metric tonne
Last Trading Day	Trading shall end at the end of the designated settlement period one business day prior to the Expiration Date of the nearby month ICE Low Sulphur Gasoil Futures contract.
Option Type	Options are European style and will be automatically exercised on the expiry day if they are "in the money". The Future resulting from exercise immediately goes to cash settlement relieving market participants of the need to concern themselves with liquidation or exercise issues. If an option is "out of the money" it will expire automatically. It is not permitted to exercise the option on any other day or in any other circumstances. No manual exercise is permitted.
Option Premium/Daily Margin	Calendar Spread Options are equity-style and there is no daily Variation Margin payment. The premium on the Calendar Spread Option is paid/received on the business day following the day of trade. Net Liquidating Value (NLV) will be re-calculated each business day based on the relevant daily settlement prices. For buyers of options the NLV credit will be used to off-set their Original Margin (OM) requirement; for sellers of options, the NLV debit must be covered by cash or collateral in the same manner as OM requirement. OM for all options contracts is based on SPAN.
Expiry	16:30 London Time (11:30 EST). Automatic exercise settings are pre-set to exercise contracts which are one minimum price fluctuation or more 'in the money' with reference to the relevant reference price. Members cannot override automatic exercise settings or manually enter exercise instructions

¹⁰ Amended 13 November 2015

SECTION TTT PART II F: OPTIONS

	<p>for this contract.</p> <p>The reference price will be a price in USD and cents per metric tonne equal to the difference between the settlement price of the nearby ICE Low Sulphur Gasoil Futures contract and the settlement price of the next consecutive contract month of the ICE Low Sulphur Gasoil Futures contract series on the Last Trading Day. When exercised against, the Clearing House, at its discretion, selects sellers against which to exercise on a pro-rata basis.</p>
Strike Price Intervals	A minimum of 10 Strike Prices in increments of \$10.00 per metric tonne above and below the at-the-money Strike Price. Strike Price boundaries are adjusted according to futures price movements. User-defined Strike Prices are allowed in \$0.25 increments.
Contract Series	Up to 36 consecutive 1-month calendar spreads
Final Payment Dates	Two Clearing House Business Days following the Last Trading Day
business days	Publication days for ICE

15. GASOLINE OUTRIGHT – RBOB GASOLINE AVERAGE PRICE OPTION

Description	The RBOB Gasoline Average Price Option is based on the underlying RBOB Gasoline 1st Line Swap Future (RBS) and will automatically exercise into the settlement price of the 1st Line Swap Future on the day of expiry of the options contract.
Contract Symbol	RBS
Hedge Instrument	The delta hedge for the RBOB Gasoline Average Price Option is the RBOB Gasoline 1st Line Swap Future (RBS).
Contract Size	1,000 barrels (42,000 gallons)
Unit of Trading	Any multiple of 1,000 barrels
Currency	US Dollars and cents
Trading Price Quotation	One hundredth of one cent (\$0.0001) per gallon
Settlement Price Quotation	One hundredth of one cent (\$0.0001) per gallon
Minimum Price Fluctuation	One hundredth of one cent (\$0.0001) per gallon
Last Trading Day	Last Trading Day of the contract month
Option Type	Options are Asian-style and will be automatically exercised on the expiry day if they are "in the money". The Swap Future resulting from exercise immediately goes to cash settlement relieving market participants of the need to concern themselves with liquidation or exercise issues. If an option is "out of the money" it will expire automatically. It is not permitted to exercise the option on any other day or in any other circumstances than the Last Trading Day. No manual exercise is permitted.
Option Premium/Daily Margin	The RBOB Gasoline Average Price Options are premium-paid-upfront options. The traded premium will therefore be debited by the Clearing House from the Buyer and credited to the Seller on the morning of the Business Day following the day of trade. Members who are long premium-paid-upfront options will receive a Net Liquidating Value (NLV) credit to the value of the premium which is then used to offset the initial margin requirement flowing from both these options and positions in other energy contracts. Members who are short premium-paid-upfront options will receive an NLV debit in addition to their initial margin requirement. NLV is calculated daily with reference to the settlement price of the option.
Expiry	19:30 London Time. Automatic exercise settings are pre-set to exercise contracts which are one minimum price fluctuation or more "in the money" with reference to the relevant reference price. Members cannot override automatic exercise settings or manually enter exercise instructions for this contract. The reference price will be a price in USD and cents per gallon

SECTION TTT PART II F: OPTIONS

	based on the average of the settlement prices as made public by ICE for the RBOB Gasoline 1st Line Swap Future for the contract month. When exercised against, the Clearing House, at its discretion, selects sellers against which to exercise on a pro-rata basis.
Strike Price Intervals	A minimum of 10 strikes above and below at the money in \$0.01 increments will be listed at launch. This contract will support Custom Option Strikes with strikes in increments of \$0.001 within a range of \$0.500 to \$10.000. This range may be revised from time to time according to future price movements. The at-the-money strike price is the closest interval nearest to the previous business day's settlement price of the underlying contract.
Contract Series	Up to 48 consecutive months
Final Payment Dates	Two Clearing House Business Days following the Last Trading Day
business days	Publication days for ICE

16. HEATING OIL OUTRIGHT – HEATING OIL AVERAGE PRICE OPTION

Description	The Heating Oil Average Price Option is based on the underlying Heating Oil 1st Line Swap Future (HOF) and will automatically exercise into the settlement price of the 1st Line Swap Future on the day of expiry of the options contract.
Contract Symbol	HOF
Hedge Instrument	The delta hedge for the Heating Oil Average Price Option is the Heating Oil 1st Line Swap Future (HOF).
Contract Size	1,000 barrels (42,000 gallons)
Unit of Trading	Any multiple of 1,000 barrels
Currency	US Dollars and cents
Trading Price Quotation	One hundredth of one cent (\$0.0001) per gallon
Settlement Price Quotation	One hundredth of one cent (\$0.0001) per gallon
Minimum Price Fluctuation	One hundredth of one cent (\$0.0001) per gallon
Last Trading Day	Last Trading Day of the contract month
Option Type	Options are Asian-style and will be automatically exercised on the expiry day if they are "in the money". The Swap Future resulting from exercise immediately goes to cash settlement relieving market participants of the need to concern themselves with liquidation or exercise issues. If an option is "out of the money" it will expire automatically. It is not permitted to exercise the option on any other day or in any other circumstances than the Last Trading Day. No manual exercise is permitted.
Option Premium/Daily Margin	The Heating Oil Average Price Options are premium-paid-upfront options. The traded premium will therefore be debited by the Clearing House from the Buyer and credited to the Seller on the morning of the Business Day following the day of trade. Members who are long premium-paid-upfront options will receive a Net Liquidating Value (NLV) credit to the value of the premium which is then used to offset the initial margin requirement flowing from both these options and positions in other energy contracts. Members who are short premium-paid-upfront options will receive an NLV debit in addition to their initial margin requirement. NLV is calculated daily with reference to the settlement price of the option.

Currency	US Dollars and cents
Trading Price Quotation	One cent (\$0.01) per barrel
Settlement Price Quotation	One tenth of one cent (\$0.001) per barrel
Minimum Price Fluctuation	One tenth of one cent (\$0.001) per barrel
Last Trading Day	Last Trading Day of the contract month
Option Type	Options are average priced and will be automatically exercised into the Fuel Oil 3.5% FOB Rotterdam Barges (Platts) vs Brent 1st Line Future (bbl) on the expiry day if they are "in the money". The Future resulting from exercise immediately goes to cash settlement relieving market participants of the need to concern themselves with liquidation or exercise issues. If an option is "out of the money" it will expire automatically. It is not permitted to exercise the option on any other day or in any other circumstances than the Last Trading Day. No manual exercise is permitted
Option Premium/Daily Margin	The Fuel Oil 3.5% FOB Rotterdam Barges (Platts) vs Brent 1st Line Average Price Option (bbl) is a premium-paid-upfront option. The traded premium will therefore be debited by the Clearing House from the Buyer and credited to the Seller on the morning of the Business Day following the day of trade. Members who are long premium-paid-upfront options will receive a Net Liquidating Value (NLV) credit to the value of the premium which is then used to offset the initial margin requirement flowing from both these options and positions in other energy contracts. Members who are short premium-paid-upfront options will receive an NLV debit in addition to their initial margin requirement. NLV is calculated daily with reference to the settlement price of the option

31. JET FUEL CRACK – SINGAPORE JET KEROSENE CARGOES (PLATTS) VS DUBAI 1ST LINE (PLATTS) AVERAGE PRICE OPTION²¹

Description	The Singapore Jet Kerosene Cargoes (Platts) vs Dubai 1st Line (Platts) Average Price Option is based on the underlying Singapore Jet Kerosene Cargoes (Platts) vs Dubai 1st Line (Platts) Future (SFF) and will automatically exercise into the Singapore Jet Kerosene Cargoes (Platts) vs Dubai 1st Line (Platts) Future (SFF) on the day of expiry of the options contract.
Contract Symbol	SFF
Hedge Instrument	The delta hedge for the Singapore Jet Kerosene Cargoes (Platts) vs Dubai 1st Line (Platts) Average Price Option is the Singapore Jet Kerosene Cargoes (Platts) vs Dubai 1st Line (Platts) Future (SFF)
Contract Size	1,000 barrels
Unit of Trading	Any multiple of 1,000 barrels
Currency	US Dollars and cents
Trading Price Quotation	One cent (\$0.01) per barrel
Settlement Price Quotation	One tenth of one cent (\$0.001) per barrel
Minimum Price Fluctuation	One tenth of one cent (\$0.001) per barrel
Last Trading Day	Last Trading Day of the contract month
Option Type	Options are average priced and will be automatically exercised into the Singapore Jet Kerosene Cargoes (Platts) vs Dubai 1st Line (Platts) Future on the expiry day if they are "in the money". The Future resulting from exercise immediately goes to cash settlement relieving market participants of the need to concern themselves with liquidation or exercise issues. If an option is "out of the money" it will expire automatically. It is not permitted to exercise the option on any other day or in any other circumstances than the Last Trading Day. No manual exercise is permitted
Option Premium/Daily Margin	The Singapore Jet Kerosene Cargoes (Platts) vs Dubai 1st Line (Platts) Average Price Option is a premium-paid-upfront option. The traded premium will therefore be debited by the Clearing House from the Buyer and credited to the Seller on the morning of the Business Day following the day of trade. Members who are long premium-paid-upfront options will receive a Net Liquidating Value (NLV) credit to the value of the premium which is then used to offset the initial margin requirement flowing from both these options and positions in other energy contracts. Members who are short premium-paid-upfront options will receive an NLV debit in addition to their initial margin requirement. NLV is calculated daily with reference to the settlement price of the option

Description	The Argus LLS Average Price Option is based on the underlying Argus LLS Swap Future (ARH) and will automatically exercise into the Argus LLS Swap Future (ARH) on the day of expiry of the options contract
Contract Symbol	ARH
Hedge Instrument	The delta hedge for the Argus LLS Average Price Option is the Argus LLS Swap Future (ARH)
Contract Size	1,000 barrels
Unit of Trading	Any multiple of 1,000 barrels
Currency	US Dollars and cents
Trading Price Quotation	One cent (\$0.01) per barrel
Settlement Price Quotation	One tenth of one cent (\$0.001) per barrel
Minimum Price Fluctuation	One tenth of one cent (\$0.001) per barrel
Last Trading Day	Last Trading Day of the contract month
Option Type	Options are average priced and will be automatically exercised into the Argus LLS Swap Future on the expiry day if they are “in the money”. The Swap Future resulting from exercise immediately goes to cash settlement relieving market participants of the need to concern themselves with liquidation or exercise issues. If an option is “out of the money” it will expire automatically. It is not permitted to exercise the option on any other day or in any other circumstances than the Last Trading Day. No manual exercise is permitted
Option Premium/Daily Margin	The Argus LLS Average Price Option is a premium-paid-upfront option. The traded premium will therefore be debited by the Clearing House from the Buyer and credited to the Seller on the morning of the Business Day following the day of trade. Members who are long premium-paid-upfront options will receive a Net Liquidating Value (NLV) credit to the value of the premium which is then used to offset the initial margin requirement flowing from both these options and positions in other energy contracts. Members who are short premium-paid-upfront options will receive an NLV debit in addition to their initial margin requirement. NLV is calculated daily with reference to the settlement price of the option
Expiry	<p>19:30 London Time (14:30 EST).</p> <p>Automatic exercise settings are pre-set to exercise contracts which are one minimum price fluctuation or more “in the money” with reference to the relevant reference price. Members cannot override automatic exercise settings or manually enter exercise instructions for this contract.</p> <p>The reference price will be a price in USD and cents per barrel equal to the average of the settlement prices of the Argus LLS Swap Future for the contract month. When exercised against, the Clearing House, at its</p>

	discretion, selects sellers against which to exercise on a pro rata basis
Strike Price Intervals	This contract will support Custom Option Strikes with strikes in increments of \$0.01 within a range of \$20 to \$240. This range may be revised from time to time according to future price movements. The at-the-money strike price is the closest interval nearest to the previous business day's settlement price of the underlying contract
Contract Series	Up to 60 consecutive months
Final Payment Dates	Two Clearing House Business Days following the Last Trading Day
business days	Publication days for Argus Crude

41. CRUDE DIFF – ARGUS LLS VS WTI 1ST LINE AVERAGE PRICE OPTION³¹

Description	The Argus LLS vs WTI 1st Line Average Price Option is based on the underlying Argus LLS vs WTI 1st Line Future (ARK) and will automatically exercise into the Argus LLS vs WTI 1st Line Future (ARK) on the day of expiry of the options contract
Contract Symbol	ARK
Hedge Instrument	The delta hedge for the Argus LLS vs WTI 1st Line Average Price Option is the Argus LLS vs WTI 1st Line Future (ARK)
Contract Size	1,000 barrels
Unit of Trading	Any multiple of 1,000 barrels
Currency	US Dollars and cents
Trading Price Quotation	One cent (\$0.01) per barrel
Settlement Price Quotation	One tenth of one cent (\$0.001) per barrel
Minimum Price Fluctuation	One tenth of one cent (\$0.001) per barrel
Last Trading Day	Last Trading Day of the contract month
Option Type	Options are average priced and will be automatically exercised into the Argus LLS vs WTI 1st Line Future on the expiry day if they are "in the money". The Future resulting from exercise immediately goes to cash settlement relieving market participants of the need to concern themselves with liquidation or exercise issues. If an option is "out of the money" it will expire automatically. It is not permitted to exercise the option on any other day or in any other circumstances than the Last Trading Day. No manual exercise is permitted
Option Premium/Daily Margin	The Argus LLS vs WTI 1st Line Average Price Option is a premium-paid-upfront option. The traded premium will therefore be debited by the Clearing House from the Buyer and credited to the Seller on the morning of the Business Day following the day of trade. Members who are long premium-paid-upfront options will receive a Net Liquidating Value (NLV) credit to the value of the premium which is then used to offset the initial margin requirement flowing from both these options and positions in other energy contracts. Members who are short premium-paid-upfront options will receive an NLV debit in addition to their initial margin requirement. UUU.3	Other Definitions ¹
UUU.4	Price
UUU.5	Trade Nominations
UUU.6	Transfer of Rights in respect of Natural Gas
UUU.7	Exclusion of Liability in respect of UK Link and the Transmission System
UUU.8	Payment under a Contract
UUU.9	Seller's Obligations
UUU.10	Buyer's Obligations
UUU.11	Buyer's and Seller's Security
UUU.12	Failure to Perform Obligations under a Contract
UUU.13	Force Majeure

¹ Amended 3 September 2014, 1 October 2015

UUU.1 CONTRACTS FOR THE TRANSFER OF RIGHTS IN RESPECT OF NATURAL GAS AT THE NATIONAL BALANCING POINT

- (a) The provisions of this Section UUU and Sections I and VVV are applicable to Contracts for the trading of rights in respect of Natural Gas at the National Balancing Point.
- (b) A Contract shall be for the sale and transfer by the Seller to the Buyer of rights in respect of Natural Gas at the National Balancing Point on the Delivery Day specified in the Contract. The transfer of rights in respect of Natural Gas at the National Balancing Point under a Contract shall be made in accordance with, or pursuant to, these Contract Rules, the Administrative Procedures and the Clearing House procedures.
- (c) The Exchange may offer contracts for trading on the Market or otherwise pursuant to the Regulations for the sale and purchase of rights in respect of Natural Gas at the National Balancing Point during a Delivery Day as the Directors may determine from time to time ("Individual Day Contracts"). The Exchange may permit groups of Individual Day Contracts, consisting of two or more Individual Day Contracts, to be traded on the Market or otherwise pursuant to the Regulations in accordance with procedures determined by the Directors from time to time. For the avoidance of doubt, each Individual Day Contract comprised in a group of Individual Day Contracts shall remain a separate Contract.

UUU.2 QUANTITY

Contracts shall be for rights in respect of one or more lots of Natural Gas of 1,000 Therms (for conversion to kWh) for transfer on the Delivery Day specified in the Contract. The Directors may, in their absolute discretion, determine from time to time that Contracts shall be traded and rights in respect of Natural Gas shall be transferred in a minimum number of lots or multiples thereof. Conversions made by the Clearing House of quantities of Natural Gas expressed in Therms into quantities of Natural Gas expressed in kWh shall be made in the manner prescribed in the Clearing House procedures.

UUU.3 OTHER DEFINITIONS²

In these Contract Rules and the Administrative Procedures the following terms shall bear the meanings set out opposite them, if not inconsistent with the subject or context:

"Acquiring Trade Nomination"	means a nomination submitted, in the manner required by the National Grid Rules and otherwise in accordance with these Contract Rules, the Administrative Procedures and the Clearing House procedures, by the Transferee to acquire rights in respect of one or more lots of Natural Gas at the National Balancing Point;
"Balance of Month"	means a strip of two or more Daily Contracts, tradeable on a Business Day ("the Trade Day") in a contract month, starting two Business Days forward from such Trade Day continuing through to the end of the contract month. In the event that the first and/or second day(s) subsequent to the Trade Day is a non-Business Day, then the first such non-Business Day is counted as a Business Day for the purposes of establishing when the strip of Daily Contracts that constitute the Balance of Month for that Trade Day starts;
"Gemini"	means that part of the UK Link which enables, inter alia, a user to submit a Trade Nomination to National Grid and to access information concerning the user's Trade Nominations;
"National Grid"	means the operator of the Transmission System known as National Grid, or any successor thereto;

² Amended 3 September 2014, 1 October 2015

"Clearing House procedures"	means the "Procedures" of the Clearing House from time to time in force as prescribed under the Clearing House Rules;
"Daily Contract"	means a contract which is deliverable on a specified day;
"D-" or "D+"	means, in respect of a Contract, in the case of "D-" the number of Business Days immediately before, and in the case of "D+" the number of Business Days immediately after, the day on which the Delivery Day specified in the Contract commences;
"Delivery Day"	means the period beginning at 05:00 hours on a day on which the transfer of rights in respect of Natural Gas is due to be made under a Contract in accordance with the terms of these Contract Rules, the Administrative Procedures and the Clearing House procedures and ending at 05:00 hours on the following day;
"Disposing Trade Nomination"	means a nomination submitted, in the manner required by the National Grid Rules and otherwise in accordance with these Contract Rules, the Administrative Procedures and the Clearing House procedures, by the Transferor to dispose of rights in respect of one or more lots of Natural Gas at the National Balancing Point;
"Exchange Delivery Settlement Price" ("EDSP")	means, in respect of a Contract, the settlement price determined by the Directors in accordance with the Administrative Procedures;
"kilowatt hour" ("kWh")	means 3,600,000 joules where "joule" is as defined in ISO 1000:1992(E) or any standard replacing the same as nominated by the Exchange;
"M+"	means, in respect of a Contract, the number of Business Days immediately following the last day of the month in which the Delivery Day specified in the Contract commenced;
"National Balancing Point"	means, in respect of a Contract, a notional point within the Transmission System at which the balancing of the amounts of Natural Gas delivered into and out of the Transmission System takes place for the purposes of the Network Code;
"National Grid Rules"	means the Network Code and any manuals, procedures, practices or directions of National Grid which support the operation of the Network Code, as amended from time to time;
"Natural Gas"	means any hydrocarbons or mixture of hydrocarbons and other gases consisting predominantly of methane which at a temperature of 15 degrees Celsius and at an absolute pressure of 1.01325 bar are or is predominantly in the gaseous state where "degree Celsius" and "bar" are as defined in ISO 1000:1992(E) or any standard replacing the same as nominated by the Exchange;
"Network Code"	means the document, as amended from time to time, setting out National Grid's arrangements for transportation of Natural Gas pursuant to its public gas transporter's licence under the Gas Act, 1986;
"Therm"	means 29.3071 kWh;
"Trade Nomination"	means in respect of a Contract either a Disposing Trade Nomination or an Acquiring Trade Nomination, as the case may be;

"Trade Nomination Quantity"	means the quantity of Natural Gas nominated in a Trade Nomination;
"Transferee"	means a person nominated by the Buyer pursuant to Rule UUU.10(a)(i) to whom the transfer of rights in respect of Natural Gas is to be made under a Contract;
"Transferor"	means a person nominated by the Seller pursuant to Rule UUU.9(a)(i) to transfer rights in respect of Natural Gas under a Contract;
"Transmission System"	means the onshore transmission pipeline system owned and operated by National Grid as may be enlarged, extended or altered from time to time;
"UK Link"	means the computer system for the electronic transfer of information between National Grid and users of such system managed and operated by National Grid, or any agent appointed by National Grid, and any system from time to time replacing the same.

UUU.4 PRICE

- (a) The Contract price shall be in Sterling and pence per Therm and Contracts may be traded with minimum fluctuations of 0.01 pence per Therm. EFPs and EFSs can be registered with minimum fluctuations of 0.001 pence per Therm.
- (b) The Contract price shall be exclusive of any charges payable to National Grid by either the Buyer (or its Transferee) or the Seller (or its Transferor) under the National Grid Rules.
- (c) The Contract shall be exclusive of any Value Added Tax or any other duty that may be or become payable on the sale or transfer of rights in respect of Natural Gas under a Contract and any such taxes or duties shall be borne by the Buyer.

UUU.5 TRADE NOMINATIONS

In respect of each Contract:

- (a) subject to (c) below the Seller shall submit, or shall procure that its Transferor submits, a Disposing Trade Nomination in respect of the Delivery Day to National Grid in accordance with Rule VVV.7, or otherwise in accordance with the Clearing House's directions, for a Trade Nomination Quantity which is equal to the number of lots of Natural Gas specified in the Contract, such number of lots converted in to kWh as specified by the Clearing House;
- (b) subject to (c) below the Buyer shall submit, or shall procure that its Transferee submits, an Acquiring Trade Nomination in respect of the Delivery Day to National Grid in accordance with Rule VVV.7, or otherwise in accordance with the Clearing House's directions, for a Trade Nomination Quantity which is equal to the number of lots of Natural Gas specified in the Contract, such number of lots converted into kWh as specified by the Clearing House;
- (c) where a Seller (or its Transferor) or a Buyer (or its Transferee) has for a delivery day(s) obligations to submit nominations to National Grid to dispose of or acquire rights to Natural Gas both under an Exchange Contract and under one or more contracts other than an Exchange Contract for which the Clearing House is submitting Disposing and/or Acquiring Trade Nominations, the number of kWh contained in a nomination submitted pursuant to (a) or (b) above shall, in order to comply with the National Grid Rules and UK Link/Gemini procedures, comprise of kWh in respect of all such obligations; such number shall be as specified by the Clearing House; and

- (d) a Seller (or its Transferor) and a Buyer (or its Transferee) shall not, without the written consent of the Clearing House, amend or withdraw its Trade Nomination after the time specified in Rules VVV.7 (a) and (b) or by such other time as the Clearing House may direct.

UUU.6 TRANSFER OF RIGHTS IN RESPECT OF NATURAL GAS

- (a) The transfer of rights in respect of Natural Gas under a Contract to which the Clearing House is party as Buyer shall be effected by:
 - (i) National Grid accepting, in accordance with the National Grid Rules, the Disposing Trade Nomination submitted by or on behalf of the Seller in accordance with Rule UUU.5(a) in respect of the Delivery Day specified in the Contract and the Acquiring Trade Nomination submitted by the Clearing House in respect of such Contract; and
 - (ii) National Grid taking into account the Acquiring Trade Nomination given by the Clearing House in determining whether the Clearing House has a "Daily Imbalance", as defined in the Network Code, for such Delivery Day.
- (b) The transfer of rights in respect of Natural Gas under a Contract to which the Clearing House is party as Seller shall be effected by:
 - (i) National Grid accepting, in accordance with the National Grid Rules, the Acquiring Trade Nomination given by or on behalf of the Buyer in accordance with Rule UUU.5(b) in respect of the Delivery Day specified in the Contract, with the Disposing Trade Nomination given by the Clearing House in respect of such Contract; and
 - (ii) National Grid taking into account the Disposing Trade Nomination made by the Clearing House in determining whether the Clearing House has a "Daily Imbalance", as defined in the Network Code, for such Delivery Day.

UUU.7 EXCLUSION OF LIABILITY IN RESPECT OF UK LINK AND THE TRANSMISSION SYSTEM

- (a) The Exchange and the Clearing House are not responsible for and shall have no liability whatsoever for:
 - (i) the condition or operation of the Transmission System;
 - (ii) the availability, or suitability, or unavailability or malfunction of UK Link or any part thereof;
 - (iii) the performance or non-performance of National Grid; or
 - (iv) the performance or non-performance of any operator of UK Link or any part thereof.
- (b) Persons transferring or required to transfer or taking or required to take a transfer of rights in respect of Natural Gas at the National Balancing Point shall have no claim against the Exchange or the Clearing House for any loss, cost, damage or expense incurred or suffered as a result of the condition or operation of the Transmission System, the unavailability or malfunction of UK Link or any part thereof or the performance or non-performance of National Grid or any operation of UK Link or any part thereof except as otherwise expressly provided for in these Contract Rules and the Administrative Procedures.

UUU.8 PAYMENT UNDER A CONTRACT

- (a) Without prejudice to paragraph (b) of this Rule, the Buyer shall pay the EDSP per each Therm of Natural Gas specified in the Contract. Payment will be made by the time referred to in and in accordance with the Administrative Procedures.
- (b) Any difference between the EDSP with respect to the Contract and the Contract price shall be accounted for between the parties to the Contract in accordance with the Clearing House procedures.

UUU.9 SELLER'S OBLIGATIONS

- (a) The Seller shall in respect of a Contract to which it is a party:
- (i) nominate a Transferor to transfer rights in respect of Natural Gas under the Contract (who may be the Seller itself,) who must be entitled under the National Grid Rules to submit Trade Nominations, and must have access to and use of UK Link (to include, without limit, Gemini);
 - (ii) give the Clearing House details of the Transferor who will transfer rights in respect of Natural Gas under the Contract in accordance with the Administrative Procedures and any other details required by the Clearing House as specified in the Administrative Procedures or the Clearing House procedures from time to time;
 - (iii) make or procure the transfer of rights in respect of Natural Gas in accordance with these Contract Rules, the Administrative Procedures, the Clearing House procedures;
 - (iv) make payment in pounds Sterling in London of any amounts due and payable pursuant to these Contract Rules, the Administrative Procedures or the Clearing House procedures; and
 - (v) perform all other obligations imposed on the Seller under these Contract Rules, the Administrative Procedures and the Clearing House procedures.
- (b) The Seller shall be responsible for the performance of all of its obligations under the Contract, including those which are to be performed by the Transferor (if a different person) on its behalf and shall perform such obligations in a timely manner. Full performance of the obligations of the Seller under a Contract by the Transferor in accordance with these Contract Rules shall constitute performance of those obligations of the Seller under such Contract.
- (c) Any obligation upon the Seller to pay any costs, charges or expenses of any form shall not be borne by the Exchange.

UUU.10 BUYER'S OBLIGATIONS

- (a) The Buyer shall in respect of a Contract to which it is a party:
- (i) nominate a Transferee to take a transfer of rights in respect of Natural Gas under the Contract (who may be the Buyer itself,) who must be entitled under the National Grid Rules to submit Trade Nominations, and must have access to and use of UK Link (to include, without limit, Gemini);
 - (ii) give the Clearing House details of the Transferee who will take a transfer of rights in respect of Natural Gas under the Contract in accordance with the Administrative Procedures and any other details required by the Clearing House as specified in the Administrative Procedures or the Clearing House procedures from time to time;
 - (iii) accept or procure the acceptance by the Transferee of rights in respect of Natural Gas transferred under the Contract in accordance with these Contract Rules, the Administrative Procedures, the Clearing House procedures;
 - (iv) make payment in pounds Sterling in London of any amounts due and payable pursuant to these Contract Rules, the Administrative Procedures or the Clearing House procedures; and
 - (v) perform all other obligations imposed on the Buyer under these Contract Rules, the Administrative Procedures and the Clearing House procedures.
- (b) The Buyer shall be responsible for the performance of all of its obligations under the Contract, including those which are to be performed by the Transferee (if a different person) on its behalf and shall perform such obligations in a timely manner. Full performance of the obligations of the Buyer

under a Contract by the Transferee in accordance with these Contract Rules shall constitute due performance of those obligations of the Buyer under such Contract.

- (c) Any obligation upon the Buyer to pay costs, charges or expenses of any form shall not be borne by the Exchange.

UUU.11 BUYER'S AND SELLER'S SECURITY

The Buyer and the Seller may be required to put up such security as the Clearing House may from time to time require pursuant to the Clearing House Rules and such security may be in the form of a bank guarantee or cash or such other form as the Clearing House may accept. Any interest payable by the Clearing House on such cash security will be paid in accordance with the Clearing House procedures.

UUU.12 FAILURE TO PERFORM OBLIGATIONS UNDER A CONTRACT

Without prejudice to the provisions of these Contract Rules and any other steps or sanctions which may be taken or applied under the Regulations (including, without limitation, the provisions of Sections D and E) or the Clearing House Rules:

- (a) if the Seller does not comply with its obligations under a Contract, the Clearing House may, at its sole discretion, seek to acquire rights in respect of Natural Gas from any person in order to reduce or extinguish any liability it may incur or suffer under the National Grid Rules as applicable as a result of the Seller's failure to perform such obligations. The Seller shall, without prejudice to paragraph (c), indemnify the Clearing House in respect of any losses, costs, damages and expenses suffered or incurred by the Clearing House as a result of taking steps to acquire or acquiring such rights in respect of Natural Gas and shall remain fully liable to the Clearing House in respect of its obligations under the Contract;
- (b) if the Buyer does not comply with its obligations under a Contract, the Clearing House may, at its sole discretion, seek to sell any of its rights in respect of Natural Gas acquired from a Seller under a Contract in order to reduce or extinguish any liability it may incur or suffer under the National Grid Rules as applicable as a result of the Buyer's failure to perform such obligations. The Buyer shall, without prejudice to paragraph (c), indemnify the Clearing House in respect of any losses, costs, damages and expenses suffered or incurred by the Clearing House as a result of taking such steps to dispose of such rights in the Natural Gas and shall remain fully liable to the Clearing House in respect of its obligations under the Contract; and
- (c) in addition to any liability which a Seller or a Buyer may have under the provisions of Rule UUU.12(a) or (b), a Seller or a Buyer in default ("Defaulting Party") shall indemnify a Buyer or a Seller who is the non-defaulting party ("Non-Defaulting Party") for any costs and expenses, including any charges or fees levied by National Grid, which the Non-Defaulting Party suffers or incurs directly as a result of a failure of the Defaulting Party to comply with its obligations under a Contract. The right to be indemnified under this Rule UUU.12 shall be the Non-Defaulting Party's sole remedy in respect of any failure by the Defaulting Party to comply with its obligations under the Contract, including, without limit, failure to submit a Trade Nomination in accordance with Rule VVV.7.

UUU.13 FORCE MAJEURE

- (a) Subject to Rule UUU.13(e), neither party to a Contract shall be liable for any failure to transfer or take a transfer of rights in respect of Natural Gas under the Contract if performance of such obligation is prevented by Force Majeure. In such case neither party shall be held to be in default under such Contract and no payment shall be made under Rules UUU.8(a) or UUU.12.
- (b) Force Majeure shall mean the occurrence of any event (including an event under Rule UUU.13(c)), except those listed in Rule UUU.13(d), which is outside the reasonable control of the Buyer (or its Transferee) or the Seller (or its Transferor), as the case may be, which totally prevents a Trade Nomination from being submitted by or on behalf of a party to National Grid or from being received and taken into account by National Grid in determining a party's "Daily Imbalance" and thereby prevents a transfer of rights in respect of Natural Gas from being made on the Delivery Day.

- (c) An event of Force Majeure shall include, without limit, National Grid suspending the submission of Trade Nominations under the National Grid Rules or ceasing to take into account a Trade Nomination when calculating a "Daily Imbalance" under the Network Code.
- (d) Subject to Rule UUU.13(c), the occurrence of the following events shall not give rise to Force Majeure:
 - (i) the failure of the Transmission System to accept or transport Natural Gas;
 - (ii) the failure for whatever reason of National Grid to accept a Trade Nomination submitted by a Seller (or its Transferor) or a Buyer (or its Transferee) to National Grid pursuant to Rules UUU.5 or UUU.6; or
 - (iii) the declaration by National Grid of the application of a code contingency under the National Grid Rules for a user or group of users.
- (e) A party to a Contract shall not be entitled to relief through the occurrence of Force Majeure under this Rule UUU.13 unless such party has notified the Clearing House and the Exchange as soon as reasonably practicable after such party has become aware (or after it ought reasonably to have become aware) of such Force Majeure, and has continued to seek to perform its obligations in accordance with the Contract (in which event it shall be entitled to such relief with effect from the commencement of such Force Majeure event).
- (f) Upon request by the Clearing House and/or the Exchange, a party seeking Force Majeure relief under this Rule UUU.13 shall provide all information required by the Clearing House and/or the Exchange as soon as practicable to assist the Directors in determining whether an event of Force Majeure has occurred.
- (g) If Force Majeure prevents the affected party from performing its obligations under a Contract the Contract shall be invoiced back by the Clearing House, in accordance with the Clearing House procedures, at a price to be fixed by the Directors in their absolute discretion. Such price shall be binding on the parties and no dispute as to such price may be referred to arbitration but completion of invoicing back shall be without prejudice to the right of either party to refer the question of the existence, extent or duration of the Force Majeure or any default or related dispute to arbitration under the Arbitration Rules.

SECTION UUU1 - CONTRACT RULES: ICE FUTURES UK NATURAL GAS DAILY FINANCIAL FUTURES
CONTRACT¹

UUU1.1	Scope
UUU1.2	Definitions
UUU1.3	Price
UUU1.4	Quantity
UUU1.5	Cash settlement price
UUU1.6	Cash settlement obligations

¹ Inserted 22 September 2014

UUU1.1 SCOPE

- (a) The provisions of this Section UUU1 and in Sections I and VVV1 shall apply to contracts for the ICE Futures UK Natural Gas Daily Financial Futures Contract.

UUU1.2 DEFINITIONS

In these Contract Rules and the Administrative Procedures the following terms shall bear the meanings set out opposite them, if not inconsistent with the subject or context:

“Balance of the Month”	means a strip of two or more Daily Contracts, tradeable on a Business Day (“the Trade Day”) in a contract month, starting two Business Days forward from such Trade Day continuing through to the end of the contract month. In the event that the first and/or second day(s) subsequent to the Trade Day is a non-Business Day, then the first such non-Business Day is counted as a Business Day for the purposes of establishing when the strip of Daily Contracts that constitute the Balance of Month for that Trade Day starts;
“Balance of Week”	means a strip of two or more Daily Contracts, starting one Business Day forward and including all of the Business Days in the respective week.
"National Grid"	means the operator of the Transmission System known as National Grid, or any successor thereto;
“Daily Contract”	means a Contract made pursuant to the Regulations which settles on a specified day;
“Lot”	means 1,000 Therms per day
"National Balancing Point"	means, in respect of a Contract, a notional point within the Transmission System at which the balancing of the amounts of Natural Gas delivered into and out of the Transmission System takes place for the purposes of the Network Code;
"Natural Gas"	means any hydrocarbons or mixture of hydrocarbons and other gases consisting predominantly of methane which at a temperature of 15 degrees Celsius and at an absolute pressure of 1.01325 bar are or is predominantly in the gaseous state where "degree Celsius" and "bar" are as defined in ISO 1000:1992(E) or any standard replacing the same as nominated by the Exchange;
“Uniform Network Code”	means the document, as amended from time to time, setting out National Grid’s arrangements for transportation of Natural Gas pursuant to its public gas transporter’s license under the Gas Act, 1986;
“SAP”	means the System Average Price as defined in the Uniform Network Code and published each day by ICE;
“Trade Day”	means a Business Day during which a Balance of the Month contract is made available to trade
"Therm"	means 29.3071 kWh;
“Transmission System”	means the onshore transmission pipeline system owned and operated by National Grid as may be enlarged, extended or altered from time to time;
“Weekend”	means a strip of the Daily Contracts corresponding to the Saturday and Sunday of the relevant week.
“Working Days Next Week”	means a strip of Daily Contracts corresponding to the Business Days of the relevant week forward from the current week.

UUU1.3 PRICE

The contract price shall be in Sterling and pence per Therm and Contracts may be traded with minimum fluctuations of 0.01 of a pence per Therm for Futures transactions. EFPs and EFSs can be registered with minimum fluctuations of 0.001 of a pence per Therm.

UUU1.4 QUANTITY

Contracts shall be for one or more lots of Natural Gas of 1,000 Therms. The Exchange may, in its absolute discretion, determine from time to time that Contracts shall be traded in a minimum number of Lots or multiples thereof.

UUU1.5 CASH SETTLEMENT PRICE

- (a) The Exchange shall publish a cash settlement price following the cessation of trading.
- (b) Subject to the Contract Rules and Administrative Procedures, the cash settlement price shall be equal to the SAP determined by ICE.

UUU1.6 CASH SETTLEMENT OBLIGATIONS

- (a) Contracts remaining open in the relevant contract date at cessation of trading on the Business Day immediately prior to the date of the Contract date shall be subject to the cash settlement procedure set out in this Rule.

- (b) In respect of every lot comprised in the Contract, the following payments shall be made:

Where the cash settlement price

- (i) exceeds the contract price, payment by the Seller to the Clearing House;
- (ii) exceeds the contract price, payment by the Clearing House to the Buyer;
- (iii) is less than the contract price, payment by the Clearing House to the Seller;
- (iv) is less than the contract price, payment by the Buyer to the Clearing House,

of an amount calculated by multiplying the difference between the cash settlement price and the contract price by 1,000.

- (c) All payments to be made hereunder shall be made in such manner and by such time as the Clearing House may determine. They shall be made no later than the Trading Day following the date of publication of the cash settlement price, in accordance with Clearing House procedures.

UUU1

CONTRACT RULES: ICE FUTURES UK NATURAL GAS DAILY FINANCIAL
FUTURES CONTRACT

SECTION VWV - PROCEDURES: ICE FUTURES UK NATURAL GAS DAILY FUTURES CONTRACT

VVV.1	Determination of the EDSP
VVV.2	Cessation of Trading
VVV.3	Delivery confirmations by the Seller and Buyer ¹
VVV.4	Blanket Transferor Form
VVV.5	Blanket Transferee Form
VVV.6	Clearing House Conversion Notification
VVV.7	Trade Nominations Entry
VVV.8	National Grid Rules Obligations
VVV.9	Payment

¹ Amended 23 September 2016

VVV.1 DETERMINATION OF THE EDSP

- (a) Subject to Rule VVV.1(b), the EDSP which is determined by the Directors in respect of a Contract shall be the settlement price for the Business Day immediately prior to the day on which the Delivery Day commences.
- (b) Notwithstanding Rule VVV.1(a), the Directors may, in their absolute discretion, determine in respect of a Contract, on any day prior to the Delivery Day, a price other than that specified in Rule VVV.1(a) as the EDSP.

VVV.2 CESSATION OF TRADING

- (a) Subject to Rule VVV.2(c), a Daily Contract or group of Daily Contracts, with the exception of the Balance of Month, shall cease trading at the close of business on the Business Day immediately prior to the commencement of the Delivery Day on which rights in respect of Natural Gas are to begin to be transferred under the relevant Daily Contract or group of Daily Contracts.
- (b) Subject to Rule VVV.2(c) a Balance of Month contract shall only be available for trading on one Business Day in a contract month (the Trade Day as described in the Balance of Month definition) and shall therefore cease trading at the close of business on the relevant Trade Day.
- (c) If at any time dealings on the Market in Natural Gas are suspended on any business day, whether by virtue of an order under the Banking Financial Dealings Act 1971 or as a result of a decision of the Exchange under the Regulations or for any other reason, the Exchange may amend the provisions of Rule VVV.2(a) to (b) above accordingly.

VVV.3 DELIVERY CONFIRMATIONS BY THE SELLER AND BUYER²

- (a)
 - (i) In respect of each Contract remaining open at 16:30 hours on D-1 and on which position maintenance is to be performed by 17:30 hours on D-1, the Seller shall, in accordance with this Rule VVV.3(a), nominate a Transferor (who may be the Seller itself) to make a Disposing Trade Nomination to transfer the rights in respect of Natural Gas under each such Contract.
 - (ii) The Seller shall deliver an ICE Futures UK Natural Gas Daily Futures: Delivery Confirmation Form to the Clearing House not later than 17:30 hours on D-1. This Form shall be in such form as may from time to time be prescribed by the Clearing House and shall specify the identity of such Transferor, the total number of lots in respect of Natural Gas that such Transferor will transfer under such Contract and such other details as are required by the Exchange and/or the Clearing House from time to time in accordance with their respective rules and procedures.
- (b)
 - (i) In respect of each Contract remaining open at 16:30 hours on D-1 and on which position maintenance is to be performed by 17:30 hours on D-1, the Buyer shall, in accordance with this Rule VVV.3(b) nominate a Transferee (who may be the Buyer itself) to make an Acquiring Trade Nomination to take a transfer of rights in respect of Natural Gas under each such Contract.
 - (ii) The Buyer shall deliver an ICE UK Natural Gas Daily Futures: Delivery Confirmation Form to the Clearing House not later than 17:30 hours on D-1. This Form shall be in such form as may from time to time be prescribed by the Clearing House and shall specify the identity of such Transferee, the total number of lots in respect of Natural Gas that will be transferred to such Transferee under such Contract and such other details as are required by the Exchange and/or the Clearing House from time to time in accordance with their respective rules and procedures.

VVV.4 BLANKET TRANSFEROR FORM

² Amended 23 September 2016

VVV.4.1 In respect of each Contract the Seller shall procure that the Transferor nominated in respect of the Contract shall deliver a Blanket Transferor Form not later than 17:30 hours on the day prior to the first day to which it applies.

VVV.4.2 The Blanket Transferor Form shall be in such form as may from time to time be prescribed by the Clearing House and shall contain:

- (a) a confirmation that such Transferor will transfer under the Contract the number of lots nominated on the delivery day nominated by the Seller in the ICE UK Natural Gas Daily Futures: Delivery Confirmation Form;
- (b) a confirmation that such Transferor is entitled under the National Grid Rules to submit Trade Nominations and has access to UK Link (to include, without limit, Gemini);
- (c) an acknowledgement that such Transferor is able and prepared to transfer rights in respect of Natural Gas at the National Balancing Point; and
- (d) an acknowledgement that the Clearing House is permitted:
 - (i) in order to effect a transfer of rights in respect of Natural Gas as may be required or contemplated by the Regulations or the Administrative Procedures;
 - (ii) for the purposes of fulfilling its duties under any law or regulatory regime to which it is subject and to comply with the requests of any regulatory body, exchange or clearing house;
 - (iii) pursuant to the Clearing House Rules and practices of the Clearing House; or
 - (iv) as required by any judicial or arbitration proceedings to which it becomes party,to disclose any information relating to the transfer of rights in respect of Natural Gas by the Transferor under the Contract and that such disclosure or use by the Clearing House of such information shall not constitute a breach by the Clearing House of any confidentiality obligations which it may be under.

VVV.5 BLANKET TRANSFEREE FORM

VVV.5.1 In respect of each Contract the Buyer shall procure that the Transferee nominated in respect of the Contract shall deliver a Blanket Transferee Form not later than 17:30 hours on the day prior to the first day to which it applies.

VVV.5.2 The Blanket Transferee Form shall be in such form as may from time to time be prescribed by the Clearing House and shall contain:

- (a) a confirmation that such Transferee will take delivery under the Contract of the number of lots nominated on the delivery day nominated by the Buyer in the ICE UK Natural Gas Daily Futures: Delivery Confirmation Form;
- (b) a confirmation that such Transferee is entitled under the National Grid Rules to submit Trade Nominations and has access to UK Link (to include, without limit, Gemini);
- (c) an acknowledgement that such Transferee is able, prepared and authorised to take a transfer of rights in respect of Natural Gas at the National Balancing Point; and
- (d) an acknowledgement that the Clearing House is permitted:

- (i) in order to effect a transfer of rights in the Natural Gas as may be required or contemplated by the Regulations or the Administrative Procedures;
- (ii) for the purposes of fulfilling its duties under the law or any regulatory regime to which it is subject and to comply with the requests of any regulatory body, exchange or clearing house;
- (iii) pursuant to the Clearing House Rules and practices of the Clearing House; or
- (iv) as required by any judicial or arbitration proceedings to which it becomes party,

to disclose any information relating to the transfer of rights in respect of Natural Gas by the Transferee under the Contract and that such disclosure or use by the Clearing House of such information shall not constitute a breach by the Clearing House of any confidentiality obligations which it may be under.

VVV.6 CLEARING HOUSE CONVERSION NOTIFICATION

- (a) After receipt of the documents referred to in Rules VVV.3, VVV.4 and VVV.5, the Clearing House shall, at such time as may from time to time be prescribed in the Clearing House procedures which shall not be later than 18:00 hours on D-1, notify the Seller (and its Transferor) and the Buyer (and its Transferee) in writing of the number of lots in respect of Natural Gas specified in the Contract converted into an amount of kWh which shall be the quantity of rights in respect of Natural Gas to be transferred on the Delivery Day under such Contract.

Unless the Seller or the Buyer informs the Clearing House of any differences in the information so notified and that contained in the ICE Futures UK Natural Gas Daily Futures: Conversion and Confirmation Report by 19:00 hours, the Seller (and its Transferor) or the Buyer (and its Transferee) shall be deemed to have accepted the delivery obligations.

- (b) Where a Seller or a Buyer:
 - (i) also has delivery obligations under one or more contracts other than an Exchange Contract where the Clearing House is the counterparty to such contract(s) and submission of Acquiring and/or Disposing Trade Nominations is required and
 - (ii) nominates the same Transferor or Transferee (as the case may be) for the Exchange Contract and one or more contracts other than an Exchange Contract,

the Clearing House shall, in addition to the notification in (a) above, notify the Seller (and its Transferor) and the Buyer (and its Transferee) of the aggregated total of kWhs in respect of the delivery obligations under the Exchange Contract and under any contract other than the Exchange Contract. Such notification shall be in a manner and by a time prescribed in the Clearing House procedures. The amount so notified shall be the quantity of rights in respect of Natural Gas to be transferred on the Delivery Day under an Exchange Contract and any contract other than an Exchange Contract and shall be the Trade Nomination Quantity specified in the Disposing or Acquiring Trade Nominations pursuant to Rule VVV.7(a)(v) or Rule VVV.7(b)(v).

VVV.7 TRADE NOMINATIONS ENTRY

- (a) In respect of each Contract, the Seller shall procure that the Transferor nominated in respect of the Contract shall submit a Disposing Trade Nomination to National Grid, through UK Link or such other means as National Grid may direct from time to time, from 19:00 hours up to and including 19:30 hours on D-1. The Disposing Trade Nomination shall specify the following:
 - (i) the Delivery Day as the "gas flow day";
 - (ii) the Transferor as the "user";
 - (iii) that the Trade Nomination is a Disposing Trade Nomination;

- (iv) the Clearing House as the user making the corresponding Trade Nomination;
 - (v) the Trade Nomination Quantity as the amount of kWh notified to the Seller and the Transferor pursuant to Rule VVV.6 (a) or (b) as the case may be; and
 - (vi) such other information as the Clearing House may direct from time to time.
- (b) In respect of each Contract, the Buyer shall procure that the Transferee nominated in respect of the Contract shall submit an Acquiring Trade Nomination to National Grid, through UK Link or such other means as National Grid may direct from time to time, from 19:00 hours up to and including 19:30 hours on D-1. The Acquiring Trade Nomination shall specify the following:
- (i) the Delivery Day as the "gas flow day";
 - (ii) the Transferee as the "user";
 - (iii) that the Trade Nomination is an Acquiring Trade Nomination;
 - (iv) the Clearing House as the user making the corresponding Trade Nomination;
 - (v) the Trade Nomination Quantity as the amount of kWh notified to the Buyer and the Transferee pursuant to Rule VVV.6 (a) or (b) as the case may be; and
 - (vi) such other information as the Clearing House may direct from time to time.
- (c) Where a Trade Nomination has been submitted in accordance with either Rule VVV.7 (a) or (b), as the case may be, and such Trade Nomination has not been accepted by National Grid by 20:30 hours on the day immediately prior to the Delivery Day, the Clearing House, or its agent, may direct the Seller, (or its Transferor), or the Buyer, (or its Transferee), who submitted the Trade Nomination to amend or withdraw such Trade Nomination on such terms as the Clearing House may consider appropriate until such Trade Nomination is accepted by National Grid.

VVV.8 NATIONAL GRID RULES OBLIGATIONS

- (a) In respect of each Contract, the Seller shall or shall procure that its Transferor shall comply with such requirements and obligations imposed by or under the National Grid Rules in all respects material to a Contract.
- (b) In respect of each Contract, the Buyer shall or shall procure that its Transferee shall comply with such requirements and obligations imposed by or under the National Grid Rules in all respects material to a Contract.
- (c) If a provision of the Rules, Administrative Procedures or the procedures of the Clearing House is inconsistent with a provision of the National Grid Rules the provision of the Rules, Administrative Procedures or the procedures of the Clearing House shall prevail.

VVV.9 PAYMENT

- (a) All sums payable pursuant to Rule UUU.8 shall be paid in such manner and at such times as the Clearing House may determine but in any event shall be paid at the latest on the Delivery Day, save that where the day on which such Delivery Day commences is not a Business Day such sums shall be paid no later than on the next Business Day following the day on which such Delivery Day commences.
- (b) Subject to Rules VVV.9(c) and (d), in respect of a Contract, not later than 18:00 hours on D+2 the Clearing House shall issue account documentation to the Buyer and the Seller specifying the amount due from the Buyer in respect of such Contract and any payment due from the Seller in respect of such Contract under Rule UUU.8. All payments due in respect of a Contract under Rule UUU.8

shall be made not later than two Business Days after the date of the account documentation issued to the Buyer or Seller under this Rule VVV.9(b).

- (c) Subject to Rule VVV.9(d), in respect of a Contract, on such day and by such time as may from time to time be prescribed in the Clearing House procedures, the Clearing House shall issue any account documentation to a party specifying the amount due from such party in respect of such Contract under Rule UUU.12. All payments due in respect of a Contract under Rule UUU.12 shall be made not later than two Business Days after the date of the account documentation issued to a party under this Rule VVV.9(c).
- (d) In the event of a variation of the terms of the National Grid Rules which affects the time or day on which National Grid notifies the Clearing House of either any "Daily Imbalance" as defined under the Network Code or any payments due to National Grid under the Network Code the Clearing House may specify such other time or day on which the Clearing House shall issue any account documentation or make any payment due in respect of a Contract under Rules VVV.9(b) and (c).

PROCEDURES: ICE FUTURES UK NATURAL GAS DAILY FINANCIAL FUTURES **VVV1** CONTRACT

SECTION VVV1 - PROCEDURES: ICE FUTURES UK NATURAL GAS DAILY FINANCIAL FUTURES CONTRACT¹

VVV1.1 Cessation of trading

¹ Inserted 22 September 2014

VVV.1 CESSATION OF TRADING

- (a) Subject to Rule VVV1.1(c), a Daily Contract shall cease trading at the close of business on the Business Day immediately prior to the contract date.
- (b) Subject to Rule VVV1.1(c), a group of Daily Contracts grouped as a Weekend/Balance of Week/Working Days Next Week shall cease trading as a Weekend/Balance of Week/Working Days Next Week at the close of business on the Business Day immediately prior to the first Daily Contract comprised in such Weekend/Balance of Week/Working Days Next Week contract..
- (c) Subject to Rule VVV1.1(c) a Balance of Month contract shall only be available for trading on one Business Day in a contract month (the Trade Day as described in the Balance of Month definition) and shall therefore cease trading at the close of business on the relevant Trade Day.
- (d) If at any time dealings on the Market in the Contract are suspended on any Trading Day, whether by virtue of an order under the Banking Financial Dealings Act 1971 or as a result of a decision of the Exchange under the Regulations or for any other reason, the Exchange may amend the provisions of Rule VVV1.1(a) and/or (b) above accordingly.

**WWW.1 CONTRACTS FOR THE TRANSFER OF RIGHTS IN RESPECT OF
NATURAL GAS AT THE NATIONAL BALANCING POINT (NBP)**

- (a) The provisions of this Section WWW and Sections I and XXX are applicable to Contracts for the trading of rights in respect of Natural Gas at NBP.
- (b) A Contract shall be for the sale and transfer by the Seller to the Buyer of rights in respect of Natural Gas at the NBP on the Delivery Day specified in the Contract. The transfer of rights in respect of Natural Gas at the NBP under a Contract shall be made in accordance with, or pursuant to, these Contract Rules, the Administrative Procedures and the Clearing House procedures.
- (c) The Exchange may offer contracts for trading on the Market or otherwise pursuant to the Regulations for the sale and purchase of rights in respect of Natural Gas at the NBP during a Delivery Day as the Directors may determine from time to time ("Individual Day Contracts"). The Exchange may permit groups of Individual Day Contracts, consisting of two or more Individual Day Contracts, to be traded on the Market or otherwise pursuant to the Regulations in accordance with procedures determined by the Directors from time to time. For the avoidance of doubt, each Individual Day Contract comprised in a group of Individual Day Contracts shall remain a separate Contract.

WWW.2 QUANTITY

Contracts shall be for rights in respect of one or more lots of Natural Gas of 1 MW per hour per day for transfer at the NBP on the Delivery Days specified in the Contract. The Directors may, in their absolute discretion, determine from time to time that Contracts shall be traded and rights in respect of Natural Gas shall be transferred in a minimum number of lots or multiples thereof.

WWW.3 OTHER DEFINITIONS²

In these Contract Rules and the Administrative Procedures the following terms shall bear the meanings set out opposite them, if not inconsistent with the subject or context:

"Acquiring Trade Nomination"	means a nomination submitted, in the manner required by the National Grid Rules and otherwise in accordance with these Contract Rules, the Administrative Procedures and the Clearing House procedures, by the Transferee to acquire rights in respect of one or more lots of Natural Gas at the National Balancing Point;
"Gemini"	means that part of the UK Link which enables, inter alia, a user to submit a Trade Nomination to National Grid and to access information concerning the user's Trade Nominations;
"Calendar Year Contract"	means twelve consecutive calendar months of Individual Day Contracts consisting of the months January to December;
"Clearing House procedures"	means the "Procedures" of the Clearing House from time to time in force as prescribed under the Clearing House Rules;
"D-" or "D+"	means, in respect of a Contract, in the case of "D-" the number of Business Days immediately before, and in the case of "D+" the number of Business Days immediately after, the day on which the Delivery Day specified in the

² Amended 3 September 2014, 1 October 2015

Contract commences;

"Delivery Day"	means the period beginning at 05:00 hours on a day on which the transfer of rights in respect of Natural Gas is due to be made under a Contract in accordance with the terms of these Contract Rules, the Administrative Procedures and the Clearing House procedures and ending at 05:00 hours on the following day;
"Disposing Trade Nomination"	means a nomination submitted, in the manner required by the National Grid Rules and otherwise in accordance with these Contract Rules, the Administrative Procedures and the Clearing House procedures, by the Transferor to dispose of rights in respect of one or more lots of Natural Gas at the National Balancing Point;
"Exchange Delivery Settlement Price" ("EDSP")	means, in respect of a Contract, the settlement price determined by the Directors in accordance with the Administrative Procedures;
"kilowatt hour" ("kWh")	means 3,600,000 joules where "joule" is as defined in ISO 1000:1992(E) or any standard replacing the same as nominated by the Exchange;
"M+"	means, in respect of a Contract, the number of Business Days immediately following the last day of the month in which the Delivery Day specified in the Contract commenced;
"National Balancing Point"	means, in respect of a Contract, a notional point within the Transmission System at which the balancing of the amounts of Natural Gas delivered into and out of the Transmission System takes place for the purposes of the Network Code;
"Natural Gas"	means any hydrocarbons or mixture of hydrocarbons and other gases consisting predominantly of methane which at a temperature of 15 degrees Celsius and at an absolute pressure of 1.01325 bar are or is predominantly in the gaseous state where "degree Celsius" and "bar" are as defined in ISO 1000:1992(E) or any standard replacing the same as nominated by the Exchange;
"Network Code"	means the document, as amended from time to time, setting out National Grid's arrangements for transportation of Natural Gas pursuant to its public gas transporter's licence under the Gas Act, 1986;
"National Grid"	means the operator of the Transmission System known as National Grid or any successor thereto;
"Quarter Contract"	means three consecutive calendar months of Individual Day Contracts grouped as follows: January, February and March (first quarter); April, May and June (second quarter); July, August and September (third quarter); and October, November and December (fourth quarter);
"Season Contract"	means six consecutive calendar months of Individual Day Contracts grouped as follows: "Summer Season Contract" consisting of the months April to September; and "Winter Season Contract" consisting of the months October to March;
"Therm"	means 29.3071 kWh;
"Trade Nomination"	means in respect of a Contract either a Disposing Trade Nomination or an

	Acquiring Trade Nomination, as the case may be;
"Trade Nomination Quantity"	means the quantity of Natural Gas nominated in a Trade Nomination;
"National Grid Rules"	means the Network Code and any manuals, procedures, practices or directions of National Grid which support the operation of the Network Code, as amended from time to time;
"Transferee"	means a person nominated by the Buyer pursuant to Rule WWW.10(a)(i) to whom the transfer of rights in respect of Natural Gas is to be made under a Contract;
"Transferor"	means a person nominated by the Seller pursuant to Rule WWW.9(a)(i) to transfer rights in respect of Natural Gas under a Contract;
"Transmission System"	means the onshore transmission pipeline system owned and operated by National Grid as may be enlarged, extended or altered from time to time;
"UK Link"	means the computer system for the electronic transfer of information between National Grid and users of such system managed and operated by National Grid, or any agent appointed by National Grid, and any system from time to time replacing the same.

WWW.4 PRICE

- (a) The Contract price shall be in Euro and Euro cents per MWh and Contracts may be traded with minimum fluctuations of 0.5 euro cents per MWh.
- (b) The Contract price shall be exclusive of any charges payable to National Grid by either the Buyer (or its Transferee) or the Seller (or its Transferor) under the National Grid Rules.
- (c) The Contract shall be exclusive of any Value Added Tax or any other duty that may be or become payable on the sale or transfer of rights in respect of Natural Gas under a Contract and any such taxes or duties shall be borne by the Buyer.

WWW.5 TRADE NOMINATIONS

In respect of each Contract:

- (a) the Seller shall submit, or shall procure that its Transferor submits, a Disposing Trade Nomination in respect of the Delivery Day to National Grid in accordance with Rule XXX.7 or otherwise in accordance with the Clearing House's directions, for a Trade Nomination Quantity which is equal to the number of lots of Natural Gas converted into KWh specified in the Contract;
- (b) the Buyer shall submit, or shall procure that its Transferee submits, an Acquiring Trade Nomination in respect of the Delivery Day to National Grid in accordance with Rule XXX.7, or otherwise in accordance with the Clearing House's directions, for a Trade Nomination Quantity which is equal to the number of lots of Natural Gas specified in the Contract;
- (c) a Seller (or its Transferor) and a Buyer (or its Transferee) shall not, without the written consent of the Clearing House, amend or withdraw its Trade Nomination after

the time specified in Rules XXX.7 (a) and (b) or by such other time as the Clearing House may direct; and

- (d) a Seller (or its Transferor) and a Buyer (or its Transferee) shall not, without the written consent of the Clearing House, amend or withdraw its Trade Nomination after the time specified in Rules XXX.7 (a) and (b) or by such other time as the Clearing House may direct.

WWW.6 TRANSFER OF RIGHTS IN RESPECT OF NATURAL GAS

- (a) The transfer of rights in respect of Natural Gas under a Contract to which the Clearing House is party as Buyer shall be effected by:
 - (i) National Grid accepting, in accordance with the National Grid Rules, the Disposing Trade Nomination submitted by or on behalf of the Seller in accordance with Rule WWW.5(a) in respect of the Delivery Day specified in the Contract and the Acquiring Trade Nomination submitted by the Clearing House in respect of such Contract; and
 - (ii) National Grid taking into account the Acquiring Trade Nomination given by the Clearing House in determining whether the Clearing House has an imbalance, as, in respect of a Delivery Hour in respect of a Delivery Day.
- (b) The transfer of rights in respect of Natural Gas under a Contract to which the Clearing House is party as Seller shall be effected by:
 - (i) National Grid accepting, in accordance with the National Grid Rules, the Acquiring Trade Nomination given by or on behalf of the Buyer in accordance with Rule WWW.5(b) in respect of the Delivery Day specified in the Contract, with the Disposing Trade Nomination given by the Clearing House in respect of such Contract; and
 - (ii) National Grid taking into account the Disposing Trade Nomination made by the Clearing House in determining whether the Clearing House has an imbalance, as in respect of a Delivery Hour in respect of Delivery Day.

WWW.7 EXCLUSION OF LIABILITY IN RESPECT OF UK LINK AND THE TRANSMISSION SYSTEM

- (a) The Exchange and the Clearing House are not responsible for and shall have no liability whatsoever for:
 - (i) the condition or operation of the Transmission System;
 - (ii) the availability, or suitability, or unavailability or malfunction of UK Link or any part thereof;
 - (iii) the performance or non-performance of National Grid ; or
 - (iv) the performance or non-performance of any operator of UK Link or any part thereof.
- (b) Persons transferring or required to transfer or taking or required to take a transfer of rights in respect of Natural Gas at NBP shall have no claim against the Exchange or the Clearing House for any loss, cost, damage or expense incurred or suffered as a result of the condition or operation of the Transmission System, the unavailability or

malfunction of UK Link or any part thereof or the performance or non-performance of National Grid or any operation of UK Link or any part thereof except as otherwise expressly provided for in these Contract Rules and the Administrative Procedures.

WWW.8 PAYMENT UNDER A CONTRACT

- (a) Without prejudice to paragraph (b) of this Rule, the Buyer shall pay the EDSP per each MWh of Natural Gas specified in the Contract. Payment will be made by the time referred to in and in accordance with the Administrative Procedures.
- (b) Any difference between the EDSP with respect to the Contract and the Contract price shall be accounted for between the parties to the Contract in accordance with the Clearing House procedures.

WWW.9 SELLER'S OBLIGATIONS

- (a) The Seller shall in respect of a Contract to which it is a party:
 - (i) nominate a Transferor to transfer rights in respect of Natural Gas under the Contract (who may be the Seller itself,) who must be entitled under the National Grid Rules to submit Trade Nominations, and must have access to and use of UK Link (to include, without limit, Gemini);
 - (ii) give the Clearing House details of the Transferor who will transfer rights in respect of Natural Gas under the Contract in accordance with the Administrative Procedures and any other details required by the Clearing House as specified in the Administrative Procedures or the Clearing House procedures from time to time;
 - (iii) make or procure the transfer of rights in respect of Natural Gas in accordance with these Contract Rules, the Administrative Procedures, the Clearing House procedures;
 - (iv) make payment in Euros in London of any amounts due and payable pursuant to these Contract Rules, the Administrative Procedures or the Clearing House procedures; and
 - (v) perform all other obligations imposed on the Seller under these Contract Rules, the Administrative Procedures and the Clearing House procedures.
- (b) The Seller shall be responsible for the performance of all of its obligations under the Contract, including those which are to be performed by the Transferor (if a different person) on its behalf and shall perform such obligations in a timely manner. Full performance of the obligations of the Seller under a Contract by the Transferor in accordance with these Contract Rules shall constitute performance of those obligations of the Seller under such Contract.
- (c) Any obligation upon the Seller to pay any costs, charges or expenses of any form shall not be borne by the Exchange.

WWW.10 BUYER'S OBLIGATIONS

- (a) The Buyer shall in respect of a Contract to which it is a party:
 - (i) nominate a Transferee to take a transfer of rights in respect of Natural Gas under the Contract (who may be the Buyer itself,) who must be entitled under

the National Grid Rules to submit Trade Nominations, and must have access to and use of UK Link (to include, without limit, Gemini);

- (ii) give the Clearing House details of the Transferee who will take a transfer of rights in respect of Natural Gas under the Contract in accordance with the Administrative Procedures and any other details required by the Clearing House as specified in the Administrative Procedures or the Clearing House procedures from time to time;
 - (iii) accept or procure the acceptance by the Transferee of rights in respect of Natural Gas transferred under the Contract in accordance with these Contract Rules, the Administrative Procedures, the Clearing House procedures;
 - (iv) make payment in Euros in London of any amounts due and payable pursuant to these Contract Rules, the Administrative Procedures or the Clearing House procedures; and
 - (v) perform all other obligations imposed on the Buyer under these Contract Rules, the Administrative Procedures and the Clearing House procedures.
- (b) The Buyer shall be responsible for the performance of all of its obligations under the Contract, including those which are to be performed by the Transferee (if a different person) on its behalf and shall perform such obligations in a timely manner. Full performance of the obligations of the Buyer under a Contract by the Transferee in accordance with these Contract Rules shall constitute due performance of those obligations of the Buyer under such Contract.
- (c) Any obligation upon the Buyer to pay costs, charges or expenses of any form shall not be borne by the Exchange.

WWW.11 BUYER'S AND SELLER'S SECURITY

The Buyer and the Seller may be required to put up such security as the Clearing House may from time to time require pursuant to the Clearing House Rules and such security may be in the form of a bank guarantee or cash or such other form as the Clearing House may accept. Any interest payable by the Clearing House on such cash security will be paid in accordance with the Clearing House procedures.

WWW.12 FAILURE TO PERFORM OBLIGATIONS UNDER A CONTRACT

Without prejudice to the provisions of these Contract Rules and any other steps or sanctions which may be taken or applied under the Regulations (including, without limitation, the provisions of Sections D and E) or the Clearing House Rules:

- (a) if the Seller does not comply with its obligations under a Contract, the Clearing House may, at its sole discretion, seek to acquire rights in respect of Natural Gas from any person in order to reduce or extinguish any liability it may incur or suffer under the National Grid Rules as a result of the Seller's failure to perform such obligations. The Seller shall, without prejudice to paragraph (c), indemnify the Clearing House in respect of any losses, costs, damages and expenses suffered or incurred by the Clearing House as a result of taking steps to acquire or acquiring such rights in respect of Natural Gas and shall remain fully liable to the Clearing House in respect of its obligations under the Contract;
- (b) if the Buyer does not comply with its obligations under a Contract, the Clearing House may, at its sole discretion, seek to sell any of its rights in respect of Natural Gas acquired from a Seller under a Contract in order to reduce or extinguish any liability it may incur or suffer under the National Grid Rules as a result of the Buyer's

failure to perform such obligations. The Buyer shall, without prejudice to paragraph (c), indemnify the Clearing House in respect of any losses, costs, damages and expenses suffered or incurred by the Clearing House as a result of taking such steps to dispose of such rights in the Natural Gas and shall remain fully liable to the Clearing House in respect of its obligations under the Contract; and

- (c) in addition to any liability which a Seller or a Buyer may have under the provisions of Rule WWW.12(a) or (b), a Seller or a Buyer in default ("Defaulting Party") shall indemnify a Buyer or a Seller who is the non-defaulting party ("Non-Defaulting Party") for any costs and expenses, including any charges or fees levied by National Grid, which the Non-Defaulting Party suffers or incurs directly as a result of a failure of the Defaulting Party to comply with its obligations under a Contract. The right to be indemnified under this Rule WWW.12 shall be the Non-Defaulting Party's sole remedy in respect of any failure by the Defaulting Party to comply with its obligations under the Contract, including, without limit, failure to submit a Trade Nomination in accordance with Rule XXX.7.

WWW.13 FORCE MAJEURE

- (a) Subject to Rule WWW.13(e), neither party to a Contract shall be liable for any failure to transfer or take a transfer of rights in respect of Natural Gas under the Contract if performance of such obligation is prevented by Force Majeure. In such case neither party shall be held to be in default under such Contract and no payment shall be made under Rules WWW.8(a) or WWW.12.
- (b) Force Majeure shall mean the occurrence of any event (including an event under Rule WWW.13(c)), except those listed in Rule WWW.13(d), which is outside the reasonable control of the Buyer (or its Transferee) or the Seller (or its Transferor), as the case may be, which totally prevents a Trade Nomination from being submitted by or on behalf of a party to National Grid or from being received and taken into account by National Grid in determining a party's imbalance and thereby prevents a transfer of rights in respect of Natural Gas from being made during a Delivery Hour on a Delivery Day.
- (c) An event of Force Majeure shall include, without limit, National Grid suspending the submission of Trade Nominations under the National Grid Rules or ceasing to take into account a Trade Nomination when calculating an imbalance.
- (d) Subject to Rule WWW.13(c), the occurrence of the following events shall not give rise to Force Majeure:
 - (i) the failure of the Transmission System to accept or transport Natural Gas;
 - (ii) the failure for whatever reason of National Grid to accept a Trade Nomination submitted by a Seller (or its Transferor) or a Buyer (or its Transferee) to National Grid pursuant to Rules WWW.5 or WWW.6; or
 - (iii) the declaration by National Grid under the National Grid Rules of contingency arrangements for a user or group of users of the Transmission System.
- (e) A party to a Contract shall not be entitled to relief through the occurrence of Force Majeure under this Rule WWW.13 unless such party has notified the Clearing House and the Exchange as soon as reasonably practicable after such party has become aware (or after it ought reasonably to have become aware) of such Force Majeure, and has continued to seek to perform its obligations in accordance with the Contract (in which event it shall be entitled to such relief with effect from the commencement of such Force Majeure event).

- (f) Upon request by the Clearing House and/or the Exchange, a party seeking Force Majeure relief under this Rule WWW.13 shall provide all information required by the Clearing House and/or the Exchange as soon as practicable to assist the Directors in determining whether an event of Force Majeure has occurred.
- (g) If Force Majeure prevents the affected party from performing its obligations under a Contract the Contract shall be invoiced back by the Clearing House, in accordance with the Clearing House procedures, at a price to be fixed by the Directors in their absolute discretion. Such price shall be binding on the parties and no dispute as to such price may be referred to arbitration but completion of invoicing back shall be without prejudice to the right of either party to refer the question of the existence, extent or duration of the Force Majeure or any default or related dispute to arbitration under the Arbitration Rules.

SECTION XXX - PROCEDURES: ICE FUTURES UK NATURAL GAS (EUR/MWH) FUTURES CONTRACT

- XXX.1 Determination of the EDSP
- XXX.2 Cessation of Trading
- XXX.3 Delivery confirmations by the Seller and Buyer
- XXX.4 ICE UK Natural Gas (EUR/MWh) Futures Contract: Transferor Form and ICE UK Natural Gas (EUR/MWh) Futures: Blanket Transferor Form
- XXX.5 ICE UK Natural Gas (EUR/MWh) Futures Contract: Transferee Form and ICE UK Natural Gas (EUR/MWh) Futures: Blanket Transferee Form
- XXX.6 Clearing House Conversion Notification
- XXX.7 Trade Nominations Entry
- XXX.8 National Grid Rules Obligations
- XXX.9 Payment¹

¹ Amended 25 August 2014

XXX

PROCEDURES: ICE FUTURES UK NATURAL GAS (EUR/MWH) FUTURES

XXX.1 DETERMINATION OF THE EDSP

- (a) Subject to Rule XXX.1(b), the EDSP which is determined by the Directors in respect of a Contract shall be the settlement price for the second Business Day immediately prior to the day on which the Delivery Day commences.
- (b) Notwithstanding Rule XXX.1(a), the Directors may, in their absolute discretion, determine in respect of a Contract, on any day prior to the Delivery Day, a price other than that specified in Rule XXX.1(a) as the EDSP.

XXX.2 CESSATION OF TRADING

- (a) Subject to Rule XXX.2(d), the Front Month Contract shall cease trading at the close of business on the second Business Day immediately prior to the commencement of the Delivery Day on which rights in respect of Natural Gas are to be transferred.
- (b) Subject to Rule XXX.2(d), a group of Month Contracts grouped as a Quarter Contract shall cease trading as a Quarter Contract at the close of business on the second Business Day immediately prior to the commencement of the Delivery Day on which rights in respect of Natural Gas are to be transferred under the first Month Contract comprised in such Quarter Contract.

On the first Business Day following cessation of trading of the group of Month Contracts as a Quarter Contract, the Month Contracts comprised in such Quarter Contract shall be traded as individual Month Contracts and in accordance with (a) above.

- (c) Subject to Rule XXX.2(d), a group of Month Contracts grouped as a Season Contract shall cease trading at the close of business on the second Business Day immediately prior to the commencement of the Delivery Day on which rights in respect of Natural Gas are to be transferred under the first Month Contract comprised in such Season Contract.

On the first Business Day following cessation of trading of the group of Month Contracts as a Season Contract, the Month Contracts comprised in such Season Contract shall be traded as individual Month Contracts and in accordance with (a) above.

- (d) If at any time dealings on the Market in Natural Gas are suspended on any business day, whether by virtue of an order under the Banking Financial Dealings Act 1971 or as a result of a decision of the Exchange under the Regulations or for any other reason, the Exchange may amend the provisions of Rule XXX.2(a) to (c) above accordingly.

XXX.3 DELIVERY CONFIRMATIONS BY THE SELLER AND BUYER

- (a) (i) In respect of each Contract remaining open at 17:00 hours on D-2 and on which position maintenance is to be performed by 10:00 hours on D-1, the Seller shall, in accordance with this Rule XXX.3(a), nominate a Transferor (who may be the Seller itself) to make a Disposing Trade Nomination to transfer the rights in respect of Natural Gas under each such Contract.
- (ii) The Seller shall deliver an ICE UK Natural Gas (EUR/MWh) Futures: Delivery Confirmation Form to the Clearing House not later than 11:00 hours on D-1. This Form shall be in such form as may from time to time be prescribed by the Clearing House and shall specify the identity of such Transferor, the total number of lots in respect of Natural Gas that such Transferor will transfer under such Contract and such other details as are required by the Exchange and/or the Clearing House from time to time in accordance with their respective rules and procedures.
- (b) (i) In respect of each Contract remaining open at 17:00 hours on D-2 and on which position maintenance is to be performed by 10:00 hours on D-1, the Buyer shall, in accordance with this Rule XXX.3(b), nominate a Transferee (who may be the Buyer itself) to make an Acquiring Trade Nomination to take a transfer of rights in respect of Natural Gas under each such Contract.

- (ii) The Buyer shall deliver an ICE UK Natural Gas (EUR/MWh) Futures: Delivery Confirmation Form to the Clearing House not later than 11:00 hours on D-1. This Form shall be in such form as may from time to time be prescribed by the Clearing House and shall specify the identity of such Transferee, the total number of lots in respect of Natural Gas that will be transferred to such Transferee under such Contract and such other details as are required by the Exchange and/or the Clearing House from time to time in accordance with their respective rules and procedures.

XXX.4 ICE UK NATURAL GAS (EUR/MWH) FUTURES: TRANSFEROR FORM AND ICE UK NATURAL GAS (EUR/MWH) FUTURES: BLANKET TRANSFEROR FORM

In respect of each Contract the Seller shall procure that the Transferor nominated in respect of the Contract shall deliver either:

- (a) an ICE UK Natural Gas (EUR/MWh) Futures: Transferor Form to the Clearing House not later than 12:00 hours on D-1; or
- (b) an ICE UK Natural Gas (EUR/MWh) Futures: Blanket Transferor Form not later than 12:00 hours on the day prior to the first day to which it applies.

XXX.4.1 ICE UK Natural Gas (EUR/MWh) Futures: Transferor Form

The ICE UK Natural Gas (EUR/MWh) Futures: Transferor Form shall be in such form as may from time to time be prescribed by the Clearing House and shall contain:

- (a) a confirmation of the number of lots that such Transferor will transfer under the Contract;
- (b) a confirmation that such Transferor is entitled under the National Grid Rules to submit Trade Nominations and has access to UK Link;
- (c) an acknowledgement that such Transferor is able and prepared to transfer rights in respect of Natural Gas at National Balancing Point; and,
- (d) an acknowledgement that the Clearing House is permitted:
 - (i) in order to effect a transfer of rights in respect of Natural Gas as may be required or contemplated by the Regulations or the Administrative Procedures;
 - (ii) for the purposes of fulfilling its duties under any law or regulatory regime to which it is subject and to comply with the requests of any regulatory body, exchange or clearing house;
 - (iii) pursuant to the Clearing House Rules and practices of the Clearing House; or
 - (iv) as required by any judicial or arbitration proceedings to which it becomes party,

to disclose any information relating to the transfer of rights in respect of Natural Gas by the Transferor under the Contract and that such disclosure or use by the Clearing House of such information shall not constitute a breach by the Clearing House of any confidentiality obligations which it may be under.

XXX4.2 ICE UK Natural Gas (EUR/MWh) Futures: Blanket Transferor Form

The ICE UK Natural Gas (EUR/MWh) Futures: Blanket Transferor Form shall be in such form as may from time to time be prescribed by the Clearing House and shall contain:

- (a) a confirmation that such Transferor will transfer under the Contract the number of lots nominated on the delivery day nominated by the Seller in the ICE UK Natural Gas (EUR/MWh) Futures: Delivery Confirmation Form; and
- (b) those points set out in XXX.4.1(b), (c) and (d) above.

XXX.5 ICE UK NATURAL GAS (EUR/MWH) FUTURES: TRANSFEE FORM AND ICE UK NATURAL GAS (EUR/MWH) FUTURES: BLANKET TRANSFEE FORM

In respect of each Contract the Buyer shall procure that the Transferee nominated in respect of the Contract shall deliver either:

- (a) an ICE UK Natural Gas (EUR/MWh) Futures: Transferee Form to the Clearing House not later than 12:00 hours on D-1; or,
- (b) an ICE UK Natural Gas (EUR/MWh) Futures: Blanket Transferee Form not later than 12:00 hours on the day prior to the first day to which it applies.

XXX.5.1 ICE UK Natural Gas (EUR/MWh) Futures: Transferee Form

The ICE UK Natural Gas (EUR/MWh) Futures: Transferee Form shall be in such form as may from time to time be prescribed by the Clearing House and shall contain:

- (a) a confirmation of the number of lots that will be transferred to such Transferee under the Contract;
- (b) a confirmation that such Transferee is entitled under the National Grid Rules to submit Trade Nominations and has access to UK Link;
- (c) an acknowledgement that such Transferee is able, prepared and authorised to take a transfer of rights in respect of Natural Gas at National Balancing Point; and,
- (d) an acknowledgement that the Clearing House is permitted:
 - (i) in order to effect a transfer of rights in the Natural Gas as may be required or contemplated by the Regulations or the Administrative Procedures;
 - (ii) for the purposes of fulfilling its duties under the law or any regulatory regime to which it is subject and to comply with the requests of any regulatory body, exchange or clearing house;
 - (iii) pursuant to the Clearing House Rules and practices of the Clearing House; or
 - (iv) as required by any judicial or arbitration proceedings to which it becomes party,

to disclose any information relating to the transfer of rights in respect of Natural Gas by the Transferee under the Contract and that such disclosure or use by the Clearing House of such information shall not constitute a breach by the Clearing House of any confidentiality obligations which it may be under.

XXX.5.2 ICE UK Natural Gas (EUR/MWh) Futures: Blanket Transferee Form

The ICE UK Natural Gas (EUR/MWh) Futures: Blanket Transferee Form shall be in such form as may from time to time be prescribed by the Clearing House and shall contain:

- (a) a confirmation that such Transferee will take delivery under the Contract of the number of lots nominated on the delivery day nominated by the Buyer in the ICE UK Natural Gas (EUR/MWh) Futures: Delivery Confirmation Form; and
- (b) those points set out in XXX.5.1(b), (c) and (d) above.

XXX.6 CLEARING HOUSE CONFIRMATION NOTIFICATION

- (a) After receipt of the documents referred to in Rules XXX.3, XXX.4 and XXX.5, the Clearing House shall, at such time as may from time to time be prescribed in the Clearing House procedures which shall not be later than 11:30 hours on D-1, notify the Seller (and its Transferor) and the Buyer (and its Transferee) in writing of the number of lots in respect of Natural Gas specified in the Contract which shall be the quantity of rights in respect of Natural Gas to be transferred on each Delivery Day under such Contract.

Unless the Seller or the Buyer informs the Clearing House of any differences in the information so notified and that contained in the ICE UK Natural Gas (EUR/MWh) Futures: Confirmation Report by 12:30 hours, the Seller (and its Transferor) or the Buyer (and its Transferee) shall be deemed to have accepted the delivery obligations.

- (b) Where a Seller or a Buyer:
 - (i) also has delivery obligations under one or more contracts other than an Exchange Contract where the Clearing House is the counterparty to such contract(s) and submission of Acquiring and/or Disposing Trade Nominations is required; and,
 - (ii) nominates the same Transferor or Transferee (as the case may be) for the Exchange Contract and one or more contracts other than an Exchange Contract,

the Clearing House shall, in addition to the notification in (a) above, notify the Seller (and its Transferor) and the Buyer (and its Transferee) of the kWhs in respect of the delivery obligations under the Exchange Contract and under any contract other than the Exchange Contract. Such notification shall be in a manner and by a time prescribed in the Clearing House procedures. The amount so notified shall be the quantity of rights in respect of Natural Gas to be transferred on each Delivery Day under an Exchange Contract and any contract other than an Exchange Contract and shall be the Trade Nomination Quantity specified in the Disposing or Acquiring Trade Nominations pursuant to Rule XXX.7(a)(v) or Rule XXX.7(b)(v).

XXX.7 TRADE NOMINATIONS ENTRY

- (a) In respect of each Contract, the Seller shall procure that the Transferor nominated in respect of the Contract shall submit a Disposing Trade Nomination to National Grid, through UK Link or such other means as National Grid may direct from time to time, by 13:00 hours on D-1. The Disposing Trade Nomination shall specify the following:
 - (i) the Delivery Day as the "gas flow day";
 - (ii) the Transferor as the "user";
 - (iii) that the Trade Nomination is a Disposing Trade Nomination;
 - (iv) the Clearing House as the user making the corresponding Trade Nomination;
 - (v) the Trade Nomination Quantity as the amount of kW per hour notified to the Seller and the Transferor pursuant to Rule XXX.6 (a) or (b) as the case may be; and

- (vi) such other information as the Clearing House may direct from time to time.
- (b) In respect of each Contract, the Buyer shall procure that the Transferee nominated in respect of the Contract shall submit an Acquiring Trade Nomination to National Grid, through UK Link or such other means as National Grid may direct from time to time, by 13:00 hours on D-1. The Acquiring Trade Nomination shall specify the following:
 - (i) the Delivery Day as the "gas flow day";
 - (ii) the Transferee as the "user";
 - (iii) that the Trade Nomination is an Acquiring Trade Nomination;
 - (iv) the Clearing House as the user making the corresponding Trade Nomination;
 - (v) the Trade Nomination Quantity as the amount of kW per hour notified to the Buyer and the Transferee pursuant to Rule XXX.6 (a) or (b) as the case may be; and
 - (vi) such other information as the Clearing House may direct from time to time.
- (c) Where a Trade Nomination has been submitted in accordance with either Rule XXX.7 (a) or (b), as the case may be, and such Trade Nomination has not been accepted by National Grid by 15:30 hours on the day immediately prior to the Delivery Day, the Clearing House, or its agent, may direct the Seller, (or its Transferor), or the Buyer, (or its Transferee), who submitted the Trade Nomination to amend or withdraw such Trade Nomination on such terms as the Clearing House may consider appropriate until such Trade Nomination is accepted by National Grid.

XXX.8 NATIONAL GRID RULES OBLIGATIONS

- (a) In respect of each Contract, the Seller shall or shall procure that its Transferor shall comply with such requirements and obligations imposed by or under the National Grid Rules in all respects material to a Contract.
- (b) In respect of each Contract, the Buyer shall or shall procure that its Transferee shall comply with such requirements and obligations imposed by or under the National Grid Rules in all respects material to a Contract.
- (c) If a provision of the Rules, Administrative Procedures or the procedures of the Clearing House is inconsistent with a provision of the National Grid Rules, the provision of the Rules, Administrative Procedures or the procedures of the Clearing House shall prevail.

XXX.9 PAYMENT²

- (a) All sums payable pursuant to Rule WWW.8(b) shall be paid in such manner and at such times as the Clearing House may determine but in any event shall be paid at the latest on the Business Day prior to the Delivery Day.
- (b) Subject to Rules XXX.9(c) and (d), in respect of a Contract the Clearing House shall issue account documentation to the Buyer and the Seller specifying the amount due from the Buyer in respect of such Contract and any payment due from the Seller in respect of such Contract under Rule WWW.8 in accordance with the Clearing House procedures. All payments due in respect of a Contract under Rule WWW.8 shall be made in accordance with the Clearing House procedures.
- (c) Subject to Rule XXX.9(d), in respect of a Contract, on such day and by such time as may from time to time be prescribed in the Clearing House procedures, the Clearing House shall issue any account documentation to a party specifying the amount due from such party in respect of such Contract

² Amended 25 August 2014

under Rule WWW.12. All payments due in respect of a Contract under Rule WWW.12 shall be made in accordance with the Clearing House procedures.

- (d) In the event of a variation of the terms of the National Grid Rules which affects the time or day on which National Grid notifies the Clearing House of either an imbalance or any payments due to National Grid under the Transmission Service Conditions the Clearing House may specify such other time or day on which the Clearing House shall issue any account documentation or make any payment due in respect of a Contract under Rules XXX.9(b) and (c).

SECTION YYY - TRANSITION RULES FOR NYSELUS IN 2014¹

YYY.1	Introduction
YYY.2	Additional Definitions
YYY.3	Exchange Transition
YYY.4	Financials and Softs Trading Privilege
YYY.5	Responsible Individuals
YYY.6	Claims etc.
YYY.7	Communications etc.

¹ Inserted 4 June 2014

YYY.1 INTRODUCTION

- YYY.1.1 These Transition Rules deal with certain matters occurring at and around the Novation Time. These Transition Rules form part of the Regulations. All terms used but not defined in these Transition Rules have the meaning given to them elsewhere in the Regulations. In the event of any conflict between the Regulations and these Transition Rules in relation to any matter to which these Transition Rules relate, these Transition Rules shall prevail.
- YYY.1.2 These Transition Rules will cease to apply on a date notified by the Exchange to Members in a circular, following such consultation with NYSELUS and the Exchange as has been agreed to take place as between NYSELUS, the Exchange and the Clearing House.

YYY.2 ADDITIONAL DEFINITIONS

In the Transition Rules, the following terms shall bear the meanings set opposite them below, if not inconsistent with the subject or context:

"Customer"	means any customer of an NYPC Clearing Member for which the NYPC Clearing Member is carrying a Novating Contract in its customer account, or any affiliate of the NYPC Clearing Member for which the NYPC Clearing Member is carrying a Novating Contract in its proprietary account.
"Double Novation Agreement"	means an agreement made between a Novating Clearing Member, a Transferee Clearing Member, NYPC, NYSELUS, the Exchange and the Clearing House in respect of the Novation.
"Eurodollar Contract"	means Three-Month Eurodollar Futures.
"GCF Repo Contract"	means futures on each of the US Treasury DTCC GCF Repo Index®, US Mortgage-Backed Securities DTCC GCF Repo Index® and US Agency DTCC GCF Repo Index®.
"ICE Futures U.S."	means ICE Futures U.S., Inc., a corporation organised and existing under the Delaware General Corporation Law.
"Novating Contract"	means an Open Position between a Novating Clearing Member (acting for its proprietary or customer account) and NYPC in respect of a Transitioning Contract, in accordance with the NYPC Clearing Rules.
"Novating Clearing Member"	means an NYPC Clearing Member who is party to a Single Novation Agreement or Double Novation Agreement.
"Novation"	means the novation of Novating Contracts pursuant to Single Novation Agreements, Double Novation Agreements, these Transition Rules, the NYPC Clearing Rules and the Clearing House Rules and other matters that occur at the Novation Time.
"Novation Time"	means the novation time communicated to Members by the Exchange.
"NYPC"	means New York Portfolio Clearing, LLC, a Delaware limited liability company.
"NYPC Clearing Member"	means a clearing member of NYPC, admitted to membership in NYPC pursuant to Rule 301 of the NYPC Clearing Rules.
"NYPC Clearing Rules"	means the <i>Rules of New York Portfolio Clearing, LLC</i> and all other rules, bylaws, interpretations, procedures, orders and other directives of NYPC.

"NYSELUS"	means NYSE Liffe US LLC, a Delaware limited liability company.
"NYSELUS Member"	means any person authorised in accordance with Rule 305 of the NYSELUS Rules to access the NYSELUS Trading Platform.
"NYSELUS Rules"	means the <i>NYSE LIFFE US Rulebook</i> and all other rules, bylaws, interpretations, procedures, orders and other directives of NYSELUS.
"NYSELUS Trading Platform"	means the electronic systems administered by or on behalf of NYSELUS, which perform the functions set forth in the NYSELUS Rules, pursuant to Rule 142 of the NYSELUS Rules.
"Open Position"	means a legally binding contract as a result of trading or otherwise in a Transitioning Contract that has not been closed with an opposing trade, or discharged by performance, netting, close-out or termination under operation of applicable law or otherwise.
"Registered User"	means any natural person who is a NYSELUS Member or who is an employee or contracted agent of the NYSELUS Member that is authorised by such NYSELUS Member to access the NYSELUS Trading Platform, pursuant to Rule 150 of the NYSELUS Rules.
"Single Novation Agreement"	means an agreement made between a Novating Clearing Member, NYPC, NYSELUS, the Exchange and the Clearing House in respect of the Novation.
"Transferee Clearing Member"	means any Clearing Member that is party to a Double Novation Agreement.
"Transitioning Contract"	means any Eurodollar Contract or GCF Repo Contract.
"Transition Rules"	means this Section YYY of the Regulations.

YYY.3 EXCHANGE TRANSITION

- YYY.3.1 At and from the Novation Time, the trading of Transitioning Contracts shall transfer from NYSELUS to the Exchange.
- YYY.3.2 Open orders on NYSELUS will not be automatically transferred to the Exchange. Each Member shall ensure that it has re-entered on the Exchange any orders previously made on NYSELUS to the extent it wishes such orders to be effective after the Novation, whether such orders are for its account or for the account of any of its Customers.

YYY.4 FINANCIALS AND SOFTS TRADING PRIVILEGE

- YYY.4.1 All NYSELUS Members which are already or will become Members of the Exchange at the Novation Time will automatically be granted a Financials and Softs Trading Privilege for the purposes of Rule B.6C.
- YYY.4.2 All Members of the Exchange which are permitted to trade and/or clear Oil Contracts and/or Utility Contracts at the Novation Time, will automatically be granted an Oil and Utility Trading Privilege for the purposes of Rule B.6B.

YYY.5 RESPONSIBLE INDIVIDUALS

- YYY.5.1 Notwithstanding Rule B.11.1 and Trading Procedure 14, any Registered User that is not already a Responsible Individual shall automatically be deemed to be registered with the Exchange as a Responsible Individual.

YYY.6 CLAIMS ETC.

YYY.6.1 The Novation shall not affect any complaints, claims, demands, arbitration or appeals made, or to be made by a NYSELUS Member against NYSELUS, in either case in relation to any matter or event occurring or circumstance arising prior to the Novation Time.

YYY.6.2 The Novation shall not affect:

- (a) any disciplinary, legal or other proceedings commenced against a NYSELUS Member or a Registered User by NYSELUS prior to the Novation Time;
- (b) the right of NYSELUS or ICE Futures U.S., as applicable, to bring disciplinary, legal or other proceedings against a NYSELUS Member or a Registered User arising from the NYSELUS Member's actions or omissions prior to the Novation Time or arising from any failure by a NYSELUS Member to meet its obligations under clause 3.7 of the Single Novation Agreement or clause 3.8 of the Double Novation Agreement; or
- (c) any complaint, claim, demand, arbitration or appeals made by NYSELUS or ICE Futures U.S., as applicable, against a NYSELUS Member or a Registered User arising from the NYSELUS Member's or a Registered User's actions or omissions prior to the Novation Time or arising from any failure by the NYSELUS Member to meet its obligations under clause 3.7 of the Single Novation Agreement or clause 3.8 of the Double Novation Agreement.

YYY.6.3 The Exchange shall not be responsible for the matters set out in YYY.6.2.

YYY.7 COMMUNICATIONS ETC.

YYY.7.1 The Novating Clearing Members, the Transferee Clearing Members, NYPC, NYSELUS, the Exchange and the Clearing House agree that all materials, communications and instructions (whether written, electronic or oral) relating to or made in connection with any Novating Contract produced or used by any of the parties to that Novating Contract and all references in any Novating Contract to such contract or another Novating Contract shall be construed as a reference to the relevant Novating Contract subject to the Novation and as amended by the Single Novation Agreement or the Double Novation Agreement, as applicable. All notices and circulars issued by NYSELUS or NYPC concerning any Eurodollar Contract or GCF Repo Contract will apply to such contracts as traded on ICE Futures and cleared by ICE Clear until further notice by the Exchange save as set out in any conflicting Rule or circular.

SECTION ZZZ - TRANSITION RULES FOR LIFFE IN 2014¹

ZZZ.1	Introduction
ZZZ.2	Additional Definitions
ZZZ.3	Exchange Transition
ZZZ.4	Financials and Softs Trading Privilege
ZZZ.5	Responsible Individuals
ZZZ.6	Claims etc.
ZZZ.7	Communications etc.

¹ Inserted 4 June 2014, amended 18 September 2014

ZZZ.1 INTRODUCTION

- ZZZ.1.1 These Transition Rules deal with certain matters occurring at and around the Transition Times. These Transition Rules form part of the Regulations. All terms used but not defined in these Transition Rules have the meaning given to them elsewhere in the Regulations. In the event of any conflict between the Regulations and these Transition Rules in relation to any matter to which these Transition Rules relate, these Transition Rules shall prevail.
- ZZZ.1.2 These Transition Rules will cease to apply on a date notified by the Exchange to Members in a circular, following such consultation with LIFFE and the Exchange as has been agreed to take place as between LIFFE, the Exchange and the Clearing House.

ZZZ.2 ADDITIONAL DEFINITIONS

In the Transition Rules, the following terms shall bear the meanings set opposite them below, if not inconsistent with the subject or context:

"1m Eonia"	means One Month EONIA Indexed Futures Contracts.
"3m Eonia"	means Three Month EONIA Swap Index Futures Contracts.
"1 st Transition Time"	means 29 September 2014 or such later date to which the first transition time is deferred (which will be communicated to Members by the Exchange) for Soft Commodities Contracts and such other contracts as specified by the Exchange.
"2 nd Transition Time"	means 6 October 2014 or such later date to which the second transition time is deferred (which will be communicated to Members by the Exchange) for Euroswiss, 1m Eonia, Bond Contracts (excluding Long Gilts and Ultra Long Gilts), Swapnote® Contracts and such other contracts as specified by the Exchange to the extent not transitioned during the 1 st Transition Time.
"3 rd Transition Time"	means 20 October 2014 or such later date to which the third transition time is deferred (which will be communicated to Members by the Exchange) for Sterling, Long Gilts, Ultra Long Gilts and such other contracts as specified by the Exchange to the extent not transitioned during the 2 nd Transition Time.
"4 th Transition Time"	means 3 November 2014 or such later date to which the fourth transition time is deferred (which will be communicated to Members by the Exchange) for Euribor, 3m Eonia, Euribor/Eonia Spread and such other contracts as specified by the Exchange to the extent not transitioned during the 3 rd Transition Time.
"5 th Transition Time"	means 17 November 2014 or such later date to which the fifth transition time is deferred (which will be communicated to Members by the Exchange) for Securities Contracts (excluding Bond Contracts) and such other contracts as specified by the Exchange to the extent not transitioned during the 4 th Transition Time.
"Bond Contracts"	means Gilt Contracts, Euro-Denominated Government Bond Contracts and Swiss Confederation Bond Contracts.
"Euribor"	means Three Month Euro Futures Contracts, Options on Three Month Euro Futures Contracts, One Year Mid-Curve Options on Three Month Euro Futures Contracts, Two Year Mid-Curve Options on Three Month Euro Futures Contracts, Three Year Mid-Curve Options on Three Month Euro Futures Contracts and Four Year Mid-Curve Options on Three Month Euro Futures Contracts.
"Euribor/Eonia Spread"	means the Inter-contract Spread strategy between Three Month Euro Futures Contracts and 3m Eonia.
"Euroswiss"	means Three Month Euro Swiss Franc Futures Contracts and Options on Three Month

	Euro Swiss Franc Futures Contracts.
"Gilt Contracts"	means Short Gilts, Medium Gilts, Long Gilts and Ultra Long Gilts.
"LIFFE"	means the market administered by LIFFE Administration and Management (a company registered in England and Wales with registration number 01591809) and the recognised investment exchange (as defined in the FSMA) known as and operated by LIFFE Administration and Management.
"LIFFE Member"	means a member of the market administered by LIFFE.
"LIFFE Rules"	means the rules of LIFFE, together with any procedures (including the LIFFE Trading Procedures), as interpreted in accordance with guidance, notices and circulars, of LIFFE and, except when a particular rule is cross-referenced herein, has the same meaning as that given to the term " <i>Rules</i> " in the rules of LIFFE, as amended from time to time.
"Long Gilts"	means Long Gilt Futures Contracts and Options on Long Gilt Futures Contracts.
"Medium Gilts"	means Medium Gilt Futures Contracts.
"Opening Time"	means the time that the relevant Transitioning Contract begins trading on the Exchange.
"Responsible Person"	means an individual designated as such by a LIFFE Member and registered with LIFFE pursuant to Rule 2202 of Book I of the LIFFE Rules.
"Short Gilts"	means Short Gilt Futures Contracts.
"Sterling"	means Three Month Sterling Futures Contracts, Options on Three Month Sterling Futures Contracts, One Year Mid-Curve Options on Three Month Sterling Futures Contracts, Two Year Mid-Curve Options on Three Month Sterling Futures Contracts, Three Year Mid-Curve Options on Three Month Sterling Futures Contracts and Four Year Mid-Curve Options on Three Month Sterling Futures Contracts.
"Swiss Confederation Bond Contracts"	means Medium Swiss Confederation Bond Futures Contracts and Long Swiss Confederation Bond Futures Contracts.
"Transition"	means the phased transition of the Transitioning Contracts which will be communicated to Members by the Exchange.
"Transitioning Contracts"	means all contracts transitioning at the relevant Transition Time which will be communicated to Members by the Exchange.
"Transition Rules"	means this Section ZZZ of the Regulations.
"Transition Time"	means each of the 1 st Transition Time, 2 nd Transition Time, 3 rd Transition Time, 4 th Transition Time or 5 th Transition Time, which will be communicated to Members by the Exchange.
"Ultra Long Gilts"	means Ultra Long Gilt Futures Contracts.

ZZZ.3 EXCHANGE TRANSITION

- ZZZ.3.1 At each relevant Transition Time, the trading of relevant Transitioning Contracts will transfer from LIFFE to the Exchange.

ZZZ.3.2 Each Member shall ensure that immediately prior to each relevant Transition Time, it has re-entered on the Exchange, prior to the relevant Opening Time, any orders previously made on LIFFE that are intended to be effective after the relevant Transition Time, to the extent it wishes such orders to be effective after the relevant Transition Time, whether such orders are for its account or for the account of any of its customers.

ZZZ.4 FINANCIALS AND SOFTS TRADING PRIVILEGE

ZZZ.4.1 All LIFFE Members which are or become Members of the Exchange at the 1st Transition Time will automatically be granted a Financials and Softs Trading Privilege for the purposes of Rule B.6C.

ZZZ.5 RESPONSIBLE INDIVIDUALS

ZZZ.5.1 Notwithstanding Rule B.11.1 and Trading Procedure 14, any Responsible Person that is not also already a Responsible Individual shall automatically be deemed registered with the Exchange as a Responsible Individual at the 1st Transition Time.

ZZZ.6 CLAIMS ETC.

ZZZ.6.1 Subject to Rules ZZZ.6.3 and ZZZ.6.4, none of the Transitions shall affect any complaints, claims, demands, arbitration or appeals made, or to be made by any person who is subject to the LIFFE Rules against LIFFE, in either case in relation to any matter or event occurring or circumstance arising prior to a relevant Transition Time. The Exchange shall not become liable for any such matters at any Transition Time or otherwise.

ZZZ.6.2 Additionally, subject to Rules ZZZ.6.3 and ZZZ.6.4, none of the Transitions shall affect:

- (a) any disciplinary, legal or other proceedings commenced against any person who is subject to the LIFFE Rules by the Clearing House or LIFFE prior to a Transition Time;
- (b) the right of LIFFE to bring disciplinary, legal or other proceedings against any person who is subject to the LIFFE Rules arising from such person's actions or omissions, as applicable, prior to a Transition Time; or
- (c) any complaint, claim, demand or appeal that has been or may be made by LIFFE against any person who is subject to the LIFFE Rules arising from such person's actions or omissions, as applicable, prior to a Transition Time.

ZZZ.6.3 The Exchange shall additionally be entitled to take action against any person who is subject to the LIFFE Rules in respect of the same circumstances referred to in Rule ZZZ.6.2 under these Regulations in relation to any matter or event occurring or circumstance arising prior to a Transition Time, or in relation to obligations which are not fully performed or completed or which are only partially performed or completed, regardless of whether any matter or event occurred or circumstance arose or relevant action or omission took place prior to a Transition Time.

ZZZ.6.4 Subject to the consent of LIFFE and the Exchange, LIFFE and the Exchange, acting jointly, may novate any complaint, claim, demand, disciplinary proceeding, arbitration or appeal arising prior to a relevant Transition Time to the Exchange, by giving notice to the relevant person who is subject to the LIFFE Rules. Upon such notice being served:

- (a) such person shall release and discharge LIFFE from such complaint, claim, demand, disciplinary proceeding, arbitration or appeal whatsoever or howsoever arising out of or in respect of the LIFFE Rules;
- (b) LIFFE shall release and discharge such person from such complaint, claim, demand, disciplinary proceeding, arbitration or appeal whatsoever or howsoever arising out of or in respect of the LIFFE Rules;
- (c) the Exchange shall:

- (i) be vested with all the liabilities of LIFFE to such person whatsoever or howsoever arising out of or under the LIFFE Rules;
- (ii) agree to perform all the duties and to discharge all the obligations of LIFFE under the LIFFE Rules; and
- (iii) agree to be bound by the LIFFE Rules in every way as if the LIFFE Rules had been the rules of the Exchange at the relevant time instead of the rules of LIFFE,

solely in respect of such complaint, claim, demand, disciplinary proceeding arbitration or appeal.

- (d) such person shall be bound by the LIFFE Rules in every way as if the LIFFE Rules had been the rules of the Exchange at the relevant time instead of the rules of LIFFE, solely in respect of such complaint, claim, demand, disciplinary proceeding, arbitration or appeal;
- (e) LIFFE and the Exchange shall acknowledge and agree that such person shall have the right to enforce the LIFFE Rules and pursue such complaint, claim, demand, disciplinary proceeding, arbitration or appeal whatsoever or howsoever arising out of or in respect of the LIFFE Rules as if the LIFFE Rules had been the rules of the Exchange at the relevant time instead of the rules of LIFFE, solely in respect of such complaint, claim, demand, disciplinary proceeding, arbitration or appeal;
- (f) LIFFE and such person shall acknowledge and agree that the Exchange shall have the right to enforce the LIFFE Rules and pursue such complaint, claim, demand, disciplinary proceeding, arbitration or appeal whatsoever or howsoever arising out of or in respect of the LIFFE Rules as if the LIFFE Rules had been the rules of the Exchange at the relevant time instead of the rules of LIFFE, solely in respect of such complaint, claim, demand, disciplinary proceeding, arbitration or appeal; and
- (g) such person shall procure the agreement of any non-LIFFE Member clients who are party to the novation of the complaint, claim, demand, disciplinary proceeding, arbitration or appeal on similar terms to those set out in Rule ZZZ.6.4(a) to (f) above and/or hold a corresponding contract relevant to such complaint, claim, demand, disciplinary proceeding, arbitration or appeal.

ZZZ.6.5 Where any LIFFE Member serves notice on the Exchange of its intention to appeal against a Directors' determination pursuant to Rule B.8.3, the requirement for a Member to lodge £2,000 with the Exchange towards the costs of the appeal under Rule B.8.3 shall not apply to the LIFFE Member, who shall be required to lodge the lesser sum of £1,000 towards the costs of the appeal.

ZZZ.7 COMMUNICATIONS ETC.

ZZZ.7.1 Each person subject to LIFFE Rules, LIFFE, the Exchange and the Clearing House agree that all materials, communications and instructions (whether written, electronic or oral) relating to or made in connection with any Transitioning Contract produced or used by any of the parties to that Transitioning Contract and all references in any Transitioning Contract to such contract or another Transitioning Contract shall be construed as a reference to the relevant Transitioning Contract subject to the relevant Transition. All notices and circulars issued by LIFFE concerning any Financial and Soft Contracts will apply to such contracts as traded on the Exchange and cleared by the Clearing House until further notice by the Exchange save as set out in any conflicting Rule or circular.

CONTRACT RULES: ICE FUTURES THREE-MONTH EURODOLLAR FUTURES CONTRACT

SECTION AAAA - CONTRACT RULES: ICE FUTURES THREE-MONTH EURODOLLAR FUTURES CONTRACT

AAAA.1	Scope of this Section ¹
AAAA.2	Contract Specifications ²
AAAA.3	Trading Specifications ³
AAAA.4	Settlement Procedures ⁴
AAAA.5	Interpretations and Special Notices Relating to this Section

¹ Amended 3 September 2014

² Amended 3 September 2014

³ Amended 3 September 2014

⁴ Amended 3 September 2014

AAAA.1 SCOPE OF THIS SECTION⁵

This Section is limited in application to trading of Futures Contracts in Three-Month Eurodollars. The procedures for trading, clearing, expiration and settlement, and any other matters not specifically covered in this Chapter shall be governed by the Rules of the Exchange and the Clearing House.

AAAA.2 CONTRACT SPECIFICATIONS⁶

Each Futures Contract shall be for a Eurodollar Interbank Time Deposit having a principal value of \$1,000,000 with a three-month term to maturity.

AAAA.3 TRADING SPECIFICATIONS⁷

The number of contract Delivery Months open for trading at a given time shall be determined by the Exchange. Without limiting the foregoing, the Exchange customarily shall list for trading consecutive Delivery Months in the March-June-September-December quarterly cycle extending out five years and one additional quarterly expiration and will also list the two nearest serial Delivery Months. Effective the first trading day following the last trading day in a Futures Contract for any Delivery Month, the next eligible Delivery Month shall be automatically listed.

(a) **Trading Schedule**

Futures Contracts shall be scheduled for trading during such hours and expiration in such months as may be determined by the Exchange.

(b) **Trading Unit**

The size of the unit of trading shall be Eurodollar Interbank Time Deposits in the amount of \$1,000,000.

(c) **Price Increments**

Bids and offers shall be quoted in Three-Month LIBOR index points or 100 minus the three-month Eurodollar Interbank Time Deposit rate over a 360-day year. (For example, a rate of 2.5 percent shall be quoted as 97.50.)

The minimum price fluctuation shall be one-quarter of one basis point (.0025), equal to \$6.25 per contract.

(d) **Position Accountability**

Position accountability will apply to trading in Eurodollar Futures Contracts.

(e) **Termination of Trading**

Futures Contract trading shall terminate at 11:00 a.m. London Time on the second London bank business day immediately preceding the third Wednesday of the contract's Delivery Month.

⁵ Amended 3 September 2014

⁶ Amended 3 September 2014

⁷ Amended 3 September 2014

AAAA.4 SETTLEMENT PROCEDURES⁸

Delivery shall be by cash settlement.

(a) Final Settlement Price

The final settlement price of an expiring contract shall be 100 minus the three-month Eurodollar interbank time deposit rate determined at the ICE Benchmark Administration LIBOR fixing on the last trading day. The value of such three-month Eurodollar interbank time deposit rate shall be rounded to the nearest 1/10,000th of a percentage point per annum. Any value ending in .00005 shall be rounded up. For example, a Three-Month ICE LIBOR fixing value of 2.65625 percent would be rounded up to 2.6563 percent, and then subtracted from 100 to determine a contract final settlement price of 97.3437. The Exchange shall publish a provisional settlement price as soon as reasonably practicable after the cessation of trading in the Delivery Month concerned. The final settlement price shall be published as soon as reasonably practicable after 4.00 pm London time, following confirmation by ICE Benchmark Administration Limited of the relevant ICE LIBOR fixing value.

(b) Final Settlement

Clearing Counterparties holding open positions in a contract at the time of termination of trading in that contract shall make payment to or receive payment from the Clearing House in accordance with normal variation performance bond procedures based on a settlement price equal to the final settlement price.

AAAA.5 INTERPRETATION AND SPECIAL NOTICES RELATING TO THIS SECTION

The following statement is made by ICE Benchmark Administration Limited:

“ICE Benchmark Administration cannot be liable for any losses arising from the non-availability of, or any error or omission in, or miscalculation of, ICE LIBOR (formerly known as BBA LIBOR).”

The same statement should be read as applicable to ICE LIBOR when used in the calculation of the Final Settlement Price for this Contract.

BBBBB CONTRACT RULES: ICE US TREASURY DTCC GCF REPO INDEX® FUTURES CONTRACT

BBBB.1 SCOPE OF THIS SECTION³

This Section is limited in application to trading of Futures Contracts in the US Treasury DTCC GCF Repo Index®. The procedures for trading, clearing, expiration and settlement, and any other matters not specifically covered in this Section shall be governed by the Rules of the Exchange and the Clearing House.

BBBB.2 CONTRACT SPECIFICATIONS

(a) The contract grade shall be 100 minus the average daily US Treasury DTCC GCF Repo Index® rate for the delivery month. The average daily US Treasury DTCC GCF Repo Index® rate is a simple average of the US Treasury DTCC GCF Repo Index® rounded to the nearest one-hundredth of a basis point and rounded up in the case of a tie. For days for which the US Treasury DTCC GCF Repo Index® is not computed (e.g., Saturdays, Sundays and legal holidays) the rate shall be the rate determined on the last business day for which a rate was determined.

(b) The US Treasury DTCC GCF Repo Index is subject to change by DTCC.

BBBB.3 TRADING SPECIFICATIONS⁴

The number of contract Delivery Months open for trading at a given time shall be determined by the Exchange.

(a) Trading Schedule

The hours of trading for Futures Contracts in the US Treasury DTCC GCF Repo Index® shall be determined by the Exchange. On the last day of trading in an expiring Futures Contract, the expiring Futures Contract shall close at 3:00 pm Eastern Time.

(b) Trading Unit

Interest on a US Treasury DTCC GCF Repo® having a face value of \$5,000,000 for one month calculated on a 30-day basis at a rate equal to the average US Treasury DTCC GCF Repo Index® rate for the Delivery Month.

(c) Price Increments

Bids and offers shall be quoted as 100 minus the average daily US Treasury DTCC GCF Repo Index® rate. (For example, a rate of 2.5 percent shall be quoted as 97.50.)

The minimum price fluctuation shall be one-half of one basis point (.005), equal to \$20.835 per contract (½ of 1/100 of one percent of \$5,000,000 on a 30-day basis, rounded up to the nearest cent per contract).

(d) Position Accountability

Position accountability will apply to trading in Futures Contracts in the US Treasury DTCC GCF Repo Index®.

(e) Termination of Trading

³ Amended 3 September 2014

⁴ Amended 3 September 2014

CONTRACT RULES: ICE US TREASURY DTCC GCF REPO INDEX^(R) FUTURES **BBBB**

CONTRACT

The last day of trading shall be the last business day of the Delivery Month. After trading in Futures Contracts in the current Delivery Month has ceased, outstanding Futures Contracts for such delivery shall be liquidated by cash settlement as prescribed in Rule BBBB.4.

BBBB.4 SETTLEMENT PROCEDURES

Delivery shall be by cash settlement through the Clearing House following normal variation margin procedures. The final settlement price will be calculated on the Business Day that the US Treasury DTCC GCF Repo Index[®] is calculated on the Last Day of Trading. The final settlement price shall be 100 minus the average US Treasury DTCC GCF Repo Index[®] rate for the Delivery Month as set forth in BBBB.2(a), rounded to the nearest one-hundredth (1/100) of one basis point.

EEEE.1 INTERPRETATION¹⁰

(a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.

(b) In these Contract Rules and in the Administrative Procedures:

“Administrative Procedures”	means the administrative procedures at Rule FFFF from time to time implemented by the Exchange for the purposes of these Contract Rules.
“Allowance”	means either a discount or a premium to the Contract price, expressed in Pounds per Tonne, which is stated in these Contract Rules or otherwise shall be published from time to time by notice posted on the Market.
“Bean cluster”	means two (or more) Cocoa beans which are joined together and are unable to be split into two (or more) whole single Cocoa beans as a result of the exertion of reasonable hand pressure.
“Bulk Delivery Unit”	means an amount of loose Cocoa conforming to Rule EEEE.3(d)(ii) and having a nominal net weight of 1,000 Tonnes.
“Business Day”	means a day on which the market, the Clearing House and banks in London are open for business.
“Buyer”	in respect of a Contract means the person who is obliged under such Contract to accept delivery in respect of each Lot of Cocoa and to pay the invoicing amount in respect of each such Lot (including, except where the context otherwise requires, the Clearing House as a buyer under a registered Contract).
“Buyer’s Position Notice”	means the notice to be given by the Buyer to the Clearing House under Rule EEEE.13(a).
“Cocoa”	means cocoa beans which are the whole seeds of the cocoa tree (<i>Theobroma Cacao</i> L).
“Contract”	means a contract made expressly or impliedly in the terms of these Contract Rules for the sale and purchase of one or more Lots and “registered Contract” means a Contract registered by the Clearing House.
“Conversion Settlement Day”	in respect of a Delivery Month means, subject to Rule EEEE.15(f)(i), ten Business Days immediately following the Settlement Day for such Delivery Month.
“Converted Delivery Unit”	means a new Delivery Unit which is formed upon the conversion of part or all of a Nominated Delivery Unit.
“Default in Performance”	has the meaning attributed to it in Rule EEEE.18(b).
“Defective”	means a Mouldy Bean or an Insect-damaged Bean or both.

¹⁰ Amended 17 March 2015, 26 May 2015

“Delivery Area”	means each geographic area referred to in Rule EEEE.3(c), as varied by the Exchange from time to time, within which a Warehouse must be located.
“Delivery Month”	means each month specified as such by the Exchange pursuant to the Regulations.
“Delivery Unit”	means a Standard Delivery Unit, a Large Delivery Unit or a Bulk Delivery Unit.
“Depository”	means any person appointed by the Exchange to receive, hold and administer Warrants in immobilised form; details of such persons shall be notified by notice posted on the Market from time to time.
“Dual Capacity Warehousekeeper”	means a Warehousekeeper which has been nominated by the Exchange in its absolute discretion to store in its Warehouse Standard, Large and Bulk Delivery Units recorded on Guardian and which appears on the List of Nominated Warehouses and Warehousekeepers published from time to time by notice posted on the Market.
“EDSP”	means Exchange Delivery Settlement Price and has the meaning attributed to it in Rule EEEE.9.
“Evidence of Import Duty”	has the meaning attributed to it in Rule EEEE.7(c).
“Extended Conversion Settlement Day”	has the meaning attributed to it in Rule EEEE.15(f)(i).
“FFA”	Free Fatty Acids conventionally expressed as oleic acid (molecule weight 282)
“Foreign Matter”	means any substance or matter, other than a whole Cocoa bean or Residue, which in the opinion of the ICE Registered Cocoa Graders is, upon grading, identified as foreign matter.
“Fumigation Charge”	means a monthly fee which a Warehousekeeper shall be entitled to charge in respect of the fumigation and fogging of a Delivery Unit stored in its Warehouse and which is levied pursuant to the Grading and Warehousekeeping Procedures.
“Grading and Warehousekeeping Procedures”	<p>means the procedures from time to time implemented by the Exchange pursuant to the Regulations in respect of:</p> <ul style="list-style-type: none"> (i) sampling and storage of Cocoa by Warehousekeepers; (ii) grading of Cocoa by the ICE Registered Cocoa Graders; and (iii) the Warrant management service for Cocoa, <p>which may be contained in one or more documents.</p>
“Grading Result”	means the result given to a Delivery Unit which has been graded by the ICE Registered Cocoa Graders and containing such information as the Exchange may prescribe from time to time.

“Gross Weight”	has the meaning attributed to it in Rule EEEE.5(d)(i).
“Guardian”	means the electronic system relating to grading, tender, delivery and warrant management services, or any successor thereto, which, amongst other things, records Cocoa stored in a Warehouse for delivery under a Contract.
“ICE Registered Cocoa Graders”	means a panel of Cocoa graders registered with the Exchange in accordance with the Grading and Warehousekeeping Procedures who upon the application of a Nominated Member examine and grade a sample of the Delivery Unit which is the subject of the application and issue a Grading Result in respect of such Delivery Unit pursuant to the Grading and Warehousekeeping Procedures.
“Import Duty Documentation”	has the meaning attributed to it in Rule EEEE.7(a)(i).
“Insect-damaged Bean”	means a cocoa bean the internal parts of which are found to contain insects at any stage of development or any evidence thereof, or evidence of insect damage, which is visible to the naked eye.
“Interest Rate”	means ICE LIBOR for one month deposits in sterling as at 11.00 hours on the Settlement Day for the relevant Delivery Month, provided that the Exchange may at its discretion resolve, prior to the commencement of the calendar month in which the Settlement Day for the relevant Delivery Month falls, that the Interest Rate shall be determined by other means. Any such determination by the Exchange shall be the subject of a notice posted on the Market.
“Invoicing Amount”	has the meaning attributed to it in Rule EEEE.10(a).
“Large Delivery Unit”	means an amount of bagged Cocoa conforming to Rule EEEE.3(d)(i) and having a nominal net weight of 100 Tonnes.
“Last Trading Day”	in respect of a Delivery Month means (subject to Rule EEEE.19(a)) eleven Business Days immediately prior to the last Business Day of such Delivery Month.
“Last Weigh Date”	means the date on which a Delivery Unit was last re-weighed as attributed to it in Rule EEEE.5(d)(iii)
“Lot”	has the meaning attributed to it in Rule EEEE.2(b).
“Mouldy Bean”	means a cocoa bean on the internal parts of which mould is visible to the naked eye.
“Net Weight”	in respect of a Delivery Unit means the net weight of such Delivery Unit calculated in accordance with Rule EEEE.5(d) and expressed in Tonnes.
“Nominated Bulk Delivery Unit”	means a Nominated Delivery Unit which is a Bulk Delivery Unit.
“Nominated Delivery Unit”	means each Delivery Unit to be converted by or on behalf of the Seller as notified to the Clearing House under Rule EEEE.12(d)(i) or (ii).
“Nominated Large Delivery Unit”	means a Nominated Delivery Unit which is a Large Delivery Unit.

“Nominated Member”	means a Clearing Member who, on behalf of an owner, has been nominated by a Warehousekeeper or another Nominated Member in respect of the registration on Guardian of a Warrant that is to be, or has been, immobilised.
“Notice Day”	in respect of any Lot comprised in a Contract means (subject to Rule EEEE.19(b)) the Business Day immediately following the Last Trading Day.
“Origin”	means the country, or geographic area in a country, in which the cocoa was produced.
“Origin Group”	means each group specified by the Exchange from time to time.
“Original Weigh Date”	means the date that a Delivery Unit was first weighed in an ICE Nominated Warehouse
“Pounds”, “£”, “pence” and “penny”	denote lawful currency of the United Kingdom at the date of issue of these Contract Rules, known as “Sterling”.
“Preferential Rate of Import Duty”	has the meaning attributed to it in Rule EEEE.7(a).
“Rent”	means a periodic fee (but not including Fumigation Charges) which a Warehousekeeper shall be entitled to charge in respect of the storage of a Delivery Unit in its Warehouse, and which is levied pursuant to the Grading and Warehousekeeping Procedures.
“Residue”	means any Cocoa element other than a whole Cocoa bean (which may include, without limitation, broken beans, fragments of beans and pieces of shell), which in the opinion of the ICE Registered Cocoa Graders is, upon grading, identified as residue.
“Seller”	in respect of a Contract means the person who is obliged under such Contract to deliver Cocoa in respect of each Lot (including, except where the context otherwise requires, the Clearing House as seller under a registered Contract).
“Seller’s Delivery Notice”	means the notice to be given by the Seller to the Clearing House under Rule EEEE.12(a) and EEEE.12(b).
“Settlement Day”	in respect of a Delivery Month means (subject to Rule EEEE.19(c)), the last Business Day of the Delivery Month.
“Shipment Period”	means the period commencing 1 October in a calendar year and ending on 30 September in the following calendar year.
“Single Capacity Warehousekeeper”	means a Warehousekeeper which has been nominated by the Exchange in its absolute discretion to store in its Warehouse Standard and Large Delivery Units recorded on Guardian and which appears on the List of Nominated Warehouses and Warehousekeepers published from time to time by notice posted on the Market.
“Slaty”	means a cocoa bean which shows a slaty colour on half or more of the exposed surface of the cotyledons.

“Standard Delivery Unit”	means an amount of bagged Cocoa conforming to Rule EEEE.3(d)(i) and having a nominal net weight of 10 Tonnes.
“Standard Deviation of the Bean Count”	means the measure of the deviation of the bean count per 100 grammes of Cocoa from a nominal standard deviation of the bean count per 100 grammes of Cocoa, where the value of the deviation is derived from a methodology and an algorithm prescribed by the Exchange from time to time.
“Substituted Delivery Unit”	means each Delivery Unit which is substituted by the Seller as notified to the Clearing House under Rule EEEE.12(d)(iii).
“Supervision Company”	is a company whose business is the supervision and/or inspection of goods and which is appointed by the Exchange for the purposes of performing inspections.
“Tender”	means the delivery by a Seller in accordance with these terms of a Seller’s Delivery Notice, as amended by one or more notices given under Rule EEEE.12(d) or EEEE.12(f).
“Tonne”	means a metric tonne of 1,000 kilogrammes.
“Valid Grading Result”	has the meaning attributed to it in Rule EEEE.3(e).
“Warehouse”	means a warehouse in respect of which a Warehousekeeper has been nominated by the Exchange in its absolute discretion to store Goods and which appears on the List of Nominated Warehouses and Warehousekeepers published from time to time by notice posted on the Market. A Warehouse shall, for the purposes of nomination under the Grading and Warehousekeeping Procedures, be a single structure designed or modified for the purpose of storing Goods, or groups of such structures connected by internal doors allowing for the passage of the relevant Goods. Where there are no such interconnecting doors between such structures these shall be nominated as separate Warehouses.
“Warehousekeeper”	means either a Single or Dual Capacity Warehousekeeper which has been nominated by the Exchange in its absolute discretion to store in its Warehouse Goods piled as either parcels, lots, Standard and Large Delivery Units or Standard, Large or Bulk Delivery Units, as the case may be, and to record such details that are represented by the Warrant on Guardian and which appears on the List of Nominated Warehouses and Warehousekeepers published from time to time by notice posted on the Market.
“Warrant”	means a warrant for the delivery of a Delivery Unit stored in a Warehouse which authorises the possessor of such document to transfer or receive the Delivery Unit referred to therein ¹¹ .
(c) [Not used]	
(d) [Not used]	
(e) [Not used]	

¹¹ The Warrant must not have expired under the relevant terms under which the Warrant was issued.

EEEE.2 CONTRACT SPECIFICATION

- (a) Each Contract shall be for one or more Lots for the Delivery Month specified.
- (b) A “Lot” shall be an amount of Cocoa having a nominal net weight of 10 Tonnes.

EEEE.3 DELIVERY UNITS¹²

- (a) A Seller shall, in respect of one or more Lots of a Contract, deliver a Standard Delivery Unit, a Large Delivery Unit or a Bulk Delivery Unit, or any combination thereof, of an amount or aggregate amount of Cocoa which is equal to the amount of Cocoa to be delivered under such Lots.
- (b) A Seller may only deliver a Tender for a Delivery Unit, if on or before the day and by the time specified for delivery of such Tender in the Administrative Procedures, the Delivery Unit:
 - (i) has a Warrant that has been immobilised and its details recorded on Guardian;
 - (ii) a Valid Grading Result;
 - (iii) has had the Rent paid in accordance with Rule EEEE.6(c) and this has been recorded by the Warehousekeeper on Guardian,
 - (iv) complies with Rule EEEE.5(e) and, if appropriate, Rule EEEE.5(f), EEEE.5(g), EEEE.7(d) and any other term in these Contract Rules.
- (c) The delivery of a Delivery Unit shall be made in a Warehouse in a geographic area (a “Delivery Area”) which is, in the Exchange’s opinion, in or sufficiently close to Amsterdam, Antwerp, Bremen, Hamburg, Le Havre, Liverpool, London or Rotterdam. The Exchange may from time to time de-list a Delivery Area or list any other Delivery Area which shall have such effect with regard to existing or new Contracts or both as the Exchange may determine in its absolute discretion.
- (d) A Seller shall deliver:
 - (i) a Standard or Large Delivery Unit which conforms to Rules EEEE.4 and EEEE.5, which is stored in a Warehouse as a clearly identifiable pile of bagged Cocoa in accordance with the Grading and Warehousekeeping Procedures in force at the time of delivery; or
 - (ii) a Bulk Delivery Unit which conforms to Rules EEEE.4 and EEEE.5, which is stored in a Warehouse as segregated loose Cocoa in accordance with the Grading and Warehousekeeping Procedures in force at the time of delivery.
- (e) A Grading Result issued in respect of a Delivery Unit shall be valid (“Valid Grading Result”) if:
 - (i) the Delivery Unit has been graded as “tenderable”;
 - (ii) it has not expired; subject to Rule EEEE.3(f):
 - (A) For contract months up to and excluding the May 2017 contract, the Grading Result will expire at the end of the sixth month after the date of issue of the Grading Result and any unexpired part of the month in which it was graded;
 - (B) For contract months from and including the May 2017 contract:

¹² Amended 26 May 2015, 12 October 2016

- (1) In respect of Standard or Large Delivery Units, the Grading Result will expire at the end of the sixth month after the date of issue of the first Grading Result including any unexpired part of the month in which it was graded, or, at the end of the twelfth month following the second and any subsequent grading including any unexpired part of the month in which it was graded;
 - (2) In respect of Bulk Delivery Units, the Grading Result will expire at the end of the twelfth month after the date of issue of the Grading Result including any unexpired part of the month in which it was graded; and
- (iii) it has not lapsed, subject to Rule EEEE.14(c)(i) or EEEE.15(c)(i), upon conversion of the Delivery Unit, or upon bagging, rebagging or debagging of Cocoa contained in the Delivery Unit or regrading of the Delivery Unit under the Grading and Warehousekeeping Procedures.
- (f) Notwithstanding that a Valid Grading Result may be due to expire in accordance with Rule EEEE.3(e)(iii), any such Valid Grading Result applying to a Nominated Bulk Delivery Unit shall continue to apply until the Conversion Settlement Day or the Extended Conversion Settlement Day, as the case may be.
- (g) If a Delivery Unit was graded by ICE Registered Cocoa Graders as not tenderable prior to May 2000, a Seller may submit such Delivery Unit for regrading.
- (h) If a Delivery Unit is graded by ICE Registered Cocoa Graders as not tenderable under these terms for the May 2000 or a following Delivery Month, a Seller shall not submit such Delivery Unit for regrading, except where permitted to do so by the Grading and Warehousekeeping Procedures.
- (i) Without prejudice to any exclusion of liability provision in the Regulations or the Clearing House Rules, neither the Exchange nor the Clearing House shall be liable for any loss or damage whatsoever, whether for negligence, breach of contract, misrepresentation or otherwise (other than for fraud or wilful default) in respect of:
 - (i) the failure by the Exchange or any Graders to grade or to issue a Grading Result by a particular date; or
 - (ii) the performance or non-performance by any Grader of any function relating to grading; or
 - (iii) the performance or non-performance of a Warehousekeeper of his supervisory duties; or
 - (iv) the performance or non-performance by any Warehousekeeper of his obligations pursuant to these Contract Rules or the Grading and Warehousekeeping Procedures; or
 - (v) the performance or non-performance of Guardian; or
 - (vi) the accuracy or availability of any information recorded on Guardian; or
 - (vii) the safeguarding of rights of any person entitled to a Warrant that has been immobilised or rights asserted by any person claiming to be entitled to be treated as owner; or
 - (viii) the legal consequences or enforceability of the Grading and Warehousekeeping Procedures in any jurisdiction; or
 - (ix) the performance or non-performance by any Supervision Company of his obligations; or
 - (x) the performance or non-performance of the Depository of his duties as an immobilised Warrant depository, including, but not limited to receiving, holding and administering Warrants that have been immobilised.

EEEE.4 QUALITY, CONDITION AND ORIGIN¹³

- (a) (i) A Seller shall deliver a Delivery Unit which is of a quality, condition and Origin which complies with this Rule EEEEE.4. The quality and condition of a Delivery Unit shall be evidenced by the Valid Grading Result for such Delivery Unit.
- (ii) A Delivery Unit to be delivered under a Contract may be subject to one or more Allowances as specified in these Contract Rules and by the Valid Grading Result and such Allowances shall be used in the calculation of the Invoicing Amount in accordance with Rule EEEEE.10(a).
- (b) A Seller shall deliver under a Contract a Delivery Unit in which not more than 20% of the beans are Slaty by count. A Delivery Unit in which:
 - (i) less than or equal to 5% of the beans are Slaty by count, shall be delivered under a Contract without a Slaty Allowance; and
 - (ii) more than 5% of the beans are Slaty by count but less than or equal to 20% of the beans are Slaty by count, shall be delivered under a Contract subject to the Slaty discount specified by the Valid Grading Result.
- (c) A Seller shall deliver under a Contract a Delivery Unit in which not more than 15% of the beans are Defective by count. A Delivery Unit in which:
 - (i) less than 5% of the beans are Defective by count, shall be delivered under a Contract subject to the Defective premium specified by the Valid Grading Result;
 - (ii) 5% of the beans are Defective by count, shall be delivered under a Contract without a Defective Allowance; and
 - (iii) more than 5% of the beans are Defective by count but less than or equal to 15% of the beans are Defective by count, shall be delivered under a Contract subject to the Defective discount specified by the Valid Grading Result.
- (d) A Seller shall deliver under a Contract a Delivery Unit which does not have more than 120 beans per 100g bean count. A Delivery Unit which is delivered with a bean count:
 - (i) of less than 100 beans per 100g, shall be delivered under a Contract subject to the bean count premium specified by the Valid Grading Result;
 - (ii) equal to 100 beans per 100g, shall be delivered under a Contract without a bean count Allowance; and
 - (iii) of more than 100 beans but less than or equal to 120 beans per 100g, shall be delivered under a Contract subject to the bean count discount specified by the Valid Grading Result.
- (e) A Seller shall deliver under a Contract a Delivery Unit which does not have a Standard Deviation of the Bean Count of more than 40. A Delivery Unit which is delivered with a Standard Deviation of the Bean Count:
 - (i) of 25 or less, shall be delivered without a Standard Deviation of the Bean Count Allowance; and

¹³ Amended 17 March 2015, 26 May 2015, 1 August 2015

- (ii) of more than 25 but less than or equal to 40, shall be delivered subject to the Standard Deviation of the Bean Count discount as specified by the Valid Grading Result.
- (f)
 - (i) A Seller shall deliver under a Contract a Delivery Unit which does not have a quantity of Residue and Foreign Matter in excess of the weight specified in the Grading and Warehousekeeping Procedures applicable to the Delivery Unit and the Origin. An Allowance calculated by reference to the scale of Allowances for Residue and Foreign Matter applicable to the Origin will be determined with respect to any Residue and Foreign Matter in the Delivery Unit in accordance with the Grading and Warehousekeeping Procedures.
 - (ii) A Seller shall deliver under a Contract a Delivery Unit which does not have a quantity of Bean clusters in excess of the weight specified in the Grading and Warehousekeeping Procedures applicable to the Delivery Unit. An Allowance calculated by reference to the scale of Allowances for Residue and Foreign Matter referred to in the Grading and Warehousekeeping Procedures will be determined in respect of any Bean clusters in a Delivery Unit of a quantity equal to or which exceeds the applicable weight specified in, and determined in accordance with, the Grading and Warehousekeeping Procedures.
- (g) For contract months from and including May 2017, a Seller shall deliver under a Contract a Delivery Unit where the level of FFA is 3.5% or less. A Delivery Unit which is delivered with a FFA content
 - (i) of less than or equal to 2%, shall be delivered without a FFA Allowance; and
 - (ii) of more than 2% but not over 3.5% , shall be subject to the FFA Allowance discount as specified by the Valid Grading Result.
- (h) A Seller shall deliver under a Contract a Delivery Unit the Cocoa in which, in the opinion of the ICE Registered Cocoa Graders upon grading:
 - (i) does not have a smoky, hammy or other taint or smell;
 - (ii) subject to Rule EEEE.4(f), does not contain a substance which is not inherent in Cocoa; or
 - (iii) subject to Rules EEEE.4(b), EEEE.4(c), EEEE.4(d), EEEE.4(e), EEEE.4(f) and EEEE.4(g), is not unsound.
- (i) A Seller shall deliver under a Contract a Delivery Unit which exclusively contains Cocoa from a single Origin.
 - (i) For contract months up to and excluding May 2017, the Cocoa must be from an Origin stated from time to time to be in the following Origin Groups. A Delivery Unit delivered under a Contract shall be subject to the discount stated in respect of the following Origin Groups, or such other discount as may be prescribed by the Exchange from time to time.
 - (A) Origin Group 1: Cocoa delivered from one of the following Origins shall not be subject to a discount: Ghana; Cote d'Ivoire; Nigeria; Sierra Leone; Togo; Cameroon; Equatorial Guinea; Democratic Republic of Congo (formerly known as Zaire); Western Samoa; Grenada Fine Estates; Trinidad & Tobago Plantation; and Jamaica.
 - (B) Origin Group 2: Cocoa delivered from one of the following Origins shall be subject to a discount of £25 per Tonne: Sao Tome and Principe; and Sri Lanka.
 - (C) Origin Group 3: Cocoa delivered from one of the following Origins shall be subject to a discount of £50 per Tonne: Brazil Bahia Superior; Brazil Vitoria Superior; Ecuador; and Papua New Guinea.

- (D) Origin Group 4: Cocoa delivered from the following Origin shall be subject to a discount of £75 per Tonne: Malaysia.
- (E) Origin Group 5: Cocoa delivered from any other Origin shall be subject to a discount of £100 per Tonne; or
 - (ii) For contract months from and including May 2017, the Cocoa must be from a single Origin which is contained in the list of Origin Groups determined by the Exchange from time to time. A Delivery Unit delivered under a Contract shall be subject to a discount stated in respect of its Origin Group as determined by the Exchange from time to time.
- (j) The Exchange may at its discretion, in respect of an Origin:
 - (i) remove such Origin from, or add it to, an Origin Group;
 - (ii) move such Origin between Origin Groups; and
 - (iii) vary a discount which applies to Cocoa delivered from such Origin in an Origin Group.

Any such variation, addition or deletion shall have such effect with regard to existing or new Contracts or both as the Exchange may determine in its absolute discretion.
- (k) In respect of a Delivery Unit delivered under a Contract, the Origin as stated in the bill of lading or, if more than one bill of lading, each bill of lading in respect of Cocoa contained in the Delivery Unit, shall be prima facie evidence of the relevant Origin of such Cocoa.
- (l) A Seller shall deliver a Delivery Unit which only contains Cocoa shipped during the same Shipment Period. In respect of a Delivery Unit delivered under a Contract, the date of issue of the bill of lading or, if more than one bill of lading, each bill of lading in respect of Cocoa contained in the Delivery Unit, shall be prima facie evidence of the relevant Shipment Period of such Cocoa. In respect of the Shipment Period, the date of issue of the bill of lading shall take precedence over any other date specified in the bill of lading.
- (m) Cocoa:
 - (i) in which more than 20% of the beans are Slaty by count;
 - (ii) in which more than 15% of the beans are Defective by count;
 - (iii) which has more than 120 beans per 100g bean count;
 - (iv) which has a Standard Deviation of the Bean Count of more than 40;
 - (v) which has a quantity of:
 - (A) Residue and Foreign Matter; or
 - (B) Bean clusters

in excess of the weight specified in the Grading and Warehousekeeping Procedures applicable to the Delivery Unit and, in the case of Residue and Foreign Matter, the Origin;
 - (vi) for contract months from and including May 2017, for Bulk Cocoa where the level of FFA is above 3.5%
 - (vii) which does not comply with Rule EEEE.4(h); or

- (viii) which has at any time been graded as not tenderable by ICE Registered Cocoa Graders under these Contract Rules,

shall not form part or all of a Delivery Unit and shall not be delivered by a Seller under a Contract. Notwithstanding Rule EEEE.4(m)(vii), if a Delivery Unit has been regraded pursuant to Rule EEEE.3(h) or GWPs E 1.7 and E 1.10, respectively, and a Valid Grading Result has been issued, Cocoa forming part or all of that Delivery Unit may be delivered by a Seller under a Contract.

EEEE.5 PACKING AND WEIGHTS¹⁴

- (a) Subject to Rule EEEE.5(b), Cocoa to be delivered in a Standard or Large Delivery Unit shall be packed in sound bags in external good order and meeting the criteria prescribed by the Exchange from time to time.
- (b) Cocoa contained in a Delivery Unit which is recorded on Guardian may only be bagged, rebagged or debagged in a Warehouse in accordance with the Grading and Warehousekeeping Procedures in force at the time of such bagging, rebagging or debagging. The Clearing House may, at its absolute discretion, supervise the bagging, rebagging or debagging of Cocoa contained in a Delivery Unit.
- (c) Each bag of Cocoa contained in a Standard or Large Delivery Unit shall not have a Gross Weight of more than 75 kilogrammes.
- (d) Each Delivery Unit to be delivered by a Seller under a Contract shall be invoiced in accordance with Rule EEEE.10(a). In Rule EEEE.10(a) the “Net Weight” referred to in “A” shall be calculated in accordance with this Rule EEEE.5(d) and shall equal:
 - (i) the actual weight of a Delivery Unit as specified on the Warrant details recorded on Guardian (“Gross Weight”);
 - (ii) less the weight of any samples drawn from such Delivery Unit after it was last weighed; and
 - (iii) in respect of a Standard or Large Delivery Unit, less the actual tare of the Delivery Unit, to the nearest gramme, as specified on the Warrant details recorded on Guardian.
- (e) A Seller shall deliver under a Contract a Delivery Unit which:
 - (i) in respect of a Standard Delivery Unit, has a Net Weight within a tolerance of 1.5 % above or below the weight specified in Rule EEEE.1(b) for a Standard Delivery Unit;
 - (ii) in respect of a Large Delivery Unit, has a Net Weight within a tolerance of 1.5 % above or 1.0% below the weight specified in Rule EEEE.1(b) for a Large Delivery Unit; or
 - (iii) in respect of a Bulk Delivery Unit, has a Net Weight within a tolerance of 1.5% above or 0.5% below the weight specified in Rule EEEE.1(b) for a Bulk Delivery Unit.

For the avoidance of doubt, the Buyer shall not reject a Delivery Unit for not being delivered at the Contract weight, provided it is delivered within the tolerance band for such Delivery Unit as specified in this Rule EEEE.5(e).

- (f) For contract months up to and excluding May 2017, a Seller shall only deliver a Standard or Large Delivery Unit under a Contract if the Tender in respect of such Delivery Unit is delivered in accordance with these Contract Rules on a day which is not more than thirty-six months after the last

¹⁴ Amended 26 May 2015

day of the month in which the Delivery Unit was last weighed. If the Tender is delivered more than six months, but less than thirty-six months, after the last day of the month in which the Delivery Unit was last weighed, the Seller shall accept a deduction from the Contract price of a sum equal to 0.25% of the EDSP for the relevant Delivery Month, per Tonne Net Weight for every additional period of six months or part thereof from the date the Delivery Unit was last weighed, subject to a maximum deduction of 1.25%.

- (g) For contract months from and including May 2017, the Seller shall accept a deduction from the Contract price in accordance with:
 - (i) for Delivery Units delivered within the first 183 days from the Original Weigh Date a weight allowance will accrue at a rate of 0.5% per 183 days,
 - (ii) for Delivery Units delivered from 184 to 548 days after the Original Weigh Date, a weight allowance will accrue at a rate of 0.5% per 365 days (in addition to any accrued allowance from the first 183 days),
 - (iii) for Delivery Units delivered from 549 to 913 days after the Original Weigh Date, a weight allowance will accrue at a rate of 0.25% per 365 days (in addition to any accrued allowance from the first 548 days)

After 913 days after the Original Weigh Date, the total allowance of 1.25% will have been fully allocated and the Delivery Unit will attract no further allowance.

Delivery Units may be re-weighed at any time. After re-weighing, the nominal weight loss will be calculated from the Last Weigh Date rather than the Original Weigh Date, and

- (h) A Delivery Unit shall be weighed or reweighed in a Warehouse in accordance with the Grading and Warehousekeeping Procedures in force at the time of such weighing or reweighing.

EEEE.6 PRICE¹⁵

- (a) The Contract price shall be expressed in Pounds per Tonne.
- (b) For contract months up to and excluding May 2017 only, subject to any other Allowances specified in these Contract Rules or by the Valid Grading Result for a Delivery Unit:
 - (i) a Standard Delivery Unit or a Large Delivery Unit delivered under a Contract shall not be subject to a discount; and
 - (ii) a Bulk Delivery Unit delivered under a Contract shall be subject to a Bulk Delivery Unit discount of £20 per Tonne to the Contract price.
- (c) Notwithstanding Rule EEEE.15(i)(ii), the Seller shall pay all Rent and Fumigation Charges up to and including the Settlement Day, except in respect of a Nominated Bulk Delivery Unit, in which case all Rent and Fumigation Charges shall be paid up to the Conversion Settlement Day or the Extended Conversion Settlement Day, as the case may be. Any Rent and Fumigation Charges paid by the Seller beyond the relevant Settlement Day shall be borne by the Seller and not the Buyer.

EEEE.7 IMPORT DUTY

- (a) Subject to Rule EEEE.7(c), a Seller may deliver Cocoa qualifying on account of its Origin for a nil or reduced rate of import duty ("Preferential Rate of Import Duty"), if:

¹⁵ Amended 26 May 2015

- (i) sufficient documentation has been lodged with the appropriate authorities to enable the Buyer to take delivery of Cocoa contained in a Delivery Unit at a Preferential Rate of Import Duty in the country of importation (“Import Duty Documentation”); or
 - (ii) the Preferential Rate of Import Duty has been paid.
- (b) A Seller shall deliver Cocoa which does not qualify for a Preferential Rate of Import Duty under Rule EEEE.7(a) as either:
 - (i) import duty unpaid, and any duty will be payable by the Buyer; or
 - (ii) import duty paid, and any duty paid or payable will be borne by the Seller.
- (c) The Clearing House may, at its absolute discretion, request the Seller to provide to the Clearing House evidence that paragraph (i) or (ii) of Rule EEEE.7(a) has been complied with (“Evidence of Import Duty”). The Evidence of Import Duty shall be in the form required by the Clearing House in its absolute discretion from time to time. If the Seller fails to provide satisfactory Evidence of Import Duty to the Clearing House which will entitle the Buyer to claim a Preferential Rate of Import Duty in the country of importation, the Cocoa contained in the Delivery Unit shall be delivered by the Seller as either import duty unpaid or paid in accordance with Rule EEEE.7(b).
- (d) Each Delivery Unit recorded on Guardian shall state:
 - (i) if Cocoa contained in a Delivery Unit is subject to either a Preferential Rate of Import Duty or a non-Preferential Rate of Import Duty; and
 - (ii) in respect of Cocoa which is subject to a Preferential Rate of Import Duty, if either Import Duty Documentation has been lodged with and accepted by the appropriate authorities or the Preferential Rate of Import Duty has been paid.
- (e) No adjustment shall be made to the Contract price on account of:
 - (i) any difference between Preferential Rates of Import Duty and non-Preferential Rates of Import Duty; or
 - (ii) payment or non-payment, as the case may be, of import duty in respect of Cocoa delivered under a Contract.

EEEE.8 LAST TRADING DAY

- (a) On the Last Trading Day:
 - (i) trading in Contracts for the relevant Delivery Month shall cease at such time as may be specified for that purpose in the Administrative Procedures; and
 - (ii) the Exchange will calculate the EDSP for such Contracts in accordance with Rule EEEE.9.

EEEE.9 EXCHANGE DELIVERY SETTLEMENT PRICE (“EDSP”)¹⁶

- (a) Paragraphs (i), (ii) and (iii) of this Rule EEEE.9(a) are subject to Rule EEEE.9(b). The EDSP for Contracts for a particular Delivery Month shall be calculated by Exchange officials on the Last Trading Day as follows:

¹⁶ Amended 26 May 2015

- (i) if (as far as reasonably ascertainable) one or more Contracts for that Delivery Month has been made on the Last Trading Day during the period specified for this purpose in the Administrative Procedures, then:
 - (A) if only one Contract has been made, the EDSP shall be the price (as far as reasonably ascertainable) at which that Contract was made; or
 - (B) if more than one Contract has been made, the EDSP shall be the average rounded down to the nearest pound of the prices (as far as reasonably ascertainable) at which such Contracts were made, weighted by reference to the number of Lots (as far as reasonably ascertainable) comprised in each such Contract;
 - (ii) if (as far as reasonably ascertainable) on the Last Trading Day, during the period specified for this purpose in the Administrative Procedures, no Contract for that Delivery Month has been made but both an offer (or offers) and a bid (or bids) have been made in respect of a Contract (or Contracts) for that Delivery Month, then the EDSP shall be the average of the lowest price (as far as reasonably ascertainable) at which such an offer was made and the highest price (as far as reasonably ascertainable) at which such a bid was made and such average shall be rounded down to the nearest pound;
 - (iii) if (as far as reasonably ascertainable) on the Last Trading Day, during the period specified for this purpose in the Administrative Procedures, no Contract for that Delivery Month has been made and either no offer or no bid has been made in respect of a Contract (or Contracts) for that Delivery Month, then Exchange officials shall determine the EDSP by reference inter alia to the price at which any offer or bid, as the case may be, in respect of a Contract for that Delivery Month was made during such period on such day; or
 - (iv) if (as far as reasonably ascertainable) on the Last Trading Day, during the period specified for this purpose in the Administrative Procedures, no Contract for that Delivery Month has been made and neither an offer nor a bid have been made in respect of a Contract (or Contracts) for that Delivery Month, then Exchange officials may in their absolute discretion fix the EDSP at a price determined by them as being consistent with the prices at which any Contracts or any offers or bids in respect of a Contract were made on the Last Trading Day for the Delivery Month and period referred to in Rules EEEE.9(b)(i) and (ii) below and, if necessary, rounded down to the nearest Pound.
- (b) If in the opinion of Exchange officials, the EDSP which would result from a calculation made in accordance with Rule EEEE.9(a)(i), (ii) or (iii) would not be consistent with the prices at which any Contracts, or other related contracts, or any offers or bids in respect of a Contract, or other related contracts, were made on the Last Trading Day for:
- (i) the relevant Delivery Month prior to the applicable period referred to in Rule EEEE.9(a)(i), (ii) or (iii), as the case may be; or
 - (ii) any other Delivery Month during the applicable period referred to in Rule EEEE.9(a)(i), (ii) or (iii), as the case may be,

then Exchange officials may in their absolute discretion fix the EDSP at a price determined by them as being consistent with the prices, offers or bids for the Delivery Month and period referred to in paragraphs (i) or (ii) above, and, if necessary, rounded down to the nearest Pound.

- (c) The Exchange shall publish the EDSP by the time specified for that purpose in the Administrative Procedures. The EDSP shall be final and binding for all purposes.

EEEE.10 INVOICING AMOUNT¹⁷

- (a) Subject to Rule EEEE.10(b), the “Invoicing Amount” in respect of each Delivery Unit to be delivered under a Contract shall be a sum calculated in accordance with the formula:

$$((\text{Contract weight} + A) \times (\text{EDSP} + B)) + C$$

where:

EDSP = the EDSP for the Delivery Month.

A = the Net Weight less the Contract weight.

B = any Allowances made in accordance with Rules EEEE.4, EEEE.5(f), EEEE.1.5(g) and EEEE.6(b)(ii) and these Contract Rules.

C = any Allowance made under Rule EEEE.15(i).

- (b) Where the sum calculated in accordance with Rule EEEE.10(a) is not a number of Pounds and whole pence, if such sum is:

(i) less than a number of Pounds, pence and a whole half penny, such sum shall be rounded down to the nearest sum which is a number of Pounds and whole pence; and

(ii) equal to or more than a number of Pounds, pence and a whole half penny, such sum shall be rounded up to the nearest sum which is a number of Pounds and whole pence,

and the Invoicing Amount shall be such nearest sum.

- (c) In respect of a registered Contract, the final Invoicing Amount in respect of a Delivery Unit shall be paid by or to the Clearing House (as the case may require) in accordance with Rules EEEE.16(a) and EEEE.16(f) and the Administrative Procedures.

EEEE.11 SETTLEMENT PAYMENTS

- (a) In respect of each Lot referred to in a Seller’s Delivery Notice, in addition to any other payment required by these Contract Rules, the following payments shall be made by the time specified for that purpose in the Administrative Procedures:

(i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require); and

(ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require),

of an amount calculated as the difference, in Pounds multiplied by 10 in respect of each Lot, between the EDSP and the Contract price.

EEEE.12 SELLER’S DELIVERY NOTICE AND NOTIFICATIONS TO SELLER

- (a) A Seller in whose name are registered one or more Contracts shall give to the Clearing House a Seller’s Delivery Notice in respect of each Lot not later than the time on the Notice Day specified for that purpose in the Administrative Procedures.

¹⁷ Amended 26 May 2015

- (b) A Seller's Delivery Notice shall be presented to the Clearing House by the Seller by such means and in a form prescribed from time to time by the Clearing House. The Seller's Delivery Notice shall in respect of each Delivery Unit to be delivered by the Seller specify the information set out in the Administrative Procedures and such other information as the Clearing House may prescribe from time to time.
- (c) By the time specified for that purpose in the Administrative Procedures on the Notice Day, the Clearing House may in respect of any Bulk or Large Delivery Units specified in the Seller's Delivery Notice, direct the Seller to convert one or more Large Delivery Units into Standard Delivery Units or one or more Bulk Delivery Units into Large or Standard Delivery Units or both.
- (d) If the Clearing House has made a direction pursuant to Rule EEEE.12(c), the Seller shall, by the time specified for that purpose in the Administrative Procedures on the first Business Day immediately following the Notice Day, notify the Clearing House by such means and in a form from time to time prescribed by the Clearing House that it shall comply with such direction by:
 - (i) converting the Delivery Unit specified in the Seller's Delivery Notice in respect of which such direction was made and shall promptly instruct the Warehousekeeper to undertake such conversion; or
 - (ii) converting one or more other Delivery Units as determined by the Seller, specifying the relevant details of each such Delivery Unit, provided that each such Delivery Unit:
 - (A) in aggregate, is of an amount of Cocoa to enable the Seller to fulfil its delivery obligations under the relevant Lots;
 - (B) complies with Rule EEEE.3(b);
 - (C) if not of the same size as the Delivery Unit in respect of which such direction was made, is of a size acceptable to the Clearing House, as determined in its absolute discretion, to facilitate delivery by the Clearing House of the relevant Lots; and
 - (D) if it is the same size as the Delivery Unit in respect of which such direction was made, does not have one or more discounts to the Contract price in respect of the quality or condition as specified by the Valid Grading Result which is greater than any discount awarded in respect of the same category of quality or condition for the Delivery Unit specified in the Seller's Delivery Notice in respect of which such direction was made,
 and shall promptly instruct the Warehousekeeper to undertake such conversion; or:
 - (iii) substituting the Delivery Unit specified in the Seller's Delivery Notice in respect of which such direction was made with such other Delivery Units as determined by the Seller, specifying the relevant details of each such Delivery Unit, provided that each such Delivery Unit:
 - (A) in aggregate, is of an amount of Cocoa to enable the Seller to fulfil its delivery obligations under the relevant Lots;
 - (B) complies with Rule EEEE.3(b); and
 - (C) if not of a size required by the Clearing House as specified in its discretion, is of a size acceptable to the Clearing House, as determined in its absolute discretion, to facilitate delivery by the Clearing House of the relevant Lots.

If the Seller makes a notification under Rule EEEE.12(d)(ii) or (iii), the Seller shall in respect of each Delivery Unit to be delivered by the Seller give to the Clearing House the information set

out in the Administrative Procedures and such other information as the Clearing House may prescribe from time to time.

- (e) If the Seller has made a notification to the Clearing House under Rule EEEE.12(d)(i) or (ii), the Seller shall, as applicable:
 - (i) convert each Nominated Large Delivery Unit in accordance with Rule EEEE.14 and deliver each Converted Delivery Unit on the Settlement Day in accordance with Rule 16(a)(i); and
 - (ii) convert each Nominated Bulk Delivery Unit in accordance with Rule EEEE.15 and deliver each Converted Delivery Unit on the Conversion Settlement Day or the Extended Conversion Settlement Day, as the case may be, in accordance with Rule 16(a)(ii).
- (f) A Seller shall not remove, substitute or vary a Tender, or any of its terms, after the time on the relevant Day specified in the Administrative Procedures for delivery of the Tender to the Clearing House, unless:
 - (i) the Seller has obtained the prior consent of the Clearing House, the Clearing House has obtained the Buyer's prior written consent in respect of any Lots referred to in the Tender which have been allocated to such Buyer under Rule EEEE.13(d) and the Seller has notified the Clearing House of the proposed removal, substitution or variation;
 - (ii) the Seller makes a notification to the Clearing House under Rule EEEE.12(d); or
 - (iii) the Seller is directed by the Clearing House to make a substitution of the Tender, or any of its terms.
- (g) The Clearing House shall not be obliged to accept a Tender in respect of one or more Lots, unless:
 - (i) the Tender complies with Rules EEEE.12(b), EEEE.12(d) and EEEE.12(f), as applicable; and
 - (ii) the Seller is able to present such other documents or information in respect of such Lots or the Delivery Units to be delivered in respect of such Lots, as may be required by the Clearing House under Rule EEEE.12(f).
- (h) By the time specified for that purpose in the Administrative Procedures on the first Business Day immediately following the Notice Day, the Clearing House shall make available to the Seller:
 - (i) details of the final Invoicing Amount payable to the Seller by the Clearing House in respect of each Delivery Unit to be delivered by the Seller, other than a Nominated Delivery Unit; and
 - (ii) details of the provisional Invoicing Amount payable to the Seller by the Clearing House in respect of each Converted Delivery Unit to be delivered by the Seller which is formed upon the conversion of a Nominated Delivery Unit.

EEEE.13 BUYER'S NOTIFICATION AND ALLOCATION AND NOTIFICATIONS TO BUYERS

- (a) A Buyer shall give to the Clearing House a Buyer's Position Notice in respect of each Lot not later than the time on the Notice Day specified for that purpose in the Administrative Procedures.
- (b) A Buyer's Position Notice shall be presented to the Clearing House by the Buyer by such means and in a form prescribed from time to time by the Clearing House. The Buyer's Position Notice shall in respect of one or more Contracts specify the number of Lots to be delivered by the Clearing House to

the Buyer, and by the Buyer to each of its underlying clients, and such other information as the Clearing House may prescribe from time to time.

- (c) A Buyer shall not remove, substitute or vary a Buyer's Position Notice, or any of its terms, after the time on the Notice Day specified in the Administrative Procedures for delivery of the Buyer's Position Notice to the Clearing House, without the Clearing House's prior consent.
- (d)
 - (i) In respect of registered Contracts, the Clearing House will, not later than the time on the first Business Day after the Notice Day specified for that purpose in the Administrative Procedures, allocate to a Clearing Member registered as a Buyer one or more Delivery Units referred to in a Tender in respect of each Lot to be delivered to it by the Clearing House and by such method of allocation as may be specified in the Clearing House procedures.
 - (ii) The allocation to a Buyer of any Converted Delivery Unit under paragraph (i) of this Rule EEEE.13(d) will be a provisional allocation and the Clearing House shall confirm to the Buyer, in accordance with Rule EEEE.14(f)(ii) and EEEE.15(h)(ii), as applicable, the final allocation of the Converted Delivery Units to be delivered by the Clearing House.
- (e) The Buyer shall accept the allocation of each Delivery Unit made by the Clearing House under Rule EEEE.13(d) and under Rules EEEE.14(f)(ii) or EEEE.15(h)(ii), as applicable, notwithstanding that such allocation may not reflect either the requirements of the Buyer, or any of the Buyer's underlying clients, or the information provided by the Buyer to the Clearing House in the Buyer's Position Notice.
- (f) By the time specified for that purpose in the Administrative Procedures on the first Business Day immediately following the Notice Day, the Clearing House shall make available to the Buyer:
 - (i) details of the final Invoicing Amount payable by the Buyer to the Clearing House in respect of each Delivery Unit allocated to the Buyer, other than a Delivery Unit to be converted from a Nominated Delivery Unit; and
 - (ii) details of the provisional Invoicing Amount payable by the Buyer to the Clearing House in respect of each Converted Delivery Unit to be converted from a Nominated Delivery Unit which has been provisionally allocated to the Buyer.
- (g) The Buyer acknowledges and agrees that any information provided by the Clearing House pursuant to Rules EEEE.13(d) or EEEE.13(f)(ii) may be amended from time to time by the Clearing House under Rules EEEE.14(f)(ii) and EEEE.15(h)(ii).

EEEE.14 CONVERSION OF NOMINATED LARGE DELIVERY UNITS AND FINAL ALLOCATION¹⁸

- (a) This Rule EEEE.14 shall apply to each Nominated Large Delivery Unit in respect of which the Seller has made a notification to the Clearing House under Rule EEEE.12(d)(i) or (ii) and each Converted Delivery Unit formed upon conversion of such Nominated Large Delivery Unit.
- (b) A Seller shall convert a Nominated Large Delivery Unit in accordance with this Rule EEEE.14 and the Grading and Warehousekeeping Procedures in force at the time of delivery. The costs of converting such Delivery Unit shall be borne by the Seller. The Clearing House may, at its absolute discretion, supervise the conversion of a Nominated Large Delivery Unit.

¹⁸ Amended 26 May 2015

- (c) Upon conversion of a Nominated Large Delivery Unit:
- (i) its Valid Grading Result shall apply to each Converted Delivery Unit including, for contract months from and including May 2017, where appropriate any FFA allowance attributed to it under Rule EEEE.4(g)(ii); and
 - (ii) each Converted Delivery Unit shall be weighed and issued with a new Warrant by the Warehousekeeper in accordance with the Grading and Warehousekeeping Procedures in force at the time of delivery.
- (d) By the time specified for that purpose in the Administrative Procedures on the first Business Day immediately prior to the Settlement Day, the Seller shall have:
- (i) completed the conversion of each Nominated Large Delivery Unit;
 - (ii) complied with Rule EEEE.14(c)(ii) in respect of each Converted Delivery Unit and ensure that such Converted Delivery Unit has a Net Weight within the tolerance specified in Rule EEEE.5(e)(i);
 - (iii) presented a notice to the Clearing House by such means and in a form from time to time prescribed by the Clearing House, specifying in respect of each Converted Delivery Unit the information set out in the Administrative Procedures and such other information as the Clearing House may require from time to time; and
 - (iv) requested the Warehousekeeper to record on Guardian the Warrant number for, and weight details of, each Converted Delivery Unit together with such other information as the Clearing House may require the Warehousekeeper to provide from time to time.
- (e) The Seller shall deliver on the Settlement Day each Converted Delivery Unit in respect of which the Seller has complied with Rule EEEE.14(d). If the Seller has not complied with Rule EEEE.14(d) in respect of any Converted Delivery Unit, the Seller shall be deemed to be in Default in Performance of its obligations under Rule EEEE.18 entitling the Clearing House to take such steps as it deems appropriate under any of the provisions of Rule EEEE.18 including, without limitation, under Rule EEEE.18(e)(i).
- (f) The Clearing House shall, by the time specified for that purpose in the Administrative Procedures on the first Business Day immediately prior to the Settlement Day make available to:
- (i) the Seller, in respect of each Converted Delivery Unit to be delivered by the Seller, details of the final Invoicing Amount payable to the Seller in respect of each such Converted Delivery Unit; and
 - (ii) the Buyer, confirmation of the final allocation of the Converted Delivery Units derived from one or more Nominated Large Delivery Units to be delivered to it and details of the final Invoicing Amount payable by the Buyer in respect of each such Converted Delivery Unit.

EEEE.15 CONVERSION OF NOMINATED BULK DELIVERY UNITS AND FINAL ALLOCATION¹⁹

- (a) This Rule EEEE.15 shall apply to each Nominated Bulk Delivery Unit in respect of which the Seller has made a notification to the Clearing House under Rule EEEE.12(d)(i) or (ii) and each Converted Delivery Unit formed upon conversion of such Nominated Bulk Delivery Unit.

¹⁹ Amended 26 May 2015

- (b) A Seller shall convert a Nominated Bulk Delivery Unit in accordance with this Rule EEEE.15 and the Grading and Warehousekeeping Procedures in force at the time of delivery. The costs of converting such Delivery Unit shall be borne by the Seller. The Clearing House may, at its absolute discretion, supervise the conversion of a Nominated Bulk Delivery Unit.
- (c) Upon conversion of a Nominated Bulk Delivery Unit:
 - (i) its Valid Grading Result shall apply to each Converted Delivery Unit including, for contract months from and including May 2017, where appropriate any FFA allowance attributed to it under Rule EEEE.4(g)(ii); and
 - (ii) each Converted Delivery Unit shall be weighed and issued with a new Warrant by the Warehousekeeper in accordance with the Grading and Warehousekeeping Procedures in force at the time of delivery.
- (d) By the time specified for that purpose in the Administrative Procedures on the first Business Day immediately prior to the Conversion Settlement Day, the Seller shall have:
 - (i) completed the conversion of each Nominated Bulk Delivery Unit;
 - (ii) complied with Rule EEEE.15(c)(ii) in respect of each Converted Delivery Unit and ensure that such Converted Delivery Unit has a Net Weight within the tolerance specified in Rule EEEE.5(e)(i) or (ii), as the case may be;
 - (iii) presented a notice to the Clearing House by such means and in a form from time to time prescribed by the Clearing House, specifying in respect of each Converted Delivery Unit the information set out in the Administrative Procedures and such other information as the Clearing House may require from time to time; and
 - (iv) requested the Warehousekeeper to record on Guardian the Warrant number for, and weight details of, each Converted Delivery Unit together with such other information as the Clearing House or the Clearing House may require the Warehousekeeper to provide from time to time.
- (e) The Seller shall notify the Clearing House by such means and in a form from time to time prescribed by the Clearing House as soon as the Seller becomes aware that it is, or is likely to be, unable to comply with Rule EEEE.15(d). Such notice shall not be provided later than the time specified for that purpose in the Administrative Procedures on the first Business Day immediately prior to the Conversion Settlement Day. The Seller shall specify in such notice the circumstances and reason for non-compliance with Rule EEEE.15(d), an estimate of the date when the Seller will comply with such Rule, the number of Lots affected and such other information as the Clearing House may require from time to time.
- (f) If upon receiving a notification under Rule EEEE.15(e), the Clearing House determines in its absolute discretion that the Seller is unable to comply with Rule EEEE.15(d):
 - (i) due to an event occurring which is beyond the reasonable control of the Seller or the Warehousekeeper, as the case may be, which without prejudice to the foregoing, may include the unavailability or breakdown of machinery used to convert the Nominated Delivery Unit or the unavailability of bags meeting the criteria prescribed by the Clearing House from time to time, the Clearing House shall determine in its absolute discretion whether to move the Conversion Settlement Day to ten Business Days immediately following the Conversion Settlement Day (“Extended Conversion Settlement Day”) to enable the Seller to comply with Rule EEEE.15(d) by the time specified for that purpose in the Administrative Procedures on the first Business Day immediately prior to the Extended Conversion Settlement Day; or

- (ii) due to an event occurring which does not fall within Rule EEEE.15(f)(i) above, the Seller shall:
 - (A) deliver on the Conversion Settlement Day Converted Delivery Units which comply with Rule EEEE.15(d); and
 - (B) in relation to those Lots in respect of which the Seller is unable to deliver Converted Delivery Units, be deemed to be in Default in Performance of its obligations under Rule EEEE.18 entitling the Clearing House to take such steps as it deems appropriate under any of the provisions of Rule EEEE.18 including, without limitation, Rule EEEE.18(e)(i).

The Clearing House shall notify the Seller and the Buyer of any determination made under this Rule EEEE.15(f).

- (g) By the time specified for that purpose in the Administrative Procedures on the first Business Day immediately prior to the Extended Conversion Settlement Day:
 - (i) the Seller shall have complied with Rule EEEE.15(d); and
 - (ii) if the Seller has not complied fully with Rule EEEE.15(d):
 - (A) the Seller shall deliver on the Extended Conversion Settlement Day Converted Delivery Units which comply with Rule EEEE.15(d); and
 - (B) in respect of any Converted Delivery Unit which does not comply with Rule EEEE.15(d), the Clearing House may:
 - (1) in its absolute discretion take such steps as it deems appropriate under any of the provisions of Rule EEEE.18 including, without limitation, Rule EEEE.18(e)(i); or
 - (2) if the Seller is unable to comply with its obligations under Rule EEEE.15(d) due to an event of force majeure under Rule EEEE.20(a), take such steps as it deems appropriate to facilitate a mutually acceptable arrangement between the parties, which may be on such terms and take such form as is acceptable to the Clearing House, the Seller and the Buyer, and in the absence of such an arrangement, shall refer the matter to the Exchange for its determination which shall be made in accordance with Rule EEEE.20(e).
- (h) The Clearing House shall, by the time specified for that purpose in the Administrative Procedures on the first Business Day immediately prior to the Conversion Settlement Day or on the first Business Day immediately prior to the Extended Conversion Settlement Day, as the case may be, make available to:
 - (i) the Seller details of the final Invoicing Amount payable to the Seller in respect of each Converted Delivery Unit which complies with Rules EEEE.15(d) and EEEE.5(e)(i) or (ii), as the case may be, to be delivered by the Seller and; and
 - (ii) the Buyer, confirmation of the final allocation of Converted Delivery Units derived from Nominated Bulk Delivery Units to be delivered to it on the Conversion Settlement Day or the Extended Conversion Settlement Day and details of the final Invoicing Amount payable by the Buyer in respect each such Converted Delivery Unit.
- (i) The Buyer shall pay a premium on the Contract of a sum equal to:
 - (i) the Interest Rate multiplied by the EDSP for the relevant Delivery Month per Tonne Net Weight in respect of each Converted Delivery Unit to be delivered to it for each day after

the Settlement Day up to and including the Conversion Settlement Day or the Extended Conversion Settlement Day, as the case may be; and

- (ii) the daily rate per Tonne of the Gross Weight of each Converted Delivery Unit in respect of all Rent and Fumigation Charges, in an amount determined by the Exchange from time to time, which have been paid from the Settlement Day up to and including the Conversion Settlement Day or the Extended Conversion Settlement Day, as the case may be.
- (j) The Seller and the Buyer shall comply with any instructions and determination made by the Clearing House under this Rule EEEE.15. In the case of any disagreement between the Clearing House and the Seller as to whether the Seller can comply with Rule EEEE.15(d) within such time as the Clearing House may specify, the determination of the Clearing House shall be final.

EEEE.16 DELIVERY

- (a) No later than the time specified for that purpose in the Administrative Procedures, the Buyer shall make payment to the Clearing House of the final Invoicing Amount:
 - (i) on the Settlement Day in respect of each Delivery Unit allocated to the Buyer, other than a Delivery Unit to be converted from a Nominated Bulk Delivery Unit, in accordance with these Contract Rules and the Clearing House Rules; and
 - (ii) on the Conversion Settlement Day or on the Extended Conversion Settlement Day, as the case may be, in respect of each Converted Delivery Unit formed upon the conversion of a Nominated Bulk Delivery Unit allocated to the Buyer in accordance with these Contract Rules and the Clearing House Rules.

Payment is to be made without prejudice to the reference of any claim or dispute to arbitration.

- (b) The Seller shall ensure that the Warrant details recorded on Guardian in respect of each Delivery Unit are accurate and complete in all respects.
- (c) Notwithstanding Rule EEEE.15(i)(ii), Rent and Fumigation Charges in respect of each Delivery Unit shall be paid by the Seller in accordance with Rule EEEE.6(c).
- (d) The Seller shall represent and warrant to the Buyer that each Delivery Unit delivered by the Seller is free from any security interest, lien or encumbrance. The Seller shall indemnify the Buyer on demand against each loss, liability and cost which the Buyer incurs or suffers arising out of any claim, made or action brought or threatened alleging infringement of the rights of any third party in respect of any Delivery Unit delivered by the Seller under a Contract.
- (e) For the avoidance of doubt, notwithstanding that the Clearing House is not recorded as the owner of a Delivery Unit on Guardian, it is the buyer to the Seller and the seller to the Buyer in the process of transferring ownership of the Delivery Unit.
- (f) No later than the time specified for that purpose in the Administrative Procedures, the Clearing House shall make payment to the Seller of the final Invoicing Amount, at which point the Seller will be deemed to have transferred the Delivery Unit to the Clearing House:
 - (i) on the Settlement Day in respect of each Delivery Unit delivered by the Seller, other than a Delivery Unit to be converted from a Nominated Bulk Delivery Unit, in accordance with these Contract Rules and the Clearing House Rules; and
 - (ii) on the Conversion Settlement Day or on the Extended Conversion Settlement Day, as the case may be, in respect of each Converted Delivery Unit formed upon the conversion of a

Nominated Bulk Delivery Unit delivered by the Seller in accordance with these Contract Rules and the Clearing House Rules.

- (g) No later than the time specified for that purpose in the Administrative Procedures, if the Buyer has paid the final Invoicing Amount in respect of a Delivery Unit, the records on Guardian will be updated to reflect the change in ownership from Seller to Buyer in respect of such Delivery Unit, at which point the Buyer will be deemed to have taken up the Delivery Unit from the Clearing House:
 - (i) on the Settlement Day in respect of each Delivery Unit allocated to the Buyer, other than a Delivery Unit to be converted from a Nominated Bulk Delivery Unit; or
 - (ii) on the Conversion Settlement Day or the Extended Conversion Settlement Day, as the case may be, in respect of each Converted Delivery Unit formed upon the conversion of a Nominated Bulk Delivery Unit allocated to the Buyer,

in accordance with these Contract Rules and the Clearing House Rules. Each Warrant is to be taken up by the Buyer without prejudice to the reference of any claim or dispute to arbitration. The Clearing House is under no obligation to effect delivery if the Buyer has not paid the final Invoicing Amount in respect of the Delivery Unit which is the subject of the Warrant.

- (h) Without prejudice to any steps taken by the Clearing House under Rule EEEE.18, if payment is not made by the time and on the day prescribed for that purpose in the Administrative Procedures, the Clearing House may sell the Delivery Unit in respect of which payment has not been made. Any surplus or deficit resulting from such sale, with an account for interest and the costs of sale, shall be settled with the Clearing House forthwith.
- (i) A Buyer shall (for all purposes, including the making of any claim for damages) be deemed to have accepted a Delivery Unit delivered under this Rule EEEE.16, by the time stipulated in the Administrative Procedures on the Business Day which:
 - (i) in respect of each Delivery Unit other than a Delivery Unit to be converted from a Nominated Bulk Delivery Unit, is the tenth Business Day immediately after the Settlement Day; or
 - (ii) in respect of each Converted Delivery Unit formed upon the conversion of a Nominated Bulk Delivery Unit, is the seventh Business Day immediately after the Conversion Settlement Day or the Extended Conversion Settlement Day, as the case may be,

(each date being referred to as the “Acceptance Date”) unless the Buyer has, not later than the time stipulated in the Administrative Procedures on the relevant Acceptance Date, given notice to the Clearing House in accordance with Rule EEEE.23 and in a form published by the Clearing House from time to time that the Buyer claims that the Delivery Unit does not comply with these Contract Rules, stating in what respects the Delivery Unit is said not to comply and whether the Buyer also claims to reject the Delivery Unit. The Clearing House will notify the Seller of the Buyer’s notification. If the Buyer has not so notified the Clearing House by such time, then any claim by the Buyer of any nature whatsoever in respect of the Delivery Unit shall be deemed to have been waived and absolutely barred.

- (j) Without prejudice to the provisions of Rules EEEE.16(d) and EEEE.18, a failure by the Seller or Buyer to comply with its obligations under any of the provisions of Rules EEEE.12, EEEE.13, EEEE.14, EEEE.15 and EEEE.16, as the case may be, shall constitute a Default in Performance entitling the Clearing House forthwith to take steps under any of the provisions of Rule EEEE.18. Any action taken by the Clearing House shall be without prejudice to any rights, obligations or claims of the Seller or the Buyer or the Clearing House and any costs, claims, losses, taxes or expenses of whatsoever nature incurred or suffered by the Clearing House in connection with such action shall be paid by the Seller or by the Buyer in Default in Performance.

EEEE.17 PROPERTY AND RISK

- (a) Property and risk in respect of a Delivery Unit delivered under a registered Contract will pass:
 - (i) from the Seller to the Clearing House as Buyer, once the following has been effected:
 - (A) the deemed transfer by the Seller of the Warrant in respect of such Delivery Unit to the Clearing House; and
 - (B) the payment by the Clearing House of the final Invoicing Amount in respect of such Delivery Unit in same day or immediately available, freely transferable, cleared funds; and
 - (ii) from the Clearing House as Seller to the Buyer, once the following has been effected:
 - (A) the payment by the Buyer of the final Invoicing Amount in respect of such Delivery Unit to the Clearing House in respect of such Delivery Unit in same day or immediately available, freely transferable, cleared funds; and
 - (B) the deemed take up of the Warrant in respect of such Delivery Unit by the Buyer.
- (b) In the event of the Buyer acquiring under Rule EEEE.17(a) a Delivery Unit which forms part of an identified bulk of Cocoa, the Buyer will acquire proprietary rights in an undivided share in the identified bulk of Cocoa as set out in section 20A of the Sale of Goods Act 1979.

EEEE.18 DEFAULT IN PERFORMANCE

- (a) The provisions of this Rule EEEE.18 shall be subject to the default rules from time to time in force of the Clearing House.
- (b) For the purposes of this Rule EEEE.18, a reference to a “Default in Performance” shall, subject to Rule EEEE.18(d), be construed as including an actual failure by a Seller or a Buyer under Rule EEEE.18(c) in performing its obligations under a Contract, or an anticipated failure. An anticipated failure is one which the Clearing House, in its reasonable opinion, thinks will occur and in respect of which the Clearing House considers that it should take action under the provisions of this Rule EEEE.18.
- (c) A Buyer or a Seller shall be in Default in Performance where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules;
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified for that purpose in the Administrative Procedures; or
 - (iii) in the reasonable opinion of the Clearing House, he is in Default in Performance.
- (d) Errors in a notice, which are determined in the Clearing House’s absolute discretion to be clerical errors which can be readily rectified and are rectified, shall not be treated as constituting a Default in Performance.
- (e) Subject to Rules EEEE.18(f)(ii) and EEEE.18(j), if it appears to the Clearing House that a Seller or a Buyer is in Default in Performance under a registered Contract, the Clearing House shall notify the Exchange of the Default in Performance and may, in its absolute discretion:

- (i) take such steps as it deems appropriate to facilitate a mutually acceptable resolution of the Default in Performance. A resolution of a Default in Performance may be on such terms and take such form as is acceptable to the Clearing House, to the Seller and to the Buyer. Such terms may limit some or all of the rights of the Seller, the Buyer or the Clearing House to refer any matter concerning or arising out of a Default in Performance (or the resolution thereof) to arbitration;
 - (ii) without prejudice to any of its other rights under this Rule EEEE.18, refer to the Exchange any dispute or issue arising between any of the parties. If upon such reference, the Exchange is of the opinion that the Default in Performance is of minor significance it shall determine any such dispute or issue between such parties upon such evidence as it may deem relevant and convey its findings to such parties who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of any party to refer the dispute or any related dispute to arbitration; or
 - (iii) take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of the Seller or Buyer not in Default in Performance including, without prejudice to the generality of the foregoing, any steps in order to perform its obligations to a party under a registered Contract.
- (f) If, within five Business Days of the Default in Performance having come to the attention of the Clearing House:
 - (i) the steps taken by the Clearing House have not led or are not likely to lead to a resolution of the Default in Performance; or
 - (ii) the Clearing House has not taken any steps and the Default in Performance remains unresolved,

the Clearing House will refer the matter to the Exchange. If upon reference of the dispute or issue to the Exchange, the Exchange is of the opinion that the Default in Performance may not be determined by the Exchange in accordance with Rule EEEE.18(e)(ii)), then each Lot of Cocoa the subject of the dispute or issue shall be the subject of cash settlement at a price fixed by the Exchange in consultation with the Clearing House. The price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider, on the evidence before it, should be paid by either party to the other.
- (g) Any cash settlement price fixed under Rule EEEE.18(f) shall be binding on the parties.
- (h) Any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with any steps taken by the Clearing House in relation to a Contract to which the Default in Performance relates shall be paid by the Buyer or Seller who is in Default in Performance. Any steps taken by the Clearing House in relation to a Default in Performance shall be without prejudice to any rights (including rights to refer matters to arbitration, obligations or claims of the Buyer, the Seller or the Clearing House in relation to a Contract to which the Default in Performance relates.
- (i) A Buyer or Seller who is in Default in Performance under this Rule EEEE.18, shall forthwith pay to the Clearing House any sums payable by him under Rule EEEE.11 and any sums payable pursuant to this Rule EEEE.18.
- (j) Notwithstanding that a Buyer or Seller may be in Default in Performance under this Rule EEEE.18, the Clearing House may in its absolute discretion determine not to exercise or to delay in exercising any of its rights under this Rule EEEE.18, and no failure by the Clearing House to exercise nor any delay on its part in exercising any of such rights shall operate as a waiver of the Clearing House's rights upon

that or any subsequent occasion, nor shall any single or partial exercise of any such rights prevent any further exercise thereof or of any other right.

- (k) A Buyer, a Seller or the Clearing House may refer a dispute or issue arising out of a Default in Performance under this Rule EEEE.18 (subject always to the application of provisions of Rules EEEE.18(e), EEEE.18(f) and EEEE.18(g)) to arbitration.
- (l) The provisions of this Rule EEEE.18 relating to steps that may be taken by the Clearing House, where there appears to the Clearing House to be a Default in Performance by a party to a registered Contract, may be varied, or different steps may be substituted therefor by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to such existing and/or new Contracts and registered Contracts as the Exchange may determine.

EEEE.19 EMERGENCY PROVISIONS

- (a) If, at any time after the close of trading two Business Days prior to the day which would have been the Last Trading Day in respect of a Delivery Month, it becomes known to the Exchange that the day which would have been the Last Trading Day will not be a Business Day, then the Exchange may at its discretion determine that the Business Day next following such day shall become the Last Trading Day in respect of that Delivery Month and the Exchange shall publish the Exchange's determination by notice posted on the Market.
- (b) The Notice Day shall be the Business Day immediately following the Last Trading Day so that if the Last Trading Day is moved by the Exchange in the circumstances described in Rule EEEE.19(a), then the Notice Day shall be moved so that it falls on the Business Day immediately following the Last Trading Day.
- (c) The Settlement Day shall be the last Business Day in the relevant Delivery Month. If, at any time after two Business Days prior to the day which would have been the Settlement Day in respect of a Delivery Month, it becomes known to the Exchange that the day which would have been the Settlement Day will not be a Business Day, then the Exchange may at its discretion determine that the Business Day next following such day shall become the Settlement Day in respect of that Delivery Month, and the Exchange shall publish the Exchange's determination by notice posted on the Market.
- (d) If the Settlement Day, Conversion Settlement Day or the Extended Conversion Settlement Day is moved by the Exchange (whether as a result of the operation of Rule EEEE.19(c) or otherwise), the Invoicing Amount calculated in accordance with Rule EEEE.10 shall be adjusted by the Clearing House to reflect any Allowance made under Rule EEEE.15(i) to reflect such new Day.
- (e) If an adjustment to the Invoicing Amount is required by Rule EEEE.19(d) after the Clearing House has made available details of the final Invoicing Amount to the Seller and Buyer under Rules EEEE.12(h)(i), EEEE.13(f)(i), EEEE.14(f)(ii) and EEEE.15(h), as the case may be, then a sum equal to the difference between that Invoicing Amount and the Invoicing Amount adjusted under Rule EEEE.19(d) shall be payable:
 - (i) by the Seller to the Clearing House and by the Clearing House to the Buyer if the total adjustment gives rise to a reduction in the Invoicing Amount; or
 - (ii) by the Buyer to the Clearing House and by the Clearing House to the Seller if the total adjustment gives rise to an increase in the Invoicing Amount.

Sums payable hereunder shall be payable by such time and in such manner as the Clearing House may specify.

EEEE.20 FORCE MAJEURE

- (a) Subject to Rule EEEE.20(b) and EEEE.15(g)(ii)(B)(2), a “Force Majeure event” shall mean an event beyond the reasonable control of either party to a Contract which delays, hinders or prevents the performance in whole or in part by a party of his obligations under the Contract (other than an obligation to make a payment), including, without limitation, act of God, storm, flood, earthquake, fire, explosion, malicious damage, accident howsoever caused, strike, lock-out, labour dispute, riot, civil commotion, war whether declared or undeclared, armed conflict, use of force by authority of United Nations, act of terrorism, act of government or other national or local authority or any agency thereof, breakdown of machinery, and unavailability, restriction, failure or delay in or computer or data processing systems or communication or energy supplies or bank transfer systems.
- (b) The following shall not be a Force Majeure event: the failure for whatever reason of a computer or other electronic facility to accept a notification made by a Seller or a Buyer (other than the Clearing House) as required by these Contract Rules and the Administrative Procedures.
- (c) A party to a Contract shall not be entitled to rely upon this Rule EEEE.20 unless such party has notified the Clearing House in writing immediately after such party has become aware (or after it ought reasonably to have become aware) of such Force Majeure event, and has continued to seek to perform its obligations in accordance with the Contract (in which event it shall be entitled to such relief with effect from the commencement of such Force Majeure event). The notice shall state the date on which the Force Majeure event commenced and the effects of the Force Majeure event on such party’s ability to perform its obligations in accordance with the Contract, including an estimate of the period of the Force Majeure event.
- (d) Upon the request of the Clearing House, a party seeking relief under this Rule EEEE.20 shall promptly provide such other information as required by the Clearing House as soon as reasonably practicable to assist the Exchange in determining whether a Force Majeure event has occurred. If a Force Majeure event has occurred, neither party will be deemed in Default in Performance of its obligations under a Contract if such party was unable to perform its obligations as a direct result of the occurrence of such Force Majeure event nor will any penalty or damages be payable if and to the extent that performance of any obligation is hindered or prevented by a Force Majeure event.
- (e) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules from time to time in force of the Clearing House, if the Exchange determines under Rule EEEE.20(d) that a Force Majeure event delays, hinders or prevents a party from performing any obligation under a Contract for a period of at least five Business Days beyond the time limit fixed in or under the Contract any Delivery Unit or part thereof not delivered to the Buyer, shall be the subject of cash settlement at a price to be fixed by the Exchange in consultation with the Clearing House in their absolute discretion. Such price shall be binding on the parties.

EEEE.21 [NOT USED]

EEEE.22 [NOT USED]

EEEE.23 ARBITRATION

- (a) [Not used]
- (b) [Not used]
- (c) (i) Where the Buyer has duly given notice by the time on the Acceptance Date specified in Rule EEEE.16(i) that the Buyer claims that the Delivery Unit does not comply with the terms of the Contract, stating in what respects the Delivery Unit is said not to comply and whether the Buyer also claims to reject the Delivery Unit, then the Delivery Unit shall be subject to an inspection.

- (ii) The Clearing House shall on or before the second Business Day after receipt of such notice notify the Buyer and the Seller of whether such inspection shall be carried out by the Clearing House or by a third party inspector ("Inspector") to be appointed by the Clearing House. Where an Inspector is appointed, then the Clearing House may, in its absolute discretion, attend as an observer at any inspection carried out by the Inspector. The Buyer shall indemnify the Clearing House in respect of the costs of the Inspector, and shall be responsible for the costs of the Clearing House relating to the inspection, without prejudice to the right of the Buyer to claim such costs hereunder. The Clearing House shall inform the Inspector (if such is appointed) of the respects in which the Buyer claims that the Delivery Unit is not in conformity with the terms of the Contract.
- (iii) The Clearing House or the Inspector (as the case may be) shall inspect the Delivery Unit, carrying out such inspections, sampling and analyses as they consider appropriate (but shall not be required to break up the Delivery Unit, or inspect every bag within the Delivery Unit, for the purposes of any inspection) and shall on or before the Business Day which is the 22nd Business Day immediately after the Acceptance Date issue a report to the Buyer, the Seller and, in the case of a report by an Inspector, the Clearing House stating the facts relevant to the question of whether the Delivery Unit is in compliance with the terms of the Contract in the respects stated by the Buyer. The period of 22 Business Days may be extended by the Clearing House provided that it is satisfied, in its absolute discretion, that exceptional circumstances have prevented or will prevent the completion of the report within the time stipulated. The report of the Clearing House or the Inspector shall be conclusive and binding on the Buyer, the Seller and the Clearing House in respect of the facts stated in it, save in the case of fraud or manifest error.
- (iv) Where the Buyer has claimed to reject the Delivery Unit, then on or before the fifth Business Day after the issuance of the report made by the Clearing House or the Inspector (as the case may be), the Clearing House shall determine in its absolute discretion, on the basis of such report, whether the Buyer's claim to reject the Delivery Unit is upheld. The Buyer's claim to reject the Delivery Unit based on a breach of a condition of the Contract on the part of the Seller shall not be upheld if the Clearing House determines that the breach of that condition is so slight that it would be unreasonable for the Buyer to reject the Delivery Unit. The Clearing House may in its absolute discretion consult experts or legal advisers in reaching its determination. The costs of such experts or legal advisers and the costs of the Clearing House and/or the Inspector relating to the inspection, shall be borne by the Buyer and the Seller in the first instance in such proportions as the Clearing House may direct, without prejudice to the right of either party to claim such costs in arbitration under the Regulations. The determination of the Clearing House shall be binding on the Buyer, the Seller and the Clearing House and they shall comply with it forthwith, without prejudice to the rights of the parties to refer any claim for loss, damage or costs to arbitration under the Regulations.
- (v) Any party wishing to refer a claim for loss, damage or costs to arbitration (whether or not the Buyer has claimed to reject the Delivery Unit) must, on or before the tenth Business Day after the issuance of the report made by the Clearing House or the Inspector (as the case may be), notify the Clearing House in accordance with the Regulations of its intention to refer a claim or dispute to arbitration. If a party has not so notified the Clearing House by such time, then any claim by such party of any nature whatsoever in respect of the Delivery Unit shall be deemed to have been waived and absolutely barred.
- (vi) No claim of any nature whatsoever may be brought by the Buyer in respect of the Delivery Unit until a report by the Clearing House or an Inspector (as the case may be) has been made, and a copy of it delivered to the Buyer and the Seller and, in the case of a report by an Inspector, the Clearing House.
- (vii) If the Buyer has claimed to reject the Delivery Unit, and the Clearing House has upheld such claim, then:-

- (A) the Seller shall repay to the Clearing House the final Invoicing Amount in respect of the Delivery Unit by 10.00 hours on the day which is the fifth Business Day after the Clearing House has made the determination referred to in sub-paragraph (iv) above (the "Repayment Day"), together with interest thereon at the Interest Rate plus 2% per annum for the period from the day following the Settlement Day up to and including the Repayment Day;
 - (B) the Clearing House shall repay to the Buyer the final Invoicing Amount in respect of the Delivery Unit after 12.00 hours on the Repayment Day, together with interest thereon at the Interest Rate plus 2% per annum for the period from the day following the Settlement Day up to and including the Repayment Day;
 - (C) The records on Guardian will be updated by the Clearing House to reflect the change of ownership from Buyer to Seller.
 - (D) the Seller shall reimburse the Buyer in respect of any costs of the Inspector or of the Clearing House relating to the inspection, any reasonable Rent and Fumigation Charges, and any other reasonable costs or fees in respect of work done by the Warehousekeeper in relation to the inspection of the Delivery Unit by the Inspector or by the Clearing House which have been incurred by the Buyer in respect of the Delivery Unit, on or before the fifth Business Day after receipt of an invoice from the Buyer accompanied by supporting documents evidencing the amounts incurred by the Buyer; and
 - (E) the Buyer, pursuant to Rule EEEE.23(c)(v), shall be entitled to claim damages from the Seller by reference to the market price of Cocoa complying with the requirements of the Contract, but in no event shall either party be liable to the other in respect of any indirect or consequential losses or expenses.
- (viii) Property and risk in respect of a Delivery Unit which the Clearing House has determined that the Buyer is entitled to reject will pass:
- (A) from the Buyer to the Clearing House as Seller, once the following has been effected:
 - (1) the deemed transfer by the Buyer of the Warrant in respect of such Delivery Unit to the Clearing House; and
 - (2) the payment by the Seller of the final Invoicing Amount in respect of such Delivery Unit in same day or immediately available, freely transferable, cleared funds; and
 - (B) from the Clearing House as Buyer to the Seller, once the following has been effected:
 - (1) the payment by the Clearing House of the final Invoicing Amount in respect of such Delivery Unit to the Buyer in respect of such Delivery Unit in same day or immediately available, freely transferable, cleared funds; and
 - (2) the deemed take up of the Warrant in respect of such Delivery Unit by the Seller.

¹ Amended 26 May 2015² Amended 26 May 2015, 12 October 2016³ Amended 26 May 2015, 01 August 2015⁴ Amended 26 May 2015⁵ Amended 26 May 2015⁶ Amended 26 May 2015⁷ Amended 26 May 2015⁸ Amended 26 May 2015⁹ Amended 26 May 2015¹⁰ Amended 26 May 2015

EEEE1.1 INTERPRETATION¹¹

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and in the Administrative Procedures:
- | | |
|-----------------------------|--|
| “Administrative Procedures” | means the administrative procedures at Rule FFFF1 from time to time implemented by the Exchange for the purposes of these Contract Rules. |
| “Allowance” | means either a discount or a premium to the Contract price, expressed in euro per Tonne, which is stated in these Contract Rules or otherwise shall be published from time to time by notice posted on the Market. |
| “Bean cluster” | means two (or more) Cocoa beans which are joined together and are unable to be split into two (or more) whole single Cocoa beans as a result of the exertion of reasonable hand pressure. |
| “Bulk Delivery Unit” | means an amount of loose Cocoa conforming to Rule EEEE1.3(d)(ii) and having a nominal net weight of 1,000 Tonnes. |
| “Business Day” | means a day on which the market, the Clearing House and banks in London are open for business. |
| “Buyer” | in respect of a Contract means the person who is obliged under such Contract to accept delivery in respect of each Lot of Cocoa and to pay the invoicing amount in respect of each such Lot (including, except where the context otherwise requires, the Clearing House as a buyer under a registered Contract). |
| “Buyer’s Position Notice” | means the notice to be given by the Buyer to the Clearing House under Rule EEEE1.13(a). |
| “Cocoa” | means cocoa beans which are the whole seeds of the cocoa tree (<i>Theobroma Cacao</i> L). |
| “Contract” | means a contract made expressly or impliedly in the terms of these Contract Rules for the sale and purchase of one or more Lots and “registered Contract” means a Contract registered by the Clearing House. |
| “Conversion Settlement Day” | in respect of a Delivery Month means, subject to Rule EEEE1.15(f)(i), ten Business Days immediately following the Settlement Day for such Delivery Month. |
| “Converted Delivery Unit” | means a new Delivery Unit which is formed upon the conversion of part or all of a Nominated Delivery Unit. |
| “Default in Performance” | has the meaning attributed to it in Rule EEEE1.18(b). |
| “Defective” | means a Mouldy Bean or an Insect-damaged Bean or both. |

¹¹ Amended 26 May 2015

“Delivery Area”	means each geographic area referred to in Rule EEEE1.3(c), as varied by the Exchange from time to time, within which a Warehouse must be located.
“Delivery Month”	means each month specified as such by the Exchange pursuant to the Regulations.
“Delivery Unit”	means a Standard Delivery Unit, a Large Delivery Unit or a Bulk Delivery Unit.
“Depository”	means any person appointed by the Exchange to receive, hold and administer Warrants in immobilised form; details of such persons shall be notified by notice posted on the Market from time to time.
“Dual Capacity Warehousekeeper”	means a Warehousekeeper which has been nominated by the Exchange in its absolute discretion to store in its Warehouse Standard, Large and Bulk Delivery Units recorded on Guardian and which appears on the List of Nominated Warehouses and Warehousekeepers published from time to time by notice posted on the Market.
“EDSP”	means Exchange Delivery Settlement Price and has the meaning attributed to it in Rule EEEE1.9.
“euro”, “€” and “eurocents”	denotes the single currency of the European Union introduced in a Member State pursuant to its participation in Economic and Monetary Union in the European Union.
“Evidence of Import Duty”	has the meaning attributed to it in Rule EEEE1.7(c).
“Extended Conversion Settlement Day”	has the meaning attributed to it in Rule EEEE1.15(f)(i).
“FFA”	Free Fatty Acids conventionally expressed as oleic acid (molecule weight 282)
“Foreign Matter”	means any substance or matter, other than a whole Cocoa bean or Residue, which in the opinion of the ICE Registered Cocoa Graders is, upon grading, identified as foreign matter.
“Fumigation Charge”	means a monthly fee which a Warehousekeeper shall be entitled to charge in respect of the fumigation and fogging of a Delivery Unit stored in its Warehouse and which is levied pursuant to the Grading and Warehousekeeping Procedures.
"Grading and Warehousekeeping Procedures"	means the procedures from time to time implemented by the Exchange pursuant to the Regulations in respect of: <ul style="list-style-type: none"> (i) sampling and storage of Cocoa by Warehousekeepers; (ii) grading of Cocoa by the ICE Registered Cocoa Graders; and (iii) the Warrant management service for Cocoa, which may be contained in one or more documents.

“Grading Result”	means the result given to a Delivery Unit which has been graded by the ICE Registered Cocoa Graders and containing such information as the Exchange may prescribe from time to time.
“Gross Weight”	has the meaning attributed to it in Rule EEEE1.5(d)(i).
“Guardian”	means the electronic system relating to grading, tender, delivery and warrant management services, or any successor thereto, which, amongst other things, records Cocoa stored in a Warehouse for delivery under a Contract.
“ICE Registered Cocoa Graders”	means a panel of Cocoa graders registered with the Exchange in accordance with the Grading and Warehousekeeping Procedures who upon the application of a Nominated Member examine and grade a sample of the Delivery Unit which is the subject of the application and issue a Grading Result in respect of such Delivery Unit pursuant to the Grading and Warehousekeeping Procedures.
“Import Duty Documentation”	has the meaning attributed to it in Rule EEEE1.7(a)(i).
“Insect-damaged Bean”	means a cocoa bean the internal parts of which are found to contain insects at any stage of development or any evidence thereof, or evidence of insect damage, which is visible to the naked eye.
“Interest Rate”	means EMMI Euribor for one month deposits in euro as at 11.00 hours on the Settlement Day for the relevant Delivery Month, provided that the Exchange may at its discretion resolve, prior to the commencement of the calendar month in which the Settlement Day for the relevant Delivery Month falls, that the Interest Rate shall be determined by other means. Any such determination by the Exchange shall be the subject of a notice posted on the Market.
“Invoicing Amount”	has the meaning attributed to it in Rule EEEE1.10(a).
“Large Delivery Unit”	means an amount of bagged Cocoa conforming to Rule EEEE1.3(d)(i) and having a nominal net weight of 100 Tonnes.
“Last Trading Day”	in respect of a Delivery Month means (subject to Rule EEEE1.19(a)) eleven Business Days immediately prior to the last Business Day of such Delivery Month.
“Last Weigh Date”	means the date on which a Delivery Unit was last re-weighed as attributed to it in Rule EEEE1.5(d)(iii)
“Lot”	has the meaning attributed to it in Rule EEEE1.2(b).
“Mouldy Bean”	means a cocoa bean on the internal parts of which mould is visible to the naked eye.
“Net Weight”	in respect of a Delivery Unit means the net weight of such Delivery Unit calculated in accordance with Rule EEEE1.5(d) and expressed in Tonnes.
“Nominated Bulk Delivery Unit”	means a Nominated Delivery Unit which is a Bulk Delivery Unit.

“Nominated Delivery Unit”	means each Delivery Unit to be converted by or on behalf of the Seller as notified to the Clearing House under Rule EEEE1.12(d)(i) or (ii).
“Nominated Large Delivery Unit”	means a Nominated Delivery Unit which is a Large Delivery Unit.
“Nominated Member”	means a Clearing Member who, on behalf of an owner, has been nominated by a Warehousekeeper or another Nominated Member in respect of the registration on Guardian of a Warrant that is to be, or has been, immobilised.
“Notice Day”	in respect of any Lot comprised in a Contract means (subject to Rule EEEE1.19(b)) the Business Day immediately following the Last Trading Day.
“Origin”	means the country, or geographic area in a country, in which the cocoa was produced.
“Origin Group”	means each group specified by the Exchange from time to time.
“Original Weigh Date”	means the date that a Delivery Unit was first weighed in an ICE Nominated Warehouse
“Pounds”, “£”, “pence” and “penny”	denote lawful currency of the United Kingdom at the date of issue of these Contract Rules, known as “Sterling”.
“Preferential Rate of Import Duty”	has the meaning attributed to it in Rule EEEE1.7(a).
“Rent”	means a periodic fee (but not including Fumigation Charges) which a Warehousekeeper shall be entitled to charge in respect of the storage of a Delivery Unit in its Warehouse, and which is levied pursuant to the Grading and Warehousekeeping Procedures.
“Residue”	means any Cocoa element other than a whole Cocoa bean (which may include, without limitation, broken beans, fragments of beans and pieces of shell), which in the opinion of the ICE Registered Cocoa Graders is, upon grading, identified as residue.
“Seller”	in respect of a Contract means the person who is obliged under such Contract to deliver Cocoa in respect of each Lot (including, except where the context otherwise requires, the Clearing House as seller under a registered Contract).
“Seller’s Delivery Notice”	means the notice to be given by the Seller to the Clearing House under Rule EEEE1.12(a) and EEEE1.12(b).
“Settlement Day”	in respect of a Delivery Month means (subject to Rule EEEE1.19(c)), the last Business Day of the Delivery Month.
“Shipment Period”	means the period commencing 1 October in a calendar year and ending on 30 September in the following calendar year.
“Single Capacity Warehousekeeper”	means a Warehousekeeper which has been nominated by the Exchange in its absolute discretion to store in its Warehouse Standard and Large Delivery Units recorded on Guardian and which appears on the List of Nominated Warehouses and

	Warehousekeepers published from time to time by notice posted on the Market.
“Slaty”	means a cocoa bean which shows a slaty colour on half or more of the exposed surface of the cotyledons.
“Standard Delivery Unit”	means an amount of bagged Cocoa conforming to Rule EEEE1.3(d)(i) and having a nominal net weight of 10 Tonnes.
“Standard Deviation of the Bean Count”	means the measure of the deviation of the bean count per 100 grammes of Cocoa from a nominal standard deviation of the bean count per 100 grammes of Cocoa, where the value of the deviation is derived from a methodology and an algorithm prescribed by the Exchange from time to time.
“Substituted Delivery Unit”	means each Delivery Unit which is substituted by the Seller as notified to the Clearing House under Rule EEEE1.12(d)(iii).
“Supervision Company”	is a company whose business is the supervision and/or inspection of goods and which is appointed by the Exchange for the purposes of performing inspections.
“Tender”	means the delivery by a Seller in accordance with these terms of a Seller’s Delivery Notice, as amended by one or more notices given under Rule EEEE1.12(d) or EEEE1.12(f).
“Tonne”	means a metric tonne of 1,000 kilogrammes.
“Valid Grading Result”	has the meaning attributed to it in Rule EEEE1.3(e).
“Warehouse”	means a warehouse in respect of which a Warehousekeeper has been nominated by the Exchange in its absolute discretion to store Goods and which appears on the List of Nominated Warehouses and Warehousekeepers published from time to time by notice posted on the Market. A Warehouse shall, for the purposes of nomination under the Grading and Warehousekeeping Procedures, be a single structure designed or modified for the purpose of storing Goods, or groups of such structures connected by internal doors allowing for the passage of the relevant Goods. Where there are no such interconnecting doors between such structures these shall be nominated as separate Warehouses.
“Warehousekeeper”	means either a Single or Dual Capacity Warehousekeeper which has been nominated by the Exchange in its absolute discretion to store in its Warehouse Goods piled as either parcels, lots, Standard and Large Delivery Units or Standard, Large or Bulk Delivery Units, as the case may be, and to record such details that are represented by the Warrant on Guardian and which appears on the List of Nominated Warehouses and Warehousekeepers published from time to time by notice posted on the Market.
“Warrant”	means a warrant for the delivery of a Delivery Unit stored in a Warehouse which authorises the possessor of such document to transfer or receive the Delivery Unit referred to therein ¹² .

¹² The Warrant must not have expired under the relevant terms under which the Warrant was issued.

(c) [Not used]

(d) [Not used]

(e) [Not used]

EEEE1.2 CONTRACT SPECIFICATION

- (a) Each Contract shall be for one or more Lots for the Delivery Month specified.
- (b) A “Lot” shall be an amount of Cocoa having a nominal net weight of 10 Tonnes.

EEEE1.3 DELIVERY UNITS¹³

- (a) A Seller shall, in respect of one or more Lots of a Contract, deliver a Standard Delivery Unit, a Large Delivery Unit or a Bulk Delivery Unit, or any combination thereof, of an amount or aggregate amount of Cocoa which is equal to the amount of Cocoa to be delivered under such Lots.
- (b) A Seller may only deliver a Tender for a Delivery Unit, if on or before the day and by the time specified for delivery of such Tender in the Administrative Procedures, the Delivery Unit:
 - (i) has a Warrant that has been immobilised and its details recorded on Guardian;
 - (ii) a Valid Grading Result;
 - (iii) has had the Rent paid in accordance with Rule EEEE1.6(c) and this has been recorded by the Warehousekeeper on Guardian,
 - (iv) complies with Rule EEEE1.5(e) and, if appropriate, Rule EEEE1.5(f), EEEE1.5(g), EEEE1.7(d) and any other term in these Contract Rules.
- (c) The delivery of a Delivery Unit shall be made in a Warehouse in a geographic area (a “Delivery Area”) which is, in the Exchange’s opinion, in or sufficiently close to Amsterdam, Antwerp, Bremen, Hamburg, Le Havre, Liverpool, London or Rotterdam. The Exchange may from time to time de-list a Delivery Area or list any other Delivery Area which shall have such effect with regard to existing or new Contracts or both as the Exchange may determine in its absolute discretion.
- (d) A Seller shall deliver:
 - (i) a Standard or Large Delivery Unit which conforms to Rules EEEE1.4 and EEEE1.5, which is stored in a Warehouse as a clearly identifiable pile of bagged Cocoa in accordance with the Grading and Warehousekeeping Procedures in force at the time of delivery; or
 - (ii) a Bulk Delivery Unit which conforms to Rules EEEE1.4 and EEEE1.5, which is stored in a Warehouse as segregated loose Cocoa in accordance with the Grading and Warehousekeeping Procedures in force at the time of delivery.
- (e) A Grading Result issued in respect of a Delivery Unit shall be valid (“Valid Grading Result”) if:
 - (i) the Delivery Unit has been graded as “tenderable”;
 - (ii) it has not expired; subject to Rule EEEE1.3(f):

¹³ Amended 26 May 2015, 12 October 2016

- (A) For contract months up to and excluding the May 2017 contract, the Grading Result will expire at the end of the sixth month after the date of issue of the Grading Result and any unexpired part of the month in which it was graded;
- (B) For contract months from and including the May 2017 contract:
 - (1) In respect of Standard or Large Delivery Units, the Grading Result will expire at the end of the sixth month after the date of issue of the first Grading Result including any unexpired part of the month in which it was graded, or, at the end of the twelfth month following the second and any subsequent grading including any unexpired part of the month in which it was graded;
 - (2) In respect of Bulk Delivery Units, the Grading Result will expire at the end of the twelfth month after the date of issue of the Grading Result including any unexpired part of the month in which it was graded; and
 - (iii) it has not lapsed, subject to Rule EEEE1.14(c)(i) or EEEE1.15(c)(i), upon conversion of the Delivery Unit, or upon bagging, rebagging or debagging of Cocoa contained in the Delivery Unit or regrading of the Delivery Unit under the Grading and Warehousekeeping Procedures.
- (f) Notwithstanding that a Valid Grading Result may be due to expire in accordance with Rule EEEE1.3(e)(iii), any such Valid Grading Result applying to a Nominated Bulk Delivery Unit shall continue to apply until the Conversion Settlement Day or the Extended Conversion Settlement Day, as the case may be.
- (g) If a Delivery Unit was graded by ICE Registered Cocoa Graders as not tenderable prior to May 2000, a Seller may submit such Delivery Unit for regrading.
- (h) If a Delivery Unit is graded by ICE Registered Cocoa Graders as not tenderable under these terms for the May 2000 or a following Delivery Month, a Seller shall not submit such Delivery Unit for regrading, except where permitted to do so by the Grading and Warehousekeeping Procedures.
- (i) Without prejudice to any exclusion of liability provision in the Regulations or the Clearing House Rules, neither the Exchange nor the Clearing House shall be liable for any loss or damage whatsoever, whether for negligence, breach of contract, misrepresentation or otherwise (other than for fraud or wilful default) in respect of:
 - (i) the failure by the Exchange or any Graders to grade or to issue a Grading Result by a particular date; or
 - (ii) the performance or non-performance by any Grader of any function relating to grading; or
 - (iii) the performance or non-performance of a Warehousekeeper of his supervisory duties; or
 - (iv) the performance or non-performance by any Warehousekeeper of his obligations pursuant to these Contract Rules or the Grading and Warehousekeeping Procedures; or
 - (v) the performance or non-performance of Guardian; or
 - (vi) the accuracy or availability of any information recorded on Guardian; or

- (vii) the safeguarding of rights of any person entitled to a Warrant that has been immobilised or rights asserted by any person claiming to be entitled to be treated as owner; or
- (viii) the legal consequences or enforceability of the Grading and Warehousekeeping Procedures in any jurisdiction; or
- (ix) the performance or non-performance by any Supervision Company of his obligations; or
- (x) the performance or non-performance of the Depository of his duties as an immobilised Warrant depository, including, but not limited to receiving, holding and administering Warrants that have been immobilised.

EEEE1.4 QUALITY, CONDITION AND ORIGIN¹⁴

- (a) (i) A Seller shall deliver a Delivery Unit which is of a quality, condition and Origin which complies with this Rule EEEE1.4. The quality and condition of a Delivery Unit shall be evidenced by the Valid Grading Result for such Delivery Unit.
- (ii) A Delivery Unit to be delivered under a Contract may be subject to one or more Allowances as specified in these Contract Rules and by the Valid Grading Result and such Allowances shall be used in the calculation of the Invoicing Amount in accordance with Rule EEEE.10(a).
- (b) A Seller shall deliver under a Contract a Delivery Unit in which not more than 20% of the beans are Slaty by count. A Delivery Unit in which:
 - (i) less than or equal to 5% of the beans are Slaty by count, shall be delivered under a Contract without a Slaty Allowance; and
 - (ii) more than 5% of the beans are Slaty by count but less than or equal to 20% of the beans are Slaty by count, shall be delivered under a Contract subject to the Slaty discount specified by the Valid Grading Result.
- (c) A Seller shall deliver under a Contract a Delivery Unit in which not more than 15% of the beans are Defective by count. A Delivery Unit in which:
 - (i) less than 5% of the beans are Defective by count, shall be delivered under a Contract subject to the Defective premium specified by the Valid Grading Result;
 - (ii) 5% of the beans are Defective by count, shall be delivered under a Contract without a Defective Allowance; and
 - (iii) more than 5% of the beans are Defective by count but less than or equal to 15% of the beans are Defective by count, shall be delivered under a Contract subject to the Defective discount specified by the Valid Grading Result.
- (d) A Seller shall deliver under a Contract a Delivery Unit which does not have more than 120 beans per 100g bean count. A Delivery Unit which is delivered with a bean count:
 - (i) of less than 100 beans per 100g, shall be delivered under a Contract subject to the bean count premium specified by the Valid Grading Result;

¹⁴ Amended 26 May 2015, 01 August 2015

- (ii) equal to 100 beans per 100g, shall be delivered under a Contract without a bean count Allowance; and
 - (iii) of more than 100 beans but less than or equal to 120 beans per 100g, shall be delivered under a Contract subject to the bean count discount specified by the Valid Grading Result.
- (e) A Seller shall deliver under a Contract a Delivery Unit which does not have a Standard Deviation of the Bean Count of more than 40. A Delivery Unit which is delivered with a Standard Deviation of the Bean Count:
 - (i) of 25 or less, shall be delivered without a Standard Deviation of the Bean Count Allowance; and
 - (ii) of more than 25 but less than or equal to 40, shall be delivered subject to the Standard Deviation of the Bean Count discount as specified by the Valid Grading Result.
- (f)
 - (i) A Seller shall deliver under a Contract a Delivery Unit which does not have a quantity of Residue and Foreign Matter in excess of the weight specified in the Grading and Warehousekeeping Procedures applicable to the Delivery Unit and the Origin. An Allowance calculated by reference to the scale of Allowances for Residue and Foreign Matter applicable to the Origin will be determined with respect to any Residue and Foreign Matter in the Delivery Unit in accordance with the Grading and Warehousekeeping Procedures.
 - (ii) A Seller shall deliver under a Contract a Delivery Unit which does not have a quantity of Bean clusters in excess of the weight specified in the Grading and Warehousekeeping Procedures applicable to the Delivery Unit. An Allowance calculated by reference to the scale of Allowances for Residue and Foreign Matter referred to in the Grading and Warehousekeeping Procedures will be determined in respect of any Bean clusters in a Delivery Unit of a quantity equal to or which exceeds the applicable weight specified in, and determined in accordance with, the Grading and Warehousekeeping Procedures.
- (g) For contract months from and including May 2017, a Seller shall deliver under a Contract a Delivery Unit where the level of FFA is 3.5% or less. A Delivery Unit which is delivered with a FFA content
 - (i) of less than or equal to 2%, shall be delivered without a FFA Allowance; and
 - (ii) of more than 2% but not over 3.5% , shall be subject to the FFA Allowance discount as specified by the Valid Grading Result.
- (h) A Seller shall deliver under a Contract a Delivery Unit the Cocoa in which, in the opinion of the ICE Registered Cocoa Graders upon grading:
 - (i) does not have a smoky, hammy or other taint or smell;
 - (ii) subject to Rule EEEE1.4(f), does not contain a substance which is not inherent in Cocoa; or
 - (iii) subject to Rules EEEE1.4(b), EEEE1.4(c), EEEE1.4(d), EEEE1.4(e), EEEE1.4(f) and EEEE1.4(g), is not unsound.
- (i) A Seller shall deliver under a Contract a Delivery Unit which exclusively contains Cocoa from a single Origin.

- (i) For contract months up to and excluding May 2017, the Cocoa must be from an Origin stated from time to time to be in the following Origin Groups. A Delivery Unit delivered under a Contract shall be subject to the discount stated in respect of the following Origin Groups, or such other discount as may be prescribed by the Exchange from time to time.
 - (A) Origin Group 1: Cocoa delivered from one of the following Origins shall not be subject to a discount: Ghana; Cote d'Ivoire; Nigeria; Sierra Leone; Togo; Cameroon; Equatorial Guinea; Democratic Republic of Congo (formerly known as Zaire); Western Samoa; Grenada Fine Estates; Trinidad & Tobago Plantation; and Jamaica.
 - (B) Origin Group 2: Cocoa delivered from one of the following Origins shall be subject to a discount of £25 per Tonne: Sao Tome and Principe; and Sri Lanka.
 - (C) Origin Group 3: Cocoa delivered from one of the following Origins shall be subject to a discount of £50 per Tonne: Brazil Bahia Superior; Brazil Vitoria Superior; Ecuador; and Papua New Guinea.
 - (D) Origin Group 4: Cocoa delivered from the following Origin shall be subject to a discount of £75 per Tonne: Malaysia.
 - (E) Origin Group 5: Cocoa delivered from any other Origin shall be subject to a discount of £100 per Tonne; or
 - (ii) For contract months from and including May 2017, the Cocoa must be from a single Origin which is contained in the list of Origin Groups determined by the Exchange from time to time. A Delivery Unit delivered under a Contract shall be subject to a discount stated in respect of its Origin Group as determined by the Exchange from time to time.
- (j) The Exchange may at its discretion, in respect of an Origin:
 - (i) remove such Origin from, or add it to, an Origin Group;
 - (ii) move such Origin between Origin Groups; and
 - (iii) vary a discount which applies to Cocoa delivered from such Origin in an Origin Group.

Any such variation, addition or deletion shall have such effect with regard to existing or new Contracts or both as the Exchange may determine in its absolute discretion.
- (k) In respect of a Delivery Unit delivered under a Contract, the Origin as stated in the bill of lading or, if more than one bill of lading, each bill of lading in respect of Cocoa contained in the Delivery Unit, shall be prima facie evidence of the relevant Origin of such Cocoa.
- (l) A Seller shall deliver a Delivery Unit which only contains Cocoa shipped during the same Shipment Period. In respect of a Delivery Unit delivered under a Contract, the date of issue of the bill of lading or, if more than one bill of lading, each bill of lading in respect of Cocoa contained in the Delivery Unit, shall be prima facie evidence of the relevant Shipment Period of such Cocoa. In respect of the Shipment Period, the date of issue of the bill of lading shall take precedence over any other date specified in the bill of lading.
- (m) Cocoa:
 - (i) in which more than 20% of the beans are Slaty by count;
 - (ii) in which more than 15% of the beans are Defective by count;

- (iii) which has more than 120 beans per 100g bean count;
- (iv) which has a Standard Deviation of the Bean Count of more than 40;
- (v) which has a quantity of:
 - (A) Residue and Foreign Matter; or
 - (B) Bean clusters

in excess of the weight specified in the Grading and Warehousekeeping Procedures applicable to the Delivery Unit and, in the case of Residue and Foreign Matter, the Origin;

- (vi) for contract months from and including May 2017, for Bulk Cocoa where the level of FFA is above 3.5%
- (vii) which does not comply with Rule EEEE1.4(h); or
- (viii) which has at any time been graded as not tenderable by ICE Registered Cocoa Graders under these Contract Rules,

shall not form part or all of a Delivery Unit and shall not be delivered by a Seller under a Contract. Notwithstanding Rule EEEE1.4(m)(vii), if a Delivery Unit has been regraded pursuant to Rule EEEE1.3(h) or GWPs E 1.7 and E 1.10, respectively, and a Valid Grading Result has been issued, Cocoa forming part or all of that Delivery Unit may be delivered by a Seller under a Contract.

EEEE1.5 PACKING AND WEIGHTS¹⁵

- (a) Subject to Rule EEEE1.5(b), Cocoa to be delivered in a Standard or Large Delivery Unit shall be packed in sound bags in external good order and meeting the criteria prescribed by the Exchange from time to time.
- (b) Cocoa contained in a Delivery Unit which is recorded on Guardian may only be bagged, rebagged or debagged in a Warehouse in accordance with the Grading and Warehousekeeping Procedures in force at the time of such bagging, rebagging or debagging. The Clearing House may, at its absolute discretion, supervise the bagging, rebagging or debagging of Cocoa contained in a Delivery Unit.
- (c) Each bag of Cocoa contained in a Standard or Large Delivery Unit shall not have a Gross Weight of more than 75 kilogrammes.
- (d) Each Delivery Unit to be delivered by a Seller under a Contract shall be invoiced in accordance with Rule EEEE1.10(a). In Rule EEEE1.10(a) the "Net Weight" referred to in "A" shall be calculated in accordance with this Rule EEEE1.5(d) and shall equal:
 - (i) the actual weight of a Delivery Unit as specified on the Warrant details recorded on Guardian ("Gross Weight");
 - (ii) less the weight of any samples drawn from such Delivery Unit after it was last weighed; and
 - (iii) in respect of a Standard or Large Delivery Unit, less the actual tare of the Delivery Unit, to the nearest gramme, as specified on the Warrant details recorded on Guardian.

¹⁵ Amended 26 May 2015

- (e) A Seller shall deliver under a Contract a Delivery Unit which:
- (i) in respect of a Standard Delivery Unit, has a Net Weight within a tolerance of 1.5 % above or below the weight specified in Rule EEEE1.1(b) for a Standard Delivery Unit;
 - (ii) in respect of a Large Delivery Unit, has a Net Weight within a tolerance of 1.5 % above or 1.0% below the weight specified in Rule EEEE1.1(b) for a Large Delivery Unit; or
 - (iii) in respect of a Bulk Delivery Unit, has a Net Weight within a tolerance of 1.5% above or 0.5% below the weight specified in Rule EEEE1.1(b) for a Bulk Delivery Unit.

For the avoidance of doubt, the Buyer shall not reject a Delivery Unit for not being delivered at the Contract weight, provided it is delivered within the tolerance band for such Delivery Unit as specified in this Rule EEEE1.5(e).

- (f) For contract months up to and excluding May 2017, a Seller shall only deliver a Standard or Large Delivery Unit under a Contract if the Tender in respect of such Delivery Unit is delivered in accordance with these Contract Rules on a day which is not more than thirty-six months after the last day of the month in which the Delivery Unit was last weighed. If the Tender is delivered more than six months, but less than thirty-six months, after the last day of the month in which the Delivery Unit was last weighed, the Seller shall accept a deduction from the Contract price of a sum equal to 0.25% of the EDSP for the relevant Delivery Month, per Tonne Net Weight for every additional period of six months or part thereof from the date the Delivery Unit was last weighed, subject to a maximum deduction of 1.25%.
- (g) For contract months from and including May 2017, the Seller shall accept a deduction from the Contract price in accordance with:
- (i) for Delivery Units delivered within the first 183 days from the Original Weigh Date a weight allowance will accrue at a rate of 0.5% per 183 days,
 - (ii) for Delivery Units delivered from 184 to 548 days after the Original Weigh Date, a weight allowance will accrue at a rate of 0.5% per 365 days (in addition to any accrued allowance from the first 183 days),
 - (iii) for Delivery Units delivered from 549 to 913 days after the Original Weigh Date, a weight allowance will accrue at a rate of 0.25% per 365 days (in addition to any accrued allowance from the first 548 days)

After 913 days after the Original Weigh Date, the total allowance of 1.25% will have been fully allocated and the Delivery Unit will attract no further allowance.

Delivery Units may be re-weighed at any time. After re-weighing, the nominal weight loss will be calculated from the Last Weigh Date rather than the Original Weigh Date, and

- (h) A Delivery Unit shall be weighed or reweighed in a Warehouse in accordance with the Grading and Warehousekeeping Procedures in force at the time of such weighing or reweighing.

EEEE1.6 PRICE¹⁶

- (a) The Contract price shall be expressed in euro per Tonne.
- (b) For contract months up to and excluding May 2017 only, subject to any other Allowances specified in these Contract Rules or by the Valid Grading Result for a Delivery Unit:
 - (i) a Standard Delivery Unit or a Large Delivery Unit delivered under a Contract shall not be subject to a discount; and
 - (ii) a Bulk Delivery Unit delivered under a Contract shall be subject to a Bulk Delivery Unit discount of £20 per Tonne to the Contract price. Such discount shall be converted into and applied in euro by the Exchange, in a manner consistent with the conversion and application of other allowances and discounts under a contract.
- (c) Notwithstanding Rule EEEEE1.15(i)(ii), the Seller shall pay all Rent and Fumigation Charges up to and including the Settlement Day, except in respect of a Nominated Bulk Delivery Unit, in which case all Rent and Fumigation Charges shall be paid up to the Conversion Settlement Day or the Extended Conversion Settlement Day, as the case may be. Any Rent and Fumigation Charges paid by the Seller beyond the relevant Settlement Day shall be borne by the Seller and not the Buyer.

EEEE1.7 IMPORT DUTY

- (a) Subject to Rule EEEEE1.7(c), a Seller may deliver Cocoa qualifying on account of its Origin for a nil or reduced rate of import duty ("Preferential Rate of Import Duty"), if:
 - (i) sufficient documentation has been lodged with the appropriate authorities to enable the Buyer to take delivery of Cocoa contained in a Delivery Unit at a Preferential Rate of Import Duty in the country of importation ("Import Duty Documentation"); or
 - (ii) the Preferential Rate of Import Duty has been paid.
- (b) A Seller shall deliver Cocoa which does not qualify for a Preferential Rate of Import Duty under Rule EEEEE.7(a) as either:
 - (i) import duty unpaid, and any duty will be payable by the Buyer; or
 - (ii) import duty paid, and any duty paid or payable will be borne by the Seller.
- (c) The Clearing House may, at its absolute discretion, request the Seller to provide to the Clearing House evidence that paragraph (i) or (ii) of Rule EEEEE.7(a) has been complied with ("Evidence of Import Duty"). The Evidence of Import Duty shall be in the form required by the Clearing House in its absolute discretion from time to time. If the Seller fails to provide satisfactory Evidence of Import Duty to the Clearing House which will entitle the Buyer to claim a Preferential Rate of Import Duty in the country of importation, the Cocoa contained in the Delivery Unit shall be delivered by the Seller as either import duty unpaid or paid in accordance with Rule EEEEE.7(b).

¹⁶ Amended 26 May 2015

- (d) Each Delivery Unit recorded on Guardian shall state:
 - (i) if Cocoa contained in a Delivery Unit is subject to either a Preferential Rate of Import Duty or a non-Preferential Rate of Import Duty; and
 - (ii) in respect of Cocoa which is subject to a Preferential Rate of Import Duty, if either Import Duty Documentation has been lodged with and accepted by the appropriate authorities or the Preferential Rate of Import Duty has been paid.
- (e) No adjustment shall be made to the Contract price on account of:
 - (i) any difference between Preferential Rates of Import Duty and non-Preferential Rates of Import Duty; or
 - (ii) payment or non-payment, as the case may be, of import duty in respect of Cocoa delivered under a Contract.

EEEE1.8 LAST TRADING DAY

- (a) On the Last Trading Day:
 - (i) trading in Contracts for the relevant Delivery Month shall cease at such time as may be specified for that purpose in the Administrative Procedures; and
 - (ii) the Exchange will calculate the EDSP for such Contracts in accordance with Rule EEEE1.9.

EEEE1.9 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) Paragraphs (i), (ii) and (iii) of this Rule EEEE1.9(a) are subject to Rule EEEE1.9(b). The EDSP for Contracts for a particular Delivery Month shall be calculated by Exchange officials on the Last Trading Day as follows:
 - (i) if (as far as reasonably ascertainable) one or more Contracts for that Delivery Month has been made on the Last Trading Day during the period specified for this purpose in the Administrative Procedures, then:
 - (A) if only one Contract has been made, the EDSP shall be the price (as far as reasonably ascertainable) at which that Contract was made; or
 - (B) if more than one Contract has been made, the EDSP shall be the average rounded down to the nearest euro of the prices (as far as reasonably ascertainable) at which such Contracts were made, weighted by reference to the number of Lots (as far as reasonably ascertainable) comprised in each such Contract;
 - (ii) if (as far as reasonably ascertainable) on the Last Trading Day, during the period specified for this purpose in the Administrative Procedures, no Contract for that Delivery Month has been made but both an offer (or offers) and a bid (or bids) have been made in respect of a Contract (or Contracts) for that Delivery Month, then the EDSP shall be the average of the lowest price (as far as reasonably ascertainable) at which such an offer was made and the highest price (as far as reasonably ascertainable) at which such a bid was made and such average shall be rounded down to the nearest euro
 - (iii) if (as far as reasonably ascertainable) on the Last Trading Day, during the period specified for this purpose in the Administrative Procedures, no Contract for that

Delivery Month has been made and either no offer or no bid has been made in respect of a Contract (or Contracts) for that Delivery Month, then Exchange officials shall determine the EDSP by reference inter alia to the price at which any offer or bid, as the case may be, in respect of a Contract for that Delivery Month was made during such period on such day; or

- (iv) if (as far as reasonably ascertainable) on the Last Trading Day, during the period specified for this purpose in the Administrative Procedures, no Contract for that Delivery Month has been made and neither an offer nor a bid have been made in respect of a Contract (or Contracts) for that Delivery Month, then Exchange officials may in their absolute discretion fix the EDSP at a price determined by them as being consistent with the prices at which any Contracts or any offers or bids in respect of a Contract were made on the Last Trading Day for the Delivery Month and period referred to in Rules EEEE1.9(b)(i) and (ii) below and, if necessary, rounded down to the nearest euro.
- (b) If in the opinion of Exchange officials, the EDSP which would result from a calculation made in accordance with Rule EEEE1.9(a)(i), (ii) or (iii) would not be consistent with the prices at which any Contracts, or other related contracts, or any offers or bids in respect of a Contract, or other related contract, were made on the Last Trading Day for:
 - (i) the relevant Delivery Month prior to the applicable period referred to in Rule EEEE1.9(a)(i), (ii) or (iii), as the case may be; or
 - (ii) any other Delivery Month during the applicable period referred to in Rule EEEE1.9(a)(i), (ii) or (iii), as the case may be,

then Exchange officials may in their absolute discretion fix the EDSP at a price determined by them as being consistent with the prices, offers or bids for the Delivery Month and period referred to in paragraphs (i) or (ii) above, and, if necessary, rounded down to the nearest euro.

- (c) The Exchange shall publish the EDSP by the time specified for that purpose in the Administrative Procedures. The EDSP shall be final and binding for all purposes.

EEEE1.10 INVOICING AMOUNT¹⁷

- (a) Subject to Rule EEEE1.10(b), the “Invoicing Amount” in respect of each Delivery Unit to be delivered under a Contract shall be a sum calculated in accordance with the formula:

$$((\text{Contract weight} + A) \times (\text{EDSP} + B)) + C$$

where:

EDSP = the EDSP for the Delivery Month.

A = the Net Weight less the Contract weight.

B = any Allowances made in accordance with Rules EEEE1.4, EEEE1.5(f), EEEE1.5(g) and EEEE1.6(b)(ii) and these Contract Rules.

C = any Allowance made under Rule EEEE1.15(i).

¹⁷ Amended 26 May 2015

- (b) Where the sum calculated in accordance with Rule EEEE1.10(a) is not a number of euro and whole eurocents, if such sum is:
- (i) less than a number of euro, eurocents and a whole half eurocent, such sum shall be rounded down to the nearest sum which is a number of euro and whole eurocent; and
 - (ii) equal to or more than a number of euro, eurocent and a whole half eurocent, such sum shall be rounded up to the nearest sum which is a number of euro and whole eurocent.

and the Invoicing Amount shall be such nearest sum.

- (c) In respect of a registered Contract, the final Invoicing Amount in respect of a Delivery Unit shall be paid by or to the Clearing House (as the case may require) in accordance with Rules EEEE1.16(a) and EEEE1.16(f) and the Administrative Procedures.

EEEE1.11 SETTLEMENT PAYMENTS

- (a) In respect of each Lot referred to in a Seller's Delivery Notice, in addition to any other payment required by these Contract Rules, the following payments shall be made by the time specified for that purpose in the Administrative Procedures:
- (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require); and
 - (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require),

of an amount calculated as the difference, in euro multiplied by 10 in respect of each Lot, between the EDSP and the Contract price.

EEEE1.12 SELLER'S DELIVERY NOTICE AND NOTIFICATIONS TO SELLER

- (a) A Seller in whose name are registered one or more Contracts shall give to the Clearing House a Seller's Delivery Notice in respect of each Lot not later than the time on the Notice Day specified for that purpose in the Administrative Procedures.
- (b) A Seller's Delivery Notice shall be presented to the Clearing House by the Seller by such means and in a form prescribed from time to time by the Clearing House. The Seller's Delivery Notice shall in respect of each Delivery Unit to be delivered by the Seller specify the information set out in the Administrative Procedures and such other information as the Clearing House may prescribe from time to time.
- (c) By the time specified for that purpose in the Administrative Procedures on the Notice Day, the Clearing House may in respect of any Bulk or Large Delivery Units specified in the Seller's Delivery Notice, direct the Seller to convert one or more Large Delivery Units into Standard Delivery Units or one or more Bulk Delivery Units into Large or Standard Delivery Units or both.
- (d) If the Clearing House has made a direction pursuant to Rule EEEE1.12(c), the Seller shall, by the time specified for that purpose in the Administrative Procedures on the first Business Day immediately following the Notice Day, notify the Clearing House by such means and in a form from time to time prescribed by the Clearing House that it shall comply with such direction by:

- (i) converting the Delivery Unit specified in the Seller's Delivery Notice in respect of which such direction was made and shall promptly instruct the Warehousekeeper to undertake such conversion; or
- (ii) converting one or more other Delivery Units as determined by the Seller, specifying the relevant details of each such Delivery Unit, provided that each such Delivery Unit:
 - (A) in aggregate, is of an amount of Cocoa to enable the Seller to fulfil its delivery obligations under the relevant Lots;
 - (B) complies with Rule EEEE1.3(b);
 - (C) if not of the same size as the Delivery Unit in respect of which such direction was made, is of a size acceptable to the Clearing House, as determined in its absolute discretion, to facilitate delivery by the Clearing House of the relevant Lots; and
 - (D) if it is the same size as the Delivery Unit in respect of which such direction was made, does not have one or more discounts to the Contract price in respect of the quality or condition as specified by the Valid Grading Result which is greater than any discount awarded in respect of the same category of quality or condition for the Delivery Unit specified in the Seller's Delivery Notice in respect of which such direction was made,

and shall promptly instruct the Warehousekeeper to undertake such conversion; or:

- (iii) substituting the Delivery Unit specified in the Seller's Delivery Notice in respect of which such direction was made with such other Delivery Units as determined by the Seller, specifying the relevant details of each such Delivery Unit, provided that each such Delivery Unit:
 - (A) in aggregate, is of an amount of Cocoa to enable the Seller to fulfil its delivery obligations under the relevant Lots;
 - (B) complies with Rule EEEE1.3(b); and
 - (C) if not of a size required by the Clearing House as specified in its discretion, is of a size acceptable to the Clearing House, as determined in its absolute discretion, to facilitate delivery by the Clearing House of the relevant Lots.

If the Seller makes a notification under Rule EEEE1.12(d)(ii) or (iii), the Seller shall in respect of each Delivery Unit to be delivered by the Seller give to the Clearing House the information set out in the Administrative Procedures and such other information as the Clearing House may prescribe from time to time.

- (e) If the Seller has made a notification to the Clearing House under Rule EEEE1.12(d)(i) or (ii), the Seller shall, as applicable:
 - (i) convert each Nominated Large Delivery Unit in accordance with Rule EEEE1.14 and deliver each Converted Delivery Unit on the Settlement Day in accordance with Rule 16(a)(i); and
 - (ii) convert each Nominated Bulk Delivery Unit in accordance with Rule EEEE1.15 and deliver each Converted Delivery Unit on the Conversion Settlement Day or the Extended Conversion Settlement Day, as the case may be, in accordance with Rule 16(a)(ii).

- (f) A Seller shall not remove, substitute or vary a Tender, or any of its terms, after the time on the relevant Day specified in the Administrative Procedures for delivery of the Tender to the Clearing House, unless:
 - (i) the Seller has obtained the prior consent of the Clearing House, the Clearing House has obtained the Buyer's prior written consent in respect of any Lots referred to in the Tender which have been allocated to such Buyer under Rule EEEE1.13(d) and the Seller has notified the Clearing House of the proposed removal, substitution or variation;
 - (ii) the Seller makes a notification to the Clearing House under Rule EEEE1.12(d); or
 - (iii) the Seller is directed by the Clearing House to make a substitution of the Tender, or any of its terms.
- (g) The Clearing House shall not be obliged to accept a Tender in respect of one or more Lots, unless:
 - (i) the Tender complies with Rules EEEE1.12(b), EEEE1.12(d) and EEEE1.12(f), as applicable; and
 - (ii) the Seller is able to present such other documents or information in respect of such Lots or the Delivery Units to be delivered in respect of such Lots, as may be required by the Clearing House under Rule EEEE1.12(f).
- (h) By the time specified for that purpose in the Administrative Procedures on the first Business Day immediately following the Notice Day, the Clearing House shall make available to the Seller:
 - (i) details of the final Invoicing Amount payable to the Seller by the Clearing House in respect of each Delivery Unit to be delivered by the Seller, other than a Nominated Delivery Unit; and
 - (ii) details of the provisional Invoicing Amount payable to the Seller by the Clearing House in respect of each Converted Delivery Unit to be delivered by the Seller which is formed upon the conversion of a Nominated Delivery Unit.

EEEE1.13 BUYER'S NOTIFICATION AND ALLOCATION AND NOTIFICATIONS TO BUYERS

- (a) A Buyer shall give to the Clearing House a Buyer's Position Notice in respect of each Lot not later than the time on the Notice Day specified for that purpose in the Administrative Procedures.
- (b) A Buyer's Position Notice shall be presented to the Clearing House by the Buyer by such means and in a form prescribed from time to time by the Clearing House. The Buyer's Position Notice shall in respect of one or more Contracts specify the number of Lots to be delivered by the Clearing House to the Buyer, and by the Buyer to each of its underlying clients, and such other information as the Clearing House may prescribe from time to time.
- (c) A Buyer shall not remove, substitute or vary a Buyer's Position Notice, or any of its terms, after the time on the Notice Day specified in the Administrative Procedures for delivery of the Buyer's Position Notice to the Clearing House, without the Clearing House's prior consent.
- (d)
 - (i) In respect of registered Contracts, the Clearing House will, not later than the time on the first Business Day after the Notice Day specified for that purpose in the Administrative Procedures, allocate to a Clearing Member registered as a Buyer one or more Delivery Units referred to in a Tender in respect of each Lot to be delivered to it by the Clearing House and by such method of allocation as may be specified in the Clearing House procedures.

- (ii) The allocation to a Buyer of any Converted Delivery Unit under paragraph (i) of this Rule EEEE1.13(d) will be a provisional allocation and the Clearing House shall confirm to the Buyer, in accordance with Rule EEEE1.14(f)(ii) and EEEE1.15(h)(ii), as applicable, the final allocation of the Converted Delivery Units to be delivered by the Clearing House.
- (e) The Buyer shall accept the allocation of each Delivery Unit made by the Clearing House under Rule EEEE1.13(d) and under Rules EEEE1.14(f)(ii) or EEEE1.15(h)(ii), as applicable, notwithstanding that such allocation may not reflect either the requirements of the Buyer, or any of the Buyer's underlying clients, or the information provided by the Buyer to the Clearing House in the Buyer's Position Notice.
- (f) By the time specified for that purpose in the Administrative Procedures on the first Business Day immediately following the Notice Day, the Clearing House shall make available to the Buyer:
 - (i) details of the final Invoicing Amount payable by the Buyer to the Clearing House in respect of each Delivery Unit allocated to the Buyer, other than a Delivery Unit to be converted from a Nominated Delivery Unit; and
 - (ii) details of the provisional Invoicing Amount payable by the Buyer to the Clearing House in respect of each Converted Delivery Unit to be converted from a Nominated Delivery Unit which has been provisionally allocated to the Buyer.
- (g) The Buyer acknowledges and agrees that any information provided by the Clearing House pursuant to Rules EEEE1.13(d) or EEEE1.13(f)(ii) may be amended from time to time by the Clearing House under Rules EEEE1.14(f)(ii) and EEEE1.15(h)(ii).

EEEE1.14 CONVERSION OF NOMINATED LARGE DELIVERY UNITS AND FINAL ALLOCATION¹⁸

- (a) This Rule EEEE1.14 shall apply to each Nominated Large Delivery Unit in respect of which the Seller has made a notification to the Clearing House under Rule EEEE1.12(d)(i) or (ii) and each Converted Delivery Unit formed upon conversion of such Nominated Large Delivery Unit.
- (b) A Seller shall convert a Nominated Large Delivery Unit in accordance with this Rule EEEE1.14 and the Grading and Warehousekeeping Procedures in force at the time of delivery. The costs of converting such Delivery Unit shall be borne by the Seller. The Clearing House may, at its absolute discretion, supervise the conversion of a Nominated Large Delivery Unit.
- (c) Upon conversion of a Nominated Large Delivery Unit:
 - (i) its Valid Grading Result shall apply to each Converted Delivery Unit including, for contract months from and including May 2017, where appropriate any FFA allowance attributed to it under Rule EEEE1.4(g)(ii); and
 - (ii) each Converted Delivery Unit shall be weighed and issued with a new Warrant by the Warehousekeeper in accordance with the Grading and Warehousekeeping Procedures in force at the time of delivery.
- (d) By the time specified for that purpose in the Administrative Procedures on the first Business Day immediately prior to the Settlement Day, the Seller shall have:
 - (i) completed the conversion of each Nominated Large Delivery Unit;

¹⁸ Amended 26 May 2015

- (ii) complied with Rule EEEE1.14(c)(ii) in respect of each Converted Delivery Unit and ensure that such Converted Delivery Unit has a Net Weight within the tolerance specified in Rule EEEE1.5(e)(i);
 - (iii) presented a notice to the Clearing House by such means and in a form from time to time prescribed by the Clearing House, specifying in respect of each Converted Delivery Unit the information set out in the Administrative Procedures and such other information as the Clearing House may require from time to time; and
 - (iv) requested the Warehousekeeper to record on Guardian the Warrant number for, and weight details of, each Converted Delivery Unit together with such other information as the Clearing House may require the Warehousekeeper to provide from time to time.
- (e) The Seller shall deliver on the Settlement Day each Converted Delivery Unit in respect of which the Seller has complied with Rule EEEE1.14(d). If the Seller has not complied with Rule EEEE1.14(d) in respect of any Converted Delivery Unit, the Seller shall be deemed to be in Default in Performance of its obligations under Rule EEEE1.18 entitling the Clearing House to take such steps as it deems appropriate under any of the provisions of Rule EEEE1.18 including, without limitation, under Rule EEEE1.18(e)(i).
- (f) The Clearing House shall, by the time specified for that purpose in the Administrative Procedures on the first Business Day immediately prior to the Settlement Day make available to:
 - (i) the Seller, in respect of each Converted Delivery Unit to be delivered by the Seller, details of the final Invoicing Amount payable to the Seller in respect of each such Converted Delivery Unit; and
 - (ii) the Buyer, confirmation of the final allocation of the Converted Delivery Units derived from one or more Nominated Large Delivery Units to be delivered to it and details of the final Invoicing Amount payable by the Buyer in respect of each such Converted Delivery Unit.

EEEE1.15 CONVERSION OF NOMINATED BULK DELIVERY UNITS AND FINAL ALLOCATION¹⁹

- (a) This Rule EEEE1.15 shall apply to each Nominated Bulk Delivery Unit in respect of which the Seller has made a notification to the Clearing House under Rule EEEE1.12(d)(i) or (ii) and each Converted Delivery Unit formed upon conversion of such Nominated Bulk Delivery Unit.
- (b) A Seller shall convert a Nominated Bulk Delivery Unit in accordance with this Rule EEEE1.15 and the Grading and Warehousekeeping Procedures in force at the time of delivery. The costs of converting such Delivery Unit shall be borne by the Seller. The Clearing House may, at its absolute discretion, supervise the conversion of a Nominated Bulk Delivery Unit.
- (c) Upon conversion of a Nominated Bulk Delivery Unit:
 - (i) its Valid Grading Result shall apply to each Converted Delivery Unit including, for contract months from and including May 2017, where appropriate any FFA allowance attributed to it under Rule EEEE1.4(g)(ii); and
 - (ii) each Converted Delivery Unit shall be weighed and issued with a new Warrant by the Warehousekeeper in accordance with the Grading and Warehousekeeping Procedures in force at the time of delivery.

¹⁹ Amended 26 May 2015

- (d) By the time specified for that purpose in the Administrative Procedures on the first Business Day immediately prior to the Conversion Settlement Day, the Seller shall have:
 - (i) completed the conversion of each Nominated Bulk Delivery Unit;
 - (ii) complied with Rule EEEE1.15(c)(ii) in respect of each Converted Delivery Unit and ensure that such Converted Delivery Unit has a Net Weight within the tolerance specified in Rule EEEE1.5(e)(i) or (ii), as the case may be;
 - (iii) presented a notice to the Clearing House by such means and in a form from time to time prescribed by the Clearing House, specifying in respect of each Converted Delivery Unit the information set out in the Administrative Procedures and such other information as the Clearing House may require from time to time; and
 - (iv) requested the Warehousekeeper to record on Guardian the Warrant number for, and weight details of, each Converted Delivery Unit together with such other information as the Clearing House or the Clearing House may require the Warehousekeeper to provide from time to time.
- (e) The Seller shall notify the Clearing House by such means and in a form from time to time prescribed by the Clearing House as soon as the Seller becomes aware that it is, or is likely to be, unable to comply with Rule EEEE1.15(d). Such notice shall not be provided later than the time specified for that purpose in the Administrative Procedures on the first Business Day immediately prior to the Conversion Settlement Day. The Seller shall specify in such notice the circumstances and reason for non-compliance with Rule EEEE1.15(d), an estimate of the date when the Seller will comply with such Rule, the number of Lots affected and such other information as the Clearing House may require from time to time.
- (f) If upon receiving a notification under Rule EEEE1.15(e), the Clearing House determines in its absolute discretion that the Seller is unable to comply with Rule EEEE1.15(d):
 - (i) due to an event occurring which is beyond the reasonable control of the Seller or the Warehousekeeper, as the case may be, which without prejudice to the foregoing, may include the unavailability or breakdown of machinery used to convert the Nominated Delivery Unit or the unavailability of bags meeting the criteria prescribed by the Clearing House from time to time, the Clearing House shall determine in its absolute discretion whether to move the Conversion Settlement Day to ten Business Days immediately following the Conversion Settlement Day (“Extended Conversion Settlement Day”) to enable the Seller to comply with Rule EEEE1.15(d) by the time specified for that purpose in the Administrative Procedures on the first Business Day immediately prior to the Extended Conversion Settlement Day; or
 - (ii) due to an event occurring which does not fall within Rule EEEE1.15(f)(i) above, the Seller shall:
 - (A) deliver on the Conversion Settlement Day Converted Delivery Units which comply with Rule EEEE1.15(d); and
 - (B) in relation to those Lots in respect of which the Seller is unable to deliver Converted Delivery Units, be deemed to be in Default in Performance of its obligations under Rule EEEE1.18 entitling the Clearing House to take such steps as it deems appropriate under any of the provisions of Rule EEEE1.18 including, without limitation, Rule EEEE1.18(e)(i).

The Clearing House shall notify the Seller and the Buyer of any determination made under this Rule EEEE1.15(f).

- (g) By the time specified for that purpose in the Administrative Procedures on the first Business Day immediately prior to the Extended Conversion Settlement Day:
 - (i) the Seller shall have complied with Rule EEEE1.15(d); and
 - (ii) if the Seller has not complied fully with Rule EEEE1.15(d):
 - (A) the Seller shall deliver on the Extended Conversion Settlement Day Converted Delivery Units which comply with Rule EEEE1.15(d); and
 - (B) in respect of any Converted Delivery Unit which does not comply with Rule EEEE1.15(d), the Clearing House may:
 - (1) in its absolute discretion take such steps as it deems appropriate under any of the provisions of Rule EEEE1.18 including, without limitation, Rule EEEE1.18(e)(i); or
 - (2) if the Seller is unable to comply with its obligations under Rule EEEE1.15(d) due to an event of force majeure under Rule EEEE1.20(a), take such steps as it deems appropriate to facilitate a mutually acceptable arrangement between the parties, which may be on such terms and take such form as is acceptable to the Clearing House, the Seller and the Buyer, and in the absence of such an arrangement, shall refer the matter to the Exchange for its determination which shall be made in accordance with Rule EEEE1.20(e).
- (h) The Clearing House shall, by the time specified for that purpose in the Administrative Procedures on the first Business Day immediately prior to the Conversion Settlement Day or on the first Business Day immediately prior to the Extended Conversion Settlement Day, as the case may be, make available to:
 - (i) the Seller details of the final Invoicing Amount payable to the Seller in respect of each Converted Delivery Unit which complies with Rules EEEE1.15(d) and EEEE1.5(e)(i) or (ii), as the case may be, to be delivered by the Seller and; and
 - (ii) the Buyer, confirmation of the final allocation of Converted Delivery Units derived from Nominated Bulk Delivery Units to be delivered to it on the Conversion Settlement Day or the Extended Conversion Settlement Day and details of the final Invoicing Amount payable by the Buyer in respect each such Converted Delivery Unit.
- (i) The Buyer shall pay a premium on the Contract of a sum equal to:
 - (i) the Interest Rate multiplied by the EDSP for the relevant Delivery Month per Tonne Net Weight in respect of each Converted Delivery Unit to be delivered to it for each day after the Settlement Day up to and including the Conversion Settlement Day or the Extended Conversion Settlement Day, as the case may be; and
 - (ii) the daily rate per Tonne of the Gross Weight of each Converted Delivery Unit in respect of all Rent and Fumigation Charges, in an amount determined by the Exchange from time to time, which have been paid from the Settlement Day up to and including the Conversion Settlement Day or the Extended Conversion Settlement Day, as the case may be.

- (j) The Seller and the Buyer shall comply with any instructions and determination made by the Clearing House under this Rule EEEE1.15. In the case of any disagreement between the Clearing House and the Seller as to whether the Seller can comply with Rule EEEE1.15(d) within such time as the Clearing House may specify, the determination of the Clearing House shall be final.

EEEE1.16 DELIVERY

- (a) No later than the time specified for that purpose in the Administrative Procedures, the Buyer shall make payment to the Clearing House of the final Invoicing Amount:
 - (i) on the Settlement Day in respect of each Delivery Unit allocated to the Buyer, other than a Delivery Unit to be converted from a Nominated Bulk Delivery Unit, in accordance with these Contract Rules and the Clearing House Rules; and
 - (ii) on the Conversion Settlement Day or on the Extended Conversion Settlement Day, as the case may be, in respect of each Converted Delivery Unit formed upon the conversion of a Nominated Bulk Delivery Unit allocated to the Buyer in accordance with these Contract Rules and the Clearing House Rules.

Payment is to be made without prejudice to the reference of any claim or dispute to arbitration.

- (b) The Seller shall ensure that the Warrant details recorded on Guardian in respect of each Delivery Unit are accurate and complete in all respects.
- (c) Notwithstanding Rule EEEE1.15(i)(ii), Rent and Fumigation Charges in respect of each Delivery Unit shall be paid by the Seller in accordance with Rule EEEE1.6(c).
- (d) The Seller shall represent and warrant to the Buyer that each Delivery Unit delivered by the Seller is free from any security interest, lien or encumbrance. The Seller shall indemnify the Buyer on demand against each loss, liability and cost which the Buyer incurs or suffers arising out of any claim, made or action brought or threatened alleging infringement of the rights of any third party in respect of any Delivery Unit delivered by the Seller under a Contract.
- (e) For the avoidance of doubt, notwithstanding that the Clearing House is not recorded as the owner of a Delivery Unit on Guardian, it is the buyer to the Seller and the seller to the Buyer in the process of transferring ownership of the Delivery Unit.
- (f) No later than the time specified for that purpose in the Administrative Procedures, the Clearing House shall make payment to the Seller of the final Invoicing Amount, at which point the Seller will be deemed to have transferred the Delivery Unit to the Clearing House:
 - (i) on the Settlement Day in respect of each Delivery Unit delivered by the Seller, other than a Delivery Unit to be converted from a Nominated Bulk Delivery Unit, in accordance with these Contract Rules and the Clearing House Rules; and
 - (ii) on the Conversion Settlement Day or on the Extended Conversion Settlement Day, as the case may be, in respect of each Converted Delivery Unit formed upon the conversion of a Nominated Bulk Delivery Unit delivered by the Seller in accordance with these Contract Rules and the Clearing House Rules.
- (g) No later than the time specified for that purpose in the Administrative Procedures, if the Buyer has paid the final Invoicing Amount in respect of a Delivery Unit, the records on Guardian will be updated to reflect the change in ownership from Seller to Buyer in respect of such Delivery Unit, at which point the Buyer will be deemed to have taken up the Delivery Unit from the Clearing House:

- (i) on the Settlement Day in respect of each Delivery Unit allocated to the Buyer, other than a Delivery Unit to be converted from a Nominated Bulk Delivery Unit; or
- (ii) on the Conversion Settlement Day or the Extended Conversion Settlement Day, as the case may be, in respect of each Converted Delivery Unit formed upon the conversion of a Nominated Bulk Delivery Unit allocated to the Buyer,

in accordance with these Contract Rules and the Clearing House Rules. Each Warrant is to be taken up by the Buyer without prejudice to the reference of any claim or dispute to arbitration. The Clearing House is under no obligation to effect delivery if the Buyer has not paid the final Invoicing Amount in respect of the Delivery Unit which is the subject of the Warrant.

- (h) Without prejudice to any steps taken by the Clearing House under Rule EEEE1.18, if payment is not made by the time and on the day prescribed for that purpose in the Administrative Procedures, the Clearing House may sell the Delivery Unit in respect of which payment has not been made. Any surplus or deficit resulting from such sale, with an account for interest and the costs of sale, shall be settled with the Clearing House forthwith.
- (i) A Buyer shall (for all purposes, including the making of any claim for damages) be deemed to have accepted a Delivery Unit delivered under this Rule EEEE1.16, by the time stipulated in the Administrative Procedures on the Business Day which:
 - (i) in respect of each Delivery Unit other than a Delivery Unit to be converted from a Nominated Bulk Delivery Unit, is the tenth Business Day immediately after the Settlement Day; or
 - (ii) in respect of each Converted Delivery Unit formed upon the conversion of a Nominated Bulk Delivery Unit, is the seventh Business Day immediately after the Conversion Settlement Day or the Extended Conversion Settlement Day, as the case may be,

(each date being referred to as the “Acceptance Date”) unless the Buyer has, not later than the time stipulated in the Administrative Procedures on the relevant Acceptance Date, given notice to the Clearing House in accordance with Rule EEEE1.23 and in a form published by the Clearing House from time to time that the Buyer claims that the Delivery Unit does not comply with these Contract Rules, stating in what respects the Delivery Unit is said not to comply and whether the Buyer also claims to reject the Delivery Unit. The Clearing House will notify the Seller of the Buyer’s notification. If the Buyer has not so notified the Clearing House by such time, then any claim by the Buyer of any nature whatsoever in respect of the Delivery Unit shall be deemed to have been waived and absolutely barred.

- (j) Without prejudice to the provisions of Rules EEEE1.16(d) and EEEE1.18, a failure by the Seller or Buyer to comply with its obligations under any of the provisions of Rules EEEE1.12, EEEE1.13, EEEE1.14, EEEE1.15 and EEEE1.16, as the case may be, shall constitute a Default in Performance entitling the Clearing House forthwith to take steps under any of the provisions of Rule EEEE1.18. Any action taken by the Clearing House shall be without prejudice to any rights, obligations or claims of the Seller or the Buyer or the Clearing House and any costs, claims, losses, taxes or expenses of whatsoever nature incurred or suffered by the Clearing House in connection with such action shall be paid by the Seller or by the Buyer in Default in Performance.

EEEE1.17 PROPERTY AND RISK

- (a) Property and risk in respect of a Delivery Unit delivered under a registered Contract will pass:
 - (i) from the Seller to the Clearing House as Buyer, once the following has been effected:

- (A) the deemed transfer by the Seller of the Warrant in respect of such Delivery Unit to the Clearing House; and
- (B) the payment by the Clearing House of the final Invoicing Amount in respect of such Delivery Unit in same day or immediately available, freely transferable, cleared funds; and
 - (ii) from the Clearing House as Seller to the Buyer, once the following has been effected:
 - (A) the payment by the Buyer of the final Invoicing Amount in respect of such Delivery Unit to the Clearing House in respect of such Delivery Unit in same day or immediately available, freely transferable, cleared funds; and
 - (B) the deemed take up of the Warrant in respect of such Delivery Unit by the Buyer.
- (b) In the event of the Buyer acquiring under RuleEEEE1.17(a) a Delivery Unit which forms part of an identified bulk of Cocoa, the Buyer will acquire proprietary rights in an undivided share in the identified bulk of Cocoa as set out in section 20A of the Sale of Goods Act 1979.

EEEE1.18 DEFAULT IN PERFORMANCE

- (a) The provisions of this RuleEEEE1.18 shall be subject to the default rules from time to time in force of the Clearing House.
- (b) For the purposes of this RuleEEEE1.18, a reference to a “Default in Performance” shall, subject to Rule EEEE1.18(d), be construed as including an actual failure by a Seller or a Buyer under Rule EEEE1.18(c) in performing its obligations under a Contract, or an anticipated failure. An anticipated failure is one which the Clearing House, in its reasonable opinion, thinks will occur and in respect of which the Clearing House considers that it should take action under the provisions of this Rule EEEE1.18.
- (c) A Buyer or a Seller shall be in Default in Performance where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules;
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified for that purpose in the Administrative Procedures; or
 - (iii) in the reasonable opinion of the Clearing House, he is in Default in Performance.
- (d) Errors in a notice, which are determined in the Clearing House’s absolute discretion to be clerical errors which can be readily rectified and are rectified, shall not be treated as constituting a Default in Performance.
- (e) Subject to Rules EEEE1.18(f)(ii) and EEEE1.18(j), if it appears to the Clearing House that a Seller or a Buyer is in Default in Performance under a registered Contract, the Clearing House shall notify the Exchange of the Default in Performance and may, in its absolute discretion:
 - (i) take such steps as it deems appropriate to facilitate a mutually acceptable resolution of the Default in Performance. A resolution of a Default in Performance may be on such terms and take such form as is acceptable to the Clearing House, to the Seller and to the Buyer. Such terms may limit some or all of the rights of the Seller, the

Buyer or the Clearing House to refer any matter concerning or arising out of a Default in Performance (or the resolution thereof) to arbitration;

- (ii) without prejudice to any of its other rights under this Rule EEEE1.18, refer to the Exchange any dispute or issue arising between any of the parties. If upon such reference, the Exchange is of the opinion that the Default in Performance is of minor significance it shall determine any such dispute or issue between such parties upon such evidence as it may deem relevant and convey its findings to such parties who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of any party to refer the dispute or any related dispute to arbitration; or
 - (iii) take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of the Seller or Buyer not in Default in Performance including, without prejudice to the generality of the foregoing, any steps in order to perform its obligations to a party under a registered Contract.
- (f) If, within five Business Days of the Default in Performance having come to the attention of the Clearing House:
 - (i) the steps taken by the Clearing House have not led or are not likely to lead to a resolution of the Default in Performance; or
 - (ii) the Clearing House has not taken any steps and the Default in Performance remains unresolved,

the Clearing House will refer the matter to the Exchange. If upon reference of the dispute or issue to the Exchange, the Exchange is of the opinion that the Default in Performance may not be determined by the Exchange in accordance with Rule EEEE1.18(e)(ii)), then each Lot of Cocoa the subject of the dispute or issue shall be the subject of cash settlement at a price fixed by the Exchange in consultation with the Clearing House. The price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider, on the evidence before it, should be paid by either party to the other.

- (g) Any cash settlement price fixed under Rule EEEE1.18(f) shall be binding on the parties.
- (h) Any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with any steps taken by the Clearing House in relation to a Contract to which the Default in Performance relates shall be paid by the Buyer or Seller who is in Default in Performance. Any steps taken by the Clearing House in relation to a Default in Performance shall be without prejudice to any rights (including rights to refer matters to arbitration, obligations or claims of the Buyer, the Seller or the Clearing House in relation to a Contract to which the Default in Performance relates.
- (i) A Buyer or Seller who is in Default in Performance under this Rule EEEE1.18, shall forthwith pay to the Clearing House any sums payable by him under Rule EEEE1.11 and any sums payable pursuant to this Rule EEEE1.18.
- (j) Notwithstanding that a Buyer or Seller may be in Default in Performance under this Rule EEEE1.18, the Clearing House may in its absolute discretion determine not to exercise or to delay in exercising any of its rights under this Rule EEEE1.18, and no failure by the Clearing House to exercise nor any delay on its part in exercising any of such rights shall operate as a waiver of the Clearing House's rights upon that or any subsequent occasion, nor shall any single or partial exercise of any such rights prevent any further exercise thereof or of any other right.

- (k) A Buyer, a Seller or the Clearing House may refer a dispute or issue arising out of a Default in Performance under this Rule EEEE1.18 (subject always to the application of provisions of Rules EEEE1.18(e), EEEE1.18(f) and EEEE1.18(g)) to arbitration.
- (l) The provisions of this Rule EEEE1.18 relating to steps that may be taken by the Clearing House, where there appears to the Clearing House to be a Default in Performance by a party to a registered Contract, may be varied, or different steps may be substituted therefor by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to such existing and/or new Contracts and registered Contracts as the Exchange may determine.

EEEE1.19 EMERGENCY PROVISIONS

- (a) If, at any time after the close of trading two Business Days prior to the day which would have been the Last Trading Day in respect of a Delivery Month, it becomes known to the Exchange that the day which would have been the Last Trading Day will not be a Business Day, then the Exchange may at its discretion determine that the Business Day next following such day shall become the Last Trading Day in respect of that Delivery Month and the Exchange shall publish the Exchange's determination by notice posted on the Market.
- (b) The Notice Day shall be the Business Day immediately following the Last Trading Day so that if the Last Trading Day is moved by the Exchange in the circumstances described in Rule EEEE1.19(a), then the Notice Day shall be moved so that it falls on the Business Day immediately following the Last Trading Day.
- (c) The Settlement Day shall be the last Business Day in the relevant Delivery Month. If, at any time after two Business Days prior to the day which would have been the Settlement Day in respect of a Delivery Month, it becomes known to the Exchange that the day which would have been the Settlement Day will not be a Business Day, then the Exchange may at its discretion determine that the Business Day next following such day shall become the Settlement Day in respect of that Delivery Month, and the Exchange shall publish the Exchange's determination by notice posted on the Market.
- (d) If the Settlement Day, Conversion Settlement Day or the Extended Conversion Settlement Day is moved by the Exchange (whether as a result of the operation of Rule EEEE1.19(c) or otherwise), the Invoicing Amount calculated in accordance with Rule EEEE1.10 shall be adjusted by the Clearing House to reflect any Allowance made under Rule EEEE1.15(i) to reflect such new Day.
- (e) If an adjustment to the Invoicing Amount is required by Rule EEEE1.19(d) after the Clearing House has made available details of the final Invoicing Amount to the Seller and Buyer under Rules EEEE1.12(h)(i), EEEE1.13(f)(i), EEEE1.14(f)(ii) and EEEE1.15(h), as the case may be, then a sum equal to the difference between that Invoicing Amount and the Invoicing Amount adjusted under Rule EEEE1.19(d) shall be payable:
 - (i) by the Seller to the Clearing House and by the Clearing House to the Buyer if the total adjustment gives rise to a reduction in the Invoicing Amount; or
 - (ii) by the Buyer to the Clearing House and by the Clearing House to the Seller if the total adjustment gives rise to an increase in the Invoicing Amount.

Sums payable hereunder shall be payable by such time and in such manner as the Clearing House may specify.

EEEE1.20 FORCE MAJEURE

- (a) Subject to Rule EEEE1.20(b) and EEEE1.15(g)(ii)(B)(2), a "Force Majeure event" shall mean an event beyond the reasonable control of either party to a Contract which delays, hinders or prevents the performance in whole or in part by a party of his obligations under the Contract (other than an

obligation to make a payment), including, without limitation, act of God, storm, flood, earthquake, fire, explosion, malicious damage, accident howsoever caused, strike, lock-out, labour dispute, riot, civil commotion, war whether declared or undeclared, armed conflict, use of force by authority of United Nations, act of terrorism, act of government or other national or local authority or any agency thereof, breakdown of machinery, and unavailability, restriction, failure or delay in or computer or data processing systems or communication or energy supplies or bank transfer systems.

- (b) The following shall not be a Force Majeure event: the failure for whatever reason of a computer or other electronic facility to accept a notification made by a Seller or a Buyer (other than the Clearing House) as required by these Contract Rules and the Administrative Procedures.
- (c) A party to a Contract shall not be entitled to rely upon this Rule EEEE1.20 unless such party has notified the Clearing House in writing immediately after such party has become aware (or after it ought reasonably to have become aware) of such Force Majeure event, and has continued to seek to perform its obligations in accordance with the Contract (in which event it shall be entitled to such relief with effect from the commencement of such Force Majeure event). The notice shall state the date on which the Force Majeure event commenced and the effects of the Force Majeure event on such party's ability to perform its obligations in accordance with the Contract, including an estimate of the period of the Force Majeure event.
- (d) Upon the request of the Clearing House, a party seeking relief under this Rule EEEE1.20 shall promptly provide such other information as required by the Clearing House as soon as reasonably practicable to assist the Exchange in determining whether a Force Majeure event has occurred. If a Force Majeure event has occurred, neither party will be deemed in Default in Performance of its obligations under a Contract if such party was unable to perform its obligations as a direct result of the occurrence of such Force Majeure event nor will any penalty or damages be payable if and to the extent that performance of any obligation is hindered or prevented by a Force Majeure event.
- (e) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules from time to time in force of the Clearing House, if the Exchange determines under Rule EEEE1.20(d) that a Force Majeure event delays, hinders or prevents a party from performing any obligation under a Contract for a period of at least five Business Days beyond the time limit fixed in or under the Contract any Delivery Unit or part thereof not delivered to the Buyer, shall be the subject of cash settlement at a price to be fixed by the Exchange in consultation with the Clearing House in their absolute discretion. Such price shall be binding on the parties.

EEEE1.21 [NOT USED]

EEEE1.22 [NOT USED]

EEEE1.23 ARBITRATION²⁰

- (a) [Not used]
- (b) [Not used]
- (c) (i) Where the Buyer has duly given notice by the time on the Acceptance Date specified in Rule EEEE1.16(i) that the Buyer claims that the Delivery Unit does not comply with the terms of the Contract, stating in what respects the Delivery Unit is said not to comply and whether the Buyer also claims to reject the Delivery Unit, then the Delivery Unit shall be subject to an inspection.

²⁰ Amended 26 May 2015

- (ii) The Clearing House shall on or before the second Business Day after receipt of such notice notify the Buyer and the Seller of whether such inspection shall be carried out by the Clearing House or by a third party inspector (“Inspector”) to be appointed by the Clearing House. Where an Inspector is appointed, then the Clearing House may, in its absolute discretion, attend as an observer at any inspection carried out by the Inspector. The Buyer shall indemnify the Clearing House in respect of the costs of the Inspector, and shall be responsible for the costs of the Clearing House relating to the inspection, without prejudice to the right of the Buyer to claim such costs hereunder. The Clearing House shall inform the Inspector (if such is appointed) of the respects in which the Buyer claims that the Delivery Unit is not in conformity with the terms of the Contract.
- (iii) The Clearing House or the Inspector (as the case may be) shall inspect the Delivery Unit, carrying out such inspections, sampling and analyses as they consider appropriate (but shall not be required to break up the Delivery Unit, or inspect every bag within the Delivery Unit, for the purposes of any inspection) and shall on or before the Business Day which is the 22nd Business Day immediately after the Acceptance Date issue a report to the Buyer, the Seller and, in the case of a report by an Inspector, the Clearing House stating the facts relevant to the question of whether the Delivery Unit is in compliance with the terms of the Contract in the respects stated by the Buyer. The period of 22 Business Days may be extended by the Clearing House provided that it is satisfied, in its absolute discretion, that exceptional circumstances have prevented or will prevent the completion of the report within the time stipulated. The report of the Clearing House or the Inspector shall be conclusive and binding on the Buyer, the Seller and the Clearing House in respect of the facts stated in it, save in the case of fraud or manifest error.
- (iv) Where the Buyer has claimed to reject the Delivery Unit, then on or before the fifth Business Day after the issuance of the report made by the Clearing House or the Inspector (as the case may be), the Clearing House shall determine in its absolute discretion, on the basis of such report, whether the Buyer’s claim to reject the Delivery Unit is upheld. The Buyer’s claim to reject the Delivery Unit based on a breach of a condition of the Contract on the part of the Seller shall not be upheld if the Clearing House determines that the breach of that condition is so slight that it would be unreasonable for the Buyer to reject the Delivery Unit. The Clearing House may in its absolute discretion consult experts or legal advisers in reaching its determination. The costs of such experts or legal advisers and the costs of the Clearing House and/or the Inspector relating to the inspection, shall be borne by the Buyer and the Seller in the first instance in such proportions as the Clearing House may direct, without prejudice to the right of either party to claim such costs in arbitration under the Regulations. The determination of the Clearing House shall be binding on the Buyer, the Seller and the Clearing House and they shall comply with it forthwith, without prejudice to the rights of the parties to refer any claim for loss, damage or costs to arbitration under the Regulations.
- (v) Any party wishing to refer a claim for loss, damage or costs to arbitration (whether or not the Buyer has claimed to reject the Delivery Unit) must, on or before the tenth Business Day after the issuance of the report made by the Clearing House or the Inspector (as the case may be), notify the Clearing House in accordance with the Regulations of its intention to refer a claim or dispute to arbitration. If a party has not so notified the Clearing House by such time, then any claim by such party of any nature whatsoever in respect of the Delivery Unit shall be deemed to have been waived and absolutely barred.
- (vi) No claim of any nature whatsoever may be brought by the Buyer in respect of the Delivery Unit until a report by the Clearing House or an Inspector (as the case may be) has been made, and a copy of it delivered to the Buyer and the Seller and, in the case of a report by an Inspector, the Clearing House.
- (vii) If the Buyer has claimed to reject the Delivery Unit, and the Clearing House has upheld such claim, then:-

- (A) the Seller shall repay to the Clearing House the final Invoicing Amount in respect of the Delivery Unit by 10.00 hours on the day which is the fifth Business Day after the Clearing House has made the determination referred to in sub-paragraph (iv) above (the “Repayment Day”), together with interest thereon at the Interest Rate plus 2% per annum for the period from the day following the Settlement Day up to and including the Repayment Day;
 - (B) the Clearing House shall repay to the Buyer the final Invoicing Amount in respect of the Delivery Unit after 12.00 hours on the Repayment Day, together with interest thereon at the Interest Rate plus 2% per annum for the period from the day following the Settlement Day up to and including the Repayment Day;
 - (C) The records on Guardian will be updated by the Clearing House to reflect the change of ownership from Buyer to Seller.
 - (D) the Seller shall reimburse the Buyer in respect of any costs of the Inspector or of the Clearing House relating to the inspection, any reasonable Rent and Fumigation Charges, and any other reasonable costs or fees in respect of work done by the Warehousekeeper in relation to the inspection of the Delivery Unit by the Inspector or by the Clearing House which have been incurred by the Buyer in respect of the Delivery Unit, on or before the fifth Business Day after receipt of an invoice from the Buyer accompanied by supporting documents evidencing the amounts incurred by the Buyer; and
 - (E) the Buyer, pursuant to Rule EEEE1.23(c)(v), shall be entitled to claim damages from the Seller by reference to the market price of Cocoa complying with the requirements of the Contract, but in no event shall either party be liable to the other in respect of any indirect or consequential losses or expenses.
- (viii) Property and risk in respect of a Delivery Unit which the Clearing House has determined that the Buyer is entitled to reject will pass:
- (A) from the Buyer to the Clearing House as Seller, once the following has been effected:
 - (1) the deemed transfer by the Buyer of the Warrant in respect of such Delivery Unit to the Clearing House; and
 - (2) the payment by the Seller of the final Invoicing Amount in respect of such Delivery Unit in same day or immediately available, freely transferable, cleared funds; and
 - (B) from the Clearing House as Buyer to the Seller, once the following has been effected:
 - (1) the payment by the Clearing House of the final Invoicing Amount in respect of such Delivery Unit to the Buyer in respect of such Delivery Unit in same day or immediately available, freely transferable, cleared funds; and
 - (2) the deemed take up of the Warrant in respect of such Delivery Unit by the Seller.

EEEE1.27 STATEMENT IN RELATION TO THE TENDER PROCESS

- (a) The Exchange draws the following statement to the attention of potential users of the ICE Futures Euro Cocoa Futures Contract. Members should ensure that their clients are made aware of the statement.

“Statement in relation to the Tender Process:

Potential users of the ICE Futures Euro Cocoa Futures Contract should familiarise themselves with the relevant Contract Rules and Administrative Procedures and the Grading and Warehousekeeping Procedures in respect of ICE Futures Euro Cocoa Futures Contracts and ICE Futures Robusta Coffee Futures Contracts. Potential users should also be aware of the fact that for the May 2010 delivery month onwards only Warrants that have been immobilised will be tenderable.”

⁵ Amended 17 March 2015

FFFF.0 INTERPRETATION

All defined terms set out in Rule EEEE shall apply to this Rule FFFF.

FFFF.1 PRICE

The minimum price fluctuation shall be £1.

FFFF.2 SETTLEMENT PROCEDURES

All deliveries in respect of Contracts governed by Rule EEEE must be made in accordance with Rule EEEE, the Administrative Procedures and the Clearing House procedures. Clearing Members are obliged to deliver or take delivery in respect of their total gross Contract position remaining open after the close of trading on the Last Trading Day in the relevant Delivery Month and must therefore ensure that their gross position (open buying and selling Contracts) registered with the Clearing House allows for this.

FFFF.3 LAST TRADING DAY

At 12.00 hours Trading in Contracts for the relevant Delivery Month shall cease.

By 16.00 hours The Exchange will publish the EDSP. The EDSP will be determined in accordance with Rule EEEE.9. The prices, offers or bids used for the calculation of the EDSP under: Rule EEEE.9(a)(i), (ii) or (iii) shall be those during the period of one minute immediately preceding 12.00 hours; and Rule EEEE.9(a)(iv) or EEEE.9(b) shall be those during the period referred to in Rule EEEE.9(b)(i) or (ii), as applicable.

FFFF.4 NOTICE DAY⁶

By 09.30 hours All payments required by Rule EEEE.11(a) to be made by the Buyer and the Seller shall have been completed.

By 10.00 hours Each Buying Clearing Member ("Buyer") shall have given a Buyer's Position Notice to the Clearing House by such means and in a form prescribed by the Clearing House from time to time. The Buyer's Position Notice may only be removed, substituted or replaced by the Buyer up to but no later than 10.00 hours.

Each Selling Clearing Member ("Seller") shall have given a Seller's Delivery Notice to the Clearing House by such means and in a form prescribed by the Clearing House from time to time. The Seller's Delivery Notice may only be removed, substituted or replaced by the Seller up to but no later than 10.00 hours.

Each Seller's Delivery Notice shall specify in respect of each Delivery Unit:

- (a) the name of the Seller;
- (b) details of the number of Lots and size and number of Delivery Units to be delivered under the Contract;
- (c) details of the Delivery Area for each Delivery Unit and Warehousekeeper in whose Warehouse each Delivery Unit is stored and details of the Origin for each Delivery Unit;
- (d) details of the Warrant number and Valid Grading Result number for each Delivery Unit; and
- (e) details of the account designation of each Lot; and

⁶ Amended 17 March 2015

- (f) such other information as the Clearing House may prescribe from time to time.
- After 10:00 hours The Clearing House will allocate to a Buyer one or more Delivery Units referred to in a Tender in respect of each Lot to be delivered to it by the Clearing House by such method of allocation as may be prescribed from time to time by the Clearing House. If there are no conversions required:
- The Clearing House will make available to the Seller and Buyer details of the final Invoicing Amount payable in respect of each Delivery Unit.
- By 16.00 hours The Clearing House may direct the Seller to convert:
- (a) a Bulk Delivery Unit into Large or Standard Delivery Units or both; or
- (b) a Large Delivery Unit into Standard Delivery Units.

FFFF.5 THE FIRST BUSINESS DAY AFTER THE NOTICE DAY FOLLOWING DIRECTION BY THE CLEARING HOUSE TO THE SELLER TO CONVERT⁷

- By 12.00 hours The Seller shall have given the Clearing House by such means as the Clearing House may prescribe, a notice under Rule EEEE.12(d) in a form prescribed by the Clearing House from time to time. Such notice shall specify whether the Seller will comply with the direction of the Clearing House by converting the Nominated Delivery Unit under Rule EEEE.12(d)(i) or (ii) or delivering Substituted Delivery Units under Rule EEEE.12(d)(iii).
- If the Seller makes a notification pursuant to Rule EEEE.12(d)(ii) or EEEE.12(d)(iii), the Seller shall specify the following details for each Delivery Unit:
- (a) the name of the Seller;
- (b) details of the number of Lots and size and number of the Delivery Units to be converted or delivered under the Contract, as the case may be;
- (c) details of the Delivery Area for each Delivery Unit and Warehousekeeper in whose Warehouse each Delivery Unit is stored and, in respect of each substituted Delivery Unit, details of the Origin;
- (d) details of the Warrant number and Valid Grading Result number for each Delivery Unit;
- (e) details of the account designation of each Lot; and
- (f) such other information as the Clearing House may prescribe from time to time.
- If the Seller has made a notification to the Clearing House under Rule EEEE.12(d)(i) or (ii), the Seller shall immediately instruct the relevant Warehousekeeper to undertake the conversion of the Nominated Delivery Unit.
- The Seller may only remove, substitute or replace a notice made under Rule EEEE.12(d) up to but no later than 12.00 hours.
- By 16.00 hours The Clearing House will allocate to a Buyer one or more Delivery Units referred to in a Tender in respect of each Lot to be delivered to it by the Clearing House by such method of allocation as may be prescribed from time to time by the Clearing House. The allocation to a Buyer of any Converted Delivery Unit under Rule

⁷ Amended 17 March 2015

EEEE.13(d)(i) will be a provisional allocation subject to confirmation by the Clearing House under Rule EEEE.14.(f)(ii) or EEEE.15.(h)(ii), as applicable.

The Clearing House will use its reasonable endeavours to make allocations in accordance with the Buyer's Position Notice submitted by a Buyer in accordance with these Contract Rules.

The Clearing House will make available to the Seller and Buyer:

- (a) details of the final Invoicing Amount payable by the Buyer in respect of each Delivery Unit, other than a Delivery Unit to be converted from a Nominated Delivery Unit; and
- (b) details of the provisional Invoicing Amount payable by the Buyer in respect of each Converted Delivery Unit to be converted from a Nominated Delivery Unit which has been provisionally allocated to the Buyer.

FFFF.6 THE FIRST BUSINESS DAY PRIOR TO THE SETTLEMENT DAY⁸

By 10.00 hours The Seller shall have complied with Rule EEEE.14(d) and given the Clearing House a notice under Rule EEEE.14(d)(iii) in a form prescribed by the Clearing House from time to time. Such notice shall specify the following details for each Converted Delivery Unit:

- (a) the name of the Seller;
- (b) details of the Delivery Area for each Delivery Unit and Warehousekeeper in whose Warehouse each Delivery Unit is stored;
- (c) details of the Warrant number and Valid Grading Result number for each Converted Delivery Unit;
- (d) details of the account designation of each Converted Delivery Unit; and
- (e) such other information as the Clearing House may prescribe from time to time.

By 16.00 hours The Clearing House will make available to the Seller details of the final Invoicing Amount payable to the Seller in respect of each Converted Delivery Unit to be delivered on the Settlement Day.

The Clearing House will make available to the Buyer confirmation of the final allocation of the Converted Delivery Units derived from one or more Nominated Large Delivery Units to be delivered to it and details of the final Invoicing Amount payable by the Buyer in respect of each such Converted Delivery Unit.

FFFF.7 SETTLEMENT DAY

By 09.00 hours The Buyer shall pay to the Clearing House in accordance with Rule EEEE.16(a)(i) and in the manner prescribed from time to time by the Clearing House, the final Invoicing Amount in respect of each Delivery Unit allocated to the Buyer, other than a Delivery Unit converted from a Nominated Bulk Delivery Unit.

As soon as possible after 09.30 hours The Clearing House shall pay to the Seller the final Delivery invoicing amount in respect of each Delivery Unit, other than a Unit converted from a Nominated Bulk Delivery Unit, delivered by the Seller in accordance with Rule EEEE.16(b).

⁸ Amended 17 March 2015

PROCEDURES: ICE FUTURES LONDON COCOA FUTURES CONTRACT

The Clearing House will make such entries on Guardian so as to effect the transfer of ownership from the Seller to the Buyer in respect of each Delivery Unit, other than a Delivery Unit which is converted from a Nominated Bulk Delivery Unit, which it has been allocated under these Contract Rules in accordance with Rules EEEE.16 and 17.

FFFF.8 THE FIRST BUSINESS DAY PRIOR TO THE CONVERSION SETTLEMENT DAY⁹

- By 10.00 hours The Seller shall have:
- (a) complied with Rule EEEE.15(d) and given the Clearing House a notice under Rule EEEE.15(d)(iii) in a form prescribed by the Clearing House from time to time. Such notice shall specify the following details for each Converted Delivery Unit:
 - (i) the name of the Seller;
 - (ii) details of the Delivery Area for each Converted Delivery Unit and Warehousekeeper in whose Warehouse each Converted Delivery Unit is stored;
 - (iii) details of the Warrant number and Valid Grading Result number for each Converted Delivery Unit;
 - (iv) details of the account designation of each Converted Delivery Unit; and
 - (v) such other information as the Clearing House may prescribe from time to time; or
 - (b) given the Clearing House a notice under Rule EEEE.15(e) in a form prescribed by the Clearing House from time to time.

By 16.00 hours The Clearing House will make available to the Seller details of the final Invoicing Amount payable to the Seller in respect of each Converted Delivery Unit which complies with Rule EEEE.15(d) and Rule EEEE.5(e)(i) or (ii), as the case may be, to be delivered by the Seller on the Conversion Settlement Day.

The Clearing House will make available to the Buyer confirmation of the final allocation of the Converted Delivery Units derived from Nominated Bulk Delivery Units to be delivered to it on the Conversion Settlement Day and details of the final Invoicing Amount payable by the Buyer in respect of each such Converted Delivery Unit.

FFFF.9 CONVERSION SETTLEMENT DAY

By 09.00 hours The Buyer shall pay to the Clearing House, in the manner prescribed from time to time by the Clearing House, the final Invoicing Amount in respect of each Converted Delivery Unit to be delivered to it on the Conversion Settlement Day in accordance with Rule EEEE.16(a)(ii).

As soon as possible after 09.30 hours The Clearing House shall pay to the Seller the final Invoicing Amount in accordance with Rule EEEE.16(f)(ii) in respect of each Converted Delivery Unit delivered by the Seller in accordance with Rule EEEE.16.

The Clearing House will make such entries on Guardian so as to give effect to the transfer of ownership from the Seller to the Buyer in respect of each Delivery Unit, other than a Delivery Unit which is converted from a Nominated Bulk Delivery

⁹ Amended 17 March 2015

Unit, which it has been allocated under these Contract Rules, in accordance with Rules EEEE.16 and 17.

FFFF.10 THE FIRST BUSINESS DAY PRIOR TO THE EXTENDED CONVERSION SETTLEMENT DAY¹⁰

By 10.00 hours	<p>The Seller shall have:</p> <ul style="list-style-type: none"> (a) complied with Rule EEEE.15(d) and given the Clearing House a notice under Rule EEEE.15(d)(iii) in a form prescribed by the Clearing House from time to time. Such notice shall specify the following details for each Converted Delivery Unit: <ul style="list-style-type: none"> (i) the name of the Seller; (ii) details of the Delivery Area for each Converted Delivery Unit and Warehousekeeper in whose Warehouse each Converted Delivery Unit is stored; (iii) details of the Warrant number and Valid Grading Result number for each Converted Delivery Unit; (iv) details of the account designation of each Converted Delivery Unit; and; (v) such other information as the Clearing House may prescribe from time to time; or (b) given the Clearing House a notice under Rule EEEE.15(g)(ii)(A) in a form prescribed by the Clearing House from time to time.
By 16.00 hours	<p>The Clearing House will make available to the Seller details of the final Invoicing Amount payable to the Seller in respect of each Converted Delivery Unit which complies with Rules EEEE.15(d), 5(e)(i) or (ii), as the case may be, to be delivered by the Seller on the Extended Conversion Settlement Day.</p> <p>The Clearing House will make available to the Buyer confirmation of the final allocation of the Converted Delivery Units derived from Nominated Bulk Delivery Units to be delivered to it on the Extended Conversion Settlement Day and details of the final Invoicing Amount payable by the Buyer in respect of each Converted Delivery Unit.</p>

FFFF.11 EXTENDED CONVERSION SETTLEMENT DAY

By 09.00 hours	The Buyer shall pay to the Clearing House, in the manner prescribed from time to time by the Clearing House, the final Invoicing Amount in respect of each Converted Delivery Unit as notified to the Buyer in accordance with Rule EEEE.16(a)(i).
As soon as possible after 09.30 hours	The Clearing House shall pay to the Seller in accordance with Rule EEEE.16(f)(ii) the final Invoicing Amount in respect of each Converted Delivery Unit delivered by the Seller in accordance with Rule EEEE.16.
As soon as possible after 09.30 hours	The Clearing House will make such entries on Guardian so as to give effect to the transfer of ownership from the Seller to the Buyer in respect of each Delivery Unit, other than a Delivery Unit which is converted from a Nominated Bulk Delivery Unit, which it has been allocated under these Contract Rules, in accordance with Rule EEEE.16 and Rule EEEE.17.

¹⁰ Amended 17 March 2015

FFFF.12 ACCEPTANCE DATE

The tenth Business Day after the Settlement Day, or the seventh Business Day after the Conversion Settlement Day or the Extended Conversion Settlement Day

By 17.00 hours

Subject to Rule EEEE.16(i), the Buyer shall be deemed to have accepted each Delivery Unit delivered to the Buyer on the Settlement Day, Conversion Settlement Day or the Extended Conversion Settlement Day, as the case may be.

PROCEDURES: ICE FUTURES EURO COCOA FUTURES CONTRACT

SECTION FFFF1 - PROCEDURES: ICE FUTURES EURO COCOA FUTURES CONTRACT

FFFF1.0	Interpretation
FFFF1.1	Price
FFFF1.2	Settlement Procedures
FFFF1.3	Last Trading Day
FFFF1.4	Notice Day
FFFF1.5	The First Business Day after the Notice Day
FFFF1.6	The First Business Day prior to the Settlement Day

FFFF1.8	The First Business Day prior to the Conversion Settlement Day
FFFF1.9	Conversion Settlement Day
FFFF1.10	The First Business Day prior to the Extended Conversion Settlement Day
FFFF1.11	Extended Conversion Settlement Day
FFFF1.12	Acceptance Date

FFFF1.0 INTERPRETATION

All defined terms set out in Rule EEEE1 shall apply to this Rule FFFF1.

FFFF1.1 PRICE

The minimum price fluctuation shall be €1

FFFF1.2 SETTLEMENT PROCEDURES

All deliveries in respect of Contracts governed by Rule EEEE1 must be made in accordance with Rule EEEE1, the Administrative Procedures and the Clearing House procedures. Clearing Members are obliged to deliver or take delivery in respect of their total gross Contract position remaining open after the close of trading on the Last Trading Day in the relevant Delivery Month and must therefore ensure that their gross position (open buying and selling Contracts) registered with the Clearing House allows for this.

FFFF1.3 LAST TRADING DAY

At 12.00 hours	Trading in Contracts for the relevant Delivery Month shall cease.
By 16.00 hours	The Exchange will publish the EDSP. The EDSP will be determined in accordance with Rule EEEE1.9. The prices, offers or bids used for the calculation of the EDSP under: Rule EEEE1.9(a)(i), (ii) or (iii) shall be those during the period of one minute immediately preceding 12.00 hours; and Rule EEEE1.9(a)(iv) or EEEE1.9(b) shall be those during the period referred to in Rule EEEE.9(b)(i) or (ii), as applicable.

FFFF1.4 NOTICE DAY

By 09.30 hours	All payments required by Rule EEEE1.11(a) to be made by the Buyer and the Seller shall have been completed.
By 10.00 hours	<p>Each Buying Clearing Member (“Buyer”) shall have given a Buyer’s Position Notice to the Clearing House by such means and in a form prescribed by the Clearing House from time to time. The Buyer’s Position Notice may only be removed, substituted or replaced by the Buyer up to but no later than 10.00 hours.</p> <p>Each Selling Clearing Member (“Seller”) shall have given a Seller’s Delivery Notice to the Clearing House by such means and in a form prescribed by the Clearing House from time to time. The Seller’s Delivery Notice may only be removed, substituted or replaced by the Seller up to but no later than 10.00 hours.</p> <p>Each Seller’s Delivery Notice shall specify in respect of each Delivery Unit:</p> <ul style="list-style-type: none">(a) the name of the Seller;(b) details of the number of Lots and size and number of Delivery Units to be delivered under the Contract;(c) details of the Delivery Area for each Delivery Unit and Warehousekeeper in whose Warehouse each Delivery Unit is stored and details of the Origin for each Delivery Unit;(d) details of the Warrant number and Valid Grading Result number for each Delivery Unit; and(e) details of the account designation of each Lot ; and

PROCEDURES: ICE FUTURES EURO COCOA FUTURES CONTRACT

- (f) such other information as the Clearing House may prescribe from time to time.
- After 10:00 hours The Clearing House will allocate to a Buyer one or more Delivery Units referred to in a Tender in respect of each Lot to be delivered to it by the Clearing House by such method of allocation as may be prescribed from time to time by the Clearing House. If there are no conversions required:
- The Clearing House will make available to the Seller and Buyer details of the final Invoicing Amount payable in respect of each Delivery Unit.
- By 16.00 hours The Clearing House may direct the Seller to convert:
- (a) a Bulk Delivery Unit into Large or Standard Delivery Units or both; or
 - (b) a Large Delivery Unit into Standard Delivery Units.

FFFF1.5 THE FIRST BUSINESS DAY AFTER THE NOTICE DAY FOLLOWING DIRECTION BY THE CLEARING HOUSE TO THE SELLER TO CONVERT

- By 12.00 hours The Seller shall have given the Clearing House by such means as the Clearing House may prescribe, a notice under Rule EEEE1.12(d) in a form prescribed by the Clearing House from time to time. Such notice shall specify whether the Seller will comply with the direction of the Clearing House by converting the Nominated Delivery Unit under Rule EEEE1.12(d)(i) or (ii) or delivering Substituted Delivery Units under Rule EEEE1.12(d)(iii).
- If the Seller makes a notification pursuant to Rule EEEE1.12(d)(ii) or EEEE1.12(d)(iii), the Seller shall specify the following details for each Delivery Unit:
- (a) the name of the Seller;
 - (b) details of the number of Lots and size and number of the Delivery Units to be converted or delivered under the Contract, as the case may be;
 - (c) details of the Delivery Area for each Delivery Unit and Warehousekeeper in whose Warehouse each Delivery Unit is stored and, in respect of each substituted Delivery Unit, details of the Origin;
 - (d) details of the Warrant number and Valid Grading Result number for each Delivery Unit;
 - (e) details of the account designation of each Lot; and
 - (f) such other information as the Clearing House may prescribe from time to time.
- If the Seller has made a notification to the Clearing House under Rule EEEE1.12(d)(i) or (ii), the Seller shall immediately instruct the relevant Warehousekeeper to undertake the conversion of the Nominated Delivery Unit.
- The Seller may only remove, substitute or replace a notice made under Rule EEEE1.12(d) up to but no later than 12.00 hours.
- By 16.00 hours The Clearing House will allocate to a Buyer one or more Delivery Units referred to in a Tender in respect of each Lot to be delivered to it by the Clearing House by such method of allocation as may be prescribed from time to time by the Clearing House. The allocation to a Buyer of any Converted Delivery Unit under Rule EEEE1.13(d)(i) will be a provisional allocation subject to confirmation by the Clearing House under Rule EEEE1.14.(f)(ii) or EEEE1.15.(h)(ii), as applicable.

The Clearing House will use its reasonable endeavours to make allocations in accordance with the Buyer's Position Notice submitted by a Buyer in accordance with these Contract Rules.

The Clearing House will make available to the Seller and Buyer:

- (a) details of the final Invoicing Amount payable by the Buyer in respect of each Delivery Unit, other than a Delivery Unit to be converted from a Nominated Delivery Unit; and
- (b) details of the provisional Invoicing Amount payable by the Buyer in respect of each Converted Delivery Unit to be converted from a Nominated Delivery Unit which has been provisionally allocated to the Buyer.

FFFF1.6 THE FIRST BUSINESS DAY PRIOR TO THE SETTLEMENT DAY

By 10.00 hours The Seller shall have complied with Rule EEEE1.14(d) and given the Clearing House a notice under Rule EEEE1.14(d)(iii) in a form prescribed by the Clearing House from time to time. Such notice shall specify the following details for each Converted Delivery Unit:

- (a) the name of the Seller;
- (b) details of the Delivery Area for each Delivery Unit and Warehousekeeper in whose Warehouse each Delivery Unit is stored;
- (c) details of the Warrant number and Valid Grading Result number for each Converted Delivery Unit;
- (d) details of the account designation of each Converted Delivery Unit; and
- (e) such other information as the Clearing House may prescribe from time to time.

By 16.00 hours The Clearing House will make available to the Seller details of the final Invoicing Amount payable to the Seller in respect of each Converted Delivery Unit to be delivered on the Settlement Day.

The Clearing House will make available to the Buyer confirmation of the final allocation of the Converted Delivery Units derived from one or more Nominated Large Delivery Units to be delivered to it and details of the final Invoicing Amount payable by the Buyer in respect of each such Converted Delivery Unit.

FFFF1.7 SETTLEMENT DAY

By 09.00 hours The Buyer shall pay to the Clearing House in accordance with Rule EEEE1.16(a)(i) and in the manner prescribed from time to time by the Clearing House, the final Invoicing Amount in respect of each Delivery Unit allocated to the Buyer, other than a Delivery Unit converted from a Nominated Bulk Delivery Unit.

As soon as possible after 09.30 hours The Clearing House shall pay to the Seller the final Delivery invoicing amount in respect of each Delivery Unit, other than a Unit converted from a Nominated Bulk Delivery Unit, delivered by the Seller in accordance with Rule EEEE1.16(b).

The Clearing House will make such entries on Guardian so as to effect the transfer of ownership from the Seller to the Buyer in respect of each Delivery Unit, other than a Delivery Unit which is converted from a Nominated Bulk Delivery Unit,

PROCEDURES: ICE FUTURES EURO COCOA FUTURES CONTRACT

which it has been allocated under these Contract Rules in accordance with Rules EEEE1.16 and 17.

FFFF1.8 THE FIRST BUSINESS DAY PRIOR TO THE CONVERSION SETTLEMENT DAY

- | | |
|----------------|---|
| By 10.00 hours | <p>The Seller shall have:</p> <ul style="list-style-type: none"> (a) complied with Rule EEEE1.15(d) and given the Clearing House a notice under Rule EEEE1.15(d)(iii) in a form prescribed by the Clearing House from time to time. Such notice shall specify the following details for each Converted Delivery Unit: <ul style="list-style-type: none"> (i) the name of the Seller; (ii) details of the Delivery Area for each Converted Delivery Unit and Warehousekeeper in whose Warehouse each Converted Delivery Unit is stored; (iii) details of the Warrant number and Valid Grading Result number for each Converted Delivery Unit; (iv) details of the account designation of each Converted Delivery Unit; and (v) such other information as the Clearing House may prescribe from time to time; or (b) given the Clearing House a notice under Rule EEEE1.15(e) in a form prescribed by the Clearing House from time to time. |
| By 16.00 hours | <p>The Clearing House will make available to the Seller details of the final Invoicing Amount payable to the Seller in respect of each Converted Delivery Unit which complies with Rule EEEE1.15(d) and Rule EEEE1.5(e)(i) or (ii), as the case may be, to be delivered by the Seller on the Conversion Settlement Day.</p> <p>The Clearing House will make available to the Buyer confirmation of the final allocation of the Converted Delivery Units derived from Nominated Bulk Delivery Units to be delivered to it on the Conversion Settlement Day and details of the final Invoicing Amount payable by the Buyer in respect of each such Converted Delivery Unit.</p> |

GGGG.1 INTERPRETATION⁶

- (a) Save as otherwise specified herein, words and phrases defined in these Contract Rules and the Grading and Warehousekeeping Procedures in respect of ICE Futures Cocoa Futures Contracts and ICE Futures Robusta Coffee Futures Contracts shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and in the Administrative Procedures:
- | | |
|-----------------------------|---|
| “Acceptance Date” | means, in respect of each lot, the business day falling seven business days immediately after the Settlement Day. ⁷ |
| “Administrative Procedures” | means the administrative procedures at Rule HHHH implemented by the Exchange for the purposes of these Contract Rules. |
| “Allowance” | means a premium or discount, expressed in US Dollars per Tonne, used in calculating the invoicing amount pursuant to Rule GGGG.10(a). |
| “Age Allowance” | means a discount, expressed in US Dollars per Tonne, calculated in accordance with Rule GGGG.3(e). |
| “bean fragment” | means a fragment of a coffee bean of volume less than half a bean. |
| “black bean” | means a coffee bean of which more than one-half of the external surface and interior is black (endosperm). |
| “bulk” | means Robusta Coffee that has been shipped from Origin in packaging other than original bags conforming with Rules GGGG.5(a)(i) and GGGG.5(b)(i). |
| “business day” | means a day on which the market, the Clearing House and banks in London are open for business. |
| “Buyer” | in respect of a Contract means the person who is obliged under such Contract to accept delivery in respect of each lot of Robusta Coffee and to pay the invoicing amount in respect of each such lot (including, except where the context otherwise requires, the Clearing House as a buyer under a registered Contract). |
| “cherry” | means the fruit of the coffee plant. |
| “Class” | means the class of a lot as determined by Graders pursuant to Rule GGGG.4(c). |
| “Class Allowance” | means a premium or discount, expressed in US Dollars per tonne, calculated in accordance with Rule GGGG.4(c). |
| “coffee bean” | means the dried seed of the coffee plant. |
| “Contract” | means a contract made expressly or impliedly in these Contract Rules for the sale and purchase of one or more lots and “registered Contract” means a Contract registered by the Clearing House. |

⁶ Amended 2 November 2016. Amendments in square brackets will take effect from the July 2018 delivery month.

⁷ With effect from the July 2018 delivery month, the definition of “Acceptance Date” will be replaced with “*means, in respect of each lot, the business day falling fourteen business days immediately after the Tender Day.*”

CONTRACT RULES: ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACT

“Contract price”	means the price agreed between a Buyer and a Seller in respect of a Contract.
“CPS”	means the Clearing Processing System, or any successor thereto, which handles real-time position-keeping facilities; functions for the entry of position transfer, settlement, delivery and option exercise instructions; and the processing related to any position changes.

[“Global Average Warehousekeeper Rent”	shall mean the figure published by the Exchange from time to time for average Robusta Coffee rent in-store charges of Warehousekeepers.]
“Grader”	means a ICE Registered Robusta Coffee Grader.
“Grading and Warehousekeeping Procedures”	means the procedures from time to time implemented by the Exchange pursuant to the Regulations in respect of: <ul style="list-style-type: none"> (i) sampling and storage of Robusta Coffee by Warehousekeepers; (ii) grading of Robusta Coffee by the Graders; and (iii) the Warrant management service for Robusta Coffee,

	which may be contained in one or more documents.
“Grading Result”	means the result given to a parcel or lot which has been graded by the Graders and containing such information as the Exchange may prescribe from time to time.
“Gross Weight”	means the actual weight of Robusta Coffee including the bag(s) within which the Robusta Coffee is contained.
“Guardian”	means the electronic system relating to grading, tender, delivery and warrant management services, or any successor thereto, which, amongst other things, lists parcels and lots stored in a Warehouse for delivery under a Contract.
“ICE Registered Robusta Coffee Graders”	means a panel of Robusta Coffee graders registered with the Exchange in accordance with the Grading and Warehousekeeping Procedures who, upon the application of a Nominated Member, examine and grade a sample of the parcel or lot which is the subject of the application and issue a Grading Result in respect of such parcel or lot pursuant to the Grading and Warehousekeeping Procedures.
“invoicing amount”	has the meaning attributed to it in Rule GGGG.10.
“Last Trading Day”	in respect of a delivery month means (subject to Rule GGGG.8) the last business day of the relevant delivery month. ⁸
[“Last Notice Day”	in respect of a delivery month means the fourth business day preceding the last business day of the delivery month.]
[“Loading Out” or “Loaded Out” or “Load Out”	means the movement of a lot of Robusta Coffee (in bags or FIBCs) from within a Warehouse on to transport.]
[“Loading Out Charge”	means the fee charged by a Warehousekeeper in respect of the Loading Out of a lot of Robusta Coffee (in bags or FIBCs) from within a Warehouse on to a truck or lorry.]
“lot”	has the meaning attributed to it in Rule GGGG.2(b).
“mouldy bean”	means a coffee bean showing mould growth over half or more of the bean visible to the naked eye.
“Net Weight”	in respect of a lot means the net weight of such lot calculated in accordance with Rule GGGG.5(d) and expressed in Tonnes.
“Nominated Member”	means a Clearing Member who, on behalf of an Owner, has been nominated by a Warehousekeeper or another Nominated Member in respect of the registration on Guardian of a Warrant that is to be, or has been, immobilised.
“Origin”	means the country in which the Robusta Coffee was produced.

⁸ With effect from the July 2018 delivery month, the definition of “Last Trading Day” will be replaced with “*in respect of a delivery month means (subject to Rule GGGG.8) the fourth business day preceding the last business day of the relevant delivery month.*”

CONTRACT RULES: ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACT

“parcel”	means all or any portion of a shipment of Robusta Coffee of one Origin, one Class, ex one vessel, shipped on one bill of lading to the same destination and which is stored in one Warehouse.
“Rent”	means a periodic fee which a Warehousekeeper shall be entitled to charge in respect of the storage of a parcel or lot in its Warehouse.
“Rent Allowance”	is an allowance which is calculated in accordance with Rule GGGG.6(b).
“Robusta Coffee”	means coffee of the botanical species <i>Coffea canephora</i> Pierre ex A. Froehner, with some varieties and cultivars of these species.
“Screen 12 round”	means a laboratory test sieve with 12/64ths of an inch round apertures.
“Screen 13 round”	means a laboratory test sieve with 13/64ths of an inch round apertures.
“Screen 14 round”	means a laboratory test sieve with 14/64ths of an inch round apertures.
“Screen 15 round”	means a laboratory test sieve with 15/64ths of an inch round apertures.
“Seller”	in respect of a Contract means the person who is obliged under such Contract to deliver Robusta Coffee in respect of each lot (including, except where the context otherwise requires, the Clearing House as seller under a registered Contract).
“Seller’s Delivery Notice”	means the notice to be given by the Seller to the Clearing House under Rules GGGG.12(a) and GGGG.12(b).
“shipment period”	means the crop year for the country of origin of Robusta Coffee as defined by the International Coffee Organisation.
“Settlement Day”	means the day (or the next business day if such a day is not a business day) which is 14 days after the Tender Day (subject to Rule GGGG.6(b)(iii)). ⁹
“Supervision Company”	is a company whose business is the supervision and/or inspection of goods and which is appointed by the Exchange for the purposes of performing inspections.
“tender”	means the delivery by a Seller in accordance with these Contract Rules of a Seller’s Delivery Notice.
“Tender Day”	means in respect of any lot, the business day on which a Seller’s Delivery Notice is given by the Seller and accepted by the Clearing House.
“Tonne”	means a metric tonne of 1,000 kilogrammes.
“US Dollars”, “\$” and “cents”	denote, at the date of issue of these Contract Rules, the lawful currency of the United States of America.
“Valid Grading Result”	has the meaning attributed to it in Rule GGGG.3(e).

⁹ With effect from the July 2018 delivery month, the definition of “Settlement Day” will be replaced with “*means the day (or the next business day if such a day is not a business day) which is 4 business days after the Tender Day.*”

“Warehouse”	means a warehouse in respect of which a Warehousekeeper has been nominated by the Exchange in its absolute discretion to store Goods and which appears on the List of Nominated Warehouses and Warehousekeepers published from time to time by notice posted on the Market. A Warehouse shall, for the purposes of nomination under the Grading and Warehousekeeping Procedures, be a single structure designed or modified for the purpose of storing Goods, or groups of such structures connected by internal doors allowing for the passage of the relevant Goods. Where there are no such interconnecting doors between such structures these shall be nominated as separate Warehouses.
“Warehousekeeper”	means either a Single or Dual Capacity Warehousekeeper which has been nominated by the Exchange in its absolute discretion to store in its Warehouse Goods piled as either parcels, lots, Standard and Large Delivery Units or Standard, Large or Bulk Delivery Units, as the case may be, and to record such details that are represented by the Warrant on Guardian and which appears on the List of Nominated Warehouses and Warehousekeepers published from time to time by notice posted on the Market.
“Warrant”	means a warrant for the delivery of a parcel or lot stored in a Warehouse which authorises the possessor of such document to transfer or receive the parcel or lot referred to therein. ¹⁰
“Weight Allowance”	means a discount, expressed in US\$ per Tonne, calculated in accordance with Rule GGGG.5(f).

(c) [Not used]

(d) [Not used]

(e) [Not used]

GGGG.2 CONTRACT SPECIFICATION

- (a) Each Contract shall be for one or more lots for delivery in the delivery month specified.
- (b) A lot shall be an amount of Robusta Coffee which shall be of the same Origin and shipment period and stored in the same Warehouse under the control of the same Warehousekeeper in accordance with the Grading and Warehousekeeping Procedures. Each lot shall have a nominal Net Weight of ten Tonnes and shall be made up of Robusta Coffee from not more than two parcels.

GGGG.3 DELIVERY¹¹

- (a) A Seller shall, in respect of each lot of a Contract, deliver the amount of Robusta Coffee which is required by these Contract Rules.
- (b) A Seller may only deliver a tender for a lot if, on or before the day and by the time specified for delivery of such tender in the Administrative Procedures, the lot:
 - (i) has a Warrant that has been immobilised and its details recorded on Guardian (in respect of each parcel, where applicable);

¹⁰ The Warrant must not have expired under the relevant terms under which the Warrant was issued.

¹¹ Amendments in square brackets will take effect from the July 2018 delivery month.

CONTRACT RULES: ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACT

- (ii) has a Valid Grading Result; and
- (iii) complies with these Contract Rules.
- (c) Robusta Coffee shall be delivered in bags in a Warehouse which is located in a geographic area (a “delivery area”), which is in London and the Home Counties, or which is in or, in the Exchange’s opinion, sufficiently close to, Amsterdam, Antwerp, Barcelona, Bremen, Felixstowe, Genoa-Savona, Hamburg, Le Havre, Marseilles-Fos, New Orleans, New York, Rotterdam or Trieste. The Exchange may from time to time delist a delivery area or list any other delivery area which shall have such effect with regard to existing or new Contracts or both as the Exchange may determine in its absolute discretion.
- (d) A Seller shall deliver a lot which conforms to Rules GGGG.4 and GGGG.5 and which is stored in a Warehouse in a clearly identifiable pile of bagged Robusta Coffee, in accordance with the Grading and Warehousekeeping Procedures. The Seller of a lot shall be responsible for any port, landing and delivery charges in respect of that lot.
- (e) A Grading Result issued in respect of a lot shall be valid (“Valid Grading Result”) if:
 - (i) it states that the lot has been graded as “tenderable”; and
 - (ii) the invoicing amount for that lot, as defined in Rule GGGG.10, is reduced by an Age Allowance of:
 - (A) \$5 per Tonne per calendar month for the period of 13-48 calendar months following the date of grading; and
 - (B) \$10 per Tonne per calendar month for the period of 49 calendar months and onwards following the date of grading.

The Age Allowance shall be calculated on the basis of the Net Weight and shall be in addition to any Allowance available under Rules GGGG.4, GGGG.5(f), GGGG.6(b) and GGGG.7(a).
- (f) [All Loading Out Charges up to the point of loading out onto a standard truck or lorry is to be pre-paid to the Warehousekeeper by the first Seller to tender the relevant Warrant in advance of that tender and for this purpose it is to be assumed for charging purposes that the eventual Load Out is to occur in the same Warehousekeeper nomination/licensing year and the relevant Robusta Coffee is in the same format (bags or FIBCs) as first tendered by the pre-paying Seller. For subsequent tenders of the same Warrant at the same Warehousekeeper, Load Out Charges shall be considered already pre-paid and cannot be re-charged by the Warehousekeeper to any subsequent owner (even if delivery occurs in a subsequent Warehousekeeper nomination/licensing year). However a Warehousekeeper shall be entitled to recover additional Loading Out Charges further to the original pre-paid Loading Out Charges where an additional cost is occasioned by the owner (including any subsequent owner) changing the storage format of the Robusta Coffee and this shall also be pre-paid by the then relevant owner in advance of the next tender.]
- [(g)] Without prejudice to any exclusion of liability provision in the Regulations or the Clearing House Rules, neither the Exchange nor the Clearing House shall be liable for any loss or damage whatsoever, whether for negligence, breach of contract, misrepresentation or otherwise (other than for fraud or wilful default) in respect of:
 - (i) the failure by the Exchange, the Clearing House or any Graders to grade or to issue a Grading Result by a particular date; or
 - (ii) the performance or non-performance by any Grader of any function relating to grading; or
 - (iii) the performance or non-performance of a Warehousekeeper of his supervisory duties; or

- (iv) the performance or non-performance by any Warehousekeeper of his obligations pursuant to these Contract Rules or the Grading and Warehousekeeping Procedures; or
- (v) the performance or non-performance of Guardian; or
- (vi) the accuracy or availability of any information recorded on Guardian; or
- (vii) the safeguarding of rights of any person entitled to a Warrant that has been immobilised or rights asserted by any person claiming to be entitled to be treated as Owner; or
- (viii) the legal consequences or enforceability of the Grading and Warehousekeeping Procedures in any jurisdiction; or
- (ix) the performance or non-performance by any Supervision Company of his obligations which are carried out on behalf of the Clearing House; or
- (x) the performance or non-performance of the Depository of his duties as an immobilised Warrant depository, including, but not limited to receiving, holding and administering Warrants that have been immobilised.

GGGG.4 ORIGIN AND QUALITY

- (a) A Seller shall deliver a lot which is of an Origin and quality which complies with this Rule GGGG.4. The Origin and quality of Robusta Coffee shall be determined under Rules GGGG.4(b), GGGG.4(d), GGGG.4(e) and GGGG.4(f) on the basis of examination in accordance with the procedures required by the Grading and Warehousekeeping Procedures. The quality of a lot shall be evidenced by the Valid Grading Result for such a lot.
- (b) A Seller may deliver a lot of Robusta Coffee from any country of Origin provided that it is freely available for export to any destination.
- (c) A Seller shall deliver under a Contract a lot of Robusta Coffee which shall be deliverable at the Contract price subject to any of the following applicable Class Allowances, which shall be calculated on the basis of the Net Weight:
 - (i) Premium Class: up to a maximum of 0.5% Defects by weight and up to a maximum of 0.2% foreign matter by weight and a minimum of 90% over Screen 15 round and a minimum of 96% over Screen 13 round per 300g; at an Allowance of \$30 premium per Tonne; or
 - (ii) Class 1: up to a maximum of 3.0% Defects by weight and up to a maximum of 0.5% foreign matter by weight and a minimum of 90% over Screen 14 round and a minimum of 96% over Screen 12 round per 300g; at Contract price; or
 - (iii) Class 2: up to a maximum of 5.0% Defects by weight and up to a maximum of 1.0% foreign matter by weight and a minimum of 90% over Screen 13 round and a minimum of 96% over Screen 12 round per 300g; at an Allowance of \$30 discount per Tonne; or
 - (iv) Class 3: up to a maximum of 7.5% Defects by weight and up to a maximum of 1.0% foreign matter by weight and a minimum of 90% over Screen 13 round and a minimum of 96% over Screen 12 round per 300g; at an Allowance of \$60 discount per Tonne; or
 - (v) Class 4: up to a maximum of 8.0% Defects by weight and up to a maximum of 1.0% foreign matter by weight and a minimum of 90% over Screen 12 round per 300g; at an Allowance of \$90 discount per Tonne.
- (d) Defects shall include but shall not be limited to black beans, bean fragments, cherries or mouldy beans.

CONTRACT RULES: ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACT

- (e) Foreign matter shall mean any object which is not a coffee bean or part thereof or a cherry including but not limited to sticks, stones, soil and husks.
- (f) A Seller shall not deliver a lot, and a Valid Grading Result shall not be issued in respect of any lot, to which in the opinion of the Graders upon grading one or more of the following applies:
 - (i) the lot is not Robusta Coffee;
 - (ii) the lot is unsound for any reason other than having the Defects listed in Rule GGGG.4(d) above, as determined by the Graders; or
 - (iii) the lot contains more than 8.0% Defects by weight per 300g; or
 - (iv) the lot contains less than 90% Robusta Coffee beans over Screen 12 round; or
 - (v) the lot contains more than 1.0% by weight foreign matter per 300g; or
 - (vi) the lot has a detectable foreign odour including, but not limited to, mould, fermentation or smoke.
- (g) In respect of a lot delivered under a Contract, the Origin as stated in the bill of lading shall be prima facie evidence of the relevant Origin of such Robusta Coffee.
- (h) Robusta Coffee which has formed part or all of a lot, which has previously been graded as not tenderable by Graders under these Contract Rules, shall not form part or all of a lot and shall not be delivered by a Seller under a Contract.
- (i) Robusta Coffee which has formed part or all of a lot or parcel which has previously been graded as tenderable by Graders under these Contract Rules, shall not form part or all of a lot to be submitted for re-grading.

GGGG.5 PACKING AND WEIGHTS

- (a) Robusta Coffee to be delivered under a Contract;
 - (i) if shipped from Origin in bags, shall be packed in sound bags which are in external good order, are woven from natural fibres, are of sufficient strength to withstand transit and storage, are previously unused, clean and suitable for food contact use and meet such other criteria as may be prescribed by the Exchange from time to time; and
 - (ii) if shipped from Origin in bulk, shall be packed in;
 - (A) sound bags which are in external good order, are woven from natural fibres, are of sufficient strength to withstand transit and storage, are previously unused, clean and suitable for food contact use, and meet such other criteria as may be prescribed by the Exchange from time to time; or
 - (B) sound FIBCs which are sealed, are in external good order, are constructed using woven material such that they prevent condensation occurring during storage, are of sufficient strength to withstand transit and storage, are previously unused, clean and suitable for food contact use and meet such other criteria as may be prescribed by the Exchange from time to time.
- (b) If the Robusta Coffee was shipped from Origin;
 - (i) in bags; each bag of Robusta Coffee contained within a lot and delivered under a Contract shall have a Gross Weight of no more than 80 kilogrammes; or

- (ii) in bulk;
 - (A) each bag of Robusta Coffee contained within a lot and delivered under a Contract shall have a Gross Weight of no more than 80 kilogrammes; or
 - (B) each FIBC of Robusta Coffee contained within a lot and delivered under a Contract shall have a Gross Weight of no less than 900 kilogrammes and no more than 1,100 kilogrammes.
- (c) Subject to the Grading and Warehousekeeping Procedures, Robusta Coffee to be delivered under a Contract may be rebagged. Bags shall, at the time of any such rebagging, be previously unused, clean and suitable for food contact use, and shall meet the criteria referred to in GGGG.5(a)(ii) and such other criteria prescribed by the Exchange from time to time.
- (d) Subject to Rule GGGG.5(f) and the Grading and Warehousekeeper Procedures each lot to be delivered by a Seller under a Contract shall be invoiced in accordance with Rule GGGG.10(a). In Rule GGGG.10(a), the “Net Weight” shall be calculated in accordance with this Rule GGGG.5(d) and shall equal:
 - (i) Gross Weight as specified on the Warrant details recorded on Guardian;
 - (ii) less the weight of any samples drawn from such lot after it was last weighed; and
 - (iii) less the actual bag tare weight of the lot, to the nearest gramme, as specified on the Warrant details recorded on Guardian.
- (e) A Seller shall deliver under a Contract a lot which has a Net Weight within a tolerance of 3% above or below ten Tonnes. For the avoidance of doubt, the Buyer shall not reject a lot for not being delivered with a nominal Net Weight of ten Tonnes, provided it is delivered within the tolerance band for such lot as specified in this Rule. The Buyer is entitled to reject a lot which is not within such tolerance band.
- (f) Periodic Reweighing:
 - (i) Subject to paragraph (ii) below, Robusta Coffee may not be tendered more than twelve months after the last day of the month in which it was last weighed or reweighed. If such period has expired the Robusta Coffee shall, at the Seller’s expense, be reweighed before delivery and the Warrant details recorded on Guardian updated accordingly; and
 - (ii) Robusta Coffee may be tendered up to 36 months after the last day of the month in which it was last weighed or reweighed, provided that the Seller makes a Weight Allowance in respect of notional loss of weight at the rate of 0.75 per cent per Tonne in respect of the second year or part thereof and 0.0625 per cent per Tonne in respect of each subsequent month or part thereof, up to a maximum deduction of 1.5 per cent per Tonne. The Weight Allowance shall be calculated on the basis of:
 - (A) the Net Weight; and
 - (B) the EDSP.
- (g) A lot shall be weighed or reweighed in a Warehouse in accordance with the Grading and Warehousekeeping Procedures in force at the time of such weighing or reweighing.

CONTRACT RULES: ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACT

GGGG.6 PRICE

- (a) Bids and offers shall be quoted in US Dollars per Tonne and prices shall be a whole number multiple of the minimum price fluctuation. The minimum price fluctuation shall be US\$1 per Tonne and shall have a value of US\$10 per lot.
- (b) (i) A Warrant shall not be tendered unless Rent is written up (that is to say, the Warrant details recorded on Guardian in relation to Rent are updated by the Warehousekeeper) in respect of the period to at least the last calendar day of the month immediately preceding the delivery month.¹²
- (ii) The Seller shall make an Allowance for any Rent short of the Settlement Day and the Buyer shall make an Allowance, at the same rate, for any Rent written up beyond the Settlement Day. This Allowance shall be known as the Rent Allowance and shall be calculated on the basis of:
 - (A) the Gross Weight;
 - (B) the daily rent rate per Tonne as published by the Clearing House from time to time; and
 - (C) the number of days in respect of which Rent is due.¹³
- (iii) For the purposes of this Rule GGGG.6(b) references to the Settlement Day are to be construed as references to the fourteenth day after the Tender Day, whether or not it is a business day.¹⁴

GGGG.7 IMPORT DUTY, LEVY OR TARIFFS

- (a) The notional amount of any import duty, levy or other tariff (other than value added tax) chargeable upon the importation of Robusta Coffee (other than Robusta Coffee which is exempt from any such charge) into the European Union, calculated at the rate thereof in force on the first business day of the delivery month and on the basis of the Exchange's EDSP for that delivery month on the last business day of the immediately preceding month, shall in every case be deducted from the Contract price (whether or not any duty, levy or other tariff, other than value added tax, has actually been paid on the Robusta Coffee) unless the tender documents show that the Robusta Coffee tendered is exempt from such charge, or the coffee is tendered for delivery in the ports of New York or New Orleans.
- (b) The Contract price shall be exclusive of any value added tax which may be or become payable thereon. Any such tax shall be for the Buyer's account.
- (c) If any country shall at any time adhere or cease to adhere to any international agreement, convention or treaty the Exchange may (without prejudice to its powers under any other rule) take any steps it deems necessary or desirable (whether by way of varying these Contract Rules or otherwise) for the purpose

¹² With effect from the July 2018 delivery month, GGGG.6(b)(i) will read: "A Warrant shall not be tendered unless Rent is written up (that is to say, the Warrant details recorded on Guardian in relation to Rent are updated by the Warehousekeeper) and pre-paid by the Seller in respect of the period to the last calendar day of the delivery month."

¹³ With effect from the July 2018 delivery month, GGGG.6(b)(ii) will be deleted and replaced with the following: "The Seller's invoicing amount shall be adjusted by a Rent Allowance calculated in accordance with the formula:

Global Average Warehousekeeper Rent
minus

Delivery Warehousekeeper's Rent
multiplied by

two (representing two calendar months of rent)

Such that individual Warehousekeeper Rent which is more expensive than the Global Average Warehousekeeper Rent results in a reduction in the invoicing amount, and individual Warehousekeeper Rent which is less expensive than the Global Average Warehousekeeper Rent results in an increase in the invoicing amount."

¹⁴ With effect from the July 2018 delivery month, GGGG.6(b)(iii) will be deleted and replaced with the following: "A Warrant shall not be tendered unless pre-paid Loading Out Charges are written up (that is to say, the Warrant details which are recorded on Guardian in relation to Loading Out Charges are updated by the Warehousekeeper as having been charged to the first Seller to tender the relevant Warrant at that Warehousekeeper). For the avoidance of doubt, the Load Out Charges may only be levied by the Warehousekeeper to the first Seller of the Warrant at that Warehousekeeper, and not to subsequent Sellers or Buyers of the Robusta Coffee under such Warrants (save where a subsequent owners increases Load Out Charges by changing the storage format of the Robusta Coffee under such Warrant(s) in which case a further additional pre-payment of Load Out Charges may be sought from and must be paid by the subsequent owner who made such change)."

of reducing or eliminating any effect on the market which in the Exchange's opinion results from any consequential change in the rate or incidence of any import duty, levy or other tariff charged on Robusta Coffee of any Origin. Such steps may include the adjustment of Contract prices by such Allowances, premiums or other means as may be determined by the Exchange.

GGGG.8 LAST TRADING DAY

- (a) On the Last Trading Day:
 - (i) trading in Contracts for the relevant delivery month shall cease at such time as may be specified for that purpose in the Administrative Procedures; and
 - (ii) the Exchange will calculate the EDSP for such Contracts in accordance with Rule GGGG.9.
- (b) If, for Contracts in respect of a delivery month, the day specified as the Last Trading Day is not a business day then the business day immediately preceding that day shall become the Last Trading Day for such Contracts.
- (c) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the Last Trading Day will not be a business day, then the business day next following such day shall become the Last Trading Day in respect of that delivery month and the Exchange shall publish a notice posted on the Market to that effect.

GGGG.9 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) Subject to Rule GGGG.9(b), the EDSP for Contracts for a particular delivery month shall be calculated by Exchange officials on each business day during the delivery period. The EDSP for a business day in the delivery period shall be the Daily Settlement Price determined by the Exchange on the previous business day, in accordance with the Trading Procedures, as amended from time to time.
- (b) If, in the opinion of Exchange officials, the EDSP which would result from a calculation made in accordance with Rule GGGG.9(a) would be unrepresentative or incompatible with due observance of the Exchange's responsibilities, or it is impracticable to calculate the EDSP in accordance with Rule GGGG.9(a), then Exchange officials may in their absolute discretion fix the EDSP at a price determined by them with reference to such available data as they deem appropriate.
- (c) The Exchange shall publish the EDSP by the time specified for that purpose in the Administrative Procedures. The EDSP shall be final and binding for all purposes.

GGGG.10 INVOICING AMOUNT

- (a) Subject to Rule GGGG.10(b), the "invoicing amount" in respect of each lot to be delivered under a Contract and referred to in a Seller's Delivery Notice shall be a sum calculated in accordance with the formula:

$$\text{EDSP} \times \text{Net Weight} - (A + B + C + D + E)$$

where:

EDSP = The EDSP for the Tender Day

A = Age Allowance (as per Rule GGGG.3(e))

B = Class Allowance (as per Rules GGGG.4(c), GGGG.4(d) and GGGG.4(e))

CONTRACT RULES: ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACT

- C = Weight Allowance (as per Rule GGGG.5(f))
- D = Rent Allowance (as per Rule GGGG.6(b))
- E = Import Duty (as per Rule GGGG.7)
- (b) Where the sum calculated in accordance with Rule GGGG.10(a) is not a number of US Dollars and whole cents, such sum shall be rounded to the nearest sum which is a number of US Dollars and whole cents and the invoicing amount shall be such nearest sum.
- (c) Where the sum calculated in accordance with Rule GGGG.10(a) is a number of US Dollars and whole cents and one half of one cent, such sum shall be rounded up to the nearest sum which is a number of US Dollars and whole cents, and the invoicing amount shall be such nearest sum.

GGGG.11 SETTLEMENT PAYMENTS

- (a) In respect of each lot referred to in a Seller's Delivery Notice, in addition to any other payment required by these Contract Rules, the following payments shall be made by the time specified for that purpose in the Administrative Procedures:
- (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require); and
 - (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require);
- of an amount calculated as the difference, in US Dollars multiplied by ten in respect of each lot, between the EDSP and the Contract price.

GGGG.12 SELLER'S DELIVERY NOTICE AND NOTIFICATIONS TO THE SELLER

- (a) A Seller in whose name one or more Contracts is registered by the Clearing House shall have given to the Clearing House a Seller's Delivery Notice in respect of each lot which has been allocated a Valid Grading Result and for which there is a Warrant that has been immobilised, not later than the time on the Tender Day specified for that purpose in the Administrative Procedures.
- (b) A Seller's Delivery Notice shall be presented to the Clearing House by the Seller by such means and in such a form as is prescribed from time to time by the Clearing House. The Seller's Delivery Notice shall in respect of each lot to be delivered by the Seller specify the information set out in the Administrative Procedures and such other information as the Clearing House may prescribe from time to time.
- (c) Subject to Rule GGGG.14(e), a Seller shall not substitute a tender after delivery of the tender to the Clearing House, unless:
- (i) the Seller has obtained the prior consent of the Clearing House, the Clearing House has obtained the Buyer's prior written consent in respect of any lots referred to in the tender which have been allocated to such Buyer under Rule GGGG.12(a) and the Seller has notified the Clearing House of the proposed substitution; or
 - (ii) the Seller is directed by the Clearing House to make a substitution of the tender, or any of its terms.
- (d) The Clearing House shall not be obliged to accept a tender in respect of one or more lots, unless:
- (i) the tender complies with Rules GGGG.12(b) and GGGG.12(c); and

- (ii) the Seller is able to present such other documents or information in respect of such lots as may be required by the Clearing House under Rule GGGG.12(b).
- (e) By the time specified for that purpose in the Administrative Procedures on the Tender Day, the Clearing House shall make available to the Seller details of the invoicing amount payable to the Seller by the Clearing House in respect of each lot to be delivered by the Seller.

GGGG.13 ALLOCATIONS AND NOTIFICATIONS TO THE BUYER¹⁵

- (a) In respect of registered Contracts, the Clearing House will, not later than the Tender Day specified for that purpose in the Administrative Procedures, allocate to a Buyer one or more lots referred to in a Tender in respect of each lot to be delivered to it by the Clearing House and by such method of allocation as may be specified in the Clearing House procedures.
- (b) By the time specified for that purpose in the Administrative Procedures on the Tender Day, the Clearing House shall make available to the Buyer details of the invoicing amount payable by the Buyer to the Clearing House in respect of each lot allocated to the Buyer.
- (c) The Buyer acknowledges and agrees that any information provided by the Clearing House pursuant to Rule GGGG.13(a) may be amended from time to time by the Clearing House.
- [(d) Once the Buyer has received a delivery notice for lots to be tendered, the Buyer shall then have the right to inspect and sample the goods [by arrangement with the Warehousekeeper]. This right, and any subsequent assessment by the Buyer, does not affect the obligation of the Buyer to proceed to settlement of the invoicing amount in accordance with Rule GGGG.10 and HHHH.4.]

GGGG.14 DELIVERY¹⁶

- (a) No later than the time specified for that purpose in the Administrative Procedures, the Buyer shall make payment to the Clearing House of the invoicing amount on the Settlement Day in respect of each lot allocated to the Buyer. Payment is to be made without prejudice to the reference of any claim or dispute to arbitration. No interest shall be payable to a Buyer who pays the invoicing amount before taking up documents.
- (b) [(i)] The Seller shall ensure that the Warrant details recorded on Guardian in respect of each lot are accurate and complete in all respects.
- (ii) A Buyer requiring to take up and pay for the Warrant before the Settlement Day ("Early Take-Up") shall give notice to the Clearing House in accordance with Rule HHHH.5 on the Business Day prior to that on which he wishes to take up the Warrant.¹⁷
- (c) (i) Rent in respect of each lot shall be paid by the Seller in accordance with Rule GGGG.6(b).
- (ii) A Seller or Buyer who delivers or takes delivery of a lot on behalf of another party shall be entitled to recover from such party any tender fee payable to the Clearing House.
- (d) The Seller shall represent and warrant to the Buyer that each lot delivered by the Seller is free from any security interest, lien or encumbrance. The Seller shall indemnify the Buyer on demand against each loss, liability and cost which the Buyer incurs or suffers arising out of any claim made or action brought or threatened against the Buyer alleging infringement of the rights of any third party in respect of any lot delivered by the Seller under a Contract.

¹⁵ Amendments in square brackets will take effect from the July 2018 delivery month.

¹⁶ Amendments in square brackets will take effect from the July 2018 delivery month.

¹⁷ With effect from the July 2018 delivery month, GGGG.14(b)(ii) will be deleted.

CONTRACT RULES: ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACT

- (e) For the avoidance of doubt, notwithstanding that the Clearing House is not recorded as the owner of a lot on Guardian, it is the buyer to the Seller and the seller to the Buyer in the process of transferring ownership of the lot.
- (f) No later than the time specified for that purpose in the Administrative Procedures, the Clearing House shall make payment to the Seller of the invoicing amount on the Settlement Day in respect of each lot delivered by the Seller in accordance with these Contract Rules and the Clearing House Rules. At such point the Seller will be deemed to have transferred the lot to the Clearing House.
- (g) No later than the time specified for that purpose in the Administrative Procedures, if the Buyer has paid the invoicing amount in respect of a lot, the records on Guardian will be updated to reflect the change of ownership from Seller to Buyer in respect of such lot on the Settlement Day in respect of each lot allocated to the Buyer, in accordance with these Contract Rules and the Clearing House Rules. At such point the Buyer will be deemed to have taken up the Warrant from the Clearing House. Each Warrant is to be taken up by the Buyer without prejudice to the reference of any claim or dispute to arbitration. The Clearing House is under no obligation to effect delivery if the Buyer has not paid the invoicing amount in respect of the lot which is the subject of the Warrant.
- (h) Without prejudice to any steps taken by the Clearing House under Rule GGGG.16, if payment is not made by the time and on the day prescribed for that purpose in the Administrative Procedures, the Clearing House may sell the lot in respect of which payment has not been made. Any surplus or deficit resulting from such sale, with an account for interest and the costs of sale, shall be settled between the Clearing House and the Buyer forthwith.
- (i) A Buyer shall be deemed to have accepted a lot delivered under Rule GGGG.14(b), by 17.00 on the Acceptance Date unless the Buyer has, within such period, notified the Clearing House in accordance with the Regulations, of the Buyer's intention to refer a claim or dispute to arbitration. The Clearing House will promptly notify the Seller of the Buyer's notification.
- (j) Without prejudice to the provisions of Rules GGGG.14(d) and GGGG.16, a failure by the Seller or Buyer to comply with its obligations under any of the provisions of Rules GGGG.12, GGGG.13 or GGGG.14, as the case may be, shall constitute a default in performance entitling the Clearing House forthwith to take steps under any of the provisions of Rule GGGG.16. Any action taken by the Clearing House shall be without prejudice to any rights, obligations or claims of the Seller or the Buyer or the Clearing House and any costs, claims, losses, taxes or expenses of whatsoever nature incurred or suffered by the Clearing House in connection with such action shall be paid by the party in default in performance, whether that be the Seller or the Buyer.

GGGG.15 PROPERTY AND RISK

- (a) Property and risk in respect of a lot delivered under a registered Contract will pass:
 - (i) from the Seller to the Clearing House as Buyer, once the following has been effected:
 - (A) the deemed transfer by the Seller to the Clearing House of the Warrant in respect of such lot; and
 - (B) the payment by the Clearing House of the invoicing amount in respect of such lot in same day or immediately available, freely transferable, cleared funds; and
 - (ii) from the Clearing House as Seller to the Buyer, once the following has been effected:
 - (A) the payment by the Buyer to the Clearing House of the invoicing amount in respect of such lot in same day or immediately available, freely transferable, cleared funds; and
 - (B) the deemed take up of the Warrant in respect of such lot by the Buyer.

GGGG.16 DEFAULT IN PERFORMANCE

- (a) The provisions of this Rule GGGG.16 shall be subject to the default rules from time to time in force of the Clearing House.
- (b) For the purposes of this Rule GGGG.16, a reference to a “default in performance” shall, subject to Rule GGGG.16(e), be construed as including an actual failure or an anticipated failure by a Seller or a Buyer under Rule GGGG.16(c) in performing its obligations under a Contract. An anticipated failure is one which the Clearing House, in its reasonable opinion, thinks will occur and in respect of which the Clearing House considers that it should take action under the provisions of this Rule GGGG.16.
- (c) A Buyer or a Seller shall be in default in performance where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified for that purpose in the Administrative Procedures; or
 - (iii) in the reasonable opinion of the Clearing House, he is in default in performance.
- (d) If a default occurs, this Rule GGGG.16 shall entitle the Clearing House to declare a default in performance. For the avoidance of doubt, neither the Buyer nor the Seller shall be entitled to declare a default in performance under this Rule GGGG.16.
- (e) Errors in a notice, which are determined in the Clearing House’s absolute discretion to be clerical errors which can be readily rectified and are rectified, shall not be treated as constituting a default in performance.
- (f) Subject to Rules GGGG.16(g)(ii) and GGGG.16(k), if it appears to the Clearing House that a Seller or a Buyer is in default in performance under a registered Contract, the Clearing House shall notify the Exchange of the default in performance and may, in its absolute discretion:
 - (i) take such steps as it deems appropriate to facilitate a mutually acceptable resolution of the default in performance. A resolution of a default in performance may be on such terms and take such form as is acceptable to the Clearing House, to the Seller and to the Buyer. Such terms may limit some or all of the rights of the Seller, the Buyer or the Clearing House to refer any matter concerning or arising out of a default in performance (or the resolution thereof) to arbitration;
 - (ii) without prejudice to any of its other rights under this Rule GGGG.16, refer to the Exchange any dispute or issue arising between any of the parties. If upon such reference, the Exchange is of the opinion that the default in performance is of minor significance it shall determine any such dispute or issue between such parties upon such evidence as it may deem relevant and convey its findings to such parties who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of any party to refer the dispute or any related dispute to arbitration; or
 - (iii) take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of the party, either Seller or Buyer, which is not in default in performance including, without prejudice to the generality of the foregoing, any steps in order to perform its obligations to a party under a registered Contract.
- (g) If, within five business days of the default in performance having come to the attention of the Clearing House:

CONTRACT RULES: ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACT

- (i) the steps taken by the Clearing House have not led or are not likely to lead to a resolution of the default in performance; or
 - (ii) the Clearing House has not taken any steps and the default in performance remains unresolved,
- the Clearing House will refer the matter to the Exchange. If upon reference of the dispute or issue to the Exchange, the Exchange is of the opinion that the default in performance may not be determined by the Exchange in accordance with Rule GGGG.16(f)(ii), then each lot of Robusta Coffee the subject of the dispute or issue shall be the subject of cash settlement at a price fixed by the Exchange in consultation with the Clearing House. The price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider, on the evidence before it, should be paid by either party to the other.
- (h) Any cash settlement price fixed under Rule GGGG.16(g) shall be binding on the parties.
 - (i) Any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with any steps taken by the Clearing House in relation to a Contract to which the default in performance relates shall be paid by the Buyer or Seller who is in default in performance. Any steps taken by the Clearing House in relation to a default in performance shall be without prejudice to any rights (including rights to refer matters to arbitration), obligations or claims of the Buyer, the Seller or the Clearing House in relation to a Contract to which the default in performance relates.
 - (j) A Buyer or Seller who is in default in performance under this Rule GGGG.16 shall forthwith pay to the Clearing House any sums payable by it under Rule GGGG.12 and any sums payable pursuant to this Rule GGGG.16.
 - (k) Notwithstanding that a Buyer or Seller may be in default in performance under this Rule GGGG.16, the Clearing House may in its absolute discretion determine not to exercise or to delay in exercising any of its rights under this Rule GGGG.16, and no failure by the Clearing House to exercise nor any delay on its part in exercising any of such rights shall operate as a waiver of the Clearing House's rights upon that or any subsequent occasion, nor shall any single or partial exercise of any such rights prevent any further exercise thereof or of any other right.
 - (l) A Buyer, a Seller or the Clearing House may refer a dispute or issue arising out of a default in performance under this Rule GGGG.16 (subject always to the application of provisions of Rules GGGG.16(f), (g) and (h)) to arbitration.
 - (m) The provisions of this Rule GGGG.16 relating to steps that may be taken by the Clearing House where there appears to the Clearing House to be a default in performance by a party to a registered Contract may be varied, or different steps may be substituted therefore by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to such existing and/or new Contracts and registered Contracts as the Exchange may determine.

GGGG.17 FORCE MAJEURE

- (a) Subject to Rule GGGG.17(b), a "Force Majeure event" shall mean an event beyond the reasonable control of either party to a Contract which delays, hinders or prevents the performance in whole or in part by a party of his obligations under the Contract (other than an obligation to make a payment), including, without limitation, act of God, storm, flood, earthquake, fire, explosion, malicious damage, accident howsoever caused, strike, lock-out, labour dispute, riot, civil commotion, war whether declared or undeclared, armed conflict, use of force by authority of United Nations, act of terrorism, act of government or other national or local authority or any agency thereof, breakdown of machinery, and unavailability, restriction, failure or delay in or computer or data processing systems or communication or energy supplies or bank transfer systems.

- (b) The following shall not be a Force Majeure event: the failure for whatever reason of a computer or other electronic facility to accept a notification made by a Seller or a Buyer (other than the Clearing House) as required by these Contract Rules and the Administrative Procedures.
- (c) A party to a Contract shall not be entitled to rely upon this Rule GGGG.17 unless such party has notified the Clearing House in writing immediately after such party has become aware (or after it ought reasonably to have become aware) of such Force Majeure event, and has continued to seek to perform its obligations in accordance with the Contract (in which event it shall be entitled to such relief with effect from the commencement of such Force Majeure event). The notice shall state the date on which the Force Majeure event commenced and the effects of the Force Majeure event on such party's ability to perform its obligations in accordance with the Contract, including an estimate of the period of the Force Majeure event. A further notice shall be given immediately after the Force Majeure event has ceased.
- (d) Upon the request of the Clearing House or the Exchange, a party seeking relief under this Rule GGGG.17 shall promptly provide such other information as required by the Clearing House or the Exchange to assist the Exchange in determining whether a Force Majeure event has occurred. If a Force Majeure event has occurred, neither party will be deemed in default in performance of its obligations under a Contract if such party was unable to perform its obligations as a direct result of the occurrence of such Force Majeure event nor will any penalty or damages be payable if and to the extent that performance of any obligation is delayed hindered or prevented by a Force Majeure event.
- (e) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules from time to time in force of the Clearing House, if the Exchange determines under Rule GGGG.17(d) that a Force Majeure event has delayed, hindered or prevented a party from performing any obligation under a Contract for a period of at least five Business Days beyond the time limit fixed in or under the Contract any lot or part thereof not delivered to the Buyer, shall be the subject of cash settlement at a price to be fixed by the Exchange in consultation with the Clearing House in their absolute discretion. Such price shall be binding on the parties.

GGGG.23 STATEMENT IN RELATION TO THE TENDER PROCESS

The Exchange draws the following statement to the attention of potential users of the ICE Futures Robusta Coffee Futures Contract. Members should ensure that their clients are made aware of the statement.

“Statement in relation to the Tender Process:

Potential users of the ICE Futures Robusta Coffee Futures Contract should familiarise themselves with the relevant Contract Terms and Administrative Procedures and the Grading and Warehousekeeping Procedures in respect of ICE Futures Cocoa Futures Contracts and ICE Futures Robusta Coffee Futures Contracts. Potential users should also be aware of the fact that for the May 2010 delivery month onwards only Warrants that have been immobilised will be tenderable.”

SECTION HHHH - PROCEDURES: ROBUSTA COFFEE FUTURES
CONTRACT

HHHH.0	Interpretation
HHHH.1	Settlement Procedures
HHHH.2	Tender Day
HHHH.3	Last Trading Day
HHHH.4	Settlement Day
HHHH.5	Early Take Up ¹
HHHH.6	Acceptance of a Lot ²

¹ Amendments as set out in the footnote will take effect from the July 2018 delivery month.

² Amendments as set out in the footnote will take effect from the July 2018 delivery month.

HHHH.0 INTERPRETATION

All defined terms in Rule GGGG shall apply to this Rule HHHH.

HHHH.1 SETTLEMENT PROCEDURES

All deliveries in respect of this Contract must be made in accordance with Rule GGGG, these Administrative Procedures and the Clearing House Rules. Buyers and Sellers are obliged to deliver or take delivery in respect of their total gross Contract position remaining open after the close of trading on the Last Trading Day in the relevant delivery month and must therefore ensure that their gross position (open buying and selling Contracts) registered with the Clearing House allows for this.

HHHH.2 TENDER DAY

By 12.00 hours

Each Seller shall have given a Seller's Delivery Notice to the Clearing House by such means and in such form as is prescribed by the Clearing House from time to time by 12.00 hours on any business day during the delivery month (excluding the Last Trading Day when the Seller's Delivery Notice must be submitted by 14.30 hours).

Seller's Delivery Notices may be deleted by members up to 12.00 hours on the day on which they were given.

Each Seller's Delivery Notice shall specify in respect of each parcel:

- (a) the name of the Seller;
- (b) details of the number of lots to be delivered under the Contract;
- (c) details of the delivery area for each lot and Warehousekeeper in whose Warehouse each lot is stored;
- (d) details of the Warrant number and Valid Grading Result number for each parcel;
- (e) details of the account designation of each parcel (e.g. house or client); and
- (f) such other information as the Clearing House may prescribe from time to time.

After 12.00 hours

The Clearing House allocates the Robusta Coffee to the Buyers in accordance with the Administrative Procedures.

The Clearing House will make available to the Seller details of the invoicing amount payable to the Seller in respect of each lot to be delivered on the Settlement Day.

The Clearing House will make available to the Buyer details of the invoicing amount payable by the Buyer in respect of each lot allocated to the Buyer.

All payments required by Rule GGGG.11(a) to be made by the Buyer and the Seller shall have been completed.

A Seller's Delivery Notice received by the Clearing House after 12.00 hours will be counted as received the following business day. Subject thereto, the date of the Seller's Delivery Notice is the date on which the Seller's Delivery Notice is received by the Clearing House.

By 13.00 hours The Clearing House will announce the EDSP. The EDSP will be determined in accordance with Rule GGGG.9.

HHHH.3 LAST TRADING DAY

At 12.30 hours Trading in Contracts for the relevant delivery month shall cease.

By 13.30 hours The Exchange will announce the EDSP. The EDSP will be determined in accordance with Rule GGGG.9.

By 14.30 hours Remaining open positions automatically become delivery contracts.

 Sellers must transmit tender details to the Clearing House.

 Tender notifications may be deleted by Members up to 14.30 hours.

After 14.30 hours The Clearing House allocates the Robusta Coffee to the Buyers in accordance with the Administrative Procedures.

 The Clearing House will make available to the Seller details of the invoicing amount payable to the Seller in respect of each lot to be delivered on the Settlement Day.

 The Clearing House will make available to the Buyer details of the invoicing amount payable by the Buyer in respect of each lot allocated to the Buyer.

HHHH.4 SETTLEMENT DAY

By 09.00 hours The Buyer shall pay to the Clearing House in accordance with Rule GGGG.14(a), in the manner prescribed from time to time by the Clearing House, the final invoicing amount in respect of each lot.

As soon as possible after 12.00 hours The Clearing House shall pay to the Seller the final Invoicing Amount in respect of each lot, delivered by the Seller in accordance with Rule GGGG.14(b).

 The Clearing House will, in respect of each lot, make such entries on Guardian so as to give effect to the transfer of ownership from the Seller to the Buyer for the lots which it has been allocated under these terms, in accordance with Rules GGGG.16 and GGGG.17.

HHHH.5 EARLY TAKE UP³

By 16.00 hours In respect of Early Take Up in accordance with Rule GGGG.14(b)(ii), the Buyer shall give notice to the Clearing House by 16.00 hours on the business day prior to that on which he wishes to take up the Warrant.

HHHH.6 ACCEPTANCE OF A LOT

By 17.00 hours The Buyer shall be deemed to have accepted a lot by 17.00 hours, on the day which is seven business days after payment unless he has:⁴

 (a) within such period notified the Clearing House, which will in turn notify the Seller of his intention to refer a dispute to arbitration; and

³ With effect from the July 2018 delivery month, the title "EARLY TAKE UP" will be replaced with "NOT USED", and the provisions at HHHH.5 will be deleted.

⁴ With effect from the July 2018 delivery month, HHHH.6 will read: "The Buyer shall be deemed to have accepted a lot by 17.00 hours, on the day which is fourteen business days after Tender Day unless he has:..."

(b) referred such dispute to arbitration not later than the next business day in accordance with Rule I.7.

CONTRACT RULES: ICE FUTURES WHITE SUGAR FUTURES CONTRACT

III.1

INTERPRETATION

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meaning in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and in the Administrative Procedures:
- “Administrative Procedures” means the administrative procedures at Rule JJJJ implemented by the Exchange for the purposes of these Contract Rules.
- “adopted rules” means the RSA Rules.
- “business day” means a day on which the market, the Clearing House and banks in London are open for business.
- “Buyer” in respect of a Contract means the person who is obliged under such Contract to accept transfer in respect of each lot of the delivery amount of sugar and to pay the invoicing amount in respect of each such lot (including, except where the context otherwise requires, the Clearing House as buyer under a registered Contract).
- “Contract” means a contract made expressly or impliedly in the terms of these Contract Rules for the sale and purchase of one or more lots for a delivery month and “registered Contract” means a Contract registered by the Clearing House.
- “Contract price” means the price agreed between a Buyer and a Seller in respect of a Contract.
- “default in performance” has the meaning attributed to it in Rule III.14(b).
- “delivery period” means the period commencing on and including the first day of the delivery month, up to and including the last day of the succeeding month, subject to Rule III.15(b).
- “delivery month” means each month specified as such by the Exchange pursuant to the Regulations.
- “Document Notice Day” shall have the meaning attributed to it in Rule III.12(a).
- “ECS” means ICE Clear Europe Limited’s Extensible Clearing System.
- “EDSP” means Exchange Delivery Settlement Price and has the meaning attributed to it in Rule III.5.
- “European port” means a port described as such by the Exchange and included in the list published by the Exchange from time to time pursuant to Rule III.2(b).
- “Guardian” means the electronic system relating to the tender and delivery management services, or any successor thereto, which amongst other things, records details of sugar for delivery against the ICE Futures White Sugar Futures Contract.
- “ICUMSA” means the International Commission for Uniform Methods of Sugar Analysis referred to in the RSA Rules.

“Insufficient Seller”	means a Seller who has made a Notice of Tender in respect of a Non-Qualifying Port.
“invoicing amount”	has the meaning attributed to it in Rule III.8.
“Last Trading Day”	in respect of any delivery month means the business day immediately preceding the Tender Day.
“lot”	shall have the meaning attributed to it in Rule III.3(a).
“Non-Qualifying Port”	means one of the ports included on the list of ports from time to time published by notice posted on the Market, in respect of which all Sellers’ Notices of Tender which have been made for that delivery month amount in aggregate to less than 80 lots.
“Qualifying Port”	means one of the ports included on the list of ports from time to time published by notice posted on the Market in respect of which all Sellers’ Notices of Tender which have been made for that delivery month amount in aggregate to 80 lots or more.
“RSA Rules”	means those parts of the Rules of the Refined Sugar Association relating to white sugar contracts for delivery free on board and stowed, from time to time in force.
“Seller”	in respect of a Contract means the person who is obliged under such Contract to deliver in respect of each lot, the delivery amount of sugar (including, except where the context otherwise requires, the Clearing House, as seller under a registered Contract).
“Seller’s Delivery Notification”	means the form instigating delivery given by the Seller to the Exchange.
“Settlement Day”	in respect of each lot comprised in a Contract means the first business day after the Document Notice Day on which banks are open for business in New York.
“Sugar Charter Party”	means the un-amended, unedited form of the Sugar Charter Party which is commonly used in the sugar trade for the carriage by sea of white or refined sugar in bags (as may be revised from time to time) in effect as at the first day of the delivery month.
“tender”	means the delivery by a Seller of a Seller’s Delivery Notification for sugar pursuant to a Contract.
“Tender Day”	in respect of any lot comprised in a Contract has the meaning attributed to it by Rule III.9(a).
“tonne”	means metric tonne of 1000 kilogrammes.
(c) [Not used]	
(d) [Not used]	

III.2 SUGARS TENDERABLE

- (a) Each Contract shall be for white beet or cane crystal sugar or refined sugar of the crop current at the time of delivery, free running of regular grain size and fair average of the quality of deliveries made from the declared origin from such crop, with minimum polarisation 99.8

CONTRACT RULES: ICE FUTURES WHITE SUGAR FUTURES CONTRACT

degrees, moisture maximum 0.06 per cent, and colour of a maximum of 45 units ICUMSA attenuation index at time of delivery to vessel at the port named in the Seller's Notice of Tender, as evidenced by a certificate issued in accordance with these Contract Rules.

- (b)
 - (i) Delivery shall be at one of the ports included on the list of ports from time to time published by notice posted on the Market, which shall apply to such delivery months specified in the notice as the Exchange may determine. The Exchange may from time to time list or de-list a port, which shall have such effect with regard to existing or new Contracts or both as the Exchange may determine in its absolute discretion. Any such determination will be notified to Members by means of a notice posted on the Market or otherwise as the Exchange may direct.
 - (ii) Subject to Rule III.2(a)(i), sugar shall be delivered at a port in the country of origin of the sugar. However, in the case of landlocked countries and sugar originating from a country within the European Union, delivery shall be made at any customary port of export from such country.
 - (iii) The Exchange and Clearing House give no warranty and do not make any representation or promise that any port which is included in any list published by the Exchange pursuant to this Rule III.2(b) has any particular characteristics or facilities or is safe or suitable in any way whatsoever, and the Exchange and Clearing House shall not be liable for any loss, damage, or delay resulting from conditions at any such port.
- (c) The sugar shall be packed in new sound polypropylene bags, each with a single new polythene liner, of a weight of minimum 50 kg net each of sugar and each bag and liner having a combined minimum tare of 160g. The bags of each lot shall be uniform and suitable for export. All bags shall be of a colour as customarily used for export by the relevant producer, and for each lot each bag shall bear the same minimum marks written in the English language stating the following:
 - (i) product description (e.g. refined sugar);
 - (ii) net weight;
 - (iii) origin;
 - (iv) crop or production year;
 - (v) an expiry being at least two years later than production or a validity period of at least two years; and
 - (vi) name of the producer.

Additional marks in local lettering/language are permitted provided that they do not contradict the marks referred to above.

- (d) Sugar delivered shall be free of all liens and claims of any kind and shall be freely available for export to any destination except in the case of sugar originating in the European Union which shall only be available for export to destinations outside the European Union. In the case of sugar originating in the European Union, the sugar shall physically leave the geographical area of the European Union without undue delay after loading has been completed, and under no circumstances shall the sugar be re-imported into the European Union.

III.3

CONTRACT SPECIFICATION

- (a) Each Contract shall be for one or more lots for the delivery month specified. A lot shall be for an amount of sugar having a nominal net weight of 50 tonnes.

III.4 PRICE

- (a) The Contract price shall be in US dollars and cents (with fluctuations of 10 cents) per tonne net free on board and stowed in vessel's hold at a port included in the list published by the Clearing House pursuant to Rule III.2(b).
- (b) The Contract price shall be exclusive of any United Kingdom value added tax which may be or may become payable thereon.

III.5 EXCHANGE DELIVERY SETTLEMENT PRICE

- (a) Subject to Rule III.5(b), the EDSP for Contracts for a particular delivery month shall be calculated by Exchange officials on the Last Trading Day as follows:
 - (i) if (as far as reasonably ascertainable) one or more Contracts for that delivery month have been made on the Last Trading Day during the period specified for this purpose in the Administrative Procedures, then:
 - (A) if only one Contract has been made, the EDSP shall be the price (as far as reasonably ascertainable) at which that Contract was made; or
 - (B) if more than one Contract has been made, the EDSP shall be the average rounded down to the nearest 10 cents of the prices (as far as reasonably ascertainable) at which such Contracts were made, weighted by reference to the number of lots (as far as reasonably ascertainable) comprised in each such Contract;
 - (ii) if (as far as reasonably ascertainable) on the Last Trading Day, during the period specified for this purpose in the Administrative Procedures, no Contract for that delivery month has been made but both an offer (or offers) and a bid (or bids) have been made in respect of a Contract (or Contracts) for that delivery month, then the EDSP shall be the average of the lowest price (as far as reasonably ascertainable) at which such an offer was made and the highest price (as far as reasonably ascertainable) at which such a bid was made and such average shall be rounded down to the nearest 10 cents;
 - (iii) if (as far as reasonably ascertainable) on the Last Trading Day, during the period specified for this purpose in the Administrative Procedures, no Contract for that delivery month has been made and either no offer or no bid has been made in respect of a Contract (or Contracts) for that delivery month, then Exchange officials shall determine the EDSP by reference inter alia to the price at which any offer or bid, as the case may be, in respect of a Contract for that delivery month was made during such period on such day; or
 - (iv) if (as far as reasonably ascertainable) on the Last Trading Day, during the period specified for this purpose in the Administrative Procedures, no Contract for that delivery month has been made and neither an offer nor a bid have been made in respect of a Contract (or Contracts) for that delivery month, then Exchange officials may in their absolute discretion fix the EDSP at a price determined by them as being consistent with the prices at which any Contracts or any offers or bids in respect of a Contract were made on the Last Trading Day for the delivery month and period referred to in Rule III.5(b)(i) and (ii) below and, if necessary, rounded down to the nearest 10 cents.
- (b) If in the opinion of Exchange officials, the EDSP which would result from a calculation made in accordance Rule III.5(a)(i), (ii) or (iii) would not be consistent with the prices at which any Contracts or any offers or bids in respect of a Contract were made on the Last Trading Day for:
 - (i) the relevant delivery month prior to the applicable period referred to in Rule III.5(a)(i), (ii) or (iii), as the case may be; or

CONTRACT RULES: ICE FUTURES WHITE SUGAR FUTURES CONTRACT

- (ii) any other delivery month during the applicable period referred to in Rule III.5(a)(i), (ii) or (iii), as the case may be,

then Exchange officials may in their absolute discretion fix the EDSP at a price determined by them as being consistent with the prices, offers or bids for the delivery month and period referred to in this Rule III.5(b), and, if necessary, rounded down to the nearest 10 cents.

- (c) The Exchange shall publish the EDSP at the time specified for that purpose in the Administrative Procedures. The EDSP shall be final and binding for all purposes.

III.6 SETTLEMENT PAYMENTS

- (a) In respect of each lot referred to in a Seller's Delivery Notification, in addition to any other payment required by these Contract Rules, the following payments shall be made by the time specified for that purpose in the Administrative Procedures:
 - (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require); and
 - (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require);

of an amount calculated as the difference, in US dollars multiplied by 50 in respect of each lot, between the EDSP and the Contract price.

III.7 PAYMENT

- (a) The Seller shall present the following documents to the Clearing House evidencing the proper fulfilment of the terms of the Contract and conforming with the information given by the Seller in the Seller's Delivery Notification:-
 - (i) commercial invoice;
 - (ii) complete set of original signed clean on board bills of lading;
 - (iii) original certificate of origin; and
 - (iv) an original certificate of weight, packing, quality (polarisation, moisture and colour) issued by the Seller's Supervisor in accordance with these terms.
- (b) Without prejudice to the Buyer's ability to request that the Seller provides additional documents pursuant to Rule 17 of the RSA Rules, the Buyer shall not be entitled to require the presentation of any documents in return for payment other than those specified in Rule III.7(a).
- (c) The Clearing House shall by the time specified in the Administrative Procedures advise the Buyer that the documents are available to be taken up and the Buyer shall thereupon collect the documents from the Clearing House.
- (d) The documents shall be deemed to have been accepted by the Buyer unless the Buyer has prior to 14.00 hours on the Settlement Day notified the Clearing House via Guardian that the documents are rejected by the Buyer on the grounds that they do not evidence the proper fulfilment of the terms of the Contract, and the documents have been returned to the Clearing House by 15.00 hours on that day. Immediately following the notification via Guardian of the rejection of the documents, the Buyer shall provide to the Clearing House a written explanation for the rejection of the documents which should state, with reasonable precision, the respects in which the documents do not evidence the proper fulfilment of the terms of the Contract. The Buyer shall be precluded from relying on any grounds for the rejection of the documents which

are not stated in the Buyer's explanation to the Clearing House. For the avoidance of doubt, where a Seller presents more than one set of documents to the Clearing House, the Buyer shall not be entitled to reject any documents which are tendered in respect of a lot or lots where this is solely on the ground that the Buyer has rejected a document or documents which relate to a different lot or lots.

- (e) Title to goods shall not pass from the Seller until the Buyer has accepted the documents and the Seller has received payment for the sugar.
- (f) Where documents have been rejected by the Buyer:
 - (i) the Clearing House shall advise the Seller, after 14.00 hours on the Settlement Day, of such rejection and the reasons for it given by the Buyer, and shall make the documents available for collection by the Seller from 15.00 hours on that day; and
 - (ii) the Seller may re-present documents at any time within five business days of having received a notice of rejection provided always that any such re-presentation must be within twenty calendar days of the bill of lading date.
- (g) Where documents have been re-presented by the Seller and accepted by the Buyer, then these terms shall apply to such re-presentation as if it were a first presentation, save that the Buyer shall not be entitled to reject documents on such re-presentation on any grounds other than those specified at the time of the first rejection unless such rejection is based on a discrepancy in documents which did not exist at the time of the previous presentation of the documents.
- (h) Where documents have been accepted and paid for by the Buyer, this shall be without prejudice to the reference to arbitration by the Seller or the Buyer of any question in dispute, including but not limited to any claim relating to or arising out of any discrepancy in documents presented by the Seller to the Buyer, whether or not identified by the Buyer prior to payment having been made.
- (i) Where the Buyer has collected documents from the Clearing House and subsequently rejects the documents, the Buyer shall indemnify the Exchange and the Clearing House against any liability, loss, cost or expense which arises out of or is related to any failure (whether on the part of the Buyer, the Exchange, the Clearing House or any person whatsoever) to return all of the documents in their original condition without delay.
- (j) Should documents which have been accepted by the Buyer not be taken up and paid for by the time specified in Rule III.12(c) and the Administrative Procedures, the Clearing House may, unless payment has previously been made and without prejudice to any other rights or remedies available to it;
 - (i) sell the sugar at any time and any difference in price resulting from such sale, together with interest and all charges incurred by reason of the delay, shall be paid by the Buyer to the Clearing House forthwith; or
 - (ii) claim damages from the Buyer for failing to take up the documents, which damages shall be deemed to include (but shall not be limited to) the invoicing amount.
- (k) If the invoice against which the Clearing House effect payment is not ready when documents are required to be passed on to the Buyer in accordance with Rule III.12(c), then provided that the other documents are accepted by the Buyer, payment of the invoicing amount shall in any event be made by the Clearing House to the Seller and received on account from the Buyer.
- (l) The Seller and Buyer may mutually agree to take the sugar off the market on any business day from and including the Tender Day to the last day of the delivery period and, in such event, the Clearing House having been so informed in accordance with the Administrative Procedures by

CONTRACT RULES: ICE FUTURES WHITE SUGAR FUTURES CONTRACT

16.00 hours on a business day will settle with the parties at the EDSP by reference to the number of lots tendered.

III.8 INVOICING AMOUNT

- (a) The invoicing amount in respect of each lot referred to in a Seller's Notice of Tender shall be the sum calculated in accordance with the formula:

Contract Weight x EDSP

where:

EDSP = The EDSP for the relevant delivery month

- (b) (i) Subject to Rule III.8(b)(ii), where the sum calculated in accordance with Rule III.8(a) is not a number of dollars and whole cents, such sum shall be rounded to the nearest sum which is a number of dollars and whole cents and the invoicing amount shall be such nearest sum.
- (ii) Where the sum calculated in accordance with Rule III.8(a) is a number of dollars and whole cents and one half of one cent, such sum shall be rounded up to the nearest sum which is a number of dollars and whole cents, and the invoicing amount shall be such nearest sum.

III.9 TENDER DAY

- (a) The Tender Day in respect of a delivery month shall be the fifteenth day preceding the first day of the delivery period for that delivery month, but if the fifteenth day is not a business day the next following business day shall be the Tender Day.
- (b) A tender shall be made on the Tender Day to the Clearing House in the form of the Seller's Delivery Notification prescribed by the Clearing House or in such other form acceptable to the Clearing House. The tender must be submitted by the Seller to the Clearing House on the Tender Day by the time specified in the Administrative Procedures.
- (c) The Clearing House shall initially review all Sellers' Delivery Notifications which have been submitted by all Sellers with a view to ensuring that all deliveries will take place at a Qualifying Port, (except as provided for in Rules III.9(g) and (h) below) in accordance with the Contract Rules and Administrative Procedures and the statement set out in Rule III.21. For the avoidance of doubt, any Sellers' Delivery Notification in respect of a Qualifying Port may not be withdrawn and re-tendered.
- (d) If, following the initial review, the Clearing House determines that Sellers' Delivery Notifications have been made in respect of any Non-Qualifying Port, then the Clearing House shall by the time specified in the Administrative Procedures:
- (i) advise the Insufficient Sellers by whom such Sellers' Delivery Notifications were made of such determination;
 - (ii) reject any Sellers' Delivery Notifications in respect of a Non-Qualifying Port;
 - (iii) advise each Insufficient Seller of the Qualifying Ports, if any; and
 - (iv) provide to each Insufficient Seller a summary of all other Sellers' Delivery Notifications made in respect of Non-Qualifying Ports.

- (e) All such Insufficient Sellers shall then, by the time specified in the Administrative Procedures, either:
 - (i) make a revised Seller's Delivery Notification in respect of a Qualifying Port; or
 - (ii) enter into arrangements with other Insufficient Sellers to enable such Sellers to make revised Sellers' Delivery Notifications such that a previously Non-Qualifying Port becomes a Qualifying Port.
- (f) If for any reason after the process set out in Rule III.9(e) has been completed, any Seller's Delivery Notification is still made in respect of a Non-Qualifying Port, then such Seller's Delivery Notification shall be rejected by the Clearing House and the Insufficient Seller(s) shall make a further revised Seller's Delivery Notification in respect of a Qualifying Port by the time specified in the Administrative Procedures. If there is no Qualifying Port in respect of which to make such a revised Seller's Delivery Notification, the Insufficient Seller(s) shall instead act in accordance with Rule III.9(g) and (h), as the case may be.
- (g) If for any reason after the process set out in Rule III.9(f) has been completed there is still no Qualifying Port, then the Clearing House shall determine that all tenders shall take place at the port which has been nominated in respect of the largest number of lots in the Seller's Delivery Notification. The Clearing House shall notify all Sellers accordingly that they must tender sugar at the port determined by the Clearing House.
- (h) If for any reason after the process set out in Rule III.9(f) has been completed there is still no Qualifying Port, and if there are two or more ports which have been equally nominated in respect of the largest number of lots in the Sellers' Delivery Notifications under Rule III.9(f), then the Clearing House shall determine at which port such tenders are to be made. In doing so, the Clearing House shall take into account circumstances in the physical sugar market generally and the previous practice of the Exchange. The Clearing House shall notify all Sellers accordingly that they must tender sugar at the port determined by the Clearing House.

III.10 TENDERS

- (a) A tender shall not be withdrawn nor substitution allowed except with the consent of the Buyer or, in case of dispute, unless so ordered by the Exchange.
- (b) A tender which has been made to the Clearing House in time shall, subject to Rule III.10(a), be accepted by the Buyer as a valid tender for that date.
- (c) With the consent of the Clearing House, Buyers may, in accordance with, and by the time specified, in the Administrative Procedures, exchange with one another, via Guardian, the tenders that they have been assigned.

III.11 DELIVERY

- (a) Delivery shall be in accordance with Rule 7 of the RSA Rules and the Administrative Procedures, save that the notice referred to in the second paragraph of Rule 7 of the RSA Rules shall be a notice of fourteen calendar days and shall be given by the Buyer to the Seller and the Clearing House.

III.12 PRESENTATION OF DOCUMENTS

- (a) Advice of the presentation of documents, which must include the name of the ocean vessel, must be made by the Seller via Guardian to the Clearing House by no later than the time specified in the Administrative Procedures on any business day within twenty calendar days of the bill of lading date. The day on which such advice is given to the Clearing House shall be known as the Document Notice Day.

CONTRACT RULES: ICE FUTURES WHITE SUGAR FUTURES CONTRACT

- (b) Documents as prescribed in Rule III.7(a) shall be presented by the Seller to the Clearing House on the day following such advice by the time specified in the Administrative Procedures, being a day on which banks are open for business in both London and New York.
- (c) The Clearing House shall pass on documents to the Buyer without delay but, provided the Clearing House has been notified and documents have been presented to it by the times specified in the Administrative Procedures, the Buyer shall (unless the documents have been rejected in accordance with the provisions of Rule III.7(d)) be bound to take up and pay for such documents on the same day by the time specified in the Administrative Procedures without prejudice to the reference of any claim or dispute of whatsoever nature to arbitration.

III.13 [NOT USED]

III.14 DEFAULT IN PERFORMANCE

- (a) The provisions of this Rule III.14 shall be subject to the default rules from time to time in force of the Clearing House and also subject to the provisions of Rule III.18(c).
- (b) For the purposes of this Rule III.14, a reference to a “default in performance” shall, subject to Rule III.14(d), be construed as including an actual failure or an anticipated failure by a Seller or a Buyer under Rule III.14(b) in performing its obligations under a Contract at any time before the time of tender on the Tender Day. An anticipated failure is one which the Clearing House, in its reasonable opinion, considers will occur at any time before the time of tender on the Tender Day and in respect of which the Clearing House considers that it should take action under the provisions of this Rule III.14.
- (c) A Buyer or a Seller shall be in default in performance where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed in accordance with these Contract Rules, the Regulations and Administrative Procedures and Clearing House Rules;
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified for that purpose in the Administrative Procedures; or
 - (iii) in the reasonable opinion of the Clearing House, he is in default in performance.
- (d) Errors in a notice, which are determined in the Exchange’s absolute discretion to be clerical errors which can be readily rectified and are rectified, shall not be treated as constituting a default in performance.
- (e) Subject to Rules III.14(f)(ii) and III.14(j), if it appears to the Clearing House that a Seller or a Buyer is in default in performance under a registered Contract, the Clearing House shall notify the Exchange of the default in performance and may, in its absolute discretion:
 - (i) take such steps as it deems appropriate to facilitate a mutually acceptable resolution of the default in performance. A resolution of a default in performance may be on such terms and take such form as is acceptable to the Clearing House, to the Seller and to the Buyer. Such terms may limit some or all of the rights of the Seller, the Buyer or the Clearing House to refer any matter concerning or arising out of a default in performance (or the resolution thereof) to arbitration;
 - (ii) without prejudice to any of its other rights under this Rule III.14, refer to the Exchange any dispute or issue arising between any of the parties. If upon such reference, the Exchange is of the opinion that the default in performance is of minor significance it shall determine any such dispute or issue between such parties upon such evidence as it may deem relevant and convey its findings to such parties who shall forthwith accept

such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of any party to refer the dispute or any related dispute to arbitration; or

- (iii) take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of the Seller or Buyer not in default in performance including, without prejudice to the generality of the foregoing, any steps in order to perform its obligations to a party under a registered Contract.
- (f) If, within five business days of the default in performance having come to the attention of the Clearing House:
 - (i) the steps taken by the Clearing House have not led or are not likely to lead to a resolution of the default in performance; or
 - (ii) the Clearing House has not taken any steps and the default in performance remains unresolved,

the Clearing House will refer the matter to the Exchange. If upon reference of the dispute or issue to the Exchange, the Exchange is of the opinion that the default in performance may not be determined by the Exchange in accordance with Rule III.14(e)(ii), then (if the dispute or issue is one which has arisen before the time of tender) each lot the subject of the dispute or issue shall be the subject of cash settlement at a price fixed by the Exchange in consultation with the Clearing House. The price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider, on the evidence before it, should be paid by either party to the other.

- (g) Any cash settlement price fixed under Rule III.14(f) shall be binding on the parties.
- (h) Any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with any steps taken by the Clearing House in relation to a Contract to which the default in performance relates shall be paid by the Buyer or Seller who is in default in performance. Any steps taken by the Clearing House in relation to a default in performance shall be without prejudice to any rights (including rights to refer matters to arbitration), obligations or claims of the Buyer, the Seller or the Clearing House in relation to a Contract to which the default in performance relates.
- (i) A Buyer or Seller who is in default in performance under this Rule III.14, shall forthwith pay to the Clearing House any sums payable by him under Rule III.8 and any sums payable pursuant to this Rule III.14.
- (j) Notwithstanding that a Buyer or Seller may be in default in performance under this Rule III.14, the Clearing House may in its absolute discretion determine not to exercise or to delay in exercising any of its rights under this Rule III.14, and no failure by the Clearing House to exercise nor any delay on its part in exercising any of such rights shall operate as a waiver of the Clearing House's rights upon that or any subsequent occasion, nor shall any single or partial exercise of any such rights prevent any further exercise thereof or of any other right.
- (k) A Buyer, a Seller or the Clearing House may refer a dispute or issue arising out of a default in performance under this Rule III.14 (subject always to the application of provisions of Rules III.14(e), (f) and (g)) to arbitration.
- (l) The provisions of this Rule III.14 relating to steps that may be taken by the Clearing House, where there appears to the Clearing House to be a default in performance by a party to a registered Contract, may be varied, or different steps may be substituted therefore by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to such existing and/or new Contracts and registered Contracts as the Exchange may determine.

CONTRACT RULES: ICE FUTURES WHITE SUGAR FUTURES CONTRACT

III.15

FORCE MAJEURE

- (a) At any time before the time of tender on the Tender Date and in respect of events before such time:
- (i) for the purposes of this Rule III.15(a), “Force Majeure Event” shall mean an event which occurs before the Tender Date which is beyond the reasonable control of either party to a Contract and which delays, hinders or prevents the performance in whole or in part by a party of his obligations under the Contract (other than an obligation to make a payment), including, without limitation, act of God, storm, flood, earthquake, fire, explosion, malicious damage, accident howsoever caused, strike, lock-out, labour dispute, riot, civil commotion, war whether declared or undeclared, armed conflict, use of force by authority of United Nations, act of terrorism, act of government or other national or local authority or any agency thereof, breakdown of machinery, and unavailability, restriction, failure or delay in or computer or data processing systems or communication or energy supplies or bank transfer systems;
 - (ii) the failure for whatever reason of a computer or other electronic facility to accept a notification made by a Seller or a Buyer (other than the Clearing House) as required by these Contract Rules and the Administrative Procedures shall not be a Force Majeure Event;
 - (iii) a party to a Contract shall not be entitled to rely upon this Rule III.15(a) unless such party has notified the Clearing House in writing immediately after such party has become aware (or after it ought reasonably to have become aware) of such Force Majeure Event, and has continued to seek to perform its obligations in accordance with the Contract (in which event it shall be entitled to such relief with effect from the commencement of such Force Majeure Event). The notice shall state the date on which the Force Majeure Event commenced and the effects of the Force Majeure Event on such party’s ability to perform its obligations in accordance with the Contract, including an estimate of the period of the Force Majeure Event;
 - (iv) upon the request of the Clearing House, a party seeking relief under this Rule III.15(a) shall promptly provide such other information as required by the Clearing House as soon as reasonably practicable to assist the Exchange in determining whether a Force Majeure Event has occurred. If a Force Majeure Event has occurred, neither party will be deemed in default in performance of its obligations under a Contract if such party was unable to perform its obligations as a direct result of the occurrence of such Force Majeure Event nor will any penalty or damages be payable if and to the extent that performance of any obligation is hindered or prevented by a Force Majeure Event;
 - (v) subject to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules from time to time in force of the Clearing House, if the Exchange determines under Rule III.15(a)(iv) that a Force Majeure Event delays, hinders or prevents a party from performing any obligation under a Contract for a period of at least five business days beyond the time limit fixed in or under the Contract any lot or part thereof not delivered to the Buyer shall be the subject of cash settlement at a price to be fixed by the Exchange in consultation with the Clearing House in their absolute discretion. Such price shall be binding on the parties.
- (b) At any time from the time of tender on the Tender Date and in respect of circumstances or events which occur after such time:
- (i) should ice in a port, war, strikes, rebellion, insurrection, political or labour disturbances, civil commotion, fire, stress of weather, Act of God or any cause of force majeure (whether or not of like kind to those before mentioned) beyond the Seller’s control

prevent directly or indirectly within the delivery period specified in the Contract, the supply to or delivery at a port listed pursuant to Rule III.2(a) in whole or in part of the sugar allocated by the Seller against the Contract, the Seller shall immediately notify the Clearing House of such fact and the quantity so affected. If the Seller is prevented from advising the Clearing House immediately through circumstances beyond his control he shall notify the Clearing House as soon as possible;

- (ii) upon giving such notice, the delivery period shall be extended as follows:
 - (A) where the Force Majeure Event(s) prevents performance for up to three days, the delivery period shall be extended by seven days;
 - (B) where such event(s) prevents performance for more than three days, the delivery period shall be extended by forty-five days.
- (iii) the Seller shall notify the Clearing House immediately that the Force Majeure Event(s) terminates. If delivery is still prevented at the end of the forty-five day extended delivery period, the Exchange shall immediately fix a price for invoicing back and the quantity of sugar affected shall be invoiced back to the Buyer at that price. The price fixed may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider, on the evidence before it, should be paid by either party to the other;
- (iv) should the Buyer be prevented from accepting delivery of the whole or part of the sugar within the delivery period by reason or loss or delay of the vessels declared due to ice in a port, war, strikes, rebellion, insurrection, political or labour disturbances, civil commotion, fire, stress of weather, Act of God or any cause of force majeure (whether or not of like kind to those before mentioned) beyond the Buyer's control, the Buyer shall immediately notify the Clearing House of such fact;
- (v) if the Buyer is prevented from advising the Clearing House immediately through circumstances beyond his control he shall notify the Clearing House as soon as possible. Upon giving such notice, the delivery period for the affected quantity shall be extended, without extra charge to the Buyer as follows:
 - (A) where the Force Majeure Event(s) prevents the Buyer from accepting delivery for up to three days, the delivery period shall be extended by seven days;
 - (B) where such event(s) prevents the Buyer from accepting delivery for more than three days, the delivery period shall be extended by forty-five days;
- (vi) the Buyer shall notify the Seller immediately that the Force Majeure Event(s) terminates. If the Buyer is still prevented from accepting delivery at the end of the forty-five day extended contract delivery period the Exchange shall immediately fix a price for invoicing back and the quantity of sugar affected shall be invoiced back to the Buyer at that price. The price fixed may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider, on the evidence before it, should be paid by either party to the other. No other dispute as to the invoicing back price may be referred to arbitration;
- (vii) if performance of the contract is prevented by a Force Majeure Event more than once during the delivery period (as extended in accordance with these Contract Rules) the provision of these Contract Rules shall apply to each such event. However, in no circumstances shall that delivery period be extended for more than forty-five days;
- (viii) these provisions shall apply notwithstanding the occurrence of events which would otherwise frustrate the Contract;

CONTRACT RULES: ICE FUTURES WHITE SUGAR FUTURES CONTRACT

- (ix) the party claiming force majeure shall within fourteen days from the initial notification of the facts relied upon deliver to the Clearing House evidence of the existence of those facts. If evidence is not delivered in accordance with this provision, the right to invoke force majeure shall be forfeited unless an arbitration tribunal in its absolute discretion decides otherwise.

III.16 ARBITRATION

Any dispute arising out of a Contract and before the time of tender on the Tender Day shall (subject to Rules III.14, III.15(b)(iii) and (vi) and III.18(c) to the extent that they apply) be subject to Rule I.7 and the Arbitration Rules at Section H. A dispute arising on or after the time of tender on the Tender Day shall be referred to arbitration in accordance with Rule III.18(c).

III.17 [NOT USED]

III.18 ADOPTED RULES

- (a) From the time of tender on the Tender Day a Contract shall be subject to the RSA Rules, except where otherwise stated in these Contract Rules or the Administrative Procedures.
- (b) Subject to Rule III.18(d), to the extent that the adopted rules are inconsistent with these Contract Rules and the Administrative Procedures, the adopted rules shall prevail.
- (c) All disputes arising at or after the time of tender on the Tender Day shall be referred to the council of the Refined Sugar Association for settlement in accordance with its rules relating to arbitration, subject always (where the Clearing House is a party) to the Clearing House being entitled to call upon a Clearing Member of the Clearing House who is a Buyer, and a clearing member of the Clearing House who is a Seller, to conduct the arbitration between them in accordance with the Clearing House Rules.
- (d) Rules III.2(c), (d) and 15 and Rules JJJ.3(b) to (h) inclusive shall prevail over the provisions of the adopted rules.

III.19 [NOT USED]

III.20 [NOT USED]

III.21 STATEMENT IN RELATION TO THE TENDER PROCESS

- (a) The Exchange draws the following statement to the attention of potential users of the ICE Futures White Sugar Futures Contract. Members should ensure that their clients are made aware of the statement.

“Statement in relation to the Tender Process

Potential users of the ICE Futures White Sugar Futures Contract should familiarise themselves with the relevant Contract Rules and Administrative Procedures. Amongst other things, potential users should be aware that the objective of the tender process for the ICE Futures White Sugar Futures Contract is to seek to ensure that, to the extent possible, no less than a total of 80 lots of sugar will be tendered for delivery at a port included on the list of ports from time to time published by the Exchange by notice posted on the Market.

In order to seek to achieve that objective, the Clearing House will reject, in accordance with the Contract Rules, a Seller’s Delivery Notification which relates to a port for which tenders of less than 80 lots in aggregate have been received. In such case, such Seller will be provided with an opportunity to re-tender at a port included on the list of ports from time to time published by the Exchange by notice posted on the Market, where, in aggregate, a minimum of 80 lots will be

tendered. If the Seller's revised tender is not in respect of such a port, such Seller will be required to deliver the sugar in a port or ports prescribed by the Clearing House. Accordingly, Sellers should note that they may be required to make delivery from a port other than their preferred port.

Potential users should also be aware that, notwithstanding the objective of the tender process, where the aggregate of all tenders is less than 80 lots, the Buyers will be required to take delivery of such lots of sugar from a single port."

SECTION JJJJ - PROCEDURES: ICE FUTURES WHITE SUGAR FUTURES CONTRACT

JJJJ.1	Interpretation
JJJJ.2	Timetable
JJJJ.3	Delivery

JJJJ.1 INTERPRETATION

All defined terms in Rule IIII shall apply to this Rule JJJJ.

JJJJ.2 TIMETABLE

Last Trading Day

At 17.55 hours Trading in the Contract delivery month shall cease.

After 17.55 hours The Exchange will publish the EDSP. The EDSP will be determined in accordance with Rule IIII.5. The prices, offers or bids used for the calculation of the EDSP pursuant to Rule IIII.5(a) shall be those during the one minute period immediately preceding cessation of trading.

Tender Day (Last Trading Day + 1 business day)

By 10.30 hours Remaining open positions automatically become delivery contracts.

Sellers deliver the Seller's Delivery Notification via Guardian, instigating delivery, to the Clearing House in accordance with these Administrative Procedures.

By 11.00 hours Where any Sellers have submitted Sellers' Delivery Notifications in respect of a Non-Qualifying Port or Ports, the Clearing House shall take the steps specified in Rule IIII.9(d) and shall notify such Insufficient Seller(s) that the tenders should be revised in accordance with Rule IIII.9(e).

By 13.00 hours Any Insufficient Sellers deliver in accordance with Rule IIII.9(e) revised Seller's Delivery Notification to the Clearing House. If the Insufficient Sellers have not delivered the revised Seller's Delivery Notification by 13.00 hours, the Clearing House will determine in accordance with Rule IIII the port from which tenders will be made.

By 14.00 hours Where Sellers' Delivery Notifications continue to be made in respect of Non-Qualifying Port(s), the Clearing House will determine in accordance with Rules IIII.9(f) to (h), the port from which tenders will be made and shall notify the Insufficient Seller(s) of the port at which their tender(s) shall take place.

Sugar allocated to Buyers by the Clearing House.

The Clearing House via Guardian makes available to the Seller the identity of the Buyer and to the Buyer the identity of the Seller.

Any business day from and including the tender day to the last day of the delivery period

By 16:00 The Buyer or the Seller may inform the Clearing House via Guardian that the sugar is to be taken off market and settled in accordance with Rule III.7(l).

Tender Day + 1 business day

By 9.00 hours All payments required by Rule III.6(a) to be made by the Buyer and the Seller shall have been completed.

By 12.00 hours Buyers may, with the consent of the Clearing House, exchange with one another, via Guardian, the tenders that they have been assigned.

Delivery Day(s) – 14 calendar days

By 16.00 hours Buyer informs Seller and the Clearing House via Guardian of the name of the vessel for delivery.

Document Notice Day

By 12.00 hours Seller gives notice to the Clearing House via Guardian of presentation of documents.

Settlement Day

By 9.00 hours The Clearing House debits the Buyer's account in ECS.

By 10.00 hours Seller lodges the delivery documents specified in Rule III.7(a) with the Clearing House.

As soon as possible The Clearing House advises Buyer that documents are available to take up. The Buyer collects the delivery documents from the Clearing House.

By 14.00 hours In the event that the Buyer wishes to reject the delivery documents, he shall inform the Clearing House via Guardian and shall immediately provide a written explanation for the rejection of the documents as required by Rule III.7(d). The Buyer shall return all the original documents to the Clearing House at the Buyer's expense by 15.00 hours.

After 14.00 hours The Clearing House shall notify the Seller in the event that the Buyer has rejected the documents, and shall advise the Seller that the original documents shall be held at their disposal at the Clearing House for collection at the Seller's expense after 15.00 hours.

The Clearing House credits the Seller's account in ECS unless the documents have been rejected. If the documents have been rejected, the Clearing House credits back to the Buyer the sum debited earlier.

JJJJ.3 DELIVERY

(a) Subject to Rule JJJJ.3(c):

- (i) the Seller shall be responsible for all expenses pertaining to delivery and loading of sugar into the vessel, including freight taxes and other taxes of any nature of the country of origin or loading; and
 - (ii) the Buyer shall be responsible for all expenses pertaining to pilotage, wharfage, customs fees and similar charges pertaining to the entry and exit of the vessel at the loading port.
- (b) (i) Subject to Rule III.2(b), the Seller shall ensure that the port at which the sugar is to be delivered shall:
 - (A) be capable of providing a berth or anchorage at which the sugar shall be loaded that will enable a vessel drawing 9.2 metres salt water and with length overall (LOA) of 190 metres to proceed to and depart from such berth or anchorage always safely afloat. Notwithstanding the foregoing:
 - (1) if the draft and/or the LOA of the vessel nominated to load the sugar so permits, a shallower and/or shorter berth or anchorage may be provided; and
 - (2) if the berth or anchorage nominated by the Seller is able to accept a vessel with draft greater than 9.2 metres salt water and/or LOA greater than 190 metres, then the seller shall be obliged to accept a vessel nominated to load the sugar (whether by original nomination or by substitution, pursuant to Rule 7 of the RSA Rules) up to a maximum size that can be accommodated by the nominated berth or anchorage,

provided in either case that the vessel nominated is able to proceed to and depart from such berth or anchorage always safely afloat;

- (B) have storage close to and/or transport facilities to the loading berth, to allow for uninterrupted loading at the prescribed minimum loading rate;
 - (C) have sampling facilities to allow independent supervision companies to operate unimpeded in accordance with these Administrative Procedures; and
 - (D) have access for independent supervision companies to ensure compliance with these Administrative Procedures.
- (ii) The sugar, whatever its origin or destination, shall be loaded in accordance with the following provisions:
 - (A) vessels presented may be geared or gearless;
 - (B) at each loading port, even if loading commences earlier, laytime for loading to begin at 14.00 hours if written/cabled/telexed notice of readiness to load is tendered to agents before noon and at 08.00 hours next working day if written/cabled/telexed notice of readiness to load is tendered to agents after noon. Notice of readiness to load to be tendered to agents in ordinary office hours, Saturdays afternoon, Sundays (or local equivalents) and holidays excepted, whether in berth or not;
 - (C) laydays at the average rate of 1,500 metric tonnes calculated on gross weight provided vessel can receive at this rate, basis 4 or more hatches (if

less than 4, pro-rata), per weather working day of 24 consecutive hours, time from noon Saturdays to 08.00 hours Mondays (or local equivalents) and from 17.00 hours day preceding a holiday until 08.00 hours next working day excepted, even if used, shall be allowed to the Seller for loading. Vessels having less than 4 hatches but with any hatch exceeding 15 metres in length and able to work 2 gangs simultaneously shall have such hatch counted as 2 hatches. Time employed in shifting anchorages and/or loading places within the same port or its jurisdiction not to count as laytime. At loading port(s) in the event of congestion Master has the right to tender notice of readiness to load at the customary waiting place in ordinary office hours by cable/telex to agents whether in berth or not, whether in port or not, whether in free pratique or not, whether customs cleared or not. Time proceeding from customary waiting place to loading berth/anchorage not to count as laytime;

- (D) the demurrage rate shall be the rate specified in the charterparty pursuant to which the sugar is carried, and despatch shall be half of the demurrage rate. Such rates shall be declared by the Buyer to the Seller latest on tendering notice of readiness to load and to be in line with the prevailing market rate for like type and size of vessel as at the first day of the delivery month. The Buyer shall give the Seller a copy of the actual charterparty pursuant to which the sugar is carried or the details thereof pertaining to loading, prior to vessel(s) commencing to load;
 - (E) where the sugar is loaded pre-slung, the Buyer has the right to request that the slings are broken in the hold of the vessel to ensure a stowage factor equivalent to that available when loose bags are stowed is achieved, in order that the called for tonnage can be loaded in accordance with the Sugar Charter Party. The Seller is obliged to comply with any such request, with all time and cost (including any labour) associated therewith for Seller's account; and
 - (F) all other terms pertaining to loading to be in accordance with the Sugar Charter Party.
- (c) Rule 5 of the RSA Rules shall not apply to Contracts, except where express provision is made for its application in Rule IIII and these Administrative Procedures. In the event of a conflict between Rules JJJJ.3(d) to (h) inclusive and Rule 6 of the RSA Rules, Rules JJJJ.3(d) to (h) inclusive shall prevail.
- (d) (i) The Seller shall, at his own expense, appoint an internationally recognised independent or, with the written consent of the Buyer, a state supervision firm ("the Seller's Supervisor") to supervise and inspect the loading of the sugar to be delivered to the Buyer. Such appointment shall be made not less than 48 hours prior to the Seller commencing loading of the sugar. The Seller shall upon the appointment of the Seller's Supervisor notify the Buyer of such appointment.
- (ii) The Buyer may, at his own expense, appoint an internationally recognised independent or, with the written consent of the Seller, a state supervision firm ("the Buyer's Supervisor") to supervise and inspect the loading of the sugar to be delivered to the Buyer in conjunction with the Seller's Supervisor. The Buyer shall notify the Seller of the appointment of the Buyer's Supervisor prior to the Seller commencing to load the sugar.

- (iii) (A) If the Buyer has appointed a supervisor in accordance with Rule JJJJ.3(d)(ii), the Buyer's Supervisor and the Seller's Supervisor shall conjointly supervise and inspect the loading of the sugar in accordance with Rule JJJJ.3(e).
 - (B) If the Buyer has not appointed a supervisor, the Seller's Supervisor shall supervise and inspect the loading of the sugar in accordance with Rule JJJJ.3(f).
- (e) The Buyer's Supervisor (where one has been appointed) and the Seller's Supervisor (jointly referred to as "the Supervisors") shall comply with the following procedures:
 - (i) the Supervisors shall comply with Rules 5(i) to (iv) of the RSA Rules;
 - (ii) the Supervisors shall conjointly take a composite sample of the sugar to be delivered under a Contract part of which shall be divided into three equal parts with any remaining part of the sample being utilised or disposed of as may be agreed between the Supervisors. Each of the three equal parts shall be placed in a separate, new, clean and suitable container, with a seal which only breaks upon opening and which ensures that such container remains airtight until re-opened. Each container shall, in the presence of the Supervisors, be sealed and marked with the name of the vessel, loading port, date of sampling, shipping marks and names of each of the Supervisors. The Seller's Supervisor shall retain one such part of the sample and the Buyer's Supervisor shall retain the other two such parts. Each container shall remain sealed;
 - (iii) prior to the sugar being loaded on board the vessel, either Supervisor may object to the condition of the sugar and/or packing or weight of the bags, provided that he shall immediately notify the other Supervisor and each Supervisor shall notify his Buyer or Seller, as the case may be, of the objection. The Buyer shall promptly notify the Clearing House of such objection;
 - (iv) upon the vessel having been loaded with sugar to be delivered under a Contract, the Seller's Supervisor shall issue a certificate of weight, packing and quality (including, without limit, the polarisation, moisture and colour of the sugar) ("the Supervisors' Certificate") in respect of such sugar, provided that the weight, packing or quality of the sugar is either not disputed by the Buyer or if disputed by the Buyer, such dispute has been resolved prior to the issue of the Supervisors' Certificate. A copy of the Supervisors' Certificate shall be promptly provided by the Seller to the Buyer. If the Buyer does not notify the Seller and the Clearing House of a dispute under either Rule JJJJ.3(e)(iii) or (v) or, if a dispute is notified by the Buyer, such dispute has been resolved prior to the issue of the Supervisors' Certificate, the Supervisors' Certificate shall be conclusive evidence as to the weight, packing and quality of the sugar, in the absence of fraud or manifest error. If the Buyer disputes:
 - (A) the weight or packing of the sugar under Rule JJJJ.3(e)(iii) and such dispute remains unresolved, then the Supervisors' Certificate shall be prima facie evidence, and not conclusive evidence, as to the weight or packing of the sugar which is in dispute; or
 - (B) the quality of the sugar under Rule JJJJ.3(e)(iii) or (v) and such dispute remains unresolved, then the Supervisors' Certificate shall be disregarded as conclusive evidence as to the quality of such sugar and any Chemist's Certificate issued under Rule JJJJ.3(e)(x) shall apply, provided that if a

Chemist's Certificate is not issued under Rule JJJJ.3(e)(x), the Supervisors' Certificate shall be regarded as prima facie evidence of the quality of such sugar;

- (v) the Buyer may dispute the quality of the sugar to be delivered under a Contract no later than two working days after either such sugar has been loaded on board the vessel or receipt of the Supervisors' Certificate, whichever is the later, provided that he has notified the Seller, of the objection. The Buyer shall promptly notify the Clearing House of such dispute, providing details of the name of the vessel, loading port, date of sampling, shipping marks and the name of the Buyer, Seller and each Supervisor;
- (vi) if the Buyer has notified the Clearing House of a dispute in respect of the quality of the sugar in accordance with Rule JJJJ.3(e)(v), the Buyer shall instruct the Buyer's Supervisor to send promptly by air courier the part of the sample held by the Buyer's Supervisor, as defined in Rule JJJJ.3(e)(ii), directly to the Clearing House. The Buyer shall be responsible for ensuring that a sample is cleared by HM Revenue and Customs;
- (vii) subject to Rule JJJJ.3(e)(viii), the Clearing House shall deliver the sample which it receives at its premises from either Supervisor to an analytical chemist approved by the Clearing House and contained in a list published by the Clearing House from time to time by notice. The Clearing House shall provide the analytical chemist with details of the name of the vessel, loading port, date of sampling, shipping marks and the name of the Buyer, Seller and each Supervisor, as notified to the Clearing House under Rule JJJJ.3(e)(v). The analytical chemist shall analyse the sample in accordance with Rule JJJJ.3(e)(x);
- (viii) if the Clearing House receives a sample which has a broken seal then the Clearing House shall, in its absolute discretion, determine whether to deliver such sample to the analytical chemist for analysis. If the Clearing House, in its absolute discretion, rejects the sample, it will notify the Buyer and the Seller that the sample arrived with a broken seal;
- (ix) (immediately upon receiving a notification from the Clearing House under Rule JJJJ.3(e)(viii):
 - (A) if the sample is the first sample sent by the Buyer's Supervisor, the Seller shall instruct the Seller's Supervisor to send promptly by air courier the part of the sample held by it, as defined in Rule JJJJ.3(e)(ii), directly to the Clearing House on the same terms as Rule JJJJ.3(e)(vi) and the Clearing House shall deliver such further sample to the analytical chemist in accordance with Rule JJJJ.3(e)(vii) and (viii);
 - (B) if the sample is the second sample, sent by the Seller's Supervisor, the Buyer shall instruct the Buyer's Supervisor to send promptly by air courier the other part of the sample held by it directly to the Clearing House on the same terms as Rule JJJJ.3(e)(vi) and the Clearing House shall deliver such further sample to the analytical chemist in accordance with Rule JJJJ.3(e)(vii) and (viii); and
 - (C) if the sample is the third sample, sent by the Buyer's Supervisor, the Supervisors' Certificate shall be prima facie evidence as to the quality of the sugar;

- (x) the analytical chemist shall analyse the sample in accordance with internationally recognised methods for sugar analysis and any methods established from time to time by ICUMSA to establish whether such sample meets the quality requirements of the sugar under Rule III.2(a). The analytical chemist shall issue a certificate as to the quality of the sugar a copy of which shall be immediately provided to each of the Seller and the Buyer (“the Chemist’s Certificate”). The Chemist’s Certificate shall be conclusive evidence as to the quality of the sugar, in the absence of fraud or manifest error; and
- (xi) the Buyer shall pay all costs and expenses relating to or arising out of any sample sent by a Supervisor, and the analysis of a sample by an analytical chemist, in accordance with this Rule JJJ.3(e), (including, but not limited to, transportation, excise duty, import duty or other charges levied by customs at the port of export or import, analysis and certification costs in relation to such sample). If the Chemist’s Certificate is in favour of the Buyer, then the Seller shall indemnify the Buyer in relation to any such costs and expenses.
- (f) The Seller’s Supervisor shall comply with the following procedures:
- (i) the Supervisors shall comply with Rules 5(i) to (iv) of the RSA Rules; and
- (ii) the Seller’s Supervisor shall issue a certificate of weight, packing and quality (including, without limit, the polarisation, moisture and colour of the sugar) a copy of which shall be promptly provided to the Seller (“the Seller’s Certificate”). The Seller’s Certificate shall be prima facie evidence as to the weight, packing and quality of the sugar.
- (g) The Exchange or Clearing House shall not be liable in respect of any cost, loss, damage, claim or expense of any nature suffered or incurred by any person for: the performance or non-performance of any analytical chemist which the Clearing House approves; any determination, act or omission of the Exchange or Clearing House, their officers, employees, agents or representatives in respect of a delivery or failure to deliver any sample, or the details relating to a sample, to the analytical chemist; or from any other act or omission of the Exchange or Clearing House, their officers, employees, agents or representatives in respect of the Seller, Buyer or a Supervisor performing or failing to perform its obligations at any port listed by the Clearing House from time to time.
- (h) If either party has a claim, or wishes to bring a claim, as to the quality, weight or packing of the sugar arising out of any provision of Rules JJJ.3(c) to (f), it may refer such claim to arbitration in accordance with Rule III and these Administrative Procedures.

KKKK.1 INTERPRETATION

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and in the Administrative Procedures:
- “Administrative Procedures” means the administrative procedures at Rule LLLL implemented by the Exchange for the purposes of these Contract Rules.
- “Analyst” means a person nominated by the Exchange from time to time to carry out the analysis of samples in accordance with Rule LLLL.10.
- “Business Day” means a day on which the market, the Clearing House and banks in London are open for business.
- “Buyer” in respect of a Contract means the person who is obliged under such Contract to accept transfer in respect of each lot of the delivery amount of Wheat and to pay the Invoicing Amount in respect of each such lot (including, except where the context otherwise requires, the Clearing House as a Buyer under a registered Contract).
- “Clean E Warrant” means an E Warrant Tendered by a Seller for which the details on Guardian have been updated to reflect that the Rent has been paid up to and including the fourteenth calendar day after the Tender Day in accordance with the Grainstorekeeper Procedures.
- “Contract” means a contract made expressly or impliedly in the terms of these Contract Rules for the sale and purchase of one or more lots and “registered Contract” means a Contract registered by the Clearing House.
- “Default in Performance” has the meaning attributed to it in Rule KKKK.17(b).
- “Delivery Month” means each month specified as such by the Exchange pursuant to the Regulations.
- “ECS” means ICE Clear Europe Limited’s Extensible Clearing System.
- “Earliest Tender Day” means the day so specified in Rule LLLL.5.
- “EDSP” means Exchange Delivery Settlement Price and has the meaning attributed to it in Rule KKKK.6.
- “EU” means the European Union.
- “E Warrant” means the details recorded on Guardian relating to an undivided share of Wheat weighing 100 tonnes stored by a Grainstorekeeper together with the rights conferred by the Administrative Procedures upon the Owner referred to in such details.

“Grainstorekeeper”	means a grainstorekeeper which has been registered by the Exchange in its absolute discretion to store Wheat for delivery under a Contract and which appears on the list of Registered Grainstorekeepers published from time to time by notice posted on the Market.
“Grainstorekeeper Procedures”	means the Exchange’s Grainstorekeeper Procedures in respect of ICE Futures UK Feed Wheat Futures Contracts from time to time in force.
“Guardian”	means the electronic system relating to the tender, delivery and E Warrant management services, or any successor thereto, which amongst other things, records details of Wheat stored by a Grainstorekeeper for delivery against the ICE Futures UK Feed Wheat Futures Contract.
“Initial Tender”	has the meaning attributed to it in the definition of “Subsequent Tender”.
“Invoicing Amount”	has the meaning attributed to it in Rule KKKK.7.
“Last Trading Day”	in respect of any Delivery Month has the meaning attributed to it in Rule LLLL.4.
“Nominated Member”	means a Clearing Member who, on behalf of an Owner, has been nominated by a Grainstorekeeper or another Nominated Member in respect of the registration on Guardian of an E Warrant that is to be, or has been immobilised.
“Owner”	means the person recorded as such on Guardian in relation to the Wheat. A person whose name is recorded on Guardian as the “Owner” in relation to the Wheat is the person entitled, as against each Participant, to possession of the Wheat.
“Participant”	means a Nominated Member or a Grainstorekeeper.
“Pounds”, “£”, “pence” and “penny”	denote lawful currency of the UK.
“Relevant Assurance Requirements”	<p>means:</p> <p>(a) in respect of Wheat of UK origin, grain assurance sticker requirements in respect of source assured combinable crop schemes, as referred to in the Agricultural Industries Confederation (“AIC”) Trade Assurance Scheme for Combinable Crops (“TASCC”) Scheme Manual or the Grain and Feed Trade Association (“GAFTA”) Trade Assurance Scheme (“GTAS”) Code of Practice for Bulk Storage and Handling in force on the relevant Tender Day; and</p> <p>(b) in respect of Wheat of other than UK origin, to comply with the requirements of Supplier Approval as</p>

detailed under the Universal Feed Assurance Scheme (“UFAS”) Compound Feeds Code of Practice, as administered by the AIC, and to be from a scheme listed in the Food Feed Schemes document on the UFAS section of the AIC website, www.agindustries.org.uk, both as in force on the relevant Tender Day.

“Rent”	means a charge for storage (including insurance cover and VAT) payable by the Owner in accordance with these Contract Rules and the Grainstorekeeper Procedures.
“Seller”	in respect of a Contract means the person who is obliged under such Contract to deliver in respect of each lot of the delivery amount of Wheat (including, except where the context otherwise requires, the Clearing House as Seller under a registered Contract).
“Seller’s Delivery Notification”	means the notice submitted at time of Tender in respect of each E Warrant by the Seller to the Exchange.
“Settlement Day”	has the meaning attributed to it in Rule LLLL.8(b).
“Store”	means any storage accommodation registered by the Exchange for the storage and delivery of Wheat.
“Subsequent Tender”	means a Tender in respect of an E Warrant that has previously been subject to a Tender in the same Delivery Month (the first such Tender in such Delivery Month being the “Initial Tender”).
“Tender”	means the delivery by a Seller of a Seller’s Delivery Notification pursuant to a Contract.
“Tender Day”	in respect of any lot comprised in a Contract means the Business Day on which a Seller’s Notice of Tender in respect of such lot is given by the Seller and accepted by the Clearing House.
“UCP”	means Universal Clearing Platform which is the electronic system for trade registration and clearing in respect of financial futures, equity and index options and commodity futures and options.
“Unpaid Rent”	in respect of a Subsequent Tender by a Seller of an E Warrant, means the amount of Rent, being the product of the maximum rate of Rent per tonne (as determined by the Exchange from time to time) and the number of days for which Rent is unpaid by the Seller, payable to the relevant Grainstorekeeper in respect of Wheat the subject of such E Warrant.
“Wheat”	means wheat of the quality and condition specified in Rule KKKK.5.

(a) [Not used]

(c) [Not used]

(d) [Not used]

(e) [Not used]

KKKK.2 CONTRACT SPECIFICATION

- (a) Each Contract shall be for one or more lots each of 100 tonnes of Wheat for the Delivery Month specified.

KKKK.3 PRICE

- (a) The Contract price shall be in pounds and pence per tonne with minimum fluctuations of 5 pence per tonne.
- (b) The Contract shall be in respect of Wheat which has borne such co-responsibility levy as may be payable on Wheat at the date of issue of the E Warrant under regulations of the EU. No price deduction shall be made by the Clearing House or by the Buyer for co-responsibility levy which shall always be the liability of the Seller.

KKKK.4 RENT, STORAGE AND OTHER COSTS AND CHARGES, CONTRACT PRICE AND E WARRANTS

- (a) The Contract price shall be inclusive of the amount of Rent payable by the Seller pursuant to Rule KKKK.4(b) (whether in respect of Wheat subject to an Initial Tender or any Subsequent Tender). Delivery of Wheat the subject of an E Warrant shall be free to Buyer's lorry in bulk from a Store. Any taxes, duties, and levies (other than the VAT on Rent payable by the Seller) which may be or may become payable shall be paid by the Buyer.
- (b) Without prejudice to any other obligation of the Seller to pay Rent to the relevant Grainstorekeeper, a Seller (other than the Clearing House in its capacity as Seller) is liable to pay Rent to such Grainstorekeeper for the period of fourteen calendar days after the Tender Day. Subject to Rule KKKK.4(c), a Seller shall Tender a Clean E Warrant to the Clearing House pursuant to these Contract Rules, the Administrative Procedures and the Grainstorekeeper Procedures.
- (c) A Seller shall not be obliged to Tender a Clean E Warrant in respect of a Subsequent Tender. In such circumstances, the Clearing House deduct the amount of Unpaid Rent from the Invoicing Amount payable by it to the Seller so that Rent is paid for the period of fourteen calendar days after the respective Tender Day and shall account for such amount to the relevant Grainstorekeeper in accordance with the Grainstorekeeper Procedures. The date up to which the Rent has been paid shall be recorded on Guardian.

KKKK.5 QUALITY AND CONDITION

- (a) The Wheat which is the subject of an E Warrant shall be of EU origin and of the following standard:
- (i) Wheat to be sound and sweet and in good condition and to contain not more than 3% heat damage;
 - (ii) natural weight to be not less than 72.50 kg per hectolitre;
 - (iii) moisture content not to exceed 15%;

- (iv) admixture;
 - (v) seeds and/or total admixture of farinaceous grain (including wild oats) and dirt not to exceed 2% of which the dirt content not to exceed 1%;
 - (vi) ergot or garlic not to exceed 0.001%;
 - (vii) sprouted wheat not to exceed 6%; and
 - (viii) mycotoxins not to exceed the maximum levels specified under any EU legislation in force, from time to time, with respect to unprocessed cereals intended for use in feed.
- (b) All the tests in Rules KKKK.5(a)(i) to (viii) inclusive shall be applied on a weight basis.
 - (c) The Wheat which is the subject of an E Warrant shall meet the Relevant Assurance Requirements.

KKKK.6 EXCHANGE DELIVERY SETTLEMENT PRICE

- (a) Subject to Rule KKKK.6(b), the EDSP for Contracts for a particular Delivery Month shall be calculated by Exchange officials on each Business Day during the delivery period. This shall be the average of the final bid and offer made on the market on the previous Business Day and displayed on the price reporting system. The average shall be rounded up if necessary. If either a bid or an offer or both are not made (and the Market is trading normally) the Exchange officials may, in such fashion as they deem fit, solicit the best bids and offers available in order to establish a bid and an offer for each Delivery Month.
- (b) If in the opinion of Exchange officials, the EDSP which would result from a calculation made in accordance Rule KKKK.6(a) would be unrepresentative, impracticable or incompatible with due observance of the Exchange's responsibilities then Exchange officials may in their absolute discretion fix the EDSP at a price determined by them with reference to such available data as they deem appropriate.
- (c) The Exchange shall publish the EDSP by the time specified for that purpose in the Administrative Procedures. The EDSP shall be final and binding for all purposes.

KKKK.7 INVOICING AMOUNT

- (a) The "Invoicing Amount" in respect of each lot referred to in a Seller's Delivery Notification shall be the sum calculated in accordance with the formula:

$$\text{Contract Weight} \times (\text{EDSP} - \text{Unpaid Rent})$$

where:

$$\text{EDSP} = \text{The EDSP for the relevant Tender Day}$$

- (b) (i) Where the sum calculated in accordance with Rule KKKK.7(a) is not a number of pounds and whole pence, such sum shall be rounded to the nearest sum which is a number of pounds and whole pence, and the Invoicing Amount shall be such nearest sum.
- (ii) Where the sum calculated in accordance with Rule KKKK.7(a) is a number of pounds and whole pence and one half of one penny, such sum shall be rounded up

to the nearest sum which is a number of pounds and whole pence, and the Invoicing Amount shall be such nearest sum.

KKKK.8 SETTLEMENT PAYMENTS

- (a) In respect of each lot referred to in a Seller's Delivery Notification, in addition to any other payment required by these Contract Rules, the following payments shall be made by the time specified for that purpose in the Administrative Procedures:
 - (i) where the EDSP for the relevant Tender Day exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require); and
 - (ii) where the Contract price exceeds the EDSP for the relevant Tender Day, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require);

of an amount calculated as the difference, in pounds and pence multiplied by 100 in respect of each lot, between the EDSP for the relevant Tender Day and the Contract price.

KKKK.9 SELLER, BUYER AND GRAINSTOREKEEPER

- (a) As between the Seller and the Clearing House and the Clearing House and the Buyer respectively, and subject to Rule KKKK.4(c), the Tender of one or more Clean E Warrants in respect of the Contract quantity shall be good performance of their respective obligations as Seller under a Contract. Any question as to the quantity, quality, condition or other incident of the Wheat the subject of an E Warrant shall be an issue between the Owner and the Grainstorekeeper alone.
- (b) The E Warrant identifies the Wheat which is tendered under the relevant Contract.

KKKK.10 [NOT USED]

KKKK.11 [NOT USED]

KKKK.12 EXCLUSION OF LIABILITY

- (a) Without prejudice to any exclusion of liability provision in the Regulations or the Clearing House Rules, neither the Exchange nor the Clearing House shall have any liability whatsoever for the performance by a Grainstorekeeper of his responsibilities under these Contract Rules and Administrative Procedures or of any responsibilities he may assume towards members or other parties pursuant to an E Warrant or Contract nor for the condition of a Store or its suitability for the storage of Wheat. Parties placing Wheat into a Store or taking delivery of Wheat in or from the same shall accordingly have no claim against the Exchange or the Clearing House, for any loss or damage thereby incurred however such loss or damage may be caused.

KKKK.13 WAR OR GOVERNMENT INTERVENTION

- (a) If the Exchange after consultation with the Clearing House, determines in its discretion that one of the following conditions is satisfied, that is to say:
 - (i) a state of war exists, or is imminent or threatened, and is likely to affect the normal course of business;

- (ii) a government of any state or territory or any institution or agency thereof has proclaimed or given notice of its intention to exercise, vary or revoke controls in a manner likely to affect the normal course of business; or
- (iii) an international organisation or any institution or agency thereof has introduced, varied, terminated or allowed to lapse any provision, or has given notice of its intention or appears to be about to do so, so as to be likely to affect the normal course of business,

then open Contracts for such Delivery Months as the Exchange shall specify (which may if the Exchange so determines include Contracts under which notice of Tender has been given) shall, upon the Exchange's formal announcement that such condition is satisfied, be invoiced back at the official daily settlement price fixed in respect of each such Delivery Month for the date of the announcement or for such one of the six Business Days (not counting any day on which there was no official settlement price) immediately preceding the date of the announcement as the Exchange shall in its absolute discretion specify in the announcement.

- (b) Accounts shall be made up by the Clearing House on this basis for each contracting party. Settlement of such accounts shall be due immediately and shall be treated as complete and final notwithstanding any further change of circumstances.
- (c) In the case of a Delivery Month for which there is no official settlement price, open Contracts shall under this term be invoiced back at the market value determined by the Exchange in its absolute discretion.
- (d) The Exchange's formal announcement under this term shall be made by notice posted on the Market.
- (e) The decision of the Exchange as to the price at which Contracts are to be invoiced back shall be binding on both parties.

KKKK.14 FORCE MAJEURE

- (a) For the purposes of this Rule KKKK.14 a "Force Majeure event" shall mean an event outside the control of either party to a Contract which hinders or prevents the performance in whole or in part by a party of his obligations under the Contract (other than an obligation to make a payment), including but not limited to fire, riot or civil commotion, storm, flood, earthquake, explosion, accident howsoever caused, strike, lockout, work to rule or other industrial action, act of God, war, armed conflict, use of force by authority of United Nations, act of terrorism, act of government or other national or local authority or any agency thereof, breakdown of machinery, and unavailability, restriction, failure or delay in transportation or computer or data processing systems or communication or energy supplies or bank transfer systems.
- (b) Neither party to a Contract shall be deemed in Default in Performance of his obligations nor shall any penalty or damages be payable if and to the extent that performance of any obligation is hindered or prevented by a Force Majeure event.
- (c) If a Force Majeure event hinders or prevents a party from performing any obligation for a period of five days beyond the time limit fixed in or under the Contract, the commodity if not already delivered to the Buyer shall be invoiced back at a price to be determined by the Exchange at its absolute discretion. Such price shall be binding on the parties.

KKKK.15 TRADE EMERGENCY

- (a) If in the opinion of the Exchange or the Clearing House an excessive position or unwarranted speculation or any other undesirable situation or practice affecting or capable of affecting the market is developing or has developed the Exchange may take any steps whatsoever to correct the situation or practice and may give directions to members accordingly. Such steps may (without prejudice to the generality of this term) include any of the following:
 - (i) the suspension or curtailment of trading in one or more Delivery Months for such time as may be specified, or the limitation of trading to the liquidation of open Contracts, subject to any condition or exception that may be specified;
 - (ii) extension of the places at or from which delivery may be made or modification of the specification of the commodity to be delivered, or both, subject to payment of such compensation by such person or persons as may be specified;
 - (iii) the deferment of performance of some or all Contracts for one or more Delivery Months for such time as may be specified, subject to payment of such compensation by such person or persons as may be specified.
- (b) If any Director whose firm or company has any direct interest in the determination of compensation under Rule KKKK.15(a)(ii) or (iii) above, he/she shall be excluded from the deliberations of the Exchange in such determination.
- (c) The contravention by a member of any direction under this Rule KKKK.15 may be treated for all purposes as an infringement of the Regulations.

KKKK.16 [NOT USED]

KKKK.17 DEFAULT IN PERFORMANCE

- (a) The provisions of this Rule KKKK.17 shall be subject to the default rules from time to time in force of the Clearing House.
- (b) For the purposes of this Rule KKKK.17, a reference to a “Default in Performance” shall, subject to Rule KKKK.17(d), be construed as including an actual failure by a Seller or a Buyer under Rule KKKK.17(b) in performing its obligations under a Contract or an anticipated failure. An anticipated failure is one which the Clearing House, in its reasonable opinion, thinks will occur and in respect of which the Clearing House considers that it should take action under the provisions of this Rule KKKK.17.
- (c) A Buyer or a Seller shall be in Default in Performance where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed in accordance with these Contract Rules and Administrative Procedures, the Regulations and the Clearing House Rules;
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified for that purpose in the Administrative Procedures; or
 - (iii) in the reasonable opinion of the Clearing House, he is in Default in Performance.

- (d) Errors in a notice, which are determined in the Exchange's absolute discretion to be clerical errors which can be readily rectified and are rectified, shall not be treated as constituting a Default in Performance.
- (e) Subject to Rule KKKK.17(f)(ii), (j) and to Rule LLLL.8, if it appears to the Clearing House that a Seller or a Buyer is in Default in Performance under a registered Contract, the Clearing House shall notify the Exchange of the Default in Performance and may, in its absolute discretion:
 - (i) take such steps as it deems appropriate to facilitate a mutually acceptable resolution of the Default in Performance. A resolution of a Default in Performance may be on such terms and take such form as is acceptable to the Clearing House, to the Seller and to the Buyer. Such terms may limit some or all of the rights of the Seller, the Buyer or the Clearing House to refer any matter concerning or arising out of a Default in Performance (or the resolution thereof) to arbitration;
 - (ii) without prejudice to any of its other rights under this Rule KKKK.17, refer to the Exchange any dispute or issue arising between any of the parties. If upon such reference, the Exchange is of the opinion that the Default in Performance is of minor significance it shall determine any such dispute or issue between such parties upon such evidence as it may deem relevant and convey its findings to such parties who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of any party to refer the dispute or any related dispute to arbitration; or
 - (iii) take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of the Seller or Buyer not in Default in Performance including, without prejudice to the generality of the foregoing, any steps in order to perform its obligations to a party under a registered Contract.
- (f) If, within five business days of the Default in Performance having come to the attention of the Clearing House:
 - (i) the steps taken by the Clearing House have not led or are not likely to lead to a resolution of the Default in Performance; or
 - (ii) the Clearing House has not taken any steps and the Default in Performance remains unresolved,

the Clearing House will refer the matter to the Exchange. If upon reference of the dispute or issue to the Exchange, the Exchange is of the opinion that the Default in Performance may not be determined by the Exchange in accordance with Rule KKKK.17(e)(ii) then each lot of Wheat the subject of the dispute or issue shall be the subject of cash settlement at a price fixed by the Exchange in consultation with the Clearing House. The price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider, on the evidence before it, should be paid by either party to the other.
- (g) Any cash settlement price fixed under Rule KKKK.17(f) shall be binding on the parties.
- (h) Any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with any steps taken by the Clearing House in relation to a Contract to which the Default in Performance relates shall be paid by the Buyer or Seller who is in Default in Performance. Any steps taken by the Clearing House in relation to a Default in Performance shall be without prejudice to any rights (including

rights to refer matters to arbitration), obligations or claims of the Buyer, the Seller or the Clearing House in relation to a Contract to which the Default in Performance relates.

- (i) A Buyer or Seller who is in Default in Performance under this Rule KKKK.17, shall forthwith pay to the Clearing House any sums payable by him under Rule KKKK.8 and any sums payable pursuant to this Rule KKKK.17.
- (j) Notwithstanding that a Buyer or Seller may be in Default in Performance under this Rule KKKK.17, the Clearing House may in its absolute discretion determine not to exercise or to delay in exercising any of its rights under this Rule KKKK.17, and no failure by the Clearing House to exercise nor any delay on its part in exercising any of such rights shall operate as a waiver of the Clearing House's rights upon that or any subsequent occasion, nor shall any single or partial exercise of any such rights prevent any further exercise thereof or of any other right.
- (k) A Buyer, a Seller or the Clearing House may refer a dispute or issue arising out of a Default in Performance under this Rule KKKK.17 (subject always to the application of provisions of Rules KKKK.17(e), (f) and (g)) to arbitration.
- (l) The provisions of this Rule KKKK.17 relating to steps that may be taken by the Clearing House, where there appears to the Clearing House to be a Default in Performance by a party to a registered Contract, may be varied, or different steps may be substituted therefore by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to such existing and/or new Contracts and registered Contracts as the Exchange may determine.

KKKK.18 [NOT USED]

KKKK.19 [NOT USED]

KKKK.20 [NOT USED]

KKKK.21 POWERS OF THE EXCHANGE

- (a) The provisions of Rules KKKK.13, 15, and 17 shall be without prejudice to any other powers of the Exchange.

KKKK.22 [NOT USED]

LLLL.9	E Warrants
LLLL.10	Sampling

LLLL.1 INTERPRETATION

All defined terms in Rule KKKK shall apply to this Rule LLLL.

LLLL.2 TIMETABLE

Delivery Procedures

Sellers may Tender from 10.30 hours on the first Tender Day to 14.00 hours on the Last Trading Day. The normal first Tender Day is:

- (a) for January - the second Business Day after Christmas Day; and
- (b) for other Delivery Months - the seventh calendar day prior to the first Business Day of the Delivery Month. If this is not a Business Day the next following Business Day is the first Tender Day.

Tender Day (*except for Last Trading Day*)

By 10.30 hours	Sellers who wish to Tender shall input delivery notification to UCP and shall deliver to the Clearing House via Guardian a Seller's Delivery Notification for each Clean E Warrant in accordance with Rule KKKK.4, subject to Rule KKKK.4(c).
After 10.30 hours	E Warrants allocated to Buyers by the Clearing House via Guardian in accordance with these Administrative Procedures. The Clearing House supplies Sellers and Buyers with the daily tender information.
Before 11.00 hours	The EDSP shall be published by the Exchange.

Last Trading Day

At 12.30 hours	Trading in the Contract Delivery Month shall cease.
Before 13.00 hours	The EDSP shall be published by the Exchange.
By 14.00 hours	Sellers with open positions shall deliver to the Clearing House via Guardian a Seller's Delivery Notification for each Clean E Warrant in accordance with Rule KKKK.4, subject to Rule KKKK.4(c).
After 14.00 hours	E Warrants allocated to Buyers by the Clearing House in accordance with these Administrative Procedures. The Clearing House supplies Sellers and Buyers with the daily tender information.

Settlement Day -1

By 16:00	Account Sale and Invoice reports available to Sellers and Buyers via Guardian.
----------	--

Settlement Day

At 09:00 hours The Clearing House debits the Buyer's account in ECS.

As soon as possible
after 9.30 hours The Clearing House credits the Seller's account in ECS.

The Clearing House transfers the E Warrants on Guardian from the Seller's inventory to the Buyer's inventory.

LLLL.3 DELIVERY MONTHS

Trading shall be for delivery in the months of November, January, March, May and July or such other months as may be determined by the Exchange.

LLLL.4 CESSATION OF TRADING

- (a) Trading in respect of each Delivery Month except July shall cease at 12.30 hours on the 23rd day of the month, but if that day is not a Business Day at 12.30 hours on the Business Day immediately prior to the 23rd day of the month.
- (b) Trading in respect of the July Delivery Month shall cease at 12.30 hours on the 7th day of July but if that day is not a Business Day at 12.30 hours on the Business Day immediately prior to the 7th day of July.

LLLL.5 TENDERS

- (a) A Tender may be made only in respect of Wheat held in a Store represented by an E Warrant on Guardian. Wheat tendered is to be segregated pursuant to procedure 3.6 of the Grainstorekeeper Procedures from the time when the E Warrant is recorded and issued by the Grainstorekeeper on Guardian. Wheat so segregated shall remain segregated until delivered out of Store against the E Warrant. A Tender shall be in such form and accompanied by such documents as the Clearing House may require.
- (b) The Earliest Tender Day shall be the seventh day prior to the first Business Day of the month of delivery and if that day is a non-business day then the next following Business Day shall be the Earliest Tender Day, except in respect of January delivery. The Earliest Tender Day for January delivery shall be the second Business Day after Christmas Day.
- (c) Subject to Rule LLLL.5(d), by 10.30 hours on a Tender Day a Seller wishing to Tender must submit a Seller's Delivery Notification in respect of each Clean E Warrant for which the Tender is being made. Where a Subsequent Tender is being made the Seller is not obliged to Tender a Clean E Warrant (Rule KKKK.4(c)).
- (d) A Tender shall be made and received based upon the open position as at close of business the previous Business Day on any Business Day from the Earliest Tender Day up to and including the last Business Day prior to the Last Trading Day. On the Last Trading Day every Seller who has an open sale Contract, even if the Contract is not yet registered, shall be bound to Tender by 14.00 hours and the Tender shall be made and received based upon the open position as at cessation of trading.

LLLL.6 ALLOCATION OF TENDERS

Every Buyer who has a Contract open for the relevant Delivery Month shall be bound to accept any valid Tender complying with Rule KKKK and these Administrative Procedures of which notice is forwarded to him by the Clearing House.

LLLL.7 NO WITHDRAWAL OR SUBSTITUTION

An Initial Tender or a Subsequent Tender shall not be withdrawn nor substitution allowed except with the consent of the Buyer or, in case of dispute, unless so ordered by the Exchange.

LLLL.8 PAYMENT

- (a) Payment of the Invoicing Amount in respect of an E Warrant shall be effected on a net basis through the ECS on the Settlement Day or, where such notice is given under Rule LLLL.8(d), on the Business Day following that on which notice is given.
- (b) The Settlement Day shall be the seventh day after the Tender Day or the last day of the Delivery Month, whichever is the earlier. But where such day is not a Business Day the Business Day immediately prior thereto shall be the Settlement Day.
- (c) If payment is not made by a Buyer in respect of an E Warrant in accordance with this Rule LLLL.8 the Clearing House may sell the Wheat which is the subject of such E Warrant. Any surplus or deficit resulting from such a sale, with an account for interest and the costs of sale, shall be settled with the Clearing House forthwith.
- (d) E Warrants may be paid for and ownership transferred prior to the Settlement Day with the agreement of the Clearing House provided the Buyer gives notice of his intention to do so by 16.00 hours on the Business Day immediately prior to the Business Day on which the Buyer intends to pay for such E Warrants.
- (e) A Buyer shall be deemed to have accepted a Tender for all purposes by 17.00 hours on the seventh Business Day after payment for the E Warrants unless he has within such period notified the Clearing House, which will in turn immediately notify the Seller, of his intention to refer a dispute to arbitration and referred such dispute to arbitration not later than the next Business Day.
- (f) If in any case the invoice is not ready by the time payment is to be made, payment shall be made and received on account.
- (g) A Buyer who has paid for E Warrants under a Contract shall, by the second Business Day after the Settlement Day, in respect of each such E Warrant update Guardian with the details of the new Owner.

LLLL.9 E WARRANTS

- (a) No E Warrant shall be issued by a Grainstorekeeper except in respect of Wheat which is in Store, which is segregated from wheat not covered by an E Warrant, pursuant to procedure 3.6 of the Grainstorekeeper Procedures, from the time when the E Warrant is created by the Grainstorekeeper on Guardian, and which will remain so segregated until the Wheat is delivered out in full against the E Warrant.
- (b) E Warrants shall cease to be valid hereunder from the 31st of July next following an Owner's acceptance of the E Warrant.

LLLL.10 SAMPLING

- (a) Samples shall be taken at the request of the Owner at the time of delivery out of a Store. Each delivery or consignment of Wheat which is the subject of an E Warrant may be sampled separately in accordance with this procedure.

- (b) Deliveries shall be sampled from not less than ten positions in fair proportion. Samples shall be bulked and a representative sample of not less than 5 kg for each delivery shall be drawn therefrom and jointly sealed by the representatives of the Grainstorekeeper and the Owner for purposes of ascertaining the natural weight on the 1 litre scale, testing for admixture, sprouted wheat and for arbitration on quality. If the claim is in respect of moisture content, an extra half kg sample shall be taken in a glass jar or polythene holder with cotton bag as outer container properly sealed.
- (c) Samples so drawn shall be forwarded immediately to the Analyst identifying the sample as Wheat under an E Warrant and shall be the only ones used for testing and arbitration. Payment to the Analyst will be the responsibility of the Buyer.
- (d) The Clearing House is to receive a copy of the Certificate of Analysis direct from the Analyst for its records.

¹ Amended 17 March 2015

MMMM.1 INTERPRETATION²

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in the Contract Rules and Administrative Procedures.
- (b) In these Contract Rules and in the Administrative Procedures:
 - “Administrative Procedures” means all administrative procedures implemented by the Exchange for the purposes of these Contract Rules.
 - “associated delivery month” means in respect of a Contract for an expiry month a delivery month which is the same month as the expiry month.
 - “business day” means a day on which the Market, the Clearing House and banks in London are open for business.
 - “Buyer” in respect of a Contract under these Contract Rules, means the person who is entitled under such Contract to exercise the option or options the subject of such Contract (including, except where the context otherwise requires, the Clearing House as buyer under a registered Contract).
 - “call option” means a right, upon the exercise of which the Buyer of the call option becomes the buyer and the Seller of the call option becomes the seller under a contract in the terms of the Underlying Futures Contract for one lot and for the associated delivery month specified in the Contract for the call option.
 - “Cocoa Option” means either a Contract for an option in respect of which the Underlying Futures Contract is the ICE Futures London Cocoa Futures Contract or a Contract for an option in respect of which the Underlying Futures Contract is the ICE Futures Euro Cocoa Futures Contract. .
 - “Contract” means a contract made expressly or impliedly in these Contract Rules for the sale and purchase of one or more put options or one or more call options, and “registered Contract” means a Contract registered by the Clearing House.
 - “delivery month” in respect of an Underlying Futures Contract, means each month specified as such by the Exchange pursuant to the Regulations.
 - “Exercise Notice” means a notice from a Buyer to the Clearing House, in a form from time to time prescribed by the Clearing House, notifying the Clearing House that the Buyer thereby exercises one or more options against the Clearing House.

² Amended 17 March 2015

“exercise price”	means the price specified in an option contract which will be the contract price in the futures contract resulting from the exercise of the option.
“expiry date”	in respect of an option in respect of the relevant Underlying Futures Contract means the date when the option will, unless exercised, expire.
“expiry month”	means a month specified as such by the Exchange for which a Contract for an option in respect of the relevant Underlying Futures Contract can be made.
“expiry time”	in respect of an expiry month, means the time specified as such by the Exchange for a Contract for an option in respect of the relevant Underlying Futures Contract.
“in-the-money option”	means a put option or a call option where the exercise price is greater (in the case of a put option) or is less (in the case of a call option) than the price of contracts in the terms of the Underlying Futures Contract for the relevant delivery month.
“Last Trading Day”	in respect of an expiry month means the day specified as such by the Exchange for a Contract for an option in respect of the relevant Underlying Futures Contract.
“last trading time”	means the time, specified as such by the Exchange for a Contract for an option in respect of the relevant Underlying Futures Contract, at which trading for Contracts for an expiry month ceases on the Last Trading Day for such expiry month.
“option”	means a put option or a call option.
“put option”	means a right, upon the exercise of which the Buyer of the put option becomes the seller and the Seller of the put option becomes the buyer under a contract in the terms of the Underlying Futures Contract for one lot and for the associated delivery month specified in the Contract for the put option.
“Robusta Coffee Option”	means a Contract for an option in respect of which the Underlying Futures Contract is the ICE Futures Robusta Coffee Futures Contract.
“Seller”	in respect of a Contract under these Contract Rules means the person who sells the option or options the subject of such Contract (including, except where the context otherwise requires, the Clearing House as seller under the registered Contract).
“Underlying Futures Contract”	means a Commodity Futures Contract specified as such by the Exchange.

“Wheat Option” means a Contract for an option in respect of which the Underlying Futures Contract is the ICE Futures UK Feed Wheat Futures Contract.

“White Sugar Option” means a Contract for an option in respect of which the Underlying Futures Contract is the ICE Futures White Sugar Futures Contract.

(c) [Not used]

(d) [Not used]

MMMM.2 GENERAL

- (a) These Contract Rules shall apply to all Contracts in respect of options for the relevant Underlying Futures Contract.
- (b) Each Contract shall be for one or more put options or one or more call options on a contract in the Contract Terms of the relevant Underlying Futures Contract specified by the Exchange and for the expiry month and at the exercise price specified.

MMMM.3 MINIMUM PRICE FLUCTUATION

- (a) The exercise prices will be determined from time to time by the Exchange.
- (b) Minimum premium fluctuations will be determined by the Exchange from time to time but will not exceed minimum price fluctuations in respect of the relevant Underlying Futures Contract.

MMMM.4 EXERCISE

- (a) A Buyer may exercise an option in respect of a Contract for an expiry month up to 17.00 hours on any business day except the Last Trading Day for that expiry month, with the exception of White Sugar Options which may be exercised up to 17.25 hours on any business day except the Last Trading Day for that expiry month. On the Last Trading Day an Exercise Notice shall be given no later than forty-five minutes after the last trading time for a Contract. A Buyer shall give an Exercise Notice to the Clearing House in respect of a Contract in a manner from time to time prescribed by the Clearing House.
- (b) All trading in Contracts in respect of an expiry month for an option in the Underlying Futures Contract shall cease:
 - (i) [Not used]
 - (ii) in respect of a Robusta Coffee Option, at 12.30 on the third Wednesday in the calendar month immediately preceding the expiry month;
 - (iii) in respect of a Cocoa Option, at 12.00 on the Last Trading Day in the calendar month immediately preceding the expiry month;
 - (iv) [Not used]

CONTRACT RULES: ICE FUTURES SOFT COMMODITY OPTIONS CONTRACT

- (v) in respect of a White Sugar Option, at the close of trading in the White Sugar Futures Contract on the first day in the calendar month immediately preceding the expiry month; and
- (vi) in respect of a Wheat Option, at the close of trading in the relevant Underlying Futures Contract on the second Thursday of the calendar month immediately preceding the expiry month.
- (c) (i) If the day mentioned in Rule MMMM.4(b) above is not a business day, trading in the relevant Contract shall cease (subject to Rule MMMM.4(c)(ii)) on the business day immediately before that day; and
 - (ii) If the day mentioned in Rule MMMM.4(b) above is not a business day in consequence of a proclamation or announcement made after the close of business on the preceding business day, then trading in the relevant Contract shall cease on the business day next following always at the times specified in Rule MMMM.4(b).
- (d) Instructions not to exercise an option under a Contract may be given to the Clearing House no later than forty five minutes after the last trading time on the Last Trading Day.
- (e) After the last trading time on the expiry date and unless instructions not to exercise have been given under Rule MMMM.4(d) above, all options under a Contract that expire at the close of trading of the relevant Underlying Futures Contract which are in-the-money will be exercised automatically. In-the-money options will be determined by reference to that day's official futures settlement prices. For Contracts that expire before the close of trading of the relevant Underlying Futures Contract, in-the-money options will be determined by reference to futures reference prices supplied on the day by the Exchange (these will be calculated by the same means as the relevant official futures settlement prices). Exceptions to these provisions may be made by the Clearing House's clearing procedures, but these exceptions will not apply to Contracts which have full automatic exercise at expiry.

MMMM.5 ALLOCATION

- (a) Each Contract referred to in an Exercise Notice or exercised under Rule MMMM.4(e) shall be allocated by the Clearing House to a Seller of a Contract at the same exercise price and for the same expiry month as the option exercised.
- (b) Notification of exercise and assignment will be given by the Clearing House during the afternoon of the day of exercise, or as soon as is practically possible thereafter, together with a statement of the amount of the settlement premium due from the Buyer to Seller.
- (c) On the morning of the business day after exercise, margin will be called by the Clearing House from both parties in respect of the futures contract arising therefrom.

MMMM.6 EXPIRY MONTHS

- (a) The Exchange may at its discretion at any time determine the number of expiry months permitted to be traded under these Contract Rules in respect of an option for the Underlying Futures Contract, provided that such number does not exceed the number of delivery months for the time being quoted in respect of the Underlying Futures Contract. Subject thereto, a

new expiry month will be available for trading on the business day immediately following the Last Trading Day in respect of an expiry month in respect of the Underlying Futures Contract.

MMMM.7 OFFICIAL SETTLEMENT PREMIUM

- (a) Official settlement premiums will be established by reference to quotations at a supervised run through at each day's close of business in accordance with procedures established by the Exchange from time to time.

MMMM.8 ABANDONMENT

- (a) A Contract may not be abandoned by the Buyer otherwise than on the expiry date.

MMMM.9 [NOT USED]

MMMM.10 DEFAULT IN PERFORMANCE

- (a) A Buyer or a Seller shall be in default in performance where:
 - (i) he fails to fulfil in accordance with these Contract Rules, the Regulations and the Clearing House Rules his obligations under a Contract by the time and in the manner prescribed; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified pursuant to these Contract Rules, the Regulations and the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Clearing House he is otherwise in default in performance.
- (b) Subject to the default rules of the Clearing House, in the event of a default in performance by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each option to which that Buyer or Seller, as applicable, is party, shall be invoiced back at that price. Such price may at the Exchange's absolute discretion take account of any compensation the Exchange may consider should be paid by or to the Buyer or Seller as applicable.

MMMM.11 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations:
 - (i) a Seller or a Buyer shall be liable to perform his payment obligations in respect of a lot comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from doing so by any event beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems; and

- (ii) in the event of a Buyer being prevented from exercising an option under a Contract in respect of an expiry month by the expiry time therefor, by any event beyond his reasonable control including, without limitation, any of the events specified in Rule MMMM.11(a)(i):
 - (A) the Buyer may give written notice to the Exchange specifying the Contract or, if more than one, the Contracts in respect of which the Buyer was prevented from exercising an option, the steps taken by the Buyer to exercise an option and the events which prevented him from so doing. Any such notice shall be given to the Exchange as soon as is practicable after the expiry time for an option specified in the notice; and
 - (B) if the Exchange is satisfied that the Buyer took all possible steps in the circumstances prevailing to exercise an option, the Exchange shall request the Clearing House to notify it of details of one or more Contracts between a Seller and the Clearing House which are on the same terms (except as to the parties or the option price) as, and have been matched by the Clearing House with, the Contract or Contracts specified in the Buyer's notice and shall fix a price for invoicing back. Each Contract the subject of the Buyer's notice and each Contract between the Clearing House and a Seller notified to the Exchange hereunder shall be invoiced back at such price. Such price may at the Exchange's absolute discretion take into account the Exchange's assessment of the intrinsic value of the options at the expiry thereof.

TABLE	Contract Details Specified by the Exchange for ICE Futures Short Term Interest Rate Futures Contracts ²

¹ Amended 17 December 2015
² Amended 17 December 2015

NNNN1. DEFINITIONS³

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and the Administrative Procedures:
- “Administrative Procedures” means the administrative procedures at Rule OOOO implemented by the Exchange for the purposes of these Contract Rules.
- “business day” means a day on which the Market, the Clearing House and banks in London are open for business.
- “Contract” means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots in respect of an interest rate for a deposit in a currency, and for a period, specified by the Exchange in the Table, and “registered Contract” means a Contract registered by the Clearing House.
- “delivery month” means each month specified by the Exchange in the Table pursuant to the Regulations in respect of an interest rate for a deposit in the relevant currency and period specified by the Exchange in the Table.
- “EDSP” means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule NNNN.5.
- “EDSP Rate” has the meaning attributed to it in Rule NNNN.5(b).
- “First quarterly delivery month” means the quarterly delivery month which is next to mature, whereby a quarterly delivery month shall become the first quarterly delivery month on the business day following the Last Trading Day of the previous first quarterly delivery month.
- “Fixing Convention” means, in respect of an interest rate for a deposit in a currency and for a period specified by the Exchange in the Table, the same convention that is applied from time to time in respect of the relevant EDSP Rate to determine the day from which such rate has value.
- “interest rate basis” means, for the purposes of calculating the EDSP, the interest rate basis specified by the Exchange in the Table.
- “Last Trading Day” means, in respect of a delivery month, the day specified by the Exchange in the Table (subject to Rule NNNN.7).
- “lot” means the unit of trading in respect of an interest rate for a deposit in a currency, and for a period, specified by the Exchange in the Table.
- “£” denotes the lawful currency of the United Kingdom, known, at the date of the issue of these Contract Rules, as “Sterling”.
- “quarterly delivery month” means March, June, September or December.
- “serial delivery month” means a delivery month other than a quarterly delivery month.
- “Settlement Day” means in respect of a delivery month the first business day after the Last Trading Day.

³ Amended 17 December 2015

“SFr” denotes the lawful currency of Switzerland, known, at the date of the issue of these Contract Rules, as “Swiss Franc”.

- (c) [Not used]
- (d) References to “specified by the Exchange in the Table” means as specified in the column in the Table applicable to the relevant currency and period. The Table attached hereto forms part of these Contract Rules. Footnotes other than the footnote to Rule NNNN.5(d) do not form part of these Contract Rules and do not have legal effect except where the context implies otherwise.

NNNN.2 CONTRACT SPECIFICATION

- (a) Each Contract shall be for one or more lots for the delivery month specified.

NNNN.3 PRICE

- (a) Bids and offers shall be quoted in “Basis Points” and, where the minimum price movement is a half Basis Point as specified by the Exchange in the Table, half Basis Points.
- (b) One Basis Point shall be 0.01 and shall have a value equal to the Basis Point value as specified by the Exchange in the Table.

NNNN.4 LAST TRADING DAY

- (a) On the Last Trading Day:
 - (i) trading in Contracts for the current delivery month for such Contracts shall cease at such time as may be specified in the Administrative Procedures; and
 - (ii) the Exchange will calculate the EDSP for such Contracts in accordance with Rule NNNN.5.

NNNN.5 EXCHANGE DELIVERY SETTLEMENT PRICE (“EDSP”)

- (a) [Not used]
- (b) The EDSP shall be calculated by reference to a rate (the “EDSP Rate”), specified in or pursuant to this Rule NNNN.5, which shall be calculated by reference to the interest rates for deposits in the relevant currency and for the relevant period specified by the Exchange in the Table being generally available:
 - (i) in respect of Contracts to which Section A of the Table applies, in the London interbank market at 11 a.m. London time on the Last Trading Day; and
 - (ii) in respect of Contracts to which Section B of the Table applies, in the European interbank market generally at 11 a.m. Brussels time on the Last Trading Day.
- (c) In the event that an interest rate for deposits in the relevant currency, and for the relevant period, specified by the Exchange in the Table used for the purposes of calculating the EDSP Rate is expressed other than on the relevant interest rate basis specified by the Exchange in the Table, then such interest rate shall be adjusted to be on such basis for the purposes of determining the EDSP Rate.
- (d) Subject to Rules NNNN.5(c) and NNNN.5(e), the EDSP Rate shall be:
 - (i) in respect of Contracts to which Section A of the Table applies, ICE LIBOR (formerly known as BBA LIBOR)⁴; and

⁴ The following statement is made by ICE Benchmark Administration Limited:
“ICE Benchmark Administration cannot be liable for any losses arising from the non availability of, or any error or omission in, or miscalculation of, ICE LIBOR (formerly known as BBA LIBOR).”
The same statement should be read as applicable to ICE LIBOR when used in the calculation of the EDSP for this contract.

- (ii) in respect of Contracts to which Section B of the Table applies, EURIBOR, as managed by the European Money Markets Institute (formerly known as the EBF),

for deposits in the relevant currency, and for the relevant period, specified by the Exchange in the Table.
- (e) The Exchange may at its discretion resolve, prior to the commencement of the calendar month in which the Last Trading Day falls, that the EDSP Rate shall be determined by means other than that specified in Rule NNNN.5(d). Any such determination by the Exchange shall be the subject of a notice posted on the Market.
- (f) The EDSP shall be a figure calculated in accordance with the formula:

$$100.00 - R$$

where R = the EDSP Rate, save as provided in Rule NNNN.5(g).
- (g) Where the EDSP Rate is not an exact multiple of the minimum EDSP Price Increment specified in the Table in respect of the Contract, it will be rounded to the nearest minimum EDSP Price Increment or, where the EDSP Rate is an exact uneven multiple of half the minimum EDSP Price Increment, to the nearest lower minimum EDSP Price Increment.⁵
- (h) The Exchange shall publish a provisional EDSP and the final EDSP at such times as are specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes.

NNNN.6 PAYMENT

- (a) In respect of each lot comprised in a Contract the following payments shall be made by the time on the Settlement Day specified by the Exchange in the Administrative Procedures:
 - (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require), and
 - (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require),
 of an amount calculated by multiplying the difference in Basis Points between the EDSP and the Contract price by the value per lot of one Basis Point as specified in Rule NNNN.3(b).

NNNN.7 EMERGENCY PROVISIONS

- (a) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the Last Trading Day will not be a business day, then the business day next following such day shall become the Last Trading Day in respect of that delivery month and the Exchange shall post a notice to that effect on the Market.
- (b) If, at any time after the close of trading two business days prior to the day which is scheduled to be the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the business day immediately preceding the third Wednesday in that month will not be a business day, then this shall not affect the Last Trading Day which shall (subject to Rule NNNN.7(a)) remain the day it was scheduled to be.

NNNN.8 DEFAULT

⁵ e.g. if the minimum EDSP Price Increment is 0.001% the EDSP Rate is an exact uneven multiple of half the minimum EDSP Price Increment then the rate is rounded down, e.g. an EDSP Rate of 0.6225 becomes 0.622. In contrast, an EDSP Rate of 0.62251 is rounded up to and would become 0.623.

- (a) A Buyer or Seller other than the Clearing House shall be in default where:
 - (i) he fails to fulfil in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules his obligations under a Contract by the time and in the manner prescribed; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Exchange or Clearing House he is otherwise in default.
- (b) Subject to the default rules of the Clearing House, in the event of a default by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, forthwith fix a price for invoicing back and each lot in issue shall be invoiced back at that price. Such price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider should be paid by or to the Buyer or Seller, as applicable.

NNNN.9 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules of the Clearing House, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

TABLE
CONTRACT DETAILS SPECIFIED BY THE EXCHANGE FOR ICE FUTURES SHORT TERM INTEREST RATE
FUTURES CONTRACTS⁶

SECTION A

Contract	Three Month Sterling	Three Month Euro Swiss Franc
Currency specified by the Exchange	Sterling £	Swiss Franc SFr
Period specified by the Exchange	Three Months	Three Months
Unit of trading	£ 500,000	SFr 1 million
Delivery months	All calendar months	Mar, Jun, Sep, Dec
No. of delivery months available for trading⁷	24 Quarterly 2 Serial	16 Quarterly
Basis Point value⁸	£12.50 per lot	SFr25.00 per lot
Minimum price movement (Value)	First quarterly delivery month: Half Basis Point (£6.25) All other quarterly delivery months and all serial delivery months: One Basis Point (£12.50)	One Basis Point (SFr25.00)
Minimum EDSP Price Increment	0.001%	0.001%
Quotation	100.00 minus rate of interest	100.00 minus rate of interest
Last Trading Day⁹	Third Wednesday of the delivery month	Two business days prior to the third Wednesday of the delivery month
Interest rate basis	Actual days/365	Actual days/360

⁶ Amended 17 December 2015

⁷ The delivery months available for trading will be the relevant number of nearest quarterly delivery months and the relevant number of nearest serial delivery months. A new delivery month is available for trading the business day after the Last Trading Day of a delivery month.

⁸ A one Basis Point change in price has a value equal to the Basis Point value. In respect of contracts for a three month period, this is equal to the change in gross interest on the unit of trading for one quarter of a year resulting from a 0.01% change in the interest rate i.e. Basis Point value = $\frac{0.01}{100} \times \frac{3}{12} \times$ Unit of trading. In respect of contracts for a one month period, this is equal to the change in gross interest on the unit of trading for 30 days resulting from a 0.01% change in the interest rate i.e. Basis Point value = $\frac{0.01}{100} \times \frac{30}{360} \times$ Unit of trading.

⁹ If such a day is not a business day, "Last Trading Day" shall mean the business day next following such day.

SECTION B

Minimum price movement (Value)	Half Basis Point (€12.50)
Minimum EDSP Price Increment	0.001%
Quotation	100.00 minus rate of interest
Last Trading Day ¹²	Two business days prior to the third Wednesday of the delivery month
Interest rate basis	Actual days/360

¹⁰ The delivery months available for trading will be the relevant number of nearest quarterly delivery months and the relevant number of nearest serial delivery months. A new delivery month is available for trading the business day after the Last Trading Day of a delivery month.

¹¹ A one Basis Point change in price has a value equal to the Basis Point value. In respect of contracts for a three month period, this is equal to the change in gross interest on the unit of trading for one quarter of a year resulting from a 0.01% change in the interest rate i.e. Basis Point value = $\frac{0.01}{100} \times \frac{3}{12} \times$ Unit of trading. In respect of contracts for a one month period, this is equal to the change in gross interest on the unit of trading for 30 days resulting from a 0.01% change in the interest rate i.e. Basis Point value = $\frac{0.01}{100} \times \frac{30}{360} \times$ Unit of trading.

¹² If such a day is not a business day, "Last Trading Day" shall mean the business day next following such day.

0000.2	Timetable ¹

¹ Amended 12 December 2014

0000.0 INTERPRETATION

All defined terms as set out in Rule NNNN shall apply to this Rule 0000.

0000.1 PRICE

The minimum price fluctuation shall be one Basis Point or one half Basis Point, as set out in the Table at Rule NNNN for the respective Contract and delivery month.

0000.2 TIMETABLE²**Last Trading Day**

11.00 hours Brussels time	Trading for Contracts in the current delivery month to which Section B of the Table in Rule NNNN applies will cease.
11.00 hours London time	Trading for all other Contracts in the current delivery month will cease.
As soon as reasonably practicable after cessation of trading	The Exchange will publish a provisional EDSP.
As soon as reasonably practicable after 4.00 pm London time, in relation to Contracts to which Section A of the Table in Rule NNNN applies	The Exchange will publish the final EDSP.
As soon as reasonably practicable after 2.00 pm London time, in relation to Contracts to which Section B of the Table in Rule NNNN applies.	The Exchange will publish the final EDSP.

Settlement Day

By 10.00 hours	All payments required by Rule NNNN.6(a) to be made by the Buyer and the Seller shall have been completed.

⁴ Amended 7 January 2015

PPPP.1 DEFINITIONS⁵

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and the Administrative Procedures:
 - “Administrative Procedures” means the administrative procedures at Rule QQQQ implemented by the Exchange for the purposes of these Contract Rules.
 - “Accrual Period” means the period for which quoted rates in the relevant Overnight Index Average are included in the determination of the EDSP in respect of a Contract, where the first day of the Accrual Period is the first calendar day of the Delivery Month, and the last day of the Accrual Period is the last calendar day of the Delivery Month.
 - “business day” means:
 - (i) in relation to the determination of the dates of the Last Trading Day and the Settlement Day for a Contract, a day on which the market, the Clearing House, banks in London and the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) System are open for business; and
 - (ii) in all other respects, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) System is open.
 - “Contract” means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots, and “registered Contract” means a Contract registered by the Clearing House.
 - “delivery month” means each month specified by the Exchange as such pursuant to the Regulations.
 - “EDSP” means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule PPPP.5.
 - “EDSP Rate” has the meaning attributed to it in Rule PPPP.5(b).
 - “EONIA” means the Euro OverNight Index Average, being a weighted average rate of interest of euro-denominated overnight unsecured lending transactions in the inter-bank market calculated on each business day by the European Central Bank.
 - “EONIA rate” means a rate computed by the European Central Bank in respect of a particular business day, expressed on an Actual/360 basis.
 - “euro” and “€” denote the single currency of the European Union introduced in participating Member States pursuant to their participation in Economic and Monetary Union in the European Union.
 - “Last Trading Day” means, in respect of a delivery month, the last business day in the calendar month (subject to Rule PPPP.4).

⁵ Amended 05 November 2014, 7 January 2015

CONTRACT RULES: ICE FUTURES OVERNIGHT INDEX AVERAGE INDEXED FUTURES CONTRACTS

“lot”	means the unit of trading in respect of a Contract.
“OverNight Index Average”	means a weighted average rate of interest of overnight unsecured lending transactions in the inter-bank market calculated on each business day by the relevant central bank or other relevant party.
“Member State”	means a member of the European Union.
“Settlement Day”	means in respect of a delivery month the first business day after the Last Trading Day.

(c) [Not used]

PPPP.2 CONTRACT SPECIFICATION

- (a) Each Contract shall be for one or more lots for the delivery month specified.

PPPP.3 PRICE

- (a) Bids and offers shall be quoted in “Basis Points” and half Basis Points.
- (b) One Basis Point shall be 0.01 and shall have a value equal to the Basis Point value as specified by the Exchange in the Table.

PPPP.4 LAST TRADING DAY⁶

- (a) On the Last Trading Day:
- (i) trading in Contracts for the relevant delivery month shall cease at such time as may be specified in the Administrative Procedures.
 - (ii) the Exchange shall calculate the EDSP for such Contracts in accordance with Rule PPPP.5.
- (b) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the Last Trading Day will not be a business day, then the business day immediately preceding such day shall become the Last Trading Day in respect of that delivery month and the Exchange shall publish a notice posted on the Market to that effect.

PPPP.5 EXCHANGE DELIVERY SETTLEMENT PRICE (“EDSP”)

- (a) The EDSP shall be calculated by reference to a rate (the “EDSP Rate”), specified in or pursuant to this Rule PPPP.5, which shall be calculated by reference to the relevant OverNight Index Average rate calculated and published in respect of each business day during the Accrual Period.
- (b) Subject to Rule PPPP.5(c), the EDSP Rate shall be:

In respect of the One Month EONIA Indexed Contract:

$$EDSP \text{ Rate} = \left[\frac{360}{N} \left\{ \prod_{i=1}^x (A_i) - 1 \right\} \right] \times 100$$

⁶ Amended 05 November 2014

where:

x = the number of EONIA rates determined in the Accrual Period.

N = the total number of calendar days in the Accrual Period; and

A_i = the overnight return factor in respect of the i^{th} EONIA rate of the Accrual Period, determined as

$$A_i = \left(1 + \frac{E_i * d_i}{360} \right)$$

and rounded to eight decimal places, where:

E_i = the i^{th} EONIA rate of the Accrual Period, expressed in such a way that for a rate of 5%, $E_i = 0.05$.

d_i = the number of days that E_i is applied, such that d_i represents the number of calendar days between the day in respect of which the rate E_i is determined and the next day on which an EONIA rate is published.

(c) The Exchange may at its discretion resolve, prior to five business days prior to the commencement of the Accrual Period in respect of a delivery month, that the reference rate used to determine the EDSP Rate in accordance with Rule PPPP.5(b) shall be a rate other than EONIA, subject always to the proviso that the EDSP rate shall be calculated with reference to over-night interest rates on euro denominated deposits, as the case may be, generally available in the interbank market during the Accrual Period. Any such determination by the Exchange shall be the subject of a notice posted on the Market.

(d) The EDSP shall be a figure calculated in accordance with the formula:

$$100.00 - R$$

where R = the EDSP Rate, save as provided in Rule PPPP.5(e).

(e) Where the EDSP Rate is not an exact multiple of 0.001, it will be rounded to the nearest 0.001 or, where the EDSP Rate is an exact uneven multiple of 0.0005, to the nearest lower 0.001.

(f) The Exchange shall publish a provisional EDSP and the final EDSP at such times as are specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes.

PPPP.6 ERRORS IN AN EONIA RATE

(a) If not later than thirty minutes after the provisional EDSP for a particular delivery month is first published, any member of the Exchange notifies Exchange officials of, or there otherwise comes to the attention of Exchange officials, an alleged or apparent error in a relevant EONIA rate due to any cause whatsoever, then Exchange officials shall request the European Central Bank to investigate such alleged or apparent error. If the European Central Bank corrects a relevant EONIA rate affected thereby, Exchange officials shall calculate or re-calculate (as the case may be) the EDSP Rate and the EDSP in accordance therewith. No correction shall be accepted and no re-calculation of the EDSP Rate and EDSP shall be made by Exchange officials in respect of any error notified to Exchange officials or coming to their attention after the expiry of such thirty minute period.

(b) No correction to an EONIA rate shall be accepted and no re-calculation of the EDSP shall be made other than as may be allowed for in Rule PPPP.6(a).

CONTRACT RULES: ICE FUTURES OVERNIGHT INDEX AVERAGE INDEXED FUTURES CONTRACTS

- (c) Neither the Exchange nor Exchange officials shall have any liability whatsoever in respect of any decision as to whether or not to correct an EONIA rate or as to the amount of any correction, or as to whether or not to re-calculate the EDSP.

PPPP.7 PAYMENT

- (a) In respect of each lot comprised in a Contract the following payments shall be made by the time on the Settlement Day specified by the Exchange in the Administrative Procedures:
 - (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require), and
 - (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require),
 of an amount calculated by multiplying the difference in Basis Points between the EDSP and the Contract price by the value per lot of one Basis Point as specified in the Table.

PPPP.8 DEFAULT IN PERFORMANCE

- (a) A Buyer or Seller other than the Clearing House shall be in default in performance where:
 - (i) he fails to fulfil in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules his obligations under a Contract by the time and in the manner prescribed; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Regulations; or
 - (iii) in the reasonable opinion of the Clearing House he is otherwise in default.
- (b) Subject to the default rules of the Clearing House, in the event of a default in performance by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each lot in issue shall be invoiced back at that price. Such price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider should be paid by or to the Buyer or Seller, as applicable.

PPPP.9 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules of the Clearing House, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

PPPP.10 [NOT USED]

PPPP.11 [NOT USED]

PPPP.12 [NOT USED]

PPPP.13 [NOT USED]

PPPP.14 STATEMENT IN RELATION TO THE EDSP⁷

- (a) The Exchange draws the following statement to the attention of potential users of its One Month EONIA Indexed Contract. Members should ensure that their clients are made aware of the statement.

“Statement in relation to the EDSP

The Exchange Delivery Settlement Price (“EDSP”) of the One Month EONIA Indexed Contract is calculated on the basis of the relevant EONIA rates as described in the relevant Contract Rule. Potential users of the One Month EONIA Indexed Contract made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules of the One Month EONIA Indexed Contract. Potential users should note that, whilst the relevant EONIA rates are publicly available, the detailed calculation procedures in relation to those rates are not published.

Potential users should be aware that EONIA rates to be used in the calculation of a final EDSP will be amended only where the European Central Bank (“ECB”) indicates to the Exchange that there is an error in such EONIA rates before the Exchange publishes that final EDSP. In that event, and subject to the relevant Contract Rules of the One Month EONIA Indexed Contract, the requisite corrections to all relevant EONIA rates will be made in order to calculate such final EDSP.

The contracts have a standardised basis point value so that, for hedging purposes, a calculation will need to be made in relation to the hedge ratio to take into account any mismatch between the standardised basis point value and the actual basis point value of the position being hedged, determined by the actual number of days in the accrual period.”

⁷ Amended 7 January 2015

¹ Amended 19 October 2016

RRRR.1 INTERPRETATION

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.

- (b) In these Contract Rules and the Administrative Procedures:

“Administrative Procedures”	means the administrative procedures at Rule SSSS implemented by the Exchange for the purposes of these Contract Rules.
“Assured Payment”	means, in the case of Gilts transferred through the Relevant Settlement System, a system-generated payment instruction which is binding on: <ul style="list-style-type: none"> (i) the Clearing House’s settlement bank in favour of the Seller’s, or if he has nominated one, the Transferor’s settlement bank in the case of a transfer of Gilts from the Seller, or if he has nominated one, the Transferor to the Clearing House through the Relevant Settlement System; and (ii) the Buyer’s, or if he has nominated one, the Transferee’s settlement bank in favour of the Clearing House’s settlement bank in the case of a transfer of Gilts from the Clearing House to the Buyer, or if he has nominated one, the Transferee through the Relevant Settlement System, of an amount equal to the invoicing amount.
“bad delivery”	means a stock transfer instruction which is rejected by the Registrars Department of the Bank of England.
“business day”	means a day on which the Market and banks in London are open for business.
“Buyer”	in respect of a Contract means the person who, unless they have nominated a Transferee, is required under such Contract to accept transfer in respect of each lot of the delivery amount of a Deliverable Gilt and who is obliged pursuant to these Contract Rules to make payment in respect of each lot (including, except where the context otherwise requires, the Clearing House as buyer under a registered Contract).
“Buyer’s Notification”	means the notice to be given by the Clearing House to the Buyer under Rule RRRR.8.
“Contract”	means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots specified by the Exchange in the Table, and “registered Contract” means a Contract registered by the Clearing House.
“Deliverable Gilt”	means in respect of one or more lots specified by the Exchange in the Table, a gilt issue listed on the List of Deliverable Gilts for a particular delivery month.
“Delivery Contract”	means a “market contract” (as defined under section 155 of the Companies Act 1989) to which a Member is party, under the terms of which delivery of a lot is required to be made.
“delivery month”	means each month specified as such by the Exchange pursuant to the Regulations.

“EDSP”	means Exchange Delivery Settlement Price and has the meaning attributed to it in Rule RRRR.9.
“First Notice Day”	means the first day on which a Seller’s Delivery Notice may be given by the Seller in respect of any lot comprised in a Contract, being the penultimate business day preceding the commencement of the delivery month for such Contract.
“full coupon period”	means the period from and including the previous quasi-coupon date up to but excluding the following quasi-coupon date.
“Gilt”	means a unit of £100 of a Deliverable Gilt.
“gilt issue”	means a bond issued by the Government of the United Kingdom denominated in sterling.
“invoicing amount”	has the meaning attributed to it in Rule RRRR.10.
“Last Notice Day”	means in respect of any Notice Period the business day next following the Last Trading Day for the delivery month relevant to such Notice Period.
“Last Trading Day”	means, subject to Rule RRRR.13(a), in respect of any delivery month the last business day preceding the penultimate business day in that month.
“List of Deliverable Gilts”	has the meaning attributed to it in Rule RRRR.3(a).
“London Stock Exchange”	means the London Stock Exchange plc.
“lot”	has the meaning attributed to it in Rule RRRR.2(a).
“Notice Day”	in respect of any lot comprised in a Contract means the business day on which a valid Seller’s Delivery Notice in respect of such lot is given by the Seller and is received or deemed, in accordance with the Administrative Procedures, to have been received by the Clearing House.
“Notice Period”	means the period from and including the First Notice Day up to and including the Last Notice Day.
“Notional Coupon”	means the annual interest rate, expressed as a percentage, in respect of a £100,000 nominal value notional gilt.
“Pounds”, “£”, “pence” and “penny”	denote lawful currency of the United Kingdom.
“Price Factor”	has the meaning attributed to it in Rule RRRR.4.
“proprietary or equitable interest”	means any proprietary or equitable interest or right whatsoever including without limitation any such interest or right arising under or by virtue of any disposition made or purporting to be made by way of security or by way of loan and any other lien, encumbrance or equity of any kind.
“quasi-coupon dates”	in respect of a Deliverable Gilt means the dates which reflect the semi-annual coupon cycle defined by a bond’s maturity date, irrespective of whether cash flows occur on those dates, including a date falling before the issue date of the Deliverable Gilt.
“Relevant Settlement System”	means the settlement system as detailed in the Table.

“Relevant Settlement System Rules”	means those parts of the rules, reference manual, procedures, practices and any other document from time to time in force of the Relevant Settlement System which apply to the settlement of transactions by participants in the Relevant Settlement System.
“Seller”	in respect of a Contract means the person who, unless they have nominated a Transferor, is required under such Contract to transfer in respect of each lot the delivery amount of a Deliverable Gilt and who is obliged under such Contract to make delivery pursuant to these Contract Rules (including, except where the context otherwise requires, the Clearing House as seller under a registered Contract).
“Seller’s Delivery Notice”	means the notice to be given by the Seller to the Clearing House under Rule RRRR.7.
“Settlement Agent”	means in respect of the transfer of securities under a Delivery Contract through the Relevant Settlement System, a member of the Relevant Settlement System.
“Settlement Day”	in respect of each lot comprised in a Contract means the day which is the second business day after the Notice Day for such lot, except where such Notice Day is also the Last Notice Day. Where such Notice Day is also the Last Notice Day, “Settlement Day” shall mean the next business day after the Last Notice Day.
“Transferee”	in respect of a Contract means the person who, having been nominated by another Clearing Member, is required under such Contract to accept transfer in respect of each lot of the delivery amount of a Deliverable Gilt and who is obliged pursuant to these Contract Rules to make payment in respect of each lot (including, except where the context otherwise requires, the Clearing House as buyer under a registered Contract).
“Transferor”	in respect of a Contract means the person who, having been nominated by another Clearing Member, is required under such Contract to transfer in respect of each lot the delivery amount of a Deliverable Gilt and who is obliged under such Contract to make delivery pursuant to these Contract Rules (including, except where the context otherwise requires, the Clearing House as seller under a registered Contract).
(c) References to “specified by the Exchange in the Table” means as specified in the relevant column in the Table.	

RRRR.2 CONTRACT SPECIFICATION

- (a) Each Contract shall be for one or more lots for the delivery month specified. A “lot” shall be an amount having a nominal value of £100,000 (the “delivery amount”) of a Deliverable Gilt included in the List of Deliverable Gilts for the relevant delivery month.

RRRR.3 LIST OF DELIVERABLE GILTS

- (a) In respect of each delivery month, the Exchange will publish on or before the day specified for that purpose in the Administrative Procedures a list of Deliverable Gilts (the “List of Deliverable Gilts”) which will constitute, subject to Rule RRRR.3(c), Deliverable Gilts capable of being included in a valid Seller’s Delivery Notice given in accordance with Rule RRRR.7, being gilt issues having the characteristics listed in Rule RRRR.3(b) at the date of publication of the List of Deliverable Gilts.
- (b) The characteristics referred to in Rule RRRR.3(a) are:
- (i) having been issued and settled;

- (ii) having been admitted to the Official List of the UK Listing Authority;
 - (iii) having terms as to redemption such as provide for redemption of the entire gilt issue in a single instalment such that the length of time to the maturity date from, and excluding, the first date of the relevant delivery month is within the maturity range specified by the Exchange in the Table;
 - (iv) having no terms permitting or requiring early redemption;
 - (v) bearing interest at a single fixed rate throughout the term of the issue, within the coupon range specified by the Exchange in the Table, and payable in arrears semi-annually (except in the case of the first interest payment period which may be more or less than six months);
 - (vi) being denominated and payable as to principal and interest only in Pounds and pence;
 - (vii) being fully paid or, in the event that the gilt issue is in its first interest period and is partly paid, being anticipated by the Exchange to be fully paid on or before the Last Notice Day of the relevant delivery month;
 - (viii) not being convertible;
 - (ix) not being in bearer form;
 - (x) being anticipated by the Exchange to have on one or more days during the relevant delivery month an aggregate principal amount outstanding of not less than £1.5 billion which, by its terms and conditions, if issued in more than one tranche or tap or issue, is fungible.
- (c) Notwithstanding that a gilt issue is included in the List of Deliverable Gilts for a particular delivery month a Deliverable Gilt may only be included in a valid Seller's Delivery Notice in respect of a Settlement Day if such Settlement Day has been indicated on the List of Deliverable Gilts as a day for which a Seller's Delivery Notice specifying such Deliverable Gilt would be valid, being, inter alia:
- (i) if the Deliverable Gilt was not fully paid as at the date of publication of the List of Deliverable Gilts, a day subsequent to the day which the Exchange anticipated pursuant to paragraph (v) of Rule RRRR.3(b) would be the day on which the Deliverable Gilt would be fully paid; and
 - (ii) a day which the Exchange anticipated pursuant to paragraph (ix) of Rule RRRR.3(b) would be a day on which the Deliverable Gilt would have an aggregate principal amount outstanding of not less than £1.5 billion which, by its terms and conditions if issued in more than one tranche or tap or issue, is fungible.
- (d) The Exchange may in its absolute discretion exclude from the List of Deliverable Gilts any gilt issue which would qualify to be included in such list in respect of a delivery month without giving any reason for such exclusion.
- (e) All details included in the List of Deliverable Gilts published in respect of a delivery month under Rule RRRR.3(a) shall (subject to the emergency powers contained in the Regulations) be final and binding including, without prejudice to the foregoing:
- (i) the Price Factors, the initial accrued and the daily accrued interest figures shown thereon for the purposes of calculating the invoicing amount (subject to the provisions of Rule RRRR.13(b) regarding adjustments to the invoicing amount); and
 - (ii) the Settlement Days in respect of which a valid Seller's Delivery Notice may be given in respect of each Deliverable Gilt.

RRRR.4 PRICE FACTOR

- (a) The List of Deliverable Gilts published by the Exchange in respect of a delivery month of a Contract specified by the Exchange in the Table under Rule RRRR.3(a) will specify a price factor (the “Price Factor”) for each Deliverable Gilt calculated in accordance with:
- (i) in the case of a Deliverable Gilt which is fully paid, the formula set out in Rule RRRR.4(b); and
 - (ii) in the case of a Deliverable Gilt which is not fully paid, the formula published from time to time by notice posted on the Market.
- (b) (i) For each Deliverable Gilt which is fully paid the Price Factor will be calculated in accordance with the formula:

$$\frac{P(x)}{100}$$

where:

$P(x)$ = equals the price per £100 nominal of such Deliverable Gilt at which it has a gross redemption yield of x per annum, calculated as at the first day of the delivery month, minus the undiscounted amount of accrued interest on such Deliverable Gilt on that day, using the formulae set out in paragraphs (ii) and (iii) of this Contract Rule.

- (ii) $P(x)$ shall be calculated in accordance with the following formula:

$$P(x) = \frac{1}{\left(1 + \frac{x}{2}\right)^{\frac{r}{s}}} \left[d_1 + \frac{d_2}{\left(1 + \frac{x}{2}\right)} + \frac{c}{x} \left(\frac{1}{\left(1 + \frac{x}{2}\right)} - \frac{1}{\left(1 + \frac{x}{2}\right)^n} \right) + \frac{100}{\left(1 + \frac{x}{2}\right)^n} \right] - AI$$

where:

- d_1 = Cash flow (which could be zero) due on the following quasi-coupon date, per £100 nominal of the gilt. d_1 will be zero if the first day of the delivery month occurs in the ex-dividend period or if the gilt has a long first coupon period and the first day of the delivery month occurs in the first full coupon period. d_1 will be less than $c/2$ if the first day of the delivery month falls in a short first coupon period. d_1 will be greater than $c/2$ if the first day of the delivery month falls in a long first coupon period and the first day of the delivery month occurs in the second full coupon period;
- d_2 = Cash flow due on the next but one quasi-coupon date, per £100 nominal of the gilt. d_2 will be greater than $c/2$ if the first day of the delivery month falls in a long first coupon period and in the first full coupon period. In all other cases, $d_2 = c/2$;
- x = Notional Coupon as specified in the Table, e.g. $x = 0.06$ for a 6% Notional Coupon;
- c = Annual coupon per £100 nominal of the gilt;
- r = Number of calendar days from and including the first day of the delivery month up to but excluding the next quasi-coupon date;
- s = Number of calendar days in the full coupon period in which the first day of the delivery month occurs;
- n = Number of full coupon periods between the following quasi-coupon date and the redemption date;

AI = Accrued interest per £100 nominal of the gilt calculated using the formula set out in (c);

(iii) The accrued interest (AI) in the formula set out in paragraph (ii) will be calculated in accordance with the following formulae:

(A) If the first day of the delivery month occurs in a standard coupon period, and:

the first day of the delivery month occurs on or before the ex-dividend date:

$$AI = \frac{t}{s} \times \frac{c}{2}$$

the first day of the delivery month occurs after the ex-dividend date:

$$AI = \left(\frac{t}{s} - 1 \right) \times \frac{c}{2}$$

where:

AI = Accrued Interest per £100 nominal of the gilt;

c = Annual coupon per £100 nominal of the gilt;

t = Number of calendar days from and including the last coupon date up to but excluding the first day of the delivery month;

s = Number of calendar days in the full coupon period in which the first day of the delivery month occurs;

(B) If the first day of the delivery month occurs in a short first coupon period, and:

the first day of the delivery month occurs on or before the ex-dividend date:

$$AI = \frac{t^*}{s} \times \frac{c}{2}$$

the first day of the delivery month occurs after the ex-dividend date:

$$AI = \left(\frac{t^* - r}{s} \right) \times \frac{c}{2}$$

where:

t* = Number of calendar days from and including the issue date up to but excluding the first day of the delivery month;

r = Number of calendar days from and including the issue date up to but excluding the next quasi-coupon date;

and c and s have the same meanings as in (i) above.

(C) If the first day of the delivery month occurs in a long first coupon period, and:

the first day of the delivery month occurs during the first full coupon period:

$$AI = \frac{u}{s_1} \times \frac{c}{2}$$

the first day of the delivery month occurs during the second full coupon period and on or before the ex-dividend date:

$$AI = \left(\frac{r_1}{s_1} + \frac{r_2}{s_2} \right) \times \frac{c}{2}$$

the first day of the delivery month occurs during the second full coupon period and after the ex-dividend date:

$$AI = \left(\frac{r_2}{s_2} - 1 \right) \times \frac{c}{2}$$

where:

- u = Number of calendar days from and including the issue date up to but excluding the first day of the delivery month;
- s_1 = Number of calendar days in the full coupon period in which the issue date occurs;
- s_2 = Number of calendar days in the next full coupon period after the full coupon period in which the issue date occurs;
- r_1 = Number of calendar days from and including the issue date up to but excluding the next quasi-coupon date;
- r_2 = Number of calendar days from and including the quasi-coupon date after the issue date up to but excluding the first day of the delivery month which falls in the next full coupon period after the full coupon period in which the issue date occurs;

and c has the same meaning as in (i) above.

RRRR.5 PRICE

- (a) The Contract price shall be expressed in Pounds and pence per £100 nominal of a security which if it were in issue and included in the List of Deliverable Gilts would have a Price Factor of 1.

RRRR.6 CESSATION OF TRADING

- (a) No Contract for the current delivery month shall be made after the time on the Last Trading Day specified for that purpose in the Administrative Procedures.

RRRR.7 SELLER'S DELIVERY NOTICE

- (a) In respect of each delivery month, a Seller in whose name are registered by the Clearing House one or more Contracts and who intends to make delivery of any lot comprised in any such Contract may give to the Clearing House a Seller's Delivery Notice in respect of such lot, by the time specified for that purpose in the Administrative Procedures, on any business day during the Notice Period for that delivery month.
- (b) In respect of each delivery month, a Seller in whose name are registered by the Clearing House one or more Contracts shall have given to the Clearing House a Seller's Delivery Notice not later than the time

- on the Last Notice Day specified for that purpose in the Administrative Procedures in respect of each lot comprised in such Contracts.
- (c) A Seller's Delivery Notice shall be addressed to the Clearing House by the Seller and be in a form from time to time prescribed by the Clearing House. A Seller's Delivery Notice shall, in respect of each lot referred to in the notice, specify:
 - (i) full details of the Deliverable Gilt, the delivery amount of which is to be transferred in accordance with these Contract Rules on the Settlement Day against payment of the invoicing amount;
 - and
 - (ii) any other details required by the Clearing House from time to time.
 - (d) Only one Deliverable Gilt shall be nominated in respect of each lot referred to in a Seller's Delivery Notice.
 - (e) By giving a Seller's Delivery Notice the Seller shall be deemed:
 - (i) to represent and warrant to the Clearing House and to the Buyer that on the Settlement Day the Seller, or if he has nominated one, the Transferor, will transfer to the Clearing House in accordance with Rule RRRR.12(a) the delivery amount of the Deliverable Gilt referred to in the Seller's Delivery Notice by the time specified for that purpose in the Administrative Procedures; and
 - (ii) to acknowledge to and agree with the Clearing House and the Buyer, or if he has nominated one, the Transferee that:
 - (A) on the Settlement Day and thereafter until the delivery amount of the Deliverable Gilt is transferred to the Clearing House, the Seller, or if he has nominated one, the Transferor will be entitled to transfer all right, title and interest in such Gilts free of any proprietary or equitable interest of any other person; and
 - (B) (without prejudice to the generality of paragraph (ii)(A) above) the Seller, if he is not also the Transferor, shall have no proprietary or equitable interest in such Gilts.

The Seller waives any interest referred to in paragraph (ii)(B) above to the extent that it may arise.

 - (f) The Clearing House shall not be obliged to accept a Seller's Delivery Notice if the Transferor is not the Seller, unless evidence satisfactory to the Clearing House of the Transferor's title to the Gilts to be transferred as referred to in the Seller's Delivery Notice is requested by the Clearing House and provided to the Clearing House.

RRRR.8 ALLOCATION TO BUYERS

- (a) (i) In respect of registered Contracts the Clearing House will allocate to a Clearing Member registered or to be registered as a Buyer each lot referred to in a Seller's Delivery Notice by such method of allocation as may be specified in the Administrative Procedures.
- (ii) The Clearing House may make a re-allocation to Buyers pursuant to Rule RRRR.12(c)(i).
- (b) The Clearing House will advise the Buyer of any allocation made pursuant to Rule RRRR.8(a)(i) on the applicable Notice Day and by the applicable time specified in the Administrative Procedures.
- (c) [Not used]
- (d) The Buyer shall be deemed:

- (i) to represent and warrant to the Clearing House and to the Seller that the Buyer, or if not himself, the Transferee, will accept the transfer of the delivery amount of the Deliverable Gilt in respect of each lot ; and
- (ii) to acknowledge to and agree with the Clearing House and the Seller that:
 - (A) the Buyer, if he is not also the Transferee, shall have no proprietary or equitable interest in such Gilts; and
 - (B) subject only to Rule RRRR.12(d)(iii), the Buyer alone is responsible to the Clearing House for payment of all sums due to the Clearing House in respect of such transfer by the time specified for that purpose in the Administrative Procedures.

The Buyer waives any interest referred to in paragraph (ii)(A) above to the extent that it may arise.

- (e) By the time specified for that purpose in the Administrative Procedures on the applicable Notice Day the Clearing House will notify the Buyer and the Seller of any sums due from the Buyer to the Clearing House and from the Clearing House to the Seller (or vice versa) calculated in accordance with Rule RRRR.10.

RRRR.8A SUBMISSION OF DETAILS TO THE RELEVANT SETTLEMENT SYSTEM

- (a) The Clearing House shall, on the relevant day and by the applicable time specified in the Administrative Procedures, have given to the Seller and to the Buyer the details of Contracts which shall be submitted to the Relevant Settlement System.
- (b) On the business day prior to the Settlement Day, in the case of a Seller's Delivery Notice given to the Clearing House on a Notice Day other than the Last Notice Day or, on the Last Notice Day, in the case of a Seller's Delivery Notice given to the Clearing House on the Last Notice Day, and in either case by the applicable time specified in the Administrative Procedures, the details of Contracts notified to the Seller and to the Buyer pursuant to Rule RRRR.8A(a) shall have been submitted by the Seller and Buyer or, if so nominated, by the Transferor and/or the Transferee, and the Clearing House to the Relevant Settlement System in such form as may be required under the Relevant Settlement System Rules so as to enable matching to take place in order that settlement of Contracts is effected through the Relevant Settlement System on the Settlement Day for such Contracts.

RRRR.9 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) Subject to Rules RRRR.9(b) and RRRR.9(c), the EDSP for Contracts for a particular delivery month shall be calculated by Exchange officials on each business day in the relevant Notice Period as follows:
 - (i) if one or more Contracts for that delivery month have been made on such day during the period specified for this purpose in the Administrative Procedures, then:
 - (A) if only one Contract has been so made, the EDSP shall be the price at which that Contract was made, or
 - (B) if more than one Contract has been so made, the EDSP shall be the average of the prices at which such Contracts were made, weighted by reference to the number of lots comprised in each such Contract and rounded to the nearest penny or, where such average is a number of Pounds and whole pence and one half penny, to the nearest lower number of Pounds and whole pence.
 - (ii) if on the Last Trading Day, during the period specified for this purpose in the Administrative Procedures, no Contract for that delivery month has been made but both an offer (or offers) and a bid (or bids) have been made in respect of a Contract (or Contracts) for the delivery month, then the EDSP shall be the average of the lowest price at which such an offer was made and the highest price at which such a bid was made and rounded to the nearest penny or, where such average is a number of Pounds and whole pence and one half penny, to the nearest lower number of Pounds and whole pence;

- (iii) if on such day, during the period specified for this purpose in the Administrative Procedures, no Contract for that delivery month has been made and either no offer or bid or neither an offer nor a bid has been made in respect of a Contract for that delivery month, then Exchange officials shall determine the EDSP by reference inter alia to the prices at which any offers or bids in respect of a Contract for that delivery month were made during such period on such day, and to the cash market values of Deliverable Gilts during such period on such day, or to any of such prices and values, such prices and values being in all cases those as ascertained by Exchange officials.
- (b) If, in the opinion of Exchange officials, the EDSP which would result from a calculation made in accordance with Rule RRRR.9(a) would not be consistent with the cash market values of Deliverable Gilts (as determined by Exchange officials) during the period referred to in Rule RRRR.9(a), then Exchange officials may in their absolute discretion fix the EDSP at a price determined by them as being consistent with such cash market values.
- (c) The EDSP for the Last Notice Day shall be the same as the EDSP determined on the Last Trading Day.
- (d) The Exchange shall publish the EDSP at such time as may be specified for that purpose in the Administrative Procedures. The EDSP shall be final and binding for all purposes.

RRRR.10 CALCULATION OF INVOICING AMOUNT

- (a) The “invoicing amount” in respect of each lot comprised in a Seller’s Delivery Notice shall be a sum calculated in accordance with the formula:

$$1000 \times \text{EDSP}(N) \times \text{PF} + [\text{IA} + (\text{DA} \times T)]$$

where:

EDSP(N) = the EDSP for the Notice Day;

PF = the Price Factor for the Deliverable Gilt, as shown in respect of such Deliverable Gilt in the column of the List of Deliverable Gilts headed “Price Factor”;

IA = the amount shown in respect of such Deliverable Gilt in the column of the List of Deliverable Gilts headed “Initial Accrued”;

DA = the amount shown in respect of such Deliverable Gilt in the column of the List of Deliverable Gilts headed “Daily Accrued”;

T = the number of days from and including the first day of the relevant delivery month up to and including the Settlement Day for such lot.

- (b) (i) Where the sum calculated in accordance with Rule RRRR.10(a) is not a number of Pounds and whole pence such sum shall be rounded to the nearest sum which is a number of Pounds and whole pence, and the invoicing amount shall be such nearest sum.
- (ii) Where the sum calculated in accordance with Rule RRRR.10(a) is a number of Pounds and whole pence and one half penny, such sum shall be rounded down to the nearest sum which is a number of Pounds and whole pence, and the invoicing amount shall be such nearest sum.
- (c) In the case of lots comprised in registered Contracts the invoicing amount shall be paid by and to the Clearing House (as the case may be) in accordance with Rule RRRR.12 and the Administrative Procedures.

RRRR.11 SETTLEMENT PAYMENTS

- (a) In respect of each lot comprised in a Seller’s Delivery Notice, in addition to any other payment required by these Contract Rules, the following payments shall be made by the time specified for that purpose in the Administrative Procedures:

- (i) where the EDSP for the relevant Notice Day exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require), and
 - (ii) where the Contract price exceeds the EDSP for the relevant Notice Day, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require),
- of a sum calculated as the difference, in Pounds and pence multiplied by 1000 in respect of each lot, between the EDSP for the relevant Notice Day and the Contract price.
- (b) Where the sum calculated in accordance with Rule RRRR.11(a) is not a number of Pounds and whole pence such sum shall be rounded down to the nearest sum which is a number of Pounds and whole pence and the sum payable under Rule RRRR.11(a) shall be such nearest sum.

RRRR.12 SETTLEMENT

- (a) Subject to Rule RRRR.12(d), on the Settlement Day at or by the time specified for that purpose in and in accordance with the Relevant Settlement System Rules and the Administrative Procedures, the Seller, or if he has nominated one, the Transferor, shall transfer to the Clearing House through the Relevant Settlement System the delivery amount of the Deliverable Gilt in respect of each lot referred to in the Seller's Delivery Notice, each transfer being in an amount of £100,000 nominal of each such Deliverable Gilt or an exact multiple thereof and the consideration therefor (to be satisfied, as between the Clearing House and the Transferor, by way of an Assured Payment) being equal to the aggregate of the invoicing amounts in respect of the lots comprised in such transfer.
- (b) Subject to Rule RRRR.12(d), on the Settlement Day at or by the time specified for that purpose in and in accordance with the Administrative Procedures, the Transferee shall accept transfer through the Relevant Settlement System of the delivery amount of the Deliverable Gilt referred to in the Buyer's Notification in respect of each lot, each transfer being in an amount of £100,000 nominal of each such Deliverable Gilt or an exact multiple thereof and the consideration therefor (to be satisfied, as between the Clearing House and the Transferee, by way of an Assured Payment) being equal to the aggregate of the invoicing amounts in respect of the lots comprised in such transfer.
- (c)
 - (i) At any time after accepting transfer of the delivery amount of the Deliverable Gilt pursuant to Rule RRRR.12(a) the Clearing House may re-allocate to a Buyer (other than that to whom such lot was allocated pursuant to Rule RRRR.8(a)(i)) each lot referred to in a Seller's Delivery Notice.
 - (ii) Where the rules relating to bad deliveries contained in the Relevant Settlement System Rules or any other of the Relevant Settlement System Rules are invoked in respect of the transfer of Gilts to the Clearing House by the Seller, or if he has nominated one, the Transferor or to the Buyer, or if he has nominated one, the Transferee by the Clearing House which may lead to the reversal of one or more of such transfers of Gilts, the Seller shall be held to be in default under Rule RRRR.15 notwithstanding that the Seller may not be responsible for any circumstance which leads to any such rule being invoked.
 - (iii) No lot shall be re-allocated to a Buyer under paragraph (i) or (ii) above so that such Buyer would thereby be required to accept delivery of a delivery amount of a Deliverable Gilt different in specification to that which he would have received as a result of the allocation made pursuant to Rule RRRR.8(a)(i).
- (d)
 - (i) Every transfer of the delivery amount of a Deliverable Gilt through the Relevant Settlement System shall be subject to and in accordance with the Relevant Settlement System Rules.
 - (ii) The obligation of the Clearing House to the Seller to make the payment referred to in Rule RRRR.10(c) shall be discharged by an Assured Payment arising upon the transfer of Gilts made under Rule RRRR.12(a) and the obligation of the Buyer to the Clearing House shall be discharged by an Assured Payment arising upon the transfer of Gilts made under Rule RRRR.12(b).

- (iii) If any transfer or transfers of the delivery amount of a Deliverable Gilt required by this Rule RRRR.12 cannot be accomplished on the Settlement Day by the time or times specified in the Administrative Procedures due to any event occurring which is outside the control of the Seller, or if he has nominated one, the Transferor or of the Buyer, or if he has nominated one, the Transferee or of the Clearing House, as the case may be, which, without prejudice to the generality of the foregoing, may include:
 - (A) where relevant, a failure by a seller of Gilts to the Transferor to make transfer of such Gilts by the due time so as to enable the Buyer, or if he has nominated one, the Transferor to fulfil his obligations to transfer the Gilts to the Clearing House in accordance with Rule RRRR.12(a);
 - (B) a failure by the Seller, or if he has nominated one, the Transferor to transfer Gilts to the Clearing House in accordance with Rule RRRR.12(a) so as to enable the Clearing House to fulfil its obligations to transfer Gilts to the Buyer, or if he has nominated one, the Transferee in accordance with Rule RRRR.12(b);
 - (C) an error, failure, closure or suspension of the Relevant Settlement System or of other systems operated by or on behalf of the Relevant Settlement System;
 - (D) a failure or termination of the Seller's or Buyer's or, if so nominated, their Transferor's or the Transferee's or the Clearing House's access to its Settlement Agent;
 - (E) a failure of the Seller's or Buyer's or if so nominated, their Transferor's or Transferee's Settlement Agent's or the Clearing House's access to the Relevant Settlement System for any reason, including, without limitation, as a result of any fault or failure of any computer or communication system;
 - (F) any action taken by the Relevant Settlement System, whether pursuant to the Relevant Settlement System Rules or otherwise; or
 - (G) any failure of, or any action or failure to take action by, a settlement bank appointed by the Seller or Buyer or, if so nominated, their Transferor or Transferee or the Clearing House from time to time in connection with the settlement of Gilts through the Relevant Settlement System, which prevents the transfer of Gilts to the Seller or Buyer or, if so nominated, their Transferor or Transferee or to the Clearing House, as the case may be,

then such transfer or transfers shall be made as soon as possible through the Relevant Settlement System, in accordance with any instructions which may be given by the Clearing House, which may, if it is not possible to transfer Gilts through the Relevant Settlement System for any period, require delivery of Gilts by a means other than through the Relevant Settlement System. In the case of any disagreement between the Clearing House and the Transferee as to whether any particular transfer can be or has been accomplished the determination of the Clearing House shall be final.
- (iv) Any amounts payable under Rule RRRR.11 shall be made outside the Relevant Settlement System.
- (v) Any instructions given by the Clearing House under paragraph (iii) above shall be binding and failure by the Seller or the Buyer to comply or ensure compliance with such instructions shall constitute a default under Rule RRRR.15(b) by such Seller or, as the case may be, such Buyer.
- (e) Where for any reason other than the default of the Seller, the Clearing House, through circumstances beyond its control, is unable by the time specified for that purpose in the Administrative Procedures to transfer to the Buyer, or if he has nominated one, the Transferee the delivery amount of the Deliverable Gilt in respect of a lot referred to in the delivery notification, then no alteration shall be made to the invoicing amount, provided that, in respect of such delay,

- (i) the rights of a Buyer shall consist solely of the right to have transfer made to the Buyer, or if he has nominated one, the Transferee as soon as possible and the Buyer shall pay to the Clearing House, in addition to any other sums payable by him, a sum in respect of such lot calculated in accordance with the formula set out in Rule RRRR.12(f), and
 - (ii) the rights of a Seller shall consist solely of the right to receive from the Clearing House a sum in respect of such lot calculated in accordance with the formula set out in Rule RRRR.12(f).
- (f) Sums payable under Rule RRRR.12(e) shall be calculated in accordance with the formula:

$$\frac{D}{365} \times \frac{R}{100} \times I$$

where

D = the number of days from (and excluding) the Settlement Day up to (and including) the day on which transfer is effected through the Relevant Settlement System;

R = the average of the Clearing House's sterling base rate in percentage terms at the close of business on each day from (and including) the Settlement Day up to (and excluding) the day on which delivery is effected through the Relevant Settlement System;

I = the invoicing amount in respect of the relevant lot;

and shall be payable at such time and in such manner as the Clearing House may specify.

- (g) (i) If as a result of any of the circumstances referred to in Rules RRRR.12(d) or RRRR.12(e) there is a delay in the delivery of the delivery amount of a Deliverable Gilt and a dividend which would have been received by the Buyer, or if he has nominated one, the Transferee if transfer to him had taken place on the Settlement Day (and he had retained title to the Gilts) is received by the Clearing House or by the Seller, or if he has nominated one, the Transferor then, in addition to any other payments to be made under Rule RRRR.12(e), the Clearing House and the Seller shall make such payments and deliver such documents as may be specified in the Administrative Procedures.
- (ii) Any payment required by paragraph (i) of this Rule shall be made at such time and in such manner as the Clearing House may specify.
- (h) In the event of any delay resulting from any of the circumstances referred to in Rules RRRR.12(d) or RRRR.12(e), the Seller and Buyer shall provide to the Clearing House documentary evidence satisfactory to the Clearing House that they had complied with their obligations under a Contract by the time and in the manner prescribed.
- (i) (i) The Clearing House shall give notice to the Exchange of any instructions given by it under Rule RRRR.12(d)(iii) forthwith upon giving such instructions and of any event contemplated by Rule RRRR.12(d)(iii) which may prevent or has prevented a transfer of Gilts in respect of a Contract upon becoming aware of any such event.
- (ii) If any event contemplated by Rule RRRR.12(d)(iii) occurs, the provisions of Rule RRRR.12 shall apply and the provisions of Rule RRRR.17 shall not apply unless, after consultation with the Clearing House, the Exchange determines that such circumstances have continued or are likely to continue for such duration that the provisions of Rule RRRR.12(d) and RRRR.12(e) shall no longer apply and that the provisions of Rule RRRR.17 shall apply. The Exchange's determination shall be final and binding.
- (j) Any provision of these Contract Rules or of the Administrative Procedures relating to procedures for settlement may be varied, or substituted by different procedures for settlement, by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

RRRR.13 EMERGENCY PROVISIONS

- (a) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the Last Trading Day will not be a business day, then the Exchange may at its discretion determine either that such day shall be the Last Trading Day in respect of that delivery month notwithstanding that it will not be a business day or that the business day next following such day shall become the Last Trading Day in respect of that delivery month, and in either case the Exchange shall post a notice of the Exchange's determination on the Market.
- (b) If, as a result of the Exchange's determination under Rule RRRR.13(a), or for any other reason, the Settlement Day in respect of a lot referred to in a Seller's Delivery Notice is not a day in the delivery month, and if the Deliverable Gilt nominated in respect of such lot would have been delivered cum-dividend during the delivery month but is to be delivered ex-dividend on the Settlement Day, then the invoicing amount in respect of each lot calculated in accordance with Rules RRRR.10(a) and RRRR.10(b) shall be reduced by a sum equal to the gross amount of the dividend.

RRRR.14 COSTS

- (a) The Seller and the Buyer shall bear all costs, losses, claims and expenses of whatsoever nature incurred by them respectively in the course of complying with their obligations under a Contract. This Rule shall be without prejudice to the exercise by the Clearing House of its rights under the Clearing House Rules in respect of fees and other charges.

RRRR.15 DEFAULT

- (a) The provisions of Rules RRRR.15(b) to RRRR.15(i) inclusive shall be subject to the default rules of the Clearing House as may be in force from time to time.
- (b) A Buyer or a Seller shall be in default where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules including, without limitation, if:
 - (A) (in the case of a Seller only) the Gilts transferred by the Seller, or if he has nominated one, the Transferor to the Clearing House through the Relevant Settlement System

do not accord with the Deliverable Gilt specified in respect of a lot in the Seller's Delivery Notice;
 - (B) (in the case of a Buyer only) the Buyer, or if he has nominated one, the Transferee fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified for that purpose in the Administrative Procedures; or
 - (ii) in the reasonable opinion of the Clearing House, the Buyer or the Seller, as the case may be, is otherwise in default (including, but without limitation, in any of the circumstances referred to in Rule RRRR.16).
- (c) Errors in a Seller's Delivery Notice or any other notice to be given hereunder which are determined, in the Clearing House's absolute discretion, to be clerical errors which can readily be rectified shall not be treated as constituting a default.
- (d) Where a Buyer or Seller is in default under Rule RRRR.15(b), the Clearing House may in its absolute discretion take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of the Seller or Buyer not in default including, without prejudice to the generality of the foregoing, steps referred to in Rule RRRR.16. Any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with any steps taken by the Clearing House in relation to a Contract to which a default under Rule RRRR.15(b) relates shall be paid by the Buyer or Seller who is in default. Any steps taken by the Clearing House in relation to a default under Rule RRRR.15(b) shall be without prejudice to any rights (including rights to refer

- matters to arbitration), obligations or claims of the Buyer, the Seller or the Clearing House in relation to a Contract to which the default relates.
- (e) A Buyer who is in default under Rule RRRR.15(b) shall forthwith pay to the Clearing House any sums payable by the Buyer under Rule RRRR.11 and any sums payable pursuant to Rule RRRR.15(d).
 - (f) A Seller who is in default under Rule RRRR.15(b) shall forthwith pay to the Clearing House any sums payable by the Seller under Rule RRRR.11 and any sums payable pursuant to Rule RRRR.15(d).
 - (g) Without prejudice to its rights under any other part of Rule RRRR.15, the Clearing House may refer to the Exchange any dispute or issue arising between any of the parties. If, upon such reference, the Exchange is of the opinion that the default under Rule RRRR.15(b) is of minor significance it shall determine any such dispute or issue between such parties upon such evidence as it may deem relevant and convey its findings to such parties who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of any party to refer the dispute or any related dispute to arbitration under the Regulations.
 - (h) Notwithstanding that a Buyer or Seller may be in default under Rule RRRR.15(b), the Clearing House may in its absolute discretion determine not to exercise or to delay in exercising any of its rights under this Rule RRRR.15 or under Rule RRRR.16, and no failure by the Clearing House to exercise nor any delay on its part in exercising any of such rights shall operate as a waiver of the Clearing House's rights upon that or any subsequent occasion, nor shall any single or partial exercise of any such rights prevent any further exercise thereof or of any other right.
 - (i) A Buyer, a Seller or the Clearing House may refer a dispute arising out of a default under Rule RRRR.15(b) (subject always to the application of provisions of Rule RRRR.16) to arbitration. Any steps taken by the Clearing House pursuant to Rule RRRR.15(d) shall be without prejudice to the rights of any party to refer a dispute to arbitration under the Regulations.

RRRR.16 CONSEQUENCES OF DELIVERY DEFAULT

- (a) The provisions of Rules RRRR.16(b) to RRRR.16(h) inclusive shall be subject to the default rules of the Clearing House, as may be in force from time to time in force.
- (b) For the purpose of this Rule RRRR.16, a reference to a "delivery default" shall be construed as including an actual default by a Seller (or its Transferor in performing the Seller's obligations) in delivering Gilts in accordance with these Contract Rules or an actual default by a Buyer (or its Transferee in performing the Buyer's obligations) in making a payment in accordance with these Contract Rules, or an anticipated default. An anticipated default is a default by a Seller (or its Transferor in performing the Seller's obligations) or by a Buyer (or its Transferee in performing the Buyer's obligations) which the Clearing House, in its reasonable opinion, thinks will occur and in respect of which the Clearing House considers that it should take action under the provisions of this Rule RRRR.16.
- (c) If there appears to the Clearing House to be a delivery default by a Buyer or a Seller in respect of any lot comprised in a registered Contract the Clearing House may take such steps as it deems appropriate to facilitate a mutually acceptable resolution of such delivery default. A resolution of a delivery default may be on such terms and take such form as is acceptable to the Clearing House, to the Buyer and to the Seller. Such terms may limit some or all of the rights of the Buyer, the Seller or the Clearing House to refer any matter concerning or arising out of a delivery default (or the resolution thereof) to arbitration under the Regulations.
- (d) If it appears to the Clearing House that a Clearing Member as Seller or a Clearing Member as Buyer is in delivery default, the Clearing House may in its sole discretion, in addition to any steps taken under Rule RRRR.16(c), take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of the Seller or Buyer not in delivery default including, without prejudice to the generality of the foregoing, the steps referred to elsewhere in this Rule RRRR.16. Any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with any steps taken by the Clearing House in relation to a Contract to which the delivery default relates shall be paid by the Buyer or Seller who is in delivery default. Any steps taken by the

Clearing House in relation to a delivery default shall be without prejudice to any rights (including rights to refer matters to arbitration under Rule RRRR.16(h)), obligations or claims of the Buyer, the Seller or the Clearing House in relation to a Contract to which the delivery default relates.

(e) **Seller in delivery default**

- (i) Unless the terms of a resolution (if any) agreed under Rule RRRR.16(c) of a delivery default by a Seller have been performed then, notwithstanding that the Clearing House is in delivery default to the Buyer on the Settlement Day, the Buyer shall make available, or shall procure its Transferee to make available, in the appropriate account for the purpose of making payment to the Clearing House against delivery the invoicing amount in respect of each delivery amount the Deliverable Gilt set out in the Buyer's Notification on each business day until the earlier of:

- (A) delivery by the Clearing House of a delivery amount of the Deliverable Gilt in respect of a specific lot; or
- (B) the end of the sixth business day following the Settlement Day.

In the event that the Clearing House has not delivered the delivery amount of the Deliverable Gilt by close of business on the sixth business day following the Settlement Day, those lots in respect of which delivery has not been made by the Clearing House shall be the subject of cash settlement. The cash settlement price shall be determined by the Exchange on the seventh business day following the Settlement Day by reference, inter alia, to spread relationships in existence before the cessation of trading on the Last Trading Day and to movements in market prices and values for the Deliverable Gilt and for other delivery months from the cessation of trading on the Last Trading Day to the time when pursuant to this Rule RRRR.16(e)(i) the Exchange determines the cash settlement price. Such cash settlement price shall be final and no dispute as to such price may be referred to arbitration, notwithstanding that any party may refer any dispute which any party might have in relation to the costs, claims, losses, taxes or expenses incurred or suffered by it to arbitration pursuant to Rule RRRR.16(h).

- (ii) Until the time when the terms of a resolution (if any) agreed under Rule RRRR.16(c) of a delivery default by the Seller have been performed, the Clearing House in its sole discretion may take any steps whatsoever which may appear desirable to the Clearing House, in order to perform its obligations to the Buyer in whole or in part on the Settlement Day or otherwise before close of business on the sixth business day following the Settlement Day. The steps which the Clearing House may take may include buying or borrowing some or all of the delivery amount of the Deliverable Gilt from someone other than the Seller. In the event that the Seller attempts to deliver late or does deliver late some or all of the delivery amounts of the Deliverable Gilt to the Clearing House, the Clearing House shall be entitled to reject such attempted late delivery, or actual late delivery, or otherwise treat any such attempted or actual delivery as it sees fit (including, without limitation, selling such Deliverable Gilts as have actually been delivered) if it has already made alternative arrangements to buy, borrow or otherwise acquire for delivery to the Buyer some or all of the delivery amounts of the Deliverable Gilt. In the event that the Clearing House does acquire Gilts at such time and place and in such manner and on such terms as the Clearing House thinks fit from a person other than the Seller in order to meet in whole or in part its obligations to the Buyer to make delivery of Gilts:
- (A) if the total cost incurred by the Clearing House in acquiring the Gilts, including for the avoidance of doubt the cost of any purchase of Deliverable Gilts by the Clearing House in order to fulfil any obligations under the acquisition arrangements it has made ("the Acquisition Cost"), is greater than the invoicing amount which would have been payable by the Clearing House to the Seller, or if he has nominated one, the Transferor in respect of the relevant lot, the Seller shall forthwith pay the amount of such difference to the Clearing House; or
- (B) if the Acquisition Cost is less than the invoicing amount referred to above, the amount of such difference shall (if any remains after the deduction so far as possible of such sums as are payable by the Seller to the Clearing House under sub-paragraph (C) below or otherwise) be retained by the Clearing House to the order of the Exchange; and

- (C) the Seller shall forthwith pay to the Clearing House any sums payable by the Seller under Rule RRRR.11 and any sums (including, without limitation, costs, claims, losses taxes or expenses) payable to the Clearing House pursuant to this Rule RRRR.16, including, for the avoidance of doubt, all related administrative and funding costs (including borrowing costs) suffered or incurred by the Clearing House.

(f) Buyer in delivery default

- (i) If a Buyer is in delivery default to the Clearing House, the Clearing House shall be entitled to take such steps as it considers appropriate in order to make payment of the invoicing amount to the Seller in respect of the delivery amount of the Deliverable Gilt to be delivered to it by the Seller. Unless the terms of a resolution (if any) agreed under Rule RRRR.16(c) of a delivery default by a Buyer have been performed, or if the Clearing House has been unable to take delivery of the delivery amount of the Deliverable Gilt from the Seller as a result of a delivery default by the Buyer, the Seller shall, notwithstanding this delivery default, take all necessary steps to make available for delivery each delivery amount of the Deliverable Gilt specified in respect of each lot in the Seller's Delivery Notice at a later time on the Settlement Day and on each business day following the Settlement Day until the earlier of:
- (A) the Seller delivering such delivery amounts (whether altogether simultaneously or in separate amounts at different times as may be directed by the Clearing House) to the Clearing House in consideration for the Clearing House paying to the Seller the invoicing amount in respect of each such previously undelivered delivery amount of the Deliverable Gilt; or
- (B) the end of the sixth business day following the Settlement Day.

In the event that the Clearing House has not paid the invoicing amount to the Seller in respect of each lot by close of business on the sixth business day following the Settlement Day, those lots in respect of which payment has not been made by the Clearing House shall be the subject of cash settlement. The cash settlement price shall be determined by the Exchange on the seventh business day following the Settlement Day by reference, inter alia, to spread relationships in existence before the cessation of trading on the Last Trading Day and to movements in market prices and values for the Deliverable Gilt and for other delivery months from the cessation of trading on the Last Trading Day to the time when pursuant to this Rule RRRR.16(f)(i) the Exchange determines the cash settlement price. Such cash settlement price shall be final and no dispute as to such price may be referred to arbitration, notwithstanding that any party may refer any dispute which any party might have in relation to the costs, claims, losses, taxes or expenses incurred or suffered by it to arbitration pursuant to Rule RRRR.16(h).

- (ii) Notwithstanding the Buyer's delivery default, the Clearing House may have acquired Deliverable Gilts from the Seller (or its Transferor). When this occurs, the Clearing House in its sole discretion may sell any or all Gilts delivered by the Seller (or its Transferor) at such time and place and in such manner and on such terms as may to the Clearing House seem fit. Where the price at which such Gilts are sold ("the Sale Price") is less than the invoicing amount in respect of the relevant lot the difference between the Sale Price and the invoicing amount, together with any funding costs incurred by the Clearing House in accepting delivery of some, or all, delivery amounts of Deliverable Gilts from the Seller pursuant to this Rule RRRR.16(f)(ii), shall forthwith be paid by the Buyer who is in delivery default to the Clearing House. Where the invoicing amount is less than the Sale Price the difference between the invoicing amount and the Sale Price (if any remains after the deduction so far as possible of such sums as are payable by the Buyer to the Clearing House hereunder (including, without limitation, costs, including administrative and funding costs suffered or incurred by the Clearing House and described elsewhere in this Rule RRRR.16(f)(ii) or otherwise including, without limitation, costs, claims, losses, taxes or expenses) shall be retained by the Clearing House to the order of the Exchange.
- (iii) A Buyer who is in delivery default shall forthwith pay to the Clearing House any sums payable by the Buyer under Rule RRRR.11 and any sums payable to the Clearing House pursuant to this Rule RRRR.16.

- (g) Without prejudice to its rights under any other part of Rule RRRR.16, the Clearing House may refer to the Exchange any dispute or issue arising between any of the parties. If, upon such reference, the Exchange is of the opinion that the delivery default is of minor significance it shall determine any such dispute or issue between such parties upon such evidence as it may deem relevant and convey its findings to such parties who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of any party to refer the dispute or any related dispute to arbitration under the Regulations.
- (h) Subject always to a resolution of a delivery default pursuant to Rule RRRR.16(c), the terms of which by agreement limit in whole or in part the rights of one or more of a Buyer, a Seller or the Clearing House to refer a dispute to arbitration under the Regulations and subject to the provisions in this Rule RRRR.16 limiting the matters which may be referred to an arbitration, a Buyer, a Seller or the Clearing House may refer a dispute arising out of a delivery default to arbitration under the Regulations.
- (i) The provisions of Rules RRRR.15 and RRRR.16 relating to steps that may be taken by the Clearing House, where there appears to the Clearing House to be a delivery default by a Buyer or, as the case may be, a Seller under Rule RRRR.15(b), may be varied, or different steps may be substituted therefor by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to such existing and/or new Contracts and registered Contracts as the Exchange may determine.

RRRR.17 FORCE MAJEURE

- (a) Subject to the provisions of Rules RRRR.12(d)(iii) and RRRR.12(e) and to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules of the Clearing House, in the event of a Seller or a Buyer being prevented from performing his obligations in respect of any lot comprised in a Contract by the due time therefor by any cause beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems such lot shall be invoiced back at a price to be fixed by the Exchange in consultation with the Clearing House.

RRRR.18 [NOT USED]**RRRR.19 [NOT USED]****RRRR.20 [NOT USED]****RRRR.21 [NOT USED]****RRRR.22 STATEMENT IN RELATION TO ICE FUTURES GILT FUTURES CONTRACTS**

- (a) Potential users of the ICE Futures Gilt Futures Contracts made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules and Administrative Procedures.

Potential users should consider the risks of holding a position into the Notice Period of an ICE Futures Gilt Futures Contract wherein they are potential buyers or sellers in the delivery process. In particular, they should familiarise themselves with the use of Price Factors and the EDSP price formation process as these are both constituents of the formula for the calculation of the invoicing amount.

TABLE²

Coupon Range of Deliverable Gilts	≤ 7%	≤ 7%	≤ 7%	≤ 6%
Unit of Trading	£100,000 nominal value notional Gilt	£100,000 nominal value notional Gilt	£100,000 nominal value notional Gilt	£100,000 nominal value notional Gilt
Notional Coupon	4%	4%	4%	3%
Delivery Months	Mar, Jun, Sep, Dec	Mar, Jun, Sep, Dec	Mar, Jun, Sep, Dec	Mar, Jun, Sep, Dec
No. of delivery months available for trading	3 Quarterly	3 Quarterly	2 Quarterly	2 Quarterly
Quotation	Per £100 nominal	Per £100 nominal	Per £100 nominal	Per £100 nominal
Minimum price movement (value)	0.02 (£20)	0.01 (£10)	0.01 (£10)	0.01 (£10)
Exchange Delivery Settlement Price (EDSP)	The price as determined by the Exchange at 11:00 according to Rule RRRR.9, rounded to the nearest lower number of Pounds and whole pence (0.01)			
First Notice Day	Two business days prior to the first day of the delivery month			
Last Notice Day	First business day after the Last Trading Day			
Last Trading Day	Two business days prior to the last business day of the delivery month			
Delivery Day	Any business day in delivery month (at seller's choice)			
Relevant Settlement System	CREST, operated by Euroclear UK & Ireland Ltd			

² Amended 19 October 2016

³ Deliverable Gilts include only gilt issues which provide for the redemption of the entire gilt issue in a single instalment within the maturity ranges stated above, from the first day of the relevant delivery month.

SECTION SSSS - PROCEDURES: ICE FUTURES GILT FUTURES CONTRACTS¹

SSSS.0	Interpretation
SSSS.1	Price
SSSS.2	Settlement Procedures
SSSS.3	Timetable

¹ All times are London times unless otherwise specified

SSSS.0 INTERPRETATION

All defined terms as set out in Rule RRRR shall apply to this Rule SSSS.

SSSS.1 PRICE

The minimum price fluctuation shall be one penny per £100 in respect of Long, Medium and Short Gilts, and two pennies per £100 in respect of Ultra Long Gilts.

SSSS.2 SETTLEMENT PROCEDURES

All deliveries under this Contract must be made in accordance with the Relevant Settlement System Rules, Rule RRRR, the Administrative Procedures and the procedures from time to time in force.

SSSS.3 TIMETABLE

On or before the tenth business day prior to the First Notice Day

The Exchange will publish the List of Deliverable Gilts.

Last Trading Day

At 11.00 hours Trading for Contracts in the current delivery month shall cease.

On each business day during the Notice Period (except for the Last Notice Day)

By 11.00 hours A Selling Clearing Member (Seller) may deliver to the Clearing House, in the form prescribed, a Seller's Delivery Notice in respect of registered Contracts.

A Seller's Delivery Notice presented after the time prescribed will be treated as having been received on the next following business day.

Each Seller's Delivery Notice shall specify in respect of each lot full details of the Deliverable Gilt, the delivery amount of which is to be transferred in accordance with Rule RRRR on the Settlement Day.

Only one Deliverable Gilt shall be nominated in respect of each lot referred to in the Seller's Delivery Notice.

By 11.30 hours The Exchange will announce the EDSP. This will be determined in accordance with Rule RRRR.9, and the prices used for the calculation thereunder shall be those during the period of one minute immediately preceding 11.00 hours.

By 12.00 hours Except where the Seller's Delivery Notice has been given to the Clearing House on the Last Trading Day (or is deemed by these Administrative Procedures as having been received on the Last Trading Day), the Clearing House will allocate each lot to a Buying Clearing Member (Buyer) for the purpose of delivery. The allocation of lots will be made pro rata to each Buyer's gross bought position as at the close of trading the previous day as notified to the Clearing House under these Administrative Procedures.

Where the Seller's Delivery Notice has been given to the Clearing House on the Last Trading Day (or is deemed by these Administrative Procedures as having been received on the Last Trading Day), the Clearing House will allocate each lot to a Buyer in accordance with the Administrative Procedures set out, and by the time prescribed, in the section below headed "Last Notice Day" as though the Seller's Delivery Notice had been given to or deemed to be received by the Clearing House on the Last Notice Day

and the provisions of that section which follow the allocation provisions will then apply.

By 15.00 hours The allocation of Deliverable Gilts to Buyers will be made on a random basis. The Clearing House will inform each Buyer to whom an allocation has been made of his allocation of a Deliverable Gilt and will inform both the Buyer and the Seller of the invoicing amount payable.

Business day prior to Settlement Day (except where the Seller's Delivery Notice is given, or is treated as having been received, on the Last Trading Day or the Last Notice Day)

By 05.00 hours The Clearing House will in respect of each lot make available to the Buyer and the Seller details of the instructions which the Seller, or if he has nominated one, the Transferor and the Buyer, or if he has nominated one, the Transferee shall submit to the Relevant Settlement System.

From 09.00 hours The details to be submitted to the Relevant Settlement System pursuant to Rule RRRR.8A(a) so as to enable matching to take place in order that settlement of Contracts is effected through the Relevant Settlement System on the Settlement Day.

Last Notice Day

In respect of Contracts remaining open at the close of trading on the Last Trading Day the following Administrative Procedures shall apply.

By 10.00 hours Each Seller holding open Contracts shall have delivered to the Clearing House a Seller's Delivery Notice in the form prescribed by the Clearing House.

Each Seller's Delivery Notice shall specify in respect of each lot:

- (a) full details of the Deliverable Gilt, the delivery amount of which is to be transferred in accordance with Rule RRRR on the Settlement Day; and
- (b) the name of the person who will transfer the delivery amount of the Deliverable Gilt ("the Transferor"), who may be the Seller himself or some other person.

Only one Deliverable Gilt shall be nominated in respect of each lot referred to in the Seller's Delivery Notice.

By 11.00 hours The Clearing House will allocate each lot to a Buyer for the purpose of delivery. The allocation of Deliverable Gilts to Buyers will be made on a random basis. The Clearing House will inform each Buyer of his allocation of Deliverable Gilts.

By 12.00 hours The Clearing House will inform both Buyer and Seller of the invoicing amount.

By 15.00 hours The Clearing House will in respect of each lot make available to the Buyer and the Seller details of the instructions which the Transferor and Transferee shall submit to the Relevant Settlement System.

From 15.00 hours The details to be submitted, as required by Rule RRRR.8A(a), to the Relevant Settlement System so as to enable matching to take place in order that settlement of Contracts is effected through the Relevant Settlement System on the Settlement Day.

Settlement Day

By 09.30 hours All payments required by Rule RRRR.11(a) to be made by the Buyer and the Seller shall have been completed.

- By 13.00 hours
- (a)
 - (i) The Seller, or if he has nominated one, the Transferor shall in respect of each lot to be delivered by him have transferred the delivery amount of the Deliverable Gilt specified in respect of that lot in the Seller's Delivery Notice in accordance with Rule RRRR.7(c) to the account of the Clearing House at the Relevant Settlement System; and
 - (ii) payment of the invoicing amount for such delivery amount of the Deliverable Gilt shall have been satisfied by an Assured Payment,

provided, where the Seller is not the Transferor, the Clearing House shall not be obliged to accept such transfer or make such payment unless the provisions of Rule RRRR.7(f) have been satisfied, and
 - (b)
 - (i) the Clearing House shall in respect of each lot to be delivered to the Buyer, or if he has nominated one, the Transferee have transferred the delivery amount of the Deliverable Gilt specified in respect of that lot in accordance with Rule RRRR.8(a) to the account of the Buyer, or if he has nominated one, the Transferee at the Relevant Settlement System; and
 - (ii) payment of the invoicing amount for such delivery amount of the Deliverable Gilt shall have been satisfied by an Assured Payment.

SSSS.4 DIVIDENDS

If, in the circumstances referred to in Rule RRRR.12(g), a dividend which would have been received by the Buyer is received by the Clearing House or by the Seller then, in addition to any other payments to be made under Rule RRRR.12(e):

- (a) if such dividend is received by the Clearing House, the Clearing House shall pay to the Buyer a sum equal to the net amount received by it; or
- (b) if such dividend is received by the Seller, or if he has nominated one, the Transferor, the Seller shall pay to the Clearing House and the Clearing House shall then pay to the Buyer a sum equal to the amount received by the Seller, or if he has nominated one, the Transferor.

TTTT.1 INTERPRETATION

(a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.

(b) In these Contract Rules and the Administrative Procedures:

“Administrative Procedures” means the administrative procedures at Rule UUUU implemented by the Exchange for the purposes of these Contract Rules.

“Assured Payment” means, in the case of Euro-denominated Government Bonds transferred through the Relevant Settlement System, a system-generated payment instruction which is binding on:

(a) the Clearing House’s settlement bank in favour of the Seller’s, or if he has nominated one, the Transferor’s settlement bank in the case of a transfer of Euro-denominated Government Bonds from the Seller, or if he has nominated one, the Transferor to the Clearing House through the Relevant Settlement System; and

(b) the Transferee’s settlement bank in favour of the Clearing House’s settlement bank in the case of a transfer of Euro-denominated Government Bonds from the Clearing House to the Transferee through the Relevant Settlement System,

of an amount equal to the invoicing amount.

“business day” means a day on which the market and banks in Europe, the Clearing House and the Relevant Settlement System are open for business.

“Buyer” in respect of a Contract means the person who, unless they have nominated a Transferee, is required under such Contract to accept transfer in respect of each lot of the delivery amount of a Deliverable Euro-denominated Government Bond and who is obliged pursuant to these Contract Rules to make payment in respect of each lot (including, except where the context otherwise requires, the Clearing House as buyer under a registered Contract).

“Buyer’s Notification” means the notice to be given by the Clearing House to the Buyer under Rule TTTT.9.

“Contract” means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots specified by the Exchange in the Tables, and “registered Contract” means a contract registered by the Clearing House.

“Deliverable Euro-denominated Government Bond” means in respect of one or more lots specified by the Exchange in the Tables, a bond listed on the List of Deliverable Euro-denominated Government Bonds for a particular Delivery month.

“Delivery Day”	in respect of each lot comprised in a Contract means (subject to Rule TTTT.15(b)) the tenth calendar day of the delivery month for such Contract. If such day is not a business day, then the business day immediately following the tenth business day of the relevant delivery month.
“delivery month”	means each month specified as such by the Exchange pursuant to the Regulations.
“EDSP”	means Exchange Delivery Settlement Price and has the meaning attributed to it in Rule TTTT.11.
“euro”, “€”, “eurocents”	denotes the single currency of the European Union introduced in a Member State pursuant to its participation in Economic and Monetary Union in the European Union.
“Euro-denominated Government Bond”	means a unit of €100 of a Deliverable Euro-denominated Government Bond.
“Euro-denominated Government Bond issue”	means a bond issued by Germany, Italy or Spain.
“full coupon period”	means the period from and including the previous quasi-coupon date up to but excluding the following quasi-coupon date.
“Germany”	means the Federal Republic of Germany.
“invoicing amount”	has the meaning attributed to it in Rule TTTT.12.
“Italy”	means the Republic of Italy.
“Last Trading Day”	means, subject to Rule TTTT.15(a), in respect of any delivery month where the Market Day is two business days prior to the Delivery Day in that month.
“List of Deliverable Euro-denominated Government Bonds”	has the meaning attributed to it in Rule TTTT.3(a).
“lot”	has the meaning attributed to it in Rule TTTT.2(b).
“Market Day”	in respect of a Deliverable Euro-denominated Government Bond means a day on which the market and the Clearing House are open for business.
“Notional Coupon”	means the annual interest rate, expressed as a percentage, in respect of a €100,000 nominal value notional Euro-denominated Government Bond.
“Price Factor”	has the meaning attributed to it in Rule TTTT.4.
“proprietary or equitable interest”	means any proprietary or equitable interest or right whatsoever including without limitation any such interest or right arising under or by virtue of any disposition made or purporting to be made by way of security or by way of loan and any other lien, encumbrance or equity of any kind.

“quasi-coupon dates”	in respect of a Deliverable Euro-denominated Government Bond means the dates which reflect the coupon frequency (i.e. annual, semi-annual or quarterly) defined by a bond’s maturity date, irrespective of whether cash flows occur on those dates, including a date falling before the issue date of the Deliverable Euro-denominated Government Bond.
“Relevant Delivery Procedures”	means one or more documents issued by the Clearing House from time to time relating to the settlement of Euro-denominated Government Bonds through the Relevant Settlement System.
“Relevant Settlement System”	means Euroclear NV/SA or Clearstream Banking AG as the context may require.
“Relevant Settlement System Account”	means: <ul style="list-style-type: none"> (a) in the case of Clearstream Banking AG, a member account (as defined in the Clearstream Rules) maintained by Clearstream Banking AG for the transfer of securities. (b) in the case of Euroclear NV/SA, a member account (as defined in the Euroclear Rules) maintained by Euroclear NV/SA for the transfer of securities.
“Relevant Settlement System business day”	means a day when the Relevant Settlement System is operational for business.
“Relevant Settlement System Rules”	means those parts of the rules, reference manual, procedures, practices and any other document from time to time in force of the Relevant Settlement System which apply to the settlement of transactions by participants in the Relevant Settlement System.
“Rules of the Relevant Settlement System”	means, in the case of Clearstream Banking AG, Clearstream Banking AG Rules, and in the case of Euroclear NV/SA, the Euroclear NV/SA Rules.
“Spain”	means the Kingdom of Spain.
“Seller”	in respect of a Contract means the person who, unless they have nominated a Transferor, is required under such Contract to transfer in respect of each lot the delivery amount of a Deliverable Euro-denominated Government Bond and who is obliged under such Contract to make delivery pursuant to these Contract Rules.
“Seller’s Delivery Notice”	means the notice to be given by the Seller to the Clearing House under Rule RRRR.8.
“Settlement Agent”	means: <ul style="list-style-type: none"> (a) in respect of Euro-denominated Bonds settled through Clearstream Banking AG, a Clearstream AG Member; and

- (b) in respect of Euro-denominated Bonds settled through Euroclear NV/SA, a Euroclear Member.

“Settlement Day” in respect of each lot comprised in a Contract means the business day after the Last Trading Day.

“Transferee” in respect of a Contract means the person who, having been nominated by another Clearing Member, is required under such Contract to accept transfer in respect of each lot of the delivery amount of a Deliverable Euro-denominated Government Bond and who is obliged pursuant to these Contract Rules to make payment in respect of each lot (including, except where the context otherwise requires, the Clearing House as buyer under a registered Contract).

“Transferor” in respect of a Contract means the person who, having been nominated by another Clearing Member, is required under such Contract to transfer in respect of each lot of the delivery amount of a Deliverable euro-denominated Government Bond and who is obliged under such contract to make delivery pursuant to these Contract Rules (including, except where the context otherwise requires, the Clearing House as seller under a registered Contract).

- (c) References to “specified by the Exchange in the Tables” means as specified in the relevant column in Table I, Table II and Table III. The Tables attached hereto form part of these Contract Rules.

TTTT.2 CONTRACT SPECIFICATION

- (a) These Contract Rules shall apply to all Contracts.
- (b) Each Contract shall be for one or more lots for the delivery month specified. A “lot” shall be an amount having a nominal value as set out under “Unit of Trading” in the Tables.

TTTT.3 LIST OF DELIVERABLE EURO-DENOMINATED GOVERNMENT BONDS

- (a) In respect of each delivery month, the Exchange will publish on or before the day specified for that purpose in the Administrative Procedures a final list of Deliverable Euro-denominated Government Bonds (the “List of Deliverable Euro-denominated Government Bonds”) which will constitute, subject to Rule TTTT.3(c), Deliverable Euro-denominated Government Bonds capable of being included in a valid Seller’s Delivery Notice given in accordance with Rule TTTT.8, being Euro-denominated Government Bond issues having the characteristics listed in Rule TTTT.3(b) at the date of publication of the List of Deliverable Bonds.
- (b) The characteristics referred to in Rule TTTT.3(a) are:
 - (i) having terms as to redemption that provide for redemption of the entire Euro-denominated Government Bond issue in a single instalment such that the length of time to the maturity date from the Delivery Day of the relevant delivery month is within the maturity range specified by the Exchange in the Tables;
 - (ii) where relevant, having an original term to maturity, such that the length of time from the issue date to the maturity date of the Euro-denominated Government Bond issue is within the original term specified by the Exchange in the Tables;
 - (iii) having no terms permitting or requiring early redemption;

- (iv) bearing interest at a single fixed rate throughout the term of the issue payable in arrears according to the coupon frequency (except in the case of the first interest payment period which may be more or less than a full quasi-coupon period);
 - (v) being denominated and payable as to principal and interest only in euro and eurocents;
 - (vi) not being callable; and
 - (vii) having an aggregate principal amount outstanding of not less than €5 billion which, by its terms and conditions, if issued in more than one tranche or tap or issue, is fungible.
- (c) The Exchange may in its absolute discretion exclude from the List of Deliverable Euro-denominated Government Bonds any Euro-denominated Government Bond issue which would qualify to be included in such list in respect of a delivery month without giving any reason for such exclusion.
- (d) All details included in the List of Deliverable Euro-denominated Government Bonds published in respect of a delivery month under Rule TTTT.3(a) shall (subject to the emergency powers contained in the Regulations) be final and binding including, without prejudice to the foregoing Price Factors, and the accrued interest figures shown thereon for the purposes of calculating the invoicing amount (subject to the provisions of Rule TTTT.15(c) regarding adjustments to the invoicing amount).

TTTT.4 PRICE FACTOR

- (a) The List of Deliverable Bonds published by the Exchange in respect of a delivery month specified by the Exchange in the Tables under Rule TTTT.3(a) will specify a price factor (the “Price Factor”) for each Deliverable Euro-denominated Government Bond calculated in accordance with the formulae set out in Rule TTTT.4(a).
- (i) For each Deliverable Euro-denominated Government Bond issued by Germany and Spain, the Price Factor will be calculated in accordance with the following formulae set-out in paragraphs (i) and (ii) of this Contract Rule:

$$P(x) = \frac{1}{(1+x)^f} \times \left[c \left(\frac{r_k}{s_k} \right) + \frac{c}{x} \left((1+x) - \frac{1}{(1+x)^n} \right) + \frac{1}{(1+x)^n} \right] - AI$$

where $P(x)$ equals the price per €1 nominal of such Deliverable Euro-denominated Government Bond at which it has a gross redemption yield of x per annum, calculated as at the Delivery Day, minus the undiscounted amount of accrued interest on such Deliverable Euro-denominated Government Bond on that day, using the formulae set out in paragraph (ii) of this Contract Rule.

where:

D = Delivery Day

NCD = next quasi-coupon date after the Delivery Day where actual cash flows are expected to occur

$1CD$ = quasi-coupon date one full coupon period prior to the NCD

$2CD$ = quasi-coupon date two full coupon periods prior the NCD

IAD = interest accrual date if the Delivery Day falls in a short or long first coupon period, otherwise quasi-coupon date one full coupon period prior to the NCD .

r = $1CD - D$

$s =$ NCD – 1CD, where $r < 0$; 1CD – 2CD where $r \geq 0$

$r_k =$ 1CD - IAD

$s_k =$ NCD – 1CD, where $r_k < 0$; 1CD – 2CD where $r_k \geq 0$

$f =$ $1 + r/s$

$c =$ Annual coupon per €1 nominal of the Euro-denominated Government Bond

$n =$ Number of full coupon periods between the NCD and the redemption date

$x =$ Notional Coupon as specified in the Tables e.g. $x = 0.06$ for a 6% Notional Coupon

AI = Accrued interest per €1 nominal of the Euro-denominated Government Bond calculated using the formula set out in (ii);

- (ii) The accrued interest (AI) in the formula set out in paragraph (i) will be calculated in accordance with the following formula:

$$AI = c \left(\frac{r_k}{s_k} - \frac{r}{s} \right)$$

- (iii) For each Deliverable Euro-denominated Government Bond issued by Italy, the Price Factor will be calculated in accordance with the following formula:

$$P(x) = \frac{1}{(1+x)^{\frac{f}{cc}}} \times \left[\frac{c}{cc} \left(\frac{r_k}{s_k} \right) + \sum_{i=0}^n \frac{c_i}{cc \times (1+x)^{\frac{i}{cc} + p_i}} + \frac{1}{(1+x)^{\frac{n}{cc} + p_n}} \right] - AI$$

where $P(x)$ equals the price per €1 nominal of such Deliverable Euro-denominated Government Bond at which it has a gross redemption yield of x per annum, calculated as at the Delivery Day, minus the undiscounted amount of accrued interest on such Deliverable Euro-denominated Government Bond on that day, using the formulae set out in paragraph (ii) of this Contract Rule.

where:

D = Delivery Day

NCD = next quasi-coupon date after the Delivery Day where actual cash flows are expected to occur

1CD = quasi-coupon date one full coupon period prior to the NCD

2CD = quasi-coupon date two full coupon periods prior the NCD

IAD = interest accrual date if the Delivery Day falls in a short or long first coupon period, otherwise quasi-coupon date one full coupon period prior to the NCD.

$r =$ 1CD – D

$s =$ NCD – 1CD, where $r < 0$; 1CD – 2CD where $r \geq 0$

$r_k =$ 1CD - IAD

$s_k =$ NCD – 1CD, where $r_k < 0$; 1CD – 2CD where $r_k \geq 0$

$$f = 1 + r/s$$

$c =$ Annual coupon per €1 nominal of the Euro-denominated Government Bond

$cc =$ coupon cycle (1= annual, 2 = semi-annual, 4 = quarterly)

$c_i =$ i^{th} coupon payment after NCD ($c_0 =$ coupon payment at NCD)

$\text{lag}_i =$ number of calendar days between the quasi-coupon payment date and the actual payment date of the i^{th} coupon (adjusts for weekends or holidays)

$t_{i,i+1} =$ number of calendar days between the i^{th} quasi coupon date, and the $i^{\text{th}}+1$ quasi coupon date

$$p_i = \text{lag}_i / t_{i,i+1}$$

$\text{lag}_n =$ number of calendar days between the redemption date and the actual payment date of the redemption value (adjusts for weekends or holidays)

$t_{n,n+1} =$ number of calendar days between the redemption date and the following quasi coupon date

$$p_n = \text{lag}_n / t_{n,n+1}$$

$n =$ Number of full coupon periods between the NCD and the redemption date

$x =$ Notional Coupon as specified in the Tables e.g. $x = 0.06$ for a 6% Notional Coupon

$AI =$ Accrued interest per €1 nominal of the Euro-denominated Government Bond calculated using the formula set out in (iv);

- (iv) The accrued interest (AI) in the formula set out in paragraph (iii) will be calculated in accordance with the following formula:

$$AI = \frac{c}{cc} \left(\frac{r_k}{s_k} - \frac{r}{s} \right)$$

TTTT.5 PRICE

- (a) The Contract price shall be expressed in euro and eurocents per €100 nominal of a security which if it were in issue and included in the List of Deliverable Euro-denominated Government Bonds would have a Price Factor of 1.

TTTT.6 CESSATION OF TRADING

- (a) No Contract for the current delivery month shall be made after the time on the Last Trading Day specified for that purpose in the Administrative Procedures.

TTTT.7 SETTLEMENT AGENT

- (a) Only a Settlement Agent with a settlement account at the Relevant Settlement System (a “Relevant Settlement System Account”) may be used for the purposes of making or taking delivery of a Euro-denominated Government Bond under a Contract by transfer of Euro-denominated Government Bond through such Relevant Settlement System and making or receiving payment of the settlement amount under a Contract in accordance with these Contract Rules, unless the Regulations otherwise require or permit.

TTTT.8 SELLER'S DELIVERY NOTICE

- (a) In respect of each delivery month, a Seller in whose name are registered by the Clearing House one or more Contracts and who intends to make delivery of any lot comprised in any such Contract shall give to the Clearing House a Seller's Delivery Notice not later than the time on the Last Trading Day specified for that purpose in the Administrative Procedures in respect of each lot comprised in such Contracts.
- (b) A Seller's Delivery Notice shall be addressed to the Clearing House by the Seller and be in a form from time to time prescribed by the Clearing House. A Seller's Delivery Notice shall, in respect of each lot referred to in the notice, specify:
 - (i) full details of the Deliverable Euro-denominated Government Bond, the delivery amount of which is to be transferred in accordance with these Contract Rules in respect of a lot, against payment of the invoicing amount;
 - (ii) any other details required by the Clearing House from time to time.
- (c) Only one Deliverable Euro-denominated Government Bond shall be nominated in respect of each lot referred to in a Seller's Delivery Notice.
- (d) By giving a Seller's Delivery Notice the Seller shall be deemed:
 - (i) to represent and warrant to the Clearing House and to the Buyer that on the Settlement Day the Seller, or if he has nominated one, the Transferor will transfer to the Clearing House in accordance with Rule TTTT.14(a) the delivery amount of the Deliverable Euro-denominated Government Bond referred to in the Seller's Delivery Notice by the time specified for that purpose in the Administrative Procedures; and
 - (ii) to acknowledge to and agree with the Clearing House and the Buyer, or if he has nominated one, the Transferee that:
 - (A) (on the Settlement Day and thereafter until the delivery amount of the Deliverable Euro-denominated Government Bond is transferred to the Clearing House, the Seller, or if he has nominated one, the Transferor will be entitled to transfer all right, title and interest in such Euro-denominated Government Bonds free of any proprietary or equitable interest of any other person; and
 - (B) (without prejudice to the generality of paragraph (ii)(A) above) the Seller, if he is not also the Transferor, shall have no proprietary or equitable interest in such Euro-denominated Government Bonds.

The Seller waives any interest referred to in paragraph (ii)(B) above to the extent that it may arise.

- (e) The Clearing House shall not be obliged to accept a Seller's Delivery Notice if the Transferor is not the Seller, unless evidence satisfactory to the Clearing House of the Transferor's title to the euro - denominated Government Bonds to be transferred as referred to in Seller's Delivery Notice is requested by the Clearing House and provided to the Clearing House.

TTTT.9 ALLOCATION TO BUYERS

- (a) (i) The Clearing House will allocate to a Clearing Member registered or to be registered as a Buyer each lot referred to in a Seller's Delivery Notice by such method of allocation as may be specified in the Administrative Procedures.
- (ii) The Clearing House may make a re-allocation to Buyers pursuant to Rule TTTT.14(c)(i).

- (b) The Clearing House will advise the Buyer of any allocation made pursuant to Rule TTTT.9(a) on the Last Trading Day and by the applicable time specified in the Administrative Procedures.
- (c) The Buyer shall be deemed:
 - (i) to represent and warrant to the Clearing House and to the Seller that the Buyer, or if not himself, the Transferee will accept the transfer of the delivery amount of the Deliverable Euro-denominated Government Bond in respect of each lot; and
 - (ii) to acknowledge to and agree with the Clearing House and the Seller that:
 - (A) the Buyer, if he is not also the Transferee, shall have no proprietary or equitable interest in such Euro-denominated Government Bonds; and
 - (B) subject only to Rule TTTT.14(d)(iii), the Buyer alone is responsible to the Clearing House for payment of all sums due to the Clearing House in respect of such transfer by the time specified for that purpose in the Administrative Procedures.

The Buyer waives any interest referred to in paragraph (ii)(A) above to the extent that it may arise.

- (d) By the time specified for that purpose in the Administrative Procedures on the Last Trading Day, the Clearing House will notify the Buyer and the Seller of any sums due from the Buyer to the Clearing House and from the Clearing House to the Seller (or vice versa) calculated in accordance with Rule TTTT.12.

TTTT.10 SUBMISSION OF DETAILS TO THE RELEVANT SETTLEMENT SYSTEM

- (a) The Clearing House shall, on the relevant day and by the applicable time specified in the Administrative Procedures, have given to the Seller and to the Buyer the details of Contracts which shall be submitted to the Relevant Settlement System.
- (b) On the Last Trading Day and by the applicable time specified in the Administrative Procedures, the details of Contracts notified to the Seller and to the Buyer pursuant to Rule TTTT.10(a), and such other details as may be required by the Relevant Delivery Procedures shall have been submitted by or on behalf of the Transferor, the Transferee and the Clearing House in such form as may be required by such terms, to the Relevant Settlement System to enable matching to take place in the Relevant Settlement System in order that settlement of Contracts is effected through the Relevant Settlement System on the Settlement Day.

TTTT.11 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) Subject to Rules TTTT.11(b) and 11(c), the EDSP for Contracts for a particular delivery month shall be calculated on the Last Trading Day by Exchange officials as follows:
 - (i) if one or more Contracts for that delivery month have been made on such day during the period specified for this purpose in the Administrative Procedures, then:
 - (A) if only one Contract has been made, the EDSP shall be the price at which that Contract was made, or
 - (B) if more than one Contract has been so made, the EDSP shall be the average of the prices at which such Contracts were made, weighted by reference to the number of lots comprised in each such Contract and rounded to the nearest minimum price movement of the Contract or, where such average is a number of whole minimum price movements and one half of one minimum price movement, to the nearest lower number of minimum price movements.

- (ii) if on the Last Trading Day, during the period specified for this purpose in the Administrative Procedures, no Contract for that delivery month has been made but both an offer (or offers) and a bid (or bids) have been made in respect of a Contract (or Contracts) for the delivery month, then the EDSP shall be the average of the lowest price at which such an offer was made and the highest price at which such a bid was made and rounded to the nearest minimum price movement or, where such average is a number of whole minimum price movements and one half of one minimum price movement, to the nearest lower number of minimum price movements;
 - (iii) if on such day, during the period specified for this purpose in the Administrative Procedures, no Contract for that delivery month has been made and either no offer or bid or neither an offer nor a bid has been made in respect of a Contract for that delivery month, then Exchange officials shall determine the EDSP by reference inter alia to the prices at which any offers or bids in respect of a Contract for that delivery month were made during such period on such day, reference to readily observable prices in other related markets, including the cash market values of the relevant underlying Deliverable Euro-denominated Government Bonds during such period on such day, or to any of such prices and values, such prices and values being in all cases those as ascertained by Exchange officials.
- (b) If, in the opinion of Exchange officials, the EDSP which would result from a calculation made in accordance with Rule TTTT.11(a) would not be consistent with the cash market values of Deliverable Euro-denominated Government Bonds (as determined by Exchange officials) during the period referred to in Rule TTTT.11(a), then Exchange officials may in their absolute discretion fix the EDSP at a price determined by them as being consistent with such cash market values.
- (c) The Exchange shall publish the EDSP at such time as may be specified for that purpose in the Administrative Procedures. The EDSP shall be final and binding for all purposes.

TTTT.12 CALCULATION OF INVOICING AMOUNT

- (a) The “invoicing amount” in respect of each lot comprised in a Seller’s Delivery Notice shall be a sum calculated in accordance with the formula:

$$1000 \times \text{EDSP} \times \text{PF} + \text{AI}$$

where:

EDSP = the EDSP for the current delivery month;

PF = the Price Factor for the Deliverable Euro-denominated Government Bond specified in respect of a lot in the Seller’s Delivery Notice, as shown in respect of that Deliverable Euro-denominated Government Bond in the column of the List of Deliverable Euro-denominated Government Bonds headed “Price Factor”;

AI = the accrued interest in respect of such Deliverable Euro-denominated Government Bond as at the Delivery Day, as shown in respect of that Deliverable Euro-denominated Government in the column of the List of Deliverable Bonds headed “Accrued Interest”.

- (b)
- (i) Where the sum calculated in accordance with Rule TTTT.12(a) is not a number of euro and whole eurocents such sum shall be rounded to the nearest sum which is a number of euro and whole eurocents, and the invoicing amount shall be such nearest sum.
 - (ii) Where the sum calculated in accordance with Rule TTTT.12(a) is a number of euro and whole eurocents and one half of one eurocent, such sum shall be rounded down to the nearest sum

which is a number of euro and whole eurocents, and the invoicing amount shall be such nearest sum.

- (c) In the case of lots comprised in registered Contracts the invoicing amount shall be paid by and to the Clearing House (as the case may be) in accordance with Rule TTTT.14 and the Administrative Procedures.

TTTT.13 SETTLEMENT PAYMENTS

- (a) In respect of each lot comprised in a Seller's Delivery Notice, in addition to any other payment required by these Contract Rules, the following payments shall be made by the time specified for that purpose in the Administrative Procedures:
 - (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require), and
 - (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require),

of a sum calculated as the difference, in euro and eurocents multiplied by 1000 in respect of each lot, between the EDSP and the Contract price.

- (b) Where the sum calculated in accordance with Rule TTTT.13(a) is not a number of euro and whole eurocents, such sum shall be rounded down to the nearest sum which is a number of euro and whole eurocents and the sum payable under Rule TTTT.13(a) shall be such nearest sum.

TTTT.14 SETTLEMENT

- (a) Subject to Rule TTTT.14(d), on the Delivery Day at or by the time specified for that purpose in accordance with the Relevant Settlement System Rules and the Administrative Procedures the Seller, or if he has nominated one, the Transferor shall transfer to the Clearing House through the Relevant Settlement System the delivery amount of the Deliverable Euro-denominated Government Bond in respect of each lot referred to in the Seller's Delivery Notice, each transfer being in an amount of €100,000 nominal of each such Deliverable Euro-denominated Government Bond or an exact multiple thereof and the consideration therefor (to be satisfied, as between the Clearing House and the Transferor, by way of an Assured Payment) being equal to the aggregate of the invoicing amounts in respect of the lots comprised in such transfer.
- (b) Subject to Rule TTTT.14(d), on the Delivery Day at or by the time specified for that purpose in accordance with the Administrative Procedures, the Transferee shall accept transfer through the Relevant Settlement System of the delivery amount of the Deliverable Euro-denominated Government Bond referred to in the Buyer's Notification in respect of each lot, each transfer being in an amount of €100,000 nominal of each such Deliverable Euro-denominated Government Bond or an exact multiple thereof and the consideration therefor (to be satisfied, as between the Clearing House and the Transferee, by way of an Assured Payment) being equal to the aggregate of the invoicing amounts in respect of the lots comprised in such transfer.
- (c)
 - (i) At any time after accepting transfer of the delivery amount of the Deliverable Euro-denominated Government Bond pursuant to Rule TTTT.14(a) the Clearing House may re-allocate to a Buyer (other than that to whom such lot was allocated pursuant to Rule TTTT.9(a)(i)) each lot referred to in a Seller's Delivery Notice.
 - (ii) Where the rules relating to bad deliveries contained in the Rules of the Relevant Settlement System are invoked in respect of the transfer of Euro-denominated Government Bonds to the

Clearing House by the Seller, or if he has nominated one, the Transferor or to the Buyer, or if he has nominated one, the Transferee by the Clearing House which may lead to the reversal of one or more of such transfers of Euro-denominated Government Bonds, the Seller shall be held to be in default under Rule TTTT.17 notwithstanding that the Seller may not be responsible for any circumstance which leads to any such rule being invoked.

- (iii) No lot shall be re-allocated to a Buyer under paragraph (i) or (ii) above so that such Buyer would thereby be required to accept delivery of a delivery amount of a Deliverable Euro-denominated Government Bond different in specification to that which he would have received as a result of the allocation made pursuant to Rule TTTT.9(a)(i).

(d)

- (i) Every transfer of the delivery amount of a Deliverable Euro-denominated Government Bond through the Relevant Settlement System shall be subject to and in accordance with the Relevant Settlement System Rules.
- (ii) The obligation of the Clearing House to the Seller to make the payment referred to in Rule TTTT.12(c) shall be discharged by an Assured Payment arising upon the transfer of Euro-denominated Government Bonds made under Rule TTTT.14(a) and the obligation of the Buyer to the Clearing House shall be discharged by an Assured Payment arising upon the transfer of Euro-denominated Government Bonds made under Rule TTTT.14(b).
- (iii) If any transfer or transfers of the delivery amount of a Deliverable Euro-denominated Government Bond required by this Rule TTTT.14 cannot be accomplished on the Settlement Day by the time or times specified in the Administrative Procedures due to any event occurring which is outside the control of the seller, or if he has nominated one, the Transferor or of the Buyer, or if he has nominated one, the Transferee or of the Clearing House, as the case may be, which, without prejudice to the generality of the foregoing, may include:
 - (A) where relevant, a failure by a seller of Euro-denominated Government Bonds to the Transferor to make transfer of such Euro-denominated Government Bonds by the due time so as to enable the Seller, or if he has nominated one, the Transferor to fulfil his obligations to transfer the Euro-denominated Government Bonds to the Clearing House in accordance with Rule TTTT.14(a)(i);
 - (B) a failure by the Seller, or if he has nominated one, the Transferor to transfer Euro-denominated Government Bonds to the Clearing House in accordance with Rule TTTT.14(a) so as to enable the Clearing House to fulfil its obligations to transfer Euro-denominated Government Bonds to the Buyer, or if he has nominated one, the Transferee in accordance with Rule TTTT.14(b);
 - (C) an error, failure, closure or suspension of the Relevant Settlement System;
 - (D) a failure or termination of the Seller's or Buyer's or, if so nominated, their Transferor's or the Transferee's or the Clearing House's access to its Settlement Agent;
 - (E) a failure of the Transferor's or Transferee's Settlement Agent's or the Clearing House's access to the Relevant Settlement System for any reason, including, without limitation, as a result of any fault or failure of any computer or communication system;
 - (F) any action taken by the Relevant Settlement System, whether pursuant to the Relevant Settlement System Rules or otherwise; or
 - (G) any failure of, or any action or failure to take action by, a settlement bank appointed by the Seller or Buyer or, if so nominated, their Transferor or Transferee or, the Clearing House from time to time in connection with the settlement of Euro-denominated

Government Bonds through the Relevant Settlement System, which prevents the transfer of Euro-denominated Government Bonds to the Seller or Buyer or, if so nominated, their Transferor or Transferee or to the Clearing House, as the case may be,

then such transfer or transfers shall be made as soon as possible through the Relevant Settlement System, in accordance with any instructions which may be given by the Clearing House, which may, if it is not possible to transfer Euro-denominated Government Bonds through the Relevant Settlement System for any period, require delivery of Euro-denominated Government Bonds by a means other than through the Relevant Settlement System. In the case of any disagreement between the Clearing House and the Transferee as to whether any particular transfer can be or has been accomplished the determination of the Clearing House shall be final.

- (iv) Any amounts payable under Rule TTTT.13 shall be made outside the Relevant Settlement System.
- (v) Any instructions given by the Clearing House under paragraph (iii) above shall be binding and failure by the Seller or the Buyer to comply or ensure compliance with such instructions shall constitute a default under Rule TTTT.17(b) by such Seller or, as the case may be, such Buyer.
- (e) Where for any reason other than the default of the Seller, the Clearing House, through circumstances beyond its control, is unable by the time specified for that purpose in the Administrative Procedures to transfer to the Buyer, or if he has nominated one, the Transferee the delivery amount of the Deliverable Euro-denominated Government Bond in respect of a lot referred to in the delivery notification, then no alteration shall be made to the invoicing amount, provided that, in respect of such delay,
 - (i) the rights of a Buyer shall consist solely of the right to have transfer made to the Buyer, or if he has nominated one, the Transferee as soon as possible and the Buyer shall pay to the Clearing House, in addition to any other sums payable by him, a sum in respect of such lot calculated in accordance with the formula set out in Rule TTTT.14(f), and
 - (ii) the rights of a Seller shall consist solely of the right to receive from the Clearing House a sum in respect of such lot calculated in accordance with the formula set out in Rule TTTT.14(f).
- (f) Sums payable under Rule TTTT.14(e) shall be calculated in accordance with the formula:

$$\frac{D}{365} \times \frac{R}{100} \times I$$

where

- D = the number of days from (and excluding) the Settlement Day up to (and including) the day on which transfer is effected through the Relevant Settlement System;
- R = the average of the Clearing House's euro base rate in percentage terms at the close of business on each day from (and including) the Settlement Day up to (and excluding) the day on which delivery is effected through the Relevant Settlement System;
- I = the invoicing amount in respect of the relevant lot;

and shall be payable at such time and in such manner as the Clearing House may specify.

- (g)
 - (i) If as a result of any of the circumstances referred to in Rules TTTT.14(d) or TTTT.14(e) there is a delay in the transfer of the delivery amount of a Deliverable Euro-denominated Government Bond and a coupon interest payment which would have been received by the Buyer, or if has

nominated one, the Transferee if transfer to him had taken place on the Settlement Day (and he had retained title to the Euro-denominated Government Bonds) is received by the Clearing House or by the Seller, or if he has nominated one, the Transferor then, in addition to any other payments to be made under Rule TTTT.14(e), the Clearing House and the Seller shall make such payments and deliver such documents as may be specified in the Administrative Procedures.

- (ii) Any payment required by paragraph (i) of this Contract Rule shall be made at such time and in such manner as the Clearing House may specify.
- (h) In the event of any delay resulting from any of the circumstances referred to in Rules TTTT.14(d) or 14(e), the Seller and Buyer shall provide to the Clearing House documentary evidence satisfactory to the Clearing House that they had complied with their obligations under a Contract by the time and in the manner prescribed.
- (i)
 - (i) The Clearing House shall give notice to the Exchange of any instructions given by it under Rule TTTT.14(d)(iii) forthwith upon giving such instructions and of any event contemplated by Rule TTTT.14(d)(iii) which may prevent or has prevented a transfer of Euro-denominated Government Bonds in respect of a Contract upon becoming aware of any such event.
 - (ii) If any event contemplated by Rule TTTT.14(d)(iii) occurs, the provisions of Rule TTTT.14 shall apply and the provisions of Rule TTTT.19 shall not apply unless, after consultation with the Clearing House, the Exchange determines that such circumstances have continued or are likely to continue for such duration that the provisions of Rule TTTT.14(d) and TTTT.14(e) shall no longer apply and that the provisions of Rule TTTT.19 shall apply. The Exchange's determination shall be final and binding.
- (j) Any provision of these Contract Rules or of the Administrative Procedures relating to procedures for settlement may be varied, or substituted by different procedures for settlement, by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

TTTT.15 EMERGENCY PROVISIONS

- (a) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the Last Trading Day will not be a business day, then the Exchange may at its discretion determine either that such day shall be the Last Trading Day in respect of that delivery month notwithstanding that it will not be a business day or that the business day next following such day shall become the Last Trading Day in respect of that delivery month, and in either case the Exchange shall issue a notice posted on the Market of the Exchange's determination.
- (b) The Delivery Day shall always be the second business day following the Last Trading Day so that if the Last Trading Day is moved by the Exchange in the circumstances described in Rule TTTT.15(a) or if, at any time after the close of trading two business days prior to the Last Trading Day, either or both of the two business days immediately following the Last Trading Day or the Delivery Day itself ceases to be a business day, then the Delivery Day shall be moved so that it falls on the second business day following the Last Trading Day.
- (c)
 - (i) If, at any time after the List of Deliverable Euro-denominated Government Bond is published, the Delivery Day is moved (whether as a result of the operation of Rule TTTT.15(b) or otherwise), the invoicing amount calculated in accordance with Rule TTTT.12 in respect of

each lot referred to in a Seller's Delivery Notice shall be adjusted by the Clearing House to reflect the additional gross coupon interest which will accrue during the period commencing on the day which would have been the Delivery Day and ending on the day that has become the Delivery Day.

- (ii) If, at any time after the List of Deliverable Euro-denominated Government Bond is published, the Delivery Day is moved (whether as a result of the operation of Rule TTTT.15(b) or otherwise) and if the Deliverable Euro-denominated Government Bond specified in respect of a lot in a Seller's Delivery Notice would have been delivered cum-coupon but is to be delivered ex-coupon on the Delivery Day, then the invoicing amount in respect of that lot calculated in accordance with Rule TTTT.12 and paragraph (i) above shall be adjusted by the Clearing House by reducing it by a sum equal to the gross amount of the coupon.
- (iii) If an adjustment to the invoicing amount required by paragraph (i) or (ii) above is made after the Clearing House has made available details of the invoicing amount to the Seller and Buyer under Rule TTTT.9(d), then a sum equal to the difference between that invoicing amount and the invoicing amount adjusted in accordance with paragraph (i) and, if applicable, paragraph (ii) above shall be payable:
 - (A) by the Seller to the Clearing House and by the Clearing House to the Buyer if the total adjustment gives rise to a reduction in the invoicing amount; or
 - (B) by the Buyer to the Clearing House and by the Clearing House to the Seller if the total adjustment gives rise to an increase in the invoicing amount.
 - (C) Sums payable hereunder shall be payable by such time and in such manner as the Clearing House may specify.
- (iv) If the Deliverable Euro-denominated Government Bond specified in respect of a lot in a Seller's Delivery Notice is delivered to the Clearing House cum-coupon on the Delivery Day but is, in any circumstances other than those in which Rule TTTT.14(g) applies, delivered by the Clearing House to the Transferee ex-coupon, then the Clearing House shall make such payments to the Buyer as may be specified in the Administrative Procedures.

TTTT.16 COSTS

- (a) The Seller and the Buyer shall bear all costs, losses, claims and expenses of whatsoever nature incurred by them respectively in the course of complying with their obligations under a Contract. This Rule shall be without prejudice to the exercise by the Clearing House of its rights under the Clearing House Rules in respect of fees and other charges.

TTTT.17 DEFAULT

- (a) The provisions of Rules TTTT.17(b) to TTTT.17(i) inclusive shall be subject to the default rules of the Clearing House as may be in force from time to time.
- (b) A Buyer or a Seller shall be in default where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules including, without limitation, if:
 - (A) (in the case of a Seller only) the Euro-denominated Government Bonds transferred by the Seller, or if he has nominated one, the Transferor to the Clearing House through the Relevant Settlement System do not accord with the Deliverable Euro-denominated Government Bond specified in respect of a lot in the Seller's Delivery Notice;

- (B) (in the case of a Buyer only) the Buyer, or if he has nominated one, the Transferee fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified for that purpose in the Administrative Procedures; or
 - (ii) in the reasonable opinion of the Clearing House, the Buyer or the Seller, as the case may be, is otherwise in default (including, but without limitation, in any of the circumstances referred to in Rule TTTT.18).
- (c) Errors in a Seller's Delivery Notice or any other notice to be given hereunder which are determined, in the Clearing House's absolute discretion, to be clerical errors which can readily be rectified shall not be treated as constituting a default.
- (d) Where a Buyer or Seller is in default under Rule TTTT.17(b), the Clearing House may in its absolute discretion take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of the Seller or Buyer not in default including, without prejudice to the generality of the foregoing, steps referred to in Rule TTTT.18. Any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with any steps taken by the Clearing House in relation to a Contract to which a default under Rule TTTT.17(b) relates shall be paid by the Buyer or Seller who is in default. Any steps taken by the Clearing House in relation to a default under Rule TTTT.17(b) shall be without prejudice to any rights (including rights to refer matters to arbitration), obligations or claims of the Buyer, the Seller or the Clearing House in relation to a Contract to which the default relates.
- (e) A Buyer who is in default under Rule TTTT.17(b) shall forthwith pay to the Clearing House any sums payable by the Buyer under Rule TTTT.13 and any sums payable pursuant to Rule TTTT.17(d).
- (f) A Seller who is in default under Rule TTTT.17(b) shall forthwith pay to the Clearing House any sums payable by the Seller under Rule TTTT.13 and any sums payable pursuant to Rule TTTT.17(d).
- (g) Without prejudice to its rights under any other part of Rule TTTT.17, the Clearing House may refer to the Exchange any dispute or issue arising between any of the parties. If, upon such reference, the Exchange is of the opinion that the default under Rule TTTT.17(b) is of minor significance it shall determine any such dispute or issue between such parties upon such evidence as it may deem relevant and convey its findings to such parties who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of any party to refer the dispute or any related dispute to arbitration under the Regulations.
- (h) Notwithstanding that a Buyer or Seller may be in default under Rule TTTT.17(b), the Clearing House may in its absolute discretion determine not to exercise or to delay in exercising any of its rights under this Rule TTTT.17 or under Rule TTTT.18, and no failure by the Clearing House to exercise nor any delay on its part in exercising any of such rights shall operate as a waiver of the Clearing House rights upon that or any subsequent occasion, nor shall any single or partial exercise of any such rights prevent any further exercise thereof or of any other right.
- (i) A Buyer, a Seller or the Clearing House may refer a dispute arising out of a default under Rule TTTT.17(b) (subject always to the application of provisions of Rule TTTT.18) to arbitration under the Regulations. Any steps taken by the Clearing House pursuant to Rule TTTT.17(d) shall be without prejudice to the rights of any party to refer a dispute to arbitration under the Regulations.

TTTT.18 CONSEQUENCES OF DELIVERY DEFAULT

- (a) The provisions of Rules TTTT.18(b) to TTTT.18(h) inclusive shall be subject to the default rules of the Clearing House, as may be in force from time to time in force.

- (b) For the purpose of this Rule TTTT.18, a reference to a “delivery default” shall be construed as including an actual default by a Seller (or its Transferor in performing the Seller’s obligations) in delivering Euro-denominated Government Bonds in accordance with these Contract Rules or an actual default by a Buyer (or its Transferee in performing the Buyer’s obligations) in making a payment in accordance with these Contract Rules, or an anticipated default. An anticipated default is a default by a Seller (or its Transferor in performing the Seller’s obligations) or by a Buyer (or its Transferee in performing the Buyer’s obligations) which the Clearing House, in its reasonable opinion, thinks will occur and in respect of which the Clearing House considers that it should take action under the provisions of this Rule TTTT.18.
- (c) If there appears to the Clearing House to be a delivery default by a Buyer or a Seller in respect of any lot comprised in a registered Contract the Clearing House may take such steps as it deems appropriate to facilitate a mutually acceptable resolution of such delivery default. A resolution of a delivery default may be on such terms and take such form as is acceptable to the Clearing House, to the Buyer and to the Seller. Such terms may limit some or all of the rights of the Buyer, the Seller or the Clearing House to refer any matter concerning or arising out of a delivery default (or the resolution thereof) to arbitration under the Regulations.
- (d) If it appears to the Clearing House that a Clearing Member as Seller or a Clearing Member as Buyer is in delivery default, the Clearing House may in its sole discretion, in addition to any steps taken under Rule TTTT.18(c), take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of the Seller or Buyer not in delivery default including, without prejudice to the generality of the foregoing, the steps referred to elsewhere in this Rule TTTT.18. Any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with any steps taken by the Clearing House in relation to a Contract to which the delivery default relates shall be paid by the Buyer or Seller who is in delivery default. Any steps taken by the Clearing House in relation to a delivery default shall be without prejudice to any rights (including rights to refer matters to arbitration under Rule TTTT.18(h)), obligations or claims of the Buyer, the Seller or the Clearing House in relation to a Contract to which the delivery default relates.
- (e) **Seller in delivery default**
- (i) Unless the terms of a resolution (if any) agreed under Rule TTTT.18(c) of a delivery default by a Seller have been performed then, notwithstanding that the Clearing House is in delivery default to the Buyer on the Settlement Day, the Buyer shall make available, or shall procure its Transferee to make available, in the appropriate account for the purpose of making payment to the Clearing House against delivery the invoicing amount in respect of each delivery amount the Deliverable Euro-denominated Government Bond set out in the Buyer’s Notification on each business day until the earlier of:
- (A) delivery by the Clearing House of a delivery amount of the Deliverable Euro-denominated Government Bond in respect of a specific lot; or
- (B) the end of the sixth business day following the Settlement Day.

In the event that the Clearing House has not delivered the delivery amount of the Deliverable Euro-denominated Government Bond by close of business on the sixth business day following the Settlement Day, those lots in respect of which delivery has not been made by the Clearing House shall be the subject of cash settlement. The cash settlement price shall be determined by the Exchange on the seventh business day following the Settlement Day by reference, inter alia, to spread relationships in existence before the cessation of trading on the Last Trading Day and to movements in market prices and values for the Deliverable Euro-denominated Government Bond and for other delivery months from the cessation of trading on the Last Trading Day to the time when pursuant to this Rule TTTT.18(e)(i) the Exchange determines the cash settlement price. Such cash settlement price shall be final and no dispute as to such price may be referred to arbitration, notwithstanding that any party may refer any dispute which any party might have

in relation to the costs, claims, losses, taxes or expenses incurred or suffered by it to arbitration pursuant to Rule TTTT.18(h).

- (ii) Until the time when the terms of a resolution (if any) agreed under Rule TTTT.18(c) of a delivery default by the Seller have been performed, the Clearing House in its sole discretion may take any steps whatsoever which may appear desirable to the Clearing House, in order to perform its obligations to the Buyer in whole or in part on the Delivery Day or otherwise before close of business on the sixth business day following the Delivery Day. The steps which the Clearing House may take may include buying or borrowing some or all of the delivery amount of the Deliverable Euro-denominated Bond from a person other than the Seller. In the event that the Seller attempts to deliver late or does deliver late some or all of the delivery amounts of the Deliverable Euro-denominated Government Bond to the Clearing House, the Clearing House shall be entitled to reject such attempted late delivery, or actual late delivery, or otherwise treat any such attempted or actual delivery as it sees fit (including, without limitation, selling such Deliverable Euro-denominated Government Bonds as have actually been delivered) if it has already made alternative arrangements to buy, borrow or otherwise acquire for delivery to the Buyer some or all of the delivery amounts of the Deliverable Euro-denominated Government Bonds. In the event that the Clearing House does acquire Euro-denominated Government Bonds at such time and place and in such manner and on such terms as the Clearing House thinks fit from a person other than the Seller in order to meet in whole or in part its obligations to the Buyer to make delivery of Euro-denominated Government Bonds:

- (A) if the total cost incurred by the Clearing House in acquiring the Euro-denominated Government Bonds, including for the avoidance of doubt the cost of any purchase of Deliverable Euro-denominated Government Bonds by the Clearing House in order to fulfil any obligations under the acquisition arrangements it has made (“the Acquisition Cost”), is greater than the invoicing amount which would have been payable by the Clearing House to the Seller, or if he has nominated one, the Transferor in respect of the relevant lot, the Seller shall forthwith pay the amount of such difference to the Clearing House; or
- (B) if the Acquisition Cost is less than the invoicing amount referred to above, the amount of such difference shall (if any remains after the deduction so far as possible of such sums as are payable by the Seller to the Clearing House under sub-paragraph (C) below or otherwise) be retained by the Clearing House to the order of the Exchange; and
- (C) the Seller shall forthwith pay to the Clearing House any sums payable by the Seller under Rule TTTT.13 and any sums (including, without limitation, costs, claims, losses taxes or expenses) payable to the Clearing House pursuant to this Rule TTTT.18, including, for the avoidance of doubt, all related administrative and funding costs (including borrowing costs) suffered or incurred by the Clearing House.

(f) Buyer in delivery default

- (i) If a Buyer is in delivery default to the Clearing House, the Clearing House shall be entitled to take such steps as it considers appropriate in order to make payment of the invoicing amount to the Seller in respect of the delivery amount of the Deliverable Euro-denominated Government Bond to be delivered to it by the Seller. Unless the terms of a resolution (if any) agreed under Rule TTTT.18(c) of a delivery default by a Buyer have been performed, or if the Clearing House has been unable to take delivery of the delivery amount of the Deliverable Euro-denominated Government Bond from the Seller as a result of a delivery default by the Buyer, the Seller shall, notwithstanding this delivery default, take all necessary steps to make available for delivery each delivery amount of the Deliverable Euro-denominated Government Bond specified in respect of each lot in the Seller’s Delivery Notice at a later time on the Settlement Day and on each business day following the Settlement Day until the earlier of:

(A) the Seller delivering such delivery amounts (whether altogether simultaneously or in separate amounts at different times as may be directed by the Clearing House) to the Clearing House in consideration for the Clearing House paying to the Seller the invoicing amount in respect of each such previously undelivered delivery amount of the Deliverable Euro-denominated Government Bond; or

(B) the end of the sixth business day following the Settlement Day.

In the event that the Clearing House has not paid the invoicing amount to the Seller in respect of each lot by close of business on the sixth business day following the Settlement Day, those lots in respect of which payment has not been made by the Clearing House shall be the subject of cash settlement. The cash settlement price shall be determined by the Exchange on the seventh business day following the Settlement Day by reference, inter alia, to spread relationships in existence before the cessation of trading on the Last Trading Day and to movements in market prices and values for the Deliverable Euro-denominated Government Bond and for other delivery months from the cessation of trading on the Last Trading Day to the time when pursuant to this Rule TTTT.18(f)(i) the Exchange determines the cash settlement price. Such cash settlement price shall be final and no dispute as to such price may be referred to arbitration, notwithstanding that any party may refer any dispute which any party might have in relation to the costs, claims, losses, taxes or expenses incurred or suffered by it to arbitration pursuant to Rule TTTT.18(h).

(ii) Notwithstanding the Buyer's delivery default, the Clearing House may have acquired Deliverable Euro-denominated Government Bonds from the Seller (or its Transferor). When this occurs, the Clearing House in its sole discretion may sell any or all Euro-denominated Government Bonds delivered by the Seller (or its Transferor) at such time and place and in such manner and on such terms as may to the Clearing House seem fit. Where the price at which such Euro-denominated Government Bonds are sold ("the Sale Price") is less than the invoicing amount in respect of the relevant lot the difference between the Sale Price and the invoicing amount, together with any funding costs incurred by the Clearing House in accepting delivery of some, or all, delivery amounts of Deliverable Euro-denominated Government Bonds from the Seller pursuant to this Rule TTTT.18(f)(ii), shall forthwith be paid by the Buyer who is in delivery default to the Clearing House. Where the invoicing amount is less than the Sale Price the difference between the invoicing amount and the Sale Price (if any remains after the deduction so far as possible of such sums as are payable by the Buyer to the Clearing House hereunder (including, without limitation, costs, including administrative and funding costs suffered or incurred by the Clearing House and described elsewhere in this Rule TTTT.18(f)(ii) or otherwise including, without limitation, costs, claims, losses, taxes or expenses) shall be retained by the Clearing House to the order of the Exchange.

(iii) A Buyer who is in delivery default shall forthwith pay to the Clearing House any sums payable by the Buyer under Rule TTTT.13 and any sums payable to the Clearing House pursuant to this Rule TTTT.18.

(g) Without prejudice to its rights under any other part of Rule TTTT.18, the Clearing House may refer to the Exchange any dispute or issue arising between any of the parties. If, upon such reference, the Exchange is of the opinion that the delivery default is of minor significance it shall determine any such dispute or issue between such parties upon such evidence as it may deem relevant and convey its findings to such parties who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of any party to refer the dispute or any related dispute to arbitration under the Regulations.

(h) Subject always to a resolution of a delivery default pursuant to Rule TTTT.18(c), the terms of which by agreement limit in whole or in part the rights of one or more of a Buyer, a Seller or the Clearing House to refer a dispute to arbitration under Rule TTTT.19(a) and subject to the provisions in this Rule TTTT.18 limiting the matters which may be referred to an arbitration under the Regulations, a

Buyer, a Seller or the Clearing House may refer a dispute arising out of a delivery default to arbitration under the Regulations.

- (i) The provisions of Rules TTTT.17 and TTTT.18 relating to steps that may be taken by the Clearing House, where there appears to the Clearing House to be a delivery default by a Buyer or, as the case may be, a Seller under Rule TTTT.17(b), may be varied, or different steps may be substituted therefor by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to such existing and/or new Contracts and registered Contracts as the Exchange may determine.

TTTT.19 **FORCE MAJEURE**

- (a) Subject to the provisions of Rules TTTT.14(d)(iii) and TTTT.14(e) and to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules of the Clearing House, in the event of a Seller or a Buyer being prevented from performing his obligations in respect of any lot comprised in a Contract by the due time therefor by any cause beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems such lot shall be invoiced back at a price to be fixed by the Exchange in consultation with the Clearing House.

TTTT.23 **STATEMENT IN RELATION TO ICE FUTURES EURO-DENOMINATED GOVERNMENT BOND FUTURES CONTRACTS**

- (a) Potential users of the ICE Futures Euro-denominated Government Bond Futures Contracts made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules and Administrative Procedures.
- (b) Potential users should consider the risks of holding a position until the Last Trading Day of an ICE Futures Euro-denominated Government Bond Futures Contract wherein they shall be buyers or sellers in the delivery process. In particular, they should familiarise themselves with the use of Price Factors and the EDSP price formation process as these are both constituents of the formula for the calculation of the invoicing amount.

SECTION UUUU - PROCEDURES: ICE FUTURES EURO-DENOMINATED GOVERNMENT BOND FUTURES
CONTRACTS¹

UUUU.0	Interpretation
UUUU.1	Price
UUUU.2	Settlement Procedures
UUUU.3	Timetable
UUUU.4	Coupon Interest Payment

¹ All times are London times unless otherwise specified

UUUU.0 INTERPRETATION

All defined terms as set out in Rule TTTT shall apply to this Rule UUUU.

UUUU.1 PRICE

The minimum price fluctuation shall be two eurocents per €100 nominal in respect of the Ultra Long Bund, one half of one eurocents in respect of the Short Bund (Schatz) and one eurocent per €100 nominal in all other cases.

UUUU.2 SETTLEMENT PROCEDURES

All deliveries under this Contract must be made in accordance with the Relevant Settlement System Rules, Rule TTTT, the Administrative Procedures and the Clearing House Rules from time to time in force. Clearing Members are obliged to deliver or take delivery in respect of their total gross Contract position remaining open after the close of trading in the Contract delivery month on the Last Trading Day and must therefore ensure that their gross position (open buying and selling Contracts) registered with the Clearing House or submitted to the Clearing House for registration allows for this.

UUUU.3 TIMETABLE**On the tenth business day prior to the Last Trading Day**

The final List of Deliverable Euro-denominated Government Bonds will be made available by the Exchange.

Last Trading Day

At 11.30 hours Trading for Contracts in the current delivery month shall cease.

As soon as is reasonably practicable

The Exchange will announce the EDSP. This will be determined in accordance with Rule TTTT.11, and the prices used for the calculation thereunder shall be those during the period of one minute immediately preceding 11.30 hours on the Last Trading Day.

By 13.00 hours

In respect of Contracts remaining open at the close of trading on the Last Trading Day the following procedures shall apply.

Each Seller holding open Contracts shall have delivered to the Clearing House a Seller's Delivery Notice in the form prescribed by the Clearing House.

Each Seller's Delivery Notice shall specify in respect of each lot full details of the Deliverable Euro-denominated Government Bond, the delivery amount of which is to be transferred in accordance with Rule TTTT on the Delivery Day.

Only one Deliverable Euro-denominated Government Bond shall be nominated in respect of each lot referred to in the Seller's Delivery Notice.

By 15.00 hours

The Clearing House will allocate each lot to a Buyer for the purpose of delivery. The allocation of Deliverable Euro-denominated Government Bonds to Buyers will be made on a random basis. The Clearing House will inform each Buyer of his allocation of Deliverable Euro-denominated Government Bonds.

The Clearing House will inform both Buyer and Seller of the invoicing amount.

By 18.00 hours

The Clearing House will in respect of each lot make available to the Buyer and the Seller details of the instructions which the Seller, or if he has nominated one, the Transferor and the Buyer, or if he has nominated one, the Transferee shall submit to the Relevant Settlement System.

From 18.00 hours

The details to be submitted, as required by Rule TTTT.10(a), to the Relevant Settlement System so as to enable matching to take place in the Relevant Settlement System in order that settlement of Contracts is effected through the Relevant Settlement System on the Delivery Day.

Settlement Day

By 9.00 hours

All payments required by Rule TTTT.13(a) to be made by the Buyer and the Seller shall have been completed.

Delivery Day

By 08.00 hours

- (a) (i) The Seller, or if he has nominated one, the Transferor shall in respect of each lot to be delivered by him have transferred the delivery amount of the Deliverable Euro-denominated Government Bond specified in respect of that lot in the Seller's Delivery Notice in accordance with Rule TTTT.8(c) to the account of the Clearing House at the Relevant Settlement System; and
- (ii) payment of the invoicing amount for such delivery amount of the Deliverable Euro-denominated Government Bond shall have been satisfied by an Assured Payment,

provided, where the Seller is not the Transferor, the Clearing House shall not be obliged to accept such transfer or make such payment unless the provisions of Rule TTTT.8(e) have been satisfied, and

- (b) (i) the Clearing House shall in respect of each lot to be delivered to the Buyer, or if he has nominated one, the Transferee have transferred the delivery amount of the Deliverable Euro-denominated Government Bond specified in respect of that lot in accordance with Rule TTTT.9(a) to the account of the Buyer, or if he has nominated one, the Transferee at Relevant Settlement System as notified to the Clearing House in the Buyer's Notification; and
- (ii) payment of the invoicing amount for such delivery amount of the Deliverable Euro-denominated Government Bond shall have been satisfied by an Assured Payment.

UUUU.4 COUPON INTEREST PAYMENT

If, in the circumstances referred to in Rule TTTT.14(g), a coupon interest payment which would have been received by the Buyer is received by the Clearing House or by the Seller then, in addition to any other payments to be made under Rule TTTT.14(e):

- (i) if such coupon interest payment is received by the Clearing House, the Clearing House shall pay to the Buyer a sum equal to the net amount received by it; or

- (ii) if such coupon interest payment is received by the Seller, or if he has nominated one, the Transferor, the Seller shall pay to the Clearing House and the Clearing House shall then pay to the Buyer a sum equal to the amount received by the Seller, or if he has nominated one, the Transferor.

TABLE	Contract Details Specified by the Exchange for ICE Futures Swiss Confederation Bond Futures Contracts

VVVV.1 INTERPRETATION

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and the Administrative Procedures:
- “Administrative Procedures” means the administrative procedures at Rule VVVV implemented by the Exchange for the purposes of these Contract Rules.
- “Assured Payment” means, in the case of Swiss Confederation Bonds transferred through SIX SIS AG, a system-generated payment instruction which is binding on:
- (a) the Clearing House’s settlement bank in favour of the Seller’s, or if he has nominated one, the Transferor’s settlement bank in the case of a transfer of Swiss Confederation Bonds from the Seller, or if he has nominated one, the Transferor to the Clearing House through SIX SIS AG; and
 - (b) the Transferee’s settlement bank in favour of the Clearing House’s settlement bank in the case of a transfer of Swiss Confederation Bonds from the Clearing House to the Transferee through SIX SIS AG,
- of an amount equal to the invoicing amount.
- “business day” means a day on which the market and banks in London and Switzerland, the Clearing House and the SIX SIS AG are open for business.
- “Buyer” in respect of a Contract means the person who, unless they have nominated a Transferee, is required under such Contract to nominate a Transferee to accept transfer in respect of each lot of the delivery amount of a Deliverable Swiss Confederation Bond and who is obliged pursuant to these Contract Rules to make payment in respect of each lot (including, except where the context otherwise requires, the Clearing House as buyer under a registered Contracts).
- “Buyer’s Notification” means the notice to be given by the Clearing House to the Buyer under Rule VVVV.9.
- “Clearing House” means ICE Clear Europe Limited.
- “CHF”, “Swiss Franc” and “Cents (Rappen)” denotes the lawful currency of Switzerland.
- “Contract” means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots specified by the Exchange in the Table, and “registered Contract” means a contract registered by the Clearing House.
- “Deliverable Swiss Confederation Bond” means in respect of one or more lots specified by the Exchange in the Table, a bond listed on the List of Deliverable Swiss Confederation Bonds for a particular delivery month.

“Delivery Day”	in respect of each lot comprised in a Contract means (subject to Rule VVVV.15(b)) the tenth calendar day of the delivery month for such Contract. If such day is not a business day, then the business day immediately following the tenth business day of the relevant delivery month.
“delivery month”	means each month specified as such by the Exchange pursuant to the Regulations.
“EDSP”	means Exchange Delivery Settlement Price and has the meaning attributed to it in Rule VVVV.11.
“invoicing amount”	has the meaning attributed to it in Rule VVVV.12.
“Last Trading Day”	means, subject to Rule VVVV.15(a), in respect of any delivery month where the Market Day is two business days prior to the Delivery Day in that month.
“List of Deliverable Swiss Confederation Bonds”	has the meaning attributed to it in Rule VVVV.3(a).
“lot”	has the meaning attributed to it in Rule VVVV.2(b).
“Market Day”	in respect of a Deliverable Swiss Confederation Bond means a day on which the market and the Clearing House are open for business.
“Notional Coupon”	means the annual interest rate, expressed as a percentage, in respect of a CHF100,000 nominal value notional Swiss Confederation Bond.
“Price Factor”	has the meaning attributed to it in Rule VVVV.4.
“proprietary or equitable interest”	means any proprietary or equitable interest or right whatsoever including without limitation any such interest or right arising under or by virtue of any disposition made or purporting to be made by way of security or by way of loan and any other lien, encumbrance or equity of any kind.
“quasi-coupon dates”	in respect of a Deliverable Swiss Confederation Bond means the dates which reflect the annual coupon cycle defined by a bond’s maturity date, irrespective of whether cash flows occur on those dates, including a date falling before the issue date of the Deliverable Swiss Confederation Bond.
“Relevant Settlement System”	means Euroclear NV/SA or Clearstream Banking AG as the context may require.
“Seller”	in respect of a Contract means the person who, unless they have nominated a Transferor, is required under such Contract to transfer in respect of each lot the delivery amount of a Deliverable Swiss Confederation Bond and who is obliged under such Contract to make delivery pursuant to these Contract Rules (including, except where the context otherwise requires, the Exchange as seller under a registered Contract).
“Seller’s Delivery Notice”	means the notice to be given by the Seller to the Clearing House under Rule VVVV.8.
“Settlement Agent”	means a SIX SIS Member.

“Settlement Day”	in respect of each lot comprised in a Contract means the business day after the Last Trading Day.
“SIX SIS”	means the computerised settlement system operated by SIX SIS AG.
“SIX SIS business day”	means a day when SIX SIS AG is operational for business.
“SIX SIS Member”	means a member of SIX SIS AG with a SIX SIS settlement account in his name.
“SIX SIS settlement account”	means a member account (as defined in the SIX SIS Rules) maintained by SIX SIS AG for the transfer of securities.
“SIX SIS Rules”	means those parts of the rules, reference manual, procedures, practices and any other document from time to time in force of SIX SIS AG which apply to the settlement of transactions by participants in SIX SIS AG.
“SIX SIS Service”	means the system and procedures operated by SIX SIS AG to facilitate, amongst other things, the transfer of Swiss Confederation Bonds.
“Swiss Confederation Bond”	means a unit of CHF100 of a Deliverable Swiss Confederation Bond.
“Swiss Confederation Bond issue”	means a bond issued by Switzerland.
“Switzerland”	means The Swiss Confederation.
“Transferee”	in respect of a Contract means the person who, having been nominated by another Clearing Member, is required under such Contract to accept transfer in respect of each lot of the delivery amount of a Deliverable Swiss Confederation Bond and who is obliged pursuant to these Contract Rules to make payment in respect of each lot (including, except where the context otherwise requires, the Clearing House as buyer under a registered Contract).
“Transferor”	in respect of a Contract means the person who, having been nominated by another Clearing Member, is required under such Contract to transfer in respect of each lot of the delivery amount of a Deliverable Swiss Confederation Bond and who is obliged under such contract to make delivery pursuant to these Contract Rules (including, except where the context otherwise requires, the Clearing House as seller under a registered Contract).
(c)	References to “specified by the Exchange in the Table” means as specified in the relevant column in the Table. The Table attached hereto forms part of these Contract Rules.

VVVV.2 CONTRACT SPECIFICATION

- (a) These Contract Rules shall apply to all Contracts.
- (b) Each Contract shall be for one or more lots for the delivery month specified. A “lot” shall be an amount having a nominal value as set out under “Unit of Trading” in the Table.

VVVV.3 LIST OF DELIVERABLE SWISS CONFEDERATION BONDS

- (a) In respect of each delivery month, the Exchange will publish on or before the day specified for that purpose in the Administrative Procedures a final list of Deliverable Swiss Confederation Bonds (the “List of Deliverable Confederation Bonds”) which will constitute, subject to Rule VVVV.3(c),

Deliverable Swiss Confederation Bonds capable of being included in a valid Seller's Delivery Notice given in accordance with Rule VVVV.8, being Swiss Confederation Bond issues having the characteristics listed in Rule VVVV.3(b) at the date of publication of the List of Deliverable Bonds.

- (b) The characteristics referred to in Rule VVVV.3(a) are:
 - (i) having terms as to redemption such as provide for redemption of the entire Swiss Confederation Bond issue in a single instalment such that the length of time to the maturity date from the Delivery Day of the relevant delivery month is within the maturity range specified by the Exchange in the Table;
 - (ii) in the case of Swiss Confederation Bonds with an early redemption option, the first and last possible redemption dates as of the Delivery Day of the relevant delivery month must be within the maturity range specified by the Exchange in the Table;
 - (iii) bearing interest at a single fixed rate throughout the term of the issue payable in arrears annually;
 - (iv) being denominated and payable as to principal and interest only in Swiss Franc and Cents (Rappen);
 - (v) having an aggregate principal amount outstanding of not less than CHF 500 million which, by its terms and conditions, if issued in more than one tranche or tap or issue, is fungible.
- (c) The Exchange may in its absolute discretion exclude from the List of Deliverable Swiss Confederation Bonds any Swiss Confederation Bond issue which would qualify to be included in such list in respect of a delivery month without giving any reason for such exclusion.
- (d) All details included in the List of Deliverable Swiss Confederation Bonds published in respect of a delivery month under Rule VVVV.3(a) shall (subject to the emergency powers contained in the Regulations) be final and binding including, without prejudice to the foregoing Price Factors, and the accrued interest figures shown thereon for the purposes of calculating the invoicing amount (subject to the provisions of Rule VVVV.15(c) regarding adjustments to the invoicing amount).

VVV.4 PRICE FACTOR

- (a) The List of Deliverable Bonds published by the Exchange in respect of a delivery month specified by the Exchange in the Table under Rule VVVV.3(a) will specify a price factor (the "Price Factor") for each Deliverable Swiss Confederation Bond calculated in accordance with the formulae set out in Rule VVVV.4(b).
- (b)
 - (i) For each Deliverable Swiss Confederation Bond issued by Switzerland, the Price Factor will be calculated in accordance with the following formula:

$$P(x) = \frac{1}{(1+x)^f} \times \left[\frac{c}{x} \left((1+x) - \frac{1}{(1+x)^n} \right) + \frac{1}{(1+x)^n} \right] - AI$$

where $P(x)$ equals the price per CHF 1 nominal of such Deliverable Swiss Confederation Bond at which it has a gross redemption yield of x per annum, calculated as at the Delivery Day, minus the undiscounted amount of accrued interest on such Deliverable Swiss Confederation Bond on that day, using the formulae set out in paragraph (b)(ii) of this Contract Rule.

where

n = number of years between the following quasi-coupon date and the redemption date;

- f = Number of full calendar months from and including the Delivery Day of the relevant Delivery Month up to but excluding the next quasi-coupon date, divided by 12 (except for $f=0$, where $f=1$ and $n = n-1$)
- c = Annual coupon per CHF1 nominal of the Swiss Confederation Bond
- x = Notional Coupon of as specified in the Table e.g. $x=0.06$ for a 6% Notional Coupon
- (ii) The accrued interest (AI) in the formula set out in paragraph (b)(i) will be calculated in accordance with the following formulae:

$$AI = c (1 - f)$$

VVVV.5 PRICE

- (a) The Contract price shall be expressed in Swiss Franc and Cents (Rappen) per CHF100 nominal of a security which if it were in issue and included in the List of Deliverable Swiss Confederation Bonds would have a Price Factor of 1.

VVVV.6 CESSATION OF TRADING

- (a) No Contract for the current delivery month shall be made after the time on the Last Trading Day specified for that purpose in the Administrative Procedures.

VVVV.7 SETTLEMENT AGENT

- (a) Only a Settlement Agent with a settlement account at SIX SIS AG (a "SIX SIS Account") may be used for the purposes of making or taking delivery of Swiss Confederation Government Bonds under a Contract by transfer of Swiss Confederation Government Bond through such Relevant Settlement System and making or receiving payment of the settlement amount under a Contract in accordance with these Contract Rules, unless these Contract Rules otherwise require or permit.

VVVV.8 SELLER'S DELIVERY NOTICE

- (a) In respect of each delivery month, a Seller in whose name are registered by the Clearing House one or more Contracts and who intends to make delivery of any lot comprised in any such Contract shall give to the Clearing House a Seller's Delivery Notice not later than the time on the Last Trading Day specified for that purpose in the Administrative Procedures in respect of each lot comprised in such Contracts.
- (b) A Seller's Delivery Notice shall be addressed to the Clearing House by the Seller and be in a form from time to time prescribed by the Clearing House. A Seller's Delivery Notice shall, in respect of each lot referred to in the notice, specify:
- (i) full details of the Deliverable Swiss Confederation Bond, the delivery amount of which is to be transferred in accordance with these Contract Rules in respect of a lot, against payment of the invoicing amount;
 - (ii) any other details required by the Clearing House from time to time.
- (c) Only one Deliverable Swiss Confederation Bond shall be nominated in respect of each lot referred to in a Seller's Delivery Notice.
- (d) By giving a Seller's Delivery Notice the Seller shall be deemed:
- (i) to represent and warrant to the Clearing House and to the Buyer that on the Delivery Day the Seller, or if he has nominated one, the Transferor will transfer to the Clearing House in accordance with Rule VVVV.14(a) the delivery amount of the Deliverable Swiss Confederation

Bond referred to in the Seller's Delivery Notice by the time specified for that purpose in the Administrative Procedures; and

- (ii) to acknowledge to and agree with the Clearing House and the Buyer, or if he has nominated one, the Transferee that:
 - (A) on the Settlement Day and thereafter until the delivery amount of the Deliverable Swiss Confederation Bond is transferred to the Clearing House, the Seller, or if he has nominated one, the Transferor will be entitled to transfer all right, title and interest in such Swiss Confederation Bonds free of any proprietary or equitable interest of any other person; and
 - (B) (without prejudice to the generality of paragraph (ii)(A) above) the Seller, if he is not also the Transferor, shall have no proprietary or equitable interest in such Swiss Confederation Bonds.

The Seller waives any interest referred to in paragraph (ii)(B) above to the extent that it may arise.

- (e) The Clearing House shall not be obliged to accept a Seller's Delivery Notice if the Transferor is not the Seller, unless evidence satisfactory to the Clearing House of the Transferor's title to the Swiss Confederation Bond to be transferred as referred to in Seller's Delivery Notice is requested by the Clearing House and provided to the Clearing House.

VVVV.9 ALLOCATION TO BUYERS

- (a)
 - (i) The Clearing House will allocate to a Clearing Member registered or to be registered as a Buyer each lot referred to in a Seller's Delivery Notice by such method of allocation as may be specified in the Administrative Procedures.
 - (ii) The Clearing House may make a re-allocation to Buyers pursuant to Rule VVVV.14(c)(i).
- (b) The Clearing House will advise the Buyer of any allocation made pursuant to Rule VVVV.9(a) on the Last Trading Day and by the applicable time specified in the Administrative Procedures.
- (c) The Buyer shall be deemed:
 - (i) to represent and warrant to the Clearing House and to the Seller that the Buyer, or if not himself, the Transferee will accept the transfer of the delivery amount of the Deliverable Swiss Confederation Bond in respect of each; and
 - (ii) to acknowledge to and agree with the Clearing House and the Seller that:
 - (A) the Buyer, if he is not also the Transferee, shall have no proprietary or equitable interest in such Swiss Confederation Bonds; and
 - (B) subject only to Rule VVVV.14(d)(iii), the Buyer alone is responsible to the Clearing House for payment of all sums due to the Clearing House in respect of such transfer by the time specified for that purpose in the Administrative Procedures.

The Buyer waives any interest referred to in paragraph (ii)(A) above to the extent that it may arise.

- (d) By the time specified for that purpose in the Administrative Procedures on the Last Trading Day the Clearing House will notify the Buyer and the Seller of any sums due from the Buyer to the Clearing House and from the Clearing House to the Seller (or vice versa) calculated in accordance with Rule VVVV.12.

VVVV.10 SUBMISSION OF DETAILS TO THE SIX SIS AG

- (a) The Clearing House shall, on the relevant day and by the applicable time specified in the Administrative Procedures, have given to the Seller and to the Buyer the details of Contracts which shall be submitted to SIX SIS AG.
- (b) On the Last Trading Day and by the applicable time specified in the Administrative Procedures, the details of Contracts notified to the Seller and to the Buyer pursuant to Rule VVVV.10(a) shall have been submitted by or on behalf of the Transferor, the Transferee and the Clearing House SIX SIS AG in such form as may be required under the SIX SIS Rules in order that settlement of Contracts is effected through SIX SIS AG on the Delivery Day for such Contracts.

VVVV.11 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) Subject to Rules VVVV.11(b) and VVVV.11(c), the EDSP for Contracts for a particular delivery month shall be calculated on the Last Trading Day by Exchange officials as follows:
 - (i) if one or more Contracts for that delivery month have been made on such day during the period specified for this purpose in the Administrative Procedures, then:
 - (A) if only one Contract has been made, the EDSP shall be the price at which that Contract was made, or
 - (B) if more than one Contract has been so made, the EDSP shall be the average of the prices at which such Contracts were made, weighted by reference to the number of lots comprised in each such Contract and rounded to the nearest Cent (Rappen) or, where such average is a number of Swiss Francs and whole Cents (Rappen) and one half of one Cent (Rappen), to the nearest lower number of Swiss Francs and whole Cents (Rappen).
 - (ii) if on the Last Trading Day, during the period specified for this purpose in the Administrative Procedures, no Contract for that delivery month has been made but both an offer (or offers) and a bid (or bids) have been made in respect of a Contract (or Contracts) for the delivery month, then the EDSP shall be the average of the lowest price at which such an offer was made and the highest price at which such a bid was made and rounded to the nearest Cent (Rappen) or, where such average is a number of Swiss Francs and whole Cents (Rappen) and one half of one Cent (Rappen), to the nearest lower number of Swiss Francs and whole Cents (Rappen);
 - (iii) if on such day, during the period specified for this purpose in the Administrative Procedures, no Contract for that delivery month has been made and either no offer or bid or neither an offer nor a bid has been made in respect of a Contract for that delivery month, then Exchange officials shall determine the EDSP by reference inter alia to the prices at which any offers or bids in respect of a Contract for that delivery month were made during such period on such day, reference to readily observable prices in other related markets, including the cash market values of the relevant underlying Swiss Confederation Bonds during such period on such day, or to any of such prices and values, such prices and values being in all cases those as ascertained by Exchange officials.
- (b) If, in the opinion of Exchange officials, the EDSP which would result from a calculation made in accordance with Rule VVVV.11(a) would not be consistent with the cash market values of Deliverable Swiss Confederation Bonds (as determined by Exchange officials) during the period referred to in Rule VVVV.11(a), then Exchange officials may in their absolute discretion fix the EDSP at a price determined by them as being consistent with such cash market values.
- (c) The Exchange shall publish the EDSP at such time as may be specified for that purpose in the Administrative Procedures. The EDSP shall be final and binding for all purposes.

VVVV.12 CALCULATION OF INVOICING AMOUNT

- (a) The “invoicing amount” in respect of each lot comprised in a Seller’s Delivery Notice shall be a sum calculated in accordance with the formula:

$$1000 \times \text{EDSP} \times \text{PF} + \text{AI}$$

where:

EDSP = the EDSP for the current delivery month;

PF = the Price Factor for the Deliverable Swiss Confederation Bond specified in respect of a lot in the Seller’s Delivery Notice, as shown in respect of that Deliverable Swiss Confederation Bond in the column of the List of Deliverable Swiss Confederation Bonds headed “Price Factor”;

AI = the accrued interest in respect of such Deliverable Swiss Confederation Bond as at the Delivery Day, as shown in respect of that Deliverable Swiss Confederation Bond in the column of the List of Deliverable Bonds headed “Accrued Interest”.

- (b)
- (i) Where the sum calculated in accordance with Rule VVVV.12(a) is not a number of Swiss Franc and whole Cents (Rappen) such sum shall be rounded to the nearest sum which is a number of Swiss Franc and whole Cents (Rappen), and the invoicing amount shall be such nearest sum.
- (ii) Where the sum calculated in accordance with Rule VVVV.12(a) is a number of Swiss Franc and whole Cents (Rappen) and one half of one Cents (Rappen), such sum shall be rounded down to the nearest sum which is a number of Swiss Franc and whole Cents (Rappen), and the invoicing amount shall be such nearest sum.
- (c) In the case of lots comprised in registered Contracts the invoicing amount shall be paid by and to the Clearing House (as the case may be) in accordance with Rule VVVV.14 and the Administrative Procedures.

VVVV.13 SETTLEMENT PAYMENTS

- (a) In respect of each lot comprised in a Seller’s Delivery Notice, in addition to any other payment required by these Contract Rules, the following payments shall be made by the time specified for that purpose in the Administrative Procedures:

- (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require), and
- (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require),

of a sum calculated as the difference, in Swiss Francs and Cents (Rappen) multiplied by 1000 in respect of each lot, between the EDSP and the Contract price.

- (b) Where the sum calculated in accordance with Rule VVVV.13(a) is not a number of Swiss Francs and whole Cents (Rappen) such sum shall be rounded down to the nearest sum which is a number of Swiss Francs and whole Cents (Rappen) and the sum payable under Rule VVVV.13(a) shall be such nearest sum.

VVVV.14 SETTLEMENT

- (a) Subject to Rule VVVV.14(d), on the Delivery Day at or by the time specified for that purpose in accordance with SIX SIS Rules and the Administrative Procedures the Seller, or if he has nominated

one, the Transferor shall transfer to the Clearing House through SIX SIS AG the delivery amount of the Deliverable Swiss Confederation Bond in respect of each lot referred to in the Seller's Delivery Notice, each transfer being in an amount of CHF100,000 nominal of each such Deliverable Swiss Confederation Bond or an exact multiple thereof and the consideration therefor (to be satisfied, as between the Clearing House and the Transferor, by way of an Assured Payment) being equal to the aggregate of the invoicing amounts in respect of the lots comprised in such transfer.

- (b) Subject to Rule VVVV.14(d), on the Delivery Day at or by the time specified for that purpose in and in accordance with the Administrative Procedures, the Transferee shall accept transfer through SIX SIS AG of the delivery amount of the Deliverable Swiss Confederation Bond referred to in the Buyer's Notification in respect of each lot, each transfer being in an amount of CHF100,000 nominal of each such Deliverable Swiss Confederation Bond or an exact multiple thereof and the consideration therefor (to be satisfied, as between the Clearing House and the Transferee, by way of an Assured Payment) being equal to the aggregate of the invoicing amounts in respect of the lots comprised in such transfer.
- (c)
 - (i) At any time after accepting transfer of the delivery amount of the Deliverable Swiss Confederation Bond pursuant to Rule VVVV.14(a) the Clearing House may re-allocate to a Buyer (other than that to whom such lot was allocated pursuant to Rule VVVV.9(a)(i)) each lot referred to in a Seller's Delivery Notice.
 - (ii) Where the rules relating to bad deliveries contained in the SIX SIS Rules are invoked in respect of the transfer of Swiss Confederation Bonds to the Clearing House by the Seller, or if he has nominated one, the Transferor or to the Buyer, or if he has nominated one, the Transferee by the Clearing House which may lead to the reversal of one or more of such transfers of Swiss Confederation Bonds, the Seller shall be held to be in default under Rule VVVV.17 notwithstanding that the Seller may not be responsible for any circumstance which leads to any such rule being invoked.
 - (iii) No lot shall be re-allocated to a Buyer under paragraph (i) or (ii) above so that such Buyer would thereby be required to accept delivery of a delivery amount of a Deliverable Swiss Confederation Bond different in specification to that which he would have received as a result of the allocation made pursuant to Rule VVVV.9(a)(i).
- (d)
 - (i) Every transfer of the delivery amount of a Deliverable Swiss Confederation Bond through SIX SIS AG shall be subject to and in accordance with the SIX SIS Rules.
 - (ii) The obligation of the Clearing House to the Seller to make the payment referred to in Rule VVVV.12(c) shall be discharged by an Assured Payment arising upon the transfer of Swiss Confederation Bonds made under Rule VVVV.14(a) and the obligation of the Buyer to the Clearing House shall be discharged by an Assured Payment arising upon the transfer of Swiss Confederation Bonds made under Rule VVVV.14(b).
 - (iii) If any transfer or transfers of the delivery amount of a Deliverable Swiss Confederation Bond required by this Rule VVVV.14 cannot be accomplished on the Delivery Day by the time or times specified in the Administrative Procedures due to any event occurring which is outside the control of the Transferor or of the Transferee or of the Clearing House, as the case may be, which, without prejudice to the generality of the foregoing, may include:
 - (A) where relevant, a failure by a seller of Swiss Confederation Bonds to the Transferor to make transfer of such Swiss Confederation Bonds by the due time so as to enable the Seller, or if he has nominated one, the Transferor to fulfil his obligations to transfer the Swiss Confederation Bonds to the Clearing House in accordance with Rule VVVV.14(a);

- (B) a failure by the Seller, or if he has nominated one, the Transferor to transfer Swiss Confederation Bonds to the Clearing House in accordance with Rule VVVV.14(a) so as to enable the Clearing House to fulfil its obligations to transfer Swiss Confederation Bonds to the Buyer, or if he has nominated one, the Transferee in accordance with Rule VVVV.14(b);
- (C) an error, failure, closure or suspension of the SIX SIS Service or of other systems operated by or on behalf of SIX SIS AG;
- (D) a failure or termination of the Transferor's or the Transferee's or the Clearing House's access to its Settlement Agent;
- (E) a failure of the Seller's or Buyer's or, if so nominated, their Transferor's or Transferee's Settlement Agent's or the Clearing House's access to the SIX SIS Service for any reason, including, without limitation, as a result of any fault or failure of any computer or communication system;
- (F) any action taken by SIX SIS AG, whether pursuant to the SIX SIS Rules or otherwise; or
- (G) any failure of, or any action or failure to take action by, a settlement bank appointed by the Seller or Buyer or, if so nominated, their Transferor or Transferee or, the Clearing House or the Transferee from time to time in connection with the settlement of Swiss Confederation Bonds through SIX SIS AG, which prevents the transfer of Swiss Confederation Bonds to the Seller or Buyer or, if so nominated, their Transferor or Transferee or to the Clearing House, as the case may be,

then such transfer or transfers shall be made as soon as possible through SIX SIS AG, in accordance with any instructions which may be given by the Clearing House, which may, if it is not possible to transfer Swiss Confederation Bonds through SIX SIS AG for any period, require delivery of Swiss Confederation Bonds by a means other than through SIX SIS AG. In the case of any disagreement between the Clearing House and the Transferee as to whether any particular transfer can be or has been accomplished the determination of the Clearing House shall be final.

- (iv) Any amounts payable under Rule VVVV.13 shall be made outside SIX SIS AG.
 - (v) Any instructions given by the Clearing House under paragraph (iii) above shall be binding and failure by the Seller or the Buyer to comply or ensure compliance with such instructions shall constitute a default under Rule VVVV.17(b) by such Seller or, as the case may be, such Buyer.
- (e) Where for any reason other than the default of the Seller, the Clearing House, through circumstances beyond its control, is unable by the time specified for that purpose in the Administrative Procedures to transfer to the Buyer, or if he has nominated one, the Transferee the delivery amount of the Deliverable Swiss Confederation Bond in respect of a lot referred to in the delivery notification, then no alteration shall be made to the invoicing amount, provided that, in respect of such delay,
- (i) the rights of a Buyer shall consist solely of the right to have transfer made to the Buyer, or if he has nominated one, the Transferee as soon as possible and the Buyer shall pay to the Clearing House, in addition to any other sums payable by him, a sum in respect of such lot calculated in accordance with the formula set out in Rule VVVV.14(f), and
 - (ii) the rights of a Seller shall consist solely of the right to receive from the Clearing House a sum in respect of such lot calculated in accordance with the formula set out in Rule VVVV.14(f).
- (f) Sums payable under Rule VVVV.14(e) shall be calculated in accordance with the formula:

$$\frac{D}{360} \times \frac{R}{100} \times I$$

where:

- D = the number of days from (and excluding) the Delivery Day up to (and including) the day on which transfer is effected through SIX SIS AG;
- R = the average of the Clearing House's Swiss Franc base rate in percentage terms at the close of business on each day from (and including) the Delivery Day up to (and excluding) the day on which delivery is effected through SIX SIS AG;
- I = the invoicing amount in respect of the relevant lot;

and shall be payable at such time and in such manner as the Clearing House may specify.

(g)

- (i) If as a result of any of the circumstances referred to in Rules VVVV.14(d) or VVVV.14(e) there is a delay in the transfer of the delivery amount of a Deliverable Swiss Confederation Bond and a coupon interest payment which would have been received by the Buyer, or if has nominated one, the Transferee if transfer to him had taken place on the Delivery Day (and he had retained title to the Swiss Confederation Bonds) is received by the Clearing House or by the Seller, or if he has nominated one, the Transferor then, in addition to any other payments to be made under Rule VVVV.14(d), the Clearing House and the Seller shall make such payments and deliver such documents as may be specified in the Administrative Procedures.
- (ii) Any payment required by paragraph (i) of this Contract Rule shall be made at such time and in such manner as the Clearing House may specify.

- (h) In the event of any delay resulting from any of the circumstances referred to in Rules VVVV.14(d) or VVVV.14(e), the Seller and Buyer shall provide to the Clearing House documentary evidence satisfactory to the Clearing House that they had complied with their obligations under a Contract by the time and in the manner prescribed.

(i)

- (i) The Clearing House shall give notice to the Exchange of any instructions given by it under Rule VVVV.14(d)(iii) forthwith upon giving such instructions and of any event contemplated by Rule VVVV.14(d)(iii) which may prevent or has prevented a transfer of Swiss Confederation Bonds in respect of a Contract upon becoming aware of any such event.
- (ii) If any event contemplated by Rule VVVV.14(d)(iii) occurs, the provisions of Rule VVVV.14 shall apply and the provisions of Rule VVVV.19 shall not apply unless, after consultation with the Clearing House, the Exchange determines that such circumstances have continued or are likely to continue for such duration that the provisions of Rules VVVV.14(d) and VVVV.14(e) shall no longer apply and that the provisions of Rule VVVV.19 shall apply. The Exchange's determination shall be final and binding.
- (j) Any provision of these Contract Rules or of the Administrative Procedures relating to procedures for settlement may be varied, or substituted by different procedures for settlement, by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

VVVV.15 EMERGENCY PROVISIONS

- (a) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the Last Trading Day will not be a business day, then the Exchange may at its discretion determine either that such day shall be the Last Trading Day in respect of that delivery month notwithstanding that it will not be a business day or that the business day next following such day shall become the Last Trading Day in respect of that delivery month, and in either case the Exchange shall notify Members by notice posted on the Market.

- (b) The Delivery Day shall always be the second business day following the Last Trading Day so that if the Last Trading Day is moved by the Exchange in the circumstances described in Rule VVVV.15(a) or if, at any time after the close of trading two business days prior to the Last Trading Day, either or both of the two business days immediately following the Last Trading Day or the Delivery Day itself ceases to be a business day, then the Delivery Day shall be moved so that it falls on the second business day following the Last Trading Day.
- (c)
 - (i) If, at any time after the List of Deliverable Swiss Confederation Bonds is published, the Delivery Day is moved (whether as a result of the operation of Rule VVVV.15(b) or otherwise), the invoicing amount calculated in accordance with Rule VVVV.12 in respect of each lot referred to in a Seller's Delivery Notice shall be adjusted by the Clearing House to reflect the additional gross coupon interest which will accrue during the period commencing on the day which would have been the Delivery Day and ending on the day that has become the Delivery Day.
 - (ii) If, at any time after the List of Deliverable Swiss Confederation Bonds is published, the Delivery Day is moved (whether as a result of the operation of Rule VVVV.15(b) or otherwise) and if the Deliverable Swiss Confederation Bond specified in respect of a lot in a Seller's Delivery Notice would have been delivered cum-coupon but is to be delivered ex-coupon on the Delivery Day, then the invoicing amount in respect of that lot calculated in accordance with Rule VVVV.12 and paragraph (i) above shall be adjusted by the Clearing House by reducing it by a sum equal to the gross amount of the coupon.
 - (iii) If an adjustment to the invoicing amount required by paragraph (i) or (ii) above is made after the Clearing House has made available details of the invoicing amount to the Seller and Buyer under Rule VVVV.9(e), then a sum equal to the difference between that invoicing amount and the invoicing amount adjusted in accordance with paragraph (i) and, if applicable, paragraph (ii) above shall be payable:
 - (A) by the Seller to the Clearing House and by the Clearing House to the Buyer if the total adjustment gives rise to a reduction in the invoicing amount; or
 - (B) by the Buyer to the Clearing House and by the Clearing House to the Seller if the total adjustment gives rise to an increase in the invoicing amount.

Sums payable hereunder shall be payable by such time and in such manner as the Clearing House may specify.

- (iv) If the Deliverable Swiss Confederation Bond specified in respect of a lot in a Seller's Delivery Notice is delivered to the Clearing House cum-coupon on the Delivery Day but is, in any circumstances other than those in which Rule VVVV.14(g) applies, delivered by the Clearing House to the Transferee ex-coupon, then the Clearing House shall make such payments to the Buyer as may be specified in the Administrative Procedures.

VVV.16 COSTS

- (a) The Seller and the Buyer shall bear all costs, losses, claims and expenses of whatsoever nature incurred by them respectively in the course of complying with their obligations under a Contract. This Contract Rule shall be without prejudice to the exercise by the Clearing House of its rights under the Clearing House Rules in respect of fees and other charges.

VVV.17 DEFAULT

- (a) The provisions of Rules VVVV.17(b) to VVVV.17(i) inclusive shall be subject to the default rules of the Clearing House as may be in force from time to time.

- (b) A Buyer or a Seller shall be in default where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules including, without limitation, if:
 - (A) (in the case of a Seller only) the Swiss Confederation Bonds transferred by the Seller, or if he has nominated one, the Transferor to the Clearing House through SIX SIS AG do not accord with the Deliverable Swiss Confederation Bond specified in respect of a lot in the Seller's Delivery Notice;
 - (B) (in the case of a Buyer only) the Buyer, or if he has nominated one, the Transferee fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified for that purpose in the Administrative Procedures; or
 - (ii) in the reasonable opinion of the Clearing House, the Buyer or the Seller, as the case may be, is otherwise in default (including, but without limitation, in any of the circumstances referred to in Rule VVVV.18).
- (c) Errors in a Seller's Delivery Notice or any other notice to be given hereunder which are determined, in the Clearing House's absolute discretion, to be clerical errors which can readily be rectified shall not be treated as constituting a default.
- (d) Where a Buyer or Seller is in default under Rule VVVV.17(b), the Clearing House may in its absolute discretion take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of the Seller or Buyer not in default including, without prejudice to the generality of the foregoing, steps referred to in Rule VVVV.18. Any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with any steps taken by the Clearing House in relation to a Contract to which a default under Rule VVVV.17(b) relates shall be paid by the Buyer or Seller who is in default. Any steps taken by the Clearing House in relation to a default under Rule VVVV.17(b) shall be without prejudice to any rights (including rights to refer matters to arbitration), obligations or claims of the Buyer, the Seller or the Clearing House in relation to a Contract to which the default relates.
- (e) A Buyer who is in default under Rule VVVV.17(b) shall forthwith pay to the Clearing House any sums payable by the Buyer under Rule VVVV.13 and any sums payable pursuant to Rule VVVV.17(d).
- (f) A Seller who is in default under Rule VVVV.17(b) shall forthwith pay to the Clearing House any sums payable by the Seller under Rule VVVV.13 and any sums payable pursuant to Rule VVVV.17(d).
- (g) Without prejudice to its rights under any other part of Rule VVVV.17, the Clearing House may refer to the Exchange any dispute or issue arising between any of the parties. If, upon such reference, the Exchange is of the opinion that the default under Rule VVVV.17(b) is of minor significance it shall determine any such dispute or issue between such parties upon such evidence as it may deem relevant and convey its findings to such parties who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of any party to refer the dispute or any related dispute to arbitration under the Regulations.
- (h) Notwithstanding that a Buyer or Seller may be in default under Rule VVVV.17(b), the Clearing House may in its absolute discretion determine not to exercise or to delay in exercising any of its rights under this Rule VVVV.17 or under Rule VVVV.18, and no failure by the Clearing House to exercise nor any delay on its part in exercising any of such rights shall operate as a waiver of the Clearing House's rights upon that or any subsequent occasion, nor shall any single or partial exercise of any such rights prevent any further exercise thereof or of any other right.

- (i) A Buyer, a Seller or the Clearing House may refer a dispute arising out of a default under Rule VVVV.17(b) (subject always to the application of provisions of Rule VVVV.18) to arbitration under the Regulations. Any steps taken by the Clearing House pursuant to Rule VVVV.17(d) shall be without prejudice to the rights of any party to refer a dispute to arbitration under the Regulations.

VVVV.18 CONSEQUENCES OF DELIVERY DEFAULT

- (a) The provisions of Rules VVVV.18(b) to VVVV.18(h) inclusive shall be subject to the default rules of the Clearing House, as may be in force from time to time in force.
- (b) For the purpose of this Rule VVVV.18, a reference to a “delivery default” shall be construed as including an actual default by a Seller (or its Transferor in performing the Seller’s obligations) in delivering Swiss Confederation Bonds in accordance with these Contract Rules or an actual default by a Buyer (or its Transferee in performing the Buyer’s obligations) in making a payment in accordance with these Contract Rules, or an anticipated default. An anticipated default is a default by a Seller (or its Transferor in performing the Seller’s obligations) or by a Buyer (or its Transferee in performing the Buyer’s obligations) which the Clearing House, in its reasonable opinion, thinks will occur and in respect of which the Clearing House considers that it should take action under the provisions of this Rule VVVV.18.
- (c) If there appears to the Clearing House to be a delivery default by a Buyer or a Seller in respect of any lot comprised in a registered Contract the Clearing House may take such steps as it deems appropriate to facilitate a mutually acceptable resolution of such delivery default. A resolution of a delivery default may be on such terms and take such form as is acceptable to the Clearing House, to the Buyer and to the Seller. Such terms may limit some or all of the rights of the Buyer, the Seller or the Clearing House to refer any matter concerning or arising out of a delivery default (or the resolution thereof) to arbitration under the Regulations.
- (d) If it appears to the Clearing House that a Clearing Member as Seller or a Clearing Member as Buyer is in delivery default, the Clearing House may in its sole discretion, in addition to any steps taken under Rule VVVV.18(c), take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of the Seller or Buyer not in delivery default including, without prejudice to the generality of the foregoing, the steps referred to elsewhere in this Rule VVVV.18. Any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with any steps taken by the Clearing House in relation to a Contract to which the delivery default relates shall be paid by the Buyer or Seller who is in delivery default. Any steps taken by the Clearing House in relation to a delivery default shall be without prejudice to any rights (including rights to refer matters to arbitration under Rule VVVV.18(h), obligations or claims of the Buyer, the Seller or the Clearing House in relation to a Contract to which the delivery default relates.
- (e) Seller in delivery default
 - (i) Unless the terms of a resolution (if any) agreed under Rule VVVV.18(c) of a delivery default by a Seller have been performed then, notwithstanding that the Clearing House is in delivery default to the Buyer on the Delivery Day, the Buyer shall make available, or shall procure its Transferee to make available, in the appropriate account for the purpose of making payment to the Clearing House against delivery the invoicing amount in respect of each delivery amount the Deliverable Swiss Confederation Bond set out in the Buyer’s Notification on each business day until the earlier of:
 - (A) delivery by the Clearing House of a delivery amount of the Deliverable Swiss Confederation Bond in respect of a specific lot; or
 - (B) the end of the sixth business day following the Delivery Day.

In the event that the Clearing House has not delivered the delivery amount of the Deliverable Swiss Confederation Bond by close of business on the sixth business day following the Delivery Day, those lots in respect of which delivery has not been made by the Clearing House shall be the subject of cash

settlement. The cash settlement price shall be determined by the Exchange on the seventh business day following the Delivery Day by reference, inter alia, to spread relationships in existence before the cessation of trading on the Last Trading Day and to movements in market prices and values for the Deliverable Swiss Confederation Bond and for other delivery months from the cessation of trading on the Last Trading Day to the time when pursuant to this Rule VVVV.18(e)(i) the Exchange determines the cash settlement price. Such cash settlement price shall be final and no dispute as to such price may be referred to arbitration, notwithstanding that any party may refer any dispute which any party might have in relation to the costs, claims, losses, taxes or expenses incurred or suffered by it to arbitration pursuant to Rule VVVV.18(d).

(ii) Until the time when the terms of a resolution (if any) agreed under Rule VVVV.18(c) of a delivery default by the Seller have been performed, the Clearing House in its sole discretion may take any steps whatsoever which may appear desirable to the Clearing House, in order to perform its obligations to the Buyer in whole or in part on the Delivery Day or otherwise before close of business on the sixth business day following the Delivery Day. The steps which the Clearing House may take may include buying or borrowing some or all of the delivery amount of the Deliverable Swiss Confederation Bond from a person other than the Seller. In the event that the Seller attempts to deliver late or does deliver late some or all of the delivery amounts of the Deliverable Swiss Confederation Bond to the Clearing House, the Clearing House shall be entitled to reject such attempted late delivery, or actual late delivery, or otherwise treat any such attempted or actual delivery as it sees fit (including, without limitation, selling such Deliverable Swiss Confederation Bonds as have actually been delivered) if it has already made alternative arrangements to buy, borrow or otherwise acquire for delivery to the Buyer some or all of the delivery amounts of the Deliverable Swiss Confederation Bonds. In the event that the Clearing House does acquire Swiss Confederation Bonds at such time and place and in such manner and on such terms as the Clearing House thinks fit from a person other than the Seller in order to meet in whole or in part its obligations to the Buyer to make delivery of Swiss Confederation Bonds:

- (A) if the total cost incurred by the Clearing House in acquiring the Swiss Confederation Bonds, including for the avoidance of doubt the cost of any purchase of Deliverable Swiss Confederation Bonds by the Clearing House in order to fulfil any obligations under the acquisition arrangements it has made ("the Acquisition Cost"), is greater than the invoicing amount which would have been payable by the Clearing House to the Seller, or if he has nominated one, the Transferor in respect of the relevant lot, the Seller shall forthwith pay the amount of such difference to the Clearing House; or
- (B) if the Acquisition Cost is less than the invoicing amount referred to above, the amount of such difference shall (if any remains after the deduction so far as possible of such sums as are payable by the Seller to the Clearing House under sub-paragraph (C) below or otherwise) be retained by the Clearing House to the order of the Exchange; and
- (C) the Seller shall forthwith pay to the Clearing House any sums payable by the Seller under Rule VVVV.13 and any sums (including, without limitation, costs, claims, losses taxes or expenses) payable to the Clearing House pursuant to this Rule VVVV.18, including, for the avoidance of doubt, all related administrative and funding costs (including borrowing costs) suffered or incurred by the Clearing House.

(f) Buyer in delivery default

- (i) If a Buyer is in delivery default to the Clearing House, the Clearing House shall be entitled to take such steps as it considers appropriate in order to make payment of the invoicing amount to the Seller in respect of the delivery amount of the Deliverable Swiss Confederation Bond to be delivered to it by the Seller. Unless the terms of a resolution (if any) agreed under Rule VVVV.18(c) of a delivery default by a Buyer have been performed, or if the Clearing House has been unable to take delivery of the delivery amount of the Deliverable Swiss Confederation Bond from the Seller as a result of a delivery default by the Buyer, the Seller

shall, notwithstanding this delivery default, take all necessary steps to make available for delivery each delivery amount of the Deliverable Swiss Confederation Bond specified in respect of each lot in the Seller's Delivery Notice at a later time on the Delivery Day and on each business day following the Delivery Day until the earlier of:

- (A) the Seller delivering such delivery amounts (whether altogether simultaneously or in separate amounts at different times as may be directed by the Clearing House) to the Clearing House in consideration for the Clearing House paying to the Seller the invoicing amount in respect of each such previously undelivered delivery amount of the Deliverable Swiss Confederation Bond; or
- (B) the end of the sixth business day following the Delivery Day.

In the event that the Clearing House has not paid the invoicing amount to the Seller in respect of each lot by close of business on the sixth business day following the Delivery Day, those lots in respect of which payment has not been made by the Clearing House shall be the subject of cash settlement. The cash settlement price shall be determined by the Exchange on the seventh business day following the Delivery Day by reference, inter alia, to spread relationships in existence before the cessation of trading on the Last Trading Day and to movements in market prices and values for the Deliverable Swiss Confederation Bond and for other delivery months from the cessation of trading on the Last Trading Day to the time when pursuant to this Rule VVVV.18(f)(i) the Exchange determines the cash settlement price. Such cash settlement price shall be final and no dispute as to such price may be referred to arbitration, notwithstanding that any party may refer any dispute which any party might have in relation to the costs, claims, losses, taxes or expenses incurred or suffered by it to arbitration pursuant to Rule VVVV.18(h).

- (ii) Notwithstanding the Buyer's delivery default, the Clearing House may have acquired Deliverable Swiss Confederation Bonds from the Seller (or its Transferor). When this occurs, the Clearing House in its sole discretion may sell any or all Swiss Confederation Bonds delivered by the Seller (or its Transferor) at such time and place and in such manner and on such terms as may to the Clearing House seem fit. Where the price at which such Swiss Confederation Bonds are sold ("the Sale Price") is less than the invoicing amount in respect of the relevant lot the difference between the Sale Price and the invoicing amount, together with any funding costs incurred by the Clearing House in accepting delivery of some, or all, delivery amounts of Deliverable Swiss Confederation Bonds from the Seller pursuant to this Rule VVVV.18(f)(ii), shall forthwith be paid by the Buyer who is in delivery default to the Clearing House. Where the invoicing amount is less than the Sale Price the difference between the invoicing amount and the Sale Price (if any remains after the deduction so far as possible of such sums as are payable by the Buyer to the Clearing House hereunder (including, without limitation, costs, including administrative and funding costs suffered or incurred by the Clearing House and described elsewhere in this Rule VVVV.18(f)(ii)) or otherwise including, without limitation, costs, claims, losses, taxes or expenses) shall be retained by the Clearing House to the order of the Exchange.
 - (iii) A Buyer who is in delivery default shall forthwith pay to the Clearing House any sums payable by the Buyer under Rule VVVV.13 and any sums payable to the Clearing House pursuant to this Rule VVVV.18.
- (g) Without prejudice to its rights under any other part of Rule VVVV.18, the Clearing House may refer to the Exchange any dispute or issue arising between any of the parties. If, upon such reference, the Exchange is of the opinion that the delivery default is of minor significance it shall determine any such dispute or issue between such parties upon such evidence as it may deem relevant and convey its findings to such parties who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of any party to refer the dispute or any related dispute to arbitration under the Regulations.
- (h) Subject always to a resolution of a delivery default pursuant to Rule VVVV.18(c), the terms of which by agreement limit in whole or in part the rights of one or more of a Buyer, a Seller or the Clearing

House to refer a dispute to arbitration under Rule VVVV.19(a) and subject to the provisions in this Rule VVVV.18 limiting the matters which may be referred to an arbitration under the Regulations, a Buyer, a Seller or the Clearing House may refer a dispute arising out of a delivery default to arbitration under the Regulations.

- (i) The provisions of Rule VVVV.17 and Rule VVVV.18 relating to steps that may be taken by the Clearing House, where there appears to the Clearing House to be a delivery default by a Buyer or, as the case may be, a Seller under Rule VVVV.17(b), may be varied, or different steps may be substituted therefor by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to such existing and/or new Contracts and registered Contracts as the Exchange may determine.

VVVV.19 FORCE MAJEURE

- (a) Subject to the provisions of Rules VVVV.14(d)(iii) and VVVV.14(e) and to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules of the Clearing House, in the event of a Seller or a Buyer being prevented from performing his obligations in respect of any lot comprised in a Contract by the due time therefor by any cause beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems such lot shall be invoiced back at a price to be fixed by the Exchange in consultation with the Clearing House.

VVVV.23 STATEMENT IN RELATION TO ICE FUTURES SWISS CONFEDERATION BOND FUTURES CONTRACTS

- (a) Potential users of the ICE Futures Swiss Confederation Bond Futures Contracts made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules and Administrative Procedures.
- (b) Potential users should consider the risks of holding a position until the Last Trading Day of a ICE Futures Swiss Confederation Bond Futures Contract wherein they shall be buyers or sellers in the delivery process. In particular, they should familiarise themselves with the use of Price Factors and the EDSP price formation process as these are both constituents of the formula for the calculation of the invoicing amount.

CONTRACTS¹

WWWW.0	Interpretation
WWWW.1	Price
WWWW.2	Settlement Procedures
WWWW.3	Timetable
WWWW.4	Coupon Interest Payment

¹ All times are London times unless otherwise specified

WWWW.0 INTERPRETATION

All defined terms as set out in Rule VVVV shall apply to this Rule WWW.

WWWW.1 PRICE

The minimum price fluctuation shall be one Cent (Rappen) per CHF 100 nominal.

WWWW.2 SETTLEMENT PROCEDURES

All deliveries under this Contract must be made in accordance with the SIX SIS Rules, Rule VVVV, the Administrative Procedures and the Clearing House's procedures from time to time in force. Clearing Members are obliged to deliver or take delivery in respect of their total gross Contract position remaining open after the close of trading in the Contract delivery month on the Last Trading Day and must therefore ensure that their gross position (open buying and selling Contracts) registered with the Clearing House or submitted to the Clearing House for registration allows for this.

WWWW.3 TIMETABLE

On or before the tenth business day prior to the Last Trading Day

The Exchange will publish the final List of Deliverable Swiss Confederation Bonds.

Last Trading Day

At 11.30 hours Trading for Contracts in the current delivery month shall cease.

As soon as is reasonably practicable the Exchange will publish the EDSP. This will be determined in accordance with Rule VVVV.11, and the prices used for the calculation thereunder shall be those during the period of the one minute immediately preceding 11.30 hours on the Last Trading Day.

By 13.00 hours In respect of Contracts remaining open at the close of trading on the Last Trading Day the following procedures shall apply.

Each Seller holding open Contracts shall have delivered to the Clearing House a Seller's Delivery Notice in the form prescribed by the Clearing House.

Only one Deliverable Swiss Confederation Bond shall be nominated in respect of each lot referred to in the Seller's Delivery Notice.

By 15.00 hours The Clearing House will allocate each lot to a Buyer for the purpose of delivery. The allocation of Deliverable Swiss Confederation Bonds to Buyers will be made on a random basis. The Clearing House will inform each Buyer of his allocation of Deliverable Swiss Confederation Bonds.

The Clearing House will inform both Buyer and Seller of the invoicing amount.

By 18.00 hours The Clearing House will in respect of each lot make available to the Buyer and the Seller details of the instructions which the Seller, or if he has nominated one, the Transferor and the Buyer, or if he has nominated one, the Transferee shall submit to SIX SIS.

From 18.00 hours The details to be submitted, as required by Rule VVVV.10(a), to SIX SIS AG so as to enable matching to take place in SIX SIS AG in order that settlement of Contracts is effected through SIX SIS AG on the Delivery Day.

Settlement Day

By 9.00 hours All payments required by Rule VVVV.13(a) to be made by the Buyer and the Seller shall have been completed.

Delivery Day

By 08.00 hours

- (a) (i) The Seller, or if he has nominated one the Transferor shall in respect of each lot to be delivered by him have transferred the delivery amount of the Deliverable Swiss Confederation Bond specified in respect of that lot in the Seller's Delivery Notice in accordance with Rule VVVV.8(b) to the account of the Clearing House at SIX SIS AG; and
- (ii) payment of the invoicing amount for such delivery amount of the Deliverable Swiss Confederation Bond shall have been satisfied by an Assured Payment,

provided, where the Seller is not the Transferor, the Clearing House shall not be obliged to accept such transfer or make such payment unless the provisions of Rule VVVV.8(e) have been satisfied, and

- (b) (i) the Clearing House shall in respect of each lot to be delivered to the Buyer, or if he has nominated one, the Transferee have transferred the delivery amount of the Deliverable Swiss Confederation Bond specified in respect of that lot in accordance with Rule VVVV.9(a) to the account of the Buyer, or if he has nominated one, the Transferee at SIX SIS AG as notified to the Clearing House in the Buyer's Notification; and
- (ii) payment of the invoicing amount for such delivery amount of the Deliverable Swiss Confederation Bond shall have been satisfied by an Assured Payment.

WWWWW.4 COUPON INTEREST PAYMENT

If, in the circumstances referred to in Rule VVVV.14(g), a coupon interest payment which would have been received by the Buyer is received by the Clearing House or by the Seller then, in addition to any other payments to be made under Rule VVVV.14(e):

- (i) if such coupon interest payment is received by the Clearing House, the Clearing House shall pay to the Buyer a sum equal to the net amount received by it; or
- (ii) if such coupon interest payment is received by the Seller, or if he has nominated one, the Transferor, the Seller shall pay to the Clearing House and the Clearing House shall then pay to the Buyer a sum equal to the amount received by the Seller, or if he has nominated one, the Transferor.

CONTRACT RULES: ICE FUTURES EURO SWAPNOTE® FUTURES CONTRACTS

Swapnote® is a registered trademark of ICAP plc.

XXXX.1 DEFINITIONS

(a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.

(b) In these Contract Rules and the Administrative Procedures:

“Administrative Procedures” means the administrative procedures at Rule YYYY implemented by the Exchange for the purposes of these Contract Rules;

“business day” means:

- (i) in relation to the calculation of the date of the Last Trading Day and the Settlement Day for a Contract, a day on which the market and the Clearing House are open for business; and
- (ii) in all other respects, any day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) System is open;

“Cashflow Calculation Period” means, in respect of a Cashflow Payment Date, the period from, and including, the first business day comprised in the Cashflow Payment Date Reference Period immediately preceding such Cashflow Payment Date up to, but excluding, the first business day comprised in the Cashflow Payment Date Reference Period in which such Cashflow Payment Date falls;

“Cashflow Payment Date” means in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, each date which falls on the day immediately following the last day of the immediately preceding Cashflow Payment Date Reference Period so that each Cashflow Payment Date Reference period runs from, and including, one Cashflow Payment Date up to but excluding the next Cashflow Payment Date and the first Cashflow Payment Date Reference Period starts on, and includes, the Effective Date and the final Cashflow Payment Date Reference Period ends on the day immediately preceding the Termination Date;

“Cashflow Payment Date Reference Period” means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the period specified by the Exchange in relation to such Contract in the Table;

“Contract” means a contract made expressly or impliedly under these Contract Rules, for the sale and purchase of one or more lots in respect of a Set of Relevant Payments specified by the Exchange in the Table, and “registered Contract” means a Contract registered by the Clearing House;

“Currency of the Contract” means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the currency specified by the Exchange in relation to such Contract in the Table;

“delivery month”	means, in respect of a Set of Relevant Payments specified by the Exchange in the Table, each month specified by the Exchange in relation to such Set of Relevant Payments in the Table;
“EDSP”	means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule XXXX.6;
“Effective Date”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the day which is specified as such by the Exchange in relation to such Contract in the Table;
“euro”	means the single currency of the European Union introduced in participating Member States pursuant to their participation in Economic and Monetary Union in the European Union;
“Gross”	means, in respect of any payment, the gross amount of such payment free from any withholding or deduction for or on account of any present or future tax, levy, impost, duty, charge, assessment or fee of any nature (including interest, penalties and additions thereto) that is imposed by any government or other taxing or competent authority in respect of any such payment;
“interest rate basis”	means, for the purposes of calculating the EDSP and the Relevant Day Count Fraction in respect of a Contract for a particular delivery month and a particular Set of Relevant Payments, the interest rate basis specified by the Exchange in relation to such Contract in the Table;
“Last Trading Day”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the day specified by the Exchange in the Table (subject to Rule XXXX.5);
“List of Notional Cashflows”	has the meaning attributed to it in Rule XXXX.3(a);
“lot”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which it relates, the unit of trading specified by the Exchange in relation to such Contract in the Table;
“Minimum Rate Criteria”	<p>means, in respect of the Rate Source Page, the Swap Rates that must be published, which are:</p> <ul style="list-style-type: none"> (i) the Swap Rate on the Rate Source Page for the tenor equal to the period commencing on the Effective Date and ending on the first Cashflow Payment Date; and (ii) a Swap Rate on the Rate Source Page for a tenor equal to or greater than the period commencing on the Effective Date and ending on the Termination Date; and (iii) a Swap Rate on the Rate Source Page for a tenor equal to the period commencing on the Effective Date and ending on a Cashflow Payment Date, other than the Swap Rates determined in (i) or (ii) above.
“Net Present Value”	has the meaning attributed to it in Rule XXXX.6(e);

“Notional Fixed Rate”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the fixed rate of interest (expressed as a percentage) specified by the Exchange in respect of such Contract in the Table;
“quarterly delivery month”	means March, June, September or December;
“Rate Source Page”	means an electronic page which is customarily used for the purpose of displaying Swap Rates and references to a “Rate Source Page” shall be construed so as to include any successor to such Rate Source Page from time to time determined by the Exchange;
“Rate Source Page Dates”	are the dates on the Rate Source Page for which a Swap Rate is quoted;
“Reference Rates”	has the meaning attributed to it in Rule XXXX.6(a);
“Relevant Day Count Fraction”	<p>in respect of the Cashflow Calculation Period for which the Exchange has specified an interest rate basis shall be calculated as follows:</p> <p>(i) where the numerator stated in the interest rate basis is:</p> <p>(A) “Actual”, the numerator of the Relevant Day Count Fraction shall be the number of days comprised in the Cashflow Calculation Period in respect of which the relevant determination is to be made;</p> <p>(B) “30”, the numerator of the Relevant Day Count Fraction shall be the number of days comprised in the Cashflow Calculation Period in respect of which the relevant determination is to be made, each period from a date in one month to the same date in the following month to be considered thirty days provided that: (i) if the first day comprised in such period falls on the thirty-first day of a calendar month or the last day of February, such day shall be deemed to have fallen on the thirtieth day of that month; (ii) if the last day of the period in respect of which the relevant determination is to be made falls on the thirty-first day of a calendar month, the last day of the period in respect of which the determination falls to be made shall be treated as falling on the thirty-first day of that month unless the first day of such period falls on or is deemed to fall on the thirtieth day of a calendar month, in which case the last day of the period in respect of which the determination is to be made shall be deemed to have fallen on the thirtieth day of the relevant calendar month; and (iii) if the last day of the period in respect of which the relevant determination is to be made falls on the last day of February such day shall be deemed to have fallen on the deemed thirtieth day of that month;</p> <p>(C) “30E”, the numerator of the Relevant Day Count Fraction shall be the number of days comprised in the</p>

Cashflow Calculation Period in respect of which the determination is to be made, each period from a date in one calendar month to the same date in the following calendar month to be considered thirty days provided that if the first day comprised in such period falls on the thirty-first day of a calendar month, such day shall be deemed to have fallen on the thirtieth day of that month and if the last day of the period in respect of which the determination is to be made falls on the thirty-first day of a calendar month, the last day of the period in respect of which the determination falls to be made shall be deemed to have fallen on the thirtieth day of that month;

- (ii) Where the denominator stated in the interest rate basis is:
 - (A) “360”, then the denominator of the Relevant Day Count Fraction shall be three hundred and sixty;
 - (B) “365(F)”, then the denominator of the Relevant Day Count Fraction shall be three hundred and sixty five;
 - (C) “Actual”, then the denominator of the Relevant Day Count Fraction shall be the number of days in the period starting on, and including, the first day of the Cashflow Calculation Period up to, but excluding, the first anniversary of the first day of the Cashflow Calculation Period; and
- (iii) the Relevant Day Count Fraction shall be the numerator divided by the denominator and rounded to eight decimal places. Where the Relevant Day Count Fraction is not an exact multiple of 0.00000001, it will be rounded to the nearest 0.00000001 or, where the Relevant Day Count Fraction is an exact uneven multiple of 0.000000005, to the nearest higher 0.00000001;

“Relevant Floating Rate” means the floating interest rate specified by the Exchange in the Table and references to a “Relevant Floating Rate” shall be construed so as to include any successor to such Relevant Floating Rate from time to time determined by the Exchange;

“Set of Relevant Payments” means the Buyer’s right to receive and the Seller’s obligation to pay a series of Gross payments in the Currency of the Contract which in aggregate are equal to payments:

- (a) on each Cashflow Payment Date of a Gross amount equal to the product of: (i) the notional principal amount of the unit of trading which constitutes one lot; (ii) the Notional Fixed Rate; and (iii) the Relevant Day Count Fraction for the Cashflow Calculation Period applicable to such Cashflow Payment Date; and
- (b) on the Termination Date of a Gross amount equal to the notional principal amount of the unit of trading which constitutes one lot,

except that where any such date specified in (a) or (b) above is not a business day, the date for payment of the amount due on such day shall be deemed to be the next business day;

“Settlement Day”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the first business day after the Last Trading Day applicable to such Contract;
“Swapnote® Swap Rate Interpolation Methodology”	has the meaning described in the Schedule;
“Swap Rate”	means, in respect of a notional fixed-floating interest rate swap contract denominated in a particular currency with a particular tenor, an interest rate expressed as a percentage which when multiplied by the notional principal amount in respect of which such swap contract is notionally made and by the fixed rate day count fraction calculated in the manner specified therein represents the amount that a fixed rate payer would have to pay on each of the dates specified therein for fixed rate payments, against receiving floating rate amounts on the dates specified therein for floating-rate payments equal to the product of: (i) the floating rate specified therein; (ii) the notional principal amount of the swap specified therein; and (iii) the floating rate day count fraction calculated in the manner specified therein; and
“Termination Date”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the anniversary of the Effective Date specified by the Exchange in relation to such Contract in the Table.

(c) [Not used]

(d) References to “specified by the Exchange in the Table” means as specified in the column in the Table applicable to the relevant currency and period. The Table and Schedule attached hereto form part of these Contract Rules. Footnotes do not form part of these Contract Rules and do not have legal effect except where the context otherwise allows.

XXXX.2 CONTRACT SPECIFICATION

(a) Each Contract shall be for one or more lots for the delivery month specified.

XXXX.3 LIST OF NOTIONAL CASHFLOWS

(a) In respect of each delivery month for a Contract the Exchange shall publish prior to making such delivery month available for trading, by notice, a “List of Notional Cashflows” which shall specify the Cashflow Payment Dates, Relevant Day Count Fractions and the notional cashflow for such delivery month.

XXXX.4 PRICE

- (a) The Contract price shall be expressed in “Price Points” per €100 nominal.
- (b) The value per lot of one Price Point shall be as specified by the Exchange in the Table.

- (c) The minimum price movement shall be 0.005 Price Points, 0.01 Price Points or 0.02 Price Points as specified by the Exchange in the Table.

XXXX.5 LAST TRADING DAY

- (a) In respect of Contracts for a particular delivery month and for a particular Set of Relevant Payments, on the Last Trading Day:
 - (i) trading in such Contracts shall cease at such time as may be specified in the Administrative Procedures; and
 - (ii) the Exchange will calculate the EDSP for such Contracts in accordance with Rule XXXX.6.
- (b) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the Last Trading Day will not be a business day, then the business day next following such day shall become the Last Trading Day in respect of that delivery month and the Exchange shall post a notice to that effect on the Market.
- (c) If, at any time after the close of trading two business days prior to the day which is scheduled to be the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the business day immediately preceding the third Wednesday in that month will not be a business day, then this shall not affect the Last Trading Day which shall (subject to Rule XXXX.5(b)) remain the day it was scheduled to be.

XXXX.6 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) The EDSP shall be calculated by reference to the Reference Rates. Subject to any provisions to the contrary contained in these Contract Rules or the Regulations, the Reference Rates in respect of a Contract and the Set of Relevant Payments to which they relate shall be the Swap Rates appearing on the Rate Source Page specified by the Exchange in the Table and applicable to the Relevant Floating Rate specified by the Exchange in the Table so that in respect of each Cashflow Payment Date, the Reference Rate applicable to such Cashflow Payment Date shall be the relevant Swap Rate appearing on such Rate Source Page (at the time specified by the Exchange from time to time) on the Last Trading Day in respect of the Currency of the Contract and a tenor equal to the period commencing on the Effective Date and ending on such Cashflow Payment Date.
- (b) In the event that a Swap Rate relating to one of the Cashflow Payment Dates is not published on the Rate Source Page specified by the Exchange in the Table, and provided that the Minimum Rate Criteria are met, the Reference Rate applicable to such Cashflow Payment Date shall be determined using the Swapnote® Swap Rate Interpolation Methodology, as defined in the Schedule. Where the Reference Rate determined by this method is not an exact multiple of 0.00001, it will be rounded to the nearest 0.00001 or, where the Reference Rate determined by this method is an exact uneven multiple of 0.000005, to the nearest higher 0.00001.
- (c) In the event that a Swap Rate in the relevant currency, and for the relevant period, appearing on the Rate Source Page specified by the Exchange in the Table used for the purposes of calculating the Reference Rates is expressed other than on the relevant interest rate basis specified by the Exchange in the Table, then such interest rate shall be adjusted to be on such basis for the purposes of determining the Net Present Value.
- (d) The Exchange may at its discretion resolve, prior to the commencement of the calendar month in which the Last Trading Day falls, that the Reference Rates shall be determined by means other than that specified in Rule XXXX.6(a) or XXXX.6(b). Any such determination by the Exchange shall be the subject of a notice posted on the Market.

- (e) The Net Present Value (“NPV”) shall be a figure calculated in accordance with the formula:

$$NPV = 100 \times \left(d_m + F \sum_{r=1}^m A_r d_r \right)$$

where, in respect of a Contract for a particular delivery month, and the Set of Relevant Payments to which it relates:

- F = the Notional Fixed Rate expressed in such a way that, for a Notional Fixed Rate of 6%, $F = 0.06$;
- m = the number of Cashflow Payment Date Reference Periods from the Effective Date to the Termination Date where ‘ m ’ is an integer;
- A_r = the Relevant Day Count Fraction for the Cashflow Calculation Period applicable to the r^{th} Cashflow Payment Date where ‘ r ’ is an integer;
- d_r = the Discount Factor for the Cashflow Calculation Period applicable to the r^{th} Cashflow Payment Date, where ‘ r ’ is an integer. The Discount Factor d_r shall be established as follows:

The Discount Factor for the Cashflow Calculation Period applicable to the first Cashflow Payment Date d_1 is defined with respect to: (i) the Reference Rate, denoted as ‘ C_1 ’, applicable to the first Cashflow Payment Date (expressed in such a way that for a Reference Rate of 5%, $C_1 = 0.05$); and (ii) the Relevant Day Count Fraction for the first Cashflow Calculation Period, denoted as ‘ A_1 ’ as:

$$d_1 = \frac{1}{1 + A_1 C_1}$$

rounded to eight decimal places. Where the Discount Factor is not an exact multiple of 0.00000001, it will be rounded to the nearest 0.00000001 or, where the Discount Factor is an exact uneven multiple of 0.000000005, to the nearest higher 0.00000001.

The Discount Factor for each Subsequent Cashflow Calculation Period shall be calculated as follows:

$$d_r = \frac{1 - C_r \sum_{i=1}^{r-1} A_i d_i}{1 + A_r C_r}$$

rounded to eight decimal places. Where the Discount Factor is not an exact multiple of 0.00000001, it will be rounded to the nearest 0.00000001 or, where the Discount Factor is an exact uneven multiple of 0.000000005, to the nearest higher 0.00000001.

In relation to the calculation set out above,

- C_r = the Reference Rate applicable to the r^{th} Cashflow Payment Date (expressed in such a way that for a Reference Rate of 5%, $C_r = 0.05$);
- A_i = the Relevant Day Count Fraction for the Cashflow Calculation Period applicable to the i^{th} Cashflow Payment Date;

$d_i =$ the Discount Factor as calculated in accordance with the above formulae, for the Cashflow Calculation Period applicable to the i^{th} Cashflow Payment Date;

- (f) (i) In respect of Contracts for which the minimum price movement specified by the Exchange in the Table is 0.02 Price Points, the EDSP shall be expressed on the same basis as the Contract price and shall be the figure calculated by rounding the Net Present Value to two decimal places. Where the Net Present Value is not an exact multiple of 0.01, it will be rounded to the nearest 0.01 or, where the Net Present Value is an exact uneven multiple of 0.005, to the nearest higher 0.01.
- (ii) In respect of Contracts for which the minimum price movement specified by the Exchange in the Table is 0.01 Price Points, the EDSP shall be expressed on the same basis as the Contract price and shall be the figure calculated by rounding the Net Present Value to two decimal places. Where the Net Present Value is not an exact multiple of 0.01, it will be rounded to the nearest 0.01 or, where the Net Present Value is an exact uneven multiple of 0.005, to the nearest higher 0.01.
- (iii) In respect of Contracts for which the minimum price movement specified by the Exchange in the Table is 0.005 Price Points, the EDSP shall be expressed on the same basis as the Contract price and shall be the figure calculated by rounding the Net Present Value to three decimal places. Where the Net Present Value is not an exact multiple of 0.005, it will be rounded to the nearest 0.005 or, where the Net Present Value is an exact uneven multiple of 0.0025, to the nearest higher 0.005.
- (g) If the relevant Rate Source Page specified by the Exchange in the Table is not available for any reason whatsoever or the relevant Reference Rates referred to in Rule XXXX.6(a) have not been published by the time referred to in such Contract Rule or the Minimum Rate Criteria are not met, Exchange officials shall in their absolute discretion determine the Reference Rates by means other than that specified in Rule XXXX.6(a).
- (h) If, in the opinion of Exchange officials, the EDSP which would result from a calculation made in accordance with Rules XXXX.6(e) and XXXX.6(f) would not be consistent with the prevailing Swap Rates in the relevant currency and for the relevant period (as determined by Exchange officials) at the time referred to in Rule XXXX.5(a), then Exchange officials may in their absolute discretion set the EDSP at a price determined by them by reference to such prevailing Swap Rates.
- (i) The Exchange shall publish a provisional EDSP and the final EDSP at such times as are specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes.

XXXX.7 PAYMENT

- (a) In respect of each lot comprised in a Contract the following payments shall be made in the Currency of Contract by the time on the Settlement Day specified by the Exchange in the Administrative Procedures:
 - (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require); and
 - (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require);

of an amount calculated by multiplying the difference in Price Points between the EDSP and the Contract price by the value per lot of one Price Point as specified by the Exchange in the Table.

XXXX.8 DEFAULT IN PERFORMANCE

- (a) A Buyer or Seller other than the Clearing House shall be in default where:
 - (i) he fails to fulfil in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules his obligations under a Contract by the time and in the manner prescribed; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Exchange or Clearing House he is otherwise in default.
- (b) Subject to the default rules of the Clearing House, in the event of a default by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, fix a price for invoicing back and each lot in issue shall be invoiced back at that price. No dispute as to such price may be referred to arbitration. Such price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider should be paid by or to the Buyer or Seller, as applicable.
- (c) [Not used]

XXXX.9 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations, and subject to the default rules of the Clearing House, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

XXXX.10 [NOT USED]

XXXX.11 [NOT USED]

XXXX.12 [NOT USED]

XXXX.13 STATEMENT IN RELATION TO EDSP FORMATION PROCESS³

- (a) Potential users of the ICE Futures Euro Swapnote® Futures Contracts (the "Contracts") made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules as well as the relevant EDSP calculation process. The EDSP calculations for the relevant Contracts utilise ICE Swap Rate euro Swap Rates administered by ICE Benchmark Administration Limited and may include Reference Rates calculated using the Swapnote® Swap Rate Interpolation Methodology.

Potential users should, therefore, consider the risks of holding positions into the expiry of the relevant Contract. In particular, they should: (i) familiarise themselves with the daily fixing process for euro Swap Rates; (ii) familiarise themselves with the Swapnote® Swap Rate Interpolation Methodology; and (iii) consider their exposure to potentially unfavourable price movements in the expiry and

³ Amended 12 May 2015

whether to take steps to neutralise such exposure; for example, taking into account that there may be relatively limited liquidity provision, whether to “roll” or close positions prior to expiry.

TABLE
CONTRACT DETAILS SPECIFIED BY THE EXCHANGE FOR EURO SWAPNOTE® CONTRACTS

Contract	Two Year Euro Swapnote®	Five Year Euro Swapnote®	Ten Year Euro Swapnote®	Thirty Year Euro Swapnote®
Set of Relevant Payments	2 Year euro	5 Year euro	10 Year euro	30 Year euro
Effective Date	Third Wednesday of delivery month	Third Wednesday of delivery month	Third Wednesday of delivery month	Third Wednesday of delivery month
Currency of the Contract	euro	euro	euro	euro
Termination Date	Second anniversary of the Effective Date	Fifth anniversary of the Effective Date	Tenth anniversary of the Effective Date	Thirtieth anniversary of the Effective Date
Cashflow Payment Date Reference Period	One Calendar Year	One Calendar Year	One Calendar Year	One Calendar Year
Unit of trading	€100,000	€100,000	€100,000	€100,000
Notional Fixed Rate	6.00%	6.00%	6.00%	6.00%
Delivery months	Mar, Jun, Sep, Dec	Mar, Jun, Sep, Dec	Mar, Jun, Sep, Dec	Mar, Jun, Sep, Dec
No. of delivery months available for trading⁴	2 Quarterly	2 Quarterly	2 Quarterly	2 Quarterly
Quotation	Price Points per €100 nominal	Price Points per €100 nominal	Price Points per €100 nominal	Price Points per €100 nominal
Value of One Price Point	€1,000 per lot	€1,000 per lot	€1,000 per lot	€1,000 per lot
Minimum price movement (Value)	0.005 Price Points (€5)	0.01 Price Points (€10)	0.01 Price Points (€10)	0.02 Price Points (€20)
Last Trading Day⁵	Two business days prior to the Effective Date	Two business days prior to the Effective Date	Two business days prior to the Effective Date	Two business days prior to the Effective Date

⁴ The delivery months available for trading will be the relevant number of nearest quarterly delivery months. A new delivery month will be made available for trading on the business day following the Last Trading Day of the current delivery month

⁵ If such a day is not a business day, "Last Trading Day" shall mean the business day following such day.

Contract	Two Year Euro Swapnote®	Five Year Euro Swapnote®	Ten Year Euro Swapnote®	Thirty Year Euro Swapnote®
Last Trading Time (London time)	10:00 hours	10:00 hours	10:00 hours	10:00 hours

SCHEDULE
SWAPNOTE® SWAP RATE INTERPOLATION METHODOLOGY FOR EURO SWAPNOTE® CONTRACTS

1. Swapnote® Swap Rate Interpolation Methodology

Provided that the Minimum Rate Criteria, as described in the Contract Rules, are met then:

For each Cashflow Payment Date x for which there is a corresponding Rate Source Page Date x_i , the Swap Rate y is defined as the Swap Rate y_i available on the Rate Source Page.

For each Cashflow Payment Date x for which there is not a corresponding Rate Source Page Date x_i , the relevant Reference Rate y is found via Cubic Spline interpolation.

2. Glossary⁶

n	is an integer defined as the number of Rate Source Page Dates;
x	is a date defined as a Cashflow Payment Date;
x_i	means a the i th date from the Rate Source Page Dates;
y	is a Reference Rate relating to a date x ;
y_i	means a Swap Rate and is the corresponding Swap Rate for each value of x_i ;
y''	means the second derivative of the function y ;
y_i''	is the value of the second derivative of y for $y = y_i$; and
M	is a Matrix.

3. Cubic Spline Interpolation⁷

The dates x_1, x_2, \dots, x_n shall be those available on the Rate Source Page, and hence y_1, y_2, \dots, y_n are the corresponding Swap Rates available on the Rate Source Page.

The Reference Rate y for a date x that: (i) is not available on the Rate Source Page; and (ii) satisfies the inequality $x_i < x < x_{i+1}$, where $1 \leq i \leq n - 1$ shall be determined as follows:

$$y = a(x - x_i)^3 + b(x - x_i)^2 + c(x - x_i) + d$$

Where:

$$\begin{aligned} a &= \frac{(y_{i+1}'' - y_i'')}{6(x_{i+1} - x_i)} \\ b &= \frac{y_i''}{2} \\ c &= \frac{(y_{i+1} - y_i)}{(x_{i+1} - x_i)} - \frac{(y_{i+1}''(x_{i+1} - x_i))}{6} - \frac{(y_i''(x_{i+1} - x_i))}{3} \\ d &= y_i \end{aligned}$$

⁶ Amended 12 May 2015

⁷ Amended 12 May 2015

And y_i'' shall be determined as follows:

$$\begin{pmatrix} 1 & 0 & 0 & 0 & \cdots & 0 & 0 & 0 & 0 \\ (x_2 - x_1) & 2(x_2 - x_1) + 2(x_3 - x_2) & (x_3 - x_2) & 0 & \cdots & 0 & 0 & 0 & 0 \\ 0 & (x_3 - x_2) & 2(x_3 - x_2) + 2(x_4 - x_3) & (x_4 - x_3) & \cdots & 0 & 0 & 0 & 0 \\ \vdots & \vdots & \vdots & \vdots & \ddots & \vdots & \vdots & \vdots & \vdots \\ 0 & 0 & 0 & 0 & \cdots & (x_{n-2} - x_{n-3}) & 2(x_{n-2} - x_{n-3}) + 2(x_{n-1} - x_{n-2}) & (x_{n-1} - x_{n-2}) & 0 \\ 0 & 0 & 0 & 0 & \cdots & 0 & (x_{n-1} - x_{n-2}) & 2(x_{n-1} - x_{n-2}) + 2(x_n - x_{n-1}) & (x_n - x_{n-1}) \\ 0 & 0 & 0 & 0 & \cdots & 0 & 0 & 0 & 1 \end{pmatrix} = M$$

$$M \begin{pmatrix} y_1'' \\ y_2'' \\ y_3'' \\ \vdots \\ y_{n-2}'' \\ y_{n-1}'' \\ y_n'' \end{pmatrix} = 6 \begin{pmatrix} 0 \\ \frac{(y_3 - y_2)}{(x_3 - x_2)} - \frac{(y_2 - y_1)}{(x_2 - x_1)} \\ \frac{(y_4 - y_3)}{(x_4 - x_3)} - \frac{(y_3 - y_2)}{(x_3 - x_2)} \\ \vdots \\ \frac{(y_{n-1} - y_{n-2})}{(x_{n-1} - x_{n-2})} - \frac{(y_{n-2} - y_{n-3})}{(x_{n-2} - x_{n-3})} \\ \frac{(y_n - y_{n-1})}{(x_n - x_{n-1})} - \frac{(y_{n-1} - y_{n-2})}{(x_{n-1} - x_{n-2})} \\ 0 \end{pmatrix}$$

SECTION YYYY - PROCEDURES: ICE FUTURES EURO SWAPNOTE® FUTURES CONTRACTS

YYYY.0	Interpretation
YYYY.1	Price
YYYY.2	Timetable

Swapnote® is a registered trademark of ICAP plc.

YYYY.0 INTERPRETATION

All defined terms as set out in Rule XXXX shall apply to this Rule YYYYY.

YYYY.1 PRICE

The minimum price fluctuation shall be as specified in the Table in Rule XXXX.

YYYY.2 TIMETABLE

Last Trading Day

At the time specified
in the Table in Rule
XXXX

Trading for Contracts in the current delivery month will cease.

As soon as
reasonably
practicable after
cessation of trading

The Exchange will publish a provisional EDSP.

Within 60 minutes
after publication of a
provisional EDSP or
as soon as
reasonably
practicable thereafter

The Exchange will publish the final EDSP.

Settlement Day

By 10:00 hours

All payments required by Rule XXXX.7(a) to be made by the
Buyer and the Seller shall have been completed.

ZZZZ.1 DEFINITIONS

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and the Administrative Procedures:
- “Administrative Procedures” means the administrative procedures at Rule AAAAAA implemented by the Exchange for the purposes of these Contract Rules;
- “business day” means:
- (i) in relation to the determination of the dates of the Last Trading Day and the Settlement Day for a Contract, a day on which the market, the Clearing House and banks in London and New York are open for business; and
 - (ii) in all other respects, any day on which banks in London and New York are open for business;
- “Cashflow Calculation Period” means:
- (i) in respect of a Cashflow Payment Date other than the final Cashflow Payment Date, the period from, and including, the first business day comprised in the Standard Cashflow Calculation Period immediately preceding the Standard Cashflow Calculation Period in which such Cashflow Payment Date falls up to, but excluding, the Cashflow Payment Date; and
 - (ii) for the final Cashflow Payment Date, the period from, and including, the first business day comprised in the final Standard Cashflow Calculation Period up to, but excluding, the final Cashflow Payment Date;
- “Cashflow Payment Date” means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the first business day following the last day of Standard Cashflow Calculation Period;
- “Cashflow Payment Date Reference Period” means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the period specified by the Exchange in relation to such Contract in the Table;
- “Contract” means a contract made expressly or impliedly under these Contract Rules, for the sale and purchase of one or more lots in respect of a Set of Relevant Payments specified by the Exchange in the Table, and “registered Contract” means a Contract registered by the Clearing House;
- “Currency of the Contract” means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such contract relates, the Currency specified by the Exchange in relation to such Contract in the Table;

“delivery month”	means, in respect of a Set of Relevant Payments specified by the Exchange in the Table, each month specified by the Exchange in relation to such Set of Relevant Payments in the Table;
“EDSP”	means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule ZZZZ.6;
“Effective Date”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the day which is specified as such by the Exchange in relation to such Contract in the Table;
“Eurodollar Rate”	means the Eurodollar Time Deposit rate with a three month tenor established from the first listed quarterly Three Month Eurodollar Futures contract price on ICE Futures Europe market at 11:00 AM New York time on the Last Trading Day. The Eurodollar Rate, expressed as a percentage per annum, shall be determined as one hundred minus the Reference Rate Contract price e.g. if the Reference Rate Contract price is 98.001 then the Eurodollar Rate shall be 1.999% per annum;
“First Cashflow Calculation Period Reference Rate”	means a rate specified as such by the Exchange in the Table which is a benchmark rate for cash deposits or interest rate swaps, as the case may be, in the Currency of the Contract, relevant to the First Cashflow Payment Date;
“Gross”	means, in respect of any payment, the gross amount of such payment free from any withholding or deduction for or on account of any present or future tax, levy, impost, duty, charge, assessment or fee of any nature (including interest, penalties and additions thereto) that is imposed by any government or other taxing or competent authority in respect of any such payment;
“interest rate basis”	means, for the purposes of calculating the EDSP and the Relevant Day Count Fraction in respect of a Contract for a particular delivery month and a particular Set of Relevant Payments, the interest rate basis specified by the Exchange in relation to such Contract in the Table;
“Last Trading Day”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the day specified by the Exchange in the Table (subject to Rule ZZZZ.5);
“List of Notional Cashflows”	has the meaning attributed to it in Rule ZZZZ.3(a);
“lot”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which it relates, the unit of trading specified by the Exchange in relation to such Contract in the Table;
“Minimum Rate Criteria”	means, in respect of the Rate Source Page, the Swap Rates that must be published, which are: <ul style="list-style-type: none"> (i) the Swap Rate on the Rate Source Page for the tenor equal to the period commencing on the Effective Date and ending on the first Cashflow Payment Date; and

	(ii) a Swap Rate on the Rate Source Page for a tenor equal to or greater than the period commencing on the Effective Date and ending on the Termination Date; and
	(iii) a Swap Rate on the Rate Source Page for a tenor equal to the period commencing on the Effective Date and ending on a Cashflow Payment Date, other than the Swap Rates determined in (i) or (ii) above.
“Net Present Value”	has the meaning attributed to it in Rule ZZZZ.6(e);
“Notional Fixed Rate”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the fixed rate of interest (expressed as a percentage) specified by the Exchange in respect of such Contract in the Table;
“quarterly delivery month”	means March, June, September or December;
“Rate Source Page”	means an electronic page which is customarily used for the purpose of displaying a particular Reference Rate and references to a Rate Source Page shall be construed so as to include any successor to such Rate Source Page from time to time determined by the Exchange;
“Rate Source Page Dates”	are the dates on the Rate Source Page for which a Swap Rate is quoted;
“Reference Rates”	has the meaning attributed to it in Rule ZZZZ.6(a);
“Reference Rate Contract”	means the ICE Futures Europe Three Month Eurodollar Futures Contract;
“Relevant Day Count Fraction”	in respect of the Cashflow Calculation Period for which the Exchange has specified an interest rate basis shall be calculated as follows: <ul style="list-style-type: none"> (i) where the numerator stated in the interest rate basis is: <ul style="list-style-type: none"> (A) “Actual”, the numerator of the Relevant Day Count Fraction shall be the number of days comprised in the Cashflow Calculation Period in respect of which the relevant determination is to be made; (B) “30”, the numerator of the Relevant Day Count Fraction shall be the number of days comprised in the Cashflow Calculation Period in respect of which the relevant determination is to be made, each period from a date in one month to the same date in the following month to be considered thirty days provided that: (i) if the first day comprised in such period falls on the thirty-first day of a calendar month or the last day of February, such day shall be deemed to have fallen on the thirtieth day of that month; (ii) if the last day of the period in respect of which the relevant determination is to be made falls on the thirty-first day of a calendar month, the last day of the period in respect of which the determination falls to be made shall be treated as falling on the thirty-first day of that month unless the first day

of such period falls on or is deemed to fall on the thirtieth day of a calendar month, in which case the last day of the period in respect of which the determination is to be made shall be deemed to have fallen on the thirtieth day of the relevant calendar month; and (iii) if the last day of the period in respect of which the relevant determination is to be made falls on the last day of February such day shall be deemed to have fallen on the deemed thirtieth day of that month;

- (C) “30E”, the numerator of the Relevant Day Count Fraction shall be the number of days comprised in the Cashflow Calculation Period in respect of which the determination is to be made, each period from a date in one calendar month to the same date in the following calendar month to be considered thirty days provided that if the first day comprised in such period falls on the thirty-first day of a calendar month, such day shall be deemed to have fallen on the thirtieth day of that month and if the last day of the period in respect of which the determination is to be made falls on the thirty-first day of a calendar month, the last day of the period in respect of which the determination falls to be made shall be deemed to have fallen on the thirtieth day of that month;

(ii) where the denominator stated in the interest rate basis is:

- (A) “360”, then the denominator of the Relevant Day Count Fraction shall be three hundred and sixty;
- (B) “365(F)”, then the denominator of the Relevant Day Count Fraction shall be three hundred and sixty five;
- (C) “Actual”, then the denominator of the Relevant Day Count Fraction shall be the number of days in the period starting on, and including, the first day of the Cashflow Calculation Period up to, but excluding, the first anniversary of the first day of the Cashflow Calculation Period; and

(iii) the Relevant Day Count Fraction shall be the numerator divided by the denominator and rounded to eight decimal places. Where the Relevant Day Count Fraction is not an exact multiple of 0.00000001, it will be rounded to the nearest 0.00000001 or, where the Relevant Day Count Fraction is an exact uneven multiple of 0.000000005, to the nearest higher 0.00000001;

“Relevant Floating Rate” means the floating interest rate specified by the Exchange in the Table;

“Set of Relevant Payments” means the Buyer’s right to receive and the Seller’s obligation to pay a series of Gross payments in the Currency of the Contract which in aggregate are equal to payments:

- (i) on each Cashflow Payment Date of a Gross amount equal to the product of: (i) the notional principal amount of the unit of trading which constitutes one lot; (ii) the Notional Fixed Rate; and (iii) the Relevant Day Count Fraction for the Cashflow

- Calculation Period applicable to such Cashflow Payment Date;
and
- (ii) on the Termination Date of a Gross amount equal to the notional principal amount of the unit of trading which constitutes one lot except that where the Termination Date is not a business day, the date for payment of the notional principal amount shall be deemed to be the next business day;
- “Settlement Day” means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the first business day after the Last Trading Day applicable to such Contract;
- “Standard Cashflow Calculation Periods” means a series of time intervals established for the determination of the Cashflow Payment Dates in respect of a Contract and the Set of Relevant Payments to which such Contract relates, where the first such Standard Cashflow Calculation Period starts on (and includes) the Effective Date and ends on (and includes) the calendar day immediately preceding the day which is one Cashflow Payment Date Reference Period following the Effective Date, and subsequent Standard Cashflow Calculation Periods start on the day which is one Cashflow Payment Date Reference Period following the first day of the preceding Standard Cashflow Calculation Period and end on (and include) the calendar day immediately preceding the day which is one Cashflow Payment Date Reference Period following the first day of such Standard Cashflow Calculation Period;
- “Swapnote® Swap Rate Interpolation Methodology” has the meaning described in the Schedule;
- “Swap Rate” means, in respect of a notional fixed-floating interest rate swap contract denominated in a particular currency with a particular tenor, an interest rate expressed as a percentage which when multiplied by the notional principal amount in respect of which such swap contract is notionally made and by the fixed rate day count fraction calculated in the manner specified therein represents the amount that a fixed rate payer would have to pay on each of the dates specified therein for fixed rate payments, against receiving floating rate amounts on the dates specified therein for floating-rate payments equal to the product of: (i) the floating rate specified therein; (ii) the notional principal amount of the swap specified therein; and (iii) the floating rate day count fraction calculated in the manner specified therein;
- “Termination Date” means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the anniversary of the Effective Date specified by the Exchange in relation to such Contract in the Table; and
- “U.S. Dollar” and “\$” mean the lawful currency of the United States of America.
- (c) References to “specified by the Exchange in the Table” means as specified in the column in the Table applicable to the relevant currency and period. The Table and Schedule attached hereto form part of these Contract Rules. Footnotes do not form part of these Contract Rules and do not have legal effect except where the context otherwise allows.

ZZZZ.2 CONTRACT SPECIFICATION

- (a) Each Contract shall be for one or more lots for the delivery month specified.

ZZZZ.3 LIST OF NOTIONAL CASHFLOWS

- (a) In respect of each delivery month for a Contract the Exchange shall publish prior to making such delivery month available for trading, by notice, a “List of Notional Cashflows” which shall specify the Cashflow Payment Dates, Relevant Day Count Fractions and the notional cashflow for such delivery month.

ZZZZ.4 PRICE

- (a) The Contract price shall be expressed in “Price Points” per \$100 nominal.
- (b) The value per lot of one Price Point shall be as specified by the Exchange in the Table.
- (c) The minimum price movement shall be 0.005 Price Points, 0.01 Price Points or 0.02 Price Points as specified by the Exchange in the Table.

ZZZZ.5 LAST TRADING DAY

- (a) In respect of Contracts for a particular delivery month and for a particular Set of Relevant Payments, on the Last Trading Day:
 - (i) trading in such Contracts shall cease at such time as may be specified in the Administrative Procedures; and
 - (ii) the Exchange will calculate the EDSP for such Contracts in accordance with Rule ZZZZ.6.
- (b) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the Last Trading Day will not be a business day, then the business day next following such day shall become the Last Trading Day in respect of that delivery month and the Exchange shall post a notice to that effect on the Market.
- (c) If, at any time after the close of trading two business days prior to the day which is scheduled to be the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the business day immediately preceding the third Wednesday in that month will not be a business day, then this shall not affect the Last Trading Day which shall (subject to Rule ZZZZ.5(b)) remain the day it was scheduled to be.

ZZZZ.6 EXCHANGE DELIVERY SETTLEMENT PRICE (“EDSP”)

- (a) The EDSP shall be calculated by reference to the Reference Rates. Subject to any provisions to the contrary contained in these Contract Rules or the Regulations, the Reference Rates in respect of a Contract and the Set of Relevant Payments to which it relates shall be:
 - (i) the First Cashflow Calculation Period Reference Rate using the methodology set out in Rule ZZZZ.6(b);
 - (ii) the Swap Rates appearing on the Rate Source Page in respect of Swap Rates specified by the Exchange in the Table and applicable to the Relevant Floating Rate specified by the Exchange in the Table, so that in respect of the second Cashflow Payment Date and all subsequent Cashflow Payment Dates the applicable Reference Rate shall be the relevant Swap Rate

established on such Rate Source Page at the time specified by the Exchange in the Table from time to time on the Last Trading Day in respect of the Currency of the Contract and a tenor equal to the period commencing on the Effective Date and ending on such Cashflow Payment Date;

- (iii) the Swap Rates determined by the Exchange using the Swapnote® Swap Rate Interpolation Methodology, as defined in the Schedule, in the event that a Swap Rate in the relevant currency, and for the relevant period, is not published on the Rate Source Page specified by the Exchange in the Table and provided that the Minimum Rate Criteria are met. Where the Reference Rate determined by this method is not an exact multiple of 0.00001, it will be rounded to the nearest 0.00001 or, where the Reference Rate determined by this method is an exact uneven multiple of 0.000005, to the nearest higher 0.00001; and
 - (iv) the Relevant Floating Rate established at the time specified by the Exchange in the Table from time to time on the Last Trading Day on the Rate Source Page specified by the Exchange in the Table in respect of the Relevant Floating Rate and the Currency of the Contract.
- (b) The First Cashflow Calculation Period Reference Rate as specified in the Table is established as follows on the Last Trading Day:
- (i) If (as far as reasonably ascertainable) one or more Reference Rate Contracts have been made in the Order Book on such day during the last five minutes of trading of the expiring Contract, then:
 - (A) if only one Reference Rate Contract has been so made, the Reference Rate Contract price shall be the price (as far as reasonably ascertainable) at which that Reference Rate Contract was made; or
 - (B) if more than one Reference Rate Contract has been so made, the price of the Reference Rate Contract shall be the average of the prices (as far as reasonably ascertainable) at which such Reference Rate Contracts were made, weighted by reference to the number of lots (as far as reasonably ascertainable) comprised in each such contract and rounded to eight decimal places.
 - (ii) If (as far as reasonably ascertainable) on the Last Trading Day, during the specified period, no Reference Rate Contract for the specified delivery month has been made in the order book but both an offer (or offers) and a bid (or bids) have been made in the Order Book in respect of a Reference Rate Contract (or Contracts) for the specified delivery month, then the Reference Rate Contract price shall be the average of the lowest price (as far as reasonably ascertainable) at which such an offer was made and the highest price (as far as reasonably ascertainable) at which such a bid was made during the last minute of trading of the expiring Contract and rounded to eight decimal places.
 - (iii) If (as far as reasonably ascertainable) on such day, during the specified period, no Reference Rate Contract for the specified delivery month has been made in the Order Book and either no offer or bid or neither an offer nor a bid has been made in the Order Book in respect of a Reference Rate Contract for the specified delivery month, then Exchange officials shall determine the Reference Rate with respect to the related markets.
- (c) In the event that a Swap Rate in the relevant currency, and for the relevant period, appearing on the Rate Source Page specified by the Exchange in the Table in respect of Swap Rates used for the purposes of calculating the Reference Rates is expressed other than on the relevant interest rate basis specified by the Exchange in the Table, then such interest rate shall be adjusted to be on such basis for the purposes of determining the Net Present Value.

- (d) The Exchange may at its discretion resolve, prior to the commencement of the calendar month in which the Last Trading Day falls, that the Reference Rates shall be determined by means other than that specified in Rule ZZZZ.6(a). Any such determination by the Exchange shall be the subject of a notice posted on the Market.
- (e) The Net Present Value (“NPV”) shall be a figure calculated in accordance with the formula:

$$NPV = 100 \times \left(d_{2m} + F \times \sum_{r=1}^{2m} A_r d_r \right)$$

where, in respect of a Contract for a particular delivery month, and the Set of Relevant Payments to which it relates:

- F = the Notional Fixed Rate expressed in such a way that, for a Notional Fixed Rate of 6%, F = 0.06;
- m = the number of years between the Contract’s Effective Date and the Contract’s Termination Date, such that there are 2m Cashflow Payment Date Reference Periods from the Effective Date to the Termination Date, where ‘2m’ is an integer;
- A_r = the Relevant Day Count Fraction for the Cashflow Calculation Period applicable to the rth Cashflow Payment Date where ‘r’ is an integer;
- d_r (d_i) = the Discount Factor for the Cashflow Calculation Period applicable to the rth (ith) Cashflow Payment Date, where ‘r’ (‘i’) is an integer. The Discount Factor d_r (d_i) shall be established as follows:

The Discount Factor for the Cashflow Calculation Period applicable to the first Cashflow Payment Date d₁ is defined as:

$$d_1 = \frac{1}{(1 + a_1 I_1)}$$

rounded to eight decimal places. Where the Discount Factor is not an exact multiple of 0.00000001, it will be rounded to the nearest 0.00000001 or, where the Discount Factor is an exact uneven multiple of 0.000000005, to the nearest higher 0.00000001.

In relation to the calculation set out above,

- I₁ = the First Cashflow Calculation Period Reference Rate (expressed in such a way that for a rate of 5%, I₁ = 0.05); and
- a₁ = the Relevant Day Count Fraction based upon the interest rate basis applicable to the First Cashflow Calculation Period Reference Rate.

The Discount Factor for each subsequent Cashflow Calculation Period shall be calculated as follows:

$$d_r = \frac{1 - C_r \sum_{i=1}^{r-1} A_i d_i}{1 + A_r C_r}$$

rounded to eight decimal places. Where the Discount Factor is not an exact multiple of 0.00000001, it will be rounded to the nearest 0.00000001 or, where the Discount Factor is an exact uneven multiple of 0.000000005, to the nearest higher 0.00000001.

In relation to the calculation set out above,

C_r = the Swap Rate applicable to the r^{th} Cashflow Payment Date (expressed in such a way that for a Swap Rate of 5%, $C_r = 0.05$) determined in accordance with Rule ZZZZ.6(a)(i), or Rule ZZZZ.6(a)(iii), or Rule ZZZZ.6(a)(iv), as the case may be;

A_r (A_i) = the Relevant Day Count Fraction based upon the Interest Rate basis in respect to Swap Rates for the Cashflow Calculation Period applicable to the r^{th} (i^{th}) Cashflow Payment Date, where 'r' ('i') is an integer.

- (f) (i) In respect of Contracts for which the minimum price movement specified by the Exchange in the Table is 0.02 Price Points, the EDSP shall be the figure calculated by rounding the Net Present Value to two decimal places. Where the Net Present Value is not an exact multiple of 0.01, it will be rounded to the nearest 0.01 or, where the Net Present Value is an exact uneven multiple of 0.005, to the nearest higher 0.01.
- (ii) In respect of Contracts for which the minimum price movement specified by the Exchange in the Table is 0.01 Price Points, the EDSP shall be expressed on the same basis as the contract price and shall be the figure calculated by rounding the Net Present Value to two decimal places. Where the Net Present Value is not an exact multiple of 0.01, it will be rounded to the nearest 0.01 or, where the Net Present Value is an exact uneven multiple of 0.005, to the nearest higher 0.01.
- (iii) In respect of Contracts for which the minimum price movement specified by the Exchange in the Table is 0.005 Price Points, the EDSP shall be expressed on the same basis as the contract price and shall be the figure calculated by rounding the Net Present Value to three decimal places. Where the Net Present Value is not an exact multiple of 0.005, it will be rounded to the nearest 0.005 or, where the Net Present Value is an exact uneven multiple of 0.0025, to the nearest higher 0.005.
- (g) If a Rate Source Page specified by the Exchange in the Table is not available for any reason whatsoever or the relevant Reference Rates referred to in Rule ZZZZ.6(a) have not been published by the time referred to in such Contract Rule or the Minimum Rate Criteria are not met, Exchange officials shall in their absolute discretion determine the relevant Reference Rates by such means other than that specified in Rule ZZZZ.6(a).
- (h) If, in the opinion of Exchange officials, the EDSP which would result from a calculation made in accordance with Rule ZZZZ.6(e) and Rule ZZZZ.6(e) would not be consistent with the prevailing Swap Rates in the relevant currency and for the relevant period (as determined by Exchange officials) at the time referred to in Rule ZZZZ.5(a), then Exchange officials may in their absolute discretion set the EDSP at a price determined by them by reference to such prevailing Swap Rates.
- (i) The Exchange shall publish a provisional EDSP and the final EDSP at such times as are specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes.

ZZZZ.7 PAYMENT

- (a) In respect of each lot comprised in a Contract the following payments shall be made in the Currency of Contract by the time on the Settlement Day specified by the Exchange in the Administrative Procedures:
 - (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require); and
 - (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require),

of an amount calculated by multiplying the difference in Price Points between the EDSP and the Contract price by the value per lot of one Price Point as specified in Rule ZZZZ.4(b).

ZZZZ.8 DEFAULT IN PERFORMANCE

- (a) A Buyer or Seller other than the Clearing House shall be in default where:
 - (i) he fails to fulfil in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules his obligations under a Contract by the time and in the manner prescribed; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Exchange or the Clearing House he is otherwise in default.
- (b) Subject to the default rules of the Clearing House, in the event of a default by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each lot in issue shall be invoiced back at that price. No dispute as to such price may be referred to arbitration. Such price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider should be paid by or to the Buyer or Seller, as applicable.
- (c) [Not used]

ZZZZ.9 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules of the Clearing House, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

ZZZZ.10 [NOT USED]

ZZZZ.11 [NOT USED]

ZZZZ.12 [NOT USED]

ZZZZ.13 STATEMENT IN RELATION TO EDSP FORMATION PROCESS³

- (a) Potential users of the ICE Futures U.S. Dollar Swapnote® Futures Contracts (the "Contracts") made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules as well as the relevant EDSP calculation process. The EDSP calculations for the Contracts utilise ICE Swap Rate dollar Swap Rates administered by ICE Benchmark Administration Limited, the First Cashflow Calculation Period Reference Rate (established from the Three Month Eurodollar Futures Contract price on the ICE Futures Europe market, as described in Rule ZZZZ.6) and may include Reference Rates calculated using the Swapnote® Swap Rate Interpolation Methodology.

³ Amended 12 May 2015

Potential users should, therefore, consider the risks of holding positions into the expiry of the Contract. In particular, they should: (i) familiarise themselves with the daily fixing process for dollar Swap Rates; (ii) familiarise themselves with the Swapnote® Swap Rate Interpolation Methodology; and (iii) consider their exposure to potentially unfavourable price movements in the expiry and whether to take steps to neutralise such exposure; for example, taking into account that there may be relatively limited liquidity provision, whether to “roll” or close positions prior to expiry.

TABLE
CONTRACT DETAILS SPECIFIED BY THE EXCHANGE FOR ICE FUTURES U.S. DOLLAR SWAPNOTE® FUTURES CONTRACTS

Contract	Two Year U.S. Dollar Swapnote®	Five Year U.S. Dollar Swapnote®	Ten Year U.S. Dollar Swapnote®	Thirty Year U.S. Dollar Swapnote®
Set of Relevant Payments	2 Year U.S. Dollar	5 Year U.S. Dollar	10 Year U.S. Dollar	30 Year U.S. Dollar
Effective Date	Third Wednesday of delivery month	Third Wednesday of delivery month	Third Wednesday of delivery month	Third Wednesday of delivery month
Currency of the Contract	U.S. Dollar	U.S. Dollar	U.S. Dollar	U.S. Dollar
Termination Date	Second anniversary of the Effective Date	Fifth anniversary of the Effective Date	Tenth anniversary of the Effective Date	Thirtieth anniversary of the Effective Date
Cashflow Payment Date Reference Period	Six Calendar Months	Six Calendar Months	Six Calendar Months	Six Calendar Months
Unit of trading	\$200,000	\$100,000	\$100,000	\$100,000

SCHEDULE
SWAPNOTE® SWAP RATE INTERPOLATION METHODOLOGY FOR ICE FUTURES U.S. DOLLAR
SWAPNOTE® FUTURES CONTRACTS

1. Swapnote® Swap Rate Interpolation Methodology

Provided that the Minimum Rate Criteria, as described in the Contract Rules, are met then:

For each Cashflow Payment Date x for which there is a corresponding Rate Source Page Date x_i , the Swap Rate y is defined as the Swap Rate y_i available on the Rate Source Page.

For each Cashflow Payment Date x for which there is not a corresponding Rate Source Page Date x_i , the relevant Reference Rate y is found via Cubic Spline interpolation.

2. Glossary⁷

n	is an integer defined as the number of Rate Source Page Dates;
x	is a date defined as a Cashflow Payment Date;
x_i	means the i th date from the Rate Source Page Dates;
y	is a Reference Rate relating to a date x ;
y_i	means a Swap Rate and is the corresponding Swap Rate for each value of x_i ;
y''	means the second derivative of the function y ;
y_i''	is the value of the second derivative of y for $y = y_i$; and
M	is a Matrix.

3. Cubic Spline Interpolation⁸

The dates x_1, x_2, \dots, x_n shall be those available on the Rate Source Page, and hence y_1, y_2, \dots, y_n are the corresponding Swap Rates available on the Rate Source Page.

The Reference Rate y for a date x that is: (i) not available on the Rate Source Page; and (ii) satisfies the inequality $x_i < x < x_{i+1}$, where $1 \leq i \leq n - 1$ shall be determined as follows:

$$y = a(x - x_i)^3 + b(x - x_i)^2 + c(x - x_i) + d$$

Where:

$$a = \frac{(y_{i+1}'' - y_i'')}{6(x_{i+1} - x_i)}$$

$$b = \frac{y_i''}{2}$$

$$c = \frac{(y_{i+1} - y_i)}{(x_{i+1} - x_i)} - \frac{(y_{i+1}''(x_{i+1} - x_i))}{6} - \frac{(y_i''(x_{i+1} - x_i))}{3}$$

$$d = y_i$$

⁷ Amended 12 May 2015

⁸ Amended 12 May 2015

And y_i'' shall be determined as follows:

$$\begin{pmatrix}
 1 & 0 & 0 & 0 & \cdots & 0 & 0 & 0 & 0 \\
 (x_2 - x_1) & 2(x_2 - x_1) + 2(x_3 - x_2) & (x_3 - x_2) & 0 & \cdots & 0 & 0 & 0 & 0 \\
 0 & (x_3 - x_2) & 2(x_3 - x_2) + 2(x_4 - x_3) & (x_4 - x_3) & \cdots & 0 & 0 & 0 & 0 \\
 \vdots & \vdots & \vdots & \vdots & \ddots & \vdots & \vdots & \vdots & \vdots \\
 0 & 0 & 0 & 0 & \cdots & (x_{n-2} - x_{n-3}) & 2(x_{n-2} - x_{n-3}) + 2(x_{n-1} - x_{n-2}) & (x_{n-1} - x_{n-2}) & 0 \\
 0 & 0 & 0 & 0 & \cdots & 0 & (x_{n-1} - x_{n-2}) & 2(x_{n-1} - x_{n-2}) + 2(x_n - x_{n-1}) & (x_n - x_{n-1}) \\
 0 & 0 & 0 & 0 & \cdots & 0 & 0 & 0 & 1
 \end{pmatrix}
 = M$$

$$M \begin{pmatrix} y_1'' \\ y_2'' \\ y_3'' \\ \vdots \\ y_{n-2}'' \\ y_{n-1}'' \\ y_n'' \end{pmatrix} = 6 \begin{pmatrix} 0 \\ \frac{(y_3 - y_2)}{(x_3 - x_2)} - \frac{(y_2 - y_1)}{(x_2 - x_1)} \\ \frac{(y_4 - y_3)}{(x_4 - x_3)} - \frac{(y_3 - y_2)}{(x_3 - x_2)} \\ \vdots \\ \frac{(y_{n-1} - y_{n-2})}{(x_{n-1} - x_{n-2})} - \frac{(y_{n-2} - y_{n-3})}{(x_{n-2} - x_{n-3})} \\ \frac{(y_n - y_{n-1})}{(x_n - x_{n-1})} - \frac{(y_{n-1} - y_{n-2})}{(x_{n-1} - x_{n-2})} \\ 0 \end{pmatrix}$$

AAAAA.0 INTERPRETATION

All defined terms as set out in Rule ZZZZ shall apply to this Rule AAAAA.

AAAAA.1 PRICE

The minimum price fluctuation shall be as specified in the Table in Rule ZZZZ.

AAAAA.2 TIMETABLE

Last Trading Day

At the time specified
in the Table in Rule
ZZZZ

Trading for Contracts in the current delivery month will
cease.

As soon as
reasonably
practicable after
cessation of trading

The Exchange will publish a provisional EDSP.

Within 60 minutes
after publication of a
provisional EDSP or
as soon as reasonably
practicable thereafter

The Exchange will publish the final EDSP.

Settlement Day

By 10:00 hours
(London time)

All payments required by Rule ZZZZ.7(a) to be made by the
Buyer and the Seller shall have been completed.

BBBBB.1 DEFINITIONS

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and the Administrative Procedures:
- “£” denotes the lawful currency of the United Kingdom, known, at the date of the issue of these Contract Rules, as “Sterling”;
- “Administrative Procedures” means all administrative procedures at Rule CCCCC implemented by the Exchange for the purposes of these Contract Rules;
- “business day” means:
- (i) in relation to the determination of the dates of the Last Trading Day and the Settlement Day for a Contract, a day on which the market, the Clearing House and banks in London are open for business; and
 - (ii) in all other respects, any day on which banks in London are open for business;
- “Cashflow Calculation Period” means:
- (i) in respect of a Cashflow Payment Date other than the final Cashflow Payment Date, the period from, and including, the first business day comprised in the Standard Cashflow Calculation Period immediately preceding the Standard Cashflow Calculation Period in which such Cashflow Payment Date falls up to, but excluding, the Cashflow Payment Date; and
 - (ii) for the final Cashflow Payment Date, the period from, and including, the first business day comprised in the final Standard Cashflow Calculation Period up to, but excluding, the final Cashflow Payment Date;
- “Cashflow Payment Date” means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the first business day following the last day of Standard Cashflow Calculation Period;
- “Cashflow Payment Date Reference Period” means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the period specified by the Exchange in relation to such Contract in the Table;
- “Contract” means a contract made expressly or impliedly under these Contract Rules, for the sale and purchase of one or more lots in respect of a Set of Relevant Payments specified by the Exchange in the Table, and “registered Contract” means a Contract registered by the Clearing House;
- “Currency of the Contract” means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the currency specified by the Exchange in relation to such Contract in the Table;

“delivery month”	means, in respect of a Set of Relevant Payments specified by the Exchange in the Table, each month specified by the Exchange in relation to such Set of Relevant Payments in the Table;
“EDSP”	means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule BBBBB.6;
“Effective Date”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the day which is specified as such by the Exchange in relation to such Contract in the Table;
“First Cashflow Calculation Period Rates”	are collectively the: <ul style="list-style-type: none"> (i) “First Cashflow Calculation Period Spot Rate”, which means a spot-starting rate which is a benchmark rate for cash deposits or interest rate swaps, as the case may be, in the Currency of the Contract, as specified by the Exchange in the Table; and (ii) “First Cashflow Calculation Period Forward Rate”, which means a forward-starting rate which is a benchmark rate for cash deposits or interest rate swaps, as the case may be, in the Currency of the Contract, as specified by the Exchange in the Table;
“Gross”	means, in respect of any payment, the gross amount of such payment free from any withholding or deduction for or on account of any present or future tax, levy, impost, duty, charge, assessment or fee of any nature (including interest, penalties and additions thereto) that is imposed by any government or other taxing or competent authority in respect of any such payment;
“interest rate basis”	means, for the purposes of calculating the EDSP and the Relevant Day Count Fraction in respect of a Contract for a particular delivery month and a particular Set of Relevant Payments, the interest rate basis specified by the Exchange in relation to such Contract in the Table;
“Last Trading Time and Day”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the time (London time) and day specified by the Exchange in the Table (subject to Rule BBBBB.5);
“List of Notional Cashflows”	has the meaning attributed to it in Rule BBBBB.3(a);
“lot”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which it relates, the unit of trading specified by the Exchange in relation to such Contract in the Table;
“Minimum Rate Criteria”	means, in respect of the Rate Source Page, the Swap Rates that must be published, which are: <ul style="list-style-type: none"> (i) the Swap Rate on the Rate Source Page for the tenor equal to the period commencing on the Effective Date and ending on the first Cashflow Payment Date; and

- (ii) a Swap Rate on the Rate Source Page for a tenor equal to or greater than the period commencing on the Effective Date and ending on the Termination Date; and
 - (iii) a Swap Rate on the Rate Source Page for a tenor equal to the period commencing on the Effective Date and ending on a Cashflow Payment Date, other than the Swap Rates determined in (i) or (ii) above.
- “Net Present Value” has the meaning attributed to it in Rule BBBBB.6(e);
- “Notional Fixed Rate” means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the fixed rate of interest (expressed as a percentage) specified by the Exchange in respect of such Contract in the Table;
- “quarterly delivery month” means March, June, September or December;
- “Rate Source Page” means an electronic page which is customarily used for the purpose of displaying a particular Reference Rate and references to a Rate Source Page shall be construed so as to include any successor to such Rate Source Page from time to time determined by the Exchange;
- “Rate Source Page Dates” are the dates on the Rate Source Page for which a Swap Rate is quoted;
- “Reference Rates” has the meaning attributed to it in Rule BBBBB.6(a);
- “Reference Rate Contract” means the Short Sterling Futures Contract;
- “Relevant Day Count Fraction” in respect of the Cashflow Calculation Period for which the Exchange has specified an interest rate basis shall be calculated as follows:
 - (i) where the numerator stated in the interest rate basis is:
 - (A) “Actual”, the numerator of the Relevant Day Count Fraction shall be the number of days comprised in the Cashflow Calculation Period in respect of which the relevant determination is to be made;
 - (B) “30”, the numerator of the Relevant Day Count Fraction shall be the number of days comprised in the Cashflow Calculation Period in respect of which the relevant determination is to be made, each period from a date in one month to the same date in the following month to be considered thirty days provided that: (i) if the first day comprised in such period falls on the thirty-first day of a calendar month or the last day of February, such day shall be deemed to have fallen on the thirtieth day of that month; (ii) if the last day of the period in respect of which the relevant determination is to be made falls on the thirty-first day of a calendar month, the last day of the period in respect of which the determination falls to be made shall be treated as falling on the thirty-first day of that month unless the first day of such period falls on or is deemed to fall on the

thirtieth day of a calendar month, in which case the last day of the period in respect of which the determination is to be made shall be deemed to have fallen on the thirtieth day of the relevant calendar month; and (iii) if the last day of the period in respect of which the relevant determination is to be made falls on the last day of February such day shall be deemed to have fallen on the deemed thirtieth day of that month;

(C) “30E”, the numerator of the Relevant Day Count Fraction shall be the number of days comprised in the Cashflow Calculation Period in respect of which the determination is to be made, each period from a date in one calendar month to the same date in the following calendar month to be considered thirty days provided that if the first day comprised in such period falls on the thirty-first day of a calendar month, such day shall be deemed to have fallen on the thirtieth day of that month and if the last day of the period in respect of which the determination is to be made falls on the thirty-first day of a calendar month, the last day of the period in respect of which the determination falls to be made shall be deemed to have fallen on the thirtieth day of that month;

(ii) where the denominator stated in the interest rate basis is:

(A) “360”, then the denominator of the Relevant Day Count Fraction shall be three hundred and sixty;

(B) “365(F)”, then the denominator of the Relevant Day Count Fraction shall be three hundred and sixty five;

(C) “Actual”, then the denominator of the Relevant Day Count Fraction shall be the number of days in the period starting on, and including, the first day of the Cashflow Calculation Period up to, but excluding, the first anniversary of the first day of the Cashflow Calculation Period; and

(iii) the Relevant Day Count Fraction shall be the numerator divided by the denominator and rounded to eight decimal places. Where the Relevant Day Count Fraction is not an exact multiple of 0.00000001, it will be rounded to the nearest 0.00000001 or, where the Relevant Day Count Fraction is an exact uneven multiple of 0.000000005, to the nearest higher 0.00000001;

“Relevant Floating Rate” means the floating interest rate specified by the Exchange in the Table;

“Set of Relevant Payments” means the Buyer’s right to receive and the Seller’s obligation to pay a series of Gross payments in the Currency of the Contract which in aggregate are equal to payments:

(a) on each Cashflow Payment Date of a Gross amount equal to the product of: (i) the notional principal amount of the unit of

	trading which constitutes one lot; (ii) the Notional Fixed Rate; and (iii) the Relevant Day Count Fraction for the Cashflow Calculation Period applicable to such Cashflow Payment Date; and
	(b) on the Termination Date of a Gross amount equal to the notional principal amount of the unit of trading which constitutes one lot except that where the Termination date is not a business day, the date for payment of the notional principal amount shall be deemed to be the next business day;
“Settlement Day”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the first business day after the Last Trading Day applicable to such Contract;
“Standard Cashflow Calculation Periods”	means a series of time intervals established for the determination of the Cashflow Payment Dates in respect of a Contract and the Set of Relevant Payments to which such Contract relates, where the first such Standard Cashflow Calculation Period starts on (and includes) the Effective Date and ends on (and includes) the calendar day immediately preceding the day which is one Cashflow Payment Date Reference Period following the Effective Day, and subsequent Standard Cashflow Calculation Periods start on the day which is one Cashflow Payment Date Reference Period following the first day of the preceding Standard Cashflow Calculation Period and end on (and include) the calendar day immediately preceding the day which is one Cashflow Payment Date Reference Period following the first day of such Standard Cashflow Calculation Period;
“Sterling Rate”	means the time deposit rate with a three month tenor established from the relevant Reference Rate Contract price on the Market at 11:00 AM London time on the Last Trading Day, in accordance with Rule BBBBBB.6(b);
“Swapnote® Swap Rate Interpolation Methodology”	has the meaning described in the Schedule;
“Swap Rate”	means, in respect of a notional fixed-floating interest rate swap contract denominated in a particular currency with a particular tenor, an interest rate expressed as a percentage which when multiplied by the notional principal amount in respect of which such swap contract is notionally made and by the fixed rate day count fraction calculated in the manner specified therein represents the amount that a fixed rate payer would have to pay on each of the dates specified therein for fixed rate payments, against receiving floating rate amounts on the dates specified therein for floating-rate payments equal to the product of: (i) the floating rate specified therein; (ii) the notional principal amount of the swap specified therein; and (iii) the floating rate day count fraction calculated in the manner specified therein; and
“Termination Date”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the anniversary of the Effective Date specified by the Exchange in relation to such Contract in the Table.

- (c) References to “specified by the Exchange in the Table” means as specified in the column in the Table applicable to the relevant currency and period. The Table and Schedule attached hereto form part of these Contract Rules. Footnotes do not form part of these Contract Rules and do not have legal effect except where the context otherwise allows.

BBBBBB.2 CONTRACT SPECIFICATION

- (a) Each Contract shall be for one or more lots for the delivery month specified.

BBBBBB.3 LIST OF NOTIONAL CASHFLOWS

- (a) In respect of each delivery month for a Contract the Exchange shall publish prior to making such delivery month available for trading a “List of Notional Cashflows” which shall specify the Cashflow Payment Dates, Relevant Day Count Fractions and the notional cashflow for such delivery month.

BBBBBB.4 PRICE

- (a) The Contract price shall be expressed in “Price Points” per £100 nominal.
- (b) The value per lot of one Price Point shall be as specified by the Exchange in the Table.
- (c) The minimum price movement shall be 0.005 Price Points, 0.01 Price Points or 0.02 Price Points as specified by the Exchange in the Table.

BBBBBB.5 LAST TRADING DAY

- (a) In respect of Contracts for a particular delivery month and for a particular Set of Relevant Payments, on the Last Trading Day:
 - (i) trading in such Contracts shall cease at such time as may be specified in the Administrative Procedures; and
 - (ii) the Exchange will calculate the EDSP for such Contracts in accordance with Rule BBBBBB.6.
- (b) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the Last Trading Day will not be a business day, then the business day next following such day shall become the Last Trading Day in respect of that delivery month and the Exchange shall post a notice to that effect on the Market.
- (c) If, at any time after the close of trading two business days prior to the day which is scheduled to be the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the business day immediately preceding the third Wednesday in that month will not be a business day, then this shall not affect the Last Trading Day which shall (subject to Rule BBBBBB.5(b)) remain the day it was scheduled to be.

BBBBBB.6 EXCHANGE DELIVERY SETTLEMENT PRICE (“EDSP”)

- (a) The EDSP shall be calculated by reference to the Reference Rates. Subject to any provisions to the contrary contained in these Contract Rules or the Regulations, the Reference Rates in respect of a Contract shall be:
 - (i) the Sterling Rates determined by the Exchange, using the methodology set out in Rule BBBBBB.6(b), in respect of the first Cashflow Payment Date;

- (ii) the Swap Rates appearing on the Rate Source Page in respect of Swap Rates specified by the Exchange in the Table and applicable to the Relevant Floating Rate specified by the Exchange in the Table, so that in respect of the second Cashflow Payment Date and all subsequent Cashflow Payments Dates the applicable Reference Rate shall be the relevant Swap Rate established on such Rate Source Page at the time specified by the Exchange in the Table from time to time on the Last Trading Day in respect of the Currency of the Contract and a tenor equal to the period commencing on the Effective Date and ending on such Cashflow Payment Date; and
 - (iii) the Swap Rates determined by the Exchange using the Swapnote® Swap Rate Interpolation Methodology, as defined in the Schedule, in the event that a Swap Rate in the relevant currency, and for the relevant period, is not published on the Rate Source Page specified by the Exchange in the Table and provided that the Minimum Rate Criteria are met. Where the Reference Rate determined by this method is not an exact multiple of 0.00001, it will be rounded to the nearest 0.00001 or, where the Reference Rate determined by this method is an exact uneven multiple of 0.000005, to the nearest higher 0.00001.
- (b) The Sterling Rate, expressed as a percentage per annum, shall be determined as one hundred minus the Reference Rate Contract price e.g. if the Reference Rate Contract price is 98.001 then the Sterling Rate shall be 1.999% per annum. The Reference Rate Contract price shall be determined as follows on the Last Trading Day:
 - (i) If the Reference Rate Contract is the first listed quarterly contract, the Reference Rate Contract price shall be its final settlement price; or
 - (ii) If the Reference Rate Contract is the second listed quarterly contract and:
 - (A) If (as far as reasonably ascertainable) one or more Reference Rate Contracts have been made in the Order Book on such day during the last five minutes of trading of the expiring Contract, then:
 - (1) if only one Reference Rate Contract has been so made, the Reference Rate Contract price shall be the price (as far as reasonably ascertainable) at which that Reference Rate Contract was made; or
 - (2) if more than one Reference Rate Contract has been so made, the price of the Reference Rate Contract shall be the average of the prices (as far as reasonably ascertainable) at which such Reference Rate Contracts were made, weighted by reference to the number of lots (as far as reasonably ascertainable) comprised in each such contract and rounded to eight decimal places; or
 - (B) If (as far as reasonably ascertainable) on the Last Trading Day, during the specified period, no Reference Rate Contract for the specified delivery month has been made in the Order Book but both an offer (or offers) and a bid (or bids) have been made in the Order Book in respect of a Reference Rate Contract (or Contracts) for the specified delivery month, then the Reference Rate Contract price shall be the average of the lowest price (as far as reasonably ascertainable) at which such an offer was made and the highest price (as far as reasonably ascertainable) at which such a bid was made during the last minute of trading of the expiring Contract and rounded to eight decimal places; or
 - (C) If (as far as reasonably ascertainable) on such day, during the specified period, no Reference Rate Contract for the specified delivery month has been made in the Order Book and either no offer or bid or neither an offer nor a bid has been made in the Order Book in respect of a Reference Rate Contract for the specified delivery month, then Exchange officials shall determine the Reference Rate Contract price with respect to the related markets.

- (c) In the event that a Swap Rate in the Currency of the Contract, and for the relevant period, appearing on the Rate Source Page specified by the Exchange in the Table in respect of Swap Rates used for the purposes of calculating the Reference Rates is expressed other than on the relevant interest rate basis specified by the Exchange in the Table, then such interest rate shall be adjusted to be on such basis for the purposes of determining the Net Present Value.
- (d) The Exchange may at its discretion resolve, prior to the commencement of the calendar month in which the Last Trading Day falls, that the Reference Rates shall be determined by means other than that specified in Rule BBBBBB.6(a). Any such determination by the Exchange shall be the subject of a notice posted on the Market.
- (e) The Net Present Value ("NPV") shall be a figure calculated in accordance with the formula:

$$NPV = 100 \times \left(d_{2m} + F \times \sum_{r=1}^{2m} A_r d_r \right)$$

where, in respect of a Contract for a particular delivery month, and the Set of Relevant Payments to which it relates:

F = the Notional Fixed Rate expressed in such a way that, for a Notional Fixed Rate of 3%, F = 0.03;

m = the number of years between the Contract's Effective Date and the Contract's Termination Date, such that there are 2m Cashflow Payment Date Reference Periods from the Effective Date to the Termination Date, where '2m' is an integer;

A_r = the Relevant Day Count Fraction for the Cashflow Calculation Period applicable to the rth Cashflow Payment Date where 'r' is an integer;

d_r (d_i) = the Discount Factor for the Cashflow Calculation Period applicable to the rth (ith) Cashflow Payment Date, where 'r' ('i') is an integer. The Discount Factor d_r shall be established as follows:

The Discount Factor for the Cashflow Calculation Period applicable to the first Cashflow Payment Date d₁ is defined as:

$$d_1 = \left(\frac{1}{(1 + a_1 I_1)} \right) \left(\frac{1}{(1 + a_2 I_2)} \right)$$

rounded to eight decimal places. Where the Discount Factor is not an exact multiple of 0.00000001, it will be rounded to the nearest 0.00000001 or, where the Discount Factor is an exact uneven multiple of 0.000000005, to the nearest higher 0.00000001.

In relation to the calculation set out above,

a₁ = the Relevant Day Count Fraction based upon the interest rate basis applicable to the First Cashflow Calculation Period Spot Rate;

a₂ = the Relevant Day Count Fraction based upon the interest rate basis applicable to the First Cashflow Calculation Period Forward Rate;

I₁ = the First Cashflow Calculation Period Spot Rate (expressed in such a way that for a rate of 5%, I₁ = 0.05);

$I_2 =$ the First Cashflow Calculation Period Forward Rate (expressed in such a way that for a rate of 5%, $I_2 = 0.05$).

The Discount Factor for each subsequent Cashflow Calculation Period shall be calculated as follows:

$$d_r = \frac{1 - C_r \sum_{i=1}^{r-1} A_i d_i}{1 + A_r C_r}$$

rounded to eight decimal places. Where the Discount Factor is not an exact multiple of 0.00000001, it will be rounded to the nearest 0.00000001 or, where the Discount Factor is an exact uneven multiple of 0.000000005, to the nearest higher 0.00000001.

In relation to the calculation set out above:

$C_r =$ the Swap Rate applicable to the r^{th} Cashflow Payment Date expressed in such a way that for a Swap Rate of 5%, $C_r = 0.05$ determined in accordance with Rule BBBBB.6(a)(ii) or Rule BBBBB.6(a)(iii) as the case may be;

$A_r(A_i) =$ the Relevant Day Count Fraction based upon the interest rate basis in respect to Swap Rates for the Cashflow Calculation Period applicable to the r^{th} (i^{th}) Cashflow Payment Date, where ' r ' (' i ') is an integer.

- (f) (i) In respect of Contracts for which the minimum price movement specified by the Exchange in the Table is 0.02 Price Points, the EDSP shall be expressed on the same basis as the Contract price and shall be the figure calculated by rounding the Net Present Value to two decimal places. Where the Net Present Value is not an exact multiple of 0.01, it will be rounded to the nearest 0.01 or, where the Net Present Value is an exact uneven multiple of 0.005, to the nearest higher 0.01.
- (ii) In respect of Contracts for which the minimum price movement specified by the Exchange in the Table is 0.01 Price Points, the EDSP shall be expressed on the same basis as the Contract price and shall be the figure calculated by rounding the Net Present Value to two decimal places. Where the Net Present Value is not an exact multiple of 0.01, it will be rounded to the nearest 0.01 or, where the Net Present Value is an exact uneven multiple of 0.005, to the nearest higher 0.01.
- (iii) In respect of Contracts for which the minimum price movement specified by the Exchange in the Table is 0.005 Price Points, the EDSP shall be expressed on the same basis as the contract price and shall be the figure calculated by rounding the Net Present Value to three decimal places. Where the Net Present Value is not an exact multiple of 0.005, it will be rounded to the nearest 0.005 or, where the Net Present Value is an exact uneven multiple of 0.0025, to the nearest higher 0.005.
- (g) If a Rate Source Page specified by the Exchange in the Table is not available for any reason whatsoever or the relevant Reference Rates referred to in Rule BBBBB.6(a) have not been published by the time referred to in such Rule or the Minimum Rate Criteria are not met, Exchange officials shall in their absolute discretion determine the relevant Reference Rates by such means other than that specified in Rule BBBBB.6(a).
- (h) If, in the opinion of Exchange officials, the EDSP which would result from a calculation made in accordance with Rule BBBBB.6(e) and Rule BBBBB.6(f) would not be consistent with the prevailing

Swap Rates in the relevant currency and for the relevant period (as determined by Exchange officials) at the time referred to in Rule BBBBB.5(a), then Exchange officials may in their absolute discretion set the EDSP at a price determined by them by reference to such prevailing Swap Rates.

- (i) The Exchange shall publish a provisional EDSP and the final EDSP at such times as are specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes.

BBBBB.7 PAYMENT

- (a) In respect of each lot comprised in a Contract the following payments shall be made in the Currency of Contract by the time on the Settlement Day specified by the Exchange in the Administrative Procedures:
 - (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require); and
 - (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require),

of an amount calculated by multiplying the difference in Price Points between the EDSP and the Contract price by the value per lot of one Price Point as specified in Rule BBBBB.4(b).

BBBBB.8 DEFAULT IN PERFORMANCE

- (a) A Buyer or Seller other than the Clearing House shall be in default where:
 - (i) he fails to fulfil in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules his obligations under a Contract by the time and in the manner prescribed; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Exchange or Clearing House he is otherwise in default.
- (b) Subject to the default rules of the Clearing House, in the event of a default by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each lot in issue shall be invoiced back at that price. No dispute as to such price may be referred to arbitration. Such price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider should be paid by or to the Buyer or Seller, as applicable.
- (c) [Not used]

BBBBB.9 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules of the Clearing House, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

BBBBBB.10 [NOT USED]

BBBBBB.11 [NOT USED]

BBBBBB.12 [NOT USED]

BBBBBB.13 STATEMENT IN RELATION TO EDSP FORMATION PROCESS³

- (a) Potential users of the ICE Futures Sterling Swapnote® Futures Contracts (the “Contracts”) made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules as well as the relevant EDSP calculation process. The EDSP calculations for the Contracts utilise ICE Swap Rate sterling Swap Rates administered by ICE Benchmark Administration Limited, the Sterling Rate (established from the Short Sterling Futures Contract price on the Market, as described in Rule BBBBBB.6) and may include Reference Rates calculated using the Swapnote® Swap Rate Interpolation Methodology.

Potential users should, therefore, consider the risks of holding positions into the expiry of the Contract. In particular, they should: (i) familiarise themselves with the daily fixing process for Sterling Swap Rates; (ii) familiarise themselves with the Swapnote® Swap Rate Interpolation Methodology; and (iii) consider their exposure to potentially unfavourable price movements in the expiry and whether to take steps to neutralise such exposure; for example, taking into account that there may be relatively limited liquidity provision, whether to “roll” or close positions prior to expiry.

³ Amended 12 May 2015

TABLE
CONTRACT DETAILS SPECIFIED BY THE EXCHANGE FOR ICE FUTURES STERLING SWAPNOTE® FUTURES CONTRACTS

Contract	Two Year Sterling Swapnote®	Five Year Sterling Swapnote®	Ten Year Sterling Swapnote®	Thirty Year Sterling Swapnote®
Set of Relevant Payments	2 Year Sterling	5 Year Sterling	10 Year Sterling	30 Year Sterling
Effective Date	Third Wednesday of delivery month	Third Wednesday of delivery month	Third Wednesday of delivery month	Third Wednesday of delivery month
Currency of the Contract	Sterling	Sterling	Sterling	Sterling
Termination Date	Second anniversary of the Effective Date	Fifth anniversary of the Effective Date	Tenth anniversary of the Effective Date	Thirtieth anniversary of the Effective Date
Cashflow Payment Date Reference Period	Six Calendar Months	Six Calendar Months	Six Calendar Months	Six Calendar Months
Unit of trading	£100,000	£100,000	£100,000	£100,000
Notional Fixed Rate	3.00%	3.00%	3.00%	4.00%
Delivery months	Mar, Jun, Sep, Dec	Mar, Jun, Sep, Dec	Mar, Jun, Sep, Dec	Mar, Jun, Sep, Dec
No. of delivery months available for trading⁴	2 Quarterly	2 Quarterly	2 Quarterly	2 Quarterly
Quotation	Price Points per £100 nominal	Price Points per £100 nominal	Price Points per £100 nominal	Price Points per £100 nominal
Value of one Price Point	£1,000 per lot	£1,000 per lot	£1,000 per lot	£1,000 per lot
Minimum price movement (Value)	0.005 Price Points (£5)	0.01 Price Points (£10)	0.01 Price Points (£10)	0.02 Price Points (£20)
Last Trading Time and Day	11:00 AM on the Effective Date	11:00 AM on the Effective Date	11:00 AM on the Effective Date	11:00 AM on the Effective Date

⁴ The delivery months available for trading will be the relevant number of nearest quarterly delivery months. A new delivery month will be made available for trading on the business day following the Last Trading Day of the current delivery month.

CONTRACT RULES: ICE FUTURES STERLING SWAPNOTE® FUTURES CONTRACTS

Contract	Two Year Sterling Swapnote®	Five Year Sterling Swapnote®	Ten Year Sterling Swapnote®	Thirty Year Sterling Swapnote®
(London time) ⁵				
Relevant Floating Rate	Sterling ICE LIBOR (formerly known as BBA LIBOR)	Sterling ICE LIBOR (formerly known as BBA LIBOR)	Sterling ICE LIBOR (formerly known as BBA LIBOR)	Sterling ICE LIBOR (formerly known as BBA LIBOR)

Interest rate basis in respect of First Cashflow Calculation Period Rates	Actual/365(F)	Actual/365(F)	Actual/365(F)	Actual/365(F)

⁵ If such a day is not a business day, Last Trading Day shall mean the business day following such day.

⁶ For the avoidance of doubt: On the Last Trading Day of the Sterling Swapnote March delivery month, the first listed quarterly Short Sterling Futures Contract will be the Short Sterling March delivery month, and the second listed quarterly Short Sterling Futures Contract will be the Short Sterling June delivery month.

SCHEDULE

1. Swapnote® Swap Rate Interpolation Methodology

Provided that the Minimum Rate Criteria, as described in the Contract Rules, are met then:

For each Cashflow Payment Date x for which there is a corresponding Rate Source Page Date x_i , the Swap Rate y is defined as the Swap Rate y_i available on the Rate Source Page.

For each Cashflow Payment Date x for which there is not a corresponding Rate Source Page Date x_i , the relevant Reference Rate y is found via Cubic Spline interpolation.

2. Glossary⁷

n	is an integer defined as the number of Rate Source Page Dates;
x	is a date defined as a Cashflow Payment Date;
x_i	means the i th date from the Rate Source Page Date;
y	is a Reference Rate relating to a date x ;
y_i	means a Swap Rate and is the corresponding Swap Rate for each value of x_i ;
y''	means the second derivative of the function y ;
y_i''	is the value of the second derivative of y for $y = y_i$; and
M	is a Matrix.

3. Cubic Spline Interpolation⁸

The dates x_1, x_2, \dots, x_n shall be those available on the Rate Source Page, and hence y_1, y_2, \dots, y_n are the corresponding Swap Rates available on the Rate Source Page.

The Reference Rate y for a date x that is: (i) not available on the Rate Source Page; and (ii) satisfies the inequality $x_i < x < x_{i+1}$, where $1 \leq i \leq n - 1$ shall be determined as follows:

$$y = a(x - x_i)^3 + b(x - x_i)^2 + c(x - x_i) + d$$

Where:

$$a = \frac{(y_{i+1}'' - y_i'')}{6(x_{i+1} - x_i)}$$

$$b = \frac{y_i''}{2}$$

$$c = \frac{(y_{i+1} - y_i)}{(x_{i+1} - x_i)} - \frac{(y_{i+1}''(x_{i+1} - x_i))}{6} - \frac{(y_i''(x_{i+1} - x_i))}{3}$$

$$d = y_i$$

⁷ Amended 12 May 2015

⁸ Amended 12 May 2015

CONTRACT RULES: ICE FUTURES STERLING SWAPNOTE® FUTURES CONTRACTS

And y_i'' shall be determined as follows:

$$\begin{pmatrix} 1 & 0 & 0 & 0 & \dots & 0 & 0 & 0 & 0 \\ (x_2 - x_1) & 2(x_2 - x_1) + 2(x_3 - x_2) & (x_3 - x_2) & 0 & \dots & 0 & 0 & 0 & 0 \\ 0 & (x_3 - x_2) & 2(x_3 - x_2) + 2(x_4 - x_3) & (x_4 - x_3) & \dots & 0 & 0 & 0 & 0 \\ \vdots & \vdots & \vdots & \vdots & \ddots & \vdots & \vdots & \vdots & \vdots \\ 0 & 0 & 0 & 0 & \dots & (x_{n-2} - x_{n-3}) & 2(x_{n-2} - x_{n-3}) + 2(x_{n-1} - x_{n-2}) & (x_{n-1} - x_{n-2}) & 0 \\ 0 & 0 & 0 & 0 & \dots & 0 & (x_{n-1} - x_{n-2}) & 2(x_{n-1} - x_{n-2}) + 2(x_n - x_{n-1}) & (x_n - x_{n-1}) \\ 0 & 0 & 0 & 0 & \dots & 0 & 0 & 0 & 1 \end{pmatrix} = M$$

$$M \begin{pmatrix} y_1'' \\ y_2'' \\ y_3'' \\ \vdots \\ y_{n-2}'' \\ y_{n-1}'' \\ y_n'' \end{pmatrix} = 6 \begin{pmatrix} 0 \\ \frac{(y_3 - y_2)}{(x_3 - x_2)} - \frac{(y_2 - y_1)}{(x_2 - x_1)} \\ \frac{(y_4 - y_3)}{(x_4 - x_3)} - \frac{(y_3 - y_2)}{(x_3 - x_2)} \\ \vdots \\ \frac{(y_{n-1} - y_{n-2})}{(x_{n-1} - x_{n-2})} - \frac{(y_{n-2} - y_{n-3})}{(x_{n-2} - x_{n-3})} \\ \frac{(y_n - y_{n-1})}{(x_n - x_{n-1})} - \frac{(y_{n-1} - y_{n-2})}{(x_{n-1} - x_{n-2})} \\ 0 \end{pmatrix}$$

DDDDDD.1 DEFINITIONS

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and the Administrative Procedures:
- “Administrative Procedures” means the administrative procedures at Rule EEEEE implemented by the Exchange for the purposes of these Contract Rules;
- “business day” means:
- (i) in relation to the determination of the date of the Last Trading Day and the Settlement Day for a Contract, a day on which the market, the Clearing House and banks in London and Zurich are open for business; and
 - (ii) in all other respects, any day on which banks in London and Zurich are open for business;
- “Cashflow Calculation Period” means, in respect of a Cashflow Payment Date, the period from, and including, the first business day comprised in the Cashflow Payment Date Reference Period immediately preceding such Cashflow Payment Date up to, but excluding, the first business day comprised in the Cashflow Payment Date Reference Period in which such Cashflow Payment Date falls;
- “Cashflow Payment Date” means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, each date which falls on the day immediately following the last day of the immediately preceding Cashflow Payment Date Reference Period so that each Cashflow Payment Date Reference period runs from, and including, one Cashflow Payment Date up to but excluding the next Cashflow Payment Date and the first Cashflow Payment Date Reference Period starts on, and includes, the Effective Date and the final Cashflow Payment Date Reference Period ends on the day immediately preceding the Termination Date;
- “Cashflow Payment Date Reference Period” means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the period specified by the Exchange in relation to such Contract in the Table;
- “Contract” means a contract made expressly or impliedly under these Contract Rules, for the sale and purchase of one or more lots in respect of a Set of Relevant Payments specified by the Exchange in the Table, and “registered Contract” means a Contract registered by the Clearing House;
- “Currency of the Contract” means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the currency specified by the Exchange in relation to such Contract in the Table;

“delivery month”	means, in respect of a Set of Relevant Payments specified by the Exchange in the Table, each month specified by the Exchange in relation to such Set of Relevant Payments in the Table;
“EDSP”	means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule DDDDD.6;
“Effective Date”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the day which is specified as such by the Exchange in relation to such Contract in the Table;
“Gross”	means, in respect of any payment, the gross amount of such payment free from any withholding or deduction for or on account of any present or future tax, levy, impost, duty, charge, assessment or fee of any nature (including interest, penalties and additions thereto) that is imposed by any government or other taxing or competent authority in respect of any such payment;
“interest rate basis”	means, for the purposes of calculating the EDSP and the Relevant Day Count Fraction in respect of a Contract for a particular delivery month and a particular Set of Relevant Payments, the interest rate basis specified by the Exchange in relation to such Contract in the Table;
“Last Trading Day”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the day specified by the Exchange in the Table (subject to Rule DDDDD.5);
“List of Notional Cashflows”	has the meaning attributed to it in Rule DDDDD.3(a);
“lot”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which it relates, the unit of trading specified by the Exchange in relation to such Contract in the Table;
“Net Present Value”	has the meaning attributed to it in Rule DDDDD.6(d);
“Notional Fixed Rate”	means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the fixed rate of interest (expressed as a percentage) specified by the Exchange in respect of such Contract in the Table;
“quarterly delivery month”	means March, June, September or December;
“Rate Source Page”	means an electronic page which is customarily used for the purpose of displaying Swap Rates and references to a “Rate Source Page” shall be construed so as to include any successor to such Rate Source Page from time to time determined by the Exchange;
“Reference Rates”	has the meaning attributed to it in Rule DDDDD.6(a);

“Relevant Day Count
Fraction”

means:

- (i) in respect of a Cashflow Calculation Period which relates to a Set of Relevant Payments for which the Exchange has specified an interest rate basis for which the numerator is:
 - (A) “Actual”, the number of days comprised in the Cashflow Calculation Period in respect of which the relevant determination is to be made;
 - (B) “30”, the number of days comprised in the Cashflow Calculation Period in respect of which the relevant determination is to be made, each period from a date in one month to the same date in the following month to be considered thirty days provided that: (i) if the first day comprised in such period falls on the thirty-first day of a calendar month or the last day of February, such day shall be deemed to have fallen on the thirtieth day of that month; (ii) if the last day of the period in respect of which the relevant determination is to be made falls on the thirty-first day of a calendar month, the last day of the period in respect of which the determination falls to be made shall be treated as falling on the thirty-first day of that month unless the first day of such period falls on or is deemed to fall on the thirtieth day of a calendar month, in which case the last day of the period in respect of which the determination is to be made shall be deemed to have fallen on the thirtieth day of the relevant calendar month and (iii) if the last day of the period in respect of which the relevant determination is to be made falls on the last day of February such day shall be deemed to have fallen on the deemed thirtieth day of that month;
 - (C) “30E”, the number of days comprised in the Cashflow Calculation Period in respect of which the determination is to be made, each period from a date in one calendar month to the same date in the following calendar month to be considered thirty days provided that if the first day comprised in such period falls on the thirty-first day of a calendar month, such day shall be deemed to have fallen on the thirtieth day of that month and if the last day of the period in respect of which the determination is to be made falls on the thirty-first day of a calendar month, the last day of the period in respect of which the determination falls to be made shall be deemed to have fallen on the thirtieth day of that month;

in each case, divided by the denominator specified by the Exchange for that interest rate basis so that if the relevant denominator specified is:

- (A) “360”, then the denominator shall be three hundred and sixty;

(B) “365(F)”, then the denominator shall be three hundred and sixty five;

“Actual”, then the denominator shall be the product of (i) the number of days comprised in the Cashflow Payment Date Reference Period immediately preceding the Cashflow Payment Date applicable to the Cashflow Calculation Period in respect of which the relevant determination is to be made; and (ii) the number of Cashflow Payment Dates falling in a twelve calendar month period,

in each case, rounded to eight decimal places. Where the Relevant Day Count Fraction is not an exact multiple of 0.00000001, it will be rounded to the nearest 0.00000001 or, where the Relevant Day Count Fraction is an exact uneven multiple of 0.000000005, to the nearest higher 0.00000001.

“Relevant Floating Rate” means the floating interest rate specified by the Exchange in the Table and references to a “Relevant Floating Rate” shall be construed so as to include any successor to such Relevant Floating Rate from time to time determined by the Exchange;

“Set of Relevant Payments” means the Buyer’s right to receive and the Seller’s obligation to pay a series of Gross payments in the Currency of the Contract which in aggregate are equal to payments:

- (a) on each Cashflow Payment Date of a Gross amount equal to the product of: (i) the notional principal amount of the unit of trading which constitutes one lot; (ii) the Notional Fixed Rate; and (iii) the Relevant Day Count Fraction for the Cashflow Calculation Period applicable to such Cashflow Payment Date; and
- (b) on the Termination Date of a Gross amount equal to the notional principal amount of the unit of trading which constitutes one lot,

except that where any such date specified in (a) or (b) above is not a business day, the date for payment of the amount due on such day shall be deemed to be the next business day;

“Settlement Day” means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the first business day after the Last Trading Day applicable to such Contract;

“SFr” and “CHF” denote the lawful currency of Switzerland, known, at the date of the issue of these Contract Rules, as “Swiss Franc”;

“Swap Rate” means, in respect of a notional fixed-floating interest rate swap contract denominated in a particular currency with a particular tenor, an interest rate expressed as a percentage which when multiplied by the notional principal amount in respect of which such swap contract is notionally made and by the fixed rate day count fraction calculated in the manner specified therein represents the amount that a fixed rate payer would have to pay on each of the dates specified therein for fixed rate payments, against receiving floating rate amounts on

the dates specified therein for floating-rate payments equal to the product of: (i) the floating rate specified therein; (ii) the notional principal amount of the swap specified therein; and (iii) the floating rate day count fraction calculated in the manner specified therein; and

“Termination Date”

means, in respect of a Contract for a particular delivery month and the Set of Relevant Payments to which such Contract relates, the anniversary of the Effective Date specified by the Exchange in relation to such Contract in the Table.

- (c) References to “specified by the Exchange in the Table” means as specified in the column in the Table applicable to the relevant currency and period. The Table attached hereto form part of these terms. Footnotes do not form part of these Contract Rules and do not have legal effect except where the context otherwise allows.

DDDDD.2 CONTRACT SPECIFICATION

- (a) Each Contract shall be for one or more lots for the delivery month specified.

DDDDD.3 LIST OF NOTIONAL CASHFLOWS

- (a) In respect of each delivery month for a Contract the Exchange shall publish prior to making such delivery month available for trading a “List of Notional Cashflows” which shall specify the Cashflow Payment Dates, Relevant Day Count Fractions and the notional cashflow for such delivery month.

DDDDD.4 PRICE

- (a) The Contract price shall be expressed in “Price Points” per SFr 100 nominal.
- (b) The value per lot of one Price Point shall be as specified by the Exchange in the Table.
- (c) The minimum price movement shall be 0.01 Price Points as specified by the Exchange in the Table.

DDDDD.5 LAST TRADING DAY

- (a) In respect of Contracts for a particular delivery month and for a particular Set of Relevant Payments, on the Last Trading Day:
 - (i) trading in such Contracts shall cease at such time as may be specified in the Administrative Procedures; and
 - (ii) the Exchange will calculate the EDSP for such Contracts in accordance with Rule DDDDD.6.
- (b) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the Last Trading Day will not be a business day, then the business day next following such day shall become the Last Trading Day in respect of that delivery month and the Exchange shall post a notice to that effect on the Market.
- (c) If, at any time after the close of trading two business days prior to the day which is scheduled to be the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the business day immediately preceding the third Wednesday in that month will not be a business day, then this shall not affect the Last Trading Day which shall (subject to Rule DDDDD.5(b)) remain the day it was scheduled to be.

DDDDDD.6 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) The EDSP shall be calculated by reference to the Reference Rates. Subject to any provisions to the contrary contained in these Contract Rules or the Rules, the Reference Rates in respect of a Contract and the Set of Relevant Payments to which it relates shall be the Swap Rates appearing on the Rate Source Page specified by the Exchange in the Table and applicable to the Relevant Floating Rate specified by the Exchange in the Table so that in respect of each Cashflow Payment Date, the Reference Rate applicable to such Cashflow Payment Date shall be the relevant Swap Rate appearing on such Rate Source Page (at the time specified by the Exchange from time to time) on the Last Trading Day in respect of the Currency of the Contract and a tenor equal to the period commencing on the Effective Date and ending on such Cashflow Payment Date.
- (b) In the event that a Swap Rate in the relevant currency, and for the relevant period, appearing on the Rate Source Page specified by the Exchange in the Table used for the purposes of calculating the Reference Rates is expressed other than on the relevant interest rate basis specified by the Exchange in the Table, then such interest rate shall be adjusted to be on such basis for the purposes of determining the Net Present Value.
- (c) The Exchange may at its discretion resolve, prior to the commencement of the calendar month in which the Last Trading Day falls, that the Reference Rates shall be determined by means other than that specified in Rule DDDDD.6(a). Any such determination by the Exchange shall be the subject of a Notice posted on the Market.
- (d) The Net Present Value ("NPV") shall be a figure calculated in accordance with the formula:

$$NPV = 100 \times \left(d_m + F \sum_{r=1}^m A_r d_r \right)$$

where, in respect of a Contract for a particular delivery month, and the Set of Relevant Payments to which it relates:

- F = the Notional Fixed Rate expressed in such a way that, for a Notional Fixed Rate of 3%, $F = 0.03$;
- m = the number of Cashflow Payment Date Reference Periods from the Effective Date to the Termination Date where ' m ' is an integer;
- A_r = the Relevant Day Count Fraction for the Cashflow Calculation Period applicable to the r^{th} Cashflow Payment Date where ' r ' is an integer;
- d_r = the Discount Factor for the Cashflow Calculation Period applicable to the r^{th} Cashflow Payment Date, where ' r ' is an integer. The Discount Factor d_r shall be established as follows:

The Discount Factor for the Cashflow Calculation Period applicable to the first Cashflow Payment Date d_1 is defined with respect to: (i) the Reference Rate, denoted as ' C_1 ', applicable to the first Cashflow Payment Date (expressed in such a way that for a Reference Rate of 5%, $C_1 = 0.05$); and (ii) the Relevant Day Count Fraction for the first Cashflow Calculation Period, denoted as ' A_1 ' as:

$$d_1 = \frac{1}{1 + A_1 C_1}$$

rounded to eight decimal places. Where the Discount Factor is not an exact multiple of 0.00000001, it will be rounded to the nearest 0.00000001 or, where the Discount Factor is an exact uneven multiple of 0.000000005, to the nearest higher 0.00000001.

The Discount Factor for each Subsequent Cashflow Calculation Period shall be calculated as follows:

$$d_r = \frac{1 - C_r \sum_{i=1}^{r-1} A_i d_i}{1 + A_r C_r}$$

rounded to eight decimal places. Where the Discount Factor is not an exact multiple of 0.00000001, it will be rounded to the nearest 0.00000001 or, where the Discount Factor is an exact uneven multiple of 0.000000005, to the nearest higher 0.00000001.

In relation to the calculation set out above,

C_r = the Reference Rate applicable to the r^{th} Cashflow Payment Date (expressed in such a way that for a Reference Rate of 5%, $C_r = 0.05$);

A_i = the Relevant Day Count Fraction for the Cashflow Calculation Period applicable to the i^{th} Cashflow Payment Date;

d_i = the Discount Factor as calculated in accordance with the above formulae, for the Cashflow Calculation Period applicable to the i^{th} Cashflow Payment Date;

- (e) The EDSP shall be expressed on the same basis as the Contract price and shall be the figure calculated by rounding the Net Present Value to two decimal places. Where the Net Present Value is not an exact multiple of 0.01, it will be rounded to the nearest 0.01 or, where the Net Present Value is an exact uneven multiple of 0.005, to the nearest higher 0.01.
- (f) If the relevant Rate Source Page specified by the Exchange in the Table is not available for any reason whatsoever or the relevant Reference Rates referred to in Rule DDDDD.6(a) have not been published by the time referred to in such Rule, Exchange officials shall determine the Reference Rates by such means other than that specified in Rule DDDDD.6(a) as they think fit.
- (g) If, in the opinion of Exchange officials, the EDSP which would result from a calculation made in accordance with Rules DDDDD.6(d) and DDDDD.6(e) would not be consistent with the prevailing Swap Rates in the relevant currency and for the relevant period (as determined by Exchange officials) at the time referred to in Rule DDDDD.5(a), then Exchange officials may in their absolute discretion set the EDSP at a price determined by them by reference to such prevailing Swap Rates.
- (h) The Exchange shall publish a provisional EDSP and the final EDSP at such times as are specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes.

DDDDD.7 PAYMENT

- (a) In respect of each lot comprised in a Contract the following payments shall be made in the Currency of Contract by the time on the Settlement Day specified by the Exchange in the Administrative Procedures:
 - (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require); and
 - (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require);

of an amount calculated by multiplying the difference in Price Points between the EDSP and the Contract price by the value per lot of one Price Point as specified by the Exchange in the Table.

DDDDDD.8 DEFAULT IN PERFORMANCE

- (a) A Buyer or Seller other than the Clearing House shall be in default where:
 - (i) he fails to fulfil in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules his obligations under a Contract by the time and in the manner prescribed; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Exchange or Clearing House he is otherwise in default.
- (b) Subject to the default rules of the Clearing House, in the event of a default by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, fix a price for invoicing back and each lot in issue shall be invoiced back at that price. Such price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider should be paid by or to the Buyer or Seller, as applicable.
- (c) [Not used]

DDDDDD.9 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations, and subject to the default rules of the Clearing House, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

DDDDDD.10 [NOT USED]

DDDDDD.11 [NOT USED]

DDDDDD.12 [NOT USED]

DDDDDD.13 STATEMENT IN RELATION TO EDSP FORMATION PROCESS²

- (a) Potential users of the ICE Futures Swiss Franc Swapnote® Futures Contracts (the "Contracts") made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules as well as the relevant EDSP calculation process. The EDSP calculations for the Contracts reference ICE Swap Rate CHF Swap Rates administered by ICE Benchmark Administration Limited.

Potential users should, therefore, consider the risks of holding positions into the expiry of the Contract. In particular, they should: (i) familiarise themselves with the daily fixing process for CHF Swap Rates; and (ii) consider their exposure to potentially unfavourable price movements in the expiry and

² Amended 12 May 2015

whether to take steps to neutralise such exposure; for example, taking into account that there may be relatively limited liquidity provision, whether to “roll” or close positions prior to expiry.

TABLE
CONTRACT DETAILS SPECIFIED BY THE BOARD FOR ICE FUTURES SWISS FRANC SWAPNOTE® FUTURES CONTRACTS

Contract	Two Year Swiss Franc Swapnote®	Five Year Swiss Franc Swapnote®	Ten Year Swiss Franc Swapnote®
Set of Relevant Payments	2 Year Swiss Franc	5 Year Swiss Franc	10 Year Swiss Franc
Effective Date	Third Wednesday of delivery month	Third Wednesday of delivery month	Third Wednesday of delivery month
Currency of the Contract	Swiss Franc (SFr)	Swiss Franc (SFr)	Swiss Franc (SFr)
Termination Date	Second anniversary of the Effective Date	Fifth anniversary of the Effective Date	Tenth anniversary of the Effective Date
Cashflow Payment Date Reference Period	One Calendar Year	One Calendar Year	One Calendar Year
Unit of trading	SFr 100,000	SFr 100,000	SFr 100,000
Notional Fixed Rate	3.00%	3.00%	3.00%
Delivery months	Mar, Jun, Sep, Dec	Mar, Jun, Sep, Dec	Mar, Jun, Sep, Dec
No. of delivery months available for trading³	2 Quarterly	2 Quarterly	2 Quarterly
Quotation	Price Points per SFr 100 nominal	Price Points per SFr 100 nominal	Price Points per SFr 100 nominal
Value of One Price Point	SFr 1,000 per lot	SFr 1,000 per lot	SFr 1,000 per lot
Minimum price movement (Value)	0.01 Price Points (SFr 10)	0.01 Price Points (SFr 10)	0.01 Price Points (SFr 10)
Last Trading Day⁴	Two business days prior to the Effective Date	Two business days prior to the Effective Date	Two business days prior to the Effective Date

³ The delivery months available for trading will be the relevant number of nearest quarterly delivery months. A new delivery month will be made available for trading on the business day following the Last Trading Day of the current delivery month.

⁴ If such a day is not a business day, “Last Trading Day” shall mean the business day following such day.

Contract	Two Year Swiss Franc Swapnote®	Five Year Swiss Franc Swapnote®	Ten Year Swiss Franc Swapnote®

EEEEEE.1	Price
EEEEEE.2	Timetable

Swapnote® is a registered trademark of ICAP plc.

EEEEEE.0 INTERPRETATION

All defined terms in Rule DDDDD apply to this Rule EEEEE.

EEEEEE.1 PRICE

The minimum price fluctuation shall be 0.01 Price Points, as specified by the Exchange in the Table in Rule DDDDD.

EEEEEE.2 TIMETABLE

Last Trading Day

At the time specified in the Table in Rule DDDDD

Trading for Contracts in the current delivery month will cease.

As soon as reasonably practicable after cessation of trading

The Exchange will publish a provisional EDSP.

Within 60 minutes after publication of a provisional EDSP or as soon as reasonably practicable thereafter

The Exchange will publish the final EDSP.

Settlement Day

By 10:00 hours (London Time)

All payments required by Rule DDDDD.7(a) to be made by the Buyer and the Seller shall have been completed.

CONTRACT RULES: ICE FUTURES SHORT TERM INTEREST RATE, SWAPNOTE® AND GOVERNMENT BOND (NEW EXPIRY) OPTIONS CONTRACTS

FFFFF1.1 DEFINITIONS

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules.
- (b) In these Contract Rules:
 - “associated delivery month”
 - (i) in respect of a Contract (other than a Mid-Curve Contract) for an expiry month which is:
 - (a) a quarterly expiry month, a delivery month which is the same month as the expiry month; and
 - (b) a serial expiry month, the quarterly delivery month immediately following such expiry month, and
 - (ii) in respect of a One Year Mid-Curve Contract for an expiry month which is:
 - (a) a quarterly expiry month, a delivery month which is the same calendar month as the expiry month but one year subsequent; and
 - (b) a serial expiry month, the same calendar month as the quarterly delivery month immediately following such expiry month but one year subsequent.
 - (iii) in respect of a Two Year Mid-Curve Contract for an expiry month which is:
 - (a) a quarterly expiry month, a delivery month which is the same calendar month as the expiry month but two years subsequent; and
 - (b) a serial expiry month, the same calendar month as the quarterly delivery month immediately following such expiry month but two years subsequent.
 - (iv) in respect of a Three Year Mid-Curve Contract for an expiry month which is:
 - (a) a quarterly expiry month, a delivery month which is the same calendar month as the expiry month but three years subsequent; and

- (b) a serial expiry month, the same calendar month as the quarterly delivery month immediately following such expiry month but three years subsequent.
- (v) in respect of a Four Year Mid-Curve Contract for an expiry month which is:
 - (a) a quarterly expiry month, a delivery month which is the same calendar month as the expiry month but four years subsequent; and
 - (b) a serial expiry month, the same calendar month as the quarterly delivery month immediately following such expiry month but four years subsequent.
- (vi) in respect of a Five Year Mid-Curve Contract for an expiry month which is:
 - (a) a quarterly expiry month, a delivery month which is the same calendar month as the expiry month but five years subsequent; and
 - (b) a serial expiry month, the same calendar month as the quarterly delivery month immediately following such expiry month but five years subsequent.
- (vii) in respect of an expiry week of a One Year Weekly Mid-Curve Contract, means the quarterly delivery month with a last trading day immediately following such expiry week but one year subsequent.
- (viii) in respect of an expiry week of a Two Year Weekly Mid-Curve Contract, means the quarterly delivery month with a last trading day immediately following such expiry week but two years subsequent.

“business day”	means a day on which the market, the Clearing House and banks in London are open for business.
“cabinet transaction price”	means the price specified as such by the Exchange.
“call option”	means a right, upon the exercise of which the Buyer of the call option becomes the buyer and the Seller of the call option becomes the seller under a contract for one lot in the terms of the relevant Underlying Futures Contract specified by the Exchange in the Table and for the associated delivery month.

FFFFF1

CONTRACT RULES: ICE FUTURES SHORT TERM INTEREST RATE, SWAPNOTE® AND GOVERNMENT BOND (NEW EXPIRY) OPTIONS CONTRACTS

“Clearing House Notice of Exercise”	means a notice from the Exchange, in a form from time to time prescribed by the Exchange, confirming to the Seller of an option that the Clearing House has exercised an option against the Seller.
“Contract”	means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more put options or one or more call options and “registered Contract” means a Contract registered by the Clearing House.
“day of exercise”	shall have the meaning ascribed to it in Rule FFFFF1.5(a).
“delivery month”	in respect of an Underlying Futures Contract, means each month specified as such by the Exchange pursuant to the Regulations.
“exercise deadline”	in respect of an expiry month or an expiry week, and a business day, means the time specified as such by the Exchange applicable to a Contract for an option in respect of the relevant Underlying Futures Contract.
“Exercise Notice”	means a notice from a Buyer to the Clearing House, in a form from time to time prescribed by the Exchange, notifying the Exchange that the Buyer thereby exercises one or more options against the Clearing House.
“exercise price”	in respect of an expiry month or an expiry week, means a price authorised as such by the Exchange in respect of which a Contract for an option for such expiry month or expiry week in respect of the relevant Underlying Futures Contract can be made.
“expiry month”	means a month specified as such by the Exchange for which a Contract for an option in respect of the relevant Underlying Futures Contract can be made.
“expiry time”	in respect of an expiry month or an expiry week, means the time specified as such by the Exchange for a Contract for an option in respect of the relevant Underlying Futures Contract.
“expiry week”	means a week specified as such by the Exchange for which a Contract for an option in respect of the relevant Underlying Futures Contract can be made.
“Last Trading Day”	in respect of an expiry month or an expiry week, means, subject to Rule FFFFF1.9 or FFFFF1.10 as applicable, the day specified as such by the Exchange for a Contract for an option in respect of the relevant Underlying Futures Contract.
“last trading time”	means the time, specified as such by the Exchange for a Contract for an option in respect of the relevant Underlying Futures Contract, at which trading for Contracts for an expiry

CONTRACT RULES: ICE FUTURES SHORT TERM INTEREST RATE, SWAPNOTE® AND GOVERNMENT BOND (NEW EXPIRY) OPTIONS CONTRACTS

FFFFF1

- month or an expiry week ceases on the Last Trading Day for such expiry month or expiry week.
- “option” means a put option or a call option.
- “price unit” means the unit specified as such by the Exchange for a Contract for an option in respect of the relevant Underlying Futures Contract.
- “price unit value” in respect of a price unit, means the value specified as such by the Exchange for a Contract for an option in respect of the relevant Underlying Futures Contract.
- “Procedures” means one or more documents issued by the Exchange from time to time for the purposes of these Contract Rules.
- “put option” means a right, upon the exercise of which the Buyer of the put option becomes the seller and the Seller of the put option becomes the buyer under a contract for one lot in the terms of the relevant Underlying Futures Contract specified by the Exchange in the Table and for the associated delivery month.
- “quarterly delivery month” means a delivery month being March, June, September or December.
- “quarterly expiry month” means an expiry month being March, June, September or December.
- “serial expiry month” means an expiry month other than a quarterly expiry month.
- “Underlying Futures Contract” means a Futures Contract specified as such by the Exchange.
- “Underlying Short Term Interest Rate Contract” means an Underlying Futures Contract which is a Short Term Interest Rate Contract.
- “Underlying Swapnote® Contract” means an Underlying Futures Contract which is a Swapnote® Contract.
- “Underlying Government Bond Contract” means an Underlying Futures Contract which is a Government Bond Contract.
- (c) References to “specified as such by the Exchange” mean as published by the Exchange from time to time in respect of these Contract Rules in the Table to apply to existing as well as new Contracts as the Exchange may determine.

FFFFF1.2 CONTRACT RULES

- (a) These Contract Rules shall apply to all Contracts that are admitted to trading on or after 16 February 2015.

FFFFF1

CONTRACT RULES: ICE FUTURES SHORT TERM INTEREST RATE, SWAPNOTE® AND GOVERNMENT BOND (NEW EXPIRY) OPTIONS CONTRACTS

- (b) Each Contract shall be for one or more put options or one or more call options on a contract in the terms of the relevant Underlying Futures Contract specified by the Exchange in the Table and for the expiry month or expiry week and at the exercise price agreed.

FFFFF1.3 PRICE

- (a) Bids and offers shall be quoted in whole numbers of price units except in the case of:
 - (i) a cabinet transaction, which shall be made at the cabinet transaction price; and
 - (ii) a Contract in respect of which the Exchange has specified, in the Table, circumstances in which such Contract shall have a minimum price movement of less than one price unit, in which case bids and offers shall be quoted in accordance with the Table.
- (b) One price unit shall have a value equal to the price unit value.

FFFFF1.4 EXERCISE OF AN OPTION BY A BUYER AGAINST THE CLEARING HOUSE AND CONFIRMATION OF EXERCISE

- (a) A Buyer may exercise an option for an expiry month or expiry week on any business day up to and including the Last Trading Day for the expiry month or expiry week by the exercise deadline for such business day and shall do so by giving to the Clearing House an Exercise Notice, in respect of a registered Contract for such expiry month or expiry week, in a manner from time to time prescribed by the Exchange. An Exercise Notice received on a business day at or after the exercise deadline for such business day will be invalid.
- (b) The Clearing House shall give to the Buyer, by the time specified by the Exchange from time to time in the Procedures, a notice in a form from time to time prescribed by the Exchange confirming which options specified in an Exercise Notice given by such Buyer to the Clearing House have been validly exercised by the Buyer in accordance with these Contract Rules.
- (c) On the day on which the Buyer has validly exercised an option and immediately upon such exercise, a Contract for one lot in the terms of the relevant Underlying Futures Contract shall arise:
 - (i) in the case of a call option, between the Clearing House and the Buyer as seller and the buyer respectively;
 - (ii) in the case of a put option, between the Clearing House and the Buyer as buyer and seller respectively,

for the associated delivery month and at a price being the exercise price of the option.

FFFFF1.5 EXERCISE BY THE CLEARING HOUSE AGAINST A SELLER AND CONFIRMATION OF EXERCISE

- (a) As soon as is practicable after an option referred to in an Exercise Notice is exercised by a Buyer in accordance with Rule FFFFF1.4(a), the Clearing House shall select a Seller of an option of the same type and at the same exercise price and for the same expiry month or expiry week and shall exercise such option in a form and manner from time to time prescribed by the Exchange. The Seller against which the Clearing House exercises an option under this Rule FFFFF1.5(a) shall be selected by such method as the Exchange may specify from time to

time in the Procedures. A valid exercise of such option by the Clearing House, as described herein, shall be deemed to have taken place on the day on which the option was exercised by the Buyer in accordance with Rule FFFFF1.4(a) and such day shall be referred to in these Contract Rules as the day of exercise.

- (b) In respect of each option exercised by the Clearing House against a Seller under Rule FFFFF1.5(a), the Clearing House shall give to the Seller a Clearing House Notice of Exercise by the time specified by the Exchange for this purpose and in a manner from time to time prescribed by the Exchange in the Procedures.
- (c) On the day of exercise of an option by the Clearing House and immediately upon such exercise, a contract for one lot in the terms of the relevant Underlying Futures Contract shall arise:
 - (i) in the case of a call option, between the Clearing House and the Seller as buyer and seller respectively;
 - (ii) in the case of a put option, between the Clearing House and the Seller as seller and buyer respectively,

for the associated delivery month and at a price being the exercise price of the option.

FFFFF1.6 EXPIRY

- (a) Subject to Rules FFFFF1.10(a)(ii) and FFFFF1.12, an option in respect of an expiry month or expiry week which has not been validly exercised in accordance with Rule FFFFF1.4 or FFFFF1.5, as applicable:
 - (i) to which the Clearing House is party as Seller, shall expire on the Last Trading Day at the expiry time;
 - (ii) to which the Clearing House is party as Buyer, shall expire on the business day following the Last Trading Day by the time specified by the Exchange from time to time.

FFFFF1.7 LAST TRADING DAY

- (a) Trading in Contracts in respect of an expiry month or expiry week shall cease at the last trading time on the Last Trading Day for Contracts in respect of that expiry month or expiry week.

FFFFF1.8 PAYMENT

- (a) The Buyer shall pay the option price in respect of an option to the Clearing House not later than the time specified by the Clearing House on the business day following the day of exercise or the day on which the option expires.
- (b) In respect of an option to which the Clearing House is party as Buyer, the Clearing House shall pay the option price to the Seller on:
 - (i) the business day following the day of exercise; or
 - (ii) in the case of an option that has expired, the business day following the Last Trading Day.

FFFFF1

CONTRACT RULES: ICE FUTURES SHORT TERM INTEREST RATE, SWAPNOTE® AND GOVERNMENT BOND (NEW EXPIRY) OPTIONS CONTRACTS

FFFFF1.9 EMERGENCY PROVISIONS IN RESPECT OF OPTIONS ON CONTRACTS IN THE TERMS OF UNDERLYING SWAPNOTE® CONTRACTS

- (a) In respect of serial expiry months:
 - (i) if at any time after the close of trading two business days prior to the anticipated Last Trading Day for Contracts in respect of a particular serial expiry month, it becomes known to the Exchange that such day will not be a business day, then the next business day following such day shall be the Last Trading Day for Contracts in respect of that expiry month and the Exchange shall publish such change by means of a notice posted in the Market;
 - (ii) if at any time after the close of trading two business days prior to the day which is the Last Trading Day for Contracts in respect of a particular serial expiry month as specified as such by the Exchange, it becomes known to the Exchange that the day immediately following the Last Trading Day will not be a business day, the Last Trading Day for Contracts in respect of that expiry month shall not be altered (except where Rule FFFFF1.9(a)(i) applies) and shall remain the same day.

FFFFF1.10 EMERGENCY PROVISIONS IN RESPECT OF OPTIONS ON CONTRACTS IN THE TERMS OF UNDERLYING GOVERNMENT BOND CONTRACTS

- (a) If at any time after the close of trading two business days prior to the anticipated Last Trading Day for Contracts in respect of a particular expiry month, it becomes known to the Exchange that such day will not be a business day, then the business day immediately before that day shall be the Last Trading Day for Contracts in respect of that expiry month (even if such business day has already past), provided that, notwithstanding that the day which was anticipated to be the Last Trading Day is not a business day:
 - (i) options in respect of that expiry month may be exercised on that day in the manner provided for in Rules FFFFF1.4 and FFFFF1.5; and
 - (ii) options in respect of that expiry month shall expire at the expiry time on that day and not on the revised Last Trading Day.
- (b) If, at any time after the close of trading two business days prior to the day which is the Last Trading Day for Contracts in respect of a particular expiry month as specified by the Exchange or pursuant to Rule FFFFF1.10(a), it becomes known to the Exchange that any of the days which would have been business days in the period commencing on the business day after the Last Trading Day and ending on the business day immediately preceding the first day of that expiry month will not be a business day, then this shall not affect the Last Trading Day for Contracts in respect of that expiry month, which shall not be altered and shall remain the same day.

FFFFF1.11 DEFAULT

- (a) A Buyer or a Seller, other than the Clearing House, shall be in default where:
 - (i) he fails to fulfil in accordance with these Contract Rules, the Regulations and the Clearing House Rules his obligations under a Contract by the time and in the manner prescribed; or

- (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified pursuant to these Contract Rules or the Clearing House Rules; or
- (iii) in the reasonable opinion of the Exchange or Clearing House he is otherwise in default.
- (b) Subject to the default rules of the Clearing House, in the event of a default by a Buyer or Seller in respect of a registered Contract, the Exchange shall forthwith fix a price for invoicing back and each option to which that Buyer or Seller, as applicable, is party, shall be invoiced back at that price. Such price may at the Exchange's absolute discretion take account of any compensation the Exchange may consider should be paid by or to the Buyer or Seller as appropriate.

FFFFF1.12 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations:
 - (i) a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from doing so by any event beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems; and
 - (ii) in the event of a Buyer being prevented from exercising an option in respect of any expiry month or expiry week by the expiry time therefor, by any event beyond his reasonable control including, without limitation, any of the events specified in Rule FFFFF1.12(a)(i):
 - (A) the Buyer may give written notice to the Exchange specifying the Contract or, if more than one, the Contracts in respect of which the Buyer was prevented from exercising an option, the steps taken by the Buyer to exercise an option and the events which prevented him from so doing. Any such notice shall be given to the Exchange as soon as is practicable after the expiry time for an option specified in the notice; and
 - (B) if the Exchange is satisfied that the Buyer took all possible steps in the circumstances prevailing to exercise an option, the Exchange shall request the Clearing House to consider details of one or more Contracts between a Seller and the Clearing House which are on the same terms (except as to the parties or the option price) as, and have been matched by the Clearing House with, the Contract or Contracts specified in the Buyer's notice and shall fix a price for invoicing back. Each Contract the subject of the Buyer's notice and each Contract between the Clearing House and a Seller notified to the Exchange hereunder shall be invoiced back at such price. Such price may at the Exchange's absolute discretion take into account the Exchange's assessment of the intrinsic value of the options at the expiry thereof.

GGGGG.1 DEFINITIONS

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.

- (b) In these Contract Rules and the Administrative Procedures:

“Administrative Procedures” means the administrative procedures at Rule HHHHH implemented by the Exchange for the purposes of these Contract Rules.

“business day” means:

- (i) in relation to the determination of the dates of the Last Trading Day, the Reference Day and the Settlement Day for a Contract, a day on which the market, the Clearing House, banks in London and the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) System are open for business; and
- (ii) in all other respects, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) System is open.

“Contract” means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots in respect of an interest rate for a deposit in a currency, and for a period, specified by the Exchange in the Table, and “registered Contract” means a Contract registered by the Clearing House.

“delivery month” means each month specified by the Exchange in the Table pursuant to the Contract Rules in respect of an interest rate for a deposit in the relevant currency and period specified by the Exchange in the Table.

“EDSP” means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule GGGGG.5.

“EDSP Rate” has the meaning attributed to it in Rule GGGGG.5(a).

“EONIA” means the Euro OverNight Index Average, being a weighted average rate of interest of euro-denominated overnight unsecured lending transactions in the inter-bank market calculated on each business day by the European Central Bank.

“EONIA swap” means an interest rate swap transaction, whereby one party agrees to receive/pay a fixed rate from/to another party, against paying/receiving a floating rate named EONIA to/from such party.

“EONIA Swap Index rate” means the average rate at which a representative panel of prime banks provides daily quotes, rounded to three decimal places, that each panel bank believes is the mid market rate of EONIA swap quotations between prime banks. The EONIA Swap Index is sponsored by the European Banking Federation and EONIA Swap Index rates are calculated and published by Reuters.

“euro” means the single currency of the European Union introduced in the relevant Member State pursuant to its participation in Economic and

CONTRACT RULES: ICE FUTURES EONIA SWAP INDEX FUTURES CONTRACTS

Monetary Union in the European Union pursuant to EMU legislation.

“Fallback Rules”	means, in relation to the EONIA Swap Index, the provisions published by the European Banking Federation governing the procedures followed by Reuters for calculation of the EONIA Swap Index rate in the event of delays in the submission of data, or failure to submit data, by contributing panel banks.
“interest rate basis”	means, for the purposes of calculating the EDSP, the interest rate basis specified by the Exchange in the Table.
“Last Trading Day”	means, in respect of a delivery month, the day specified by the Exchange in the Table (subject to Rule GGGGG.8).
“lot”	means the unit of trading in respect of an interest rate for a deposit in a currency, and for a period, specified by the Exchange in the Table.
“quarterly delivery month”	means March, June, September or December.
“Reuters”	means Thomson Reuters which calculates the EONIA Swap Index rate on behalf of the European Banking Federation.
“Settlement Day”	means in respect of a delivery month the first business day after the Last Trading Day.

- (c) References to “specified by the Exchange in the Table” means as specified in the column in the Table applicable to the relevant currency and period. The Table attached hereto forms part of these Contract Rules. Footnotes do not form part of these Contract Rules and do not have legal effect except where the context implies otherwise.

GGGGG.2 CONTRACT SPECIFICATION

- (a) Each Contract shall be for one or more lots for the delivery month specified.

GGGGG.3 PRICE

- (a) Bids and offers shall be quoted in “Basis Points” and half Basis Points.
- (b) One Basis Point shall be 0.01 and shall have a value equal to the Basis Point value as specified by the Exchange in the Table.

GGGGG.4 LAST TRADING DAY

- (a) On the Last Trading Day:
- (i) trading in Contracts for the current delivery month for such Contracts shall cease at such time as may be specified in the Administrative Procedures; and
- (ii) the Exchange will calculate the EDSP for such Contracts in accordance with Rule GGGGG.5.

GGGGG.5 EXCHANGE DELIVERY SETTLEMENT PRICE (“EDSP”)

- (a) Subject to Rule GGGGG.6, the EDSP shall be calculated by reference to a rate (the “EDSP Rate”), specified in or pursuant to this Rule GGGGG.5, which shall be calculated by reference to the EONIA Swap Index rate for the relevant period specified by the Exchange in the Table calculated by Reuters at

11 a.m. Brussels time, or at such later time pursuant to the Fallback Rules in relation to the EONIA Swap Index, on the Last Trading Day.

- (b) In the event that the EONIA Swap Index rate for the relevant period, specified by the Exchange in the Table used for the purposes of calculating the EDSP Rate, is expressed other than on the relevant interest rate basis specified by the Exchange in the Table, then such EONIA Swap Index rate shall be adjusted to be on such basis for the purposes of determining the EDSP Rate.
- (c) The Exchange may at its discretion resolve, prior to the commencement of the calendar month in which the Last Trading Day falls, that the EDSP Rate shall be determined by means other than that specified in Rule GGGGG.5(d). Any such determination by the Exchange shall be the subject of a notice posted on the Market.
- (d) The EDSP shall be a figure calculated in accordance with the formula:

$$100.00 - R$$

where R = the EDSP Rate, save as provided in Rule GGGGG.5(e).
- (e) Where the EDSP Rate is not an exact multiple of the minimum EDSP Price Increment specified in the Table in respect of the Contract, it will be rounded to the nearest minimum EDSP Price Increment or, where the EDSP Rate is an exact uneven multiple of half the minimum EDSP Price Increment, to the nearest lower minimum EDSP Price Increment¹.
- (f) The Exchange shall publish a provisional EDSP and the final EDSP at such times as are specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes.

GGGGG.6 ERRORS IN INDEX

- (a) If, not later than thirty minutes after the provisional EDSP for a particular delivery month is first published, any member of the Exchange notifies Exchange officials of, or there otherwise come to the attention of Exchange officials, an alleged or apparent error in the EONIA Swap Index rate due to any cause whatsoever, then Exchange officials shall investigate such alleged or apparent error. If in their opinion an error has been made, they shall correct the EDSP Rate affected thereby which has been or will be used to determine the EDSP for that delivery month and shall re-determine the EDSP in accordance therewith. No correction of the EDSP Rate or the EDSP shall be made in respect of any error notified to Exchange officials or coming to their attention after the expiry of such thirty minute period.
- (b) No correction to the EDSP Rate or the EDSP shall be made other than as may be allowed for in Rule GGGGG.6(a).
- (c) Neither the Exchange nor Exchange officials shall have any liability whatsoever in respect of any decision as to whether or not to correct the EDSP Rate or as to the amount of any correction, or as to whether or not to re-determine the EDSP.

GGGGG.7 PAYMENT

- (a) In respect of each lot comprised in a Contract the following payments shall be made by the time on the Settlement Day specified by the Exchange in the Administrative Procedures:
 - (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require), and

¹ e.g. if the minimum EDSP Price Increment is 0.001% and the fourth decimal place is 5 then the rate is rounded down, e.g. an EDSP Rate of 6.1225 becomes 6.122.

CONTRACT RULES: ICE FUTURES EONIA SWAP INDEX FUTURES CONTRACTS

- (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require),

of an amount calculated by multiplying the difference in Basis Points between the EDSP and the Contract price by the value per lot of one Basis Point as specified in Rule GGGGG.3(b).

GGGGG.8 EMERGENCY PROVISIONS

- (a) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the Last Trading Day will not be a business day, then the business day next following such day shall become the Last Trading Day in respect of that delivery month and the Exchange shall post a notice to that effect in the market.
- (b) If, at any time after the close of trading two business days prior to the day which is scheduled to be the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the business day immediately preceding the third Wednesday in that month will not be a business day, then this shall not affect the Last Trading Day which shall (subject to Rule GGGGG.8(a)) remain the day it was scheduled to be.

GGGGG.9 DEFAULT

- (a) A Buyer or Seller other than the Clearing House shall be in default where:
 - (i) he fails to fulfil in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules his obligations under a Contract by the time and in the manner prescribed; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Exchange and/or the Clearing House he is otherwise in default.
- (b) Subject to the default rules of the Clearing House, in the event of a default by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each lot at issue shall be invoiced back at that price. Such price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider should be paid by or to the Buyer or Seller, as applicable.

GGGGG.10 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules of the Exchange and the Clearing House, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

GGGGG.15 STATEMENT IN RELATION TO THE EDSP

- (a) The Exchange draws the following statement to the attention of potential users of its ICE Futures EONIA Swap Index Futures Contracts. Members should ensure that their clients are made aware of the statement.

“Statement in relation to the calculation of the EDSP

The Exchange Delivery Settlement Price (“EDSP”) of the ICE Futures EONIA Swap Index Futures Contracts is calculated on the basis of the relevant EONIA Swap Index rate as described in the relevant Contract Rule. Potential users of the ICE Futures EONIA Swap Index Futures Contracts made available on ICE Futures Europe should familiarise themselves with the calculation procedures for EONIA Swap Index rates, as well as the relevant Contract Rules of the ICE Futures EONIA Swap Index Futures Contract. In particular, potential users should familiarise themselves with the Fallback Rules published by the European Money Markets Institute governing the procedures to be followed by Thomson Reuters for calculation of EONIA Swap Index rates in the event that some contributing panel banks fail to submit data in a timely fashion, or at all, to Thomson Reuters for the calculation of such EONIA Swap Index rates.”

CONTRACT RULES: ICE FUTURES EONIA SWAP INDEX FUTURES CONTRACTS

TABLE
CONTRACT DETAILS SPECIFIED BY THE EXCHANGE FOR ICE FUTURES EONIA SWAP INDEX FUTURES
CONTRACTS

Contract	Three Month EONIA Swap Index
Currency specified by the Exchange	Euro €
Period specified by the Exchange	Three Months
Unit of trading	€1 million
Delivery months	All calendar months
No. of delivery months available for trading ²	8 Quarterly and 4 Serial
Basis Point value ³	€25.00 per lot
Minimum price movement (Value)	Half Basis Point (€12.50)
Minimum EDSP Price Increment	0.001%
Quotation	100.00 minus rate of interest
Last Trading Day	Two business days prior to the third Wednesday of the delivery month ⁴
Interest rate basis	Actual days/360

² The delivery months available for trading will be the relevant number of nearest quarterly delivery months. A new delivery month is available for trading on the business day after the Last Trading Day of a delivery month.

³ A one Basis Point change in price has a value equal to the Basis Point value. In respect of contracts for a three month period, this is equal to the change in gross interest on the unit of trading for one quarter of a year resulting from a 0.01% change in the interest rate
i.e. Basis Point value = $\frac{0.01}{100} \times \frac{3}{12} \times$ Unit of trading.

⁴ If such a day is not a business day, "Last Trading Day" shall mean the business day next following such day.

CONTRACT RULES: ICE FUTURES EQUITY RELATED SECURITIES OPTIONS CONTRACTS

IIII.1 INTERPRETATION

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules.
- (b) In these Contract Rules and the Administrative Procedures:
- “Administrative Procedures” means the administrative procedures at Rule JJJJ implemented by the Exchange for the purposes of these Contract Rules.
- “Assured Payment” means, in the case of securities transferred through the Relevant Settlement System, a system-generated payment instruction which is binding on:
- (i) the Clearing House’s settlement bank in favour of the Transferor’s settlement bank in the case of a transfer of securities from the Transferor to the Clearing House; and
 - (ii) the Transferee’s settlement bank in favour of the Clearing House’s settlement bank in the case of the transfer of securities from the Clearing House to the Transferee,
- of an amount equal to the settlement amount for such securities.
- “call option” means a right, upon the exercise of which the Buyer of the call option becomes the Delivery Buyer and the Seller of the call option becomes the Delivery Seller under a Delivery Contract.
- “Clearing House Notice of Exercise” means a notice from the Clearing House, in a form from time to time prescribed by the Clearing House, confirming to the Seller of an option that the Clearing House has exercised an option against the Seller.
- “company” means a body corporate whose share capital includes shares (as defined below).
- “Conditional Option Contract” has the meaning attributed to it in Rule IIII.3(a).
- “Contract” means an Option Contract or a Delivery Contract, as the case may be, and “registered Contract” means a Contract registered by the Clearing House.
- “Corporate Action” has the meaning attributed to it in Rule IIII.18(a).
- “Cum Entitlement” in respect of a security, means with the right, before a date determined and published from time to time by the London Stock Exchange, to any Relevant Entitlement relating thereto.
- “Delivery Buyer” in respect of a Delivery Contract, means the person who is obliged to take delivery of one lot under such Delivery Contract.
- “Delivery Contract” has the meaning attributed to it in Rule IIII.6(d) or Rule IIII.7(d), as applicable.
- “Delivery Notice” means the notice to be given by the Clearing House to a Delivery Seller and to a Delivery Buyer under Rule IIII.13.

“Delivery Seller”	in respect of a Delivery Contract, means the person who is obliged to make delivery of one lot under such Delivery Contract.
“Depository Receipts”	(which, as the context requires, includes depository shares) means certificates or instruments representing certain shares.
“ETF shares”	means shares in an Exchange Traded Fund.
“Euro”, “€” and “eurocents”	denote the single currency of the European Union introduced in a Member State arising out of its participation in Economic and Monetary Union.
“Ex Entitlement”	in respect of a security, means without the right, on or after a date determined and published from time to time by the London Stock Exchange, to any Relevant Entitlement relating thereto.
“Exercise Notice”	means a notice in a form from time to time prescribed by the Clearing House notifying the Clearing House that a Buyer of an option wishes to exercise an option against the Clearing House.
“exercise price”	means the price specified in the Option Contract as the price of each security comprised in a lot and which shall be the price of each security to be transferred under a Delivery Contract arising on the exercise of an option the subject of such Option Contract.
“expiry month”	means each month specified as such in respect of these Contract Rules by the Exchange pursuant to the Regulations.
“Last Trading Day”	has the meaning attributed to it in Rule IIII.11.
“listed”	means admitted to the Official List of the UK Listing Authority and admitted to trading by the London Stock Exchange.
“List of Contract Details”	means the list of contract details published by the Exchange from time to time in accordance with Rule IIII. 2(c).
“London Stock Exchange”	means the London Stock Exchange plc, or, its agents or successors in operating a regulated market for securities to which these Contract Rules and the Administrative Procedures relate.
“lot”	means 1000 securities (or such other number as may be specified in a notice posted on the Market from time to time) designated by the Exchange in accordance with Rule IIII.2(b).
“market day”	means a day on which the market and the Clearing House are open for business.
“Member State”	means a member of the European Union.
“option”	means a put option or a call option.
“Option Contract”	means a contract made expressly or impliedly under these Contract Rules under which one or more put options or one or more call options are bought and sold.
“Pounds”, “£”, “Pence”	denote the lawful currency of the United Kingdom, known at the

CONTRACT RULES: ICE FUTURES EQUITY RELATED SECURITIES OPTIONS CONTRACTS

and “p”	date of issue of these Contract Rules, as “Sterling”.
“Premium”	in respect of an option, means the amount determined in accordance with Rule IIII.5(a) to be payable by the Buyer to the Seller as the consideration for the purchase of the option.
“proprietary or equitable interest”	means any proprietary or equitable interest or right whatsoever including, without limitation, any such interest or right arising under or by virtue of any disposition made or purporting to be made by way of security or by way of loan and any other lien, pledge, encumbrance or equity of any kind.
“put option”	means a right, upon the exercise of which the Buyer of the put option becomes the Delivery Seller and the Seller of the put option becomes the Delivery Buyer under a Delivery Contract.
“Relevant Delivery Procedures”	means one or more documents issued by the Clearing House from time to time relating to the settlement of securities under a Delivery Contract through the Relevant Settlement System.
“Relevant Entitlement”	means any one or more of a cash dividend, scrip dividend, bonus issue, scrip issue, rights issue, or any other right or entitlement, attaching or accruing to, or otherwise affecting, from time to time, a security or ownership of a security.
“Relevant Settlement System”	means the settlement system detailed in the List of Contract Details.
“Relevant Settlement System business day”	means a day when the Relevant Settlement System is open for business.
“Relevant Settlement System Member Account”	means an appropriate member account maintained by the Relevant Settlement System for the transfer of securities.
“Relevant Settlement System Rules”	means those parts of the rules, reference manual, procedures, practices and any other document from time to time in force of the Relevant Settlement System which apply to the settlement of transactions by participants in the Relevant Settlement System.
“securities”	means shares or Depositary Receipts as the case may be.
“Settlement Account”	means the Relevant Settlement System Member Account.
“Settlement Agent”	means, in respect of the transfer of securities under a Delivery Contract through the Relevant Settlement System, a member of the Relevant Settlement System.
“settlement amount”	in respect of a Delivery Contract, means the product of the exercise price and the number of securities comprised in the lot the subject of such Delivery Contract or, as the case may be, the product of the exercise price and the number of securities delivered at any time under such Delivery Contract.
“Settlement Day”	in respect of a Delivery Contract, means the day specified as such by the Exchange for the settlement of Delivery Contracts which arise pursuant to Rules IIII.6(d) and IIII.7(d).

“shares”	means securities which form part of the share capital of a company or which are ETF shares, as the case may be, which in each case are listed or are the subject of when issued dealing.
“Stock Exchange Rules”	means the rules, regulations, procedures and practices from time to time in force of the London Stock Exchange.
“Transferee”	means a person appointed under Rule IIII.16(a)(i)(A) to take a transfer of securities in respect of a Delivery Contract.
“Transferor”	means a person appointed under Rule IIII.15(a)(i)(A) to transfer securities in respect of a Delivery Contract.
“when issued dealing”	means transactions in securities which are the subject of an application for listing, entered into before and conditional upon listing becoming effective.

(c) [Not used]

(d) [Not used]

(e) [Not used]

IIII.2 CONTRACT SPECIFICATION

- (a) Each Option Contract shall be for one or more put options or one or more call options for an expiry month and shall be at an exercise price which is authorised by the Exchange for trading for the relevant expiry month, subject to any adjustments to the exercise price made in accordance with Rule IIII.18.
- (b) An option shall be for a lot, subject to any adjustment to the number of securities comprised in a lot made in accordance with Rule IIII.18.
- (c) An Option Contract for an expiry month may be entered into in respect of securities which have been designated for this purpose by the Exchange. The Exchange shall publish a list of such securities (the “List of Contract Details”) by means of a notice posted on the Market. The Exchange may from time to time determine that additions to or removals from such list shall be made and any such additions thereto or removals therefrom shall be published by means of a notice posted on the Market.

IIII.3 WHEN ISSUED DEALING

- (a) Where securities are the subject of when issued dealing pursuant to Stock Exchange Rules, an Option Contract for an expiry month may be entered into in respect of such securities if such securities have been designated for this purpose by the Exchange pursuant to Rule IIII.2(c). Such an Option Contract shall be a Conditional Option Contract until such time as the securities are listed.
- (b) An Option Contract which is a Conditional Option Contract may not be exercised. Upon the securities the subject of such Option Contract being listed, such Option Contract shall cease to be a Conditional Option Contract and may be exercised pursuant to these terms.
- (c) If the securities the subject of a Conditional Option Contract are not listed, such Option Contract shall be void and shall be invoiced back at a price determined by the Exchange in consultation with the Clearing House. Any such determination by the Exchange shall have regard to any decision by the London Stock Exchange in respect of such securities.

CONTRACT RULES: ICE FUTURES EQUITY RELATED SECURITIES OPTIONS CONTRACTS

IIII.4 PRICE

- (a) Except as specified in the Administrative Procedures in the case of cabinet transactions, bids and offers shall be quoted in Pence and prices shall be a whole number multiple of the minimum price fluctuation of 0.50p or such other amount as may be notified by the Exchange from time to time by means of a notice posted on the Market.

IIII.5 PREMIUM

- (a) Except as specified in the Administrative Procedures in the case of cabinet transactions, the Premium payable in respect of an option shall be the product of the price of the option and the number of securities comprised in a lot the subject of such option.
- (b) The Buyer shall pay the Premium to the Clearing House on the day and by the time specified for that purpose in the Administrative Procedures and the Clearing House shall pay the Premium to the Seller on the same day.

IIII.6 EXERCISE OF AN OPTION BY A BUYER AGAINST THE CLEARING HOUSE AND CONFIRMATION OF EXERCISE

- (a) Subject to Rule IIII.3(b), Rule IIII.6(b) and to Rule IIII.20, a Buyer may exercise an option in respect of an expiry month on any market day up to and including the Last Trading Day for Contracts in respect of that expiry month and shall do so by giving to the Clearing House an Exercise Notice by the time specified for that purpose in the Administrative Procedures and in a manner from time to time prescribed by the Clearing House.
- (b) The Exchange may from time to time specify, by a notice posted on the Market, one or more market days on which options shall not be capable of being exercised under Rule IIII.6(a). Any Exercise Notice given by a Buyer to the Clearing House on a market day specified in such notice shall be invalid.
- (c) The Clearing House shall give to the Buyer a notice in a form from time to time prescribed by the Clearing House, on the day and by the time specified for that purpose in the Administrative Procedures, confirming which options specified in an Exercise Notice have been validly exercised by the Buyer in accordance with these terms.
- (d) On the day on which the Buyer has validly exercised an option and immediately upon such exercise, a "Delivery Contract" for one lot shall arise:
 - (i) in the case of a call option, between the Clearing House and the Buyer as Delivery Seller and Delivery Buyer respectively; or
 - (ii) in the case of a put option, between the Clearing House and the Buyer as Delivery Buyer and Delivery Seller respectively.

IIII.7 EXERCISE BY THE CLEARING HOUSE AGAINST A SELLER AND CONFIRMATION OF EXERCISE

- (a) Subject to Rule IIII.3(b) and Rule IIII.7(b), on the day on which an option is validly exercised by a Buyer, the Clearing House shall select a Seller, by such method of allocation as may be specified in the Administrative Procedures, against whom to exercise an option of the same type and at the same exercise price and for the same expiry month and shall exercise such option in a form and manner from time to time prescribed by the Clearing House.
- (b) If the Clearing House is unable to exercise an option against a Seller in accordance with Rule IIII.7(a) on the day referred to in such Contract Rule, the Clearing House shall do so as soon as

possible thereafter and such option shall be deemed to have been exercised on the day referred to in Rule IIII.7(a) which, for all purposes of these Contract Rules, shall be the day of exercise of such option.

- (c) In respect of each option exercised by the Clearing House against a Seller under this Rule IIII.7, the Clearing House shall give to the Seller a Clearing House Notice of Exercise by the time specified for that purpose in the Administrative Procedures on the market day following the day of exercise of the option and in a manner from time to time prescribed by the Clearing House.
- (d) On the day on which the Clearing House has exercised an option against a Seller and immediately upon such exercise, a "Delivery Contract" for one lot shall arise:
 - (i) in the case of a call option, between the Seller and the Clearing House as Delivery Seller and Delivery Buyer respectively; or
 - (ii) in the case of a put option, between the Seller and the Clearing House as Delivery Buyer and Delivery Seller respectively.

IIII.8 EXPIRY

- (a) An option in respect of an expiry month which has not been validly exercised in accordance with Rule IIII.6 or Rule IIII.7, as applicable, shall expire on the day and at the time specified for that purpose in the Administrative Procedures.

IIII.9 DELIVERY CONTRACT

- (a) In respect of a Delivery Contract, the Delivery Seller is obliged to make delivery of one lot and the Delivery Buyer is obliged to take delivery thereof and to make payment of the settlement amount in accordance with Rule IIII.17 and the Administrative Procedures, subject to these Contract Rules and the Administrative Procedures which shall apply thereto.

IIII.10 ENTITLEMENT FOLLOWING EXERCISE

- (a) If securities the subject of an option are Cum Entitlement on the day such option is exercised in accordance with these Contract Rules, the Delivery Buyer shall be entitled to receive, or to exercise, or to direct the exercise of, the Relevant Entitlement in respect of such securities which are to be delivered to him under the Delivery Contract arising pursuant to Rule IIII.6(d) or Rule IIII.7(d), as applicable, on the exercise of such option.

IIII.11 LAST TRADING DAY

- (a) Trading in Option Contracts for an expiry month shall cease on the Last Trading Day for such Contracts in respect of that expiry month at the time specified for that purpose in the Administrative Procedures.
- (b) Subject to Rule IIII.11(c) the Last Trading Day in respect of an expiry month shall be the third Friday in that month.
- (c) If, in respect of an expiry month, the third Friday in that month is not a market day then the market day immediately preceding the third Friday shall become the Last Trading Day for Contracts in respect of that expiry month (even if such market day has already past).

IIII.12 SETTLEMENT AGENT

- (a) Only a Settlement Agent with a Settlement Account at the Relevant Settlement System may be used for the purposes of making or taking delivery of securities under a Delivery Contract by transfer of

CONTRACT RULES: ICE FUTURES EQUITY RELATED SECURITIES OPTIONS CONTRACTS

securities through such Relevant Settlement System and making or receiving payment of the settlement amount under a Delivery Contract in accordance with these Contract Rules, unless these Contract Rules otherwise require or permit.

IIII.13 CLEARING HOUSE DELIVERY NOTICE

- (a) On the market day immediately following the exercise of options in accordance with these Contract Rules and by the time specified for that purpose in the Administrative Procedures, the Clearing House shall give a Delivery Notice:
 - (i) to the Delivery Buyer specifying the Delivery Contracts to which he is party with the Clearing House which have arisen in accordance with Rule IIII.6(d) or Rule IIII.7(d), as the case may be, and details of the Delivery Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Delivery Buyer and by the Clearing House to the Relevant Settlement System in respect of Delivery Contracts which are due to be settled by the transfer of shares through the Relevant Settlement System; and
 - (ii) to the Delivery Seller specifying the Delivery Contracts to which he is party with the Clearing House which have arisen in accordance with Rule IIII.6(d) or Rule IIII.7(d), as the case may be, and details of the Delivery Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Delivery Seller and by the Clearing House to the Relevant Settlement System in respect of Delivery Contracts which are due to be settled by the transfer of securities through the Relevant Settlement System.

IIII.14 SUBMISSION OF DETAILS TO THE RELEVANT SETTLEMENT SYSTEM

- (a) In respect of Delivery Contracts to be settled by the transfer of securities through the Relevant Settlement System, on the Relevant Settlement System business day following the day of exercise of an option in accordance with Rule IIII.6 or Rule IIII.7, as the case may be, and by the time specified for that purpose in the Administrative Procedures, the details of Delivery Contracts notified to the Delivery Buyer and to the Delivery Seller pursuant to Rules IIII.13(a)(i) and IIII.13(a)(ii) respectively and such other details as may be required by the Relevant Delivery Procedures shall have been submitted, as required by such Contract Rules, to the Relevant Settlement System, so as to enable the Relevant Settlement System:
 - (i) in the case of the Delivery Buyer, to match the details of the Contracts submitted to it by or on behalf of the Delivery Buyer with the details of the Contracts submitted to it by the Clearing House; and
 - (ii) in the case of the Delivery Seller, to match the details of the Contracts submitted to it by or on behalf of the Delivery Seller with the details of the Contracts submitted to it by the Clearing House,

in order that settlement of Contracts is effected through the Relevant Settlement System on the Settlement Day.

IIII.15 SELLER'S DELIVERY DETAILS

- (a) (i) Where the Relevant Delivery Procedures so require, a Clearing Member shall give to the Clearing House, in accordance with the terms of the Relevant Delivery Procedures, details of:
 - (A) the names of persons conforming with the Relevant Delivery Procedures and paragraph (ii) of this Rule IIII.15(a) (who may include the Clearing Member himself) who are appointed by the Clearing Member to transfer securities to the Clearing House in accordance with these Contract Rules in respect of Delivery Contracts which may be entered into by such Clearing Member as Delivery Seller; and

- (B) the names of the Settlement Agents (who may include the Transferor himself) who will be used by each such person to transfer such securities and to receive payment of the settlement amount for such securities and details of their Settlement Accounts,

together with the acknowledgement described in Rule IIII.15(c), if required by that Rule and each Transferor so appointed (other than the Clearing Member himself) and each Settlement Agent so appointed (whether or not the Transferor) shall act as agent for the Clearing Member in transferring such securities or receiving payment of the settlement amount for such securities, notwithstanding that settlement of such securities shall be made through the Settlement Account of the Settlement Agent.

- (ii) The Clearing House may from time to time restrict the persons or categories of persons which may be appointed as Settlement Agents or as Transferors or the types of Settlement Accounts to be used for making a transfer of securities.
- (iii) The details given to the Clearing House in accordance with paragraph (i) of this Rule IIII.15(a) may be amended from time to time in accordance with the Relevant Delivery Procedures.
- (b) Although the Delivery Seller may under Rule IIII.15(a) appoint a person other than himself as Transferor, the Delivery Seller shall himself remain responsible in respect of a Delivery Contract for delivery of the securities and the performance of all other obligations under such Contract expressed to be imposed upon the Transferor in these Contract Rules and in the Administrative Procedures. However, performance by the Transferor of those obligations expressed to be imposed upon him (including the obligation to transfer securities) in accordance with these Contract Rules and in the Administrative Procedures shall constitute due performance of the Delivery Seller's obligations under such Contract.
- (c) Except where the Delivery Seller is also the Transferor, the Delivery Seller shall by the day specified in and in accordance with the Relevant Delivery Procedures deliver to the Clearing House an irrevocable acknowledgement, in a form from time to time prescribed by the Clearing House, addressed to the Clearing House by each Transferor, acknowledging amongst other things that the obligations of the Clearing House with regard to all sums payable by it in respect of securities to be delivered by the Transferor in respect of any Delivery Contract from time to time entered into by the Delivery Seller with the Clearing House and in respect of which he is appointed Transferor are owed to the Delivery Seller alone, and that the Transferor has no rights whatsoever against the Clearing House.

IIII.16 BUYER'S DELIVERY DETAILS

- (a) (i) Where the Relevant Delivery Procedures so require, a Clearing Member shall give to the Clearing House, in accordance with the terms of the Relevant Delivery Procedures, details of:
- (A) the names of persons conforming with the Relevant Delivery Procedures and paragraph (ii) below (who may include the Clearing Member himself) who are appointed to take a transfer of securities from the Clearing House in accordance with these Contract Rules in respect of Delivery Contracts which may be entered into by such member as Delivery Buyer; and
- (B) the names of the Settlement Agents (who may include the Transferee himself) who will be used by each such person to take a transfer of such securities and to make payment of the settlement amount for such securities and details of their Settlement Accounts,

together with the acknowledgement described in Rule IIII.16(c), if required by that Rule and each Transferee so appointed (other than the Clearing Member himself) and each Settlement Agent so appointed (whether or not the Transferee) shall act as agent for the Clearing Member in taking a transfer of such securities or making payment of the settlement amount for such

CONTRACT RULES: ICE FUTURES EQUITY RELATED SECURITIES OPTIONS CONTRACTS

securities, notwithstanding that the transfer of such securities shall be made through the Settlement Account of the Settlement Agent.

- (ii) The Clearing House may from time to time restrict the persons or categories of persons which may be appointed as Settlement Agents or as Transferees or the types of Settlement Accounts to be used for taking a transfer of securities.
- (iii) The details given to the Clearing House in accordance with paragraph (i) of this Rule III.16(a) may be amended from time to time in accordance with the Relevant Delivery Procedures.
- (b) Although the Delivery Buyer may under Rule III.16(a) appoint a person other than himself as Transferee, the Delivery Buyer shall himself remain responsible in respect of a Delivery Contract for the acceptance of a transfer of securities and the payment of the settlement amount for such securities and for the performance of all other obligations expressed to be imposed upon the Transferee in these Contract Rules and in the Administrative Procedures in respect of such Contract. However, performance by the Transferee of those obligations expressed to be imposed upon him (including the obligations to accept transfer of securities and to pay the settlement amount) in accordance with these Contract Rules and the Administrative Procedures shall constitute due performance of the Delivery Buyer's obligations under such Contract.
- (c) Except where the Delivery Buyer is also the Transferee, the Delivery Buyer shall by the day specified in and in accordance with the Relevant Delivery Procedures deliver to the Clearing House an irrevocable acknowledgement, in a form from time to time prescribed by the Clearing House, addressed to the Clearing House by each Transferee, acknowledging amongst other things that the Transferee has no claims whatsoever against the Clearing House in respect of any delay on its part in transferring, or any failure on its part to transfer, the securities to be transferred in respect of any Delivery Contract from time to time entered into by the Delivery Buyer with the Clearing House and in respect of which he is appointed Transferee, or in respect of any other matter whatsoever concerning those securities.

III.17 DELIVERY

- (a) All securities to be transferred in respect of a Delivery Contract shall be transferred free of any proprietary or equitable interest of any person.
- (b) In respect of Contracts to be settled by the transfer of securities through the Relevant Settlement System, a transfer of securities in respect of a Delivery Contract shall be made through the Relevant Settlement System in accordance with the Relevant Settlement System Rules, these Contract Rules and the Administrative Procedures, or as otherwise required or permitted by these Contract Rules and payment for such securities shall be made in accordance with these Contract Rules, the Administrative Procedures and the Relevant Settlement System Rules, and the provisions of this Rule III.17 shall be subject to the Relevant Settlement System Rules where applicable.
- (c) Subject to Rule III.17(e), on the Settlement Day at or by the time specified in respect of the Relevant Settlement System and in accordance with the Administrative Procedures:
 - (i) the Transferor shall, in respect of Delivery Contracts to be settled by the transfer of securities through the Relevant Settlement System, have transferred securities through the Relevant Settlement System from the Relevant Settlement System Member Account of the Relevant Settlement System member notified to the Clearing House in accordance with Rule III.15(a)(i) to the Relevant Settlement System Member Account of the Clearing House and payment of the settlement amount for such securities transferred through the Relevant Settlement System shall have been satisfied by an Assured Payment;
 - (ii) the Clearing House shall, in respect of Delivery Contracts to be settled by the transfer of securities through the Relevant Settlement System, have transferred the securities through the

Relevant Settlement System from its Relevant Settlement System Member Account to the Relevant Settlement System Member Account of the Relevant Settlement System member notified to the Clearing House in accordance with Rule IIII.16(a)(i) for the account of the Transferee and payment of the settlement amount for such securities transferred through the Relevant Settlement System shall have been satisfied by an Assured Payment.

- (d) In respect of Delivery Contracts to be settled by transfer of securities through the Relevant Settlement System:
- (i) whether or not the Delivery Seller appoints a Transferor other than himself, and notwithstanding that such a Transferor is the Delivery Seller's agent, an Assured Payment arising upon the transfer of securities to the Relevant Settlement System Member Account of the Clearing House pursuant to Rule IIII.17(c)(i) shall discharge the Clearing House's liability to pay the settlement amount for such securities to the Delivery Seller;
 - (ii) an Assured Payment arising upon the transfer of securities pursuant to Rule IIII.17(c)(ii) to the Relevant Settlement System Member Account of the Relevant Settlement System member notified to the Clearing House in accordance with Rule IIII.16(a)(i) for the account of the Transferee shall discharge the Delivery Buyer's liability to pay the settlement amount for such securities to the Clearing House;
 - (iii) the transfer of securities by the Clearing House to or to the order of the Transferee shall discharge the Clearing House's liability to transfer such securities to the Delivery Buyer, whether or not the Transferee is the Delivery Buyer's agent; and
 - (iv) the transfer of securities by the Transferor to the Clearing House shall discharge the Delivery Seller's liability to transfer such securities to the Clearing House.
- (e) (i) Subject to Rule IIII.19, if any transfer of securities required by Rule IIII.17(c) cannot be or has not been fully accomplished on the Settlement Day at or by the time specified in respect of the Relevant Settlement System in the Administrative Procedures, due to any event occurring which is outside the control of the Transferor or of the Transferee or of the Clearing House, as the case may be, which, without prejudice to the generality of the foregoing, may include:
- (A) a failure by a seller of securities to the Transferor to make transfer of such securities by the due time so as to enable the Transferor to fulfil his obligations to transfer the securities to the Clearing House in accordance with Rule IIII.17(c)(i);
 - (B) a failure by the Transferor to transfer securities to the Clearing House in accordance with Rule IIII.17(c)(i) so as to enable the Clearing House to fulfil its obligations to transfer securities to a Transferee in accordance with Rule IIII.17(c)(ii);
 - (C) an error, failure, closure or suspension of the Relevant Settlement System or of other systems operated by or on behalf of the Relevant Settlement System;
 - (D) a failure or termination of the Transferor's or the Transferee's or the Clearing House's access to its Settlement Agent;
 - (E) a failure of the Transferor's or Transferee's Settlement Agents or the Clearing House's access to the Relevant Settlement System for any reason, including, without limitation, as a result of any fault or failure of any computer or communication system;
 - (F) any action taken by the Relevant Settlement System, whether pursuant to the Relevant Settlement System Rules or otherwise; or

CONTRACT RULES: ICE FUTURES EQUITY RELATED SECURITIES OPTIONS CONTRACTS

- (G) any failure of, or any action or failure to take action by, a settlement bank, appointed by the Transferor, the Clearing House or the Transferee from time to time in connection with the settlement of securities through the Relevant Settlement System, which prevents the transfer of securities to the Transferor or to the Clearing House or to the Transferee, as the case may be,

then, without prejudice to paragraphs (iv)(A) and (iv)(B) of this Rule IIII.17(e), such transfer or transfers shall be made as soon as possible through the Relevant Settlement System and in accordance with the Relevant Delivery Procedures in order fully to perform a Delivery Contract or, if an event occurs which prevents a transfer of securities through the Relevant Settlement System, in accordance with any instructions which may be given by the Clearing House, which may require delivery by a means other than through the Relevant Settlement System. In the case of any disagreement between the Clearing House and the Transferor or between the Clearing House and the Transferee as to whether any particular transfer can be or has been accomplished the determination of the Clearing House shall be final.

- (ii) Any instructions given by the Clearing House under paragraph (i) above shall be binding and failure by the Delivery Seller or the Delivery Buyer to comply or ensure compliance with such instructions shall constitute a default under Rule IIII.20(a) by such Delivery Seller or, as the case may be, such Delivery Buyer.
- (iii) Where the Clearing House is unable to transfer securities in respect of a Delivery Contract to the Transferee in accordance with Rule IIII.17(c)(ii) as a result of any event (other than an event referred to in Rule IIII.19, which, for the avoidance of doubt, shall be dealt with under Rule IIII.19) occurring which is outside the control of the Clearing House, the rights of the Delivery Buyer shall consist solely of the right to have transfer of the securities made to the Transferee as soon as possible through the Relevant Settlement System and in accordance with the Relevant Delivery Procedures or otherwise as required by these Contract Rules and as soon as possible after the Clearing House has received a transfer of such securities from the Transferor or acquired them from another person.
- (iv) (A) if any transfer of securities to the Clearing House in respect of a Delivery Contract required to be made by the Transferor under Rule IIII.17(c)(i) or under paragraph (i) of this Rule IIII.17(e) is not made by the relevant time specified in the Relevant Delivery Procedures as a consequence of the occurrence of an event referred to in paragraph (i)(A) of this Rule IIII.17(e); or
- (B) if an event referred to in paragraph (i)(G) of this Rule IIII.17(e) occurs which prevents a transfer of securities to the Transferor or a transfer of securities by the Clearing House to the Transferee; or
- (C) notwithstanding the occurrence (if any) of an event referred to in paragraph (i) of this Rule IIII.17(e) or in Rule IIII.19 at any time, if the Clearing House, in consultation with the Exchange, determines that the Delivery Seller (or the Delivery Buyer) has not used its best endeavours to transfer (or to take transfer of) securities or to procure the Transferor to transfer (or to procure the Transferee to take a transfer of) securities, as the case may be, on the Settlement Day or in accordance with paragraph (i) of this Rule IIII.17(e); or
- (D) if any transfer of securities to the Clearing House in respect of a Delivery Contract required to be made under paragraph (i) of this Rule IIII.17(e) (other than as a consequence of an event referred to in paragraph (i)(A) or (i)(G) of this Rule IIII.17(e)) is not made as soon as possible after the Settlement Day,

then the Clearing House shall be entitled to treat the Delivery Seller or the Delivery Buyer as in default and, without prejudice to its rights under Rule IIII.21 and to its powers under the

Clearing House Rules, the Clearing House shall be entitled, at its absolute discretion, to take steps to acquire securities in accordance with the Relevant Delivery Procedures in order to fulfil its obligations under a Delivery Contract in whole or in part to make delivery of securities to a Delivery Buyer or to dispose of securities (where possible) delivered to it by the Delivery Seller and the Delivery Seller or the Delivery Buyer (as the case may be) in default shall indemnify the Clearing House in respect of any losses, costs, taxes or expenses suffered or incurred by it in taking any such steps or in exercising any such rights or powers (including any losses determined in accordance with Rule IIII.21(c)). The Delivery Seller or the Delivery Buyer (as the case may be) who is in default shall comply with any directions given by the Clearing House.

- (f) (i) If as a result of any event contemplated by Rule IIII.17(e)(i) there is a delay in the transfer of securities in respect of a Delivery Contract and the benefit of a Relevant Entitlement to which the Transferee would have been entitled if transfer to him had taken place in accordance with Rule IIII.17(c)(ii) (and he had retained beneficial title to the securities), is received by the Clearing House (or by the Transferor, if transfer is not made to the Clearing House by the Transferor in accordance with Rule IIII.17(c)(i)) then:
 - (A) if the Clearing House has received the benefit of such Relevant Entitlement, or receives the benefit of such Relevant Entitlement under sub-paragraph (B) of this Rule IIII.17(f), the Clearing House shall pass on the benefit of such Relevant Entitlement which it receives to the Delivery Buyer and shall deliver to the Delivery Buyer such documents (if any) as it receives in connection therewith; and
 - (B) if the Transferor has received the benefit of such Relevant Entitlement, the Delivery Seller shall pass on or procure that the Transferor passes on the benefit of such Relevant Entitlement which it receives to the Clearing House and shall deliver to the Clearing House such documents (if any) as it receives in connection therewith.
- (ii) Any act required by paragraph (i) of this Rule IIII.17(f) shall be done at such time and in such manner as the Clearing House may specify.
- (g) If any event contemplated by Rule IIII.17(e)(i) occurs, the Delivery Seller or the Delivery Buyer, as applicable, shall provide to the Clearing House documentary evidence satisfactory to the Clearing House that he has complied with his obligations under a Contract to which he is party by the time and in the manner prescribed.
- (h) (i) The Clearing House shall give notice to the Exchange of any instructions given by it under Rule IIII.17(e)(i) forthwith upon giving such instructions and of any event contemplated by Rule IIII.17(e)(i) which may prevent or has prevented a transfer of securities in respect of a Delivery Contract upon becoming aware of any such event.
- (ii) If any event contemplated by Rule IIII.17(e)(i) occurs, the provisions of Rule IIII.17 shall apply and the provisions of Rule IIII.22 shall not apply unless, after consultation with the Clearing House, the Exchange determines that such circumstances have continued or are likely to continue for such duration that the provisions of Rule IIII.17(e) shall no longer apply and that the provisions of Rule IIII.22 shall apply. The Exchange's determination shall be final and binding.
- (i) Any provision of this Rule IIII.17 or of any other of these Contract Rules or of the Administrative Procedures relating to procedures for settlement may be varied, or substituted by different procedures for settlement, by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

IIII.18 CORPORATE ACTIONS

- (a) In this Rule IIII.18, “Corporate Action” shall mean:
- (i) a cash and/or scrip dividend, a bonus or scrip issue, a rights issue, a share split, subdivision or consolidation, a demerger or any other event affecting or giving rise to a right or entitlement attaching or accruing to the securities; or
 - (ii) a takeover, merger or any arrangement, transaction or series of transactions which will or may result in the acquisition by any person or persons or any associated person or persons of a substantial proportion of the shares of a company; or
 - (iii) any other event which, in the opinion of the Exchange, impacts or may impact on an² Option Contract in respect of the securities.
- (b) Where any Corporate Action occurs with respect to the securities of a company, or which affects a company whose securities are the subject of an Option Contract, the Exchange, in its absolute discretion, may, but shall not be obliged to, determine:
- (i) to make adjustments to the size of the lot the subject of an option and/or to the exercise price of such option; or
 - (ii) to vary, substitute or remove any of, or add to, these Contract Rules to make provision for the effect of such Corporate Action. Any such variation, substitution, removal or addition may, without limitation, be made to make provision for securities in one or more companies other than the securities originally the subject of the Option Contract, or one or more entitlements pertaining to the securities of a company, or a cash amount to be transferred in addition to or in substitution for some or all of such securities to form the subject of a lot.
- (c) Any adjustment, variation, substitution or removal of or addition to these Contract Rules determined upon under Rule IIII.18(b) will be determined in accordance with the policy of the Exchange from time to time in relation to Corporate Actions unless the Exchange, in its absolute discretion, determines otherwise. The Exchange’s policy relating to Corporate Actions will be published from time to time by means of one or more notices posted on the Market. Any adjustment, variation, substitution, removal of or addition to these Contract Rules made under this Rule IIII.18 shall be published in one or more notices posted on the Market and shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

IIII.19 SUSPENSION OR TERMINATION³ OF SECURITIES DEALING

- (a) In this Rule IIII.19, “suspended securities” and “delisted securities” shall mean securities which are the subject of a suspension or termination of dealings or securities which have been suspended or withheld from settlement through the Relevant Settlement System.
- (b) If dealings in securities the subject of an Option Contract or of a Delivery Contract arising on the exercise of an option are suspended or prohibited by the London Stock Exchange or are otherwise not permitted to be made under Stock Exchange Rules (“suspension or termination of dealings”) or securities the subject of an Option Contract or Delivery Contract are otherwise suspended or delisted securities, any such Option Contract or Delivery Contract, as the case may be, shall be performed in accordance with this Rule IIII.19 and otherwise in accordance with these Contract Rules and the Administrative Procedures.

² Amended 19 December 2015

³ Amended 19 December 2015

- (c) A Buyer may submit an Exercise Notice in respect of an option in accordance with Rule IIII.6 and the Clearing House may exercise an option against a Seller in accordance with Rule IIII.7, notwithstanding that the securities the subject of the option are suspended or delisted securities.
- (d) Subject to Rule IIII.19(e), securities which are the subject of suspension or termination of dealings which are required to be delivered in respect of a Delivery Contract shall be delivered through the Relevant Settlement System on the Settlement Day in accordance with these Contract Rules.
- (e)
 - (i) If settlement of suspended or delisted securities the subject of a Delivery Contract cannot be made on or after the Settlement Day for such Contract through the Relevant Settlement System, such securities shall be delivered in accordance with any instructions which may be given by the Clearing House, which shall be final and binding, save that where the Exchange determines that such Delivery Contract shall be invoiced back, such Contract shall be invoiced back at a price fixed by the Exchange in consultation with the Clearing House. It shall not, subject to Rule IIII.17(e)(iv)(C), be an event of default under these Contract Rules if settlement of suspended or delisted securities is not effected on the Settlement Day, but failure by the Delivery Seller or the Delivery Buyer to comply or ensure compliance with any instructions given by the Clearing House under this Rule IIII.19(e)(i) shall constitute a default under Rule IIII.20(a) by such Delivery Seller or, as the case may be, such Delivery Buyer.
 - (ii) The Exchange's determination under paragraph (i) of this Rule IIII.19(e) shall be final and binding and shall be published by means of a notice posted on the Market.

IIII.20 DELIVERY DEFAULT

- (a) The Buyer or the Seller or the Delivery Buyer or the Delivery Seller, as the case may be, shall be in default where:
 - (i) subject to Rule IIII.17, he fails to fulfil his obligations under a Contract by the time and in the manner prescribed and in accordance with these Contract Rules, the Regulations and the Administrative Procedures;
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules and the Administrative Procedures;
 - (iii) the "bad delivery" rules or any other rules set forth in the Relevant Settlement System Rules are invoked with respect to the transfer of securities to the Clearing House by the Transferor appointed by the Delivery Seller to make such transfer or in respect of the transfer of securities by the Clearing House to the Transferee appointed by the Delivery Buyer to accept such transfer which may lead or leads to the reversal of one or more transfers of securities; or
 - (iv) in the reasonable opinion of the Clearing House he is otherwise in default under a Contract.

For the avoidance of doubt, the Delivery Seller shall be held to be in default if the "bad delivery" or such other rules referred to in paragraph (iii) of this Rule IIII.20(a) are invoked with respect to the transfer of securities by the Transferor to the Clearing House or the transfer of securities by the Clearing House to the Transferee and notwithstanding that the Delivery Seller may not be responsible for any circumstance which leads to such "bad delivery" or such other rules being invoked.

- (b) Obvious clerical errors in any notice to be given hereunder and which can be readily rectified shall not be treated as constituting a default.
- (c) Notwithstanding a default under Rule IIII.20(a), the Clearing House may in its absolute discretion determine not to exercise or to delay in exercising any of its rights under Rule IIII.21, and no failure by the Clearing House to exercise nor any delay on its part in exercising any of such rights shall operate as a waiver of the Clearing House's rights upon that or upon any subsequent occasion, nor

shall any single or partial exercise of such rights prevent any further exercise thereof or of any other right.

IIII.21 EFFECT OF DELIVERY DEFAULT

- (a) The provisions of Rules IIII.21(b) to IIII.21(e) inclusive shall be subject to the default rules from time to time in force of the Clearing House.
- (b) If there appears to the Clearing House to be a default by the Buyer or the Seller or the Delivery Buyer or the Delivery Seller, as the case may be, under Rule IIII.20(a) in respect of any lot comprised in a registered Contract the Clearing House may take such steps as it deems appropriate to facilitate a mutually acceptable resolution of the default:
 - (i) where the Buyer or the Delivery Buyer appears to be in default, between such Buyer and the Clearing House; or
 - (ii) where the Seller or the Delivery Seller appears to be in default, between such Seller and the Clearing House.
- (c)
 - (i) In addition to any steps taken under Rule IIII.21(b) the Clearing House may, if it appears to it that a Clearing Member as Seller (or as Delivery Seller) or a Clearing Member as Buyer (or as Delivery Buyer) is in default under Rule IIII.20(a), in its sole discretion take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of a Seller (or Delivery Seller) or Buyer (or Delivery Buyer) not in default including, without prejudice to the generality of the foregoing, the steps referred to in paragraph (ii) or (iii) below. Any action taken by the Clearing House pursuant to this Rule IIII.21 or Rule IIII.17(e) shall be without prejudice to any rights, obligations or claims of a Buyer (or a Delivery Buyer), a Seller (or a Delivery Seller), or the Clearing House and any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with taking such action or such default (or, without limitation, following the “bad delivery” or such other rules referred to in paragraph (iii) of Rule IIII.20(a) being invoked) shall be paid by the Buyer or the Seller (or the Delivery Buyer or the Delivery Seller, as the case may be) in default.
 - (ii) Where a Delivery Buyer appears to be in default under Rule IIII.20(a) the Clearing House may take steps pursuant to paragraph (i) of this Rule IIII.21(c) to sell any or all of the securities delivered to it by a Transferor at such time and place and in such manner and on such terms as may to the Clearing House seem fit. Where the price at which such securities are sold (the “Sale Price”) is less than the amount due but unpaid by the Delivery Buyer to the Clearing House in respect of such securities (the “Unpaid Amount”), the difference between the Unpaid Amount and the Sale Price shall forthwith on demand be paid by the Delivery Buyer in default to the Clearing House. Where the Unpaid Amount is less than the Sale Price the difference between the Sale Price and the Unpaid Amount shall (if any remain after the deduction so far as possible of such sums as are payable by the Delivery Buyer to the Clearing House hereunder or otherwise) be retained by the Clearing House to the order of the Exchange. The Delivery Buyer in default shall forthwith on demand pay to the Clearing House any sums payable by the Delivery Buyer pursuant to paragraph (i) of this Rule IIII.21(c).
 - (iii) Where a Delivery Seller appears to be in default under Rule IIII.20(a), or is treated as being in default under Rule IIII.17(e), or, without prejudice to the foregoing, paragraph (iii) of Rule IIII.20(a) applies and a step taken by the Clearing House pursuant to paragraph (i) of this Rule IIII.21(c) or Rule IIII.17(e) is to acquire securities at such time and place and in such manner and on such terms as the Clearing House thinks fit from a person other than the Delivery Seller in order to meet in whole or in part its obligations to a Delivery Buyer to make delivery of securities in respect of a Delivery Contract:

- (A) if the total cost incurred by the Clearing House in acquiring securities, including for the avoidance of doubt the cost of any purchase of securities by the Clearing House in order to fulfil any obligations under the arrangements it has made to acquire the securities (the “Acquisition Cost”), is greater than the amount which would have been payable by the Clearing House to the Transferor in respect of the securities to have been delivered to it by the Transferor (or which, but for the application of the “bad delivery” or such other rules referred to in paragraph (iii) of Rule IIII.20(a) had purportedly been delivered to it by the Transferor), the Delivery Seller shall forthwith on demand pay the amount of such difference to the Clearing House; or
 - (B) if the Acquisition Cost is less than the amount which would have been payable by the Clearing House as referred to in sub-paragraph (A) above, the amount of such difference shall (if any remain after the deduction so far as possible of such sums as are payable by the Delivery Seller to the Clearing House under sub-paragraph (C) below or otherwise) be retained by the Clearing House to the order of the Exchange; and
 - (C) if the Delivery Seller delivers or attempts to deliver securities to the Clearing House under a Delivery Contract after the Settlement Day, the Clearing House shall be entitled to reject such attempted or actual delivery, or shall be entitled to sell any securities which are so delivered, as it sees fit, if the Clearing House has made alternative arrangements to acquire securities for delivery to the Delivery Buyer; and
 - (D) the Delivery Seller shall forthwith on demand pay to the Clearing House any sums payable by the Delivery Seller pursuant to paragraph (i) of this Rule IIII.21(c).
- (iv) Any step taken by the Clearing House pursuant to paragraph (i), (ii) or (iii) of this Rule IIII.21(c) shall be without prejudice to the rights of any party to refer a dispute to arbitration.
- (d) Without prejudice to its rights under Rules IIII.21(b) and IIII.21(c), the Clearing House may refer to the Exchange any dispute or issue arising between the parties referred to in paragraph (i) or (ii) of Rule IIII.21(b) as a result of a default by a Seller (or Delivery Seller) or by a Buyer (or Delivery Buyer) under Rule IIII.20(a). If, upon such reference, the Exchange is of the opinion that the default is of minor significance it shall determine any such dispute or issue upon such evidence as it may deem relevant and convey its findings to the Buyer and the Seller or the Delivery Buyer and the Delivery Seller, as the case may be, who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of either party to refer the dispute or any related dispute to arbitration.
 - (e) If no settlement has been reached pursuant to Rule IIII.21(b) and if no steps have been taken by the Clearing House pursuant to Rule IIII.21(c) and any dispute or issue between the parties referred to the Exchange under Rule IIII.21(d) is, in the opinion of the Exchange, not such as may be subject to determination under Rule IIII.21(d) then the Exchange in consultation with the Clearing House shall forthwith fix a price for invoicing back each option or Delivery Contract in respect of which the dispute or issue has arisen and each option or Delivery Contract, as the case may be, shall be invoiced back at that price. Such invoicing back price shall be final. Such price may at the Exchange’s absolute discretion take account of any compensation that the Exchange may consider should be paid by any party save that where a dispute or issue has arisen in respect of a Contract between a Seller (or a Delivery Seller) and the Clearing House and a like dispute or issue has arisen in respect of a Contract between a Buyer (or Delivery Buyer) and the Clearing House which had been matched by the Clearing House with the Contract between the Seller (or the Delivery Seller) and the Clearing House, and the dispute or issue has in each case been referred to the Exchange under Rule IIII.21(d), the Exchange shall fix the same invoicing back price in respect of each Contract. Any such action taken by the Exchange under this Rule IIII.21(e) shall be without prejudice to the rights of any of the parties to refer any dispute to arbitration.

IIII.22 FORCE MAJEURE

- (a) Subject to Rules IIII.17(h)(ii) and IIII.22(b) and any steps taken at any time by the Exchange under emergency powers in the Regulations, in the event of a Seller or a Buyer or a Delivery Seller or a Delivery Buyer, as the case may be, being prevented from performing his obligations in respect of any lot comprised in a Contract by the due time therefor by any cause beyond his reasonable control (other than in circumstances to which Rule IIII.19 applies) including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems such lot shall be invoiced back at a price to be fixed by the Exchange in consultation with the Clearing House.
- (b) In the event of a Buyer being prevented from exercising an option in respect of an expiry month on the Last Trading Day and by the time for expiry thereof as specified for that purpose in the Administrative Procedures by any event beyond his reasonable control including, without limitation, any of the circumstances specified in Rule IIII.22(a):
 - (i) the Buyer may give written notice to the Exchange specifying the option or, if more than one, the options which the Buyer was prevented from exercising, the steps taken by the Buyer to exercise an option and the events which prevented him from so doing. Any such notice shall be given to the Exchange as soon as is practicable after the time of expiry of an option specified in the notice and in any event no later than 10.00 hours on the market day following the Last Trading Day. The Exchange shall notify the Clearing House that it has received a notice from the Buyer under this Rule IIII.22(b)(i) forthwith upon receipt of such notice; and
 - (ii) if the Exchange is satisfied that the Buyer took all possible steps in the circumstances prevailing to exercise an option, the Exchange shall request the Clearing House to notify it of details of one or more options between a Seller and the Clearing House which are on the same terms (except as to the parties or the option price) as, and have been matched by the Clearing House with, the option or options specified in the Buyer's notice and shall fix a price for invoicing back. Each option the subject of the Buyer's notice and each option between the Clearing House and a Seller notified to the Exchange hereunder shall be invoiced back at such price, notwithstanding that such options have expired under Rule IIII.8. Such price may at the Exchange's absolute discretion take into account the Exchange's assessment of the intrinsic value at the expiry thereof of such options.

SECTION JJJJJ -	PROCEDURES: ICE FUTURES EQUITY RELATED SECURITIES OPTIONS CONTRACTS
JJJJ.0	Interpretation
JJJJ.1	Price
JJJJ.2	Cabinet Transactions
JJJJ.3	Settlement Procedures
JJJJ.4	Delivery Details
JJJJ.5	Timetable ¹

¹ Amended 1 December 2015

JJJJJ.0 INTERPRETATION

All defined terms as set out in Rule IIIII shall apply to this Rule JJJJJ.

JJJJJ.1 PRICE

Except in the case of cabinet transactions, the minimum price fluctuation shall be 0.50 Pence or such other amount as may be notified by the Exchange from time to time by means of a notice posted on the Market.

JJJJJ.2 CABINET TRANSACTIONS

A Contract may have a Premium of 100 Pence per lot if entered into by one or both parties for the sole purpose of closing out an existing open position.

JJJJJ.3 SETTLEMENT PROCEDURES

All deliveries under a Contract must be made in accordance with the Relevant Settlement System Rules, the relevant Contract Rules and Administrative Procedures and Relevant Delivery Procedures.

JJJJJ.4 DELIVERY DETAILS

Where the Relevant Delivery Procedures so require, Clearing Members shall have given to the Clearing House in accordance with the Relevant Delivery Procedures the delivery details referred to in Rules IIIII.15(a) and IIIII.16(a) in order to facilitate settlement of Delivery Contracts through the Relevant Settlement System.

JJJJJ.5 TIMETABLE²

On the market day following the day Option Contracts are registered with the Clearing House, being a day on which banks in London are open for business

By 10.00 hours	Buyers will pay to the Clearing House Premiums due in respect of options the subject of Option Contracts to which they are party.
----------------	---

The Clearing House will pay Premiums due to Sellers in respect of options the subject of Option Contracts to which it is party as Buyer.

Exercise on any market day except as specified in a notice given under Rule IIIII.6(b)

By 18.30 hours	On any market day, except any day specified in a notice given under Rule IIIII.6(b) and the Last Trading Day for an expiry month, Buyers may give to the Clearing House an Exercise Notice in respect of an option for an expiry month in accordance with Rule IIIII.6(a).
----------------	--

By 18.30 hours	On the Last Trading Day for an expiry month, Buyers may give to the Clearing House an Exercise Notice in respect of an option in accordance with Rule IIIII.6(a).
----------------	---

Exercise Notices received after such times will be rejected.

The Clearing House shall have selected Sellers against whom to exercise options in accordance with Rule IIIII.7 and shall do so on a random basis and against Sellers' gross sold positions as at the close of business on the market on the day

² Amended 1 December 2015

on which one or more Buyers have exercised options in accordance with Rule IIII.6 against the Clearing House.

On the market day following the day of exercise of an option

By 07.00 hours In respect of an option exercised by the Clearing House against a Seller under Rule IIII.7, the Clearing House shall give a Clearing House Notice of Exercise to the Seller in a manner from time to time prescribed by the Clearing House.

By 07.00 hours The Clearing House shall have given a notice to Buyers in accordance with Rule IIII.6(c) confirming which options have been validly exercised by such Buyers.

By 07.00 hours The Clearing House will issue a Delivery Notice:

- (a) to the Delivery Buyer specifying the Delivery Contracts to which he is party with the Clearing House which have arisen in accordance with Rule IIII.6(d) or Rule IIII.7(d), as the case may be, and details of the Delivery Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Delivery Buyer and by the Clearing House to the Relevant Settlement System, in respect of Delivery Contracts which are due to be settled by the transfer of securities through the Relevant Settlement System;
- (b) to the Delivery Seller specifying the Delivery Contracts to which he is party with the Clearing House which have arisen in accordance with Rule IIII.6(d) or Rule IIII.7(d), as the case may be, and details of the Delivery Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Delivery Seller and by the Clearing House to the Relevant Settlement System, in respect of Delivery Contracts which are due to be settled by the transfer of securities through the Relevant Settlement System.

In respect of Delivery Contracts to be settled by the transfer of securities through the Relevant Settlement System, on the Relevant Settlement System business day following the exercise of an option in accordance with Rule IIII.6 or Rule IIII.7

By 11.30 hours The details of Delivery Contracts notified to the Delivery Buyer and the Delivery Seller pursuant to Rules IIII.13(a)(i) and IIII.13(a)(ii) respectively shall have been submitted, as required by the relevant Contract Rules, to the Relevant Settlement System so as to enable the Relevant Settlement System:

- (a) in the case of the Delivery Buyer, to match the details of the Contracts submitted to it by or on behalf of the Delivery Buyer with the details of the Contracts submitted to it by the Clearing House; and
- (b) in the case of the Delivery Seller, to match the details of the Contracts submitted to it by or on behalf of the Delivery Seller with the details of the Contracts submitted to it by the Clearing House,

in order that settlement of Contracts is effected through the Relevant Settlement System on the Settlement Day.

On the Last Trading Day

At 18.30 hours Any option to which a Buyer other than the Clearing House is party which has not been exercised by such time shall expire.

On the market day following the Last Trading Day

At 07.00 hours Any option to which the Clearing House is party as Buyer which has not been exercised by such time shall expire.

In respect of Delivery Contracts to be settled by the transfer of securities through the Relevant Settlement System, on the Settlement Day

One hour before the
close of Delivery Versus
Payment equity settlement

- (a) Subject to Rule IIII.17(e), the Transferor in respect of a Delivery Contract shall have transferred securities through the Relevant Settlement System to the Relevant Settlement System Member Account of the Clearing House and payment of the settlement amount for such securities transferred through the Relevant Settlement System shall have been satisfied by an Assured Payment; and

By the close of Delivery
Versus Payment equity
settlement

- (b) subject to Rule IIII.17(e), the Clearing House shall, in respect of a Delivery Contract, have transferred securities through the Relevant Settlement System to the Relevant Settlement System Member Account of the Relevant Settlement System member notified to the Clearing House in accordance with Rule IIII.16(a)(i)(B) for the account of the Transferee and payment of the settlement amount for such securities transferred through the Relevant Settlement System shall have been satisfied by an Assured Payment.

KKKKK.1 INTERPRETATION

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules.
- (b) In these Contract Rules and the Administrative Procedures:
- “Administrative Procedures” means the administrative procedures at Rule LLLLL implemented by the Exchange for the purposes of these Contract Rules.
- “Assured Payment” means, in the case of securities transferred through the Relevant Settlement System, a system-generated payment instruction which is binding on:
- (i) the Clearing House’s settlement bank in favour of the Transferor’s settlement bank in the case of a transfer of securities from the Transferor to the Clearing House; and
 - (ii) the Transferee’s settlement bank in favour of the Clearing House’s settlement bank in the case of the transfer of securities from the Clearing House to the Transferee,
- of an amount equal to the settlement amount for such securities.
- “call option” means a right, upon the exercise of which the Buyer of the call option becomes the Delivery Buyer and the Seller of the call option becomes the Delivery Seller under a Delivery Contract.
- “CHF” denotes the lawful currency of Switzerland known, at the date of issue of these Contract Rules, as the “Swiss Franc”.
- “Clearing House Notice of Exercise” means a notice from the Clearing House, in a form from time to time prescribed by the Clearing House, confirming to the Seller of an option that the Clearing House has exercised an option against the Seller.
- “company” means a body corporate whose share capital includes shares (as defined below).
- “Conditional Option Contract” has the meaning attributed to it in Rule KKKKK.2A(a).
- “Contract” means an Option Contract or a Delivery Contract, as the case may be, and “registered Contract” means a Contract registered by the Clearing House.
- “Corporate Action” has the meaning attributed to it in Rule KKKKK.17(a).
- “Cum Entitlement” in respect of a security, means with the right, before a date determined and published from time to time by the Relevant Stock Exchange, to any Relevant Entitlement relating thereto.
- “Daily Delivery Settlement Price” has the meaning attributed to it in Rule KKKKK.21.
- “Daily Reference Price” has the meaning attributed to it in Rule KKKKK.2(f)(viii).
- “Delivery Buyer” in respect of a Delivery Contract, means the person who is obliged to take delivery of one lot under such Delivery Contract.

“Delivery Contract”	has the meaning attributed to it in Rule KKKKK.6(d), Rule KKKKK.6A(c) or Rule KKKKK.7(d), as applicable.
“Delivery Notice”	means the notice to be given by the Clearing House to a Delivery Seller and to a Delivery Buyer under Rule KKKKK.12.
“Delivery Seller”	in respect of a Delivery Contract, means the person who is obliged to make delivery of one lot under such Delivery Contract.
“Depository Receipts”	(which, as the context requires, includes depository shares) means certificates or instruments representing certain shares.
“DKK”	denotes the lawful currency of the Kingdom of Denmark known, at the date of issue of these Contract Rules, as the “Danish Kroner”.
“EDSP”	means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule KKKKK.22.
“ETF shares”	means shares in an Exchange Traded Fund.
“euro”, “€” and “eurocents”	denote the single currency of the European Union introduced in a Member State arising out of its participation in Economic and Monetary Union.
“Ex Entitlement”	in respect of a security, means without the right, on or after a date determined and published from time to time by the Relevant Stock Exchange, to any Relevant Entitlement relating thereto.
“Exercise Notice”	means a notice in a form from time to time prescribed by the Clearing House notifying the Clearing House that a Buyer of an option wishes to exercise an option against the Clearing House.
“exercise price”	means the price agreed as such by the parties to the Option Contract (being a price permitted by the Exchange to be an exercise price in respect of which an Option Contract can be made) as the price of each security comprised in a lot and which shall be the price of each security to be transferred under a Delivery Contract arising on the exercise of an option the subject of such Option Contract.
“Expiry Day”	in respect of an Option Contract means the day agreed as such by the parties to the Option Contract (being anticipated to be a market day falling within a period from time to time prescribed by the Exchange, and being a day which has not been declared by the Exchange in a notice posted on the Market as a day on which an Option Contract may not expire). Notwithstanding the foregoing, if at any time the day agreed is declared by the Exchange, in a notice posted on the Market, not to be a market day or as a day which shall not be agreed to be an Expiry Day, the Expiry Day shall be the market day immediately preceding such day, unless such declaration is after the close of business on such preceding market day, in which case the Expiry Day shall remain the day it was scheduled to be.
“expiry month”	in respect of Rule IIII means a month specified as such by the Exchange for which a contract under Rule IIII can be made.
“Expiry Reference Price”	has the meaning attributed to it in Rule KKKKK.2(f)(ix).
“Last Trading Day”	in respect of Rule IIII shall have the meaning ascribed to it in such Contract Rules.

“listed”	means admitted to official listing by the relevant listing authority and admitted to trading by the Relevant Stock Exchange.
“List of Contract Details”	means the list of contract details published by the Exchange from time to time in accordance with Rule KKKKK.2(f).
“lot”	means, in respect of securities, specified in the List of Contract Details, the number of securities specified in that list (or such other number as may be specified in a notice posted on the Market from time to time).
“market day”	means a day on which the Market and the Clearing House are open for business.
“Member State”	means a member of the European Union.
“NOK”	denotes the lawful currency of the Kingdom of Norway known, at the date of issue of these Contract Rules, as the “Norwegian Krone”.
“option”	means a put option or a call option.
“Option Contract”	means a contract made expressly or impliedly under these Contract Rules under which one or more put options or one or more call options are bought and sold.
“Pounds”, “£”, “Pence” and “p”	denote the lawful currency of the United Kingdom, known at the date of issue of these Contract Rules, as “Sterling”.
“Premium”	in respect of an option, means the amount determined in accordance with Rule KKKKK.4(a) to be payable by the Buyer to the Seller as the consideration for the purchase of the option.
“proprietary or equitable interest”	means any proprietary or equitable interest or right whatsoever including, without limitation, any such interest or right arising under or by virtue of any disposition made or purporting to be made by way of security or by way of loan and any other lien, pledge, encumbrance or equity of any kind.
“put option”	means a right, upon the exercise of which the Buyer of the put option becomes the Delivery Seller and the Seller of the put option becomes the Delivery Buyer under a Delivery Contract.
“Relevant Currency”	has the meaning attributed to it in Rule KKKKK.2(f)(iii).
“Relevant Delivery Procedures”	means one or more documents issued by the Clearing House from time to time relating to the settlement of securities under a Delivery Contract through the Relevant Settlement System.
“Relevant Entitlement”	means any one or more of a cash dividend, scrip dividend, bonus issue, scrip issue, rights issue, or any other right or entitlement, attaching or accruing to, or otherwise affecting, from time to time, a security or ownership of a security.
“Relevant Settlement System”	means the settlement system as detailed in the List of Contract Details.
“Relevant Settlement System business day”	means a day when the Relevant Settlement System is open for business.

“Relevant Settlement System Member Account”	means an appropriate member account maintained by the Relevant Settlement System for the transfer of securities.
“Relevant Settlement System Rules”	means those parts of the rules, reference manual, procedures, practices and any other document from time to time in force of the Relevant Settlement System which apply to the settlement of transactions by participants in the Relevant Settlement System.
“Relevant Stock Exchange”	has the meaning attributed to it in Rule KKKKK.2(f)(i).
“securities”	means shares or Depositary Receipts as the case may be.
“SEK”	denotes the lawful currency of the Kingdom of Sweden known, at the date of issue of these Contract Rules, as the “Swedish Krona”.
“Settlement Account”	means the Relevant Settlement System Member Account.
“Settlement Agent”	means in respect of the transfer of securities under a Delivery Contract through the Relevant Settlement System, a member of the Relevant Settlement System.
“settlement amount”:	<p>(i) means in respect of delivery under an ICE Futures Equity Related Securities (Flexible) Options Contract (Physical Delivery), the product of the exercise price and the number of securities comprised in the lot the subject of the Delivery Contract or, as the case may be, the product of the exercise price and the number of securities delivered at any time under such Delivery Contract; and</p> <p>(ii) in respect of an ICE Futures Equity Related Securities (Flexible) Options Contract (Cash Settlement), has the meaning given to it in Rule KKKKK.23.</p>
“Settlement Day”	in respect of a Contract, means the day specified as such in the List of Contract Details for the settlement of Contracts which arise pursuant to Rule KKKKK.6(d) and Rule KKKKK.7(d).
“shares”	means securities which form part of the share capital of a company or which are ETF shares, as the case may be, which in each case are listed or are the subject of when issued dealing.
“Stock Exchange Rules”	means the rules, regulations, procedures and practices from time to time in force of the Relevant Stock Exchange.
“Transferee”	means a person appointed under Rule KKKKK.15(a)(i)(A) to take a transfer of securities in respect of a Delivery Contract.
“Transferor”	means a person appointed under Rule KKKKK.14(a)(i)(A) to transfer securities in respect of a Delivery Contract.
“Underlying Currency”	has the meaning attributed to it in Rule KKKKK.2(f)(ii).
“USD” and “\$”	denote the lawful currency of the United States of America known, at the date of issue of these Contract Rules, as the “dollar”.
“when issued dealing”	means transactions in shares which are the subject of an application for listing, entered into before and conditional upon listing becoming effective.

(c) [Not used]

(d) [Not used]

(e) [Not used]

KKKKK.2 CONTRACT SPECIFICATION

- (a) Each Option Contract shall be for one or more put options or one or more call options for an Expiry Day and at the exercise price agreed, subject to any adjustments to the exercise price made in accordance with Rule KKKKK.17. An exercise price shall be expressed in the Relevant Currency. An exercise price shall be agreed in the Relevant Currency or shall be determined by agreeing a value expressed as a percentage of a reference price of the securities underlying the Option Contract and, forthwith on the making of the Contract, converting such value into the Relevant Currency in accordance with procedures from time to time established by the Exchange.
- (b) An option shall be for a lot, subject to any adjustment to the number of securities comprised in a lot made in accordance with Rule KKKKK.17.
- (c) A contract may not be made under these Contract Rules if, at such time, such contract is capable of being a contract under the terms of Rule IIII.
- (d) [Not used]
- (e) [Not used]
- (f) An Option Contract may be entered into in respect of securities which have been designated for this purpose by the Exchange. The Exchange shall publish a list of such securities (the “List of Contract Details”) by means of a notice posted on the Market. That list shall include, for each security:
 - (i) a stock exchange on which such securities are available for trading (the “Relevant Stock Exchange”);
 - (ii) the currency in which such securities trade on the Relevant Stock Exchange (the “Underlying Currency”);
 - (iii) the currency in which Contracts in respect of such securities shall trade (the “Relevant Currency”);
 - (iv) the minimum price fluctuation;
 - (v) the number of securities comprising a lot;
 - (vi) the time at which trading in respect of the relevant series shall cease on the Expiry Day;
 - (vii) the Settlement Day for Contracts;
 - (viii) the price by reference to which the Daily Delivery Settlement Price shall be calculated in respect of an ICE Futures Equity Related Securities (Flexible) Options Contract (American-Style Exercise, Cash Settlement) (“Daily Reference Price”);
 - (ix) the price by reference to which the EDSP shall be calculated in respect of an ICE Futures Equity Related Securities (Flexible) Options Contract (Cash Settlement) (“Expiry Reference Price”);
 - (x) where applicable, the source of the conversion rate to be applied to the Daily Reference Price and Expiry Reference Price pursuant to Rules KKKKK.21(c) and KKKKK.22(c); and
 - (xi) the Relevant Settlement System.

- (g) The Exchange may from time to time vary, substitute or remove any of, or add to, the details contained in the List of Contract Details. Any such variation, substitution or removal of, or addition to, such details shall have such effect with regard to existing and/or new Contracts as the Exchange may determine and shall be the subject of a notice posted on the Market.

KKKKK.2A WHEN ISSUED DEALING

- (a) Where shares are the subject of when issued dealing pursuant to the rules of the Relevant Stock Exchange, an Option Contract may be entered into in respect of such shares if such Option Contract has been designated for this purpose by the Exchange pursuant to Rule KKKKK.2(f). Such an Option Contract shall be a Conditional Option Contract until such time as the shares are listed.
- (b) If the shares the subject of a Conditional Option Contract are not listed, or if the Expiry Day of the Conditional Option Contract predates the listing of such shares, such Option Contract shall be void and shall be invoiced back at a price determined by the Exchange in consultation with the Clearing House. Any such determination by the Exchange shall have regard to any decision by the Relevant Stock Exchange in respect of such shares.

KKKKK.3 PRICE

- (a) Bids and offers shall be quoted in the Relevant Currency and, except as specified in the Administrative Procedures in the case of cabinet transactions, prices shall be a whole number multiple of the minimum price fluctuation, as specified in the List of Contract Details.

KKKKK.4 PREMIUM

- (a) Except as specified in the Administrative Procedures in the case of cabinet transactions, the Premium payable in respect of an option shall be the product of the price of the option and the number of securities comprised in a lot the subject of such option.
- (b) The Buyer shall pay the Premium to the Clearing House on the day and by the time specified for that purpose in the Administrative Procedures and the Clearing House shall pay the Premium to the Seller on the same day.

KKKKK.5 EXPIRY DAY

- (a) Trading in Option Contracts for an Expiry Day shall cease for such Option Contracts in respect of that Expiry Day at the time specified in the Administrative Procedures.

KKKKK.6 EXERCISE OF AN OPTION BY A BUYER AGAINST THE CLEARING HOUSE AND CONFIRMATION OF EXERCISE IN RESPECT OF AN ICE FUTURES EQUITY RELATED SECURITIES (FLEXIBLE) OPTIONS CONTRACT (AMERICAN-STYLE EXERCISE)

- (a) Subject to Rule KKKKK.2A(b), Rule KKKKK.6(b) and to Rule KKKKK.19, a Buyer may exercise an option against the Clearing House on any market day up to and including the Expiry Day and shall do so by giving to the Clearing House an Exercise Notice by the time specified for that purpose in the Administrative Procedures and in a manner from time to time prescribed by the Clearing House.
- (b) The Exchange may from time to time specify, by means of a notice posted on the Market, one or more market days on which options shall not be capable of being exercised under Rule KKKKK.6(a). Any Exercise Notice given by a Buyer to the Clearing House on a market day specified in such notice shall be invalid.
- (c) The Clearing House shall give to the Buyer a notice in a form from time to time prescribed by the Clearing House, on the day and by the time specified for that purpose in the Administrative Procedures, confirming which options specified in an Exercise Notice have been validly exercised by the Buyer in accordance with these Contract Rules.

- (d) In respect of ICE Futures Equity Related Securities (Flexible) Options Contracts (Physical Delivery), on the day on which the Buyer has validly exercised an option and immediately upon such exercise, a “Delivery Contract” for one lot shall arise:
 - (i) in the case of a call option, between the Clearing House and the Buyer as Delivery Seller and Delivery Buyer respectively; or
 - (ii) in the case of a put option, between the Clearing House and the Buyer as Delivery Buyer and Delivery Seller respectively.

KKKKK.6A EXERCISE OF AN OPTION BY A BUYER AGAINST THE CLEARING HOUSE AND CONFIRMATION OF EXERCISE IN RESPECT OF ICE FUTURES EQUITY RELATED SECURITIES (FLEXIBLE) OPTIONS CONTRACTS (EUROPEAN-STYLE EXERCISE)

- (a) Subject to Rule KKKKK.2A(b) and to Rule KKKKK.19, a Buyer may exercise an option against the Clearing House only on the Expiry Day and shall do so by giving to the Clearing House an Exercise Notice by the time specified for that purpose in the Administrative Procedures and in a manner from time to time prescribed by the Clearing House.
- (b) The Clearing House shall give to the Buyer a notice in a form from time to time prescribed by the Clearing House, on the day and by the time specified for that purpose in the Administrative Procedures, confirming which options specified in an Exercise Notice have been validly exercised by the Buyer in accordance with these Contract Rules.
- (c) In respect of an ICE Futures Equity Related Securities (Flexible) Options Contract (Physical Delivery), on the day on which the Buyer has validly exercised an option and immediately upon such exercise, a “Delivery Contract” for one lot shall arise:
 - (i) in the case of a call option, between the Clearing House and the Buyer as Delivery Seller and Delivery Buyer respectively; or
 - (ii) in the case of a put option, between the Clearing House and the Buyer as Delivery Buyer and Delivery Seller respectively.

KKKKK.7 EXERCISE BY THE CLEARING HOUSE AGAINST A SELLER AND CONFIRMATION OF EXERCISE

- (a) Subject to Rule KKKKK.2A(b) and Rule KKKKK.7(b), on the day on which an option is validly exercised by a Buyer, the Clearing House shall select a Seller, by such method of allocation as may be specified in the Administrative Procedures, against whom to exercise an option of the same type and at the same exercise price and for the same Expiry Day and shall exercise such option in a form and manner from time to time prescribed by the Clearing House.
- (b) If the Clearing House is unable to exercise an option against a Seller in accordance with Rule KKKKK.7(a) on the day referred to in such Contract Rule, the Clearing House shall do so as soon as possible thereafter and such option shall be deemed to have been exercised on the day referred to in Rule KKKKK.7(a) which, for all purposes of these Contract Rules, shall be the day of exercise of such option.
- (c) In respect of each option exercised by the Clearing House against a Seller under this Rule KKKKK.7, the Clearing House shall give to the Seller a Clearing House Notice of Exercise by the time specified for that purpose in the Administrative Procedures on the market day following the day of exercise of the option and in a manner from time to time prescribed by the Clearing House.
- (d) In respect of ICE Futures Equity Related Securities (Flexible) Options Contracts (Physical Delivery), on the day on which the Clearing House has exercised an option against a Seller and immediately upon such exercise, a “Delivery Contract” for one lot shall arise:

- (i) in the case of a call option, between the Seller and the Clearing House as Delivery Seller and Delivery Buyer respectively; or
- (ii) in the case of a put option, between the Seller and the Clearing House as Delivery Buyer and Delivery Seller respectively.

KKKKK.8 EXPIRY

- (a) An option in respect of an Expiry Day which has not been validly exercised in accordance with Rule KKKKK.6, Rule KKKKK.6A or Rule KKKKK.7, as applicable, shall expire on the day and at the time specified for that purpose in the Administrative Procedures.

**KKKKK.9 DELIVERY CONTRACT IN RESPECT OF ICE FUTURES EQUITY RELATED SECURITIES
(FLEXIBLE) OPTIONS CONTRACTS (PHYSICAL DELIVERY)**

- (a) In respect of a Delivery Contract, the Delivery Seller is obliged to make delivery of one lot and the Delivery Buyer is obliged to take delivery thereof and to make payment of the settlement amount in accordance with Rule KKKKK.16 and the Administrative Procedures, subject to these Contract Rules and the Administrative Procedures which shall apply thereto.

**KKKKK.10 ENTITLEMENT FOLLOWING EXERCISE IN RESPECT OF ICE FUTURES EQUITY RELATED
SECURITIES (FLEXIBLE) OPTIONS CONTRACTS (PHYSICAL DELIVERY)**

- (a) If securities the subject of an option are Cum Entitlement on the day such option is exercised, the Delivery Buyer shall be entitled to receive, or to exercise, or to direct the exercise of, the Relevant Entitlement in respect of such securities which are to be delivered to him under the Delivery Contract arising pursuant to Rule KKKKK.6(d), Rule KKKKK.6A(c), or Rule KKKKK.7(d), as applicable, on the exercise of such option.

**KKKKK.11 SETTLEMENT AGENT IN RESPECT OF ICE FUTURES EQUITY RELATED SECURITIES
(FLEXIBLE) OPTIONS CONTRACTS (PHYSICAL DELIVERY)**

- (a) Only a Settlement Agent with a Settlement Account at the Relevant Settlement System may be used for the purposes of making or taking delivery of securities under a Delivery Contract by transfer of securities through such Relevant Settlement System and making or receiving payment of the settlement amount under a Delivery Contract in accordance with these Contract Rules, unless these Contract Rules otherwise require or permit.

**KKKKK.12 CLEARING HOUSE DELIVERY NOTICE IN RESPECT OF ICE FUTURES EQUITY RELATED
SECURITIES (FLEXIBLE) OPTIONS CONTRACTS (PHYSICAL DELIVERY)**

- (a) On the market day immediately following the exercise of options in accordance with these Contract Rules and by the time specified for that purpose in the Administrative Procedures, the Clearing House shall give a Delivery Notice:
 - (i) to the Delivery Buyer specifying the Delivery Contracts to which he is party with the Clearing House which have arisen in accordance with Rule KKKKK.6(d), Rule KKKKK.6A(c) or Rule KKKKK.7(d), as the case may be, and details of the Delivery Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Delivery Buyer and by the Clearing House to the Relevant Settlement System in respect of Delivery Contracts which are due to be settled by the transfer of securities through the Relevant Settlement System; and
 - (ii) to the Delivery Seller specifying the Delivery Contracts to which he is party with the Clearing House which have arisen in accordance with Rule KKKKK.6(d), Rule KKKKK.6A(c) or Rule KKKKK.7(d), as the case may be, and details of the Delivery Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Delivery

Seller and by the Clearing House to the Relevant Settlement System in respect of Delivery Contracts which are due to be settled by the transfer of securities through the Relevant Settlement System.

KKKKK.13 SUBMISSION OF DETAILS TO THE RELEVANT SETTLEMENT SYSTEM IN RESPECT OF ICE FUTURES EQUITY RELATED SECURITIES (FLEXIBLE) OPTIONS CONTRACTS (PHYSICAL DELIVERY)

- (a) In respect of Delivery Contracts to be settled by the transfer of securities through the Relevant Settlement System, on the Relevant Settlement System business day following the day of exercise of an option in accordance with Rule KKKKK.6, Rule KKKKK.6A or Rule KKKKK.7, as the case may be, and by the time specified for that purpose in the Administrative Procedures, the details of Delivery Contracts notified to the Delivery Buyer and to the Delivery Seller pursuant to Rules KKKKK.12(a)(i) and KKKKK.12(a)(ii) respectively and such other details as may be required by the Relevant Delivery Procedures shall have been submitted, as required by such Contract Rules, to the Relevant Settlement System so as to enable the Relevant Settlement System:
 - (i) in the case of the Delivery Buyer, to match the details of the Contracts submitted to it by or on behalf of the Delivery Buyer with the details of the Contracts submitted to it by the Clearing House; and
 - (ii) in the case of the Delivery Seller, to match the details of the Contracts submitted to it by or on behalf of the Delivery Seller with the details of the Contracts submitted to it by the Clearing House,

in order that settlement of Contracts is effected through the Relevant Settlement System on the Settlement Day.

KKKKK.14 SELLER'S DELIVERY DETAILS IN RESPECT OF ICE FUTURES EQUITY RELATED SECURITIES (FLEXIBLE) OPTIONS CONTRACTS (PHYSICAL DELIVERY)

- (a) (i) Where the Relevant Delivery Procedures so require, a Clearing Member shall give to the Clearing House, in accordance with the terms of the Relevant Delivery Procedures, details of:
 - (A) the names of persons conforming with the Relevant Delivery Procedures and paragraph (ii) of this Rule KKKKK.14(a) (who may include the Clearing Member himself) who are appointed by the Clearing Member to transfer securities to the Clearing House in accordance with these Contract Rules in respect of Delivery Contracts which may be entered into by such Clearing Member as Delivery Seller; and
 - (B) the names of the Settlement Agents (who may include the Transferor himself) who will be used by each such person to transfer such securities and to receive payment of the settlement amount for such securities and details of their Settlement Accounts,

together with the acknowledgement described in Rule KKKKK.14(c), if required by that Rule and each Transferor so appointed (other than the Clearing Member himself) and each Settlement Agent so appointed (whether or not the Transferor) shall act as agent for the Clearing Member in transferring such securities or receiving payment of the settlement amount for such securities, notwithstanding that settlement of such securities shall be made through the Settlement Account of the Settlement Agent.
- (ii) The Clearing House may from time to time restrict the persons or categories of persons which may be appointed as Settlement Agents or as Transferors or the types of Settlement Accounts to be used for making a transfer of securities.

- (iii) The details given to the Clearing House in accordance with paragraph (i) of this Rule KKKKK.14(a) may be amended from time to time in accordance with the Relevant Delivery Procedures.
- (b) Although the Delivery Seller may under Rule KKKKK.14(a) appoint a person other than himself as Transferor, the Delivery Seller shall himself remain responsible in respect of a Delivery Contract for delivery of the securities and the performance of all other obligations under such Contract expressed to be imposed upon the Transferor in these Contract Rules and in the Administrative Procedures. However, performance by the Transferor of those obligations expressed to be imposed upon him (including the obligation to transfer securities) in accordance with these Contract Rules and in the Administrative Procedures shall constitute due performance of the Delivery Seller's obligations under such Contract.
- (c) Except where the Delivery Seller is also the Transferor, the Delivery Seller shall by the day specified in and in accordance with the Relevant Delivery Procedures deliver to the Clearing House an irrevocable acknowledgement, in a form from time to time prescribed by the Clearing House, addressed to the Clearing House by each Transferor, acknowledging amongst other things that the obligations of the Clearing House with regard to all sums payable by it in respect of securities to be delivered by the Transferor in respect of any Delivery Contract from time to time entered into by the Delivery Seller with the Clearing House and in respect of which he is appointed Transferor are owed to the Delivery Seller alone, and that the Transferor has no rights whatsoever against the Clearing House.

**KKKKK.15 BUYER'S DELIVERY DETAILS IN RESPECT OF ICE FUTURES EQUITY RELATED SECURITIES
(FLEXIBLE) OPTIONS CONTRACTS (PHYSICAL DELIVERY)**

- (a) (i) Where the Relevant Delivery Procedures so require, a Clearing Member shall give to the Clearing House, in accordance with the terms of the Relevant Delivery Procedures, details of:
 - (A) the names of persons conforming with the Relevant Delivery Procedures and paragraph (ii) below (who may include the Clearing Member himself) who are appointed to take a transfer of securities from the Clearing House in accordance with these Contract Rules in respect of Delivery Contracts which may be entered into by such member as Delivery Buyer; and
 - (B) the names of the Settlement Agents (who may include the Transferee himself) who will be used by each such person to take a transfer of such securities and to make payment of the settlement amount for such securities and details of their Settlement Accounts,together with the acknowledgement described in Rule KKKKK.15(c), if required by that Rule and each Transferee so appointed (other than the Clearing Member himself) and each Settlement Agent so appointed (whether or not the Transferee) shall act as agent for the Clearing Member in taking a transfer of such securities or making payment of the settlement amount for such securities, notwithstanding that the transfer of such securities shall be made through the Settlement Account of the Settlement Agent.
- (ii) The Clearing House may from time to time restrict the persons or categories of persons which may be appointed as Settlement Agents or as Transferees or the types of Settlement Accounts to be used for taking a transfer of securities.
- (iii) The details given to the Clearing House in accordance with paragraph (i) of this Rule KKKKK.15(a) may be amended from time to time in accordance with the Relevant Delivery Procedures.
- (b) Although the Delivery Buyer may under Rule KKKKK.15(a) appoint a person other than himself as Transferee, the Delivery Buyer shall himself remain responsible in respect of a Delivery Contract for the acceptance of a transfer of securities and the payment of the settlement amount for such securities

and for the performance of all other obligations expressed to be imposed upon the Transferee in these Contract Rules and in the Administrative Procedures in respect of such Contract. However, performance by the Transferee of those obligations expressed to be imposed upon him (including the obligations to accept transfer of securities and to pay the settlement amount) in accordance with these Contract Rules and the Administrative Procedures shall constitute due performance of the Delivery Buyer's obligations under such Contract.

- (c) Except where the Delivery Buyer is also the Transferee, the Delivery Buyer shall by the day specified in and in accordance with the Relevant Delivery Procedures deliver to the Clearing House an irrevocable acknowledgement, in a form from time to time prescribed by the Clearing House, addressed to the Clearing House by each Transferee, acknowledging amongst other things that the Transferee has no claims whatsoever against the Clearing House in respect of any delay on its part in transferring, or any failure on its part to transfer, the securities to be transferred in respect of any Delivery Contract from time to time entered into by the Delivery Buyer with the Clearing House and in respect of which he is appointed Transferee, or in respect of any other matter whatsoever concerning those securities.

KKKKK.16 DELIVERY IN RESPECT OF ICE FUTURES EQUITY RELATED SECURITIES (FLEXIBLE) OPTIONS CONTRACTS (PHYSICAL DELIVERY)

- (a) All securities to be transferred in respect of a Delivery Contract shall be transferred free of any proprietary or equitable interest of any person.
- (b) In respect of Contracts to be settled by the transfer of securities through the Relevant Settlement System, a transfer of securities in respect of a Delivery Contract shall be made through the Relevant Settlement System in accordance with the Relevant Settlement System Rules, these Contract Rules and the Administrative Procedures, or as otherwise required or permitted by these Contract Rules and payment for such securities shall be made in accordance with these Contract Rules, the Administrative Procedures and the Relevant Settlement System Rules, and the provisions of this Rule KKKKK.16 shall be subject to the Relevant Settlement System Rules where applicable.
- (c) Subject to Rule KKKKK.16(e), on the Settlement Day at or by the time specified in respect of the Relevant Settlement System and in accordance with the Administrative Procedures:
 - (i) the Transferor shall, in respect of Delivery Contracts to be settled by the transfer of securities through the Relevant Settlement System, have transferred securities through the Relevant Settlement System from the Relevant Settlement System Member Account of the Relevant Settlement System member notified to the Clearing House in accordance with Rule KKKKK.14(a)(i) to the Relevant Settlement System Member Account of the Clearing House and payment of the settlement amount for such securities transferred through the Relevant Settlement System shall have been satisfied by an Assured Payment;
 - (ii) the Clearing House shall, in respect of Delivery Contracts to be settled by the transfer of securities through the Relevant Settlement System, have transferred the securities through the Relevant Settlement System from its Relevant Settlement System Member Account to the Relevant Settlement System Member Account of the Relevant Settlement System member notified to the Clearing House in accordance with Rule KKKKK.15(a)(i) for the account of the Transferee and payment of the settlement amount for such securities transferred through the Relevant Settlement System shall have been satisfied by an Assured Payment.
- (d) In respect of Delivery Contracts to be settled by transfer of securities through the Relevant Settlement System:
 - (i) whether or not the Delivery Seller appoints a Transferor other than himself, and notwithstanding that such a Transferor is the Delivery Seller's agent, an Assured Payment arising upon the transfer of securities to the Relevant Settlement System Member Account of the Clearing House pursuant to Rule KKKKK.16(c)(i) shall discharge the Clearing House's liability to pay the settlement amount for such securities to the Delivery Seller;

- (ii) an Assured Payment arising upon the transfer of securities pursuant to Rule KKKKK.16(c)(ii) to the Relevant Settlement System Member Account of the Relevant Settlement System member notified to the Clearing House in accordance with Rule KKKKK.15(a)(i) for the account of the Transferee shall discharge the Delivery Buyer's liability to pay the settlement amount for such securities to the Clearing House;
 - (iii) the transfer of securities by the Clearing House to or to the order of the Transferee shall discharge the Clearing House's liability to transfer such securities to the Delivery Buyer, whether or not the Transferee is the Delivery Buyer's agent; and
 - (iv) the transfer of securities by the Transferor to the Clearing House shall discharge the Delivery Seller's liability to transfer such securities to the Clearing House.
- (e) (i) Subject to Rule KKKKK.18, if any transfer of securities required by Rule KKKKK.16(c) cannot be or has not been fully accomplished on the Settlement Day at or by the time specified in respect of the Relevant Settlement System in the Administrative Procedures, due to any event occurring which is outside the control of the Transferor or of the Transferee or of the Clearing House, as the case may be, which, without prejudice to the generality of the foregoing, may include:
- (A) a failure by a seller of securities to the Transferor to make transfer of such securities by the due time so as to enable the Transferor to fulfil his obligations to transfer the securities to the Clearing House in accordance with Rule KKKKK.16(c)(i);
 - (B) a failure by the Transferor to transfer securities to the Clearing House in accordance with Rule KKKKK.16(c)(i) so as to enable the Clearing House to fulfil its obligations to transfer securities to a Transferee in accordance with Rule KKKKK.16(c)(ii);
 - (C) an error, failure, closure or suspension of the Relevant Settlement System or of other systems operated by or on behalf of the Relevant Settlement System;
 - (D) a failure or termination of the Transferor's or the Transferee's or the Clearing House's access to its Settlement Agent;
 - (E) a failure of the Transferor's or Transferee's Settlement Agents or the Clearing House's access to the Relevant Settlement System for any reason, including, without limitation, as a result of any fault or failure of any computer or communication system;
 - (F) any action taken by the Relevant Settlement System whether pursuant to the Relevant Settlement System Rules or otherwise; or
 - (G) any failure of, or any action or failure to take action by, a settlement bank, appointed by the Transferor, the Clearing House or the Transferee from time to time in connection with the settlement of securities through the Relevant Settlement System, which prevents the transfer of securities to the Transferor or to the Clearing House or to the Transferee, as the case may be,

then, without prejudice to paragraphs (iv)(A) and (iv)(B) of this Rule KKKKK.16(e), such transfer or transfers shall be made as soon as possible through the Relevant Settlement System and in accordance with the Relevant Delivery Procedures in order fully to perform a Delivery Contract or, if an event occurs which prevents a transfer of securities through the Relevant Settlement System, in accordance with any instructions which may be given by the Clearing House, which may require delivery by a means other than through the Relevant Settlement System. In the case of any disagreement between the Clearing House and the Transferor or between the Clearing House and the Transferee as to whether any particular transfer can be or has been accomplished the determination of the Clearing House shall be final.

- (ii) Any instructions given by the Clearing House under paragraph (i) above shall be binding and failure by the Delivery Seller or the Delivery Buyer to comply or ensure compliance with such instructions shall constitute a default under Rule KKKKK.19(a) by such Delivery Seller or, as the case may be, such Delivery Buyer.
- (iii) Where the Clearing House is unable to transfer securities in respect of a Delivery Contract to the Transferee in accordance with Rule KKKKK.16(c)(ii) as a result of any event (other than an event referred to in Rule KKKKK.18, which, for the avoidance of doubt, shall be dealt with under Rule KKKKK.18) occurring which is outside the control of the Clearing House, the rights of the Delivery Buyer shall consist solely of the right to have transfer of the securities made to the Transferee as soon as possible through the Relevant Settlement System and in accordance with the Relevant Delivery Procedures or otherwise as required by these Contract Rules and as soon as possible after the Clearing House has received a transfer of such securities from the Transferor or acquired them from another person.
- (iv) (A) If any transfer of securities to the Clearing House in respect of a Delivery Contract required to be made by the Transferor under Rule KKKKK.16(c)(i) or under paragraph (i) of this Rule KKKKK.16(e) is not made by the relevant time specified in the Relevant Delivery Procedures as a consequence of the occurrence of an event referred to in paragraph (i)(A) of this Rule KKKKK.16(e); or
 - (B) if an event referred to in paragraph (i)(G) of this Rule KKKKK.16(e) occurs which prevents a transfer of securities to the Transferor or a transfer of securities by the Clearing House to the Transferee; or
 - (C) notwithstanding the occurrence (if any) of an event referred to in paragraph (i) of this Rule KKKKK.16(e) or in Rule KKKKK.18 at any time, if the Clearing House, in consultation with the Exchange, determines that the Delivery Seller (or the Delivery Buyer) has not used its best endeavours to transfer (or to take transfer of) securities or to procure the Transferor to transfer (or to procure the Transferee to take a transfer of) securities, as the case may be, on the Settlement Day or in accordance with paragraph (i) of this Rule KKKKK.16(e); or
 - (D) if any transfer of securities to the Clearing House in respect of a Delivery Contract required to be made under paragraph (i) of this Rule KKKKK.16(e) (other than as a consequence of an event referred to in paragraph (i)(A) or (i)(G) of this Rule KKKKK.16(e)) is not made as soon as possible after the Settlement Day,

then the Clearing House shall be entitled to treat the Delivery Seller or the Delivery Buyer as in default and, without prejudice to its rights under Rule KKKKK.20 and to its powers under the Clearing House Rules, the Clearing House shall be entitled, at its absolute discretion, to take steps to acquire securities in accordance with the Relevant Delivery Procedures in order to fulfil its obligations under a Delivery Contract in whole or in part to make delivery of securities to a Delivery Buyer or to dispose of securities (where possible) delivered to it by the Delivery Seller and the Delivery Seller or the Delivery Buyer (as the case may be) in default shall indemnify the Clearing House in respect of any losses, costs, taxes or expenses suffered or incurred by it in taking any such steps or in exercising any such rights or powers (including any losses determined in accordance with Rule KKKKK.20(c)). The Delivery Seller or the Delivery Buyer (as the case may be) who is in default shall comply with any directions given by the Clearing House.

- (f) (i) If as a result of any event contemplated by Rule KKKKK.16(e)(i) there is a delay in the transfer of securities in respect of a Delivery Contract and the benefit of a Relevant Entitlement to which the Transferee would have been entitled if transfer to him had taken place in accordance with Rule KKKKK.16(c)(ii) (and he had retained beneficial title to the securities), is received by the Clearing House (or by the Transferor, if transfer is not made to the Clearing House by the Transferor in accordance with Rule KKKKK.16(c)(i)) then:

- (A) if the Clearing House has received the benefit of such Relevant Entitlement, or receives the benefit of such Relevant Entitlement under sub-paragraph (B) of this Rule KKKKK.16(f)(i), the Clearing House shall pass on the benefit of such Relevant Entitlement which it receives to the Delivery Buyer and shall deliver to the Delivery Buyer such documents (if any) as it receives in connection therewith; and
- (B) if the Transferor has received the benefit of such Relevant Entitlement, the Delivery Seller shall pass on or procure that the Transferor passes on the benefit of such Relevant Entitlement which it receives to the Clearing House and shall deliver to the Clearing House such documents (if any) as it receives in connection therewith.
- (ii) Any act required by paragraph (i) of this Rule KKKKK.16(f) shall be done at such time and in such manner as the Clearing House may specify.
- (g) If any event contemplated by Rule KKKKK.16(e)(i) occurs, the Delivery Seller or the Delivery Buyer, as applicable, shall provide to the Clearing House documentary evidence satisfactory to the Clearing House that he has complied with his obligations under a Contract to which he is party by the time and in the manner prescribed.
- (h)
 - (i) The Clearing House shall give notice to the Exchange of any instructions given by it under Rule KKKKK.16(e)(i) forthwith upon giving such instructions and of any event contemplated by Rule KKKKK.16(e)(i) which may prevent or has prevented a transfer of securities in respect of a Delivery Contract upon becoming aware of any such event.
 - (ii) If any event contemplated by Rule KKKKK.16(e)(i) occurs, the provisions of Rule KKKKK.16 shall apply and the provisions of Rule KKKKK.24 shall not apply unless, after consultation with the Clearing House, the Exchange determines that such circumstances have continued or are likely to continue for such duration that the provisions of Rule KKKKK.16(e) shall no longer apply and that the provisions of Rule KKKKK.24 shall apply. The Exchange's determination shall be final and binding.
 - (iii) Any provision of this Rule KKKKK.16 or of any other of these Contract Rules or of the Administrative Procedures relating to procedures for settlement may be varied, or substituted by different procedures for settlement, by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

KKKKK.17 CORPORATE ACTIONS

- (a) In this Rule KKKKK.17, "Corporate Action" shall mean:
 - (i) a cash and/or scrip dividend, a bonus or scrip issue, a rights issue, a share split, subdivision or consolidation, a demerger or any other event affecting or giving rise to a right or entitlement attaching or accruing to the securities; or
 - (ii) a takeover, merger or any arrangement, transaction or series of transactions which will or may result in the acquisition by any person or persons or any associated person or persons of a substantial proportion of the shares of a company; or
 - (iii) any other event which, in the opinion of the Exchange, impacts or may impact on an Option Contract in respect of the securities.
- (b) Where any Corporate Action occurs with respect to the securities, or which affects securities which are the subject of an Option Contract, the Exchange, in its absolute discretion, may, but shall not be obliged to, determine:
 - (i) to make adjustments to the size of the lot the subject of an option and/or to the exercise price of such option; or

- (ii) to vary, substitute or remove any of, or add to, these Contract Rules to make provision for the effect of such Corporate Action. Any such variation, substitution, removal or addition may, without limitation, be made to make provision for securities, other than the securities originally the subject of the Option Contract, or one or more entitlements pertaining to the securities, or a cash amount to be transferred in addition to or in substitution for some or all of such securities to form the subject of a lot.
- (c) Any adjustment, variation, substitution or removal of or addition to these Contract Rules determined upon under Rule KKKKK.17(b) will be determined in accordance with the policy of the Exchange from time to time in relation to Corporate Actions unless the Exchange, in its absolute discretion, determines otherwise. The Exchange's policy relating to Corporate Actions will be published from time to time by means of one or more notices posted on the Market. Any adjustment, variation, substitution, removal of or addition to these Contract Rules made under this Rule KKKKK.17 shall be published by means of one or more notices posted on the Market and shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

KKKKK.18 SECURITY SUSPENSION OR TERMINATION³

- (a) In this Rule KKKKK.18, "suspended securities" and "delisted securities" shall mean securities which are the subject of a suspension or termination of dealings or securities which have been suspended or withheld from settlement through the Relevant Settlement System.
- (b) If dealings in securities the subject of an Option Contract or of a Delivery Contract arising on the exercise of an option are suspended or prohibited by the Relevant Stock Exchange or are otherwise not permitted to be made under Stock Exchange Rules ("suspension or termination of dealings") or securities the subject of an Option Contract or Delivery Contract are otherwise suspended or delisted securities, any such Option Contract or Delivery Contract, as the case may be, shall be performed in accordance with this Rule KKKKK.18 and otherwise in accordance with these Contract Rules and the Administrative Procedures.
- (c) A Buyer may submit an Exercise Notice in respect of an option in accordance with Rule KKKKK.6 or Rule KKKKK.6A and the Clearing House may exercise an option against a Seller in accordance with Rule KKKKK.7, notwithstanding that the securities the subject of the option are suspended securities.
- (d) Subject to Rule KKKKK.18(e), securities which are the subject of suspension or termination of dealings which are required to be delivered in respect of a Delivery Contract shall be delivered through the Relevant Settlement System on the Settlement Day in accordance with these Contract Rules.
- (e)
 - (i) If settlement of suspended or delisted securities the subject of a Delivery Contract cannot be made on or after the Settlement Day for such Contract through the Relevant Settlement System, such securities shall be delivered in accordance with any instructions which may be given by the Clearing House, which shall be final and binding, save that where the Exchange determines that such Delivery Contract shall be invoiced back, such Contract shall be invoiced back at a price fixed by the Exchange in consultation with the Clearing House. It shall not, subject to Rule KKKKK.16(e)(iv)(C), be an event of default under these Contract Rules if settlement of suspended or delisted securities is not effected on the Settlement Day, but failure by the Delivery Seller or the Delivery Buyer to comply or ensure compliance with any instructions given by the Clearing House under this Rule KKKKK.18(e)(i) shall constitute a default under Rule KKKKK.19(a) by such Delivery Seller or, as the case may be, such Delivery Buyer.
 - (ii) The Exchange's determination under paragraph (i) of this Rule KKKKK.18(e) shall be final and binding and shall be published by means of a notice posted on the Market.

³ Amended 19 December 2015

KKKKK.19 DEFAULT

- (a) The Buyer or the Seller or the Delivery Buyer or the Delivery Seller, as the case may be, shall be in default where:
- (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed and in accordance with these Contract Rules, the Regulations and the Administrative Procedures;
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules and the Administrative Procedures;
 - (iii) in respect of ICE Futures Equity Related Securities (Flexible) Options Contracts (Physical Delivery), the “bad delivery” rules or any other rules set forth in the Relevant Settlement System Rules are invoked with respect to the transfer of securities to the Clearing House by the Transferor appointed by the Delivery Seller to make such transfer or in respect of the transfer of securities by the Clearing House to the Transferee appointed by the Delivery Buyer to accept such transfer which may lead or leads to the reversal of one or more transfers of securities; or
 - (iv) in the reasonable opinion of the Clearing House he is otherwise in default under a Contract.

For the avoidance of doubt, the Delivery Seller shall be held to be in default if the “bad delivery” or such other rules referred to in paragraph (iii) of this Rule KKKKK.19(a) are invoked with respect to the transfer of securities by the Transferor to the Clearing House or the transfer of securities by the Clearing House to the Transferee and notwithstanding that the Delivery Seller may not be responsible for any circumstance which leads to such “bad delivery” or such other rules being invoked.

- (b) Obvious clerical errors in any notice to be given hereunder and which can be readily rectified shall not be treated as constituting a default.
- (c) Notwithstanding a default under Rule KKKKK.19(a), the Clearing House may in its absolute discretion determine not to exercise or to delay in exercising any of its rights under Rule KKKKK.20, and no failure by the Clearing House to exercise nor any delay on its part in exercising any of such rights shall operate as a waiver of the Clearing House’s rights upon that or upon any subsequent occasion, nor shall any single or partial exercise of such rights prevent any further exercise thereof or of any other right.

KKKKK.20 EFFECT OF DELIVERY DEFAULT

- (a) The provisions of Rules KKKKK.20(b) to KKKKK.20(e) inclusive shall be subject to the default rules from time to time in force of the Clearing House.
- (b) If there appears to the Clearing House to be a default by the Buyer or the Seller or the Delivery Buyer or the Delivery Seller, as the case may be, under Rule KKKKK.19(a) in respect of any lot comprised in a registered Contract the Clearing House may take such steps as it deems appropriate to facilitate a mutually acceptable resolution of the default:
- (i) where the Buyer or the Delivery Buyer appears to be in default, between such Buyer and the Clearing House; or
 - (ii) where the Seller or the Delivery Seller appears to be in default, between such Seller and the Clearing House.
- (c) (i) In addition to any steps taken under Rule KKKKK.20(b) the Clearing House may, if it appears to it that a Clearing Member as Seller (or as Delivery Seller) or a Clearing Member as Buyer (or as Delivery Buyer) is in default under Rule KKKKK.19(a), in its sole discretion take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of a Seller (or Delivery Seller) or Buyer (or Delivery Buyer) not in default including, without prejudice to the generality of the foregoing, the steps referred to in paragraph (ii) or (iii)

below. Any action taken by the Clearing House pursuant to this Rule KKKKK.20 or Rule KKKKK.16(e) shall be without prejudice to any rights, obligations or claims of a Buyer (or a Delivery Buyer), a Seller (or a Delivery Seller), or the Clearing House and any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with taking such action or such default (or, without limitation, following the “bad delivery” or such other rules referred to in paragraph (iii) of Rule KKKKK.19(a) being invoked) shall be paid by the Buyer or the Seller (or the Delivery Buyer or the Delivery Seller, as the case may be) in default.

- (ii) Where a Delivery Buyer appears to be in default under Rule KKKKK.19(a) the Clearing House may take steps pursuant to paragraph (i) of this Rule KKKKK.20(c) to sell any or all of the securities delivered to it by a Transferor at such time and place and in such manner and on such terms as may to the Clearing House seem fit. Where the price at which such securities are sold (the “Sale Price”) is less than the amount due but unpaid by the Delivery Buyer to the Clearing House in respect of such securities (the “Unpaid Amount”), the difference between the Unpaid Amount and the Sale Price shall forthwith on demand be paid by the Delivery Buyer in default to the Clearing House. Where the Unpaid Amount is less than the Sale Price the difference between the Sale Price and the Unpaid Amount shall (if any remain after the deduction so far as possible of such sums as are payable by the Delivery Buyer to the Clearing House hereunder or otherwise) be retained by the Clearing House to the order of the Exchange. The Delivery Buyer in default shall forthwith on demand pay to the Clearing House any sums payable by the Delivery Buyer pursuant to paragraph (i) of this Rule KKKKK.20(c).
- (iii) Where a Delivery Seller appears to be in default under Rule KKKKK.19(a), or is treated as being in default under Rule KKKKK.16(e), or, without prejudice to the foregoing, paragraph (iii) of Rule KKKKK.19(a) applies and a step taken by the Clearing House pursuant to paragraph (i) of this Rule KKKKK.20(c) or Rule KKKKK.16(e) is to acquire securities at such time and place and in such manner and on such terms as the Clearing House thinks fit from a person other than the Delivery Seller in order to meet in whole or in part its obligations to a Delivery Buyer to make delivery of securities in respect of a Delivery Contract:
 - (A) if the total cost incurred by the Clearing House in acquiring securities, including for the avoidance of doubt the cost of any purchase of securities by the Clearing House in order to fulfil any obligations under the arrangements it has made to acquire the securities (the “Acquisition Cost”), is greater than the amount which would have been payable by the Clearing House to the Transferor in respect of the securities to have been delivered to it by the Transferor (or which, but for the application of the “bad delivery” or such other rules referred to in paragraph (iii) of Rule KKKKK.19(a) had purportedly been delivered to it by the Transferor), the Delivery Seller shall forthwith on demand pay the amount of such difference to the Clearing House; or
 - (B) if the Acquisition Cost is less than the amount which would have been payable by the Clearing House as referred to in sub-paragraph (A) above, the amount of such difference shall (if any remain after the deduction so far as possible of such sums as are payable by the Delivery Seller to the Clearing House under sub-paragraph (C) below or otherwise) be retained by the Clearing House to the order of the Exchange; and
 - (C) if the Delivery Seller delivers or attempts to deliver securities to the Clearing House under a Delivery Contract after the Settlement Day, the Clearing House shall be entitled to reject such attempted or actual delivery, or shall be entitled to sell any securities which are so delivered, as it sees fit, if the Clearing House has made alternative arrangements to acquire securities for delivery to the Delivery Buyer; and
 - (D) the Delivery Seller shall forthwith on demand pay to the Clearing House any sums payable by the Delivery Seller pursuant to paragraph (i) of this Rule KKKKK.20(c).

- (iv) Any step taken by the Clearing House pursuant to paragraph (i), (ii) or (iii) of this Rule KKKKK.20(c) shall be without prejudice to the rights of any party to refer a dispute to arbitration.
- (d) Without prejudice to its rights under Rules KKKKK.20(b) and KKKKK.20(c), the Clearing House may refer to the Exchange any dispute or issue arising between the parties referred to in paragraph (i) or (ii) of Rule KKKKK.20(b) as a result of a default by a Seller (or Delivery Seller) or by a Buyer (or Delivery Buyer) under Rule KKKKK.19(a). If, upon such reference, the Exchange is of the opinion that the default is of minor significance it shall determine any such dispute or issue upon such evidence as it may deem relevant and convey its findings to the Buyer and the Seller or the Delivery Buyer and the Delivery Seller, as the case may be, who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of either party to refer the dispute or any related dispute to arbitration.
- (e) If no settlement has been reached pursuant to Rule KKKKK.20(b) and if no steps have been taken by the Clearing House pursuant to Rule KKKKK.20(c) and any dispute or issue between the parties referred to the Exchange under Rule KKKKK.20(d) is, in the opinion of the Exchange, not such as may be subject to determination under Rule KKKKK.20(d) then the Exchange in consultation with the Clearing House shall forthwith fix a price for invoicing back each option or Delivery Contract in respect of which the dispute or issue has arisen and each option or Delivery Contract, as the case may be, shall be invoiced back at that price. Such invoicing back price shall be final. Such price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider should be paid by any party save that where a dispute or issue has arisen in respect of a Contract between a Seller (or a Delivery Seller) and the Clearing House and a like dispute or issue has arisen in respect of a Contract between a Buyer (or Delivery Buyer) and the Clearing House which had been matched by the Clearing House with the Contract between the Seller (or the Delivery Seller) and the Clearing House, and the dispute or issue has in each case been referred to the Exchange under Rule KKKKK.20(d), the Exchange shall fix the same invoicing back price in respect of each Contract. Any such action taken by the Exchange under this Rule KKKKK.20(e) shall be without prejudice to the rights of any of the parties to refer any dispute to arbitration.

KKKKK.21 DAILY DELIVERY SETTLEMENT PRICE IN RESPECT OF ICE FUTURES EQUITY RELATED SECURITIES (FLEXIBLE) OPTIONS CONTRACTS (AMERICAN-STYLE EXERCISE, CASH SETTLEMENT)

- (a) A Daily Delivery Settlement Price will be determined by the Exchange on each market day and, subject to Rule KKKKK.21(c), shall be calculated by reference to the Daily Reference Price.
- (b) The Daily Delivery Settlement Price shall be calculated by the Exchange as the Daily Reference Price, adjusted where applicable in accordance with Rule KKKKK.21(c), and rounded to the nearest minimum price fluctuation or, where the Daily Reference Price is an exact uneven multiple of one half of the minimum price fluctuation, to the nearest higher minimum price fluctuation.
- (c) Where the Underlying Currency is different from the Relevant Currency, the Daily Reference Price shall be converted to the Relevant Currency by application of the conversion rate referred to in the List of Contract Details prior to rounding being carried out in accordance with Rule KKKKK.21(b).
- (d) If no Daily Reference Price is available in respect of an Expiry Day, the Exchange shall fix the Daily Delivery Settlement Price for such Contracts at a price determined by it, in its absolute discretion, as being consistent with cash market values of the securities the subject of such Contracts.
- (e) The Exchange may from time to time amend the method for and timing of the calculation of the Daily Delivery Settlement Price for any reason determined by the Exchange and any such changes shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

- (f) The Exchange shall publish the Daily Delivery Settlement Price at or by such times as may be specified in the Administrative Procedures. The Daily Delivery Settlement Price shall be final and binding for all purposes.

KKKKK.22 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP") IN RESPECT OF ICE FUTURES EQUITY RELATED SECURITIES (FLEXIBLE) OPTIONS CONTRACTS (CASH SETTLEMENT)⁴

- (a) Subject to Rule KKKKK.22(c), the EDSP for Contracts for a particular Expiry Day shall be calculated by reference to the Expiry Reference Price.
- (b) The EDSP for Contracts for a particular Expiry Day shall be calculated by the Exchange as the Expiry Reference Price, adjusted where applicable in accordance with Rule KKKKK.22(c), and rounded to the nearest minimum price fluctuation or, where the Expiry Reference Price is an exact uneven multiple of one half of the minimum price fluctuation, to the nearest higher minimum price fluctuation.
- (c) Where the Underlying Currency is different from the Relevant Currency, the Expiry Reference Price shall be converted to the Relevant Currency by application of the conversion rate referred to in the List of Contract Details prior to rounding being carried out in accordance with Rule KKKKK.22(b).
- (d) If no Expiry Reference Price is available in respect of an Expiry Day, the Exchange shall fix the EDSP for such Contracts at a price determined by it, in its absolute discretion, as being consistent with cash market values of the securities the subject of such Contracts.
- (e) The Exchange may from time to time amend the method for and timing of the calculation of the EDSP for any reason determined by the Exchange and any such changes shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.
- (f) The Exchange shall publish the EDSP at or by such time as is specified in Rule LLLLL. The EDSP shall be final and binding for all purposes.

KKKKK.23 SETTLEMENT AMOUNT AND PAYMENT IN RESPECT ICE FUTURES EQUITY RELATED SECURITIES (FLEXIBLE) OPTIONS CONTRACTS (CASH SETTLEMENT)

- (a) The settlement amount in respect of an option exercised under Rule KKKKK.6, Rule KKKKK.6A or Rule KKKKK.7, as applicable, shall be:
 - (i) in the case of a call option, the amount by which the EDSP (if exercised on the Expiry Day) or the Daily Delivery Settlement Price (if exercised on any other day) exceeds the exercise price; or
 - (ii) in the case of a put option, the amount by which the exercise price exceeds the EDSP (if exercised on the Expiry Day) or the Daily Delivery Settlement Price (if exercised on any other day).
- (b) The settlement amount shall be paid by a Seller to the Clearing House by the time on the Settlement Day specified for this purpose in the Administrative Procedures and the Clearing House shall pay the settlement amount to the Buyer on the same day.

KKKKK.24 FORCE MAJEURE

- (a) Subject to Rules KKKKK.16(h)(ii) and KKKKK.24(b) and any steps taken at any time by the Exchange under emergency powers in the Regulations, in the event of a Seller or a Buyer or a Delivery Seller or a Delivery Buyer, as the case may be, being prevented from performing his obligations in respect of any lot comprised in a Contract by the due time therefor by any cause beyond his reasonable control (other than in circumstances to which Rule KKKKK.18 applies) including, without limitation,

⁴ Amended 12 December 2014

any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems such lot shall be invoiced back at a price to be fixed by the Exchange in consultation with the Clearing House.

- (b) In the event of a Buyer being prevented from exercising an option on the Expiry Day and by the time for expiry thereof, as specified for that purpose in the Administrative Procedures by any event beyond his reasonable control including, without limitation, any of the circumstances specified in Rule KKKKK.24(a):
- (i) the Buyer may give written notice to the Exchange specifying the option or, if more than one, the options which the Buyer was prevented from exercising, the steps taken by the Buyer to exercise an option and the events which prevented him from so doing. Any such notice shall be given to the Exchange as soon as is practicable after the time of expiry of an option specified in the notice and in any event no later than 10.00 hours on the market day following the Expiry Day. The Exchange shall notify the Clearing House that it has received a notice from the Buyer under this Rule KKKKK.24(b)(i) forthwith upon receipt of such notice; and
 - (ii) if the Exchange is satisfied that the Buyer took all possible steps in the circumstances prevailing to exercise an option, the Exchange shall request the Clearing House to notify it of details of one or more options between a Seller and the Clearing House which are on the same terms (except as to the parties or the option price) as, and have been matched by the Clearing House with, the option or options specified in the Buyer's notice and shall fix a price for invoicing back. Each option the subject of the Buyer's notice and each option between the Clearing House and a Seller notified to the Exchange hereunder shall be invoiced back at such price, notwithstanding that such options have expired under Rule KKKKK.8. Such price may at the Exchange's absolute discretion take into account the Exchange's assessment of the intrinsic value at the expiry thereof of such options.

KKKKK.30 STATEMENT IN RELATION TO EDSP PRICE FORMATION

- (a) The Exchange draws the following statement to the attention of potential users of its ICE Futures Equity Related Securities (Flexible) Options Contracts. Members should ensure that their clients are made aware of the statement.

“Statement in relation to ICE Futures Equity Related Securities (Flexible) Options Contracts (the “Contracts”)

Potential users of the Contracts made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules. Potential users should also assess for themselves, or take professional advice in relation to, the risks inherent in any such investment, and in particular those having possible impact on a Contract's pricing or value.

These include:

- (i) whether or not there is a relevant listing authority (UK or otherwise) which imposes obligations in relation to certain aspects of corporate behaviour or disclosure; and
- (ii) where a Contract is cash settled, possible influences on price formation in the underlying cash market which might affect the reference price used for settling the Contract, as explained below.

Price formation leading to the “EDSP” (as defined in the relevant Contract Rule) for the cash-settled Contracts is subject to similar influences to those in the case of many other cash-settled contracts. Trading activity on the relevant stock market during the EDSP period is likely to be affected by the activity of particular market participants who are seeking to obtain price convergence at the EDSP between offsetting security and derivatives positions. Such participants might typically seek to achieve this by unwinding their securities positions during the EDSP period at prices which will, in turn, be used to determine the final EDSP. A consequence of this concentrated activity might be that the final EDSP differs from the security’s price immediately prior to the commencement of the EDSP period and, if relevant, from the security’s price immediately following that period.

Potential users should, therefore, consider the risks of holding positions into the expiry of the cash-settled Contracts. In particular, they should consider their exposure to potentially unfavourable price movements in the expiry and whether to take steps to neutralise such exposure; for example, taking into account that there may be relatively limited liquidity provision, whether to “roll” or close positions prior to expiry.

See Rule I.25 of the ICE Futures Europe Regulations for additional risk disclosures.”

¹ Amended 1 December 2015
² Amended 12 December 2014

LLLLL.0 INTERPRETATION

All defined terms as set out in Rule KKKKK shall apply to this Rule LLLLL

PHYSICAL DELIVERY CONTRACTS

LLLLL.1 PRICE

Except in the case of cabinet transactions, the minimum price fluctuation shall be as specified in the List of Contract Details.

LLLLL.2 CABINET TRANSACTIONS

A Contract may, as applicable, have a Premium of €1, CHF1, DKK1, NOK1, USD1 or £1 per lot if entered into by one or both parties for the sole purpose of closing out an existing open position.

LLLLL.3 SETTLEMENT PROCEDURES

All deliveries under a Contract must be made in accordance with the Relevant Settlement System Rules, the relevant Contract Rules and Administrative Procedures and Relevant Delivery Procedures.

LLLLL.4 DELIVERY DETAILS

Where the Relevant Delivery Procedures so require, Clearing Members shall have given to the Clearing House in accordance with the Relevant Delivery Procedures the delivery details referred to in Rules KKKKK.14(a) and KKKKK.15(a) in order to facilitate settlement of Delivery Contracts through the Relevant Settlement System.

LLLLL.5 TIMETABLE³

On the market day following the day Option Contracts are registered with the Clearing House, being a day on which banks in London are open for business

By 10.00 hours Buyers will pay to the Clearing House Premiums due in respect of options the subject of Option Contracts to which they are party.

The Clearing House will pay Premiums due to Sellers in respect of options the subject of Option Contracts to which it is party as Buyer.

Exercise on any market day prior to the Expiry Day with respect to ICE Futures Equity Related Securities (Flexible) Options Contracts (American-Style Exercise) except as specified in a notice given under Rule KKKKK.6(b)

By 18.30 hours On any market day prior to the Expiry Day, except any day specified in a notice given under Rule KKKKK.6(b), Buyers may give to the Clearing House an Exercise Notice in respect of an option in accordance with Rule KKKKK.6(a).

Exercise Notices received after such time will be rejected.

The Clearing House shall have selected Sellers against whom to exercise options in accordance with Rule KKKKK.7 and shall do so on a random basis and against Sellers' gross sold positions as at the close of business on the market on the day on which one or more Buyers have exercised options in accordance with Rule KKKKK.6(a) against the Clearing House.

³ Amended 1 December 2015

**Expiry Day in respect of ICE Futures Equity Related Securities (Flexible) Options Contracts
(American-Style Exercise and European-Style Exercise)**

At such time as
specified in the List
of Contract Details
By 18.30 hours

Trading in Option Contracts for the relevant Expiry Day shall cease.
Buyers may give to the Clearing House an Exercise Notice for any option in respect of the current Expiry Day in accordance with Rule KKKKK.6(a) or Rule KKKKK.6A(a), as applicable.

Exercise Notices received after such time will be rejected.

Any option to which a Buyer other than the Clearing House is party which has not been exercised by such time shall expire.

The Clearing House shall have selected Sellers against whom to exercise options in accordance with Rule KKKKK.7 and shall do so on a random basis and against Sellers' gross sold positions as at the close of business on the market on the day on which one or more Buyers have exercised options in accordance with Rule KKKKK.6 or Rule KKKKK.6A against the Clearing House.

On the market day following the day of exercise of an option (American-Style Exercise and European-Style Exercise)

By 07.00 hours

In respect of an option exercised by the Clearing House against a Seller under Rule KKKKK.7, the Clearing House shall give a Clearing House Notice of Exercise to the Seller in a manner from time to time prescribed by the Clearing House.

By 07.00 hours

The Clearing House shall have given a notice to Buyers in accordance with Rules KKKKK.6(c) and KKKKK.6A(b) confirming which options have been validly exercised by such Buyers.

By 07.00 hours

The Clearing House will issue a Delivery Notice:

- (a) to the Delivery Buyer specifying the Delivery Contracts to which he is party with the Clearing House which have arisen in accordance with Rule KKKKK.6(d), Rule KKKKK.6A(c) or Rule KKKKK.7(d), as the case may be, and details of the Delivery Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Delivery Buyer and by the Clearing House to the Relevant Settlement System in respect of Delivery Contracts which are due to be settled by the transfer of securities through the Relevant Settlement System;
- (b) to the Delivery Seller specifying the Delivery Contracts to which he is party with the Clearing House which have arisen in accordance with Rule KKKKK.6(d), Rule KKKKK.6A(c) or Rule KKKKK.7(d), as the case may be, and details of the Delivery Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Delivery Seller and by the Clearing House to the Relevant Settlement System in respect of Delivery Contracts which are due to be settled by the transfer of securities through the Relevant Settlement System.

In respect of Delivery Contracts to be settled by the transfer of securities through the Relevant Settlement System, on the Relevant Settlement System business day following the exercise of an option in accordance with Rules KKKKK.6 and KKKKK.6A or Rule KKKKK.7

By 11.30 hours The details of Delivery Contracts notified to the Delivery Buyer and the Delivery Seller pursuant to Rules KKKKK.12(a)(i) and KKKKK.12(a)(ii) respectively shall have been submitted, as required by the relevant Contract Rules, to the Relevant Settlement System so as to enable the Relevant Settlement System:

- (a) in the case of the Delivery Buyer, to match the details of the Contracts submitted to it by or on behalf of the Delivery Buyer with the details of the Contracts submitted to it by the Clearing House; and
- (b) in the case of the Delivery Seller, to match the details of the Contracts submitted to it by or on behalf of the Delivery Seller with the details of the Contracts submitted to it by the Clearing House,

in order that settlement of Contracts is effected through the Relevant Settlement System on the Settlement Day.

On the market day following the Expiry Day

At 07.00 hours Any option to which the Clearing House is party as Buyer which has not been exercised by such time shall expire.

In respect of Delivery Contracts to be settled by the transfer of securities through the Relevant Settlement System, on the Settlement Day

One hour before the
close of Delivery Versus
Payment equity settlement

- (a) Subject to Rule KKKKK.16(e), the Transferor in respect of a Delivery Contract shall have transferred securities through the Relevant Settlement System to the Relevant Settlement System Member Account of the Clearing House and payment of the settlement amount for such securities transferred through the Relevant Settlement System shall have been satisfied by an Assured Payment; and

By the close of Delivery
Versus Payment equity
settlement

- (b) subject to Rule KKKKK.16(e), the Clearing House shall, in respect of a Delivery Contract, have transferred securities through the Relevant Settlement System to the Relevant Settlement System Member Account of the Relevant Settlement System member notified to the Clearing House in accordance with Rule KKKKK.15(a)(i)(B) for the account of the Transferee and payment of the settlement amount for such securities transferred through the Relevant Settlement System shall have been satisfied by an Assured Payment.

CASH SETTLED CONTRACTS

LLLLL.6 PRICE

Except in the case of cabinet transactions, the minimum price fluctuation shall be as specified in the List of Contract Details.

LLLLL.7 CABINET TRANSACTIONS

A Contract may, as applicable, have a Premium of €1, CHF1, DKK1, NOK1, USD1 or £1 per lot if entered into by one or both parties for the sole purpose of closing out an existing open position.

LLLLL.8 TIMETABLE⁴

On the market day following the day Option Contracts are registered with the Clearing House, being a day on which banks in London are open for business

By 10.00 hours Buyers will pay to the Clearing House Premiums due in respect of options the subject of Option Contracts to which they are party.

The Clearing House will pay Premiums due to Sellers in respect of options the subject of Option Contracts to which it is party as Buyer.

Daily Delivery Settlement Price (American-Style Exercise)

As soon as reasonably practicable on each market day other than the Expiry Day The Exchange will publish the Daily Delivery Settlement Price.

Exercise on any market day prior to the Expiry Day with respect to ICE Futures Equity Related Securities (Flexible) Options Contracts (American-Style Exercise) except as specified in a notice given under Rule KKKKK.6(b)

By 18.30 hours On any market day prior to the Expiry Day, except any day specified in a notice given under Rule KKKKK.6(b), Buyers may give to the Clearing House an Exercise Notice in respect of an option in accordance with Rule KKKKK.6(a).

Exercise Notices received after such times will be rejected.

The Clearing House shall have selected Sellers against whom to exercise options in accordance with Rule KKKKK.7 and shall do so on a random basis and against Sellers' gross sold positions as at the close of business on the market on the day on which one or more Buyers have exercised options in accordance with Rule KKKKK.6 against the Clearing House.

Expiry Day in respect of ICE Futures Equity Related Securities (Flexible) Options Contracts (American-Style Exercise and European-Style Exercise)

At such time as specified in the List of Contract Details Trading in Option Contracts for the relevant Expiry Day shall cease.

⁴ Amended 12 December 2014

As soon as
reasonably
practicable

The Exchange will publish the EDSP.

By 18.30 hours

Buyers may give to the Clearing House an Exercise Notice for any option in respect of the current Expiry Day in accordance with Rule KKKKK.6(a) or Rule KKKKK.6A(a), as the case may be.

Exercise Notices received after such times will be rejected.

Any option to which a Buyer other than the Clearing House is party which has not been exercised by such time shall expire.

The Clearing House shall have selected Sellers against whom to exercise options in accordance with Rule KKKKK.7 and shall do so on a random basis and against Sellers' gross sold positions as at the close of business on the market on the day on which one or more Buyers have exercised options in accordance with Rule KKKKK.6 or Rule KKKKK.6A against the Clearing House.

On the market day following the day of exercise of an option

By 07.00 hours

In respect of an option exercised by the Clearing House against a Seller under Rule KKKKK.7, the Clearing House shall give a Clearing House Notice of Exercise to the Seller in a manner from time to time prescribed by the Clearing House.

By 07.00 hours

The Clearing House shall have given a notice to Buyers in accordance with Rules KKKKK.6(c) and KKKKK.6A(b) confirming which options have been validly exercised by such Buyers.

On the market day following the Expiry Day

At 07.00 hours

Any option to which the Clearing House is party as Buyer which has not been exercised by such time shall expire.

Settlement Day

By 10:00 hours

Sellers will pay to the Clearing House settlement amounts due in respect of options to which they are party.

The Clearing House will pay settlement amounts due to Buyers in respect of options to which it is party as Seller.

¹ Amended 19 December 2015

MMMMMM.1 INTERPRETATION

(a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules.

(b) In these Contract Rules and the Administrative Procedures:

“Administrative Procedures” means the administrative procedures at Rule NNNNN implemented by the Exchange for the purposes of these Contract Rules.

“Assured Payment” means, in the case of shares transferred through the Relevant Settlement System, a system-generated payment instruction which is binding on:

(i) the Clearing House’s settlement bank in favour of the Transferor’s settlement bank in the case of a transfer of shares from the Transferor to the Clearing House; and

(ii) the Transferee’s settlement bank in favour of the Clearing House’s settlement bank in the case of the transfer of shares from the Clearing House to the Transferee,

of an amount equal to the settlement amount for such shares.

“call option” means a right, upon the exercise of which the Buyer of the call option becomes the Delivery Buyer and the Seller of the call option becomes the Delivery Seller under a Delivery Contract.

“Clearing House Notice of Exercise” means a notice from the Clearing House, in a form from time to time prescribed by the Clearing House, confirming to the Seller of an option that the Clearing House has exercised an option against the Seller.

“company” means a body corporate whose share capital includes shares (as defined below).

“Contract” means an Option Contract or a Delivery Contract, as the case may be, and “registered Contract” means a Contract registered by the Clearing House.

“Corporate Action” has the meaning attributed to it in Rule MMMMM.17(a).

“Cum Entitlement” in respect of a share, means with the right, before a date determined and published from time to time by the Relevant Stock Exchange, to any Relevant Entitlement relating thereto.

“Delivery Buyer” in respect of a Delivery Contract, means the person who is obliged to take delivery of one lot under such Delivery Contract.

“Delivery Contract” has the meaning attributed to it in Rule MMMMM.5(d) or Rule MMMMM.6(d), as applicable.

“Delivery Notice”	means the notice to be given by the Clearing House to a Delivery Seller and to a Delivery Buyer under Rule MMMMM.12.
“Delivery Seller”	in respect of a Delivery Contract, means the person who is obliged to make delivery of one lot under such Delivery Contract.
“Economic and Monetary Union”	means Economic and Monetary Union in the European Union, which is characterised by the introduction of the euro as a currency in its own right and adoption by Member States of the euro as their lawful currency, such adoption being governed by the EC Treaty and EMU legislation.
“EC Treaty”	means the treaty establishing the European Community.
“EMU legislation”	means legislative measures of the European Council, and as appropriate the United Kingdom, for the introduction of, changeover to or operation of the euro pursuant to implementation of Economic and Monetary Union including such legislative measures as are enacted in contemplation of the United Kingdom introducing the euro as its lawful currency.
“euro”, “EUR” and “eurocents”	denote the single currency of the European Union introduced in a Member State arising out of its participation in Economic and Monetary Union.
“Ex Entitlement”	in respect of a share, means without the right, on or after a date determined and published from time to time by the Relevant Stock Exchange, to any Relevant Entitlement relating thereto.
“Exercise Notice”	means a notice in a form from time to time prescribed by the Clearing House notifying the Clearing House that a Buyer of an option wishes to exercise an option against the Clearing House.
“exercise price”	means the price specified in the Option Contract as the price of each share comprised in a lot and which shall be the price of each share to be transferred under a Delivery Contract arising on the exercise of an option the subject of such Option Contract.
“expiry month”	means each month specified as such in respect of these Contract Rules by the Exchange pursuant to the Regulations.
“Last Trading Day”	has the meaning attributed to it in Rule MMMMM.10.
“listed”	means listed on or by the Relevant Stock Exchange.
“List of Contract Details”	means the list of contract details published by the Exchange from time to time in accordance with Rule MMMMM.2(c).
“London Stock Exchange”	means the London Stock Exchange plc, or, its agents or successors in operating a regulated market for securities to

	which these Contract Rules and the Administrative Procedures relate.
“lot”	means 1000 shares (or such other number as may be specified in a notice posted on the Market from time to time) of a company designated by the Exchange in accordance with Rule MMMMM.2(b).
“market day”	means a day on which the Market and the Clearing House are open for business.
“Member State”	means a member of the European Union.
“option”	means a put option or a call option.
“Option Contract”	means a contract made expressly or impliedly under these Contract Rules under which one or more put options or one or more call options are bought and sold.
“Premium”	in respect of an option, means the amount determined in accordance with Rule MMMMM.4(a) to be payable by the Buyer to the Seller as the consideration for the purchase of the option.
“proprietary or equitable interest”	means any proprietary or equitable interest or right whatsoever including, without limitation, any such interest or right arising under or by virtue of any disposition made or purporting to be made by way of security or by way of loan and any other lien, pledge, encumbrance or equity of any kind.
“put option”	means a right, upon the exercise of which the Buyer of the put option becomes the Delivery Seller and the Seller of the put option becomes the Delivery Buyer under a Delivery Contract.
“Relevant Delivery Procedures”	means one or more documents issued by the Clearing House from time to time relating to the settlement of shares under a Delivery Contract through the Relevant Settlement System.
“Relevant Entitlement”	means any one or more of a cash dividend, scrip dividend, bonus issue, scrip issue, rights issue, or any other right or entitlement, attaching or accruing to, or otherwise affecting, from time to time, a share or ownership of a share.
“Relevant Settlement System”	means the settlement system as detailed in the List of Contract Details.
“Relevant Settlement System business day”	means a day when the Relevant Settlement System is open for business.
“Relevant Settlement System Member Account”	means an appropriate member account maintained by the Relevant Settlement System for the transfer of securities.
“Relevant Settlement System Rules”	means those parts of the rules, reference manual, practices and any other document from time to time in force of the Relevant Settlement System which apply to the settlement

	of transactions by participants in the Relevant Settlement System.
“Relevant Stock Exchange”	means the London Stock Exchange, or any other exchange or market as specified by the Exchange by means of one or more notices posted on the Market.
“Settlement Account”	means the Relevant Settlement System Member Account.
“Settlement Agent”	means, in respect of the transfer of shares under a Delivery Contract through the Relevant Settlement System, a member of the Relevant Settlement System.
“settlement amount”	in respect of a Delivery Contract, means the product of the exercise price and the number of shares comprised in the lot the subject of such Delivery Contract or, as the case may be, the product of the exercise price and the number of shares delivered at any time under such Delivery Contract.
“Settlement Day”	in respect of a Delivery Contract, means the day specified as such by the Exchange for the settlement of Delivery Contracts which arise pursuant to Rules MMMMM.5(d) and MMMMM.6(d).
“shares”	means securities forming part of the share capital of a company which are listed.
“Stock Exchange Rules”	means the rules, regulations, procedures and practices from time to time in force of the Relevant Stock Exchange.
“Transferee”	means a person appointed under Rule MMMMM.15(a)(i)(A) to take a transfer of shares in respect of a Delivery Contract.
“Transferor”	means a person appointed under MMMMM.14(a)(i)(A) to transfer shares in respect of a Delivery Contract.
(c)	[Not used]
(d)	[Not used]

MMMMM.2 CONTRACT SPECIFICATION

- (a) Each Option Contract shall be for one or more put options or one or more call options for an expiry month and shall be at an exercise price which is authorised by the Exchange for trading for the relevant expiry month, subject to any adjustments to the exercise price made in accordance with Rule MMMMM.17.
- (b) An option shall be for a lot, subject to any adjustment to the number of shares comprised in a lot made in accordance with Rule MMMMM.17.
- (c) An Option Contract for an expiry month may be entered into in respect of shares of a company which have been designated for this purpose by the Exchange. The Exchange shall publish a list of such shares and companies (the “List of Contract Details”) by means of a notice posted on the Market. The Exchange may from time to time determine that additions to or removals from such list shall be made and any such additions thereto or removals therefrom shall be published by means of a notice posted on the Market.

MMMMMM.3 PRICE

- (a) Except as specified in the Administrative Procedures in the case of cabinet transactions, bids and offers shall be quoted in eurocents and prices shall be a whole number multiple of the minimum price fluctuation of 0.50 eurocents or such other amount as may be notified by the Exchange from time to time by means of a notice posted on the Market.

MMMMMM.4 PREMIUM

- (a) Except as specified in the Administrative Procedures in the case of cabinet transactions, the Premium payable in respect of an option shall be the product of the price of the option and the number of shares comprised in a lot the subject of such option.
- (b) The Buyer shall pay the Premium to the Clearing House on the day and by the time specified for that purpose in the Administrative Procedures and the Clearing House shall pay the Premium to the Seller on the same day.

MMMMMM.5 EXERCISE OF AN OPTION BY A BUYER AGAINST THE CLEARING HOUSE AND CONFIRMATION OF EXERCISE

- (a) Subject to Rule MMMMM.5(b) and to Rule MMMMM.19, a Buyer may exercise an option in respect of an expiry month on any market day up to and including the Last Trading Day for Contracts in respect of that expiry month and shall do so by giving to the Clearing House an Exercise Notice by the time specified for that purpose in the Administrative Procedures and in a manner from time to time prescribed by the Clearing House.
- (b) The Exchange may from time to time specify, by means of a notice posted on the Market, one or more market days on which options shall not be capable of being exercised under Rule MMMMM.5(a). Any Exercise Notice given by a Buyer to the Clearing House on a market day specified in such notice shall be invalid.
- (c) The Clearing House shall give to the Buyer a notice in a form from time to time prescribed by the Clearing House, on the day and by the time specified for that purpose in the Administrative Procedures, confirming which options specified in an Exercise Notice have been validly exercised by the Buyer in accordance with these Contract Rules.
- (d) On the day on which the Buyer has validly exercised an option and immediately upon such exercise, a "Delivery Contract" for one lot shall arise:
 - (i) in the case of a call option, between the Clearing House and the Buyer as Delivery Seller and Delivery Buyer respectively; or
 - (ii) in the case of a put option, between the Clearing House and the Buyer as Delivery Buyer and Delivery Seller respectively.

MMMMMM.6 EXERCISE BY THE CLEARING HOUSE AGAINST A SELLER AND CONFIRMATION OF EXERCISE

- (a) Subject to Rule MMMMM.6(b), on the day on which an option is validly exercised by a Buyer, the Clearing House shall select a Seller, by such method of allocation as may be specified in the Administrative Procedures, against whom to exercise an option of the same type and at the same exercise price and for the same expiry month and shall exercise such option in a form and manner from time to time prescribed by the Clearing House.
- (b) If the Clearing House is unable to exercise an option against a Seller in accordance with Rule MMMMM.6(a) on the day referred to in such Rule, the Clearing House shall do so as soon as possible thereafter and such option shall be deemed to have been exercised on the day referred

to in Rule MMMMM.6(a) which, for all purposes of these Contract Rules, shall be the day of exercise of such option.

- (c) In respect of each option exercised by the Clearing House against a Seller under this Rule MMMMM.6, the Clearing House shall give to the Seller a Clearing House Notice of Exercise by the time specified for that purpose in the Administrative Procedures on the market day following the day of exercise of the option and in a manner from time to time prescribed by the Clearing House.
- (d) On the day on which the Clearing House has exercised an option against a Seller and immediately upon such exercise, a “Delivery Contract” for one lot shall arise:
 - (i) in the case of a call option, between the Seller and the Clearing House as Delivery Seller and Delivery Buyer respectively; or
 - (ii) in the case of a put option, between the Seller and the Clearing House as Delivery Buyer and Delivery Seller respectively.

MMMMM.7 EXPIRY

- (a) An option in respect of an expiry month which has not been validly exercised in accordance with Rule MMMMM.5 or Rule MMMMM.6, as applicable, shall expire on the day and at the time specified for that purpose in the Administrative Procedures.

MMMMM.8 DELIVERY CONTRACT

- (a) In respect of a Delivery Contract, the Delivery Seller is obliged to make delivery of one lot and the Delivery Buyer is obliged to take delivery thereof and to make payment of the settlement amount in accordance with Rule MMMMM.16 and the Administrative Procedures, subject to these Contract Rules and the Administrative Procedures which shall apply thereto.

MMMMM.9 ENTITLEMENT FOLLOWING EXERCISE

- (a) If shares the subject of an option are Cum Entitlement on the day such option is exercised in accordance with these Contract Rules, the Delivery Buyer shall be entitled to receive, or to exercise, or to direct the exercise of, the Relevant Entitlement in respect of such shares which are to be delivered to him under the Delivery Contract arising pursuant to Rule MMMMM.5(d) or Rule MMMMM.6(d), as applicable, on the exercise of such option.

MMMMM.10 LAST TRADING DAY

- (a) Trading in Option Contracts for an expiry month shall cease on the Last Trading Day for such Contracts in respect of that expiry month at the time specified for that purpose in the Administrative Procedures.
- (b) Subject to Rule MMMMM.10(c) the Last Trading Day in respect of an expiry month shall be the third Wednesday in that month.
- (c) If, in respect of an expiry month, the third Wednesday in that month is not a market day then the market day immediately preceding the third Wednesday shall become the Last Trading Day for Contracts in respect of that expiry month (even if such market day has already past), provided that:
 - (i) options in respect of that expiry month may be exercised in accordance with Rules MMMMM.5 and MMMMM.6 on the third Wednesday of that month; and

- (ii) options in respect of that expiry month which are due to expire in accordance with the Administrative Procedures on the Last Trading Day shall expire on the third Wednesday of that month and shall do so at the same time on that day as the time specified in the Administrative Procedures at which options are expressed to expire on the Last Trading Day.

MMMMMM.11 SETTLEMENT AGENT

- (a) Only a Settlement Agent with a Settlement Account at the Relevant Settlement System may be used for the purposes of making or taking delivery of shares under a Delivery Contract by transfer of shares through such Relevant Settlement System and making or receiving payment of the settlement amount under a Delivery Contract in accordance with these Contract Rules, unless these Contract Rules otherwise require or permit.

MMMMMM.12 CLEARING HOUSE DELIVERY NOTICE

- (a) On the market day immediately following the exercise of options in accordance with these Contract Rules and by the time specified for that purpose in the Administrative Procedures, the Clearing House shall give a Delivery Notice:
 - (i) to the Delivery Buyer specifying the Delivery Contracts to which he is party with the Clearing House which have arisen in accordance with Rule MMMMM.5(d) or Rule MMMMM.6(d), as the case may be, and details of the Delivery Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Delivery Buyer and by the Clearing House to the Relevant Settlement System, in respect of Delivery Contracts which are due to be settled by the transfer of shares through the Relevant Settlement System; and
 - (ii) to the Delivery Seller specifying the Delivery Contracts to which he is party with the Clearing House which have arisen in accordance with Rule MMMMM.5(d) or Rule MMMMM.6(d), as the case may be, and details of the Delivery Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Delivery Seller and by the Clearing House to the Relevant Settlement System, in respect of Delivery Contracts which are due to be settled by the transfer of shares through the Relevant Settlement System.

MMMMMM.13 SUBMISSION OF DETAILS TO THE RELEVANT SETTLEMENT SYSTEM

- (a) In respect of Delivery Contracts to be settled by the transfer of shares through the Relevant Settlement System, on the Relevant Settlement System business day following the day of exercise of an option in accordance with Rule MMMMM.5 or Rule MMMMM.6, as the case may be, and by the time specified for that purpose in the Administrative Procedures, the details of Delivery Contracts notified to the Delivery Buyer and to the Delivery Seller pursuant to Rules MMMMM.12(a)(i) and MMMMM.12(a)(ii) respectively and such other details as may be required by the Relevant Delivery Procedures shall have been submitted, as required by such Contract Rules, to the Relevant Settlement System, so as to enable the Relevant Settlement System:
 - (i) in the case of the Delivery Buyer, to match the details of the Contracts submitted to it by or on behalf of the Delivery Buyer with the details of the Contracts submitted to it by the Clearing House; and
 - (ii) in the case of the Delivery Seller, to match the details of the Contracts submitted to it by or on behalf of the Delivery Seller with the details of the Contracts submitted to it by the Clearing House,

in order that settlement of Contracts is effected through the Relevant Settlement System on the Settlement Day.

MMMMM.14 SELLER'S DELIVERY DETAILS

- (a) (i) Where the Relevant Delivery Procedures so require, a Clearing Member shall give to the Clearing House, in accordance with the terms of the Relevant Delivery Procedures, details of:
 - (A) the names of persons conforming with the Relevant Delivery Procedures and paragraph (ii) of this Rule MMMMM.14(a) (who may include the Clearing Member himself) who are appointed by the Clearing Member to transfer shares to the Clearing House in accordance with these Contract Rules in respect of Delivery Contracts which may be entered into by such Clearing Member as Delivery Seller; and
 - (B) the names of the Settlement Agents (who may include the Transferor himself) who will be used by each such person to transfer such shares and to receive payment of the settlement amount for such shares and details of their Settlement Accounts,together with the acknowledgement described in Rule MMMMM.14(c), if required by that Rule and each Transferor so appointed (other than the Clearing Member himself) and each Settlement Agent so appointed (whether or not the Transferor) shall act as agent for the Clearing Member in transferring such shares or receiving payment of the settlement amount for such shares, notwithstanding that settlement of such shares shall be made through the Settlement Account of the Settlement Agent.
- (ii) The Clearing House may from time to time restrict the persons or categories of persons which may be appointed as Settlement Agents or as Transferors or the types of Settlement Accounts to be used for making a transfer of shares and shall publish the details of such restrictions by means of a notice posted on the Market.
- (iii) The details given to the Clearing House in accordance with paragraph (i) of this Rule MMMMM.14(a) may be amended from time to time in accordance with the Relevant Delivery Procedures.
- (b) Although the Delivery Seller may under Rule MMMMM.14(a) appoint a person other than himself as Transferor, the Delivery Seller shall himself remain responsible in respect of a Delivery Contract for delivery of the shares and the performance of all other obligations under such Contract expressed to be imposed upon the Transferor in these Contract Rules and in the Administrative Procedures. However, performance by the Transferor of those obligations expressed to be imposed upon him (including the obligation to transfer shares) in accordance with these Contract Rules and in the Administrative Procedures shall constitute due performance of the Delivery Seller's obligations under such Contract.
- (c) Except where the Delivery Seller is also the Transferor, the Delivery Seller shall by the day specified in and in accordance with the Relevant Delivery Procedures deliver to the Clearing House an irrevocable acknowledgement, in a form from time to time prescribed by the Clearing House, addressed to the Clearing House by each Transferor, acknowledging amongst other things that the obligations of the Clearing House with regard to all sums payable by it in respect of shares to be delivered by the Transferor in respect of any Delivery Contract from time to time entered into by the Delivery Seller with the Clearing House and in respect of which he is appointed Transferor are owed to the Delivery Seller alone, and that the Transferor has no rights whatsoever against the Clearing House.

MMMMM.15 BUYER'S DELIVERY DETAILS

- (a) (i) Where the Relevant Delivery Procedures so require, a Clearing Member shall give to the Clearing House, in accordance with the terms of the Relevant Delivery Procedures, details of:
 - (A) the names of persons conforming with the Relevant Delivery Procedures and paragraph (ii) below (who may include the Clearing Member himself) who are appointed to take a transfer of shares from the Clearing House in accordance with these Contract Rules in respect of Delivery Contracts which may be entered into by such member as Delivery Buyer; and
 - (B) the names of the Settlement Agents (who may include the Transferee himself) who will be used by each such person to take a transfer of such shares and to make payment of the settlement amount for such shares and details of their Settlement Accounts,

together with the acknowledgement described in Rule MMMMM.15(c), if required by that Rule and each Transferee so appointed (other than the Clearing Member himself) and each Settlement Agent so appointed (whether or not the Transferee) shall act as agent for the Clearing Member in taking a transfer of such shares or making payment of the settlement amount for such shares, notwithstanding that the transfer of such shares shall be made through the Settlement Account of the Settlement Agent.
- (ii) The Clearing House may from time to time restrict the persons or categories of persons which may be appointed as Settlement Agents or as Transferees or the types of Settlement Accounts to be used for taking a transfer of shares and shall publish the details of such restrictions by means of a notice posted on the Market.
- (iii) The details given to the Clearing House in accordance with paragraph (i) of this Rule MMMMM.15(a) may be amended from time to time in accordance with the Relevant Delivery Procedures.
- (b) Although the Delivery Buyer may under Rule MMMMM.15(a) appoint a person other than himself as Transferee, the Delivery Buyer shall himself remain responsible in respect of a Delivery Contract for the acceptance of a transfer of shares and the payment of the settlement amount for such shares and for the performance of all other obligations expressed to be imposed upon the Transferee in these Contract Rules and in the Administrative Procedures in respect of such Contract. However, performance by the Transferee of those obligations expressed to be imposed upon him (including the obligations to accept transfer of shares and to pay the settlement amount) in accordance with these Contract Rules and the Administrative Procedures shall constitute due performance of the Delivery Buyer's obligations under such Contract.
- (c) Except where the Delivery Buyer is also the Transferee, the Delivery Buyer shall by the day specified in and in accordance with the Relevant Delivery Procedures deliver to the Clearing House an irrevocable acknowledgement, in a form from time to time prescribed by the Clearing House, addressed to the Clearing House by each Transferee, acknowledging amongst other things that the Transferee has no claims whatsoever against the Clearing House in respect of any delay on its part in transferring, or any failure on its part to transfer, the shares to be transferred in respect of any Delivery Contract from time to time entered into by the Delivery Buyer with the Clearing House and in respect of which he is appointed Transferee, or in respect of any other matter whatsoever concerning those shares.

MMMMM.16 DELIVERY

- (a) All shares to be transferred in respect of a Delivery Contract shall be transferred free of any proprietary or equitable interest of any person.
- (b) In respect of Contracts to be settled by the transfer of shares through the Relevant Settlement System, a transfer of shares in respect of a Delivery Contract shall be made through the Relevant Settlement System in accordance with the Relevant Settlement System Rules, these Contract Rules and the Administrative Procedures, or as otherwise required or permitted by these Contract Rules and payment for such shares shall be made in accordance with these Contract Rules, the Administrative Procedures and the Relevant Settlement System Rules, and the provisions of this Rule MMMMM.16 shall be subject to the Relevant Settlement System Rules where applicable.
- (c) Subject to Rule MMMMM.16(e), on the Settlement Day at or by the time specified in respect of the Relevant Settlement System and in accordance with the Administrative Procedures:
 - (i) the Transferor shall, in respect of Delivery Contracts to be settled by the transfer of shares through the Relevant Settlement System, have transferred shares through the Relevant Settlement System from the Relevant Settlement System Member Account of the Relevant Settlement System member notified to the Clearing House in accordance with Rule MMMMM.14(a)(i) to the Relevant Settlement System Member Account of the Clearing House and payment of the settlement amount for such shares transferred through the Relevant Settlement System shall have been satisfied by an Assured Payment;
 - (ii) the Clearing House shall, in respect of Delivery Contracts to be settled by the transfer of shares through the Relevant Settlement System, have transferred the shares through the Relevant Settlement System from its Relevant Settlement System Member Account to the Relevant Settlement System Member Account of the Relevant Settlement System member notified to the Clearing House in accordance with Rule MMMMM.15(a)(i) for the account of the Transferee and payment of the settlement amount for such shares transferred through the Relevant Settlement System shall have been satisfied by an Assured Payment.
- (d) In respect of Delivery Contracts to be settled by transfer of shares through the Relevant Settlement System:
 - (i) whether or not the Delivery Seller appoints a Transferor other than himself, and notwithstanding that such a Transferor is the Delivery Seller's agent, an Assured Payment arising upon the transfer of shares to the Relevant Settlement System Member Account of the Clearing House pursuant to Rule MMMMM.16(c)(i) shall discharge the Clearing House's liability to pay the settlement amount for such shares to the Delivery Seller;
 - (ii) an Assured Payment arising upon the transfer of shares pursuant to Rule MMMMM.16(c)(ii) to the Relevant Settlement System Member Account of the Relevant Settlement System member notified to the Clearing House in accordance with Rule MMMMM.15(a)(i) for the account of the Transferee shall discharge the Delivery Buyer's liability to pay the settlement amount for such shares to the Clearing House;
 - (iii) the transfer of shares by the Clearing House to or to the order of the Transferee shall discharge the Clearing House's liability to transfer such shares to the Delivery Buyer, whether or not the Transferee is the Delivery Buyer's agent; and
 - (iv) the transfer of shares by the Transferor to the Clearing House shall discharge the Delivery Seller's liability to transfer such shares to the Clearing House.
- (e) (i) Subject to Rule MMMMM.18, if any transfer of shares required by Rule MMMMM.16(c) cannot be or has not been fully accomplished on the Settlement Day at or by the time specified in respect of the Relevant Settlement System in the

Administrative Procedures, due to any event occurring which is outside the control of the Transferor or of the Transferee or of the Clearing House, as the case may be, which, without prejudice to the generality of the foregoing, may include:

- (A) a failure by a seller of shares to the Transferor to make transfer of such shares by the due time so as to enable the Transferor to fulfil his obligations to transfer the shares to the Clearing House in accordance with Rule MMMMM.16(c)(i);
- (B) a failure by the Transferor to transfer shares to the Clearing House in accordance with Rule MMMMM.16(c)(i) so as to enable the Clearing House to fulfil its obligations to transfer shares to a Transferee in accordance with Rule MMMMM.16(c)(ii);
- (C) an error, failure, closure or suspension of the Relevant Settlement System or of other systems operated by or on behalf of the Relevant Settlement System;
- (D) a failure or termination of the Transferor's or the Transferee's or the Clearing House's access to its Settlement Agent;
- (E) a failure of the Transferor's or Transferee's Settlement Agents or the Clearing House's access to the Relevant Settlement System for any reason, including, without limitation, as a result of any fault or failure of any computer or communication system;
- (F) any action taken by the Relevant Settlement System, whether pursuant to the Relevant Settlement System Rules or otherwise; or
- (G) any failure of, or any action or failure to take action by, a settlement bank, appointed by the Transferor, the Clearing House or the Transferee from time to time in connection with the settlement of shares through the Relevant Settlement System, which prevents the transfer of shares to the Transferor or to the Clearing House or to the Transferee, as the case may be,

then, without prejudice to paragraphs (iv)(A) and (iv)(B) of this Rule MMMMM.16(e), such transfer or transfers shall be made as soon as possible through the Relevant Settlement System and in accordance with the Relevant Delivery Procedures in order fully to perform a Delivery Contract or, if an event occurs which prevents a transfer of shares through the Relevant Settlement System, in accordance with any instructions which may be given by the Clearing House, which may require delivery by a means other than through the Relevant Settlement System. In the case of any disagreement between the Clearing House and the Transferor or between the Clearing House and the Transferee as to whether any particular transfer can be or has been accomplished the determination of the Clearing House shall be final.

- (ii) Any instructions given by the Clearing House under paragraph (i) above shall be binding and failure by the Delivery Seller or the Delivery Buyer to comply or ensure compliance with such instructions shall constitute a default under Rule MMMMM.19(a) by such Delivery Seller or, as the case may be, such Delivery Buyer.
- (iii) Where the Clearing House is unable to transfer shares in respect of a Delivery Contract to the Transferee in accordance with Rule MMMMM.16(c)(ii) as a result of any event (other than an event referred to in Rule MMMMM.18, which, for the avoidance of doubt, shall be dealt with under Rule MMMMM.18) occurring which is outside the control of the Clearing House, the rights of the Delivery Buyer shall consist solely of the right to have transfer of the shares made to the Transferee as soon as possible through the Relevant Settlement System and in accordance with the Relevant Delivery Procedures or otherwise as required

by these Contract Rules and as soon as possible after the Clearing House has received a transfer of such shares from the Transferor or acquired them from another person.

- (iv) (A) If any transfer of shares to the Clearing House in respect of a Delivery Contract required to be made by the Transferor under Rule MMMMM.16(c)(i) or under paragraph (i) of this Rule MMMMM.16(e) is not made by the relevant time specified in the Relevant Delivery Procedures as a consequence of the occurrence of an event referred to in paragraph (i)(A) of this Rule MMMMM.16(e); or
- (B) if an event referred to in paragraph (i)(G) of this Rule MMMMM.16(e) occurs which prevents a transfer of shares to the Transferor or a transfer of shares by the Clearing House to the Transferee; or
- (C) notwithstanding the occurrence (if any) of an event referred to in paragraph (i) of this Rule MMMMM.16(e) or in Rule MMMMM.18 at any time, if the Clearing House, in consultation with the Exchange, determines that the Delivery Seller (or the Delivery Buyer) has not used its best endeavours to transfer (or to take transfer of) shares or to procure the Transferor to transfer (or to procure the Transferee to take a transfer of) shares, as the case may be, on the Settlement Day or in accordance with paragraph (i) of this Rule MMMMM.16(e); or
- (D) if any transfer of shares to the Clearing House in respect of a Delivery Contract required to be made under paragraph (i) of this Rule MMMMM.16(e) (other than as a consequence of an event referred to in paragraph (i)(A) or (i)(G) of this Rule MMMMM.16(e)) is not made as soon as possible after the Settlement Day,

then the Clearing House shall be entitled to treat the Delivery Seller or the Delivery Buyer as in default and, without prejudice to its rights under Rule MMMMM.20 and to its powers under the Clearing House Rules, the Clearing House shall be entitled, at its absolute discretion, to take steps to acquire shares in accordance with the Relevant Delivery Procedures in order to fulfil its obligations under a Delivery Contract in whole or in part to make delivery of shares to a Delivery Buyer or to dispose of shares (where possible) delivered to it by the Delivery Seller and the Delivery Seller or the Delivery Buyer (as the case may be) in default shall indemnify the Clearing House in respect of any losses, costs, taxes or expenses suffered or incurred by it in taking any such steps or in exercising any such rights or powers (including any losses determined in accordance with Rule MMMMM.20(c)). The Delivery Seller or the Delivery Buyer (as the case may be) who is in default shall comply with any directions given by the Clearing House.

- (f) (i) If as a result of any event contemplated by Rule MMMMM.16(e)(i) there is a delay in the transfer of shares in respect of a Delivery Contract and the benefit of a Relevant Entitlement to which the Transferee would have been entitled if transfer to him had taken place in accordance with Rule MMMMM.16(c)(ii) (and he had retained beneficial title to the shares), is received by the Clearing House (or by the Transferor, if transfer is not made to the Clearing House by the Transferor in accordance with Rule MMMMM.16(c)(i)) then:
 - (A) if the Clearing House has received the benefit of such Relevant Entitlement, or receives the benefit of such Relevant Entitlement under sub-paragraph (B) of this Rule MMMMM.16(f)(i), the Clearing House shall pass on the benefit of such Relevant Entitlement which it receives to the Delivery Buyer and shall deliver to the Delivery Buyer such documents (if any) as it receives in connection therewith; and
 - (B) if the Transferor has received the benefit of such Relevant Entitlement, the Delivery Seller shall pass on or procure that the Transferor passes on the benefit of such Relevant Entitlement which it receives to the Clearing House and shall deliver to the Clearing House such documents (if any) as it receives in connection therewith.

- (ii) Any act required by paragraph (i) of this Rule MMMMM.16(f) shall be done at such time and in such manner as the Clearing House may specify.
- (g) If any event contemplated by Rule MMMMM.16(e)(i) occurs, the Delivery Seller or the Delivery Buyer, as applicable, shall provide to the Clearing House documentary evidence satisfactory to the Clearing House that he has complied with his obligations under a Contract to which he is party by the time and in the manner prescribed.
- (h) (i) The Clearing House shall give notice to the Exchange of any instructions given by it under Rule MMMMM.16(e)(i) forthwith upon giving such instructions and of any event contemplated by Rule MMMMM.16(e)(i) which may prevent or has prevented a transfer of shares in respect of a Delivery Contract upon becoming aware of any such event.
- (ii) If any event contemplated by Rule MMMMM.16(e)(i) occurs, the provisions of Rule MMMMM.16 shall apply and the provisions of Rule MMMMM.21 shall not apply unless, after consultation with the Clearing House, the Exchange determines that such circumstances have continued or are likely to continue for such duration that the provisions of Rule MMMMM.16(e) shall no longer apply and that the provisions of Rule MMMMM.21 shall apply. The Exchange's determination shall be final and binding.
- (i) Any provision of this Rule MMMMM.16 or of any other of these Contract Rules or of the Administrative Procedures relating to procedures for settlement may be varied, or substituted by different procedures for settlement, by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

MMMMMM.17 CORPORATE ACTIONS

- (a) In this Rule MMMMM.17, "Corporate Action" shall mean:
 - (i) a cash and/or scrip dividend, a bonus or scrip issue, a rights issue, a share split, subdivision or consolidation, a demerger or any other event affecting or giving rise to a right or entitlement attaching or accruing to the shares of, or ownership of shares in, a company; or
 - (ii) a takeover, merger or any arrangement, transaction or series of transactions which will or may result in the acquisition by any person or persons or any associated person or persons of a substantial proportion of the shares of a company; or
 - (iii) any other event which, in the opinion of the Exchange, impacts or may impact on an² Option Contract in respect of the shares of a company.
- (b) Where any Corporate Action occurs with respect to the shares of a company, or which affects a company whose shares are the subject of an Option Contract, the Exchange, in its absolute discretion, may, but shall not be obliged to, determine:
 - (i) to make adjustments to the size of the lot the subject of an option and/or to the exercise price of such option; or
 - (ii) to vary, substitute or remove any of, or add to, these Contract Rules to make provision for the effect of such Corporate Action. Any such variation, substitution, removal or addition may, without limitation, be made to make provision for shares in one or more companies other than the shares originally the subject of the Option Contract, or one or more entitlements pertaining to the shares of a company, or a cash amount to be transferred in addition to or in substitution for some or all of such shares to form the subject of a lot.

² Amended 19 December 2015

- (c) Any adjustment, variation, substitution or removal of or addition to these Contract Rules determined upon under Rule MMMMM.17(b) will be determined in accordance with the policy of the Exchange from time to time in relation to Corporate Actions unless the Exchange, in its absolute discretion, determines otherwise. The Exchange's policy relating to Corporate Actions will be published from time to time by means of one or more notices posted on the Market. Any adjustment, variation, substitution, removal of or addition to these Contract Rules made under this Rule MMMMM.17 shall be published in one or more notices posted on the Market and shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

MMMMM.18 STOCK SUSPENSION OR TERMINATION³

- (a) In this Rule MMMMM.18, "suspended shares" and "delisted securities" shall mean shares which are the subject of a suspension or termination of dealings or shares which have been suspended or withheld from settlement through the Relevant Settlement System.
- (b) If dealings in shares the subject of an Option Contract or of a Delivery Contract arising on the exercise of an option are suspended or prohibited by the Relevant Stock Exchange or are otherwise not permitted to be made under Stock Exchange Rules ("suspension or termination of dealings") or shares the subject of an Option Contract or Delivery Contract are otherwise suspended or delisted shares, any such Option Contract or Delivery Contract, as the case may be, shall be performed in accordance with this Rule MMMMM.18 and otherwise in accordance with these Contract Rules and the Administrative Procedures.
- (c) A Buyer may submit an Exercise Notice in respect of an option in accordance with Rule MMMMM.5 and the Clearing House may exercise an option against a Seller in accordance with Rule MMMMM.6, notwithstanding that the shares the subject of the option are suspended shares.
- (d) Subject to Rule MMMMM.18(e), shares which are the subject of suspension or termination of dealings which are required to be delivered in respect of a Delivery Contract shall be delivered through the Relevant Settlement System on the Settlement Day in accordance with these Contract Rules.
- (e)
 - (i) If settlement of suspended or delisted shares the subject of a Delivery Contract cannot be made on or after the Settlement Day for such Contract through the Relevant Settlement System, such shares shall be delivered in accordance with any instructions which may be given by the Clearing House, which shall be final and binding, save that where the Exchange determines that such Delivery Contract shall be invoiced back, such Contract shall be invoiced back at a price fixed by the Exchange in consultation with the Clearing House. It shall not, subject to Rule MMMMM.16(e)(iv)(C), be an event of default under these Contract Rules if settlement of suspended or delisted shares is not effected on the Settlement Day, but failure by the Delivery Seller or the Delivery Buyer to comply or ensure compliance with any instructions given by the Clearing House under this Rule MMMMM.18(e) shall constitute a default under Rule MMMMM.19(a) by such Delivery Seller or, as the case may be, such Delivery Buyer.
 - (ii) The Exchange's determination under paragraph (i) of this Rule MMMMM.18(e) shall be final and binding and shall be published by means of a notice posted on the Market.

MMMMM.19 DELIVERY DEFAULT

- (a) The Buyer or the Seller or the Delivery Buyer or the Delivery Seller, as the case may be, shall be in default where:

³ Amended 19 December 2015

- (i) subject to Rule MMMMM.16, he fails to fulfil his obligations under a Contract by the time and in the manner prescribed and in accordance with these Contract Rules, the Regulations and the Administrative Procedures;
- (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules and the Administrative Procedures;
- (iii) the “bad delivery” rules or any other rules set forth in the Relevant Settlement System Rules are invoked with respect to the transfer of shares to the Clearing House by the Transferor appointed by the Delivery Seller to make such transfer or in respect of the transfer of shares by the Clearing House to the Transferee appointed by the Delivery Buyer to accept such transfer which may lead or leads to the reversal of one or more transfers of shares; or
- (iv) in the reasonable opinion of the Clearing House he is otherwise in default under a Contract.

For the avoidance of doubt, the Delivery Seller shall be held to be in default if the “bad delivery” or such other rules referred to in paragraph (iii) of this Rule MMMMM.19(a) are invoked with respect to the transfer of shares by the Transferor to the Clearing House or the transfer of shares by the Clearing House to the Transferee and notwithstanding that the Delivery Seller may not be responsible for any circumstance which leads to such “bad delivery” or such other rules being invoked.

- (b) Obvious clerical errors in any notice to be given hereunder and which can be readily rectified shall not be treated as constituting a default.
- (c) Notwithstanding a default under Rule MMMMM.19(a), the Clearing House may in its absolute discretion determine not to exercise or to delay in exercising any of its rights under Rule MMMMM.20, and no failure by the Clearing House to exercise nor any delay on its part in exercising any of such rights shall operate as a waiver of the Clearing House’s rights upon that or upon any subsequent occasion, nor shall any single or partial exercise of such rights prevent any further exercise thereof or of any other right.

MMMMMM.20 EFFECT OF DELIVERY DEFAULT

- (a) The provisions of Rules MMMMM.20(b) to MMMMM.20(e) inclusive shall be subject to the default rules from time to time in force of the Clearing House.
- (b) If there appears to the Clearing House to be a default by the Buyer or the Seller or the Delivery Buyer or the Delivery Seller, as the case may be, under Rule MMMMM.19(a) in respect of any lot comprised in a registered Contract the Clearing House may take such steps as it deems appropriate to facilitate a mutually acceptable resolution of the default:
 - (i) where the Buyer or the Delivery Buyer appears to be in default, between such Buyer and the Clearing House; or
 - (ii) where the Seller or the Delivery Seller appears to be in default, between such Seller and the Clearing House.
- (c) (i) In addition to any steps taken under Rule MMMMM.20(b) the Clearing House may, if it appears to it that a Clearing Member as Seller (or as Delivery Seller) or a Clearing Member as Buyer (or as Delivery Buyer) is in default under Rule MMMMM.19(a), in its sole discretion take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of a Seller (or Delivery Seller) or Buyer (or Delivery Buyer) not in default including, without prejudice to the generality of the foregoing, the steps referred to in paragraph (ii) or (iii) below. Any action taken by the Clearing House pursuant to this Rule MMMMM.20 or Rule MMMMM.16(e) shall be

without prejudice to any rights, obligations or claims of a Buyer (or a Delivery Buyer), a Seller (or a Delivery Seller), or the Clearing House and any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with taking such action or such default (or, without limitation, following the “bad delivery” or such other rules referred to in paragraph (iii) of Rule MMMMM.19(a) being invoked) shall be paid by the Buyer or the Seller (or the Delivery Buyer or the Delivery Seller, as the case may be) in default.

- (ii) Where a Delivery Buyer appears to be in default under Rule MMMMM.19(a) the Clearing House may take steps pursuant to paragraph (i) of this Rule MMMMM.20(c) to sell any or all of the shares delivered to it by a Transferor at such time and place and in such manner and on such terms as may to the Clearing House seem fit. Where the price at which such shares are sold (the “Sale Price”) is less than the amount due but unpaid by the Delivery Buyer to the Clearing House in respect of such shares (the “Unpaid Amount”), the difference between the Unpaid Amount and the Sale Price shall forthwith on demand be paid by the Delivery Buyer in default to the Clearing House. Where the Unpaid Amount is less than the Sale Price the difference between the Sale Price and the Unpaid Amount shall (if any remain after the deduction so far as possible of such sums as are payable by the Delivery Buyer to the Clearing House hereunder or otherwise) be retained by the Clearing House to the order of the Exchange. The Delivery Buyer in default shall forthwith on demand pay to the Clearing House any sums payable by the Delivery Buyer pursuant to paragraph (i) of this Rule MMMMM.20(c).
- (iii) Where a Delivery Seller appears to be in default under Rule MMMMM.19(a), or is treated as being in default under Rule MMMMM.16(e), or, without prejudice to the foregoing, paragraph (iii) of Rule MMMMM.19(a) applies and a step taken by the Clearing House pursuant to paragraph (i) of this Rule MMMMM.20(c) or Rule MMMMM.16(e) is to acquire shares at such time and place and in such manner and on such terms as the Clearing House thinks fit from a person other than the Delivery Seller in order to meet in whole or in part its obligations to a Delivery Buyer to make delivery of shares in respect of a Delivery Contract:
 - (A) if the total cost incurred by the Clearing House in acquiring shares, including for the avoidance of doubt the cost of any purchase of shares by the Clearing House in order to fulfil any obligations under the arrangements it has made to acquire the shares (the “Acquisition Cost”), is greater than the amount which would have been payable by the Clearing House to the Transferor in respect of the shares to have been delivered to it by the Transferor (or which, but for the application of the “bad delivery” or such other rules referred to in paragraph (iii) of Rule MMMMM.19(a) had purportedly been delivered to it by the Transferor), the Delivery Seller shall forthwith on demand pay the amount of such difference to the Clearing House; or
 - (B) if the Acquisition Cost is less than the amount which would have been payable by the Clearing House as referred to in sub-paragraph (A) above, the amount of such difference shall (if any remain after the deduction so far as possible of such sums as are payable by the Delivery Seller to the Clearing House under sub-paragraph (C) below or otherwise) be retained by the Clearing House to the order of the Exchange; and
 - (C) if the Delivery Seller delivers or attempts to deliver shares to the Clearing House under a Delivery Contract after the Settlement Day, the Clearing House shall be entitled to reject such attempted or actual delivery, or shall be entitled to sell any shares which are so delivered, as it sees fit, if the Clearing House has made alternative arrangements to acquire shares for delivery to the Delivery Buyer; and

- (D) the Delivery Seller shall forthwith on demand pay to the Clearing House any sums payable by the Delivery Seller pursuant to paragraph (i) of this Rule MMMMM.20(c).
- (iv) Any step taken by the Clearing House pursuant to paragraph (i), (ii) or (iii) of this Rule MMMMM.20(c) shall be without prejudice to the rights of any party to refer a dispute to arbitration.
- (d) Without prejudice to its rights under Rules MMMMM.20(b) and MMMMM.20(c), the Clearing House may refer to the Exchange any dispute or issue arising between the parties referred to in paragraph (i) or (ii) of Rule MMMMM.20(b) as a result of a default by a Seller (or Delivery Seller) or by a Buyer (or Delivery Buyer) under Rule MMMMM.19(a). If, upon such reference, the Exchange is of the opinion that the default is of minor significance it shall determine any such dispute or issue upon such evidence as it may deem relevant and convey its findings to the Buyer and the Seller or the Delivery Buyer and the Delivery Seller, as the case may be, who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of either party to refer the dispute or any related dispute to arbitration.
- (e) If no settlement has been reached pursuant to Rule MMMMM.20(b) and if no steps have been taken by the Clearing House pursuant to Rule MMMMM.20(c) and any dispute or issue between the parties referred to the Exchange under Rule MMMMM.20(d) is, in the opinion of the Exchange, not such as may be subject to determination under Rule MMMMM.20(d) then the Exchange in consultation with the Clearing House shall forthwith fix a price for invoicing back each option or Delivery Contract in respect of which the dispute or issue has arisen and each option or Delivery Contract, as the case may be, shall be invoiced back at that price. Such invoicing back price shall be final. Such price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider should be paid by any party save that where a dispute or issue has arisen in respect of a Contract between a Seller (or a Delivery Seller) and the Clearing House and a like dispute or issue has arisen in respect of a Contract between a Buyer (or Delivery Buyer) and the Clearing House which had been matched by the Clearing House with the Contract between the Seller (or the Delivery Seller) and the Clearing House, and the dispute or issue has in each case been referred to the Exchange under Rule MMMMM.20(d), the Exchange shall fix the same invoicing back price in respect of each Contract. Any such action taken by the Exchange under this Rule MMMMM.20(e) shall be without prejudice to the rights of any of the parties to refer any dispute to arbitration.

MMMMMM.21 FORCE MAJEURE

- (a) Subject to Rules MMMMM.16(h)(ii) and MMMMM.21(b) and any steps taken at any time by the Exchange under emergency powers in the Regulations, in the event of a Seller or a Buyer or a Delivery Seller or a Delivery Buyer, as the case may be, being prevented from performing his obligations in respect of any lot comprised in a Contract by the due time therefor by any cause beyond his reasonable control (other than in circumstances to which Rule MMMMM.18 applies) including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems such lot shall be invoiced back at a price to be fixed by the Exchange in consultation with the Clearing House.
- (b) In the event of a Buyer being prevented from exercising an option in respect of an expiry month on the Last Trading Day and by the time for expiry thereof as specified for that purpose in the Administrative Procedures by any event beyond his reasonable control including, without limitation, any of the circumstances specified in Rule MMMMM.21(a):

- (i) the Buyer may give written notice to the Exchange specifying the option or, if more than one, the options which the Buyer was prevented from exercising, the steps taken by the Buyer to exercise an option and the events which prevented him from so doing. Any such notice shall be given to the Exchange as soon as is practicable after the time of expiry of an option specified in the notice and in any event no later than 10.00 hours on the market day following the Last Trading Day. The Exchange shall notify the Clearing House that it has received a notice from the Buyer under this Rule MMMMM.21(b)(i) forthwith upon receipt of such notice; and
- (ii) if the Exchange is satisfied that the Buyer took all possible steps in the circumstances prevailing to exercise an option, the Exchange shall request the Clearing House to notify it of details of one or more options between a Seller and the Clearing House which are on the same terms (except as to the parties or the option price) as, and have been matched by the Clearing House with, the option or options specified in the Buyer's notice and shall fix a price for invoicing back. Each option the subject of the Buyer's notice and each option between the Clearing House and a Seller notified to the Exchange hereunder shall be invoiced back at such price, notwithstanding that such options have expired under Rule MMMMM.7. Such price may at the Exchange's absolute discretion take into account the Exchange's assessment of the intrinsic value at the expiry thereof of such options.

PROCEDURES: ICE FUTURES EQUITY SHARES (DENOMINATED IN EURO)
OPTIONS CONTRACTS

NNNNN.0	Interpretation
NNNNN.1	Price
NNNNN.2	Cabinet Transactions
NNNNN.3	Settlement Procedures
NNNNN.4	Delivery Details
NNNNN.5	Timetable ¹

¹ Amended 1 December 2015

NNNNN.0 INTERPRETATION

All defined terms as set out in Rule MMMMM shall apply to this Rule NNNNN.

NNNNN.1 PRICE

Except in the case of cabinet transactions, the minimum price fluctuation shall be 0.50 eurocents.

NNNNN.2 CABINET TRANSACTIONS

A Contract may have a Premium of 100 eurocents per lot if entered into by one or both parties for the sole purpose of closing out an existing open position.

NNNNN.3 SETTLEMENT PROCEDURES

All deliveries under a Contract must be made in accordance with the Relevant Settlement System Rules, the relevant Contract Rules and Administrative Procedures and Relevant Delivery Procedures.

NNNNN.4 DELIVERY DETAILS

Where the Relevant Delivery Procedures so require, Clearing Members shall have given to the Clearing House in accordance with the Relevant Delivery Procedures the delivery details referred to in Rules MMMMM.14(a) and MMMMM.15(a) in order to facilitate settlement of Delivery Contracts through the Relevant Settlement System.

NNNNN.5 TIMETABLE²

On the market day following the day Option Contracts are registered with the Clearing House, being a day on which prime banks in London are open for business

By 10.00 hours Buyers will pay to the Clearing House Premiums due in respect of options the subject of Option Contracts to which they are party.

The Clearing House will pay Premiums due to Sellers in respect of options the subject of Option Contracts to which it is party as Buyer.

Exercise on any market day except as specified in a notice given under Rule MMMMM.5(b)

By 18.30 hours On any market day, except any day specified in a notice given under Rule MMMMM.5(b) and the Last Trading Day for an expiry month, Buyers may give to the Clearing House an Exercise Notice in respect of an option for an expiry month in accordance with Rule MMMMM.5(a).

By 18.30 hours On the Last Trading Day for an expiry month, Buyers may give to the Clearing House an Exercise Notice in respect of an option in accordance with Rule MMMMM.5(a).

Exercise Notices received after such times will be rejected.

The Clearing House shall have selected Sellers against whom to exercise options in accordance with Rule MMMMM.6 and shall do so on a random basis and against Sellers' gross sold positions as at the close of business on the market on the day on which one or more Buyers have exercised options in accordance with Rule MMMMM.5 against the Clearing House.

² Amended 1 December 2015

On the market day following the day of exercise of an option

- By 07.00 hours In respect of an option exercised by the Clearing House against a Seller under Rule MMMMM.6, the Clearing House shall give a Clearing House Notice of Exercise to the Seller in a manner from time to time prescribed by the Clearing House.
- By 07.00 hours The Clearing House shall have given a notice to Buyers in accordance with Rule MMMMM.5(c) confirming which options have been validly exercised by such Buyers.
- By 07.00 hours The Clearing House will issue a Delivery Notice:
- (a) to the Delivery Buyer specifying the Delivery Contracts to which he is party with the Clearing House which have arisen in accordance with Rule MMMMM.5(d) or Rule MMMMM.6(d), as the case may be, and details of the Delivery Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Delivery Buyer and by the Clearing House to the Relevant Settlement System, in respect of Delivery Contracts which are due to be settled by the transfer of shares through the Relevant Settlement System;
 - (b) to the Delivery Seller specifying the Delivery Contracts to which he is party with the Clearing House which have arisen in accordance with Rule MMMMM.5(d) or Rule MMMMM 6(d), as the case may be, and details of the Delivery Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Delivery Seller and by the Clearing House to the Relevant Settlement System, in respect of Delivery Contracts which are due to be settled by the transfer of shares through the Relevant Settlement System.

In respect of Delivery Contracts to be settled by the transfer of shares through the Relevant Settlement System, on the Relevant Settlement System business day following the exercise of an option in accordance with Rule MMMMM.5 or MMMMM.6

- By 11.30 hours The details of Delivery Contracts notified to the Delivery Buyer and the Delivery Seller pursuant to Rules MMMMM.12(a)(i) and MMMMM.12(a)(ii) respectively shall have been submitted, as required by such Rules, to the Relevant Settlement System so as to enable the Relevant Settlement System:
- (a) in the case of the Delivery Buyer, to match the details of the Contracts submitted to it by or on behalf of the Delivery Buyer with the details of the Contracts submitted to it by the Clearing House; and
 - (b) in the case of the Delivery Seller, to match the details of the Contracts submitted to it by or on behalf of the Delivery Seller with the details of the Contracts submitted to it by the Clearing House,
- in order that settlement of Contracts is effected through the Relevant Settlement System on the Settlement Day.

On the Last Trading Day

At 16.20 hours The closing rotation in Option Contracts for an expiry month shall have commenced.

At 18.30 hours Any option to which a Buyer other than the Clearing House is party which has not been exercised by such time shall expire.

On the market day following the Last Trading Day

At 07.00 hours Any option to which the Clearing House is party as Buyer which has not been exercised by such time shall expire.

In respect of Delivery Contracts to be settled by the transfer of shares through the Relevant Settlement System, on the Settlement Day

One hour before the
close of Delivery Versus
Payment equity settlement

- (a) Subject to Rule MMMMM.16(e), the Transferor in respect of a Delivery Contract shall have transferred shares through the Relevant Settlement System to the Relevant Settlement System Member Account of the Clearing House and payment of the settlement amount for such shares transferred through the Relevant Settlement System shall have been satisfied by an Assured Payment; and

By the close of Delivery
Versus Payment equity
settlement

- (b) subject to Rule MMMMM.16(e), the Clearing House shall, in respect of a Delivery Contract, have transferred shares through the Relevant Settlement System to the Relevant Settlement System Member Account of the Relevant Settlement System member notified to the Clearing House in accordance with Rule MMMMM.15(a)(i)(B) for the account of the Transferee and payment of the settlement amount for such shares transferred through the Relevant Settlement System shall have been satisfied by an Assured Payment.

¹ Amended 19 December 2015

00000.1 INTERPRETATION

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules.

- (b) In these Contract Rules and the Administrative Procedures:

“Administrative Procedures” means the administrative procedures at Rule P P P P P implemented by the Exchange for the purposes of these Contract Rules.

“Assured Payment” means, in the case of securities transferred through the Relevant Settlement System, a system-generated payment instruction which is binding on:

(i) the Clearing House’s settlement bank in favour of the Transferor’s settlement bank in the case of a transfer of securities from the Transferor to the Clearing House; and

(ii) the Transferee’s settlement bank in favour of the Clearing House’s settlement bank in the case of the transfer of securities from the Clearing House to the Transferee,

of an amount equal to the settlement amount for such securities.

“Buyer” in respect of a Contract means the person who is obliged under such Contract to take delivery of each lot the subject of such Contract (including, except where the context otherwise requires, the Clearing House as buyer under the registered Contract).

“CHF” denotes the lawful currency of Switzerland known, at the date of issue of these terms, as the “Swiss Franc”.

“company” means a body corporate whose share capital includes shares (as defined below).

“Conditional Contract” has the meaning attributed to it in Rule 00000.2A(a).

“Contract” means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots and “registered Contract” means a Contract registered by the Clearing House.

“Corporate Action” has the meaning attributed to it in Rule 00000.11(a).

“Cum Entitlement” in respect of a security, means with the right, before a date determined and published from time to time by the Relevant Stock Exchange, to any Relevant Entitlement relating thereto.

“Delivery Notice” means the notice to be given by the Clearing House to a Seller and to a Buyer under Rule 00000.6(a).

“Depository Receipts” (which, as the context requires, includes depository shares) means certificates or instruments representing certain shares.

“DKK” denotes the lawful currency of the Kingdom of Denmark known, at the date of issue of these terms, as the “Danish Kroner”.

“\$” and “USD”	denote the lawful currency of the United States of America known, at the date of issue of these terms, as the “dollar”.
“ETF shares”	means shares in an Exchange Traded Fund.
“euro”, “€” and “eurocents”	denote the single currency of the European Union introduced in a Member State arising out of its participation in the Economic and Monetary Union.
“Ex Entitlement”	in respect of a security, means without the right, on or after a date determined and published from time to time by the Relevant Stock Exchange, to any Relevant Entitlement relating thereto.
“listed”	means admitted to official listing by the relevant listing authority and admitted to trading by the Relevant Stock Exchange.
“List of Contract Details”	means the list of contract details published by the Exchange from time to time in accordance with Rule 00000.2(b).
“lot”	means 1 security (or such other number as may be specified in a notice posted on the Market from time to time) designated by the Exchange in the List of Contract Details in accordance with Rule 00000.2(b).
“market day”	means a day on which the Market and the Clearing House are open for business.
“Member State”	means a member of the European Community.
“Member Stock Contingent Trade Report”	means a daily report that provides details of an option trade and its associated stock leg for reconciliation purposes.
“NKK”	denotes the lawful currency of the Kingdom of Norway known, at the date of issue of these terms, as the “Norwegian Krone”.
“Pounds”, “£”, “Pence” and “p”	denote the lawful currency of the United Kingdom known, at the date of issue of these Contract Rules, as “Sterling”.
“Price”	has the meaning attributed to it in Rule 00000.3(a).
“proprietary or equitable interest”	means any proprietary or equitable interest or right whatsoever including, without limitation, any such interest or right arising under or by virtue of any disposition made or purporting to be made by way of security or by way of loan and any other lien, pledge, encumbrance or equity of any kind.
“Relevant Delivery Procedures”	means one or more documents issued by the Clearing House from time to time relating to the settlement of securities under a Contract through the Relevant Settlement System.
“Relevant Entitlement”	means any one or more of a cash dividend, scrip dividend, bonus issue, scrip issue, rights issue, or any other right or entitlement, attaching or accruing to, or otherwise affecting, from time to time, a security or ownership of a security.

“Relevant Settlement System”	means the settlement system as detailed in the List of Contract Details.
“Relevant Settlement System business day”	means a day when the Relevant Settlement System is open for business.
“Relevant Settlement System Member Account”	means an appropriate member account maintained by the Relevant Settlement System.
“Relevant Settlement System Rules”	means those parts of the rules, reference manual, procedures, practices and any other document from time to time in force of the Relevant Settlement System which apply to the settlement of transactions by participants in the Relevant Settlement System.
“Relevant Stock Exchange”	means the stock exchange specified in the List of Contract Details in relation to each security which may be the subject of a lot.
“securities”	means shares or Depositary Receipts as the case may be.
“SEK”	denotes the lawful currency of the Kingdom of Sweden known, at the date of issue of these Contract Rules, as the “Swedish Krona”.
“Seller”	in respect of a Contract means the person who is required to make delivery in respect of each lot the subject of such Contract (including, except where the context otherwise requires, the Clearing House as seller under a registered Contract).
“Settlement Account”	means the Relevant Settlement System Member Account.
“Settlement Agent”	means in respect of the transfer of securities under a Contract through the Relevant Settlement System, a member of the Relevant Settlement System.
“settlement amount”	in respect of a Contract, means the product of the price and the number of securities comprised in the lot the subject of such Contract or, as the case may be, the product of the price and the number of securities delivered at any time under such Contract.
“Settlement Day”	in respect of a Contract means the day specified as such in the List of Contract Details for the settlement of Contracts.
“shares”	means securities which form part of the share capital of a company or which are ETF shares, as the case may be, which in each case are listed or are the subject of when issued dealing.
“Stock Contingent Trade”	means a transaction designated as a Stock Contingent Trade by the Exchange consisting of: <ul style="list-style-type: none"> (i) a Contract; and (ii) a contract in the terms of the ICE Futures Equity Related Securities Options Contract (Rule IIIII) or the ICE Futures Equity Related Securities (Flexible) Options Contract (Rule KKKKK) from time to time in force,

	made pursuant to the Regulations and procedures made under the Regulations.
“Stock Exchange Rules”	means the rules, regulations, procedures and practices from time to time in force of the Relevant Stock Exchange.
“suspension or termination of dealings”	has the meaning attributed to it in Rule 00000.12(b).
“Transferee”	means a person appointed under Rule 00000.9(a)(i)(A) to take a transfer of securities in respect of a Contract.
“Transferor”	means a person appointed under Rule 00000.8(a)(i)(A) to transfer securities in respect of a Contract.
“when issued dealing”	means transactions in shares which are the subject of an application for listing, entered into before and conditional upon listing becoming effective.
(c) [Not used]	
(d) [Not used]	
(e) [Not used]	

00000.2 CONTRACT SPECIFICATION

- (a) Contracts shall only be made under these Contract Rules in association with contracts in the terms of the ICE Futures Equity Related Securities Options Contract (Rule IIII) or the ICE Futures Equity Related Securities (Flexible) Options Contract (Rule KKKKK) as part of Stock Contingent Trades pursuant to the Regulations and procedures made under the Regulations.
- (b) Each Contract shall be for one or more lots in respect of securities which have been designated for this purpose by the Exchange. The Exchange shall publish a list of such securities (the “List of Contract Details”) by means of a notice posted on the Market. The Exchange may from time to time determine that additions to or removals from such list shall be made and any such additions thereto or removals therefrom shall be published by means of a notice posted on the Market.
- (c) In respect of a Contract, the Seller is obliged to make delivery of each lot the subject of such Contract on the Settlement Day and the Buyer is obliged to take delivery thereof and to make payment of the settlement amount in accordance with Rule 00000.10 and the Administrative Procedures, subject to these Contract Rules and the Administrative Procedures which shall apply thereto.

00000.2A WHEN ISSUED DEALING

- (a) Where shares are the subject of when issued dealing pursuant to Stock Exchange Rules, a Contract may be entered into in respect of such shares if such shares have been designated for this purpose by the Exchange pursuant to Rule 00000.2(b). Such a Contract shall be a Conditional Contract until such time as the shares are listed.
- (b) If the shares the subject of a Conditional Contract are not listed, such Contract shall be void.
- (c) If the listing of shares the subject of a Conditional Contract is delayed for any reason, the first Relevant Settlement System business day on which such shares are listed following the day which would have been the Settlement Day had listing occurred on the anticipated day shall be the Settlement Day for such Contract.

00000.3 PRICE

- (a) Bids and offers shall be quoted in the relevant currency and prices shall be a whole number multiple of the minimum price fluctuation as specified in the List of Contract Details or such other amount as may be notified by the Exchange from time to time by means of a notice posted on the Market.

00000.4 ENTITLEMENT

- (a) If securities the subject of a Contract are Cum Entitlement on the day that the Contract is made, the Buyer shall be entitled to receive, or to exercise, or to direct the exercise of, the Relevant Entitlement in respect of such securities which are to be delivered to him under the Contract.

00000.5 SETTLEMENT AGENT

- (a) Only a Settlement Agent with a Settlement Account at the Relevant Settlement System may be used for the purposes of making or taking delivery of securities under a Contract by transfer of securities through such Relevant Settlement System and making or receiving payment of the settlement amount under a Contract in accordance with these Contract Rules, unless these Contract Rules otherwise require or permit.

00000.6 CLEARING HOUSE DELIVERY NOTICE

- (a) On the market day immediately following the making of a Contract, and by the time specified for that purpose in the Administrative Procedures, the Clearing House shall give a Delivery Notice:
 - (i) to the Buyer specifying the Contracts to which he is party with the Clearing House and details of the Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Buyer and by the Clearing House to the Relevant Settlement System in respect of Contracts which are due to be settled by the transfer of securities through the Relevant Settlement System; and
 - (ii) to the Seller specifying the Contracts to which he is party with the Clearing House and details of the Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Seller and by the Clearing House to the Relevant Settlement System in respect of Contracts which are due to be settled by the transfer of securities through the Relevant Settlement System.

00000.7 SUBMISSION OF DETAILS TO THE RELEVANT SETTLEMENT SYSTEM

- (a) In respect of Contracts to be settled by transfer of securities through the Relevant Settlement System, on the Relevant Settlement System business day following the day a Contract was made and by the time specified for that purpose in respect of the Relevant Settlement System in the Administrative Procedures, the details of the Contract notified to the Buyer and to the Seller pursuant to Rules 00000.6(a)(i) and 00000.6(a)(ii) respectively and such other details as may be required by the Relevant Delivery Procedures shall have been submitted, as required by such Contract Rules, to the Relevant Settlement System so as to enable the Relevant Settlement System:
 - (i) in the case of the Buyer, to match the details of the Contract submitted to it by or on behalf of the Buyer with the details of the Contract submitted to it by the Clearing House; and
 - (ii) in the case of the Seller, to match the details of the Contract submitted to it by or on behalf of the Seller with the details of the Contract submitted to it by the Clearing House,

in order that settlement of Contracts is effected through the Relevant Settlement System on the Settlement Day.

00000.8 SELLER'S DELIVERY DETAILS

- (a) (i) Where the Relevant Delivery Procedures so require, a Clearing Member shall give to the Clearing House, in accordance with such Relevant Delivery Procedures, details of:
 - (A) the names of persons conforming with the Relevant Delivery Procedures and paragraph (ii) of this Rule 00000.8(a) (who may include the Clearing Member himself) who are appointed by the Clearing Member to transfer securities to the Clearing House in accordance with these Contract Rules in respect of Contracts which may be entered into by such Clearing Member as Seller; and
 - (B) the names of the Settlement Agents (who may include the Transferor himself) who will be used by each such person to transfer such securities and to receive payment of the settlement amount for such securities and details of their Settlement Accounts,together with the acknowledgement described in Rule 00000.8(c), if required by that Rule and each Transferor so appointed (other than the Clearing Member himself) and each Settlement Agent so appointed (whether or not the Transferor) shall act as agent for the Clearing Member in transferring such securities or receiving payment of the settlement amount for such securities, notwithstanding that settlement of such securities shall be made through the Settlement Account of the Settlement Agent.
- (ii) The Clearing House may from time to time restrict the persons or categories of persons which may be appointed as Settlement Agents or as Transferors or the types of Settlement Accounts to be used for making a transfer of securities and shall publish the details of such restrictions by means of a notice posted on the Market.
- (iii) The details given to the Clearing House in accordance with paragraph (i) of this Rule 00000.8(a) may be amended from time to time in accordance with the Relevant Delivery Procedures.
- (b) Although the Seller may under Rule 00000.8(a) appoint a person other than himself as Transferor, the Seller shall himself remain responsible in respect of a Contract for delivery of the securities and the performance of all other obligations under such Contract expressed to be imposed upon the Transferor in these Contract Rules and in the Administrative Procedures. However, performance by the Transferor of those obligations expressed to be imposed upon him (including the obligation to transfer securities) in accordance with these Contract Rules and in the Administrative Procedures shall constitute due performance of the Seller's obligations under such Contract.
- (c) Except where the Seller is also the Transferor, the Seller shall by the day specified in and in accordance with the Relevant Delivery Procedures deliver to the Clearing House an irrevocable acknowledgement, in a form from time to time prescribed by the Clearing House, addressed to the Clearing House by each Transferor, acknowledging amongst other things that the obligations of the Clearing House with regard to all sums payable by it in respect of securities to be delivered by the Transferor in respect of any Contract from time to time entered into by the Seller with the Clearing House and in respect of which he is appointed Transferor are owed to the Seller alone, and that the Transferor has no rights whatsoever against the Clearing House.

00000.9 BUYER'S DELIVERY DETAILS

- (a) (i) Where the Relevant Delivery Procedures so require, a Clearing Member shall give to the Clearing House, in accordance with such Relevant Delivery Procedures, details of:
 - (A) the names of persons conforming with the Relevant Delivery Procedures and paragraph (ii) of this Rule 00000.9(a) below (who may include the Clearing Member himself) who are appointed to take a transfer of securities from the Clearing House in

accordance with these Contract Rules in respect of Contracts which may be entered into by such member as Buyer; and

- (B) the names of the Settlement Agents (who may include the Transferee himself) who will be used by each such person to take a transfer of such securities and to make payment of the settlement amount for such securities and details of their Settlement Accounts,

together with the acknowledgement described in Rule 00000.9(c), if required by that Rule and each Transferee so appointed (other than the Clearing Member himself) and each Settlement Agent so appointed (whether or not the Transferee) shall act as agent for the Clearing Member in taking a transfer of such securities or making payment of the settlement amount for such securities, notwithstanding that the transfer of such securities shall be made through the Settlement Account of the Settlement Agent.

- (ii) The Clearing House may from time to time restrict the persons or categories of persons which may be appointed as Settlement Agents or as Transferees or the types of Settlement Accounts to be used for taking a transfer of securities and shall publish the details of such restrictions by means of a notice posted on the Market.
- (iii) The details given to the Clearing House in accordance with paragraph (i) of this Rule 00000.9(a) may be amended from time to time in accordance with the Relevant Delivery Procedures.
- (b) Although the Buyer may under Rule 00000.9(a) appoint a person other than himself as Transferee, the Buyer shall himself remain responsible in respect of a Contract for the acceptance of a transfer of securities and the payment of the settlement amount for such securities and for the performance of all other obligations expressed to be imposed upon the Transferee in these Contract Rules and in the Administrative Procedures in respect of such Contract. However, performance by the Transferee of those obligations expressed to be imposed upon him (including the obligations to accept transfer of securities and to pay the settlement amount) in accordance with these Contract Rules and the Administrative Procedures shall constitute due performance of the Buyer's obligations under such Contract.
- (c) Except where the Buyer is also the Transferee, the Buyer shall by the day specified in and in accordance with the Relevant Delivery Procedures deliver to the Clearing House an irrevocable acknowledgement, in a form from time to time prescribed by the Clearing House, addressed to the Clearing House by each Transferee, acknowledging amongst other things that the Transferee has no claims whatsoever against the Clearing House in respect of any delay on its part in transferring, or any failure on its part to transfer, the securities to be transferred in respect of any Contract from time to time entered into by the Buyer with the Clearing House and in respect of which he is appointed Transferee, or in respect of any other matter whatsoever concerning those securities.

00000.10 DELIVERY

- (a) All securities to be transferred in respect of a Contract shall be transferred free of any proprietary or equitable interest of any person.
- (b) In respect of Contracts to be settled by the transfer of securities through the Relevant Settlement System, a transfer of securities in respect of a Contract shall be made through the Relevant Settlement System in accordance with the Relevant Settlement System Rules, these Contract Rules and the Administrative Procedures, or as otherwise required or permitted by these Contract Rules and payment for such securities shall be made in accordance with these Contract Rules, the Administrative Procedures and the Relevant Settlement System Rules, and the provisions of this Rule 00000.10 shall be subject to the Relevant Settlement System Rules where applicable.

- (c) Subject to Rule 00000.10(e), on the Settlement Day at or by the time specified in respect of the Relevant Settlement System in and in accordance with the Administrative Procedures:
 - (i) the Transferor shall, in respect of Contracts to be settled by the transfer of securities through the Relevant Settlement System, have transferred securities through the Relevant Settlement System from the Relevant Settlement System Member Account of the Relevant Settlement System member notified to the Clearing House in accordance with Rule 00000.8(a)(i) to the Relevant Settlement System Member Account of the Clearing House and payment of the settlement amount for such securities transferred through the Relevant Settlement System shall have been satisfied by an Assured Payment; and
 - (ii) the Clearing House shall, in respect of Contracts to be settled by the transfer of securities through the Relevant Settlement System, have transferred the securities through the Relevant Settlement System from its Relevant Settlement System Member Account to the Relevant Settlement System Member Account of the Relevant Settlement System member notified to the Clearing House in accordance with Rule 00000.9(a)(i) for the account of the Transferee and payment of the settlement amount for such securities transferred through the Relevant Settlement System shall have been satisfied by an Assured Payment.
- (d) In respect of Contracts to be settled by transfer of securities through the Relevant Settlement System:
 - (i) whether or not the Seller appoints a Transferor other than himself, and notwithstanding that such a Transferor is the Seller's agent, an Assured Payment arising upon the transfer of securities to the Relevant Settlement System Member Account of the Clearing House pursuant to Rule 00000.10(c)(i) shall discharge the Clearing House's liability to pay the settlement amount for such securities to the Seller;
 - (ii) an Assured Payment arising upon the transfer of securities pursuant to Rule 00000.10(c)(ii) to the Relevant Settlement System Member Account of the Relevant Settlement System member notified to the Clearing House in accordance with Rule 00000.9(a)(i) for the account of the Transferee shall discharge the Buyer's liability to pay the settlement amount for such securities to the Clearing House; and
 - (iii)
 - (A) the transfer of securities by the Clearing House to or to the order of the Transferee shall discharge the Clearing House's liability to transfer such securities to the Buyer; and
 - (B) the transfer of securities by the Transferor to the Clearing House shall discharge the Seller's liability to transfer such securities to the Clearing House.
- (e)
 - (i) Subject to Rule 00000.12, if any transfer of securities required by Rule 00000.10(c) cannot be or has not been fully accomplished on the Settlement Day at or by the time specified in respect of the Relevant Settlement System in the Administrative Procedures, due to any event occurring which is outside the control of the Transferor or of the Transferee or of the Clearing House, as the case may be, which, without prejudice to the generality of the foregoing, may include:
 - (A) a failure by a seller of securities to the Transferor to make transfer of such securities by the due time so as to enable the Transferor to fulfil his obligations to transfer the securities to the Clearing House in accordance with Rule 00000.10(c)(i);
 - (B) a failure by the Transferor to transfer securities to the Clearing House in accordance with Rule 00000.10(c)(i) so as to enable the Clearing House to fulfil its obligations to transfer securities to a Transferee in accordance with Rule 00000.10(c)(ii);
 - (C) an error, failure, closure or suspension of the Relevant Settlement System or of other systems operated by or on behalf of the Relevant Settlement System;

- (D) a failure or termination of the Transferor's or the Transferee's or the Clearing House's access to its Settlement Agent;
- (E) a failure of the Transferor's or Transferee's Settlement Agents or the Clearing House's access to the Relevant Settlement System for any reason, including, without limitation, as a result of any fault or failure of any computer or communication system;
- (F) any action taken by the Relevant Settlement System whether pursuant to the Relevant Settlement System Rules or otherwise; or
- (G) any failure of, or any action or failure to take action by, a settlement bank, appointed by the Transferor, the Clearing House or the Transferee from time to time in connection with the settlement of securities through the Relevant Settlement System, which prevents the transfer of securities to the Transferor or to the Clearing House or to the Transferee, as the case may be,

then, without prejudice to paragraphs (iv)(A) and (iv)(B) of this Rule 00000.10(e), such transfer or transfers shall be made as soon as possible through the Relevant Settlement System and in accordance with the Relevant Delivery Procedures in order fully to perform a Contract or, if an event occurs which prevents a transfer of securities through the Relevant Settlement System, in accordance with any instructions which may be given by the Clearing House, which may require delivery by a means other than through the Relevant Settlement System. In the case of any disagreement between the Clearing House and the Transferor or between the Clearing House and the Transferee as to whether any particular transfer can be or has been accomplished the determination of the Clearing House shall be final.

- (ii) Any instructions given by the Clearing House under paragraph (i) of this Rule 00000.10(e) above shall be binding and failure by the Seller or the Buyer to comply or ensure compliance with such instructions shall constitute a default under Rule 00000.13(a) by such Seller or, as the case may be, such Buyer.
- (iii) Where the Clearing House is unable to transfer securities in respect of a Contract to the Transferee in accordance with Rule 00000.10(c)(ii) as a result of any event (other than an event referred to in Rule 00000.12, which, for the avoidance of doubt, shall be dealt with under Rule 00000.12) occurring which is outside the control of the Clearing House, the rights of the Buyer shall consist solely of the right to have transfer of the securities made to the Transferee as soon as possible through the Relevant Settlement System and in accordance with the Relevant Delivery Procedures or otherwise as required by these Contract Rules and as soon as possible after the Clearing House has received a transfer of such securities from the Transferor or acquired them from another person.
- (iv)
 - (A) If any transfer of securities to the Clearing House in respect of a Contract required to be made by the Transferor under Rule 00000.10(c)(i) or under paragraph (i) of this Rule 00000.10(e) is not made by the relevant time specified in the Relevant Delivery Procedures as a consequence of the occurrence of an event referred to in paragraph (i)(A) of this Rule 00000.10(e); or
 - (B) if an event referred to in paragraph (i)(G) of this Rule 00000.10(e) occurs which prevents a transfer of securities to the Transferor or a transfer of securities by the Clearing House to the Transferee; or
 - (C) notwithstanding the occurrence (if any) of an event referred to in paragraph (i) of this Rule 00000.10(e) or in Rule 00000.12 at any time, if the Clearing House, in consultation with the Exchange, determines that the Seller (or the Buyer) has not used its best endeavours to transfer (or to take transfer of) securities or to procure the Transferor to transfer (or to procure the Transferee to take a transfer of) securities, as the case may

be, on the Settlement Day or in accordance with paragraph (i) of this Rule 00000.10(e); or

- (D) if any transfer of securities to the Clearing House in respect of a Contract required to be made under paragraph (i) of this Rule 00000.10(e) (other than as a consequence of an event referred to in paragraph (i)(A) or (i)(G) of this Rule 00000.10(e)) is not made as soon as possible after the Settlement Day,

then the Clearing House shall be entitled to treat the Seller or the Buyer as in default and, without prejudice to its rights under Rule 00000.14 and to its powers under the Clearing House Rules, the Clearing House shall be entitled, at its absolute discretion, to take steps to acquire securities in accordance with the Relevant Delivery Procedures in order to fulfil its obligations under a Contract in whole or in part to make delivery of securities to a Buyer or to dispose of securities (where possible) delivered to it by the Seller and the Seller or the Buyer (as the case may be) in default shall indemnify the Clearing House in respect of any losses, costs, taxes or expenses suffered or incurred by it in taking any such steps or in exercising any such rights or powers (including any losses determined in accordance with Rule 00000.14(c)). The Seller or the Buyer (as the case may be) who is in default shall comply with any directions given by the Clearing House.

- (f) (i) If as a result of any event contemplated by Rule 00000.10(e)(i) there is a delay in the transfer of securities in respect of a Contract and the benefit of a Relevant Entitlement to which the Transferee would have been entitled if transfer to him had taken place in accordance with Rule 00000.10(c)(ii) (and he had retained beneficial title to the securities), is received by the Clearing House (or by the Transferor, if transfer is not made to the Clearing House by the Transferor in accordance with Rule 00000.10(c)(i)) then:
 - (A) if the Clearing House has received the benefit of such Relevant Entitlement, or receives the benefit of such Relevant Entitlement under sub-paragraph (B) of this Rule 00000.10(f)(i), the Clearing House shall pass on the benefit of such Relevant Entitlement which it receives to the Buyer and shall deliver to the Buyer such documents (if any) as it receives in connection therewith; and
 - (B) if the Transferor has received the benefit of such Relevant Entitlement, the Seller shall pass on or procure that the Transferor passes on the benefit of such Relevant Entitlement which it receives to the Clearing House and shall deliver to the Clearing House such documents (if any) as it receives in connection therewith.
- (ii) Any act required by paragraph (i) of this Rule 00000.10(f) shall be done at such time and in such manner as the Clearing House may specify.
- (g) If any event contemplated by Rule 00000.10(e)(i) occurs, the Seller or the Buyer, as applicable, shall provide to the Clearing House documentary evidence satisfactory to the Clearing House that he has complied with his obligations under a Contract to which he is party by the time and in the manner prescribed.
- (h) (i) The Clearing House shall give notice to the Exchange of any instructions given by it under Rule 00000.10(e)(i) forthwith upon giving such instructions and of any event contemplated by Rule 00000.10(e)(i) which may prevent or has prevented a transfer of securities in respect of a Contract upon becoming aware of any such event.
- (ii) If any event contemplated by Rule 00000.10(e)(i) occurs, the provisions of Rule 00000.10 shall apply and the provisions of Rule 00000.15 shall not apply unless, after consultation with the Clearing House, the Exchange determines that such circumstances have continued or are likely to continue for such duration that the provisions of

Rule OOOOO.10(e) shall no longer apply and that the provisions of Rule OOOOO.15 shall apply. The Exchange's determination shall be final and binding.

- (i) Any provision of this Rule OOOOO.10 or of any other of these Contract Rules or of the Administrative Procedures relating to procedures for settlement may be varied, or substituted by different procedures for settlement, by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

OOOOO.11 CORPORATE ACTIONS

- (a) In this Rule OOOOO.11, "Corporate Action" shall mean:
 - (i) a cash and/or scrip dividend, a bonus or scrip issue, a rights issue, a share split, subdivision or consolidation, a demerger or any other event affecting or giving rise to a right or entitlement attaching or accruing to the securities;
 - (ii) a takeover, merger or any arrangement, transaction or series of transactions which will or may result in the acquisition by any person or persons or any associated person or persons of a substantial proportion of the shares of a company; or
 - (iii) any other event which, in the opinion of the Exchange, impacts or may impact on an Option Contract in respect of the securities.
- (b) Where any Corporate Action occurs with respect to securities, or which affects securities which are the subject of a Contract, the Exchange, in its absolute discretion, may, but shall not be obliged to, determine:
 - (i) to make adjustments to the size of the lot the subject of a Contract; or
 - (ii) to vary, substitute or remove any of, or add to, these Contract Rules to make provision for the effect of such Corporate Action. Any such variation, substitution, removal or addition may, without limitation, be made to make provision for securities, other than the securities originally the subject of the Contract, or one or more entitlements pertaining to the securities, or a cash amount to be transferred in addition to or in substitution for some or all of such securities to form the subject of a lot.
- (c) Any adjustment, variation, substitution or removal of or addition to these Contract Rules determined upon under Rule OOOOO.11(b) will be determined in accordance with the policy of the Exchange from time to time in relation to Corporate Action unless the Exchange, in its absolute discretion, determines otherwise. The Exchange's policy relating to Corporate Action will be published from time to time by means of one or more notices posted on the Market. Any adjustment, variation, substitution, removal of or addition to these Contract Rules made under this Rule OOOOO.11 shall be published in one or more notices posted on the Market and shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

OOOOO.12 STOCK SUSPENSION OR TERMINATION²

- (a) In this Rule OOOOO.12, "suspended securities" and "delisted securities" shall mean securities which are the subject of a suspension or termination of dealings or securities which have been suspended or withheld from settlement through the Relevant Settlement System.

² Amended 19 December 2015

- (b) If dealings in securities the subject of a Contract are suspended or prohibited by the Relevant Stock Exchange or are otherwise not permitted to be made under Stock Exchange Rules (“suspension or termination of dealings”) or securities the subject of a Contract are otherwise suspended or delisted securities, any such Contract shall be performed in accordance with this Rule 00000.12 and otherwise in accordance with these Contract Rules and the Administrative Procedures.
- (c) Subject to Rule 00000.12(d), securities which are the subject of suspension of dealings which are required to be delivered in respect of a Contract shall be delivered through the Relevant Settlement System on the Settlement Day in accordance with these Contract Rules.
- (d)
 - (i) If settlement of suspended or delisted securities the subject of a Contract cannot be made on or after the Settlement Day for such Contract through the Relevant Settlement System, such securities shall be delivered in accordance with any instructions which may be given by the Clearing House, which shall be final and binding, save that where the Exchange determines that such Contract shall be invoiced back, such Contract shall be invoiced back at a price fixed by the Exchange in consultation with the Clearing House. It shall not, subject to Rule 00000.10(e)(iv)(C), be an event of default under these Contract Rules if settlement of suspended or delisted securities is not effected on the Settlement Day, but failure by the Seller or the Buyer to comply or ensure compliance with any instructions given by the Clearing House under this Rule 00000.12(d)(i) shall constitute a default under Rule 00000.13(a) by such Seller or, as the case may be, such Buyer.
 - (ii) The Exchange’s determination under paragraph (i) of this Rule 00000.12(d) shall be final and binding and shall be published by means of a notice posted on the Market.

00000.13 DELIVERY DEFAULT

- (a) The Buyer or the Seller, as the case may be, shall be in default where:
 - (i) subject to Rule 00000.10, he fails to fulfil his obligations under a Contract by the time and in the manner prescribed and in accordance with these Contract Rules, the Regulations and the Administrative Procedures;
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules and the Administrative Procedures;
 - (iii) the “bad delivery” rules or any other rules set forth in the Relevant Settlement System Rules are invoked with respect to the transfer of securities to the Clearing House by the Transferor appointed by the Seller to make such transfer or in respect of the transfer of securities by the Clearing House to the Transferee appointed by the Buyer to accept such transfer which may lead or leads to the reversal of one or more transfers of securities; or
 - (iv) in the reasonable opinion of the Clearing House he is otherwise in default under a Contract.

For the avoidance of doubt, the Seller shall be held to be in default if the “bad delivery” or such other rules referred to in paragraph (iii) of this Rule 00000.13(a) are invoked with respect to the transfer of securities by the Transferor to the Clearing House or the transfer of securities by the Clearing House to the Transferee and notwithstanding that the Seller may not be responsible for any circumstance which leads to such “bad delivery” or such other rules being invoked.

- (b) Obvious clerical errors in any notice to be given hereunder and which can be readily rectified shall not be treated as constituting a default.
- (c) Notwithstanding a default under Rule 00000.13(a), the Clearing House may in its absolute discretion determine not to exercise or to delay in exercising any of its rights under Rule 00000.14, and no failure by the Clearing House to exercise nor any delay on its part in exercising any of such

rights shall operate as a waiver of the Clearing House's rights upon that or upon any subsequent occasion, nor shall any single or partial exercise of such rights prevent any further exercise thereof or of any other right.

00000.14 EFFECT OF DELIVERY DEFAULT

- (a) The provisions of Rules 00000.14(b) to 00000.14(e) inclusive shall be subject to the default rules from time to time in force of the Clearing House.
- (b) If there appears to the Clearing House to be a default by the Buyer or the Seller, as the case may be, under Rule 00000.13(a) in respect of any lot comprised in a registered Contract the Clearing House may take such steps as it deems appropriate to facilitate a mutually acceptable resolution of the default:
 - (i) where the Buyer appears to be in default, between such Buyer and the Clearing House; or
 - (ii) where the Seller appears to be in default, between such Seller and the Clearing House.
- (c)
 - (i) In addition to any steps taken under Rule 00000.14(b) the Clearing House may, if it appears to it that a Clearing Member as Seller or a Clearing Member as Buyer is in default under Rule 00000.13(a), in its sole discretion take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of a Seller or Buyer not in default including, without prejudice to the generality of the foregoing, the steps referred to in paragraph (ii) or (iii) below. Any action taken by the Clearing House pursuant to this Rule 00000.14 or Rule 00000.10(e) shall be without prejudice to any rights, obligations or claims of a Buyer, a Seller, or the Clearing House and any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with taking such action or such default (or, without limitation, following the "bad delivery" or such other rules referred to in paragraph (iii) of Rule 00000.13(a) being invoked) shall be paid by the Buyer or the Seller in default.
 - (ii) Where a Buyer appears to be in default under Rule 00000.13(a) the Clearing House may take steps pursuant to paragraph (i) of this Rule 00000.14(c) to sell any or all of the securities delivered to it by a Transferor at such time and place and in such manner and on such terms as may to the Clearing House seem fit. Where the price at which such securities are sold (the "Sale Price") is less than the amount due but unpaid by the Buyer to the Clearing House in respect of such securities (the "Unpaid Amount"), the difference between the Unpaid Amount and the Sale Price shall forthwith on demand be paid by the Buyer in default to the Clearing House. Where the Unpaid Amount is less than the Sale Price the difference between the Sale Price and the Unpaid Amount shall (if any remain after the deduction so far as possible of such sums as are payable by the Buyer to the Clearing House hereunder or otherwise) be retained by the Clearing House to the order of the Exchange. The Buyer in default shall forthwith on demand pay to the Clearing House any sums payable by the Buyer pursuant to paragraph (i) of this Rule 00000.14(c).
 - (iii) Where a Seller appears to be in default under Rule 00000.13(a), or is treated as being in default under Rule 00000.10(e), or, without prejudice to the foregoing, paragraph (iii) of Rule 00000.13(a) applies and a step taken by the Clearing House pursuant to paragraph (i) of this Rule 00000.14(c) or Rule 00000.10(e) is to acquire securities at such time and place and in such manner and on such terms as the Clearing House thinks fit from a person other than the Seller in order to meet in whole or in part its obligations to a Buyer to make delivery of securities in respect of a Contract:
 - (A) if the total cost incurred by the Clearing House in acquiring securities, including for the avoidance of doubt the cost of any purchase of securities by the Clearing House in order to fulfil any obligations under the arrangements it has made to acquire the securities (the "Acquisition Cost"), is greater than the amount which would have been payable by the

Clearing House to the Transferor in respect of the securities to have been delivered to it by the Transferor (or which, but for the application of the “bad delivery” or such other rules referred to in paragraph (iii) of Rule 00000.13(a) had purportedly been delivered to it by the Transferor), the Seller shall forthwith on demand pay the amount of such difference to the Clearing House; or

- (B) if the Acquisition Cost is less than the amount which would have been payable by the Clearing House as referred to in sub-paragraph (A) of this Rule 00000.14(c)(iii) above, the amount of such difference shall (if any remain after the deduction so far as possible of such sums as are payable by the Seller to the Clearing House under sub-paragraph (C) of this Rule 00000.14(c)(iii) below or otherwise) be retained by the Clearing House to the order of the Exchange; and
 - (C) if the Seller delivers or attempts to deliver securities to the Clearing House under a Contract after the Settlement Day, the Clearing House shall be entitled to reject such attempted or actual delivery, or shall be entitled to sell any securities which are so delivered, as it sees fit, if the Clearing House has made alternative arrangements to acquire securities for delivery to the Buyer; and
 - (D) the Seller shall forthwith on demand pay to the Clearing House any sums payable by the Seller pursuant to paragraph (i) of this Rule 00000.14(c).
- (iv) Any step taken by the Clearing House pursuant to paragraph (i), (ii) or (iii) of this Rule 00000.14(c) shall be without prejudice to the rights of any party to refer a dispute to arbitration.
- (d) Without prejudice to its rights under Rules 00000.14(b) and 00000.14(c), the Clearing House may refer to the Exchange any dispute or issue arising between the parties referred to in paragraph (i) or (ii) of Rule 00000.14(b) as a result of a default by a Seller or by a Buyer under Rule 00000.13(a). If, upon such reference, the Exchange is of the opinion that the default is of minor significance it shall determine any such dispute or issue upon such evidence as it may deem relevant and convey its findings to the Buyer and the Seller, who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of either party to refer the dispute or any related dispute to arbitration.
- (e) If no settlement has been reached pursuant to Rule 00000.14(b) and if no steps have been taken by the Clearing House pursuant to Rule 00000.14(c) and any dispute or issue between the parties referred to the Exchange under Rule 00000.14(d) is, in the opinion of the Exchange, not such as may be subject to determination under Rule 00000.14(d) then the Exchange in consultation with the Clearing House shall forthwith fix a price for invoicing back each option or Contract in respect of which the dispute or issue has arisen and each option or Contract, as the case may be, shall be invoiced back at that price. Such invoicing back price shall be final. Such price may at the Exchange’s absolute discretion take account of any compensation that the Exchange may consider should be paid by any party save that where a dispute or issue has arisen in respect of a Contract between a Seller and the Clearing House and a like dispute or issue has arisen in respect of a Contract between a Buyer and the Clearing House which had been matched by the Clearing House with the Contract between the Seller and the Clearing House, and the dispute or issue has in each case been referred to the Exchange under Rule 00000.14(d), the Exchange shall fix the same invoicing back price in respect of each Contract. Any such action taken by the Exchange under this Rule 00000.14(e) shall be without prejudice to the rights of any of the parties to refer any dispute to arbitration.

00000.15 FORCE MAJEURE

- (a) Subject to Rule 00000.10(h)(ii) and any steps taken at any time by the Exchange under emergency powers in the Regulations, in the event of a Seller or a Buyer, as the case may be, being prevented

from performing his obligations in respect of any lot comprised in a Contract by the due time therefor by any cause beyond his reasonable control (other than in circumstances to which Rule 00000.12 applies) including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems such lot shall be invoiced back at a price to be fixed by the Exchange in consultation with the Clearing House.

00000.21 STATEMENT IN RELATION TO ICE FUTURES EQUITY RELATED SECURITY CONTRACTS

- (a) The Exchange draws the following statement to the attention of potential users of its ICE Futures Equity Related Security Contracts. Members should ensure that their clients are made aware of the statement.

“Statement in relation to ICE Futures Equity Related Security Contracts (the “Contracts”).

Potential users of the Contracts made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules. Potential users should also assess for themselves, or take professional advice in relation to, the risks inherent in any such investment, and in particular those having possible impact on a Contract’s pricing or value.

These include whether or not there is a relevant listing authority (UK or otherwise) which imposes obligations in relation to certain aspects of corporate behaviour or disclosure.

See Rule I.25 of the ICE Futures Europe Regulations for additional risk disclosures.”

SECTION P P P P P - PROCEDURES: ICE FUTURES EQUITY RELATED SECURITY CONTRACTS

PPPPP.0	Interpretation
PPPPP.1	Settlement Procedures
PPPPP.2	Details
PPPPP.3	Timetable ¹

¹ Amended 1 December 2015

PPPPP.0 INTERPRETATION

All defined terms as set out in Rule OOOOO shall apply to this Rule PPPPP.

PPPPP.1 SETTLEMENT PROCEDURES

All deliveries under a Contract must be made in accordance with the Relevant Settlement System Rules with respect to the settlement of contracts through the Relevant Settlement System and the relevant Contract Rules and Administrative Procedures and Relevant Delivery Procedures.

PPPPP.2 DELIVERY DETAILS

Where the Relevant Delivery Procedures so require, Clearing Members shall have given to the Clearing House in accordance with the Relevant Delivery Procedures the delivery details referred to in Rules OOOOO.8(a) and OOOOO.9(a) in order to facilitate settlement of Contracts through the Relevant Settlement System.

PPPPP.3 TIMETABLE²

On the market day following the day Contracts are registered with the Clearing House, being a day on which banks in London are open for business

By 07.00 hours	The Clearing House shall give a Member Stock Contingent Trade Report to each of the Buyer and the Seller in a manner from time to time prescribed by the Clearing House.
----------------	--

By 07.00 hours	The Clearing House will issue a Delivery Notice to each of the Buyer and the Seller specifying the Contracts to which he is party with the Clearing House and details of the Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Buyer or the Seller, as the case may be, and by the Clearing House to the Relevant Settlement System in respect of Contracts which are due to be settled by the transfer of securities through the Relevant Settlement System.
----------------	---

In respect of Contracts to be settled by the transfer of securities through the Relevant Settlement System, on the Relevant Settlement System business day following the making of a Contract

By 11.30 hours	The details of Contracts shall have been submitted, as required by such Contract Rules, to the Relevant Settlement System so as to enable the Relevant Settlement System:
----------------	---

- | | |
|-----|---|
| (a) | in the case of the Buyer, to match the details of the Contracts submitted to it by or on behalf of the Buyer with the details of the Contracts submitted to it by the Clearing House; and |
| (b) | in the case of the Seller, to match the details of the Contracts submitted to it by or on behalf of the Seller with the details of the Contracts submitted to it by the Clearing House, |

in order that settlement of Contracts is effected through the Relevant Settlement System on the Settlement Day.

² Amended 1 December 2015

In respect of Contracts to be settled by the transfer of securities through the Relevant Settlement System, on the Settlement Day

One hour before the
close of Delivery Versus
Payment equity settlement

- (a) The Transferor in respect of a Contract shall have transferred securities through the Relevant Settlement System to the Relevant Settlement System Member Account of the Clearing House and payment of the settlement amount for such securities transferred through the Relevant Settlement System shall have been satisfied by an Assured Payment; and

By the close of Delivery
Versus Payment equity
settlement

- (b) the Clearing House shall, in respect of a Contract, have transferred securities through the Relevant Settlement System to the Relevant Settlement System Member Account of the Relevant Settlement System member notified to the Clearing House in accordance with Rule OOOOO.8(a)(i)(B) for the account of the Transferee and payment of the settlement amount for such securities transferred through the Relevant Settlement System shall have been satisfied by an Assured Payment.

QQQQQ.1 INTERPRETATION¹⁰

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and in the Administrative Procedures:
- “Administrative Procedures” means the administrative procedures at Rule RRRRR implemented by the Exchange for the purposes of these Contract Rules.
 - “business day” means a day on which the Market and the Relevant Stock Exchange are open for business.
 - “CAD” denotes the lawful currency of Canada known, at the date of issue of these Contract Rules, as the “Canadian dollar”.
 - “CHF” denotes the lawful currency of Switzerland known, at the date of issue of these Contract Rules, as the “Swiss Franc”.
 - “company” means a body corporate whose share capital includes shares (as defined below).
 - “Contract” means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots, and “registered Contract” means a Contract registered by the Clearing House.
 - “Corporate Action” has the meaning attributed to it in Rule QQQQQ.7(a).
 - “Cum Entitlement” means, in respect of a share, with the right, before a date determined and published from time to time by the Relevant Stock Exchange, to any Relevant Entitlement relating thereto.
 - “CZK” denotes the lawful currency of the Czech Republic known, at the date of issue of these Contract Rules, as the “Czech Koruna”.
 - “delivery month” means each month specified as such by the Exchange pursuant to the Regulations.
 - “DKK” denotes the lawful currency of the Kingdom of Denmark known, at the date of issue of these Contract Rules, as the “Danish Kroner”.
 - “EDSP” means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule QQQQQ.5.
 - “€” denotes the single currency of the European Union introduced in a Member State as the lawful currency of that Member State pursuant to its participation in Economic and Monetary Union in the European Union known, at the date of issue of these Contract Rules, as the “euro”.

¹⁰ Amended 01 June 2015, 28 September 2015

CONTRACT RULES: ICE FUTURES SINGLE STOCK
FUTURES CONTRACTS AND ICE FUTURES DIVIDEND ADJUSTED SINGLE STOCK
FUTURES CONTRACTS (CASH SETTLEMENT)

“Ex Entitlement”	means, in respect of a share, without the right, on or after a date determined and published from time to time by the Relevant Stock Exchange, to any Relevant Entitlement relating thereto.
“HUF”	denotes the lawful currency of Republic of Hungary known, at the date of issue of these Contract Rules, as the “Hungarian Forint”.
“Last Trading Day”	has the meaning attributed to it in Rule QQQQQ.4.
“List of Contract Details”	means the list of contract details published by the Exchange from time to time in accordance with Rule QQQQQ.2(c).
“lot”	means, in respect of securities specified in the List of Contract Details, the number of securities specified in that list.
“market day”	means a day on which the Market, the Clearing House and banks in London are open for business.
“Member State”	means a member of the European Community.
“Minimum EDSP Price Increment “	means the value specified as such in the List of Contract Details.
“NKK”	denotes the lawful currency of the Kingdom of Norway known, at the date of issue of these Contract Rules, as the “Norwegian Krone”.
“£” and “pence”	denotes the lawful currency of the United Kingdom known, at the date of issue of these Contract Rules, as “Sterling”.
“PLN”	denotes the lawful currency of Republic of Poland known, at the date of issue of these Contract Rules, as the “Polish Zloty”.
“Reference Day”	has the meaning attributed to it in Rule QQQQQ.2(c)(ix).
“Relevant Currency”	has the meaning attributed to it in Rule QQQQQ.2(c)(iii).
“Relevant Entitlement”	means any one or more of a cash dividend, scrip dividend, bonus issue, scrip issue, rights issue, or any other right or entitlement, attaching or accruing to, or otherwise affecting, from time to time, a share or ownership of a share.
“Relevant Reference Price”	has the meaning attributed to it in Rule QQQQQ.2(c)(x).
“Relevant Stock Exchange”	has the meaning attributed to it in Rule QQQQQ.2(c)(i).
“securities”	means shares, Depositary Receipts or ETF shares as the case may be.
“SEK”	denotes the lawful currency of the Kingdom of Sweden known, at the date of issue of these Contract Rules, as the “Swedish Krona”.
“Settlement Day”	means, in respect of a Contract for a particular security, the market day specified as such in the List of Contract Details.
“shares”	means securities forming part of the share capital of a company which are available for trading on the Relevant Stock Exchange.

CONTRACT RULES: ICE FUTURES SINGLE STOCK FUTURES CONTRACTS AND ICE FUTURES DIVIDEND ADJUSTED SINGLE STOCK FUTURES CONTRACTS (CASH SETTLEMENT)

“Stock Exchange Rules”	means the rules, regulations, procedures and practices from time to time in force of the Relevant Stock Exchange.
“Underlying Currency”	has the meaning attributed to it in Rule QQQQQ.2(c)(ii).
“TRY”	denotes the lawful currency of Turkey known, at the date of issue of these Contract Rules, as “Turkish Lira”.
“USD” and “\$”	denote the lawful currency of the United States of America known, at the date of issue of these Contract Rules, as the “dollar”.
“ZAR” and “ZAr”	denote the lawful currency of South Africa known, at the date of issue of these Contract Rules, as the “South African Rand” and “South African Rand cents”.

(c) [Not used]

(d) [Not used]

QQQQQ.2 CONTRACT SPECIFICATION¹¹

- (a) These Contract Rules shall apply to all Contracts.
- (b) Each Contract shall be for one or more lots for the delivery month specified.
- (c) A Contract for a delivery month may be entered into in respect of securities which have been designated for this purpose by the Exchange. The Exchange shall publish from time to time a list of such securities and companies (the “List of Contract Details”) by means of a notice posted on the Market. That list shall include, for each security:
 - (i) a stock exchange on which such securities are available for trading (the “Relevant Stock Exchange”);
 - (ii) the currency in which such securities trade on the Relevant Stock Exchange (the “Underlying Currency”);
 - (iii) the currency in which Contracts in respect of such securities shall trade (the “Relevant Currency”);
 - (iv) the minimum price fluctuation;
 - (v) the Minimum EDSP Price Increment;
 - (vi) the number of securities comprising a lot;
 - (vii) the Last Trading Day;
 - (viii) the time at which trading for the relevant delivery month shall cease on the Last Trading Day;
 - (ix) the day on which the EDSP shall be calculated in respect of Contracts (the “Reference Day”);

¹¹ Amended 01 June 2015

CONTRACT RULES: ICE FUTURES SINGLE STOCK FUTURES CONTRACTS AND ICE FUTURES DIVIDEND ADJUSTED SINGLE STOCK FUTURES CONTRACTS (CASH SETTLEMENT)

- (x) subject to Rules QQQQQ.5(d) and QQQQQ.5(e), the price by reference to which the EDSP shall be calculated in respect of Contracts (the “Relevant Reference Price”);
 - (xi) where applicable, the source of the conversion rate to be applied to the Relevant Reference Price pursuant to Rule QQQQQ.5(c); and
 - (xii) the Settlement Day for Contracts.
- (d) The Exchange may from time to time vary, substitute or remove any of, or add to, the details contained in the List of Contract Details. Any such variation, substitution or removal of, or addition to, such details shall have such effect with regard to existing and/or new Contracts as the Exchange may determine and shall be the subject of a notice posted on the Market.

QQQQQ.3 PRICE¹²

- (a) Contracts in respect of a security shall trade in the Relevant Currency specified in the List of Contract Details. Bids and offers shall be quoted in the Relevant Currency and prices shall be a whole number multiple of the minimum price fluctuation, as specified in the List of Contract Details.

QQQQQ.4 LAST TRADING DAY AND REFERENCE DAY

- (a)
 - (i) On the Last Trading Day, trading in Contracts for the relevant delivery month shall cease at such time as may be specified in the List of Contract Details.
 - (ii) On the Reference Day, the Exchange will calculate the EDSP in accordance with Rule QQQQQ.5.
- (b) Subject to Rules QQQQQ.4(c), QQQQQ.4(d), QQQQQ.4(e) and QQQQQ.8(b), the Last Trading Day and the Reference Day in respect of a delivery month shall be the days specified as such in the List of Contract Details.
- (c) If, for Contracts in respect of a delivery month, the day specified as the Last Trading Day in the List of Contract Details is not a business day then the business day immediately preceding that day shall become the Last Trading Day for such Contracts.
- (d) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that on the day which would have been the Last Trading Day either or both of the Market and the Relevant Stock Exchange will not be open for business, then the business day next following such day shall become the Last Trading Day in respect of that delivery month and the Exchange shall specify, by means of a notice posted on the Market, to that effect.
- (e) Where the Relevant Reference Price is determined on a day (the “Reference Day”) other than the Last Trading Day:
 - (i) if, for Contracts in respect of a delivery month, the Relevant Stock Exchange is not open for business on the day specified as the Reference Day in the List of Contract Details then the business day immediately preceding that day shall become the Reference Day for such Contracts, and the Exchange shall make such consequential adjustment to the date of the Last Trading Day as it considers necessary; and

¹² Amended 01 June 2015

- (ii) if, at any time after the close of trading two business days prior to the day which would have been the Reference Day in respect of a delivery month, it becomes known to the Exchange that on the day which would have been the Reference Day either or both of the Market and the Relevant Stock Exchange will not be open for business, then the business day next following such day shall become the Reference Day in respect of that delivery month,

and the Exchange shall publish a notice by notice posted on the Market to that effect.

QQQQQ.5 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")¹³

- (a) Subject to Rules QQQQQ.5(d) and QQQQQ.5(e), the EDSP shall be calculated by reference to the Relevant Reference Price.
- (b) The EDSP for Contracts for a particular delivery month shall be calculated by the Exchange as the Relevant Reference Price, adjusted where applicable in accordance with Rule QQQQQ.5(c), rounded to the nearest Minimum EDSP Price Increment as specified by the Exchange in the List of Contract Details or, where the Relevant Reference Price is an exact uneven multiple of one half of the Minimum EDSP Price Increment, to the nearest higher Minimum EDSP Price Increment.
- (c) Where the Underlying Currency is different from the Relevant Currency, the Relevant Reference Price shall be converted to the Relevant Currency by application of the conversion rate referred to in the List of Contract Details prior to rounding being carried out in accordance with Rule QQQQQ.5(b).
- (d) If no Relevant Reference Price is available in respect of a delivery month, the Exchange shall fix the EDSP for such Contracts at a price determined by it, in its absolute discretion, as being consistent with cash market values of the securities the subject of such Contracts.
- (e) The Exchange may at its discretion resolve, prior to the commencement of the calendar month in which the Last Trading Day falls, that the EDSP shall be determined by means other than that specified in Rule QQQQQ.5(a), subject always to the proviso that the EDSP shall be calculated by reference to cash market values of the securities the subject of such Contract.
- (f) The Exchange shall publish the EDSP at such time as may be specified for that purpose in the Administrative Procedures. The EDSP shall be final and binding for all purposes.

QQQQQ.6 PAYMENT¹⁴

- (a) In respect of each lot comprised in a Contract the following payments shall be made by the time specified therefor in the Administrative Procedures:
 - (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House and payment by the Clearing House to the Buyer of an amount calculated by multiplying the difference between the EDSP and the Contract price by the number of securities comprising a lot as specified in the List of Contract Details; and
 - (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House and payment by the Clearing House to the Seller of an amount calculated by multiplying the difference between the Contract price and the EDSP by the number of securities comprising a lot as specified in the List of Contract Details.

¹³ Amended 01 June 2015

¹⁴ Amended 01 June 2015

CONTRACT RULES: ICE FUTURES SINGLE STOCK
FUTURES CONTRACTS AND ICE FUTURES DIVIDEND ADJUSTED SINGLE STOCK
FUTURES CONTRACTS (CASH SETTLEMENT)

QQQQQ.7 CORPORATE ACTIONS¹⁵

- (a) In this Rule QQQQQ.7, “Corporate Action” shall mean:
 - (i) a cash and/or scrip dividend, a bonus or scrip issue, a rights issue, a share split, subdivision or consolidation, a demerger or any other event affecting or giving rise to a right or entitlement attaching or accruing to the securities of, or ownership of shares in, a company; or
 - (ii) a takeover, merger or any arrangement, transaction or series of transactions which will or may result in the acquisition by any person or persons or any associated person or persons of a substantial proportion of the shares of a company; or
 - (iii) a change to the Underlying Currency of the security of a company; or
 - (iv) any other event which, in the opinion of the Exchange, impacts or may impact on a¹⁶ Contract in respect of the securities.
- (b) Where any Corporate Action occurs with respect to the securities, or which affects securities which are the subject of a Contract, the Exchange, in its absolute discretion, may, but shall not be obliged to, determine:
 - (i) to make adjustments to the size of the lot and/or to the price of such lot; or
 - (ii) to vary, substitute or remove any of, or add to, these Contract Rules to make provision for the effect of such Corporate Action. Any such variation, substitution, removal or addition may, without limitation, be made to make provision for one or more entitlements pertaining to the securities, or to alter the subject matter of the lot to reflect such Corporate Action.
- (c) Any adjustment, variation, substitution or removal of or addition to these Contract Rules determined upon under Rule QQQQQ.7(b) will be determined in accordance with the policy of the Exchange from time to time in relation to Corporate Actions unless the Exchange, in its absolute discretion, determines otherwise. The Exchange’s policy relating to Corporate Actions will be published from time to time by means of one or more notices posted on the Market. Any adjustment, variation, substitution, removal of or addition to these Contract Rules made under this Rule QQQQQ.7 shall be published in one or more notices posted on the Market and shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

QQQQQ.8 STOCK SUSPENSION¹⁷ OR TERMINATION¹⁸

- (a) If dealings in securities the subject of a Contract are suspended, terminated or prohibited by the Relevant Stock Exchange or are otherwise not permitted to be made under Stock Exchange Rules (“suspension or termination of dealings”), any such Contract shall be performed in accordance with this Rule QQQQQ.8 and otherwise in accordance with these Contract Rules and the Administrative Procedures.
- (b) If there has been a suspension or termination of dealings in securities the subject of a Contract and there is no Relevant Reference Price available in respect of a delivery month, the Exchange, in its absolute discretion, shall determine whether:
 - (i) a business day other than the one which would have been the Last Trading Day shall become the Last Trading Day; and

¹⁵ Amended 01 June 2015

¹⁶ Amended 19 December 2015

¹⁷ Amended 01 June 2015

¹⁸ Amended 19 December 2015

- (ii) a business day other than the one which would have been the Reference Day shall become the Reference Day,

for such Contract.

QQQQQ.9 DEFAULT IN PERFORMANCE

- (a) A Buyer or a Seller shall be in default in performance where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed and in accordance with these Contract Rules, the Regulations, the Administrative Procedures and the Clearing House Rules; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules, in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Clearing House he is in default.
- (b) Subject to the default rules of the Clearing House, in the event of default by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each lot in issue shall be invoiced back at that price. Such price may at the Exchange's absolute discretion take account of any compensation the Exchange may consider should be paid by either party to the other.

QQQQQ.10 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

QQQQQ.16 STATEMENTS IN RELATION TO THE CONTRACT¹⁹

- (a) The Exchange draws the following statements to the attention of potential users of its ICE Futures Single Stock Futures Contracts and ICE Futures Dividend Adjusted Single Stock Futures Contracts. Members should ensure that their clients are made aware of the statements.

¹⁹ Inserted 01 June 2015

CONTRACT RULES: ICE FUTURES SINGLE STOCK FUTURES CONTRACTS AND ICE FUTURES DIVIDEND ADJUSTED SINGLE STOCK FUTURES CONTRACTS (CASH SETTLEMENT)

“Statements in relation to ICE Futures Single Stock Futures Contracts and ICE Futures Dividend Adjusted Single Stock Futures Contracts (each a “Contract” and together, the “Contracts”)

Potential users of Contracts made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules of those Contracts. Potential users should also assess for themselves, or take professional advice in relation to, the risks inherent in any such investment, and in particular those having possible impact on a Contract’s pricing or value.

These include:

- (i) whether or not there is a relevant listing authority (UK or otherwise) which imposes obligations in relation to certain aspects of corporate behaviour or disclosure; and
- (ii) (A) where a Contract is cash settled, possible influences on price formation in the underlying cash market which might affect the reference price used for settling the Contract, as explained below.
- (B) Price formation leading to the “EDSP” (as defined in the relevant Contract Rule) for the cash settled Contracts is subject to similar influences to those in the case of many other cash-settled contracts. Trading activity on the relevant stock market during the EDSP period is likely to be affected by the activity of particular market participants who are seeking to obtain price convergence at the EDSP between offsetting stock and derivatives positions. Such participants might typically seek to achieve this by unwinding their stock positions during the EDSP period at prices which will, in turn, be used to determine the final EDSP. A consequence of this concentrated activity might be that the final EDSP differs from the share price immediately prior to the commencement of the EDSP period and, if relevant, from the share price immediately following that period.
- (C) Potential users should familiarise themselves with the mechanism used by the “Relevant Stock Exchange” (as defined in the relevant Contract Rule) to determine the price which is used as the reference price to settle a Contract. Relevant Stock Exchanges may have alternative arrangements for determining such price in certain circumstances e.g. due to insufficient liquidity during a closing auction and these alternative arrangements may tend to be applied more frequently to certain securities than to others.

Potential users should, therefore, consider the risks of holding positions into the expiry of the cash settled Contracts. In particular, they should consider their exposure to potentially unfavourable price movements in the expiry and whether to take steps to neutralise such exposure; for example, taking into account that there may be relatively limited liquidity provision, whether to “roll” or close positions prior to expiry.

See Rule I.25 of the ICE Futures Europe Regulations for additional risk disclosures.”

SSSSS.1 INTERPRETATION

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and in the Administrative Procedures:
- | | |
|-----------------------------|---|
| “Administrative Procedures” | means the administrative procedures at TTTT implemented by the Exchange for the purposes of these Contract Rules. |
| “business day” | means a day on which the Market and the Relevant Stock Exchange are open for business. |
| “CHF” | denotes the lawful currency of Switzerland known, at the date of issue of these Contract Rules, as the “Swiss Franc”. |
| “company” | means a body corporate whose share capital includes shares (as defined below). |
| “Contract” | means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots, and “registered Contract” means a Contract registered by the Clearing House. |
| “Corporate Action” | has the meaning attributed to it in Rule SSSSS.13(a). |
| “Cum Entitlement” | means, in respect of a share, with the right, before a date determined and published from time to time by the Relevant Stock Exchange, to any Relevant Entitlement relating thereto. |
| “delivery month” | means each month specified as such by the Exchange pursuant to the Regulations. |
| “Delivery Notice” | has the meaning attributed to it in Rule SSSSS.6. |
| “Delivery Versus Payment” | means, in the case of shares transferred through the Relevant Settlement System, a real time system-generated payment instruction which is binding on: <ul style="list-style-type: none">(i) the Clearing House’s settlement bank in favour of the Transferor’s settlement bank in the case of a transfer of shares from the Transferor to the Clearing House; and(ii) the Transferee’s settlement bank in favour of the Clearing House’s settlement bank in the case of the transfer of shares from the Clearing House to the Transferee. |
| “DKK” | denotes the lawful currency of the Kingdom of Denmark known, at the date of issue of these Contract Rules, as the “Danish Kroner”. |
| “\$” | denotes the lawful currency of the United States of America known, at the date of issue of these Contract Rules, as the “dollar”. |
| “EDSP” | means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule SSSSS.11. |

“€”	denotes the single currency of the European Union introduced in a Member State as the lawful currency of that Member State pursuant to its participation in Economic and Monetary Union in the European Union known, at the date of issue of these Contract Rules, as the “euro”.
“Ex Entitlement”	means, in respect of a share, without the right, on or after a date determined and published from time to time by the Relevant Stock Exchange, to any Relevant Entitlement relating thereto.
“Last Trading Day”	has the meaning attributed to it in Rule SSSSS.4.
“List of Contract Details”	means the list of contract details published by the Exchange from time to time in accordance with Rule SSSSS.2(c).
“lot”	means, in respect of shares of a company specified in the List of Contract Details, the number of shares specified in that list in respect of such company.
“market day”	means a day on which the Market, the Clearing House and banks in London are open for business.
“Member State”	means a member of the European Community.
“Minimum EDSP Price Increment”	means the value specified as such in the List of Contract Details.
“NKK”	denotes the lawful currency of the Kingdom of Norway known, at the date of issue of these Contract Rules, as the “Norwegian Krone”.
“Operator of the Relevant Settlement System”	means the operator of the Relevant Settlement System and detailed in the List of Contract Details.
“£” and “pence”	denotes the lawful currency of the United Kingdom, known, at the date of issue of these Contract Rules, as “Sterling”.
“proprietary or equitable interest”	means any proprietary or equitable interest or right whatsoever including, without limitation, any such interest or right arising under or by virtue of any disposition made or purporting to be made by way of security or by way of loan and any other lien, pledge, encumbrance or equity of any kind.
“Reference Day”	has the meaning attributed to it in Rule SSSSS.2(c)(ix).
“Relevant Currency”	has the meaning attributed to it in Rule SSSSS.2(c)(iii).
“Relevant Delivery Procedures”	means one or more documents issued by the Clearing House from time to time relating to the settlement of shares under a Contract through the Relevant Settlement System.
“Relevant Entitlement”	means any one or more of a cash dividend, scrip dividend, bonus issue, scrip issue, rights issue, or any other right or entitlement,

	attaching or accruing to, or otherwise affecting, from time to time, a share or ownership of a share.
“Relevant Reference Price”	has the meaning attributed to it in Rule SSSSS.2(c)(x).
“Relevant Settlement System”	means the Settlement System as detailed in the List of Contract Details.
“Relevant Settlement System Account”	means an appropriate member account maintained by the Relevant Settlement System for the transfer of securities.
“Relevant Settlement System business day”	means a day when the Relevant Settlement System is operational for business.
“Relevant Settlement System Rules”	means those parts of the rules, reference manual, procedures, practices and any other document from time to time in force of the Relevant Settlement System which apply to the settlement of transactions by participants in the Relevant Settlement System.
“Relevant Stock Exchange”	has the meaning attributed to it in Rule SSSSS.2(c)(i).
“Rules of the Relevant Settlement System”	means, the rules as published by the Relevant Settlement System.
“SEK”	denotes the lawful currency of the Kingdom of Sweden known, at the date of issue of these Contract Rules, as the “Swedish Krona”.
“Settlement Agent”	means in respect of the transfer of shares under a Contract through the Relevant Settlement System, a member of the Relevant Settlement System.
“settlement amount”	means, in respect of a Contract, the product of the EDSP and the number of shares comprised in the lot the subject of such Contract or, as the case may be, the product of the EDSP and the number of shares delivered at any time under such Contract.
“Settlement Day”	means, in respect of a Contract for a particular company’s shares for a delivery month, the market day specified as such in the List of Contract Details.
“shares”	means securities forming part of the share capital of a company which are available for trading on the Relevant Stock Exchange.
“Stock Exchange Rules”	means the rules, regulations, procedures and practices from time to time in force of the Relevant Stock Exchange.
“Transferee”	means a person appointed under Rule SSSSS.7(a)(i)(A) to take a transfer of shares in respect of a Contract.
“Transferor”	means a person appointed under Rule SSSSS.8(a)(i)(A) to transfer shares in respect of a Contract.
“Underlying Currency”	has the meaning attributed to it in Rule SSSSS.2(c)(ii).

(c) [Not used]

(d) [Not used]

SSSSS.2 CONTRACT SPECIFICATION

- (a) These Contract Rules shall apply to all Contracts.
- (b) Each Contract shall be for one or more lots for the delivery month specified.
- (c) A Contract for a delivery month may be entered into in respect of shares of a company which have been designated for this purpose by the Exchange. The Exchange shall publish from time to time a list of such shares and companies (the “List of Contract Details”) by means of a notice posted on the Market. That list shall include, for each company’s shares:
 - (i) a stock exchange on which such shares are available for trading (the “Relevant Stock Exchange”);
 - (ii) the currency in which such shares trade on the Relevant Stock Exchange (the “Underlying Currency”);
 - (iii) the currency in which Contracts in respect of such shares shall trade (the “Relevant Currency”);
 - (iv) the minimum price fluctuation;
 - (v) the Minimum EDSP Price Increment;
 - (vi) the number of shares comprising a lot;
 - (vii) the Last Trading Day;
 - (viii) the time at which trading for the relevant delivery month shall cease on the Last Trading Day;
 - (ix) the day on which the EDSP shall be calculated in respect of Contracts (the “Reference Day”);
 - (x) subject to Rules SSSSS.11(d) and SSSSS.11(e), the price by reference to which the EDSP shall be calculated in respect of Contracts (the “Relevant Reference Price”);
 - (xi) where applicable, the source of the conversion rate to be applied to the Relevant Reference Price pursuant to Rule SSSSS.11(c);
 - (xii) the Settlement Day for Contracts; and
 - (xiii) the Relevant Settlement System.
- (d) The Exchange may from time to time vary, substitute or remove any of, or add to, the details contained in the List of Contract Details. Any such variation, substitution or removal of, or addition to, such details shall have such effect with regard to existing and/or new Contracts as the Exchange may determine and shall be the subject of a notice posted on the Market.

SSSSS.3 PRICE

- (a) Contracts in respect of a company’s shares shall trade in the Relevant Currency specified in the List of Contract Details. Bids and offers shall be quoted in the Relevant Currency in euros, Danish Kroner, Norwegian Krone, Swedish Krona, Swiss Francs, pence and US dollars per share, as the case may

require, and prices shall be a whole number multiple of the minimum price fluctuation, as specified in the List of Contract Details.

SSSSS.4 LAST TRADING DAY AND REFERENCE DAY

- (a) On the Last Trading Day:
 - (i) trading in Contracts for the relevant delivery month shall cease at such time as may be specified in the List of Contract Details; and
 - (ii) on the Reference Day the Exchange will calculate the EDSP in accordance with Rule SSSSS.11.
- (b) Subject to Rules SSSSS.4(c), SSSSS.4(d), SSSSS.4(e) and SSSSS.14(e), the Last Trading Day in respect of a delivery month shall be the day specified as such in the List of Contract Details.
- (c) If, for Contracts in respect of a delivery month, the day specified as the Last Trading Day in the List of Contract Details is not a business day then the business day immediately preceding that day shall become the Last Trading Day for such Contracts.
- (d) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that on the day which would have been the Last Trading Day either or both of the Market and the Relevant Stock Exchange will not be open for business, then the business day next following such day shall become the Last Trading Day in respect of that delivery month and the Exchange shall publish a notice by notice posted on the Market to that effect.
- (e) Where the Relevant Reference Price is determined on a day (the “Reference Day”) other than the Last Trading Day:
 - (i) if, for Contracts in respect of a delivery month, the Relevant Stock Exchange is not open for business on the day specified as the Reference Day in the List of Contract Details then the business day immediately preceding that day shall become the Reference Day for such Contracts, and the Exchange shall make such consequential adjustment to the date of the Last Trading Day as it considers necessary; and
 - (ii) if, at any time after the close of trading two business days prior to the day which would have been the Reference Day in respect of a delivery month, it becomes known to the Exchange that on the day which would have been the Reference Day either or both of the Market and the Relevant Stock Exchange will not be open for business, then the business day next following such day shall become the Reference Day in respect of that delivery month,

and the Exchange shall publish a notice by notice posted on the Market to that effect.

SSSSS.5 SETTLEMENT AGENT

- (a) Only a Settlement Agent with a settlement account at the Relevant Settlement System (a “Relevant Settlement System Account”) may be used for the purposes of making or taking delivery of shares under a Contract by transfer of shares through such Relevant Settlement System and making or receiving payment of the settlement amount under a Contract in accordance with these Contract Rules, unless these Contract Rules otherwise require or permit.

SSSSS.6 CLEARING HOUSE DELIVERY NOTICE

- (a) On the market day immediately following the Reference Day and by the time specified for that purpose in the Administrative Procedures, the Clearing House shall give a Delivery Notice:
 - (i) to the Buyer specifying the Contracts to which he is party with the Clearing House, and details of the Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Buyer and by the Clearing House to the Operator of the Relevant Settlement System, in respect of Contracts which are due to be settled by the transfer of shares through the Relevant Settlement System; and
 - (ii) to the Seller specifying the Contracts to which he is party with the Clearing House, and details of the Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Seller and by the Clearing House to the Operator of the Relevant Settlement System, in respect of Contracts which are due to be settled by the transfer of shares through the Relevant Settlement System.

SSSSS.7 BUYER'S DELIVERY DETAILS

- (a) (i) Where the Relevant Delivery Procedures so require, a Clearing Member shall give to the Clearing House, in accordance with such Relevant Delivery Procedures, details of:
 - (A) the names of persons conforming with the Relevant Delivery Procedures and paragraph (ii) of this Rule SSSSS.7(a) (who may include the Clearing Member himself) who are appointed by the Clearing Member to take a transfer of shares from the Clearing House in accordance with these Contract Rules in respect of Contracts which may be entered into by such member as Buyer;
 - (B) the names of the Settlement Agents (who may include the Transferee himself) who will be used by each such person to take a transfer of such shares and to make payment of the settlement amount for such shares and details of their Relevant Settlement System Accounts; and
 - (C) any other details required by the Clearing House pursuant to the Relevant Delivery Procedures from time to time,together with the acknowledgement described in Rule SSSSS.7(c), if required by that Rule, and each Transferee so appointed (other than the Clearing Member himself) and each Settlement Agent so appointed (whether or not the Transferee) shall act as agent for the Clearing Member in taking a transfer of such shares or making payment of the settlement amount for such shares, notwithstanding that the transfer of such shares shall be made through the Relevant Settlement System Account of the Settlement Agent.
- (ii) The Clearing House may from time to time restrict the persons or categories of persons which may be appointed as Settlement Agents or as Transferees or the types of Relevant Settlement System Accounts to be used for taking a transfer of shares.
- (iii) The details given to the Clearing House in accordance with paragraph (i) of this Rule SSSSS.7(a) may be amended from time to time in accordance with the Relevant Delivery Procedures.
- (b) Although the Buyer may under Rule SSSSS.7(a) appoint a person other than himself as Transferee, the Buyer shall himself remain responsible in respect of a Contract for the acceptance of a transfer of shares and the payment of the settlement amount for such shares and for the performance of all other obligations expressed to be imposed upon the Transferee in these Contract Rules and in the

Administrative Procedures in respect of such Contract. However, performance by the Transferee of those obligations expressed to be imposed upon him (including the obligations to accept transfer of shares and to pay the settlement amount) in accordance with these Contract Rules and the Administrative Procedures shall constitute due performance of the Buyer's obligations under such Contract.

- (c) Except where the Buyer is also the Transferee, the Buyer shall by the day specified in and in accordance with the Relevant Delivery Procedures deliver to the Clearing House an irrevocable acknowledgement, in a form from time to time prescribed by the Clearing House, addressed to the Clearing House by each Transferee, acknowledging amongst other things that the Transferee has no claims whatsoever against the Clearing House in respect of any delay on its part in transferring, or any failure on its part to transfer, the shares to be transferred in respect of any Contract from time to time entered into by the Buyer with the Clearing House and in respect of which he is appointed Transferee, or in respect of any other matter whatsoever concerning those shares.

SSSSS.8 SELLER'S DELIVERY DETAILS

- (a) (i) Where the Relevant Delivery Procedures so require, a Clearing Member shall give to the Clearing House, in accordance with such Relevant Delivery Procedures, details of:
- (A) the names of persons conforming with the Relevant Delivery Procedures and paragraph (ii) of this Rule SSSSS.8(a) (who may include the Clearing Member himself) who are appointed by the Clearing Member to transfer shares to the Clearing House in accordance with these Contract Rules in respect of Contracts which may be entered into by such Clearing Member as Seller;
 - (B) the names of the Settlement Agents (who may include the Transferor himself) who will be used by each such person to transfer such shares and to receive payment of the settlement amount for such shares and details of their Relevant Settlement System Accounts; and
 - (C) any other details required by the Clearing House pursuant to the Relevant Delivery Procedures from time to time,
- together with the acknowledgement described in Rule SSSSS.8(c), if required by that Rule, and each Transferor so appointed (other than the Clearing Member himself) and each Settlement Agent so appointed (whether or not the Transferor) shall act as agent for the Clearing Member in transferring such shares or receiving payment of the settlement amount for such shares, notwithstanding that settlement of such shares shall be made through the Relevant Settlement System Account of the Settlement Agent.
- (ii) The Clearing House may from time to time restrict the persons or categories of persons which may be appointed as Settlement Agents or as Transferors or the types of Relevant Settlement System Accounts to be used for making a transfer of shares.
- (iii) The details given to the Clearing House in accordance with paragraph (i) of this Rule SSSSS.8(a) may be amended from time to time in accordance with the Relevant Delivery Procedures.
- (b) Although the Seller may under Rule SSSSS.8(a) appoint a person other than himself as Transferor, the Seller shall himself remain responsible in respect of a Contract for delivery of the shares and the performance of all other obligations under such Contract expressed to be imposed upon the Transferor in these Contract Rules and in the Administrative Procedures. However, performance by the Transferor of those obligations expressed to be imposed upon him (including the obligation to transfer

shares) in accordance with these Contract Rules and in the Administrative Procedures shall constitute due performance of the Seller's obligations under such Contract.

- (c) Except where the Seller is also the Transferor, the Seller shall by the day specified in and in accordance with the Relevant Delivery Procedures deliver to the Clearing House an irrevocable acknowledgement, in a form from time to time prescribed by the Clearing House, addressed to the Clearing House by each Transferor, acknowledging amongst other things that the obligations of the Clearing House with regard to all sums payable by it in respect of shares to be delivered by the Transferor in respect of any Contract from time to time entered into by the Seller with the Clearing House and in respect of which he is appointed Transferor are owed to the Seller alone, and that the Transferor has no rights whatsoever against the Clearing House.

SSSSS.9 SUBMISSION OF DETAILS TO THE RELEVANT SETTLEMENT SYSTEM

- (a) In respect of Contracts to be settled by the transfer of shares through the Relevant Settlement System, on the Relevant Settlement System business day following the Last Trading Day, and by the time specified for that purpose in the Administrative Procedures, the details of Contracts notified to the Buyer and to the Seller pursuant to Rules SSSSS.6(a)(i) and SSSSS.6(a)(ii) respectively and such other details as may be required by the Relevant Delivery Procedures shall have been submitted, as required by such Contract Rules, to the Relevant Settlement System, so as to enable the Relevant Settlement System:
 - (i) in the case of the Buyer, to match the details of the Contracts submitted to it by or on behalf of the Buyer with the details of the Contracts submitted to it by the Clearing House; and
 - (ii) in the case of the Seller, to match the details of the Contracts submitted to it by or on behalf of the Seller with the details of the Contracts submitted to it by the Clearing House,

in order that settlement of Contracts is effected through the Relevant Settlement System on the Settlement Day.

- (b) In respect of Contracts to be settled by the transfer of shares through the Relevant Settlement System, in accordance with the Clearing House Rules, both Buyer and Seller must match in the Relevant Settlement System the exact settlement amount as alleged by the Clearing House.

SSSSS.10 DELIVERY

- (a) In respect of each lot comprised in a Contract, the Seller is obliged to make delivery of the number of shares comprised in such lot and the Buyer is obliged to take delivery thereof and to make payment of the settlement amount in accordance with this Rule SSSSS.10 and the Administrative Procedures, subject to these Contract Rules and the Administrative Procedures which shall apply thereto.
- (b) All shares to be transferred in respect of a Contract shall be transferred free of any proprietary or equitable interest of any person.
- (c) In respect of Contracts to be settled by the transfer of shares through the Relevant Settlement System, a transfer of shares in respect of a Contract shall be made through the Relevant Settlement System in accordance with the Relevant Settlement System Rules, these Contract Rules and the Administrative Procedures, or as otherwise required or permitted by these Contract Rules and payment for such shares shall be made in accordance with these Contract Rules, the Administrative Procedures and the Relevant Settlement System Rules, and the provisions of this Rule SSSSS.10 shall be subject to the Relevant Settlement System Rules where applicable.
- (d) Subject to Rule SSSSS.10(f), on the Settlement Day at or by the time specified in respect of the Relevant Settlement System and in accordance with the Administrative Procedures:

- (i) the Transferor shall, in respect of Contracts to be settled by the transfer of shares through the Relevant Settlement System, have transferred shares through the Relevant Settlement System from the Relevant Settlement System Account notified to the Clearing House in accordance with Rule SSSSS.8(a)(i) to the Relevant Settlement System Account of the Clearing House and payment of the settlement amount for such shares transferred through the Relevant Settlement System shall have been satisfied by Delivery Versus Payment; and
 - (ii) the Clearing House shall, in respect of Contracts to be settled by the transfer of shares through the Relevant Settlement System, have transferred the shares through the Relevant Settlement System from its Relevant Settlement System Account to the Relevant Settlement System Account notified to the Clearing House in accordance with Rule SSSSS.7(a)(i) for the account of the Transferee and payment of the settlement amount for such shares transferred through the Relevant Settlement System shall have been satisfied by Delivery Versus Payment.
- (e) In respect of Contracts to be settled by transfer of shares through the Relevant Settlement System:
- (i) whether or not the Seller appoints a Transferor other than himself, and notwithstanding that such a Transferor is the Seller's agent, Delivery Versus Payment arising upon the transfer of shares to the Relevant Settlement System Account of the Clearing House pursuant to Rule SSSSS.10(d)(i) shall discharge the Clearing House's liability to pay the settlement amount for such shares to the Seller;
 - (ii) Delivery Versus Payment arising upon the transfer of shares pursuant to Rule SSSSS.10(d)(ii) to the Relevant Settlement System Account notified to the Clearing House in accordance with Rule SSSSS.7(a)(i) for the account of the Transferee shall discharge the Buyer's liability to pay the settlement amount for such shares to the Clearing House;
 - (iii) the transfer of shares by the Clearing House to or to the order of the Transferee shall discharge the Clearing House's liability to transfer such shares to the Buyer, whether or not the Transferee is the Buyer's agent; and
 - (iv) the transfer of shares by the Transferor to the Clearing House shall discharge the Seller's liability to transfer such shares to the Clearing House.
- (f) (i) Subject to Rule SSSSS.14, if any transfer of shares required by Rule SSSSS.10(d) cannot be or has not been fully accomplished on the Settlement Day at or by the time specified in respect of the Relevant Settlement System in the Administrative Procedures, due to any event occurring which is outside the control of the Transferor or of the Transferee or of the Clearing House, as the case may be, which, without prejudice to the generality of the foregoing, may include:
- (A) a failure by a seller of shares to the Transferor to make transfer of such shares by the due time so as to enable the Transferor to fulfil his obligations to transfer the shares to the Clearing House in accordance with Rule SSSSS.10(d)(i);
 - (B) a failure by the Transferor to transfer shares to the Clearing House in accordance with Rule SSSSS.10(d)(i) so as to enable the Clearing House to fulfil its obligations to transfer shares to a Transferee in accordance with Rule SSSSS.10(d)(ii);
 - (C) an error, failure, closure or suspension of the Relevant Settlement System or of other systems operated by or on behalf of the Relevant Settlement System;
 - (D) a failure or termination of the Transferor's or the Transferee's or the Clearing House's access to its Settlement Agent;

- (E) a failure of the Transferor's or Transferee's Settlement Agents or the Clearing House's access to the Relevant Settlement System for any reason, including, without limitation, as a result of any fault or failure of any computer or communication system;
- (F) any action taken by the Relevant Settlement System, whether pursuant to the Rules of the Relevant Settlement System or otherwise; or
- (G) any failure of, or any action or failure to take action by, a settlement bank, appointed by the Transferor, the Clearing House or the Transferee from time to time in connection with the settlement of shares through the Relevant Settlement System, which prevents the transfer of shares to the Transferor or to the Clearing House or to the Transferee, as the case may be,

then, without prejudice to paragraphs (iv)(A) and (iv)(B) of this Rule SSSSS.10(f), such transfer or transfers shall be made as soon as possible through the Relevant Settlement System and in accordance with the Relevant Delivery Procedures in order fully to perform a Contract or, if an event occurs which prevents a transfer of shares through the Relevant Settlement System, in accordance with any instructions which may be given by the Clearing House, which may require delivery by a means other than through the Relevant Settlement System. In the case of any disagreement between the Clearing House and the Transferor or between the Clearing House and the Transferee as to whether any particular transfer can be or has been accomplished the determination of the Clearing House shall be final.

- (ii) Any instructions given by the Clearing House under paragraph (i) of this Rule SSSSS.10(f) above shall be binding and failure by the Seller or the Buyer to comply or ensure compliance with such instructions shall constitute a default under Rule SSSSS.15(a) by such Seller or, as the case may be, such Buyer.
- (iii) Where the Clearing House is unable to transfer shares in respect of a Contract to the Transferee in accordance with Rule SSSSS.10(d)(ii) as a result of any event (other than an event referred to in Rule SSSSS.14, which, for the avoidance of doubt, shall be dealt with under Rule SSSSS.14) occurring which is outside the control of the Clearing House, the rights of the Buyer shall consist solely of the right to have transfer of the shares made to the Transferee as soon as possible through the Relevant Settlement System and in accordance with the Relevant Delivery Procedures or otherwise as required by these Contract Rules and as soon as possible after the Clearing House has received a transfer of such shares from the Transferor or acquired them from another person.
- (iv)
 - (A) If any transfer of shares to the Clearing House in respect of a Contract required to be made by the Transferor under Rule SSSSS.10(d)(i) or under paragraph (i) of this Rule SSSSS.10(f) is not made by the relevant time specified in the Relevant Delivery Procedures as a consequence of the occurrence of an event referred to in paragraph (i)(A) of this Rule SSSSS.10(f); or
 - (B) if an event referred to in paragraph (i)(G) of this Rule SSSSS.10(f) occurs which prevents a transfer of shares to the Transferor or a transfer of shares by the Clearing House to the Transferee; or
 - (C) notwithstanding the occurrence (if any) of an event referred to in paragraph (i) of this Rule SSSSS.10(f) or in Rule SSSSS.14 at any time, if the Clearing House, in consultation with the Exchange, determines that the Seller (or the Buyer) has not used its best endeavours to transfer (or to take transfer of) shares or to procure the Transferor to transfer (or to procure the Transferee to take a transfer of) shares, as the case may be, on the Settlement Day or in accordance with paragraph (i) of this Rule SSSSS.10(f); or

- (D) if any transfer of shares to the Clearing House in respect of a Contract required to be made under paragraph (i) of this Rule SSSSS.10(f) (other than as a consequence of an event referred to in paragraph (i)(A) or (i)(G) of this Rule SSSSS.10(f)) is not made as soon as possible after the Settlement Day,

then the Clearing House shall be entitled to treat the Seller or the Buyer as in default and, without prejudice to its rights under Rule SSSSS.16 and to its powers under the Clearing House Rules, the Clearing House shall be entitled, at its absolute discretion, to take steps to acquire shares in accordance with the Relevant Delivery Procedures in order to fulfil its obligations under a Contract in whole or in part to make delivery of shares to a Buyer or to dispose of shares (where possible) delivered to it by the Seller and the Seller or the Buyer (as the case may be) in default shall indemnify the Clearing House in respect of any losses, costs, taxes or expenses suffered or incurred by it in taking any such steps or in exercising any such rights or powers (including any losses determined in accordance with Rule SSSSS.16(c)). The Seller or the Buyer (as the case may be) who is in default shall comply with any directions given by the Clearing House.

- (g) (i) If as a result of any event contemplated by Rule SSSSS.10(f)(i) there is a delay in the transfer of shares in respect of a Contract and the benefit of a Relevant Entitlement to which the Transferee would have been entitled if transfer to him had taken place in accordance with Rule SSSSS.10(d)(ii) (and he had retained beneficial title to the shares), is received by the Clearing House (or by the Transferor, if transfer is not made to the Clearing House by the Transferor in accordance with Rule SSSSS.10(d)(i)) then:
- (A) if the Clearing House has received the benefit of such Relevant Entitlement, or receives the benefit of such Relevant Entitlement under sub-paragraph (B) of this Rule SSSSS.10(g)(i), the Clearing House shall pass on the benefit of such Relevant Entitlement which it receives to the Buyer and shall deliver to the Buyer such documents (if any) as it receives in connection therewith; and
- (B) if the Transferor has received the benefit of such Relevant Entitlement, the Seller shall pass on or procure that the Transferor passes on the benefit of such Relevant Entitlement which it receives to the Clearing House and shall deliver to the Clearing House such documents (if any) as it receives in connection therewith.
- (ii) Any act required by paragraph (i) of this Rule SSSSS.10(g) shall be done at such time and in such manner as the Clearing House may specify.
- (h) If any event contemplated by Rule SSSSS.10(f)(i) occurs, the Seller or the Buyer, as applicable, shall provide to the Clearing House documentary evidence satisfactory to the Clearing House that he has complied with his obligations under a Contract to which he is party by the time and in the manner prescribed.
- (i) (i) The Clearing House shall give notice to the Exchange of any instructions given by it under Rule SSSSS.10(f)(i) forthwith upon giving such instructions and of any event contemplated by Rule SSSSS.10(f)(i) which may prevent or has prevented a transfer of shares in respect of a Contract upon becoming aware of any such event.
- (ii) If any event contemplated by Rule SSSSS.10(f)(i) occurs, the provisions of Rule SSSSS.10 shall apply and the provisions of Rule SSSSS.17 shall not apply unless, after consultation with the Clearing House, the Exchange determines that such circumstances have continued or are likely to continue for such duration that the provisions of Rule SSSSS.10(f) shall no longer apply and that the provisions of Rule SSSSS.17 shall apply. The Exchange's determination shall be final and binding.

- (j) Any provision of this Rule SSSSS.10 or of any other of these Contract Rules or of the Administrative Procedures relating to procedures for settlement may be varied, or substituted by different procedures for settlement, by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

SSSSS.11 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) Subject to Rules SSSSS.11(d) and SSSSS.11(e), the EDSP shall be calculated by reference to the Relevant Reference Price.
- (b) The EDSP for Contracts for a particular delivery month shall be calculated by the Exchange as the Relevant Reference Price, adjusted where applicable in accordance with Rule SSSSS.11(c), rounded to the nearest Minimum EDSP Price Increment as specified by the Exchange in the List of Contract Details or, where the Relevant Reference Price is an exact uneven multiple of one half of the Minimum EDSP Price Increment, to the nearest higher Minimum EDSP Price Increment.
- (c) Where the Underlying Currency is different from the Relevant Currency, the Relevant Reference Price shall be converted to the Relevant Currency by application of the conversion rate referred to in the List of Contract Details prior to rounding being carried out in accordance with Rule SSSSS.11(b).
- (d) If no Relevant Reference Price is available in respect of the Last Trading Day, the Exchange shall fix the EDSP for such Contracts at a price determined by it, in its absolute discretion, as being consistent with cash market values of the shares the subject of such Contracts.
- (e) The Exchange may at its discretion resolve, prior to the commencement of the calendar month in which the Last Trading Day falls, that the EDSP shall be determined by means other than that specified in Rule SSSSS.11(a), subject always to the proviso that the EDSP shall be calculated by reference to cash market values of the shares the subject of such Contract.
- (f) The Exchange shall publish the EDSP at such time as may be specified for that purpose in the Administrative Procedures. The EDSP shall be final and binding for all purposes.

SSSSS.12 ENTITLEMENT

- (a) If shares the subject of a Contract are Cum Entitlement on the Last Trading Day, the Buyer shall be entitled to receive, or to exercise, or to direct the exercise of, the Relevant Entitlement in respect of such shares which are to be delivered to him under the Contract.

SSSSS.13 CORPORATE ACTIONS

- (a) In this Rule SSSSS.13, "Corporate Action" shall mean:
 - (i) a cash and/or scrip dividend, a bonus or scrip issue, a rights issue, a share split, subdivision or consolidation, a demerger or any other event affecting or giving rise to a right or entitlement attaching or accruing to the shares of, or ownership of shares in, a company; or
 - (ii) a takeover, merger or any arrangement, transaction or series of transactions which will or may result in the acquisition by any person or persons or any associated person or persons of a substantial proportion of the shares of a company; or
 - (iii) a change to the Underlying Currency of the shares of a company; or

- (iv) any other event which, in the opinion of the Exchange, impacts or may impact on a ² Contract in respect of the shares of a company.
- (b) Where any Corporate Action occurs with respect to the shares of a company, or which affects a company whose shares are the subject of a Contract, the Exchange, in its absolute discretion, may, but shall not be obliged to, determine:
 - (i) to make adjustments to the size of the lot and/or to the price of such lot; or
 - (ii) to vary, substitute or remove any of, or add to, these Contract Rules to make provision for the effect of such Corporate Action. Any such variation, substitution, removal or addition may, without limitation, be made to make provision for shares in one or more companies other than the shares originally the subject of the Contract, or one or more entitlements pertaining to the shares of a company, or a cash amount to be transferred in addition to or in substitution for some or all of such shares to form the subject of a lot.
- (c) Any adjustment, variation, substitution or removal of or addition to these Contract Rules determined upon under Rule SSSSS.13(b) will be determined in accordance with the policy of the Exchange from time to time in relation to Corporate Actions unless the Exchange, in its absolute discretion, determines otherwise. The Exchange's policy relating to Corporate Actions will be published from time to time by means of one or more notices posted on the Market. Any adjustment, variation, substitution, removal of or addition to these Contract Rules made under this Rule SSSSS.13 shall be published in one or more notices posted on the Market and shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

SSSSS.14 STOCK SUSPENSION OR TERMINATION³

- (a) In this Rule SSSSS.14, "suspended shares" and "delisted securities" shall mean shares which are the subject of a suspension or termination of dealings or shares which have been suspended or withheld from settlement through the Relevant Settlement System.
- (b) If dealings in shares the subject of a Contract are suspended or prohibited by the Relevant Stock Exchange or are otherwise not permitted to be made under Stock Exchange Rules ("suspension or termination of dealings") or shares the subject of a Contract are otherwise suspended shares, any such Contract shall be performed in accordance with this Rule SSSSS.14 and otherwise in accordance with these Contract Rules and the Administrative Procedures.
- (c) Subject to Rule SSSSS.14(d), shares which are the subject of suspension or termination of dealings which are required to be delivered in respect of a Contract shall be delivered through the Relevant Settlement System on the Settlement Day in accordance with these Contract Rules.
- (d) (i) If settlement of suspended or delisted shares the subject of a Contract cannot be made on or after the Settlement Day for such Contract through the Relevant Settlement System, such shares shall be delivered in accordance with any instructions which may be given by the Clearing House, which shall be final and binding, save that where the Exchange determines that such Contract shall be invoiced back, such Contract shall be invoiced back at a price fixed by the Exchange in consultation with the Clearing House. It shall not, subject to Rule SSSSS.10(f)(iv)(C), be an event of default under these Contract Rules if settlement of suspended or delisted shares is not effected on the Settlement Day, but failure by the Seller or the Buyer to comply or ensure compliance with any instructions given by the Clearing House under this Rule SSSSS.14(d)(i) shall constitute a default under Rule SSSSS.15(a) by such Seller or, as the case may be, such Buyer.

² Amended 19 December 2015

³ Amended 19 December 2015

- (ii) The Exchange's determination under paragraph (i) of this Rule SSSSS.14(d) shall be final and binding and shall be published by means of a notice posted on the Market.
- (e) If there has been a suspension of dealings in shares the subject of a Contract and there is no Relevant Reference Price available in respect of the Last Trading Day, the Exchange, in its absolute discretion, shall determine whether a business day other than the one which would have been the Last Trading Day shall become the Last Trading Day for such Contract.

SSSSS.15 DELIVERY DEFAULT

- (a) The Buyer or the Seller, as the case may be, shall be in default where:
 - (i) subject to Rule SSSSS.10, he fails to fulfil his obligations under a Contract by the time and in the manner prescribed and in accordance with these Contract Rules, the Regulations and the Administrative Procedures;
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules and the Administrative Procedures;
 - (iii) the "bad delivery" rules or any other rules set forth in the Rules of the Relevant Settlement System are invoked with respect to the transfer of shares to the Clearing House by the Transferor appointed by the Seller to make such transfer or in respect of the transfer of shares by the Clearing House to the Transferee appointed by the Buyer to accept such transfer which may lead or leads to the reversal of one or more transfers of shares; or
 - (iv) in the reasonable opinion of the Clearing House he is otherwise in default under a Contract.

For the avoidance of doubt, the Seller shall be held to be in default if the "bad delivery" or such other rules referred to in paragraph (iii) of this Rule SSSSS.15(a) are invoked with respect to the transfer of shares by the Transferor to the Clearing House or the transfer of shares by the Clearing House to the Transferee and notwithstanding that the Seller may not be responsible for any circumstance which leads to such "bad delivery" or such other rules being invoked.

- (b) Obvious clerical errors in any notice to be given hereunder and which can be readily rectified shall not be treated as constituting a default.
- (c) Notwithstanding a default under Rule SSSSS.15(a), the Clearing House may in its absolute discretion determine not to exercise or to delay in exercising any of its rights under Rule SSSSS.16, and no failure by the Clearing House to exercise nor any delay on its part in exercising any of such rights shall operate as a waiver of the Clearing House's rights upon that or upon any subsequent occasion, nor shall any single or partial exercise of such rights prevent any further exercise thereof or of any other right.

SSSSS.16 EFFECT OF DELIVERY DEFAULT

- (a) The provisions of Rules SSSSS.16(b) to SSSSS.16(e) inclusive shall be subject to the default rules from time to time in force of the Clearing House.
- (b) If there appears to the Clearing House to be a default by the Buyer or the Seller, as the case may be, under Rule SSSSS.15(a) in respect of any lot comprised in a registered Contract the Clearing House may take such steps as it deems appropriate to facilitate a mutually acceptable resolution of the default:
 - (i) where the Buyer appears to be in default, between such Buyer and the Clearing House; or
 - (ii) where the Seller appears to be in default, between such Seller and the Clearing House.

- (c) (i) In addition to any steps taken under Rule SSSSS.16(b) the Clearing House may, if it appears to it that a Clearing Member as Seller or a Clearing Member as Buyer is in default under Rule SSSSS.15(a), in its sole discretion take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of a Seller or Buyer not in default including, without prejudice to the generality of the foregoing, the steps referred to in paragraph (ii) or (iii) of this Rule SSSSS.16(c) below. Any action taken by the Clearing House pursuant to this Rule SSSSS.16 or Rule SSSSS.10(f) shall be without prejudice to any rights, obligations or claims of a Buyer, a Seller, or the Clearing House and any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with taking such action or such default (or, without limitation, following the “bad delivery” or such other rules referred to in paragraph (iii) of Rule SSSSS.15(a) being invoked) shall be paid by the Buyer or the Seller in default.
- (ii) Where a Buyer appears to be in default under Rule SSSSS.15(a) the Clearing House may take steps pursuant to paragraph (i) of this Rule SSSSS.16(c) to sell any or all of the shares delivered to it by a Transferor at such time and place and in such manner and on such terms as may to the Clearing House seem fit. Where the price at which such shares are sold (the “Sale Price”) is less than the amount due but unpaid by the Buyer to the Clearing House in respect of such shares (the “Unpaid Amount”), the difference between the Unpaid Amount and the Sale Price shall forthwith on demand be paid by the Buyer in default to the Clearing House. Where the Unpaid Amount is less than the Sale Price the difference between the Sale Price and the Unpaid Amount shall (if any remain after the deduction so far as possible of such sums as are payable by the Buyer to the Clearing House hereunder or otherwise) be retained by the Clearing House to the order of the Exchange. The Buyer in default shall forthwith on demand pay to the Clearing House any sums payable by the Buyer pursuant to paragraph (i) of this Rule SSSSS.16(c).
- (iii) Where a Seller appears to be in default under Rule SSSSS.15(a), or is treated as being in default under Rule SSSSS.10(f), or, without prejudice to the foregoing, paragraph (iii) of Rule SSSSS.15(a) applies and a step taken by the Clearing House pursuant to paragraph (i) of this Rule SSSSS.16(c) or Rule SSSSS.10(f) is to acquire shares at such time and place and in such manner and on such terms as the Clearing House thinks fit from a person other than the Seller in order to meet in whole or in part its obligations to a Buyer to make delivery of shares in respect of a Contract:
- (A) if the total cost incurred by the Clearing House in acquiring shares, including for the avoidance of doubt the cost of any purchase of shares by the Clearing House in order to fulfil any obligations under the arrangements it has made to acquire the shares (the “Acquisition Cost”), is greater than the amount which would have been payable by the Clearing House to the Transferor in respect of the shares to have been delivered to it by the Transferor (or which, but for the application of the “bad delivery” or such other rules referred to in paragraph (iii) of Rule SSSSS.15(a) had purportedly been delivered to it by the Transferor), the Seller shall forthwith on demand pay the amount of such difference to the Clearing House; or
- (B) if the Acquisition Cost is less than the amount which would have been payable by the Clearing House as referred to in sub-paragraph (A) of this Rule SSSSS.16(c)(iii) above, the amount of such difference shall (if any remain after the deduction so far as possible of such sums as are payable by the Seller to the Clearing House under sub-paragraph (C) of this Rule SSSSS.16(c)(iii) below or otherwise) be retained by the Clearing House to the order of the Exchange; and
- (C) if the Seller delivers or attempts to deliver shares to the Clearing House under a Contract after the Settlement Day, the Clearing House shall be entitled to reject such attempted or actual delivery, or shall be entitled to sell any shares which are so delivered, as it sees fit,

if the Clearing House has made alternative arrangements to acquire shares for delivery to the Buyer; and

- (D) the Seller shall forthwith on demand pay to the Clearing House any sums payable by the Seller pursuant to paragraph (i) of this Rule SSSSS.16(c).
- (iv) Any step taken by the Clearing House pursuant to paragraph (i), (ii) or (iii) of this Rule SSSSS.16(c) shall be without prejudice to the rights of any party to refer a dispute to arbitration.
- (d) Without prejudice to its rights under Rules SSSSS.16(b) and SSSSS.16(c), the Clearing House may refer to the Exchange any dispute or issue arising between the parties referred to in paragraph (i) or (ii) of Rule SSSSS.16(b) as a result of a default by a Seller or by a Buyer under Rule SSSSS.15(a). If, upon such reference, the Exchange is of the opinion that the default is of minor significance it shall determine any such dispute or issue upon such evidence as it may deem relevant and convey its findings to the Buyer and the Seller, who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of either party to refer the dispute or any related dispute to arbitration.
- (e) If no settlement has been reached pursuant to Rule SSSSS.16(b) and if no steps have been taken by the Clearing House pursuant to Rule SSSSS.16(c) and any dispute or issue between the parties referred to the Exchange under Rule SSSSS.16(d) is, in the opinion of the Exchange, not such as may be subject to determination under Rule SSSSS.16(d) then the Exchange in consultation with the Clearing House shall forthwith fix a price for invoicing back each Contract in respect of which the dispute or issue has arisen and each Contract, as the case may be, shall be invoiced back at that price. Such invoicing back price shall be final. Such price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider should be paid by any party save that where a dispute or issue has arisen in respect of a Contract between a Seller and the Clearing House and a like dispute or issue has arisen in respect of a Contract between a Buyer and the Clearing House which had been matched by the Clearing House with the Contract between the Seller and the Clearing House, and the dispute or issue has in each case been referred to the Exchange under Rule SSSSS.16(d), the Exchange shall fix the same invoicing back price in respect of each Contract. Any such action taken by the Exchange under this Rule SSSSS.16(e) shall be without prejudice to the rights of any of the parties to refer any dispute to arbitration.

SSSSS.17 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

TTTTT.0	Interpretation
TTTTT.1	Settlement Procedures
TTTTT.2	Delivery Details
TTTTT.3	Timetable ¹

¹ Amended 12 December 2014, 1 December 2015

TTTTT.0 INTERPRETATION

All defined terms as set out in Rule SSSSS shall apply to this Rule TTTTT.

TTTTT.1 SETTLEMENT PROCEDURES

All deliveries under a Contract must be made in accordance with the Rules of the Relevant Settlement System with respect to the settlement of contracts through the Relevant Settlement System and the relevant Contract Rules, Administrative Procedures and Relevant Delivery Procedures.

TTTTT.2 DELIVERY DETAILS

Where the Relevant Delivery Procedures so require, Clearing Members shall have given to the Clearing House in accordance with the Relevant Delivery Procedures the delivery details referred to in Rules SSSSS.7(a) and SSSSS.8(a) in order to facilitate settlement of Contracts through the Relevant Settlement System.

TTTTT.3 TIMETABLE²**Last Trading Day**

At the time specified in the
List of Contract Details

Trading in Contracts for the relevant delivery month shall cease.

Reference Day

As soon as
reasonably practicable

The Exchange will publish the EDSP.

On the market day following the Reference Day

By 07.00 hours

The Clearing House will issue a Delivery Notice to each of the Buyer and the Seller specifying the Contracts to which he is party with the Clearing House and details of the Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Buyer or the Seller, as the case may be, and by the Clearing House to the Relevant Settlement System, in respect of Contracts which are due to be settled by the transfer of shares through the Relevant Settlement System.

² Amended 12 December 2014, 1 December 2015

In respect of Contracts to be settled by the transfer of shares through the Relevant Settlement System, on the Relevant Settlement System business day following the Reference Day

By 11.30 hours

The details of Contracts shall have been submitted, as required by such terms, to Relevant Settlement System so as to enable Relevant Settlement System:

- (a) in the case of the Buyer, to match the details of the Contracts submitted to it by or on behalf of the Buyer with the details of the Contracts submitted to it by the Clearing House; and
- (b) in the case of the Seller, to match the details of the Contracts submitted to it by or on behalf of the Seller with the details of the Contracts submitted to it by the Clearing House,

in order that settlement of Contracts is effected through the Relevant Settlement System on the Settlement Day.

In respect of Contracts to be settled by the transfer of shares through the Relevant Settlement System, on the Settlement Day

One hour before the
close of Delivery
Versus Payment equity
settlement

- (a) The Transferor in respect of a Contract shall have transferred shares through the Relevant Settlement System to the Relevant Settlement System Account of the Clearing House and payment of the settlement amount for such shares transferred through the Relevant Settlement System shall have been satisfied by Delivery Versus Payment; and

By the close of Delivery
Versus Payment equity
settlement

- (b) the Clearing House shall, in respect of a Contract, have transferred shares through the Relevant Settlement System to the Relevant Settlement System Account notified to the Clearing House in accordance with Rule SSSSS.7(a)(i)(B) for the account of the Transferee and payment of the settlement amount for such shares transferred through the Relevant Settlement System shall have been satisfied by Delivery Versus Payment.

UUUUU.1 INTERPRETATION

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and in the Administrative Procedures:
- “Administrative Procedures” means the administrative procedures at Rule VVVVVV implemented by the Exchange for the purposes of these Contract Rules.
- “business day” means a day on which the Market and the Relevant Stock Exchange are open for business.
- “Canadian Dollars” and “CAD” denote the lawful currency of Canada known, at the date of issue of these Contract Rules, as the “dollar”.
- “CHF” denotes the lawful currency of Switzerland known, at the date of issue of these Contract Rules, as the “Swiss Franc”.
- “company” means a body corporate whose share capital includes shares (as defined below).
- “Contract” means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots, and “registered Contract” means a Contract registered by the Clearing House.
- “Corporate Action” has the meaning attributed to it in Rule UUUUU.14(a).
- “Cum Entitlement” means, in respect of a share, with the right, before a date determined and published from time to time by the Relevant Stock Exchange, to any Relevant Entitlement relating thereto.
- “CZK” denotes the lawful currency of the Czech Republic known, at the date of issue of these Contract Rules, as the “Czech Koruna”.
- “delivery month” in respect of Rule QQQQQ or Rule SSSSS means a month specified as such by the Exchange for which a contract in the terms of Rule QQQQQ or Rule SSSSS (as the case may be) can be made.
- “Delivery Notice” has the meaning attributed to it in Rule UUUUU.8.
- “Delivery Versus Payment” means, in the case of securities transferred through the Relevant Settlement System, a real time system-generated payment instruction which is binding on:
- (i) the Clearing House’s settlement bank in favour of the Transferor’s settlement bank in the case of a transfer of securities from the Transferor to the Clearing House; and
 - (ii) the Transferee’s settlement bank in favour of the Clearing House’s settlement bank in the case of the transfer of securities from the Clearing House to the Transferee.

“ZAR” and “ZAr”	denote the lawful currency of South Africa known, at the date of issue of these Contract Rules, as the “South African Rand” and “South African Rand cents”.
“Stock Exchange Rules”	means the rules, regulations, procedures and practices from time to time in force of the Relevant Stock Exchange.
“Transferee”	means a person appointed under Rule UUUUU.9(a)(i)(A) to take a transfer of securities in respect of a Contract.
“Transferor”	means a person appointed under Rule UUUUU.10(a)(i)(A) to transfer securities in respect of a Contract.
“Underlying Currency”	has the meaning attributed to it in Rule UUUUU.2(h)(ii).

(c) [Not used]

(d) [Not used]

UUUUU.2 CONTRACT SPECIFICATION

- (a) These Contract Rules shall apply to all Contracts.
- (b) Each Contract shall be for one or more lots.
- (c) An ICE Futures Single Stock (Flexible) Futures Contract (“SSF contract”) may not be made under these Contract Rules if, at such time, such SSF contract is capable of being a contract in the terms of Rule QQQQQ or Rule SSSSS.
- (d) [Not used]
- (e) [Not used]
- (f) [Not used]
- (g) [Not used]
- (h) A Contract may be entered into in respect of securities which have been designated for this purpose by the Exchange. The Exchange shall publish from time to time a list of such securities and companies (the “List of Contract Details”) by means of a notice posted on the Market. That list shall include, for each security:

-
- (i) a stock exchange on which such securities are available for trading (the “Relevant Stock Exchange”);
 - (ii) the currency in which such securities trade on the Relevant Stock Exchange (the “Underlying Currency”);
 - (iii) the currency in which Contracts in respect of such securities shall trade (the “Relevant Currency”);
 - (iv) the minimum price fluctuation;
 - (v) the Minimum EDSP Price Increment;
 - (vi) the number of securities comprising a lot;
 - (vii) the time at which trading shall cease on the Last Trading Day;
 - (viii) the day on which the EDSP shall be calculated in respect of Contracts (the “Reference Day”);
 - (ix) subject to Rules UUUUU.5(d) and UUUUU.5(e), the price by reference to which the EDSP shall be calculated on the Reference Day in respect of Contracts (the “Relevant Reference Price”);
 - (x) where applicable, the source of the conversion rate to be applied to the Relevant Reference Price pursuant to Rule UUUUU.5(c);
 - (xi) the Settlement Day for Contracts; and
 - (xii) the Relevant Settlement System.
- (i) The Exchange may from time to time vary, substitute or remove any of, or add to, the details contained in the List of Contract Details. Any such variation, substitution or removal of, or addition to, such details shall have such effect with regard to existing and/or new Contracts as the Exchange may determine and shall be the subject of a notice posted on the Market.

UUUUU.3 PRICE

- (a) Contracts in respect of a security shall trade in the Relevant Currency specified in the List of Contract Details. Bids and offers shall be quoted in the Relevant Currency and prices shall be a whole number multiple of the minimum price fluctuation, as specified in the List of Contract Details.

UUUUU.4 LAST TRADING DAY AND REFERENCE DAY

- (a)
 - (i) On the Last Trading Day of a Contract, trading in such Contract shall cease at such time as may be specified in the List of Contract Details.
 - (ii) On the Reference Day, the Exchange will calculate the EDSP in accordance with Rule UUUUU.5.
- (b) Subject to Rules UUUUU.4(d), UUUUU.4(e), UUUUU.4(f), UUUUU.15(b) and UUUUU.17(e), the Last Trading Day in respect of a Contract shall be the day agreed as such by the parties to the Contract (being anticipated to be a business day falling within a period from time to time prescribed by the Exchange, and being a day which has not been declared by the Exchange in a notice posted on the Market as a day which may not be a Last Trading Day in respect of a Contract).

**CONTRACT RULES: ICE FUTURES SINGLE STOCK (FLEXIBLE)
FUTURES CONTRACTS AND ICE FUTURES
DIVIDEND ADJUSTED SINGLE STOCK
FUTURES CONTRACTS**

UUUUUU

- (c) Subject to Rules UUUUU.4(d), UUUUU.4(e), UUUUU.4(f), UUUUU.15(b) and UUUUU.17(e), the Reference Day in respect of a Contract shall be the day specified as such in the List of Contract Details.
- (d) If the day specified as the Last Trading Day is not a business day[†], then the business day immediately preceding that day shall become the Last Trading Day for such Contracts.
- (e) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day, it becomes known to the Exchange that on the day which would have been the Last Trading Day either or both of the Market and the Relevant Stock Exchange will not be open for business[†], then the business day next following such day shall become the Last Trading Day in respect of such Contract and the Exchange shall publish a notice posted on the Market to that effect.
- (f) Where the Relevant Reference Price is determined on a day other than the Last Trading Day:
 - (i) if the Relevant Stock Exchange is not open for business on the day specified as the Reference Day in the List of Contract Details then the business day immediately preceding that day shall become the Reference Day for such Contracts, and the Exchange shall make such consequential adjustment to the date of the Last Trading Day as it considers necessary; and
 - (ii) if, at any time after the close of trading two business days prior to the day which would have been the Reference Day in respect of a Contract, it becomes known to the Exchange that on the day which would have been the Reference Day either or both of the Market and the Relevant Stock Exchange will not be open for business, then the business day next following such day shall become the Reference Day in respect of such Contract,and the Exchange shall publish a notice by notice posted on the Market to that effect.

UUUUU.5 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) Subject to Rules UUUUU.5(d) and UUUUU.5(e), the EDSP shall be calculated by reference to the Relevant Reference Price.
- (b) The EDSP for Contracts which cease trading on a particular day shall be calculated by the Exchange as the Relevant Reference Price, adjusted where applicable in accordance with Rule UUUUU.5(c), rounded to the nearest Minimum EDSP Price Increment as specified by the Exchange in the List of Contract Details or, where the Relevant Reference Price is an exact uneven multiple of one half of the Minimum EDSP Price Increment, to the nearest higher Minimum EDSP Price Increment.
- (c) Where the Underlying Currency is different from the Relevant Currency, the Relevant Reference Price shall be converted to the Relevant Currency by application of the conversion rate referred to in the List of Contract Details prior to rounding being carried out in accordance with Rule UUUUU.5(b).
- (d) If no Relevant Reference Price is available on the Reference Day, the Exchange shall fix the EDSP for the Contracts concerned at a price determined by it, in its absolute discretion, as being consistent with cash market values of the securities the subject of such Contracts.

[†] In addition, in the case of Contracts based on shares listed on Borsa Istanbul, if such day has been designated as a half day by the Exchange.

- (e) The Exchange may at its discretion resolve, prior to the commencement of the calendar month in which the Last Trading Day falls, that the EDSP shall be determined by means other than that specified in Rule UUUUU.5(a), subject always to the proviso that the EDSP shall be calculated by reference to cash market values of the securities the subject of such Contract.
- (f) The Exchange shall publish the EDSP at such time as may be specified for that purpose in the Administrative Procedures. The EDSP shall be final and binding for all purposes.

UUUUU.6 PAYMENT (CASH SETTLED CONTRACTS)

- (a) In respect of each lot comprised in a Contract the following payments shall be made by the time specified therefor in the Administrative Procedures:
 - (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House and payment by the Clearing House to the Buyer of an amount calculated by multiplying the difference between the EDSP and the Contract price by the number of securities comprised in such lot; and
 - (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House and payment by the Clearing House to the Seller of an amount calculated by multiplying the difference between the Contract price and the EDSP by the number of securities comprised in such lot.

UUUUU.7 SETTLEMENT AGENT (PHYSICAL DELIVERY CONTRACTS)

- (a) Only a Settlement Agent with a settlement account at the Relevant Settlement System (a "Relevant Settlement System Account") may be used for the purposes of making or taking delivery of securities under a Contract by transfer of securities through such Relevant Settlement System and making or receiving payment of the settlement amount under a Contract in accordance with these Contract Rules, unless these Contract Rules otherwise require or permit.

UUUUU.8 CLEARING HOUSE DELIVERY NOTICE (PHYSICAL DELIVERY CONTRACTS)

- (a) On the market day immediately following the Reference Day and by the time specified for that purpose in the Administrative Procedures, the Clearing House shall give a Delivery Notice:
 - (i) to the Buyer specifying the Contracts to which he is party with the Clearing House, and details of the Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Buyer and by the Clearing House to the Operator of the Relevant Settlement System, in respect of Contracts which are due to be settled by the transfer of securities through the Relevant Settlement System; and
 - (ii) to the Seller specifying the Contracts to which he is party with the Clearing House, and details of the Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Seller and by the Clearing House to the Operator of the Relevant Settlement System, in respect of Contracts which are due to be settled by the transfer of securities through the Relevant Settlement System.

UUUUU.9 BUYER'S DELIVERY DETAILS (PHYSICAL DELIVERY CONTRACTS)

- (a) (i) Where the Relevant Delivery Procedures so require, a Clearing Member shall give to the Clearing House, in accordance with such Relevant Delivery Procedures, details of:
 - (A) the names of persons conforming with the Relevant Delivery Procedures and paragraph (ii) of this Rule UUUUU.9(a) (who may include the Clearing Member

himself) who are appointed by the Clearing Member to take a transfer of securities from the Clearing House in accordance with these Contract Rules in respect of Contracts which may be entered into by such member as Buyer;

- (B) the names of the Settlement Agents (who may include the Transferee himself) who will be used by each such person to take a transfer of such securities and to make payment of the settlement amount for such securities and details of their Relevant Settlement System Accounts; and
- (C) any other details required by the Clearing House pursuant to the Relevant Delivery Procedures from time to time,

together with the acknowledgement described in Rule UUUUU.9(c), if required by that Rule, and each Transferee so appointed (other than the Clearing Member himself) and each Settlement Agent so appointed (whether or not the Transferee) shall act as agent for the Clearing Member in taking a transfer of such securities or making payment of the settlement amount for such securities, notwithstanding that the transfer of such securities shall be made through the Relevant Settlement System Account of the Settlement Agent.

- (ii) The Clearing House may from time to time restrict the persons or categories of persons which may be appointed as Settlement Agents or as Transferees or the types of Relevant Settlement System Accounts to be used for taking a transfer of securities and shall publish the details of such restrictions by means of a notice posted on the Market.
 - (iii) The details given to the Clearing House in accordance with paragraph (i) of this Rule UUUUU.9(a) may be amended from time to time in accordance with the Relevant Delivery Procedures.
- (b) Although the Buyer may under Rule UUUUU.9(a) appoint a person other than himself as Transferee, the Buyer shall himself remain responsible in respect of a Contract for the acceptance of a transfer of securities and the payment of the settlement amount for such securities and for the performance of all other obligations expressed to be imposed upon the Transferee in these Contract Rules and in the Administrative Procedures in respect of such Contract. However, performance by the Transferee of those obligations expressed to be imposed upon him (including the obligations to accept transfer of securities and to pay the settlement amount) in accordance with these Contract Rules and the Administrative Procedures shall constitute due performance of the Buyer's obligations under such Contract.
- (c) Except where the Buyer is also the Transferee, the Buyer shall by the day specified in and in accordance with the Relevant Delivery Procedures deliver to the Clearing House an irrevocable acknowledgement, in a form from time to time prescribed by the Clearing House, addressed to the Clearing House by each Transferee, acknowledging amongst other things that the Transferee has no claims whatsoever against the Clearing House in respect of any delay on its part in transferring, or any failure on its part to transfer, the securities to be transferred in respect of any Contract from time to time entered into by the Buyer with the Clearing House and in respect of which he is appointed Transferee, or in respect of any other matter whatsoever concerning those securities.

UUUUU.10 SELLER'S DELIVERY DETAILS (PHYSICAL DELIVERY CONTRACTS)

- (a)
 - (i) Where the Relevant Delivery Procedures so require, a Clearing Member shall give to the Clearing House, in accordance with such Relevant Delivery Procedures, details of:
 - (A) the names of persons conforming with the Relevant Delivery Procedures and paragraph (ii) of this Rule UUUUU.10(a) (who may include the Clearing Member

CONTRACT RULES: ICE FUTURES SINGLE STOCK (FLEXIBLE) FUTURES CONTRACTS AND ICE FUTURES DIVIDEND ADJUSTED SINGLE STOCK FUTURES CONTRACTS

himself) who are appointed by the Clearing Member to transfer securities to the Clearing House in accordance with these Contract Rules in respect of Contracts which may be entered into by such Clearing Member as Seller;

- (B) the names of the Settlement Agents (who may include the Transferor himself) who will be used by each such person to transfer such securities and to receive payment of the settlement amount for such securities and details of their Relevant Settlement System Accounts; and
- (C) any other details required by the Clearing House pursuant to the Relevant Delivery Procedures from time to time,

together with the acknowledgement described in Rule UUUUU.10(c), if required by that Rule, and each Transferor so appointed (other than the Clearing Member himself) and each Settlement Agent so appointed (whether or not the Transferor) shall act as agent for the Clearing Member in transferring such securities or receiving payment of the settlement amount for such securities, notwithstanding that settlement of such securities shall be made through the Relevant Settlement System Account of the Settlement Agent.

- (ii) The Clearing House may from time to time restrict the persons or categories of persons which may be appointed as Settlement Agents or as Transferors or the types of Relevant Settlement System Accounts to be used for making a transfer of securities and shall publish the details of such restrictions by means of a notice posted on the Market.
 - (iii) The details given to the Clearing House in accordance with paragraph (i) of this Rule UUUUU.10(a) may be amended from time to time in accordance with the Relevant Delivery Procedures.
- (b) Although the Seller may under Rule UUUUU.10(a) appoint a person other than himself as Transferor, the Seller shall himself remain responsible in respect of a Contract for delivery of the securities and the performance of all other obligations under such Contract expressed to be imposed upon the Transferor in these Contract Rules and in the Administrative Procedures. However, performance by the Transferor of those obligations expressed to be imposed upon him (including the obligation to transfer securities) in accordance with these Contract Rules and in the Administrative Procedures shall constitute due performance of the Seller's obligations under such Contract.
- (c) Except where the Seller is also the Transferor, the Seller shall by the day specified in and in accordance with the Relevant Delivery Procedures deliver to the Clearing House an irrevocable acknowledgement, in a form from time to time prescribed by the Clearing House, addressed to the Clearing House by each Transferor, acknowledging amongst other things that the obligations of the Clearing House with regard to all sums payable by it in respect of securities to be delivered by the Transferor in respect of any Contract from time to time entered into by the Seller with the Clearing House and in respect of which he is appointed Transferor are owed to the Seller alone, and that the Transferor has no rights whatsoever against the Clearing House.

UUUUU.11 SUBMISSION OF DETAILS TO THE RELEVANT SETTLEMENT SYSTEM (PHYSICAL DELIVERY CONTRACTS)

- (a) In respect of Contracts to be settled by the transfer of securities through the Relevant Settlement System, on the Relevant Settlement System business day following the Last Trading Day, and by the time specified for that purpose in the Administrative Procedures, the details of Contracts notified to the Buyer and to the Seller pursuant to Rules UUUUU.8(a)(i) and UUUUU.8(a)(ii) respectively and such other details as may be required by the Relevant Delivery Procedures shall have been submitted, as required by such Contract Rules, to the Relevant Settlement System, so as to enable the Relevant Settlement System:

- (i) in the case of the Buyer, to match the details of the Contracts submitted to it by or on behalf of the Buyer with the details of the Contracts submitted to it by the Clearing House; and
- (ii) in the case of the Seller, to match the details of the Contracts submitted to it by or on behalf of the Seller with the details of the Contracts submitted to it by the Clearing House,

in order that settlement of Contracts is effected through the Relevant Settlement System on the Settlement Day.

- (b) In respect of Contracts to be settled by the transfer of securities through the Relevant Settlement System, in accordance with the Clearing House Rules, both Buyer and Seller must match in through the Relevant Settlement System the exact settlement amount as alleged by the Clearing House.

UUUUU.12 DELIVERY (PHYSICAL DELIVERY CONTRACTS)

- (a) In respect of each lot comprised in a Contract, the Seller is obliged to make delivery of the number of securities comprised in such lot and the Buyer is obliged to take delivery thereof and to make payment of the settlement amount in accordance with this Rule UUUUU.12 and the Administrative Procedures, subject to these Contract Rules and the Administrative Procedures which shall apply thereto.
- (b) All securities to be transferred in respect of a Contract shall be transferred free of any proprietary or equitable interest of any person.
- (c) In respect of Contracts to be settled by the transfer of securities through the Relevant Settlement System, a transfer of securities in respect of a Contract shall be made through the Relevant Settlement System in accordance with the Relevant Settlement System Rules, these Contract Rules and the Administrative Procedures, or as otherwise required or permitted by these Contract Rules and payment for such securities shall be made in accordance with these Contract Rules, the Administrative Procedures and the Relevant Settlement System Rules, and the provisions of this Rule UUUUU.12 shall be subject to the Relevant Settlement System Rules where applicable.
- (d) Subject to Rule UUUUU.12(f), on the Settlement Day at or by the time specified in respect of the Relevant Settlement System and in accordance with the Administrative Procedures:
 - (i) the Transferor shall, in respect of Contracts to be settled by the transfer of securities through the Relevant Settlement System, have transferred securities through the Relevant Settlement System from the Relevant Settlement System Account notified to the Clearing House in accordance with Rule UUUUU.10(a)(i) to the Relevant Settlement System Account of the Clearing House and payment of the settlement amount for such securities transferred through the Relevant Settlement System shall have been satisfied by Delivery Versus Payment; and
 - (ii) the Clearing House shall, in respect of Contracts to be settled by the transfer of securities through the Relevant Settlement System, have transferred the securities through the Relevant Settlement System from its Relevant Settlement System Account to the Relevant Settlement System Account notified to the Clearing House in accordance with Rule UUUUU.9(a)(i) for the account of the Transferee and payment of the settlement amount for such securities transferred through the Relevant Settlement System shall have been satisfied by Delivery Versus Payment.
- (e) In respect of Contracts to be settled by transfer of securities through the Relevant Settlement System:

-
- (i) whether or not the Seller appoints a Transferor other than himself, and notwithstanding that such a Transferor is the Seller's agent, Delivery Versus Payment arising upon the transfer of securities to the Relevant Settlement System Account of the Clearing House pursuant to Rule UUUUU.12(d)(i) shall discharge the Clearing House's liability to pay the settlement amount for such securities to the Seller;
 - (ii) Delivery Versus Payment arising upon the transfer of securities pursuant to Rule UUUUU.12(d)(ii) to the Relevant Settlement System Account notified to the Clearing House in accordance with Rule UUUUU.9(a)(i)(B) for the account of the Transferee shall discharge the Buyer's liability to pay the settlement amount for such securities to the Clearing House;
 - (iii) the transfer of securities by the Clearing House to or to the order of the Transferee shall discharge the Clearing House's liability to transfer such securities to the Buyer, whether or not the Transferee is the Buyer's agent; and
 - (iv) the transfer of securities by the Transferor to the Clearing House shall discharge the Seller's liability to transfer such securities to the Clearing House.
- (f) (i) Subject to Rule UUUUU.17, if any transfer of securities required by Rule UUUUU.12(d) cannot be or has not been fully accomplished on the Settlement Day at or by the time specified in respect of the Relevant Settlement System in the Administrative Procedures, due to any event occurring which is outside the control of the Transferor or of the Transferee or of the Clearing House, as the case may be, which, without prejudice to the generality of the foregoing, may include:
- (A) a failure by a seller of securities to the Transferor to make transfer of such securities by the due time so as to enable the Transferor to fulfil his obligations to transfer the securities to the Clearing House in accordance with Rule UUUUU.12(d)(i);
 - (B) a failure by the Transferor to transfer securities to the Clearing House in accordance with Rule UUUUU.12(d)(i) so as to enable the Clearing House to fulfil its obligations to transfer securities to a Transferee in accordance with Rule UUUUU.12(d)(ii);
 - (C) an error, failure, closure or suspension of the Relevant Settlement System or of other systems operated by or on behalf of the Relevant Settlement System;
 - (D) a failure or termination of the Transferor's or the Transferee's or the Clearing House's access to its Settlement Agent;
 - (E) a failure of the Transferor's or Transferee's Settlement Agents or the Clearing House's access to the Relevant Settlement System for any reason, including, without limitation, as a result of any fault or failure of any computer or communication system;
 - (F) any action taken by the Relevant Settlement System, whether pursuant to the Relevant Settlement System Rules or otherwise; or
 - (G) any failure of, or any action or failure to take action by, a settlement bank, appointed by the Transferor, the Clearing House or the Transferee from time to time in connection with the settlement of securities through the Relevant Settlement System, which prevents the transfer of securities to the Transferor or to the Clearing House or to the Transferee, as the case may be,

then, without prejudice to paragraphs (iv)(A) and (iv)(B) of this Rule UUUUU.12(f), such transfer or transfers shall be made as soon as possible through the Relevant Settlement

System and in accordance with the Relevant Delivery Procedures in order fully to perform a Contract or, if an event occurs which prevents a transfer of securities through the Relevant Settlement System, in accordance with any instructions which may be given by the Clearing House, which may require delivery by a means other than through the Relevant Settlement System. In the case of any disagreement between the Clearing House and the Transferor or between the Clearing House and the Transferee as to whether any particular transfer can be or has been accomplished the determination of the Clearing House shall be final.

- (ii) Any instructions given by the Clearing House under paragraph (i) of this Rule UUUUU.12(f) shall be binding and failure by the Seller or the Buyer to comply or ensure compliance with such instructions shall constitute a default under Rule UUUUU.18(a) by such Seller or, as the case may be, such Buyer.
- (iii) Where the Clearing House is unable to transfer securities in respect of a Contract to the Transferee in accordance with Rule UUUUU.12(d)(ii) as a result of any event (other than an event referred to in Rule UUUUU.17, which, for the avoidance of doubt, shall be dealt with under Rule UUUUU.17) occurring which is outside the control of the Clearing House, the rights of the Buyer shall consist solely of the right to have transfer of the securities made to the Transferee as soon as possible through the Relevant Settlement System and in accordance with the Relevant Delivery Procedures or otherwise as required by these Contract Rules and as soon as possible after the Clearing House has received a transfer of such securities from the Transferor or acquired them from another person.
- (iv)
 - (A) If any transfer of securities to the Clearing House in respect of a Contract required to be made by the Transferor under Rule UUUUU.12(d)(i) or under paragraph (i) of this Rule UUUUU.12(f) is not made by the relevant time specified in the Relevant Delivery Procedures as a consequence of the occurrence of an event referred to in paragraph (i)(A) of this Rule UUUUU.12(f); or
 - (B) if an event referred to in paragraph (i)(G) of this Rule UUUUU.12(f) occurs which prevents a transfer of securities to the Transferor or a transfer of securities by the Clearing House to the Transferee; or
 - (C) notwithstanding the occurrence (if any) of an event referred to in paragraph (i) of this Rule UUUUU.12(f) or in Rule UUUUU.17 at any time, if the Clearing House, in consultation with the Exchange, determines that the Seller (or the Buyer) has not used its best endeavours to transfer (or to take transfer of) securities or to procure the Transferor to transfer (or to procure the Transferee to take a transfer of) securities, as the case may be, on the Settlement Day or in accordance with paragraph (i) of this Rule UUUUU.12(f); or
 - (D) if any transfer of securities to the Clearing House in respect of a Contract required to be made under paragraph (i) of this Rule UUUUU.12(f) (other than as a consequence of an event referred to in paragraph (i)(A) or (i)(G) of this Rule UUUUU.12(f)) is not made as soon as possible after the Settlement Day,

then the Clearing House shall be entitled to treat the Seller or the Buyer as in default and, without prejudice to its rights under Rule UUUUU.16 and to its powers under the Clearing House Rules, the Clearing House shall be entitled, at its absolute discretion, to take steps to acquire securities in accordance with the Relevant Delivery Procedures in order to fulfil its obligations under a Contract in whole or in part to make delivery of securities to a Buyer or to dispose of securities (where possible) delivered to it by the Seller and the Seller or the Buyer (as the case may be) in default shall indemnify the Clearing House in respect of any losses, costs, taxes or expenses suffered or incurred by it in taking any such steps or in exercising any

such rights or powers (including any losses determined in accordance with Rule UUUUU.19(c)). The Seller or the Buyer (as the case may be) who is in default shall comply with any directions given by the Clearing House.

- (g) (i) If as a result of any event contemplated by Rule UUUUU.12(f)(i) there is a delay in the transfer of securities in respect of a Contract and the benefit of a Relevant Entitlement to which the Transferee would have been entitled if transfer to him had taken place in accordance with Rule UUUUU.12(d)(ii) (and he had retained beneficial title to the securities), is received by the Clearing House (or by the Transferor, if transfer is not made to the Clearing House by the Transferor in accordance with Rule UUUUU.12(d)(i)) then:
 - (A) if the Clearing House has received the benefit of such Relevant Entitlement, or receives the benefit of such Relevant Entitlement under sub-paragraph (B) of this Rule UUUUU.12(g)(i), the Clearing House shall pass on the benefit of such Relevant Entitlement which it receives to the Buyer and shall deliver to the Buyer such documents (if any) as it receives in connection therewith; and
 - (B) if the Transferor has received the benefit of such Relevant Entitlement, the Seller shall pass on or procure that the Transferor passes on the benefit of such Relevant Entitlement which it receives to the Clearing House and shall deliver to the Clearing House such documents (if any) as it receives in connection therewith.
- (ii) Any act required by paragraph (i) of this Rule UUUUU.12(g) shall be done at such time and in such manner as the Clearing House may specify.
- (h) If any event contemplated by Rule UUUUU.12(f)(i) occurs, the Seller or the Buyer, as applicable, shall provide to the Clearing House documentary evidence satisfactory to the Clearing House that he has complied with his obligations under a Contract to which he is party by the time and in the manner prescribed.
- (i) (i) The Clearing House shall give notice to the Exchange of any instructions given by it under Rule UUUUU.12(f)(i) forthwith upon giving such instructions and of any event contemplated by Rule UUUUU.12(f)(i) which may prevent or has prevented a transfer of securities in respect of a Contract upon becoming aware of any such event.
- (ii) If any event contemplated by Rule UUUUU.12(f)(i) occurs, the provisions of Rule UUUUU.10 shall apply and the provisions of Rule UUUUU.20 shall not apply unless, after consultation with the Clearing House, the Exchange determines that such circumstances have continued or are likely to continue for such duration that the provisions of Rule UUUUU.12(f) shall no longer apply and that the provisions of Rule UUUUU.20 shall apply. The Exchange's determination shall be final and binding.
- (j) Any provision of this Rule UUUUU.12 or of any other of these Contract Rules or of the Administrative Procedures relating to procedures for settlement may be varied, or substituted by different procedures for settlement, by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

UUUUU.13 ENTITLEMENT (PHYSICAL DELIVERY CONTRACTS)

- (a) If securities the subject of a Contract are Cum Entitlement on the Last Trading Day, the Buyer shall be entitled to receive, or to exercise, or to direct the exercise of, the Relevant Entitlement in respect of such securities which are to be delivered to him under the Contract.

UUUUU.14 CORPORATE ACTIONS

- (a) In this Rule UUUUU.14, “Corporate Action” shall mean:
 - (i) a cash, stock and/or scrip dividend, a bonus or scrip issue, a rights issue, a share split, subdivision or consolidation, a demerger or any other event affecting or giving rise to a right or entitlement attaching or accruing to the securities; or
 - (ii) a takeover, merger or any arrangement, transaction or series of transactions which will or may result in the acquisition by any person or persons or any associated person or persons of a substantial proportion of the shares of a company; or
 - (iii) a change to the Underlying Currency of the security; or
 - (iv) any other event which, in the opinion of the Exchange, impacts or may impact on a Contract in respect of the securities.
- (b) Where any Corporate Action occurs with respect to the securities, or which affects securities which are the subject of a Contract, the Exchange, in its absolute discretion, may, but shall not be obliged to, determine:
 - (i) to make adjustments to the size of the lot and/or to the price of such lot; or
 - (ii) to vary, substitute or remove any of, or add to, these Contract Rules to make provision for the effect of such Corporate Action. Any such variation, substitution, removal or addition may, without limitation, be made to make provision for one or more entitlements pertaining to the securities, or to alter the subject matter of the lot to reflect such Corporate Action.
- (c) Any adjustment, variation, substitution or removal of or addition to these Contract Rules determined upon under Rule UUUUU.14(b) will be determined in accordance with the policy of the Exchange from time to time in relation to Corporate Actions unless the Exchange, in its absolute discretion, determines otherwise. The Exchange’s policy relating to Corporate Actions will be published from time to time by means of one or more notices posted on the Market. Any adjustment, variation, substitution, removal of or addition to these Contract Rules made under this Rule UUUUU.14 shall be published in one or more notices posted on the Market and shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

UUUUU.15 STOCK SUSPENSION OR TERMINATION (CASH SETTLED CONTRACTS)

- (a) If dealings in securities the subject of a Contract are suspended, terminated or prohibited by the Relevant Stock Exchange or are otherwise not permitted to be made under Stock Exchange Rules (“suspension or termination of dealings”), any such Contract shall be performed in accordance with this Rule UUUUU.15 and otherwise in accordance with these Contract Rules and the Administrative Procedures.
- (b) If there has been a suspension or termination of dealings in securities the subject of a Contract and there is no Relevant Reference Price available in respect of a Contract which ceases trading on a particular Last Trading Day, the Exchange, in its absolute discretion, shall determine whether:
 - (i) a business day other than the one which would have been the Last Trading Day shall become the Last Trading Day; and
 - (ii) a business day other than the one which would have been the Reference Day shall become the Reference Day,

for such Contract.

UUUUU.16 DEFAULT IN PERFORMANCE (CASH SETTLED CONTRACTS)

- (a) A Buyer or a Seller shall be in default in performance where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed and in accordance with these Contract Rules, the Regulations, the Administrative Procedures and the Clearing House Rules; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Clearing House he is in default.
- (b) Subject to the default rules of the Clearing House, in the event of default by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each lot in issue shall be invoiced back at that price. Such price may at the Exchange's absolute discretion take account of any compensation the Exchange may consider should be paid by either party to the other.

UUUUU.17 STOCK SUSPENSION OR TERMINATION (PHYSICAL DELIVERY CONTRACTS)

- (a) In this Rule UUUUU.17, "suspended securities" and "delisted securities" shall mean securities which are the subject of a suspension or termination of dealings or securities which have been suspended or withheld from settlement through the Relevant Settlement System.
- (b) If dealings in securities the subject of a Contract are suspended, terminated or prohibited by the Relevant Stock Exchange or are otherwise not permitted to be made under Stock Exchange Rules ("suspension or termination of dealings") or securities the subject of a Contract are otherwise suspended or delisted securities, any such Contract shall be performed in accordance with this Rule UUUUU.17 and otherwise in accordance with these Contract Rules and the Administrative Procedures.
- (c) Subject to Rule UUUUU.17(d), securities which are the subject of suspension or termination of dealings which are required to be delivered in respect of a Contract shall be delivered through the Relevant Settlement System on the Settlement Day in accordance with these Contract Rules.
- (d)
 - (i) If settlement of suspended or delisted securities the subject of a Contract cannot be made on or after the Settlement Day for such Contract through the Relevant Settlement System, such securities shall be delivered in accordance with any instructions which may be given by the Clearing House, which shall be final and binding, save that where the Exchange determines that such Contract shall be invoiced back, such Contract shall be invoiced back at a price fixed by the Exchange in consultation with the Clearing House. It shall not, subject to Rule UUUUU.12(f)(iv)(C), be an event of default under these Contract Rules if settlement of suspended or delisted securities is not effected on the Settlement Day, but failure by the Seller or the Buyer to comply or ensure compliance with any instructions given by the Clearing House under this Rule UUUUU.17(d)(i) shall constitute a default under Rule UUUUU.18(a) by such Seller or, as the case may be, such Buyer.
 - (ii) The Exchange's determination under paragraph (i) of this Rule UUUUU.17(d) shall be final and binding and shall be published by means of a notice posted on the Market.

- (e) If there has been a suspension or termination of dealings in securities the subject of a Contract and there is no Relevant Reference Price available on the Reference Day, the Exchange, in its absolute discretion, shall determine whether a business day other than the one which would have been the Reference Day shall become the Reference Day for such Contract. The Exchange shall make such consequential adjustments to the date of the Last Trading Day as it considers necessary.

UUUUU.18 DELIVERY DEFAULT (PHYSICAL DELIVERY CONTRACTS)

- (a) The Buyer or the Seller, as the case may be, shall be in default where:
 - (i) subject to Rule UUUUU.12, he fails to fulfil his obligations under a Contract by the time and in the manner prescribed and in accordance with these Contract Rules, the Regulations and the Administrative Procedures;
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules and the Administrative Procedures;
 - (iii) the “bad delivery” rules or any other rules set forth in the Relevant Settlement System Rules are invoked with respect to the transfer of securities to the Clearing House by the Transferor appointed by the Seller to make such transfer or in respect of the transfer of securities by the Clearing House to the Transferee appointed by the Buyer to accept such transfer which may lead or leads to the reversal of one or more transfers of securities; or
 - (iv) in the reasonable opinion of the Clearing House he is otherwise in default under a Contract.

For the avoidance of doubt, the Seller shall be held to be in default if the “bad delivery” or such other rules referred to in paragraph (iii) of this Rule UUUUU.18(a) are invoked with respect to the transfer of securities by the Transferor to the Clearing House or the transfer of securities by the Clearing House to the Transferee and notwithstanding that the Seller may not be responsible for any circumstance which leads to such “bad delivery” or such other rules being invoked.

- (b) Obvious clerical errors in any notice to be given hereunder and which can be readily rectified shall not be treated as constituting a default.
- (c) Notwithstanding a default under Rule UUUUU.18(a), the Clearing House may in its absolute discretion determine not to exercise or to delay in exercising any of its rights under Rule UUUUU.16, and no failure by the Clearing House to exercise nor any delay on its part in exercising any of such rights shall operate as a waiver of the Clearing House’s rights upon that or upon any subsequent occasion, nor shall any single or partial exercise of such rights prevent any further exercise thereof or of any other right.

UUUUU.19 EFFECT OF DELIVERY DEFAULT (PHYSICAL DELIVERY CONTRACTS)

- (a) The provisions of Rules UUUUU.19(b) to UUUUU.19(e) inclusive shall be subject to the default rules from time to time in force of the Clearing House.
- (b) If there appears to the Clearing House to be a default by the Buyer or the Seller, as the case may be, under Rule UUUUU.18(a) in respect of any lot comprised in a registered Contract the Clearing House may take such steps as it deems appropriate to facilitate a mutually acceptable resolution of the default:
 - (i) where the Buyer appears to be in default, between such Buyer and the Clearing House; or
 - (ii) where the Seller appears to be in default, between such Seller and the Clearing House.

-
- (c) (i) In addition to any steps taken under Rule UUUUU.19(b) the Clearing House may, if it appears to it that a Clearing Member as Seller or a Clearing Member as Buyer is in default under Rule UUUUU.18(a), in its sole discretion take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of a Seller or Buyer not in default including, without prejudice to the generality of the foregoing, the steps referred to in paragraph (ii) or (iii) of this Rule UUUUU.19(c). Any action taken by the Clearing House pursuant to this Rule UUUUU.19 or Rule UUUUU.12(f) shall be without prejudice to any rights, obligations or claims of a Buyer, a Seller, or the Clearing House and any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with taking such action or such default (or, without limitation, following the “bad delivery” or such other rules referred to in paragraph (iii) of Rule UUUUU.18(a) being invoked) shall be paid by the Buyer or the Seller in default.
- (ii) Where a Buyer appears to be in default under Rule UUUUU.18(a) the Clearing House may take steps pursuant to paragraph (i) of this Rule UUUUU.19(c) to sell any or all of the securities delivered to it by a Transferor at such time and place and in such manner and on such terms as may to the Clearing House seem fit. Where the price at which such securities are sold (the “Sale Price”) is less than the amount due but unpaid by the Buyer to the Clearing House in respect of such securities (the “Unpaid Amount”), the difference between the Unpaid Amount and the Sale Price shall forthwith on demand be paid by the Buyer in default to the Clearing House. Where the Unpaid Amount is less than the Sale Price the difference between the Sale Price and the Unpaid Amount shall (if any remain after the deduction so far as possible of such sums as are payable by the Buyer to the Clearing House hereunder or otherwise) be retained by the Clearing House to the order of the Exchange. The Buyer in default shall forthwith on demand pay to the Clearing House any sums payable by the Buyer pursuant to paragraph (i) of this Rule UUUUU.19(c).
- (iii) Where a Seller appears to be in default under Rule UUUUU.18(a), or is treated as being in default under Rule UUUUU.12(f), or, without prejudice to the foregoing, paragraph (iii) of Rule UUUUU.18(a) applies and a step taken by the Clearing House pursuant to paragraph (i) of this Rule UUUUU.19(c) or Rule UUUUU.12(f) is to acquire securities at such time and place and in such manner and on such terms as the Clearing House thinks fit from a person other than the Seller in order to meet in whole or in part its obligations to a Buyer to make delivery of securities in respect of a Contract:
- (A) if the total cost incurred by the Clearing House in acquiring securities, including for the avoidance of doubt the cost of any purchase of securities by the Clearing House in order to fulfil any obligations under the arrangements it has made to acquire the securities (“the Acquisition Cost”), is greater than the amount which would have been payable by the Clearing House to the Transferor in respect of the securities to have been delivered to it by the Transferor (or which, but for the application of the “bad delivery” or such other rules referred to in paragraph (iii) of Rule UUUUU.18(a) had purportedly been delivered to it by the Transferor), the Seller shall forthwith on demand pay the amount of such difference to the Clearing House; or
- (B) if the Acquisition Cost is less than the amount which would have been payable by the Clearing House as referred to in sub-paragraph (A) above, the amount of such difference shall (if any remain after the deduction so far as possible of such sums as are payable by the Seller to the Clearing House under sub-paragraph (C) below or otherwise) be retained by the Clearing House to the order of the Exchange;
- (C) if the Seller delivers or attempts to deliver securities to the Clearing House under a Contract after the Settlement Day, the Clearing House shall be entitled to reject such attempted or actual delivery, or shall be entitled to sell any securities which are so

delivered, as it sees fit, if the Clearing House has made alternative arrangements to acquire securities for delivery to the Buyer; and

- (D) the Seller shall forthwith on demand pay to the Clearing House any sums payable by the Seller pursuant to paragraph (i) of this Rule UUUUU.19(c).
- (iv) Any step taken by the Clearing House pursuant to paragraph (i), (ii) or (iii) of this Rule UUUUU.19(c) shall be without prejudice to the rights of any party to refer a dispute to arbitration.
- (d) Without prejudice to its rights under Rules UUUUU.19(b) and UUUUU.19(c), the Clearing House may refer to the Exchange any dispute or issue arising between the parties referred to in paragraph (i) or (ii) of Rule UUUUU.19(b) as a result of a default by a Seller or by a Buyer under Rule UUUUU.18(a). If, upon such reference, the Exchange is of the opinion that the default is of minor significance it shall determine any such dispute or issue upon such evidence as it may deem relevant and convey its findings to the Buyer and the Seller, who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of either party to refer the dispute or any related dispute to arbitration.
- (e) If no settlement has been reached pursuant to Rule UUUUU.19(b) and if no steps have been taken by the Clearing House pursuant to Rule UUUUU.19(c) and any dispute or issue between the parties referred to the Exchange under Rule UUUUU.19(d) is, in the opinion of the Exchange, not such as may be subject to determination under Rule UUUUU.19(d) then the Exchange in consultation with the Clearing House shall forthwith fix a price for invoicing back each Contract in respect of which the dispute or issue has arisen and each Contract, as the case may be, shall be invoiced back at that price. Such invoicing back price shall be final. Such price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider should be paid by any party save that where a dispute or issue has arisen in respect of a Contract between a Seller and the Clearing House and a like dispute or issue has arisen in respect of a Contract between a Buyer and the Clearing House which had been matched by the Clearing House with the Contract between the Seller and the Clearing House, and the dispute or issue has in each case been referred to the Exchange under Rule UUUUU.19(d), the Exchange shall fix the same invoicing back price in respect of each Contract. Any such action taken by the Exchange under this Rule UUUUU.19(e) shall be without prejudice to the rights of any of the parties to refer any dispute to arbitration.

UUUUU.20 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

UUUUU.26 STATEMENTS IN RELATION TO THE CONTRACT

- (a) The Exchange draws the following statements to the attention of potential users of its SSF Contracts and ICE Futures Dividend Adjusted Single Stock Futures Contracts. Members should ensure that their clients are made aware of the statements.

“Statement in relation to ICE Futures Single Stock (Flexible) Futures Contracts and ICE Futures Dividend Adjusted Single Stock Futures Contracts (each a “Contract” and together, the “Contracts”)

Potential users of Contracts made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules of those Contracts. Potential users should also assess for themselves, or take professional advice in relation to, the risks inherent in any such investment, and in particular those having possible impact on a Contract’s pricing or value.

These include:

- (i) whether or not there is a relevant listing authority (UK or otherwise) which imposes obligations in relation to certain aspects of corporate behaviour or disclosure; and
- (ii) (A) where a Contract is cash settled, possible influences on price formation in the underlying cash market which might affect the reference price used for settling the Contract, as explained below.
- (B) Price formation leading to the “EDSP” (as defined in the relevant Contract Rule) for the cash settled Contracts is subject to similar influences to those in the case of many other cash-settled contracts. Trading activity on the relevant stock market during the EDSP period is likely to be affected by the activity of particular market participants who are seeking to obtain price convergence at the EDSP between offsetting stock and derivatives positions. Such participants might typically seek to achieve this by unwinding their stock positions during the EDSP period at prices which will, in turn, be used to determine the final EDSP. A consequence of this concentrated activity might be that the final EDSP differs from the share price immediately prior to the commencement of the EDSP period and, if relevant, from the share price immediately following that period.
- (C) Potential users should familiarise themselves with the mechanism used by the “Relevant Stock Exchange” (as defined in the relevant Contract Rule) to determine the price which is used as the reference price to settle a Contract. Relevant Stock Exchanges may have alternative arrangements for determining such price in certain circumstances e.g. due to insufficient liquidity during a closing auction and these alternative arrangements may tend to be applied more frequently to certain securities than to others.

Potential users should, therefore, consider the risks of holding positions into the expiry of the cash settled Contracts. In particular, they should consider their exposure to potentially unfavourable price movements in the expiry and whether to take steps to neutralise such exposure; for example, taking into account that there may be relatively limited liquidity provision, whether to “roll” or close positions prior to expiry.

See Rule I.25 of the ICE Futures Europe Regulations for additional risk disclosures.”

“Statement in relation to the settlement of Turkish stocks on Borsa Istanbul

Those potential users of the physically delivered ICE Futures Single Stock (Flexible) Futures Contracts and ICE Futures Dividend Adjusted Single Stock Futures Contracts (each a “Contract” and together, the “Contracts”) based on the company shares listed on Borsa Istanbul who may become involved in onward delivery liabilities on Borsa Istanbul and therefore be subject to Borsa Istanbul penalties, should familiarise themselves and their clients with Borsa Istanbul’s settlement procedures and deadlines. In particular, they should familiarise themselves with the penalties imposed by Borsa Istanbul in the event of a failure to deliver shares resulting from a transaction on that market by the settlement deadline; more information can be found on the Borsa Istanbul website. For the avoidance of doubt, Borsa Istanbul’s settlement regime is not applicable to the delivery of shares resulting from the delivery of the physically delivered Contracts.

See Rule I.25 of the ICE Futures Europe Regulations for additional risk disclosures.”

VVVV.0 INTERPRETATION

All defined terms as set out in Rule UUUUU shall apply to this Rule VVVVV.

CASH SETTLED CONTRACTS

VVVV.1 TIMETABLE³

Last Trading Day

At the time specified in
the List of Contract Details

Trading shall cease in Contracts for the relevant Last Trading Day.

Reference Day

As soon as reasonably
practicable

The Exchange will publish the EDSP.

Settlement Day

By 10.00 hours

All payments required by Rule UUUUU.6(a) to be made by the Buyer and the Seller shall have been completed.

³ Amended 12 December 2014

PHYSICAL DELIVERY CONTRACTS

VVVV.2 SETTLEMENT PROCEDURES

All deliveries under a Contract must be made in accordance with the Relevant Settlement System Rules with respect to the settlement of contracts through the Relevant Settlement System and the relevant Contract Rules, Administrative Procedures and Relevant Delivery Procedures.

VVVV.3 DELIVERY DETAILS

Where the Relevant Delivery Procedures so require, Clearing Members shall have given to the Clearing House in accordance with the Relevant Delivery Procedures the delivery details referred to in Rules UUUUU.9(a) and UUUUU.10(a) in order to facilitate settlement of Contracts through the Relevant Settlement System.

VVVV.4 TIMETABLE⁴

Last Trading Day

At the time specified in the
List of Contract Details

Trading shall cease in Contracts for the relevant Last Trading Day.

Reference Day

As soon as reasonably
practicable

The Exchange will publish the EDSP.

⁴ Amended 12 December 2014, 1 December 2015

On the market day following the Reference Day

By 07.00 hours

The Clearing House will issue a Delivery Notice to each of the Buyer and the Seller specifying the Contracts to which he is party with the Clearing House and details of the Contracts which shall be submitted in accordance with the Relevant Delivery Procedures by or on behalf of the Buyer or the Seller, as the case may be, and by the Clearing House to the Relevant Settlement System, in respect of Contracts which are due to be settled by the transfer of securities through the Relevant Settlement System.

In respect of Contracts to be settled by the transfer of securities through the Relevant Settlement System, on the Relevant Settlement System business day following the Reference Day

By 11.30 hours

The details of Contracts shall have been submitted, as required by such terms, to the Relevant Settlement System so as to enable the Relevant Settlement System:

- (a) in the case of the Buyer, to match the details of the Contracts submitted to it by or on behalf of the Buyer with the details of the Contracts submitted to it by the Clearing House; and
- (b) in the case of the Seller, to match the details of the Contracts submitted to it by or on behalf of the Seller with the details of the Contracts submitted to it by the Clearing House,

in order that settlement of Contracts is effected through the Relevant Settlement System on the Settlement Day.

In respect of Contracts to be settled by the transfer of securities through the Relevant Settlement System, on the Settlement Day

One hour before the close
of Delivery Versus Payment
equity settlement

- (a) The Transferor in respect of a Contract shall have transferred securities through the Relevant Settlement System to the Relevant Settlement System Account of the Clearing House and payment of the settlement amount for such securities transferred through the Relevant Settlement System shall have been satisfied by Delivery Versus Payment; and

By the close of Delivery
Versus Payment equity
settlement

- (b) the Clearing House shall, in respect of a Contract, have transferred securities through the Relevant Settlement System to the Relevant Settlement System Account notified to the Clearing House in accordance with Rule UUUUU.9(a)(i)(B) for the account of the Transferee and payment of the settlement amount for such securities transferred through the Relevant Settlement System shall have been satisfied by Delivery Versus Payment.

Members should familiarise themselves with the trademark ownership and licensing information applicable to terms used in these Contract Rules and other relevant information such as licensors' disclaimers, which can be found at www.theice.com. Members should be mindful of such information and disclaimers when marketing to clients.

WWWWW.1 INTERPRETATION

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and the Administrative Procedures:
- “Administrative Procedures” means the administrative procedures at Rule XXXXX implemented by the Exchange for the purposes of these Contract Rules.
- “business day” means a day on which the Market and the Stock Exchange are open for business.
- “call option” means an option specified as such in the Contract.
- “Clearing House Notice of Exercise” means a notice from the Clearing House, in a form from time to time prescribed by the Clearing House, confirming to the Seller of an option that the Clearing House has exercised an option against the Seller.
- “Contract” means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more put options or one or more call options, and “registered Contract” means a contract registered by the Clearing House.
- “EDSP” means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule WWWWW.9.
- “EDSP Intra-day Auction” means the Stock Exchange operated auction for securities in the Index from which the Expiry Value will be calculated.
- “Exercise Notice” means a notice in the form prescribed by the Clearing House from time to time notifying the Clearing House that a Buyer of an option wishes to exercise the option against the Clearing House.
- “expiry month” means each month specified as such in respect of these Contract Rules by the Exchange pursuant to the Regulations.
- “Expiry Value” means the value of the Index as calculated by FTSE with reference to the outcome of the EDSP Intra-day Auction carried out on the Last Trading Day.
- “FTSE” means FTSE International Limited, or, its agents or successors in publishing the relevant Index.
- “Ground Rules” means the Ground Rules for the FTSE UK Index Series, issued by FTSE from time to time.
- “Index” means the specification in accordance with the Ground Rules of:
- (i) a nominated sector of share issuance;

- (ii) a list of shares in such sector (the “constituent shares”); and
- (iii) the algorithm in accordance with which prices of such constituent shares are combined to generate a single figure which is calculated by the Index Provider or the Index calculator, as the case may be (an “Index figure”) and published from time to time.

“Index Provider”	means FTSE.
“Last Trading Day”	means in respect of an expiry month the third Friday in that month provided that if it is not a business day then the Last Trading Day shall be the last business day preceding the third Friday (subject in all cases to Rule WWWW.11).
“London Stock Exchange”	means the London Stock Exchange plc, or, its agents or successors in operating a regulated market for securities to which these Contract Rules and the Administrative Procedures relate.
“market day”	means a day on which the Market, the Clearing House and banks in London are open for business.
“£”	denotes the lawful currency of the United Kingdom, known, at the date of the issue of these Contract Rules, as “Sterling”.
“Premium”	in respect of an option means the amount determined in accordance with Rule WWWW.4(a) to be payable by the Buyer to the Seller as the consideration for the purchase of the option.
“put option”	means an option specified as such in the Contract.
“Settlement Amount”	has the meaning given to it in Rule WWWW.12(a).
“Settlement Day”	in respect of an option exercised on the Last Trading Day means the first market day after the Last Trading Day.
“Stock Exchange”	means the London Stock Exchange.
“weighting”	means the factor which, when multiplied by the price of a constituent stock expressed in Sterling, determines the contribution to the Index figure made by that constituent stock.

(c) [Not used]

(d) [Not used]

WWWWW.2 CONTRACT SPECIFICATION

- (a) These Contract Rules shall apply to all Contracts.

- (b) Each Contract shall be for one or more put options or one or more call options for an expiry month and shall be at an exercise price which is authorised by the Exchange for trading for the relevant expiry month.

WWWWW.3 PRICE

- (a) Except as specified in the Administrative Procedures in the case of cabinet transactions, bids and offers shall be quoted in "Index points" and prices shall be a whole number multiple of the minimum price fluctuation, as specified in the Administrative Procedures.
- (b) One Index point shall be 1.0 and shall have a value of £10.00 per option.

WWWWW.4 PREMIUM

- (a) The Premium payable in respect of an option shall be the product of the price of the option in Index points and the value of one Index point as specified in Rule WWWWW.3(b).
- (b) The Buyer shall pay the Premium to the Clearing House on the day and by the time specified for this purpose in the Administrative Procedures and the Clearing House shall pay the Premium to the Seller on the same day.

WWWWW.5 EXERCISE OF AN OPTION BY A BUYER AGAINST THE CLEARING HOUSE AND CONFIRMATION OF EXERCISE

- (a) A Buyer may exercise an option against the Clearing House only on the Last Trading Day for the expiry month specified in the Contract and shall do so by giving to the Clearing House an Exercise Notice in respect of such option by the time specified in the Administrative Procedures and in a manner from time to time prescribed by the Clearing House.
- (b) The Clearing House shall give to the Buyer a notice in a form from time to time prescribed by the Clearing House, on the day and by the time specified for that purpose in the Administrative Procedures, confirming which options specified in an Exercise Notice have been validly exercised by the Buyer in accordance with these Contract Rules.

WWWWW.6 EXERCISE BY THE CLEARING HOUSE AGAINST A SELLER AND CONFIRMATION OF EXERCISE

- (a) Subject to Rule WWWWW.6(b), in respect of each option which is exercised by a Buyer in accordance with Rule WWWWW.5(a), the Clearing House shall on the Last Trading Day select a Seller of an option of the same type and at the same exercise price and for the same expiry month by such method of selection as may be specified in the Administrative Procedures and shall exercise that option in a form and manner from time to time prescribed by the Clearing House.
- (b) If the Clearing House is unable to exercise an option against a Seller in accordance with Rule WWWWW.6(a) on the Last Trading Day, the Clearing House shall do so as soon as possible thereafter and such option shall be deemed to have been exercised on the Last Trading Day.
- (c) In respect of each option exercised by the Clearing House against a Seller under Rule WWWWW.6(a) or Rule WWWWW.6(b), the Clearing House shall give to the Seller a Clearing House Notice of Exercise by the time specified for that purpose in the Administrative Procedures on the market day following the Last Trading Day and in a manner from time to time prescribed by the Clearing House.

WWWWW.7 EXPIRY

- (a) An option in respect of an expiry month which has not been exercised in accordance with Rule WWWWW.5 or Rule WWWWW.6, as applicable, shall expire on the day and at the time specified for that purpose in the Administrative Procedures.

WWWWW.8 LAST TRADING DAY

- (a) On the Last Trading Day:
 - (i) trading in Contracts for the relevant expiry month shall cease at such time as may be specified in the Administrative Procedures; and
 - (ii) the Exchange will determine the EDSP in accordance with Rule WWWWW.9.

WWWWW.9 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) Subject to Rule WWWWW.9(c), the EDSP for Contracts for a particular expiry month shall, subject as provided in Rule WWWWW.10, be the Expiry Value (but subject to any corrections in accordance with Rule WWWWW.10) on the Last Trading Day, rounded to the nearest 0.5 or, where such Expiry Value is an exact uneven multiple of 0.25, to the nearest higher 0.5.
- (b) The Exchange shall publish a provisional EDSP and the final EDSP at or by such times as may be specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes, notwithstanding the fact that the Index Provider may subsequently recalculate any relevant Index figures.
- (c) The Exchange may from time to time amend the method for and timing of the calculation of the EDSP for any reason determined by the Exchange and any such changes shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

WWWWW.10 ERRORS IN INDEX

- (a) If, not later than the time on the Last Trading Day specified for that purpose in the Administrative Procedures, any member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Index due to any alleged or apparent error in the weighting of the price for any constituent stock of the Index first made since the publication of the closing Index figure on the last business day prior to the Last Trading Day, then the Exchange shall promptly request the Index Provider to investigate such alleged or apparent error. If in the Index Provider's opinion an error has been made, the Index Provider shall correct any Expiry Value affected thereby, and the Exchange shall as soon as reasonably practicable publish a correction to the Expiry Value and shall determine the EDSP using the Expiry Value as so corrected. Save as allowed by Rule WWWWW.10(b), no correction to the Expiry Value shall be made in respect of any error notified to the Exchange or coming to its attention after the time so specified in the Administrative Procedures.
- (b) If, not later than thirty minutes after the provisional EDSP for a particular expiry month is first published, any member of the Exchange notifies the Exchange of, or there otherwise come to the attention of the Exchange, an alleged or apparent error in the Expiry Value due to any cause whatsoever other than an error in the weighting of the price for any constituent stock of the Index, then the Exchange shall promptly request the Index Provider to investigate such alleged or apparent error. If in the Index Provider's opinion an error has been made, the Index Provider shall correct the Expiry Value affected thereby which has been or will be used to determine the EDSP for that expiry month and the Exchange shall re-determine the EDSP in accordance

therewith. No correction of the Expiry Value or the EDSP shall be made in respect of any error notified to the Exchange or coming to its attention after the expiry of such thirty minute period.

- (c) No correction to the Expiry Value or the EDSP shall be made other than as may be allowed for in Rules WWWWW.10(a) and WWWWW.10(b).
- (d) Neither the Exchange nor its officers, employees, agents or representatives shall have any liability whatsoever in respect of any decision as to whether or not to correct the Expiry Value or as to the amount of any correction, or as to whether or not to re-determine the EDSP.

WWWWW.11 EMERGENCY PROVISIONS

- (a) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of an expiry month, it becomes known to the Exchange that on the day which would have been the Last Trading Day either or both of the Market and the Stock Exchange will not be open for business, then the business day next following such day shall become the Last Trading Day in respect of that expiry month and the Exchange shall publish a notice by notice posted on the Market to that effect.
- (b) If, after the commencement of trading on the Last Trading Day in respect of an expiry month, either or both of the Market and the Stock Exchange closes for business or FTSE for any reason does not calculate or does not publish or ceases to publish the Index, with the effect that trading in Contracts for that expiry month is, in the opinion of the Exchange, substantially prevented or hindered or that there is no Expiry Value from which to calculate the EDSP in accordance with Rule WWWWW.9(a), then either:
 - (i) cessation of trading in Contracts for the current expiry month shall be postponed until such later time on that day as the Exchange may in its absolute discretion specify by notice posted on the Market, in which case the EDSP shall be determined in accordance with Rule WWWWW.9(a) or such method determined by the Exchange. The provisional and final EDSPs shall be published at such times as the Exchange shall in its discretion determine, always allowing for the thirty minute period referred to in Rule WWWWW.10(b); or
 - (ii) if, in the opinion of the Exchange, the course described in paragraph (i) of this Rule WWWWW.11(b) would be impossible, impracticable or for any reason undesirable, it may by notice posted on the Market declare that day not to be the Last Trading Day and the next following business day, or any later business day chosen by it in its absolute discretion, to be the Last Trading Day in its place.

WWWWW.12 SETTLEMENT AMOUNT AND PAYMENT

- (a) The Settlement Amount in respect of an option exercised under Rule WWWWW.5 or Rule WWWWW.6, as applicable, shall be:
 - (i) in the case of a call option, the amount by which the EDSP exceeds the exercise price; or
 - (ii) in the case of a put option, the amount by which the exercise price exceeds the EDSPmultiplied in each case by £10.00.
- (b) The Settlement Amount shall be paid by a Seller to the Clearing House by the time on the Settlement Day specified for this purpose in the Administrative Procedures and the Clearing House shall pay the Settlement Amount to the Buyer on the same day.

WWWWW.13 DEFAULT

- (a) A Buyer or a Seller shall be in default where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed and in accordance with these Contract Rules, the Regulations, the Administrative Procedures and the Clearing House Rules; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Clearing House he is in default.
- (b) In the event of default by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each option in issue shall be invoiced back at that price. Such price may at the Exchange's absolute discretion take account of any compensation the Exchange may consider should be paid by either party to the other.

WWWWW.14 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations:
 - (i) a Seller or a Buyer shall be liable to perform his obligations in respect of an option comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems; and
 - (ii) in the event of a Buyer being prevented from exercising an option in respect of any expiry month by the time specified in the Administrative Procedures by any event beyond his reasonable control including, without limitation, any of the events specified in Rule WWWWW.14(a)(i):
 - (A) the Buyer may give written notice to the Exchange specifying the Contract or, if more than one, the Contracts in respect of which the Buyer was prevented from exercising an option, the steps taken by the Buyer to exercise the option and the events which prevented him from so doing. Any such notice shall be given to the Exchange as soon as is practicable after the expiry of an option specified in the notice; and
 - (B) if the Exchange is satisfied that the Buyer took all possible steps in the circumstances prevailing to exercise an option, the Exchange shall request the Clearing House to notify it of details of one or more Contracts between a Seller and the Clearing House which are on the same terms (except as to the parties or the option price) as, and have been matched by the Clearing House with, the Contract or Contracts specified in the Buyer's notice and shall fix a price for invoicing back. Each Contract the subject of the Buyer's notice and each Contract between the Clearing House and a Seller notified to the Exchange hereunder shall be invoiced back at such price. Such price may at

the Exchange's absolute discretion take into account the Exchange's assessment of the intrinsic value of the options at the expiry thereof.

WWWWW.20 STATEMENT IN RELATION TO EDSP PRICE FORMATION

- (a) The Exchange draws the following statement to the attention of potential users of its ICE Futures FTSE 100 Index (European-Style Exercise) Options Contracts. Members should ensure that their clients are made aware of the statement.

“Statement in relation to EDSP Price Formation

Potential users of the ICE Futures FTSE 100 Index (European-Style Exercise) Options Contracts (the “Contracts”) made available on ICE Futures Europe should familiarise themselves with the relevant “Index” (as defined in the relevant Contract Rule) compilation and calculation procedures, as well as the relevant Contract Rules.

Price formation leading to the “EDSP” (as defined in the relevant Contract Rule) for the Contracts is subject to similar influences to those in the case of many other cash-settled contracts. Trading activity on the relevant stock market(s) during the EDSP period is likely to be affected by the activity of particular market participants who are seeking to obtain price convergence at the EDSP between offsetting stock and futures positions. Such participants might typically seek to achieve this by unwinding their stock positions during the EDSP period at prices which they anticipate will contribute to the calculation of Index figure(s) which will, in turn, be used to determine the final EDSP. A consequence of this concentrated activity might be that the final EDSP differs from the Index figure immediately prior to the commencement of the EDSP period and, if relevant, from the Index figure immediately following that period.

Potential users should, therefore, consider the risks of holding positions into the expiry of the Contracts. In particular, they should consider their exposure to potentially unfavourable price movements in the expiry and whether to take steps to neutralise such exposure; for example, taking into account that there may be relatively limited liquidity provision, whether to “roll” or close positions prior to expiry.

See Rule I.25 of the ICE Futures Europe Regulations for additional risk disclosures.”

Members should familiarise themselves with the trademark ownership and licensing information applicable to terms used in these Administrative Procedures and other relevant information such as licensors' disclaimers, which can be found at www.theice.com. Members should be mindful of such information and disclaimers when marketing to clients.

XXXXX.0 INTERPRETATION

All defined terms as set out in Rule WWWW shall apply to this Rule XXXXX.

XXXXX.1 PRICE

Except in the case of cabinet transactions, the minimum price fluctuation shall be ½ an Index point (£5.00 per option) and the option price shall be a whole number multiple of the minimum price fluctuation.

XXXXX.2 CABINET TRANSACTIONS

A Contract may be made at a price of 1/10th of an Index point (£1.00 per option) (i.e. “Cabinet”) if made by one or both parties for the sole purpose of closing out an existing open position.

XXXXX.3 TIMETABLE

The market day following option transactions

By 10.00 hours

Buyers will pay to the Clearing House Premiums due in respect of options to which they are party.

The Clearing House will pay Premiums due to Sellers in respect of options to which it is party as Buyer.

Last Trading Day

09.15 hours

The last time for notification to the Exchange under Rule WWWW.10(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which first comes to its attention after this time.

The Exchange shall publish any correction to the Index under Rule WWWW.10(a) as soon as reasonably practicable.

As soon as reasonably practicable after the Exchange has concluded that the Expiry Value has been determined

Trading in Contracts for the relevant expiry month shall cease.

As soon as reasonably practicable after cessation of the EDSP
Intra-day Auction but no later than 15.00 hours

The Exchange will publish a provisional EDSP.

30 minutes after the publication of the provisional EDSP

The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule WWWW.10(b).

As soon as reasonably practicable
after the expiry of the 30 minute
period referred to above

The Exchange will publish the final EDSP.

By 18.30 hours

A Buyer may give to the Clearing House an Exercise Notice for any option in respect of the current expiry month, being an option comprised in a registered Contract or a Contract submitted to the Clearing House for registration.

Exercise Notices received after the time prescribed will be rejected.

The Clearing House shall select a Seller against which to exercise on a random basis to Sellers' gross sold positions as at the close of trading in the relevant expiry month on the Last Trading Day.

At 18.30 hours

Any option in respect of the current expiry month to which a Buyer other than the Clearing House is party and which has not been exercised shall expire.

The market day after the Last Trading Day

By 07.00 hours

In respect of an option exercised by the Clearing House against a Seller under Rule WWWW.6(a), the Clearing House shall give a Clearing House Notice of Exercise to the Seller in a manner from time to time prescribed by the Clearing House and will inform the Seller of the Settlement Amount due in respect of the option.

By 07.00 hours

The Clearing House shall have given notices to Buyers in accordance with Rule WWWW.5(b) confirming which options have been validly exercised by such Buyers.

At 07.00 hours

Any option to which the Clearing House is party as Buyer and which has not been exercised shall expire.

Settlement Day

By 10.00 hours

Sellers will pay to the Clearing House Settlement Amounts due in respect of options to which they are party.

The Clearing House will pay Settlement Amounts due to Buyers in respect of options to which it is party as Seller.

YYYYYY.1 INTERPRETATION

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and the Administrative Procedures:
- | | |
|-------------------------------------|--|
| “Administrative Procedures” | means the administrative procedures at Rule ZZZZZ implemented by the Exchange for the purposes of these Contract Rules. |
| “business day” | means a day on which the Market and the Stock Exchange are open for business. |
| “call option” | means an option specified as such in the Contract. |
| “Clearing House Notice of Exercise” | means a notice from the Clearing House, in a form from time to time prescribed by the Clearing House, confirming to the Seller of an option that the Clearing House has exercised an option against the Seller. |
| “Closing Index Value” | means the value of the Index as calculated by FTSE at the close of trading at the Stock Exchange. |
| “Contract” | subject to Rule YYYYYY.2(c), means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more put options or one or more call options, and “registered Contract” means a contract registered by the Clearing House. |
| “EDSP” | means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule YYYYYY.9. |
| “EDSP Intra-day Auction” | means the Stock Exchange operated auction for securities in the Index from which the Expiry Value will be calculated. |
| “Exercise Notice” | means a notice from a Buyer to the Clearing House in a form prescribed by the Clearing House from time to time notifying the Clearing House that a Buyer of an option thereby exercises one or more options against the Clearing House. |
| “exercise price” | in respect of a Contract means the price agreed as such by the parties to the Contract (being a price permitted by the Exchange to be an exercise price in respect of which a Contract can be made). |
| “expiry date” | in respect of a Contract means, subject to Rule YYYYYY.11(a), the day agreed as such by the parties to the Contract (being a business day falling within a period from time to time prescribed by the Exchange), except that if at any time the day agreed upon is not a business day, the expiry date shall be the business day immediately preceding such day. |
| “expiry month” | in respect of Rule WWWW means a month specified as such by the Exchange for which a contract in the terms of such Contract Rule can be made. |

“Expiry Value”	means, in respect of an expiry date on which an EDSP Intra-day Auction is operated, the value of the Index as calculated by FTSE with reference to the outcome of the EDSP Intra-day Auction.
“FTSE”	means FTSE International Limited, or, its agents or successors in publishing the relevant Index.
“Ground Rules”	means the Ground Rules for the FTSE UK Index Series, issued by FTSE from time to time.
“Index”	means the index of stock prices calculated by FTSE and known as “The FTSE 100 Index”.
“Last Trading Day”	in respect of Rule WWWWW shall have the meaning ascribed to it in such Contract Rule.
“London Stock Exchange”	means the London Stock Exchange plc, or, its agents or successors in operating a regulated market for securities to which these Contract Rules and the Administrative Procedures relate.
“market day”	means a day on which the Market, the Clearing House and banks in London are open for business.
“£”	denotes the lawful currency of the United Kingdom, known, at the date of the issue of these Contract Rules, as “Sterling”.
“Premium”	in respect of an option means the amount determined in accordance with Rule YYYYYY.4(a) to be payable by the Buyer to the Seller as the consideration for the purchase of the option.
“put option”	means an option specified as such in the Contract.
“Settlement Amount”	has the meaning given to it in Rule YYYYYY.12(a).
“Settlement Day”	in respect of an option exercised (or deemed to be exercised) on the expiry date means the first market day after the expiry date.
“Stock Exchange”	means the London Stock Exchange.
“weighting”	means the factor which, when multiplied by the price of a constituent stock expressed in Sterling, determines the contribution to the Index figure made by that constituent stock.

(c) [Not used]

(d) [Not used]

YYYYYY.2 CONTRACT SPECIFICATION

- (a) These Contract Rules shall apply to all Contracts.
- (b) Each Contract shall be for one or more put options or one or more call options for the expiry date and at the exercise price agreed. An exercise price shall be expressed in Index points. An exercise price shall be agreed in Index points or shall be determined by agreeing a value expressed as a percentage of an Index figure and, forthwith on the making of the Contract, converting such value into Index points in accordance with procedures from time to time established by the Exchange.

- (c) A contract shall be made in the terms of Rule WWWW (and a contract shall not be made under these Contract Rules) if the expiry date of such contract is the Last Trading Day of an expiry month in respect of which a contract in the terms of Rule WWWW can be made and the exercise price of such contract is a price which, in respect of such expiry month, is authorised by the Exchange as an exercise price in respect of which a contract in the terms of Rule WWWW for such expiry month can be made.
- (d) [Not used]
- (e) [Not used]

YYYYY.3 PRICE

- (a) Except as specified in the Administrative Procedures in the case of cabinet transactions, bids and offers shall be quoted in Index points or as a percentage of an Index figure. A price shall be expressed in Index points. A price shall be agreed in Index points or shall be determined by agreeing a value expressed as a percentage of an Index figure and, forthwith on the making of the Contract, converting such value into Index points in accordance with procedures from time to time established by the Exchange. A price shall be a whole number multiple of the minimum price fluctuation as specified in the Administrative Procedures.
- (b) One Index point shall be 1.0 and shall have a value of £10.00 per option.

YYYYY.4 PREMIUM

- (a) The Premium payable in respect of an option shall be the product of the price of the option in Index points and the value of one Index point as specified in Rule YYYYY.3(b).
- (b) The Buyer of an option shall pay the Premium to the Clearing House on the day and by the time specified for this purpose in the Administrative Procedures and the Clearing House shall pay the Premium to the Seller of an option on the same day.

YYYYY.5 EXERCISE OF AN OPTION BY A BUYER AGAINST THE CLEARING HOUSE AND CONFIRMATION OF EXERCISE

- (a) A Buyer may exercise an option against the Clearing House only on the expiry date and shall do so by giving to the Clearing House an Exercise Notice in respect of such option by the time specified in the Administrative Procedures and in a manner from time to time prescribed by the Clearing House.
- (b) The Clearing House shall give to the Buyer a notice in a form from time to time prescribed by the Clearing House, on the day and by the time specified for that purpose in the Administrative Procedures, confirming which options specified in an Exercise Notice have been validly exercised by the Buyer in accordance with these Contract Rules.

YYYYY.6 EXERCISE BY THE CLEARING HOUSE AGAINST A SELLER AND CONFIRMATION OF EXERCISE

- (a) Subject to Rule YYYYY.6(b), in respect of each option which is exercised by a Buyer in accordance with Rule YYYYY.5(a), the Clearing House shall on the expiry date select a Seller of an option of the same type and at the same exercise price and for the same expiry date by such method of selection as may be specified in the Administrative Procedures and shall exercise that option in a form and manner from time to time prescribed by the Clearing House.

- (b) If the Clearing House is unable to exercise an option against a Seller in accordance with Rule YYYYYY.6(a) on the expiry date, the Clearing House shall do so as soon as possible thereafter and such option shall be deemed to have been exercised on the expiry date.
- (c) In respect of each option exercised by the Clearing House against a Seller under Rule YYYYYY.6(a) or Rule YYYYYY.6(b), the Clearing House shall give to the Seller a Clearing House Notice of Exercise by the time specified for that purpose in the Administrative Procedures on the market day following the expiry date and in a manner from time to time prescribed by the Clearing House.

YYYYYY.7 EXPIRY

- (a) An option in respect of an expiry date which has not been exercised in accordance with Rule YYYYYY.5 or Rule YYYYYY.6, as applicable, shall expire on the day and at the time specified for that purpose in the Administrative Procedures.

YYYYYY.8 EXPIRY DATE

- (a) On the expiry date:
 - (i) trading in Contracts for the relevant expiry date shall cease at such time as may be specified in the Administrative Procedures; and
 - (ii) the Exchange will determine the EDSP in accordance with Rule YYYYYY.9.

YYYYYY.9 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) Subject to Rule YYYYYY.9(d), the EDSP for Contracts for an expiry date on which an EDSP Intra-day Auction is operated shall, subject as provided in Rule YYYYYY.10, be the Expiry Value (but subject to any corrections in accordance with Rule YYYYYY.10) on the expiry date, rounded to the nearest 0.5 or, where such Expiry Value is an exact uneven multiple of 0.25, to the nearest higher 0.5.
- (b) Subject to Rule YYYYYY.9(d), the EDSP for Contracts for an expiry date on which no EDSP Intra-day Auction is operated shall, subject as provided in Rule YYYYYY.10, be the Closing Index Value (but subject to any corrections in accordance with Rule YYYYYY.10) on the expiry date, rounded to the nearest 0.5 or, where such Closing Index Value is an exact uneven multiple of 0.25, to the nearest higher 0.5.
- (c) The Exchange shall publish a provisional EDSP and the final EDSP at or by such times as may be specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes.
- (d) The Exchange may from time to time amend the method for and timing of the calculation of the EDSP in line with any changes made to Rule WWWW or for any other reason determined by the Exchange and any such changes shall have effect with regard to existing and/or new Contracts as the Exchange may determine.

YYYYYY.10 ERRORS IN INDEX

- (a) If, not later than the time on the expiry date specified for that purpose in the Administrative Procedures, any member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Index due to any alleged or apparent error in the weighting of the price for any constituent stock of the Index first made since the publication of the closing Index figure on the last business day prior to the expiry date, then the Exchange shall promptly request the Index Provider to investigate such alleged or apparent error. If in the Index Provider's opinion an error has been made, the Index Provider shall correct any Expiry Value or Closing Index Value affected thereby, and the Exchange shall as soon as reasonably practicable

publish a correction to the Expiry Value or Closing Index Value, as relevant, and shall determine the EDSP using the Expiry Value or the Closing Index Value as so corrected. Save as allowed by Rule YYYYYY.10(b), no correction to the Expiry Value or Closing Index Value, as relevant, shall be made in respect of any error notified to the Exchange or coming to its attention after the time so specified in the Administrative Procedures.

- (b) If, not later than thirty minutes after the provisional EDSP for a particular expiry date is first published, any member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Expiry Value or Closing Index Value, as relevant, due to any cause whatsoever other than an error in the weighting of the price for any constituent stock of the Index, then the Exchange shall promptly request the Index Provider to investigate such alleged or apparent error. If in the Index Provider's opinion an error has been made, the Index Provider shall correct the Expiry Value or Closing Index Value, as relevant, affected thereby which has been or will be used to determine the EDSP for that expiry date and the Exchange shall calculate or re-determine the EDSP in accordance therewith. No correction of the Expiry Value or Closing Index Value, as relevant, or the EDSP shall be made in respect of any error notified to the Exchange or coming to its attention after the expiry of such thirty minute period.
- (c) No correction to the Expiry Value or Closing Index Value, as relevant, or the EDSP shall be made other than as may be allowed for in Rules YYYYYY.10(a) and YYYYYY.10(b).
- (d) Neither the Exchange nor its officers, employees, agents or representatives shall have any liability whatsoever in respect of any decision as to whether or not to correct the Expiry Value or Closing Index Value, as relevant, or as to the amount of any correction, or as to whether or not to re-determine the EDSP.

YYYYYY.11 EMERGENCY PROVISIONS

- (a) If, at any time after the close of trading two business days prior to the day which would have been the expiry date in respect of a Contract, it becomes known to the Exchange that on the day which would have been the expiry date either or both of the Market and the Stock Exchange will not be open for business, then the business day next following such day shall become the expiry date in respect of that Contract and the Exchange shall publish a notice by notice posted on the Market to that effect.
- (b) If, after the commencement of trading on the expiry date, either or both of the Market and the Stock Exchange closes for business or FTSE for any reason does not calculate or does not publish or ceases to publish the Index, with the effect that trading in Contracts for that expiry date is, in the opinion of the Exchange, substantially prevented or hindered or that there is no Expiry Value from which to calculate the EDSP in accordance with Rule YYYYYY.9(a) or Rule YYYYYY.9(b), then either:
 - (i) cessation of trading in Contracts for the current expiry date shall be postponed until such later time on that day as the Exchange may in its absolute discretion specify by notice posted on the Market, in which case the EDSP shall be determined in accordance with Rule YYYYYY.9(a) or Rule YYYYYY.9(b) or such method determined by the Exchange. The provisional and final EDSPs shall be published at such times as the Exchange shall in its discretion determine, always allowing for the thirty minute period referred to in Rule YYYYYY.10(b); or
 - (ii) if, in the opinion of the Exchange, the course described in paragraph (i) of this Rule YYYYYY.11(b) would be impossible, impracticable or for any reason undesirable, it may by notice posted on the Market declare that day not to be the expiry date and the next following business day, or any later business day chosen by them in their absolute discretion, to be the expiry date in its place.

YYYYYY.12 SETTLEMENT AMOUNT AND PAYMENT

- (a) The Settlement Amount in respect of an option exercised under Rule YYYYYY.5 or Rule YYYYYY.6, as applicable, shall be:
 - (i) in the case of a call option, the amount by which the EDSP exceeds the exercise price; or
 - (ii) in the case of a put option, the amount by which the exercise price exceeds the EDSP
 multiplied in each case by £10.00.
- (b) The Settlement Amount shall be paid by the Seller to the Clearing House by the time on the Settlement Day specified for this purpose in the Administrative Procedures and the Clearing House shall pay the Settlement Amount to the Buyer on the same day.

YYYYYY.13 DEFAULT

- (a) A Buyer or a Seller other than the Clearing House shall be in default where:
 - (i) he fails to fulfill his obligations under a Contract by the time and in the manner prescribed in and in accordance with these Contract Rules, the Regulations and the Administrative Procedures; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Regulations; or
 - (iii) in the reasonable opinion of the Clearing House he is in default.
- (b) Subject to the default rules of the Clearing House, in the event of default by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each option in issue shall be invoiced back at that price. Such price may at the Exchange's absolute discretion take account of any compensation the Exchange may consider should be paid by or to the Buyer or Seller as applicable.

YYYYYY.14 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations:
 - (i) a Seller or a Buyer shall be liable to perform his obligations in respect of an option comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems; and
 - (ii) in the event of a Buyer being prevented from exercising an option on its expiry date by the time specified in the Administrative Procedures by any event beyond his reasonable control including, without limitation, any of the events specified in Rule YYYYYY.14(a)(i):
 - (A) the Buyer may give written notice to the Exchange specifying the Contract or, if more than one, the Contracts in respect of which the Buyer was prevented from exercising an option, the steps taken by the Buyer to exercise the option and the events which

prevented him from so doing. Any such notice shall be given to the Exchange as soon as is practicable after the expiry of an option specified in the notice; and

- (B) if the Exchange is satisfied that the Buyer took all possible steps in the circumstances prevailing to exercise an option, the Exchange shall request the Clearing House to notify it of details of one or more Contracts between a Seller and the Clearing House which are on the same terms (except as to the parties or the option price) as, and have been matched by the Clearing House with, the Contract or Contracts specified in the Buyer's notice and shall fix a price for invoicing back. Each Contract the subject of the Buyer's notice and each Contract between the Clearing House and a Seller notified to the Exchange hereunder shall be invoiced back at such price. Such price may at the Exchange's absolute discretion take into account the Exchange's assessment of the intrinsic value of the options at the expiry thereof.

YYYYYY.15 [NOT USED]

YYYYYY.16 [NOT USED]

YYYYYY.17 [NOT USED]

YYYYYY.18 NON-REGISTERED CONTRACTS

- (a) In respect of a Contract which is not a registered Contract ("non-registered Contract") these Contract Rules shall be modified by the parties thereto so as to require and allow that a Contract to be registered by the Clearing House under the Clearing House Rules and the Regulations is capable of being so registered and to facilitate the performance of obligations or the exercise of rights under such registered Contract in accordance with these Contract Rules. Modifications may also be made to the terms of a non-registered Contract to permit performance of obligations or the exercise of rights under such non-registered Contract or any other non-registered Contract if, without such modifications, it may not be possible to perform such obligations or to exercise such rights by the applicable times specified in the Administrative Procedures. In particular, but without prejudice to the generality of the foregoing, all references in these Contract Rules to payment or dealing between the Buyer or the Seller and the Clearing House shall be modified so as to require a similar payment or dealing directly between the Buyer and the Seller party to such non-registered Contract.

Members should familiarise themselves with the trademark ownership and licensing information applicable to terms used in these Administrative Procedures and other relevant information such as licensors' disclaimers, which can be found at www.theice.com. Members should be mindful of such information and disclaimers when marketing to clients.

ZZZZZ.0 INTERPRETATION

All defined terms as set out in Rule YYYYY shall apply to this Rule ZZZZZ.

ZZZZZ.1 PRICE

Except in the case of cabinet transactions, the minimum price fluctuation shall be 0.5 Index points (£5.00 per option) and the option price shall be a whole number multiple of the minimum price fluctuation.

ZZZZZ.2 CABINET TRANSACTIONS

A Contract may be made at a price of 0.1 Index points (£1.00 per option) (i.e. “Cabinet”) if made by one or both parties for the sole purpose of closing out an existing open position.

ZZZZZ.3 TIMETABLE

On the market day following the making of a Contract

By 10.00 hours

Buyers will pay to the Clearing House Premiums due in respect of options to which they are party.

The Clearing House will pay Premiums due to Sellers in respect of options to which it became party as Buyer.

Expiry date on which an EDSP Intra-day Auction is operated

09.15 hours

The last time for notification to the Exchange under Rule YYYYY.10(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which comes to its attention after this time.

The Exchange shall publish any correction to the Index under Rule YYYYY.10(a) as soon as reasonably practicable.

As soon as reasonably practicable after the Exchange has concluded that the Expiry Value has been determined

Trading in Contracts for the relevant expiry date shall cease.

As soon as reasonably practicable after cessation of the EDSP Intra-day Auction but no later than 15.00 hours

The Exchange will publish a provisional EDSP.

30 minutes after the publication of the provisional EDSP

The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule YYYYY.10(b).

As soon as reasonably practicable after the expiry of the 30 minute period referred to above

The Exchange will publish the final EDSP.

By 18.00 hours

A Buyer may give to the Clearing House an Exercise Notice for any option in respect of the current expiry date, being an option comprised in a registered Contract or a Contract submitted to the Clearing House for registration.

Exercise Notices received after the time prescribed will be rejected.

The Clearing House shall select a Seller against which to exercise on a random basis to Sellers' gross sold positions as at the close of trading in the relevant expiry date.

At 18.00 hours

Any option in respect of the current expiry date to which a Buyer other than the Clearing House is party and which has not been exercised shall expire.

Expiry date on which no EDSP Intra-day Auction is operated

15.15 hours

The last time for notification to the Exchange under Rule YYYYY.10(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which comes to its attention after this time.

The Exchange shall publish any correction to the Index under Rule YYYYY.10(a) as soon as reasonably practicable.

16.30 hours

Trading in Contracts for the relevant expiry date shall cease.

As soon as reasonably practicable after cessation of trading

The Exchange will publish a provisional EDSP.

30 minutes after the publication of the provisional EDSP

The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule YYYYY.10(b).

As soon as reasonably practicable after the expiry of the 30 minute period referred to above

The Exchange will publish the final EDSP.

By 18.00 hours

A Buyer may give to the Clearing House an Exercise Notice for any option in respect of the current expiry date, being an option comprised in a registered Contract or a Contract submitted to the Clearing House for registration.

Exercise Notices received after the time prescribed will be rejected.

The Clearing House shall select a Seller against which to exercise on a random basis to Sellers' gross sold positions as at the close of trading in the relevant expiry date.

At 18.00 hours

Any option in respect of the current expiry date to which a Buyer other than the Clearing House is party and which has not been exercised shall expire.

The market day after the expiry date

By 07.00 hours

In respect of an option exercised by the Clearing House against a Seller under Rule YYYYY.6(a), the Clearing House shall give a Clearing House Notice of Exercise to the Seller in a manner from time to time prescribed by the Clearing House and will inform the Seller of the Settlement Amount due in respect of the option.

By 07.00 hours

The Clearing House shall have given notices to Buyers in accordance with Rule YYYYY.5(b) confirming which options have been validly exercised by such Buyers.

At 07.00 hours

Any option to which the Clearing House is party as Buyer and which has not been exercised shall expire.

By 10.00 hours

Sellers will pay to the Clearing House Settlement Amounts due in respect of options to which they are party.

The Clearing House will pay Settlement Amounts due to Buyers in respect of options to which it is party as Seller.

AAAAAA.1 INTERPRETATION

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and the Administrative Procedures:
- “Administrative Procedures” means the administrative procedures at Rule BBBBBB implemented by the Exchange for the purposes of these Contract Rules.
- “business day” means:
- (i) in relation to an Index for which there is a single relevant stock exchange, a market day on which the relevant stock exchange is open for business; and
- (ii) in relation to an Index for which there is more than one relevant stock exchange, a market day on which a sufficient number of relevant stock exchanges are open for business such that there are available current Index input prices for constituent stocks of the Index which, the Exchange has determined in its absolute discretion, taken together represent in aggregate not less than 75% of the market capitalisation of the Index.
- “call option” means an option specified as such in the Contract.
- “Clearing House Notice of Exercise” means a notice from the Clearing House, in a form from time to time prescribed by the Clearing House, confirming to the Seller of an option that the Clearing House has exercised an option against the Seller.
- “Closing Index Value” means the value of the Index as calculated by the Index Provider at the close of trading on the relevant stock exchange(s).
- “Contract” means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more put options or one or more call options, and “registered Contract” means a contract registered by the Clearing House.
- “Daily Delivery Settlement Price” has the meaning attributed to it in Rule AAAAAA.8(a).
- “Daily Reference Price” means the daily reference price specified as such in the List of Contract Details.
- “Daily Reference Value” means the value by reference to which the Daily Delivery Settlement Price is established.
- “EDSP” means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule AAAAAA.10.

“EDSP Intra-day Auction”	means the auction for securities in the FTSE 100 Index or FTSE 250 Index, as the case may be, operated by the London Stock Exchange from which the Expiry Value will be calculated.
“EMU legislation”	means legislative measures of the European Council for the introduction of, changeover to or operation of, a single or unified European currency (whether known as the euro or otherwise) being in part implementation of the third stage of Economic and Monetary Union in the European Union.
“€”	denotes the single currency of the European Union introduced in a Member State as the lawful currency of that Member State pursuant to its participation in the Economic and Monetary Union in the European Union pursuant to EMU legislation known, at the date of the issue of these Contract Rules, as “euro”.
“Euronext Indices B.V.”	means Euronext Indices B.V., or, its agents or successors in publishing the relevant Index.
“Exercise Notice”	means a notice in the form prescribed by the Exchange from time to time notifying the Clearing House that a Buyer of an option thereby wishes to exercise one or more options against the Clearing House.
“exercise price”	in respect of a Contract means the price agreed as such by the parties to the Contract (being a price permitted by the Exchange to be an exercise price in respect of which a Contract can be made).
“Expiry Day”	in respect of a Contract means, subject to Rule AAAAAA.12(a), the day agreed as such by the parties to the Contract (being a business day falling within a period from time to time prescribed by the Exchange), except that if at any time the day agreed upon is not a business day, the Expiry Day shall be the business day immediately preceding such day.
“expiry month”	in respect of Rule WWWW means a month specified as such by the Exchange for which a contract under Rule WWWW may be made.
“Expiry Reference Value”	means the value by reference to which the EDSP is established.
“Expiry Value”	means, in respect of an Expiry Day on which an EDSP Intra-day Auction is operated, the value of the FTSE 100 Index or FTSE 250 Index, as the case may be, as calculated by FTSE with reference to the outcome of the EDSP Intra-day Auction.
“FTSE”	means FTSE International Limited, or, its agents or successors in publishing the relevant Index.

“Ground Rules”	means, in the case of an Index compiled by Euronext Indices B.V., the Index “Ground Rules of the Series” or its successor and in the case of an Index compiled by FTSE, the “Ground Rules for the FTSE UK Index Series” or its successor and in the case of an Index compiled by MSCI Inc., the “MSCI Global Investable Market Indexes methodology” or its successor.
“Index”	<p>means the specification in accordance with the Ground Rules of:</p> <ul style="list-style-type: none">(i) a nominated sector of share issuance, as identified in the Table;(ii) a list of shares in such sector (the “constituent shares”); and(iii) the algorithm in accordance with which prices of such constituent shares are combined to generate a single figure which is calculated by the Index Provider (an “Index figure”) and published from time to time.
“Index Provider”	means Euronext Indices B.V., FTSE or MSCI Inc. as applicable.
“Last Trading Day”	in respect of Rule WWWW shall have the meaning ascribed to it in such Contract Rules.
“List of Contract Details”	means the list of contract details published by the Exchange from time to time.
“London Stock Exchange”	means the London Stock Exchange plc, or, its agents or successors in operating a regulated market for securities to which these Contract Rules and the Administrative Procedures relate.
“market day”	means a day on which the market, the Clearing House and banks in London are open for business.
“Member State”	means a member of the European Community.
“MSCI Inc.”	means Morgan Stanley Capital International Inc., or, its agents or successors in publishing the relevant Index.
“£”	denotes the lawful currency of the United Kingdom, known, at the date of the issue of these Contract Rules, as “Sterling”.
“Premium”	in respect of an option means the amount determined in accordance with Rule AAAAAA.4(a) to be payable by the Buyer to the Seller as the consideration for the purchase of the option.
“put option”	means an option specified as such in the Contract.

“relevant stock exchanges”	means, in respect of an Index, the stock exchanges from which the Index Provider obtains prices of the relevant constituent stocks of the Index for the purpose of calculating the Index figure in respect of that Index, and a “relevant stock exchange” is any one of these.
“Settlement Amount”	has the meaning given to it in Rule AAAAAA.13(a).
“Settlement Day”	in respect of an option means the day specified as such in the Table.
“Table”	means the table of Contract details specified by the Exchange for ICE Futures Equity Indices (Flexible) Options Contracts in these Contract Rules.
“weighting”	means the factor which, when multiplied by the price of a constituent stock expressed in Sterling, euro, or other currency, as the case may be, determines the contribution to the Index figure made by that constituent stock.

AAAAAA.2 CONTRACT SPECIFICATION

- (a) These Contract Rules shall apply to all Contracts.
- (b) Each Contract shall be for one or more put options or one or more call options based on a particular Index for the Expiry Day and at the exercise price agreed. An exercise price shall be expressed in Index points. An exercise price shall be agreed in Index points or shall be determined by agreeing a value expressed as a percentage of an Index figure and, forthwith on the making of the Contract, converting such value into Index points in accordance with procedures from time to time established by the Exchange.
- (c) A contract may not be made under these Contract Rules if, at such time, such contract is capable of being made under Rule WWWW.
- (d) [Not used]
- (e) [Not used]

AAAAAA.3 PRICE

- (a) Bids and offers shall be quoted in Index points or as a percentage of an Index figure. A price shall be expressed in Index points. A price shall be agreed in Index points or shall be determined by agreeing a value expressed as a percentage of an Index figure and, forthwith on the making of the Contract, converting such value into Index points in accordance with procedures from time to time established by the Exchange. Except as specified in the Administrative Procedures in the case of cabinet transactions, a price shall be a whole number multiple of the minimum price fluctuation as provided in the Table.

- (b) One Index point shall be 1.0 and shall have the value per option as provided in the Table.

AAAAAA.4 PREMIUM

- (a) The Premium payable in respect of an option shall be the product of the price of the option in Index points and the value of one Index point as specified in Rule AAAAAA.3(b) and the Table.
- (b) The Buyer shall pay the Premium to the Clearing House on the day and by the time specified for this purpose in the Administrative Procedures and the Clearing House shall pay the Premium to the Seller on the same day.

AAAAAA.5 EXERCISE OF AN OPTION BY A BUYER AGAINST THE CLEARING HOUSE AND CONFIRMATION OF EXERCISE

- (a) In respect of ICE Futures Equity Indices (Flexible) Options Contracts (American-Style Exercise), a Buyer may exercise an option against the Clearing House on any business day up to and including the Expiry Day of the Contract and shall do so by giving to the Clearing House an Exercise Notice in respect of such option by the time specified in the Administrative Procedures and in a manner from time to time prescribed by the Clearing House.
- (b) In respect of ICE Futures Equity Indices (Flexible) Options Contracts (European-Style Exercise), a Buyer may exercise an option against the Clearing House only on the Expiry Day of the Contract and shall do so by giving to the Clearing House an Exercise Notice in respect of such option by the time specified in the Administrative Procedures and in a manner from time to time prescribed by the Clearing House.
- (c) The Clearing House shall give to the Buyer a notice in a form from time to time prescribed by the Clearing House, on the day and by the time specified for that purpose in the Administrative Procedures, confirming which options specified in an Exercise Notice have been validly exercised by the Buyer in accordance with these Contract Rules.

AAAAAA.6 EXERCISE BY THE CLEARING HOUSE AGAINST A SELLER AND CONFIRMATION OF EXERCISE

- (a) Subject to Rule AAAAAA.6(b), on the day on which an option is validly exercised by a Buyer in accordance with Rule AAAAAA.5(a) or Rule AAAAAA.5(b), the Clearing House shall select a Seller of an option of the same type and at the same exercise price and for the same Expiry Day by such method of selection as may be specified in the Administrative Procedures and shall exercise that option in a form and manner from time to time prescribed by the Clearing House.
- (b) If the Clearing House is unable to exercise an option against a Seller in accordance with Rule AAAAAA.6(a) on the day referred to in such term, the Clearing House shall do so as soon as possible thereafter and such option shall be deemed to have been exercised on the day referred to in Rule AAAAAA.6(a) which, for the purpose of these Contract Rules, shall be the day of exercise of such option.
- (c) In respect of each option exercised by the Clearing House against a Seller under Rule AAAAAA.6(a) or Rule AAAAAA.6(b), the Clearing House shall give to the Seller a Clearing House Notice of Exercise by the time specified for that purpose in the Administrative Procedures on the market day following the day of exercise of the option and in a manner from time to time prescribed by the Clearing House.

AAAAAA.7 EXPIRY

- (a) An option in respect of an Expiry Day which has not been exercised in accordance with Rule AAAAAA.5 or Rule AAAAAA.6, as applicable, shall expire on the day and at the time specified for that purpose in the Administrative Procedures.

AAAAAA.8 DAILY DELIVERY SETTLEMENT PRICE IN RESPECT OF ICE FUTURES EQUITY INDICES (FLEXIBLE) OPTIONS CONTRACTS (AMERICAN-STYLE EXERCISE)

- (a) Subject to Rule AAAAAA.8(c), a Daily Delivery Settlement Price will be determined by the Exchange on each business day and shall be calculated by reference to the Daily Reference Value specified in the Table.
- (b) The Daily Delivery Settlement Price shall be calculated by the Exchange as the Daily Reference Value, rounded to the nearest minimum price fluctuation or, where the Daily Reference Price is an exact uneven multiple of one half of the minimum price fluctuation, to the nearest higher minimum price fluctuation.
- (c) Any determination by the Exchange that no Daily Delivery Settlement Price shall be established on a particular market day shall be final and binding for all purposes. Any such determination shall be the subject of a notice posted on the Market. Exercise Notices submitted on such market day shall not be valid.
- (d) The Exchange may from time to time amend the method for and timing of the calculation of the Daily Delivery Settlement Price for any reason determined by the Exchange and any such changes shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.
- (e) The Exchange shall publish the Daily Delivery Settlement Price at or by such times as may be specified in the Administrative Procedures. The Daily Delivery Settlement Price shall be final and binding for all purposes.

AAAAAA.9 EXPIRY DAY

- (a) On the Expiry Day:
 - (i) trading in Contracts for the relevant Expiry Day shall cease at such time as may be specified in the Administrative Procedures; and
 - (ii) the Exchange will determine the EDSP in accordance with Rule AAAAAA.10.

AAAAAA.10 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) Subject as provided in Rule AAAAAA.11, the EDSP for Contracts for a particular Expiry Day shall be the Expiry Reference Value specified in the Table, rounded in accordance with the rounding convention specified in the Table.
- (b) The Exchange shall publish a provisional EDSP and the final EDSP at or by such times as may be specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes, notwithstanding the fact that the Index Provider may subsequently recalculate any relevant Index figures.
- (c) The Exchange may from time to time amend the method for and timing of the calculation of the EDSP for any reason determined by the Exchange and any such changes shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

AAAAAA.11 ERRORS IN INDEX

- (a) If, not later than the time on the Expiry Day specified for that purpose in the Administrative Procedures, any member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Index which is the subject of the Contract due to any alleged or apparent error in the weighting of the price for any constituent stock of the Index first made since the publication of the last closing Index figure calculated by the Index Provider prior to the Expiry Day, then the Exchange shall promptly request the Index Provider to investigate such alleged or apparent error. If in the Index Provider's opinion an error has been made, the Index Provider shall correct any Expiry Reference Value affected thereby, and the Exchange shall as soon as reasonably practicable publish a correction to the Expiry Reference Value and shall determine the EDSP using the Expiry Reference Value as so corrected. Save as allowed by Rule AAAAAA.11(b), no correction to the Index or Expiry Reference Value shall be made in respect of any error notified to the Exchange or coming to its attention after the time so specified in the Administrative Procedures.
- (b) If, in respect of an Index, not later than thirty minutes after the provisional EDSP for a particular Expiry Day is first published, any member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Expiry Reference Value due to any cause whatsoever other than an error in the weighting of the price for any constituent stock of the Index, then the Exchange shall promptly request the Index Provider to investigate such alleged or apparent error. If in the Index Provider's opinion an error has been made, the Index Provider shall correct the Expiry Reference Value and the Exchange shall determine the EDSP in accordance therewith. No correction of the Expiry Reference Value or re-calculation of the EDSP shall be made in respect of any error notified to the Exchange or coming to its attention after the expiry of such thirty minute period.
- (c) No correction to an Index, Expiry Reference Value or re-calculation of the EDSP shall be made other than as may be allowed for in Rules AAAAAA.11(a) and AAAAAA.11(b).
- (d) Neither the Exchange nor its officers, employees, agents or representatives shall have any liability whatsoever in respect of any decision as to whether or not to correct Index figures or the Expiry Reference Value, or as to the amount of any correction, or as to whether or not to re-calculate the EDSP.

AAAAAA.12 EMERGENCY PROVISIONS

- (a) If, at any time after the close of trading two business days prior to the day which would have been the Expiry Day in respect of a Contract, it becomes known to the Exchange that the day which would have been the Expiry Day no longer satisfies the criteria as a business day, then the business day next following such day shall become the Expiry Day in respect of that Contract and the Exchange shall publish a notice by notice posted on the Market to that effect.
- (b) If, after the commencement of trading on the Expiry Day, closure of the market or one or more relevant stock exchanges means that such day no longer satisfies the criteria of a business day or the Index Provider for any reason does not calculate or does not publish or ceases to publish the Index, with the effect that trading in Contracts for that Expiry Day is, in the opinion of the Exchange, substantially prevented or hindered or that there is no Expiry Reference Value from which to calculate the EDSP in accordance with Rule AAAAAA.10(a), then either:
 - (i) cessation of trading in Contracts for the current Expiry Day shall be postponed until such later time on that day as the Exchange may in its absolute discretion specify by notice posted on the Market, in which case the EDSP shall be determined in accordance with Rule AAAAAA.10(a) or such method determined by the Exchange. The provisional and final EDSPs shall be published at such times as the Exchange shall in

its discretion determine, always allowing for the thirty minute period referred to in the Administrative Procedures; or

- (ii) if, in the opinion of the Exchange, the course described in paragraph (i) of this Rule AAAAAA.12(b) would be impossible, impracticable or for any reason undesirable, it may by notice posted on the Market declare that day not to be the Expiry Day and the next following business day, or any later business day chosen by it in its absolute discretion, to be the Expiry Day in its place.

AAAAAA.13 SETTLEMENT AMOUNT AND PAYMENT

- (a) The Settlement Amount in respect of an option exercised under Rule AAAAAA.5 or Rule AAAAAA.6, as applicable, shall be:
 - (i) in the case of a call option, the amount by which the EDSP (if exercised on the Expiry Day) or the Daily Delivery Settlement Price (if exercised on any other day) exceeds the exercise price, or
 - (ii) in the case of a put option, the amount by which the exercise price exceeds the EDSP (if exercised on the Expiry Day) or the Daily Delivery Settlement Price (if exercised on any other day),

multiplied in each case by the value per option of one Index point as specified in the Table.

- (b) The Settlement Amount shall be paid by the Seller to the Clearing House by the time on the Settlement Day specified for this purpose in the Administrative Procedures and the Clearing House shall pay the Settlement Amount to the Buyer on the same day.

AAAAAA.14 DEFAULT IN PERFORMANCE

- (a) A Buyer or a Seller other than the Clearing House shall be in default where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed in and in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Exchange or Clearing House he is in default.
- (b) Subject to the default rules of the Clearing House, in the event of default by a Buyer or a Seller in respect of a registered Contract, the Exchange shall forthwith fix a price for invoicing back and each option at issue shall be invoiced back at that price. Such price may at the Exchange's absolute discretion take account of any compensation the Exchange may consider should be paid by either party to the other.

AAAAAA.15 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations:
 - (i) a Seller or a Buyer shall be liable to perform his obligations in respect of an option comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control

including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems; and

- (ii) in the event of a Buyer being prevented from exercising an option on its Expiry Day by the time specified in the Administrative Procedures by any event beyond his reasonable control including, without limitation, any of the events specified in Rule AAAAAA.15(a)(i):
 - (A) the Buyer may give written notice to the Exchange specifying the Contract or, if more than one, the Contracts in respect of which the Buyer was prevented from exercising an option, the steps taken by the Buyer to exercise the option and the events which prevented him from so doing. Any such notice shall be given to the Exchange as soon as is practicable after the expiry of an option specified in the notice; and
 - (B) if the Exchange is satisfied that the Buyer took all possible steps in the circumstances prevailing to exercise an option, the Exchange shall request the Clearing House to consider details of one or more Contracts between a Seller and the Clearing House which are on the same terms (except as to the parties or the option price) as, and have been matched by the Clearing House with, the Contract or Contracts specified in the Buyer's notice and shall fix a price for invoicing back. Each Contract the subject of the Buyer's notice and each Contract between the Clearing House and a Seller notified to the Exchange hereunder shall be invoiced back at such price. Such price may at the Exchange's absolute discretion take into account the Exchange's assessment of the intrinsic value of the options at the expiry thereof.

AAAAAA.21 STATEMENT IN RELATION TO EDSP PRICE FORMATION

- (a) The Exchange draws the following statement to the attention of potential users of its ICE Futures Equity Indices (Flexible) Options Contracts. Members should ensure that their clients are made aware of the statement.

"Statement in relation to EDSP Price Formation

Potential users of the ICE Futures Equity Indices (Flexible) Options Contracts (the "Contracts") made available on ICE Futures Europe should familiarise themselves with the relevant "Index" (as defined in the relevant Contract Rule) compilation and calculation procedures, as well as the relevant Contract Rules of the Contracts.

Price formation leading to the "EDSP" (as defined in the relevant Contract Rule) for the Contracts is subject to similar influences to those in the case of many other cash-settled contracts. Trading activity on the relevant stock market(s) during the EDSP period is likely to

be affected by the activity of particular market participants who are seeking to obtain price convergence at the EDSP between offsetting stock and futures positions. Such participants might typically seek to achieve this by unwinding their stock positions during the EDSP period at prices which they anticipate will contribute to the calculation of Index figures which will, in turn, be used to determine the final EDSP. A consequence of this concentrated activity might be that the final EDSP differs from the Index figure immediately prior to the commencement of the EDSP period and, if relevant, from the Index figure immediately following that period.

Potential users should, therefore, consider the risks of holding positions into the expiry of the Contracts. In particular, they should consider their exposure to potentially unfavourable price movements in the expiry and whether to take steps to neutralise such exposure; for example, taking into account that there may be relatively limited liquidity provision, whether to “roll” or close positions prior to expiry

Rule AAAAAA.11 “Errors in Index” describes the only circumstances in which the EDSP may be recalculated. For the avoidance of doubt, the EDSP shall not be adjusted for any other purpose or at any time other than specified in Rule AAAAAA.11.

See Rule I.25 of the ICE Futures Europe Regulations for additional risk disclosures.”

BBBBBB.3	Timetable

Members should familiarise themselves with the trademark ownership and licensing information applicable to terms used in these Administrative Procedures and other relevant information such as licensors' disclaimers, which can be found at www.theice.com. Members should be mindful of such information and disclaimers when marketing to clients.

BBBBBB.0 INTERPRETATION

All defined terms set out in Rule AAAAAA shall apply to Rule BBBBBB.

BBBBBB.1 PRICE

Except in the case of cabinet transactions, the minimum price fluctuation shall be such amount as specified in the Table in Rule AAAAAA.

BBBBBB.2 CABINET TRANSACTIONS

A Contract may be made at a cabinet transaction price as specified in the Table in Rule AAAAAA if entered into by one or both parties for the sole purpose of closing out an existing open position.

BBBBBB.3 TIMETABLE

On the market day following the day Contracts are registered, being a day on which banks in London are open for business

By 10.00 hours

Buyers will pay to the Clearing House Premiums due in respect of options to which they are party.

The Clearing House will pay Premiums due to Sellers in respect of options to which it is party as Buyer.

Daily Delivery Settlement Price (American-Style Exercise)

As soon as reasonably practicable after the close of trading on the relevant stock exchange(s)

The Exchange will publish the Daily Delivery Settlement Price.

Exercise on any business day prior to the Expiry Day with respect to ICE Futures Equity Indices (Flexible) Options Contracts (American-Style Exercise) except as specified in a notice posted on the Market under Rule AAAAAA.8(c)

By 18:30 hours

On any business day prior to the Expiry Day, except any day specified in a notice posted on the Market under Rule AAAAAA.8(c), a Buyer may give to the Clearing House an Exercise Notice in respect of an option in accordance with Rule AAAAAA.5(a).

Exercise Notices received after such time will be rejected.

The Clearing House shall select a Seller against whom to exercise options in accordance with Rule AAAAAA.6(a) and shall do so on a random basis and against Sellers' gross sold positions as at the close of business on the Market on the day on which one or more Buyers have exercised options in accordance with Rule AAAAAA.5(a) against the Clearing House.

Expiry Day on the third Friday of a month in respect of Contracts on the AEX Index, BEL 20 Index and CAC 40 Index

13.45 hours	<p>The last time for notification to the Exchange under Rule AAAAAA.11(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which first comes to its attention after this time.</p> <p>The Exchange shall publish any correction to the Index under Rule AAAAAA.11(a) as soon as reasonably practicable.</p>
15.00 hours	<p>Trading in Contracts for the relevant Expiry Day shall cease.</p>
As soon as reasonably practicable after cessation of trading but not later than 18.00 hours	<p>The Exchange will publish a provisional EDSP.</p> <p>The Exchange will, together with the provisional EDSP, publish the Index figures referred to in the Table at Rule AAAAAA.</p>
30 minutes after the publication of the provisional EDSP	<p>The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule AAAAAA.11(b).</p>
As soon as reasonably practicable after the expiry of the 30 minute period referred to above	<p>The Exchange will publish the final EDSP.</p>
By 18.30 hours	<p>A Buyer may give to the Clearing House an Exercise Notice for any option in respect of the current Expiry Day, being an option comprised in a registered Contract.</p> <p>Exercise Notices received after such time will be rejected.</p> <p>The Clearing House shall select a Seller against whom to exercise options in accordance with Rule AAAAAA.6(a) and shall do so on a random basis and against Sellers' gross sold positions as at the close of business on the Market on the day on which one or more Buyers have exercised options in accordance with Rule AAAAAA.5 against the Clearing House.</p>
At 18.30 hours	<p>Any option in respect of the current Expiry Day to which a Buyer other than the Clearing House is party and which has not been exercised shall expire.</p>

Expiry Day on the third Friday of a month in respect of Contracts on the FTSE 100 Index and FTSE 250 Index, on which an EDSP Intra-day Auction is operated

09.15 hours	<p>The last time for notification to the Exchange under Rule AAAAAA.11(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which comes to its attention after this time.</p> <p>The Exchange shall publish any correction to the Index under Rule AAAAAA.11(a) as soon as reasonably practicable.</p>
As soon as reasonably practicable after the Exchange has concluded that the Expiry Value has been determined	<p>Trading in Contracts for the relevant Expiry Day shall cease.</p>
As soon as reasonably practicable after cessation of the EDSP Intra-day Auction but no later than 15.00 hours	<p>The Exchange will publish a provisional EDSP.</p>
30 minutes after the publication of the provisional EDSP	<p>The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule AAAAAA.11(b).</p>
As soon as reasonably practicable after the expiry of the 30 minute period referred to above	<p>The Exchange will publish the final EDSP.</p>
By 18.30 hours	<p>A Buyer may give to the Clearing House an Exercise Notice for any option in respect of the current Expiry Day, being an option comprised in a registered Contract.</p> <p>Exercise Notices received after such time will be rejected.</p> <p>The Clearing House shall select a Seller against whom to exercise options in accordance with Rule AAAAAA.6(a) and shall do so on a random basis and against Sellers' gross sold positions as at the close of business on the Market on the day on which one or more Buyers have exercised options in accordance with Rule AAAAAA.5 against the Clearing House.</p>
At 18.30 hours	<p>Any option in respect of the current Expiry Day to which a Buyer other than the Clearing House is party and which has not been exercised shall expire.</p>

Expiry Day in respect of Contracts on the FTSEurofirst 80 Index or Contracts on the FTSEurofirst 100 Index; and

Expiry Day for all other Contracts (with the exception of Contracts on the PSI 20 Index and Contracts on the MSCI Europe Index) on days other than the third Friday of a month

15.15 hours

The last time for notification to the Exchange under Rule AAAAAA.11(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which comes to its attention after this time.

The Exchange shall publish any correction to the Index under Rule AAAAAA.11(a) as soon as reasonably practicable.

16.30 hours (all Contracts other than Contracts on the FTSEurofirst 80, FTSEurofirst 100, PSI 20 and MSCI Europe Indices)

Trading in Contracts for the relevant Expiry Day shall cease.

16.45 hours (Contracts on the FTSEurofirst 80 Index and Contracts on the FTSEurofirst 100 Index)

Trading in Contracts for the relevant Expiry Day shall cease.

As soon as reasonably practicable after cessation of trading

The Exchange will publish a provisional EDSP.

30 minutes after the publication of the provisional EDSP

The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule AAAAAA.11(b).

As soon as reasonably practicable after the expiry of the 30 minute period referred to above

The Exchange will publish the final EDSP.

By 18.30 hours

A Buyer may give to the Clearing House an Exercise Notice for any option in respect of the current Expiry Day, being an option comprised in a registered Contract.

Exercise Notices received after such time will be rejected.

The Clearing House shall select a Seller against whom to exercise options in accordance with Rule AAAAAA.6(a) and shall do so on a random basis and against Sellers' gross sold positions as at the close of business on the Market on the day on which one or more Buyers have exercised options in accordance with Rule AAAAAA.5 against the Clearing House.

At 18.30 hours

Any option in respect of the current Expiry Day to which a Buyer other than the Clearing House is party and which has not been exercised shall expire.

Expiry Day in respect of Contracts on the PSI 20 Index

15.20 hours

The last time for notification to the Exchange under Rule AAAAAA.11(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which comes to its attention after this time.

The Exchange shall publish any correction to the Index under Rule AAAAAA.11(a) as soon as reasonably practicable.

16.35 hours

Trading in Contracts for the relevant Expiry Day shall cease.

As soon as reasonably
practicable after cessation of
trading

The Exchange will publish a provisional EDSP.

30 minutes after the
publication of the
provisional EDSP

The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule AAAAAA.11(b).

As soon as reasonably
practicable after the expiry
of the 30 minute period
referred to above

The Exchange will publish the final EDSP.

By 18.30 hours

A Buyer may give to the Clearing House an Exercise Notice for any option in respect of the current Expiry Day, being an option comprised in a registered Contract.

Exercise Notices received after such time will be rejected.

The Clearing House shall select a Seller against whom to exercise options in accordance with Rule AAAAAA.6(a) and shall do so on a random basis and against Sellers' gross sold positions as at the close of business on the Market on the day on which one or more Buyers have exercised options in accordance with Rule AAAAAA.5 against the Clearing House.

At 18.30 hours

Any option in respect of the current Expiry Day to which a Buyer other than the Clearing House is party and which has not been exercised shall expire.

The market day following the day of exercise of an option

By 07.00 hours	In respect of an option exercised by the Clearing House against a Seller under Rule AAAAAA.6(a) the Clearing House shall give a Clearing House Notice of Exercise to the Seller in a manner from time to time prescribed by the Clearing House and will inform the Seller of the Settlement Amount due in respect of the option.
By 07.00 hours	The Clearing House shall have given notices to Buyers in accordance with Rule AAAAAA.5(c) confirming which options have been validly exercised by such Buyers.

The market day following the Expiry Day

At 07.00 hours	Any option which has not been exercised shall expire.
----------------	---

Settlement Day

By 10.00 hours	Sellers will pay to the Clearing House Settlement Amounts due in respect of options to which they are party.
	The Clearing House will pay Settlement Amounts due to Buyers in respect of options to which it is party as Seller.

Last Trading Day in respect of Contracts on the MSCI Europe Index

16.00 hours on the Last Trading Day	Trading in Contracts for the relevant Expiry Day shall cease.
By 18.30 hours	<p>A Buyer may give to the Clearing House an Exercise Notice for any option in respect of the current Expiry Day, being an option comprised in a registered Contract.</p> <p>Exercise Notices received after such time will be rejected.</p> <p>The Clearing House shall select a Seller against whom to exercise options in accordance with Rule AAAAAA.6(a) and shall do so on a random basis and against Sellers' gross sold positions as at the close of business on the Market on the day on which one or more Buyers have exercised options in accordance with Rule AAAAAA.5 against the Clearing House.</p>
At 18.30 hours	Any option in respect of the current Expiry Day to which a Buyer other than the Clearing House is party and which has not been exercised shall expire.

Expiry Day (market day following the Last Trading Day) in respect of Contracts on the MSCI Europe Index

07.45 hours on the Expiry Day The last time for notification to the Exchange under Rule AAAAAA.11(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which first comes to its attention after this time.

The Exchange shall publish any correction to the Index under Rule AAAAAA.11(a) as soon as reasonably practicable.

09.00 hours on the Expiry Day The Exchange will publish a provisional EDSP.

The EDSP shall be the Closing Index Value on the Last Trading Day rounded in accordance with the convention as specified in the Table at Rule AAAAAA.

30 minutes after the publication of the provisional EDSP The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule AAAAAA.11(b).

As soon as reasonably practicable after the expiry of the 30 minute period referred to above The Exchange will publish the final EDSP.

The market day following the Expiry Day of an option

By 07.00 hours In respect of an option exercised by the Clearing House against a Seller under Rule AAAAAA.6(a), the Clearing House shall give a Clearing House Notice of Exercise to the Seller in a manner from time to time prescribed by the Clearing House and will inform the Seller of the Settlement Amount due in respect of the option.

By 07.00 hours The Clearing House shall have given notices to Buyers in accordance with Rule AAAAAA.5(c) confirming which options have been validly exercised by such Buyers.

The market day following the Expiry Day

At 07.00 hours Any option which has not been exercised shall expire.

Settlement Day

By 10.00 hours Sellers will pay to the Clearing House Settlement Amounts due in respect of options to which they are party.

The Clearing House will pay Settlement Amounts due to Buyers in respect of options to which it is party as Seller.

Members should familiarise themselves with the trademark ownership and licensing information applicable to terms used in these Contract Rules and other relevant information such as licensors' disclaimers, which can be found at www.theice.com. Members should be mindful of such information and disclaimers when marketing to clients.

CCCCCC.1 INTERPRETATION

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and in the Administrative Procedures:
- | | |
|-----------------------------|---|
| “Administrative Procedures” | means the administrative procedures at Rule DDDDDD implemented by the Exchange for the purposes of these Contract Rules. |
| “business day” | means a day on which the Market and the Stock Exchange are open for business. |
| “Contract” | means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots, and “registered Contract” means a Contract registered by the Clearing House. |
| “delivery month” | means each month specified as such by the Exchange pursuant to the Regulations. |
| “EDSP” | means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule CCCCCC.5. |
| “EDSP Intra-day Auction” | means the Stock Exchange operated auction for securities in the Index from which the Expiry Value will be calculated. |
| “Expiry Value” | means the value of the Index as calculated by FTSE with reference to the outcome of the EDSP Intra-day Auction carried out on the Last Trading Day. |
| “FTSE” | means FTSE International Limited, or, its agents or successors in publishing the relevant Index. |
| “Ground Rules” | means the Ground Rules for the FTSE UK Index Series, issued by FTSE from time to time. |
| “Index” | means the specification in accordance with the Ground Rules of: <ul style="list-style-type: none">(i) a nominated sector of share issuance, as identified in the Table;(ii) a list of shares in such sector (the “constituent shares”); and(iii) the algorithm in accordance with which prices of such constituent shares are combined to generate a single figure which is calculated by the Index Provider or the Index calculator, as the case may be (an “Index figure”) and published from time to time. |
| “Index Provider” | means FTSE. |
| “Last Trading Day” | means in respect of any delivery month the third Friday in that month provided that if it is not a business day then the Last Trading Day shall be the last business day preceding the third Friday (subject in all cases to Rule CCCCCC.7). |

“London Stock Exchange”	means the London Stock Exchange plc, or, its agents or successors in operating a regulated market for securities to which these Contract Rules and the Administrative Procedures relate.
“market day”	means a day on which the Market, the Clearing House and banks in London are open for business.
“£”	denotes the lawful currency of the United Kingdom, known, at the date of issues of these Contract Rules, as “Sterling”.
“Settlement Day”	means in respect of a delivery month the first market day after the Last Trading Day.
“Stock Exchange”	means the London Stock Exchange.
“Table”	means the table of contract details specified by the Exchange for the ICE Futures FTSE 100 Index Futures Contract in these Contract Rules.
“weighting”	means the factor which, when multiplied by the price of a constituent stock expressed in Sterling, determines the contribution to the Index figure made of that constituent stock.

(c) [Not used]

(d) [Not used]

CCCCCC.2 CONTRACT SPECIFICATION

- (a) These Contract Rules shall apply to all Contracts.
- (b) Each Contract shall be for one or more lots for the delivery month specified.

CCCCCC.3 PRICE

- (a) Bids and offers shall be quoted in Index points and prices shall be a whole number multiple of the minimum price fluctuation, as specified in the Administrative Procedures.
- (b) One Index point shall be 1.0 and shall have a value of £10.00 per lot.

CCCCCC.4 LAST TRADING DAY

- (a) On the Last Trading Day:
 - (i) trading in Contracts for the relevant delivery month shall cease at such time as may be specified in the Administrative Procedures; and
 - (ii) the Exchange will determine the EDSP in accordance with Rule CCCCCC.5.

CCCCCC.5 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) Subject to Rule CCCCCC.5(c), the EDSP for Contracts for a particular delivery month shall, subject as provided in Rule CCCCCC.6, be the Expiry Value (but subject to any corrections in accordance with Rule CCCCCC.6), on the Last Trading Day, rounded to the nearest 0.5 or, where such Expiry Value is an exact uneven multiple of 0.25, to the nearest higher 0.5.
- (b) The Exchange shall publish a provisional EDSP and the final EDSP at or by such times as may be specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes, notwithstanding the fact that the Index Provider may subsequently recalculate any relevant Index figures.
- (c) The Exchange may from time to time amend the method for and timing of the calculation of the EDSP for any reason determined by the Exchange and any such changes shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

CCCCCC.6 ERRORS IN INDEX

- (a) If, not later than the time on the Last Trading Day specified for that purpose in the Administrative Procedures, any member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Index due to any alleged or apparent error in the weighting of the price for any constituent stock of the Index first made since the publication of the closing Index figure on the last business day prior to the Last Trading Day, then the Exchange shall promptly request the Index Provider to investigate such alleged or apparent error. If in the Index Provider's opinion an error has been made, the Index Provider shall correct any Expiry Value affected thereby, and the Exchange shall as soon as reasonably practicable publish a correction to the Expiry Value and shall determine the EDSP using the Expiry Value as so corrected. Save as allowed by Rule CCCCCC.6(b), no correction to the Expiry Value shall be made in respect of any error notified to the Exchange or coming to its attention after the time so specified in the Administrative Procedures.
- (b) If, not later than thirty minutes after the provisional EDSP for a particular delivery month is first published, any member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Expiry Value due to any cause whatsoever other than an error in the weighting of the price for any constituent stock of the Index, then the Exchange shall promptly request the Index Provider to investigate such alleged or apparent error. If in the Index Provider's opinion an error has been made, the Index Provider shall correct the Expiry Value affected thereby which has been or will be used to determine the EDSP for that delivery month and the Exchange shall re-determine the EDSP in accordance therewith. No correction of the Expiry Value or the EDSP shall be made in respect of any error notified to the Exchange or coming to its attention after the expiry of such thirty minute period.
- (c) No correction to the Expiry Value or the EDSP shall be made other than as may be allowed for in Rules CCCCCC.6(a) and CCCCCC.6(b).
- (d) Neither the Exchange nor its officers, employees, agents or representatives shall have any liability whatsoever in respect of any decision as to whether or not to correct the Expiry Value or as to the amount of any correction, or as to whether or not to re-determine the EDSP.

CCCCCC.7 EMERGENCY PROVISIONS

- (a) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that on the day which would have been the Last Trading Day either or both of the Market and the Stock Exchange will not be open for business, then the business day next following such day shall

become the Last Trading Day in respect of that delivery month and the Exchange shall publish a notice by notice posted on the Market to that effect.

- (b) If, after the commencement of trading on the Last Trading Day in respect of a delivery month, either or both of the Market and the Stock Exchange closes for business or FTSE for any reason does not calculate or does not publish or ceases to publish the Index, with the effect that trading in Contracts for that delivery month is, in the opinion of the Exchange, substantially prevented or hindered or that there is no Expiry Value from which to calculate the EDSP in accordance with Rule CCCCCC.5(a), then either:
 - (i) cessation of trading in Contracts for the current delivery month shall be postponed until such later time on that day as the Exchange may in its absolute discretion specify by notice posted on the Market, in which case the EDSP shall be determined in accordance with Rule CCCCCC.5(a) or such method determined by the Exchange. The provisional and final EDSPs shall be published at such times as the Exchange shall in its discretion determine, always allowing for the thirty minute period referred to in Rule CCCCCC.6(b); or
 - (ii) if, in the opinion of the Exchange, the course described in paragraph (i) would be impossible, impracticable or for any reason undesirable, it may by notice posted on the Market declare that day not to be the Last Trading Day and the next following business day, or any later business day chosen by it in its absolute discretion, to be the Last Trading Day in its place.

CCCCCC.8 PAYMENT

- (a) In respect of each lot comprised in a Contract the following payments shall be made by the time specified therefor in the Administrative Procedures:
 - (i) where the final EDSP exceeds the Contract price, payment by the Seller to the Clearing House and payment by the Clearing House to the Buyer of an amount calculated by multiplying the difference in Index points between the EDSP and the Contract price by £10.00 as specified in Rule CCCCCC.3(b); and
 - (ii) where the Contract price exceeds the final EDSP, payment by the Buyer to the Clearing House and payment by the Clearing House to the Seller of an amount calculated by multiplying the difference in Index points between the Contract price and the EDSP by £10.00 as specified in Rule CCCCCC.3(b).

CCCCCC.9 DEFAULT

- (a) A Buyer or a Seller shall be in default where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed and in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Clearing House he is in default.
- (b) Subject to the default rules of the Clearing House, in the event of default by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each lot in issue shall be invoiced back at that price.

Such price may at the Exchange's absolute discretion take account of any compensation the Exchange may consider should be paid by either party to the other.

CCCCCC.10 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

CCCCCC.15 [NOT USED]

CCCCCC.16 STATEMENT IN RELATION TO EDSP PRICE FORMATION

- (a) The Exchange draws the following statement to the attention of potential users of its ICE Futures FTSE 100 Index Futures Contract. Members should ensure that their clients are made aware of the statement.

“Statement in relation to EDSP Price Formation

Potential users of the ICE Futures FTSE 100 Index Futures Contract (the “Contract”) made available on ICE Futures Europe should familiarise themselves with the relevant “Index” (as defined in the relevant Contract Rule) compilation and calculation procedures, as well as the relevant Contract Rules of the Contract.

Price formation leading to the “EDSP” (as defined in the relevant Contract Rule) for the Contract is subject to similar influences to those in the case of many other cash-settled contracts. Trading activity on the relevant stock market(s) during the EDSP period is likely to be affected by the activity of particular market participants who are seeking to obtain price convergence at the EDSP between offsetting stock and futures positions. Such participants might typically seek to achieve this by unwinding their stock positions during the EDSP period at prices which they anticipate will contribute to the calculation of Index figure(s) which will, in turn, be used to determine the final EDSP. A consequence of this concentrated activity might be that the final EDSP differs from the Index figure immediately prior to the commencement of the EDSP period and, if relevant, from the Index figure immediately following that period.

Potential users should, therefore, consider the risks of holding positions into the expiry of the Contract. In particular, they should consider their exposure to potentially unfavourable price movements in the expiry and whether to take steps to neutralise such exposure; for example, taking into account that there may be relatively limited liquidity provision, whether to “roll” or close positions prior to expiry.

See Rule I.25 of the ICE Futures Europe Regulations for additional risk disclosures.”

Members should be mindful of such information and disclaimers when marketing to clients.

DDDDDD.0 INTERPRETATION

All defined terms as set out in Rule CCCCCC shall apply to this Rule DDDDDD.

DDDDDD.1 PRICE

The minimum price fluctuation shall be ½ an Index point (£5.00 per future).

DDDDDD.2 TIMETABLE

Last Trading Day

09.15 hours

The last time for notification to the Exchange under Rule CCCCCC.6(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which first comes to its attention after this time.

The Exchange shall publish any correction to the Index under Rule CCCCCC.6(a) as soon as reasonably practicable.

As soon as reasonably practicable after the Exchange has concluded that the Expiry Value has been determined

Trading in Contracts for the relevant delivery month shall cease.

As soon as reasonably practicable after cessation of the EDSP Intra-day Auction but no later than 15.00 hours

The Exchange will publish a provisional EDSP.

30 minutes after the publication of the provisional EDSP

The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule CCCCCC.6(b).

As soon as reasonably practicable after the expiry of the 30 minute period referred to above

The Exchange will publish the final EDSP.

Settlement Day

By 10.00 hours

All payments required by Rule CCCCCC.8(a) to be made by the Buyer and the Seller shall have been completed.

Members should be mindful of such information and disclaimers when marketing to clients.

EEEEEE.1 INTERPRETATION

(a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.

(b) In these Contract Rules and in the Administrative Procedures:

“Administrative Procedures” means all procedures from time to time implemented by the Exchange for the purposes of these Contract Rules.

“business day” means a day on which the Market and the Stock Exchange are open for business.

“Contract” means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots, and “registered Contract” means a Contract registered by the Clearing House.

“delivery month” means each month specified as such by the Exchange pursuant to the Regulations.

“EDSP” means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule EEEEE.5.

“EMU legislation” means legislative measures of the European Council for the introduction of, changeover to or operation of, a single or unified European currency (whether known as the euro or otherwise) being in part implementation of the third stage of Economic and Monetary Union in the European Union.

“euro” means the single currency of the European Union introduced in the relevant Member State pursuant to its participation in Economic and Monetary Union pursuant to EMU legislation.

“FTSE” means FTSE International Limited, or, its agents or successors in publishing the relevant Index.

“Ground Rules” means the Ground Rules for the FTSE UK Index Series, issued by FTSE from time to time.

“Index” means the specification in accordance with the Ground Rules of:

- (i) a nominated sector of share issuance;
- (ii) a list of shares in such sector (the “constituent shares”); and
- (iii) the algorithm in accordance with which the amounts of ordinary dividends declared in respect of such constituent shares are combined to generate a single figure which is calculated by FTSE (an “Index figure”) and published from time to time.

“Last Trading Day” means in respect of any delivery month the business day immediately preceding the third Friday in that month (subject in all cases to Rule EEEEE.4).

“London Stock Exchange”	means the London Stock Exchange plc, or, its agents or successors in operating a regulated market for securities to which these Contract Rules and the Administrative Procedures relate.
“market day”	means a day on which the Market, the Clearing House and banks in London are open for business.
“£”	denotes the lawful currency of the United Kingdom, known, at the date of issue of these Contract Rules, as “Sterling”.
“Settlement Day”	means in respect of a delivery month the market day immediately following the day on which the EDSP is published.
“Stock Exchange”	means the London Stock Exchange.

(c) [Not used]

(d) [Not used]

EEEEEE.2 CONTRACT SPECIFICATION

- (a) These Contract Rules shall apply to all Contracts.
- (b) Each Contract shall be for one or more lots for the delivery month specified.

EEEEEE.3 PRICE

- (a) Bids and offers shall be quoted in Index points and prices shall be a whole number multiple of the minimum price fluctuation, as specified in the Administrative Procedures.
- (b) One Index point shall be 1.0 and shall have a value of £10.00 per lot.

EEEEEE.4 LAST TRADING DAY

- (a) On the Last Trading Day, trading in Contracts for the relevant delivery month shall cease at such time as may be specified in the Administrative Procedures.
- (b) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that on the day which would have been the Last Trading Day either or both of the Market and the Stock Exchange will not be open for business, then the business day next following such day shall become the Last Trading Day in respect of that delivery month and the Exchange shall publish a notice posted on the Market to that effect.
- (c) If, after the commencement of trading on the Last Trading Day in respect of a delivery month, either or both of the Market and the Stock Exchange closes for business or FTSE for any reason does not calculate or does not publish or ceases to publish the Index, with the effect that trading in Contracts for that delivery month is, in the opinion of the Exchange, substantially prevented or hindered or that there is no Index figure from which to calculate the EDSP in accordance with Rule EEEEE.5(a), then either:
 - (i) cessation of trading in Contracts for the current delivery month shall be postponed until such later time on that day as the Exchange may in its absolute discretion specify by notice posted on the Market, in which case the EDSP shall be determined in accordance with Rule EEEEE.5(a) or such method determined by the Exchange; or

- (ii) if, in the opinion of the Exchange, the course described in paragraph (i) of this Rule EEEEE.4(c) would be impossible, impracticable or for any reason undesirable, it may by notice posted on the Market declare that day not to be the Last Trading Day and the next following business day, or any later business day chosen by it in its absolute discretion, to be the Last Trading Day in its place.

EEEEEE.5 EXCHANGE DELIVERY SETTLEMENT PRICE (“EDSP”)

- (a) The EDSP shall be the Index figure rounded in accordance with the Administrative Procedures (but subject to any corrections in accordance with Rule EEEEE.6(a)) on the third Friday of the delivery month, as specified for this purpose in the Administrative Procedures.
- (b) The Exchange shall publish a provisional EDSP and the final EDSP on the business day immediately following the Last Trading Day at or by such times as may be specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes, notwithstanding the fact that FTSE may subsequently recalculate any relevant Index figure.
- (c) The Exchange may from time to time amend the method for and timing of the calculation of the EDSP for any reason determined by the Exchange and any such changes shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

EEEEEE.6 ERRORS IN INDEX

- (a) If, not later than thirty minutes after the provisional EDSP for a particular delivery month is first published, any member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Index due to any cause whatsoever, then the Exchange shall promptly request FTSE to investigate such alleged or apparent error. If in FTSE's opinion an error has been made, FTSE shall correct any Index figure affected thereby which has been or will be used to determine the EDSP for that delivery month and the Exchange shall re-determine the EDSP in accordance therewith. No correction of an Index figure or recalculation of the EDSP shall be made in respect of any error notified to the Exchange or coming to its attention after the expiry of such thirty minute period.
- (b) No correction to an Index figure or the EDSP shall be made other than as may be allowed for in Rule EEEEE.6(a).
- (c) Neither the Exchange nor its officers, employees, agents or representatives shall have any liability whatsoever in respect of any decision as to whether or not to correct an Index figure or as to the amount of any correction, or as to whether or not to recalculate the EDSP.

EEEEEE.7 PAYMENT

- (a) In respect of each lot comprised in a Contract the following payments shall be made by the time specified therefor in the Administrative Procedures:
 - (i) where the final EDSP exceeds the Contract price, payment by the Seller to the Clearing House and payment by the Clearing House to the Buyer of an amount calculated by multiplying the difference in Index points between the EDSP and the Contract price by £10.00 as specified in Rule EEEEE.3(b); and
 - (ii) where the Contract price exceeds the final EDSP, payment by the Buyer to the Clearing House and payment by the Clearing House to the Seller of an amount calculated by multiplying the difference in Index points between the Contract price and the EDSP by £10.00 as specified in Rule EEEEE.3(b).

EEEEEE.8 DEFAULT IN PERFORMANCE

- (a) A Buyer or a Seller shall be in default where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed and in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Exchange and/or the Clearing House he is in default.
- (b) Subject to the default rules of the Clearing House as may be in force from time to time, in the event of default by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each lot in issue shall be invoiced back at that price. Such price may at the Exchange's absolute discretion take account of any compensation the Exchange may consider should be paid by either party to the other.

EEEEEE.9 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

EEEEEE.15 STATEMENT IN RELATION TO THE CONTRACT

- (a) The Exchange draws the following statement to the attention of potential users of the Contract. Members should ensure that their clients are made aware of the statement.

“Statement in relation to the ICE Futures FTSE 100 Index - RDSA Withholding Futures Contract (the “Contract”)

Potential users of the Contract made available on ICE Futures Europe should familiarise themselves with the relevant “Index” (as defined in the relevant Contract Rule) compilation and calculation procedures, as well as the relevant Contract Rules of the Contract.

In particular, potential users should note that this Contract is based on the FTSE 100 Dividend Index - RDSA Withholding, launched by FTSE in May 2009 (previously known as the FTSE

100 Dividend Index), which represents the cumulative value of ordinary cash dividends declared by the individual constituents of the FTSE 100 Index and in which 100% of the declared dividend, or 100% of the Sterling equivalent of the declared dividend value, is taken into account when calculating the Index, with the exception of Royal Dutch Shell ‘A’ shares, for which a deduction is made which represents the Luxembourg tax treaty rate with the Netherlands (as at June 2011, such deduction was 15%).

See Rule I.25 of the ICE Futures Europe Regulations for additional risk disclosures.”

Members should be mindful of such information and disclaimers when marketing to clients.

FFFFFFF.0 INTERPRETATION

All defined terms set out in Rule EEEEEEE shall apply to this Rule FFFFFFFF.

FFFFFFF.1 PRICE

The minimum price fluctuation shall be 0.1 of an Index point (£1.00 per future).

FFFFFFF.2 TIMETABLE

Last Trading Day

16.30 hours

Trading in Contracts for the relevant delivery month shall cease.

Business day immediately following the Last Trading Day

As soon as reasonably
practicable after publication
by FTSE of the Index figure

The Exchange will publish a provisional EDSP.
The EDSP shall be the Index figure on the third Friday of the
delivery month rounded to two decimal places.

30 minutes after the
publication of the provisional
EDSP

The last time for notification to the Exchange of an error or alleged
error in the Index pursuant to Rule EEEEEEE.6(a).

As soon as reasonably
practicable after the expiry of the
30 minute period referred to
above

The Exchange will publish the final EDSP.

Settlement Day

By 10.00 hours

All payments required by Rule EEEEEEE.7(a) to be made by the Buyer
and the Seller shall have been completed.

GGGGGG.1 INTERPRETATION

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and in the Administrative Procedures:
- | | |
|-----------------------------|--|
| “Administrative Procedures” | means all administrative procedures at Rule HHHHHH implemented by the Exchange for the purposes of these Contract Rules. |
| “business day” | means a day on which the Market and the Stock Exchange are open for business. |
| “Contract” | means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots, and “registered Contract” means a Contract registered by the Clearing House. |
| “delivery month” | means each month specified as such by the Exchange pursuant to the Regulations. |
| “EDSP” | means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule GGGGGG.5. |
| “EMU legislation” | means legislative measures of the European Council for the introduction of, changeover to or operation of, a single or unified European currency (whether known as the euro or otherwise) being in part implementation of the third stage of Economic and Monetary Union in the European Union. |
| “euro” | means the single currency of the European Union introduced in the relevant Member State pursuant to its participation in Economic and Monetary Union pursuant to EMU legislation. |
| “FTSE” | means FTSE International Limited, or, its agents or successors in publishing the relevant Index. |
| “Ground Rules” | means the Ground Rules for the FTSE UK Index Series, issued by FTSE from time to time. |
| “Index” | means the specification in accordance with the Ground Rules of: <ul style="list-style-type: none">(i) a nominated sector of share issuance;(ii) a list of shares in such sector (the “constituent shares”); and(iii) the algorithm in accordance with which the amounts of ordinary dividends declared in respect of such constituent shares are combined to generate a single figure which is calculated by FTSE (an “Index figure”) and published from time to time. |

“Last Trading Day”	means in respect of any delivery month the business day immediately preceding the third Friday in that month (subject in all cases to Rule GGGGGG.4).
“London Stock Exchange”	means London Stock Exchange plc, or, its agents or successors in operating a regulated market for securities to which these Contract Rules and the Administrative Procedures relate.
“market day”	means a day on which the Market, the Clearing House and banks in London are open for business.
“£”	denotes the lawful currency of the United Kingdom, known, at the date of issue of these Contract Rules, as “Sterling”.
“Settlement Day”	means in respect of a delivery month the market day immediately following the day on which the EDSP is published.
“Stock Exchange”	means the London Stock Exchange.
(c) [Not used]	
(d) [Not used]	

GGGGGG.2 CONTRACT SPECIFICATION

- (a) These Contract Rules shall apply to all Contracts.
- (b) Each Contract shall be for one or more lots for the delivery month specified.

GGGGGG.3 PRICE

- (a) Bids and offers shall be quoted in Index points and prices shall be a whole number multiple of the minimum price fluctuation, as specified in the Administrative Procedures.
- (b) One Index point shall be 1.0 and shall have a value of £10.00 per lot.

GGGGGG.4 LAST TRADING DAY

- (a) On the Last Trading Day, trading in Contracts for the relevant delivery month shall cease at such time as may be specified in the Administrative Procedures.
- (b) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that on the day which would have been the Last Trading Day either or both of the Market and the Stock Exchange will not be open for business, then the business day next following such day shall become the Last Trading Day in respect of that delivery month and the Exchange shall publish by notice posted on the Market to that effect.
- (c) If, after the commencement of trading on the Last Trading Day in respect of a delivery month, either or both of the Market and the Stock Exchange closes for business or FTSE for any reason does not calculate or does not publish or ceases to publish the Index, with the effect that trading in Contracts for that delivery month is, in the opinion of the Exchange, substantially prevented or

hindered or that there is no Index figure from which to calculate the EDSP in accordance with Rule GGGGGG.5(a), then either:

- (i) cessation of trading in Contracts for the current delivery month shall be postponed until such later time on that day as the Exchange may in its absolute discretion specify by notice posted on the Market, in which case the EDSP shall be determined in accordance with Rule GGGGGG.5(a) or such method determined by the Exchange; or
- (ii) if, in the opinion of the Exchange, the course described in paragraph (i) of this Rule GGGGGG.4(c) would be impossible, impracticable or for any reason undesirable, it may by notice posted on the Market declare that day not to be the Last Trading Day and the next following business day, or any later business day chosen by it in its absolute discretion, to be the Last Trading Day in its place.

GGGGGG.5 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) The EDSP shall be the Index figure rounded in accordance with the Administrative Procedures (but subject to any corrections in accordance with Rule GGGGGG.6(a)) on the third Friday of the delivery month, as specified for this purpose in the Administrative Procedures.
- (b) The Exchange shall publish a provisional EDSP and the final EDSP on the business day immediately following the Last Trading Day at or by such times as may be specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes, notwithstanding the fact that FTSE may subsequently recalculate any relevant Index figure.
- (c) The Exchange may from time to time amend the method for and timing of the calculation of the EDSP for any reason determined by the Exchange and any such changes shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

GGGGGG.6 ERRORS IN INDEX

- (a) If, not later than thirty minutes after the provisional EDSP for a particular delivery month is first published, any member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Index due to any cause whatsoever, then the Exchange shall promptly request FTSE to investigate such alleged or apparent error. If in FTSE's opinion an error has been made, FTSE shall correct any Index figure affected thereby which has been or will be used to determine the EDSP for that delivery month and the Exchange shall re-determine the EDSP in accordance therewith. No correction of an Index figure or recalculation of the EDSP shall be made in respect of any error notified to the Exchange or coming to its attention after the expiry of such thirty minute period.
- (b) No correction to an Index figure or the EDSP shall be made other than as may be allowed for in Rule GGGGGG.6(a).
- (c) Neither the Exchange nor its officers, employees, agents or representatives shall have any liability whatsoever in respect of any decision as to whether or not to correct an Index figure or as to the amount of any correction, or as to whether or not to recalculate the EDSP.

GGGGGG.7 PAYMENT

- (a) In respect of each lot comprised in a Contract the following payments shall be made by the time specified therefor in the Administrative Procedures:
 - (i) where the final EDSP exceeds the Contract price, payment by the Seller to the Clearing House and payment by the Clearing House to the Buyer of an amount calculated by

multiplying the difference in Index points between the EDSP and the Contract price by £10.00 as specified in Rule GGGGGG.3(b); and

- (ii) where the Contract price exceeds the final EDSP, payment by the Buyer to the Clearing House and payment by the Clearing House to the Seller of an amount calculated by multiplying the difference in Index points between the Contract price and the EDSP by £10.00 as specified in Rule GGGGGG.3(b).

GGGGGG.8 DEFAULT IN PERFORMANCE

- (a) A Buyer or a Seller shall be in default where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed and in accordance with these Contract Rules, the Regulations, the Administrative Procedures and the Clearing House Rules; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules, in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Exchange and/or the Clearing House he is in default.
- (b) Subject to the default rules of the Clearing House as may be in force from time to time, in the event of default by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each lot in issue shall be invoiced back at that price. Such price may at the Exchange's absolute discretion take account of any compensation the Exchange may consider should be paid by either party to the other.

GGGGGG.9 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

GGGGGG.15 STATEMENT IN RELATION TO THE CONTRACT

- (a) The Exchange draws the following statement to the attention of potential users of the Contract. Members should ensure that their clients are made aware of the statement.

“Statement in relation to the Contract

Potential users of the ICE Futures FTSE 100 Declared Dividend Index Futures Contract (the “Contract”) made available on ICE Futures Europe should familiarise themselves with the relevant “Index” (as defined in the relevant Contract Rule) compilation and calculation procedures, as well as the relevant Contract Rules of the Contract.

In particular, potential users should note that this Contract is based on the FTSE 100 Declared Dividend Index launched by FTSE on 21 June 2011, which represents the cumulative value of ordinary cash dividends declared by the individual constituents of the FTSE 100 Index and in which 100% of the declared dividend, or 100% of the Sterling equivalent of the declared dividend value, is taken into account when calculating the Index.

See Rule I.25 of the ICE Futures Europe Regulations for additional risk disclosures.”

IIIIII.1 INTERPRETATION

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.

- (b) In these Contract Rules and in the Administrative Procedures:

“Administrative Procedures” means the administrative procedures at Rule JJJJJJ implemented by the Exchange for the purposes of these Contract Rules.

“business day” means a day on which the Market and the Stock Exchange are open for business.

“Contract” means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots in respect of an Index, and “registered Contract” means a Contract registered by the Clearing House.

“delivery month” means each month specified in the Table.

“EDSP” means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule IIIIII.5.

“EDSP Intra-day Auction” means the Stock Exchange operated auction for securities in the Index from which the Expiry Value will be calculated.

“Expiry Value” means the value of the Index as calculated by FTSE with reference to the outcome of the EDSP Intra-day Auction carried out on the Last Trading Day.

“FTSE” means FTSE International Limited, or, its agents or successors in publishing the relevant Index.

“Ground Rules” means the Ground Rules for the FTSE UK Index Series, issued by FTSE from time to time.

“Index” means the FTSE 100 Total Return (Declared Dividend) Index, as defined and calculated by FTSE.

“Index Provider” means FTSE.

“Last Trading Day” means in respect of any delivery month the third Friday in that month provided that if it is not a business day then the Last Trading Day shall be the last business day preceding the third Friday (subject in all cases to Rule IIIIII.7).

“London Stock Exchange” means the London Stock Exchange plc, or, its agents or successors in operating a regulated market for securities to which these Contract Rules and the Administrative Procedures relate.

CONTRACT RULES: ICE FUTURES FTSE 100 TOTAL RETURN (DECLARED DIVIDEND) INDEX FUTURES CONTRACT

“market day”	means a day on which the Market, the Clearing House and banks in London are open for business.
“£”	denotes the lawful currency of the United Kingdom, known, at the date of issue of these Contract Rules, as “Sterling”.
“Settlement Day”	means in respect of a delivery month the first market day after the Last Trading Day.
“Stock Exchange”	means the London Stock Exchange.
“Table”	means the table of contract details specified by the Exchange for the ICE Futures FTSE 100 Total Return (Declared Dividend) Index Futures Contract in these Contract Rules.
“weighting”	means the factor which, when multiplied by the price of a constituent stock expressed in Sterling, determines the contribution to the Index figure made of that constituent stock.

(c) [Not used]

(d) [Not used]

IIII.2 CONTRACT SPECIFICATION

- (a) These Contract Rules shall apply to all Contracts.
- (b) Each Contract shall be for one or more lots for the delivery month specified.

IIII.3 PRICE

- (a) Bids and offers shall be quoted in Index points and prices shall be a whole number multiple of the minimum price fluctuation, as specified in the Table.

IIII.4 LAST TRADING DAY

- (a) On the Last Trading Day:
 - (i) trading in Contracts for the relevant delivery month shall cease at such time as may be specified in the Administrative Procedures; and
 - (ii) the Exchange will determine the EDSP in accordance with Rule IIIII.5.

IIII.5 EXCHANGE DELIVERY SETTLEMENT PRICE (“EDSP”)

- (a) Subject to Rule IIIII.5(c), the EDSP for Contracts for a particular delivery month shall, subject as provided in Rule IIIII.6, be the Expiry Value (but subject to any corrections in accordance with Rule IIIII.6), on the Last Trading Day, rounded to the nearest 0.5 or, where such Expiry Value is an exact uneven multiple of 0.25, to the nearest higher 0.5.

- (b) The Exchange shall publish a provisional EDSP and the final EDSP at or by such times as may be specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes, notwithstanding the fact that the Index Provider may subsequently recalculate any relevant Index figures.
- (c) The Exchange may from time to time amend the method for and timing of the calculation of the EDSP for any reason determined by the Exchange and any such changes shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

IIIIII.6 ERRORS IN INDEX

- (a) If, not later than the time on the Last Trading Day specified for that purpose in the Administrative Procedures, any member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Index due to any alleged or apparent error in the weighting of the price for any constituent stock of the Index first made since the publication of the closing Index figure on the last business day prior to the Last Trading Day, then the Exchange shall promptly request the Index Provider to investigate such alleged or apparent error. If in the Index Provider's opinion an error has been made, the Index Provider shall correct any Expiry Value affected thereby, and the Exchange shall as soon as reasonably practicable publish a correction to the Expiry Value and shall determine the EDSP using the Expiry Value as so corrected. Save as allowed by Rule IIIII.6(b), no correction to the Expiry Value shall be made in respect of any error notified to the Exchange or coming to its attention after the time so specified in the Administrative Procedures.
- (b) If, not later than thirty minutes after the provisional EDSP for a particular delivery month is first published, any member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Expiry Value due to any cause whatsoever other than an error in the weighting of the price for any constituent stock of the Index, then the Exchange shall promptly request the Index Provider to investigate such alleged or apparent error. If in the Index Provider's opinion an error has been made, the Index Provider shall correct the Expiry Value affected thereby which has been or will be used to determine the EDSP for that delivery month and the Exchange shall re-determine the EDSP in accordance therewith. No correction of the Expiry Value or the EDSP shall be made in respect of any error notified to the Exchange or coming to its attention after the expiry of such thirty minute period.
- (c) No correction to the Expiry Value or the EDSP shall be made other than as may be allowed for in Rules IIIII.6(a) and IIIII.6(b).
- (d) Neither the Exchange nor its officers, employees, agents or representatives shall have any liability whatsoever in respect of any decision as to whether or not to correct the Expiry Value or as to the amount of any correction, or as to whether or not to re-determine the EDSP.

IIIIII.7 EMERGENCY PROVISIONS

- (a) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that on the day which would have been the Last Trading Day either or both of the Market and the Stock Exchange will not be open for business, then the business day next following such day shall become the Last Trading Day in respect of that delivery month and the Exchange shall publish by notice posted on the Market to that effect.

CONTRACT RULES: ICE FUTURES FTSE 100 TOTAL RETURN (DECLARED DIVIDEND) INDEX FUTURES CONTRACT

- (b) If, after the commencement of trading on the Last Trading Day in respect of a delivery month, either or both of the Market and the Stock Exchange closes for business or FTSE for any reason does not calculate or does not publish or ceases to publish the Index, with the effect that trading in Contracts for that delivery month is, in the opinion of the Exchange, substantially prevented or hindered or that there is no Expiry Value from which to calculate the EDSP in accordance with Rule IIIII.5(a), then either:
 - (i) cessation of trading in Contracts for the current delivery month shall be postponed until such later time on that day as the Exchange may in its absolute discretion specify by notice posted on the Market, in which case the EDSP shall be determined in accordance with Rule IIIII.5(a) or such method determined by the Exchange. The provisional and final EDSPs shall be published at such times as the Exchange shall in its discretion determine, always allowing for the thirty minute period referred to in Rule IIIII.6(b); or
 - (ii) if, in the opinion of the Exchange, the course described in paragraph (i) of this Rule IIIII.7(b) would be impossible, impracticable or for any reason undesirable, it may by notice posted on the Market declare that day not to be the Last Trading Day and the next following business day, or any later business day chosen by it in its absolute discretion, to be the Last Trading Day in its place.

IIII.8 PAYMENT

- (a) In respect of each lot comprised in a Contract the following payments shall be made by the time specified therefor in the Administrative Procedures:
 - (i) where the final EDSP exceeds the Contract price, payment by the Seller to the Clearing House and payment by the Clearing House to the Buyer of an amount calculated by multiplying the difference in Index points between the EDSP and the Contract price by £10.00; and
 - (ii) where the Contract price exceeds the final EDSP, payment by the Buyer to the Clearing House and payment by the Clearing House to the Seller of an amount calculated by multiplying the difference in Index points between the Contract price and the EDSP by £10.00.

IIII.9 DEFAULT

- (a) A Buyer or a Seller shall be in default where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed and in accordance with these Contract Rules, the Regulations, the Administrative Procedures and the Clearing House Rules; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules, in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Exchange and/or the Clearing House he is in default.
- (b) Subject to the default rules of the Clearing House, in the event of default by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each lot in issue shall be invoiced back

CONTRACT RULES: ICE FUTURES FTSE 100 TOTAL RETURN
(DECLARED DIVIDEND) INDEX
FUTURES CONTRACT

at that price. Such price may at the Exchange's absolute discretion take account of any compensation the Exchange may consider should be paid by either party to the other.

IIIIII.10 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules of the Exchange and the Clearing House, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

IIIIII.11 [NOT USED]

IIIIII.12 [NOT USED]

IIIIII.13 [NOT USED]

IIIIII.14 [NOT USED]

IIIIII.15 [NOT USED]

IIIIII.16 STATEMENT IN RELATION TO EDSP PRICE FORMATION

- (a) The Exchange draws the following statement to the attention of potential users of its ICE Futures FTSE 100 Total Return (Declared Dividend) Index Futures Contract. Members should ensure that their clients are made aware of the statement.

“Statement in relation to EDSP Price Formation

Potential users of the ICE Futures FTSE 100 Total Return (Declared Dividend) Index Futures Contract (the “Contract”) made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules of the Contract as well as the relevant “Index” (as defined in the relevant Contract Rule) compilation and calculation procedures (including the treatment of dividends). Price formation leading to the “EDSP” (as defined in the relevant Contract Rule) for the Contract is subject to similar influences to those in the case of many other cash-settled contracts. Trading activity on the relevant stock market(s) during the EDSP period is likely to be affected by the activity of particular market participants who are seeking to obtain price convergence at the EDSP between offsetting stock and futures positions. Such participants might typically seek to achieve this by unwinding their stock positions during the EDSP period at prices which they anticipate will contribute to the calculation of Index figure(s) which will, in turn, be used to determine the final EDSP. A consequence of this concentrated activity might be that the final EDSP differs from the Index figure immediately prior to the commencement of the EDSP period and, if relevant, from the Index figure immediately following that period.

Potential users should, therefore, consider the risks of holding positions into the expiry of the Contract. In particular, they should: (i) familiarise themselves with the controls operating in the cash market during the relevant period (for example, the parameters set by the “London Stock Exchange” (as defined in the relevant Contract Rule) for use in the “EDSP Intra-day Auction” (as defined in the relevant Contract Rule) for each of the

CONTRACT RULES: ICE FUTURES FTSE 100 TOTAL RETURN (DECLARED DIVIDEND) INDEX FUTURES CONTRACT

constituent stocks which determine whether there will be price monitoring and/or market order extensions); and (ii) consider their exposure to potentially unfavourable price movements in the expiry and whether to take steps to neutralise such exposure; for example, taking into account that there may be relatively limited liquidity provision, whether to “roll” or close positions prior to expiry.

See Rule I.25 of the ICE Futures Europe Regulations for additional risk disclosures.”

(DECLARED DIVIDEND) INDEX FUTURES
CONTRACT

JJJJJJ

JJJJJJ.0 INTERPRETATION

All defined terms set out in Rule IIIIII shall apply to this Rule JJJJJJ.

JJJJJJ.1 PRICE

The minimum price fluctuation shall be 0.5 Index points.

JJJJJJ.2 TIMETABLE

Last Trading Day

09.15 hours

The last time for notification to the Exchange under Rule IIIIII.6(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which first comes to its attention after this time.

The Exchange shall publish any correction to the Index under Rule IIIIII.6(a) as soon as reasonably practicable.

10.10 hours

Trading in Contracts for the relevant delivery month shall cease.

As soon as reasonably
practicable after cessation
of the EDSP Intra-day
Auction but no later than
15.00 hours

The Exchange will publish a provisional EDSP.

30 minutes after the
publication of the
provisional EDSP

The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule IIIIII.6(b).

As soon as reasonably
practicable after the expiry
of the 30 minute period
referred to above

The Exchange will publish the final EDSP.

Settlement Day

By 10.00 hours

All payments required by Rule IIIIII.8(a) to be made by the Buyer and the Seller shall have been completed.

Members should familiarise themselves with the trademark ownership and licensing information applicable to terms used in these Contract Rules and other relevant information such as licensors' disclaimers, which can be found at www.theice.com. Members should be mindful of such information and disclaimers when marketing to clients.

KKKKKK.1 INTERPRETATION

(a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.

(b) In these Contract Rules and in the Administrative Procedures:

“Administrative Procedures” means all administrative procedures at Rule LLLLLL from time to time implemented by the Exchange for the purposes of these Contract Rules.

“business day” means a day on which the Market and the Stock Exchange are open for business.

“Contract” means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots, and “registered Contract” means a Contract registered by the Clearing House.

“delivery month” means each month specified as such by the Exchange pursuant to the Regulations.

“EDSP” means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule KKKKKK.5.

“EDSP Intra-day Auction” means the Stock Exchange operated auction for securities in the Index from which the Expiry Value will be calculated.

“Expiry Value” means the value of the Index as calculated by FTSE with reference to the outcome of the EDSP Intra-day Auction carried out on the Last Trading Day.

“FTSE” means FTSE International Limited, or, its agents or successors in publishing the relevant Index.

“Ground Rules” means the Ground Rules for the FTSE UK Index Series, issued by FTSE from time to time.

“Index” means the specification in accordance with the Ground Rules of:

- (i) a nominated sector of share issuance, as identified in the Table;
- (ii) a list of shares in such sector (the “constituent shares”); and
- (iii) the algorithm in accordance with which prices of such constituent shares are combined to generate a single figure which is calculated by the Index Provider or the Index calculator, as the case may be (an “Index figure”) and published from time to time.

“Index Provider” means FTSE.

“Last Trading Day” means in respect of any delivery month the third Friday in that month provided that if it is not a business day then the

Last Trading Day shall be the last business day preceding the third Friday (subject in all cases to Rule KKKKKK.7).

“London Stock Exchange”	means the London Stock Exchange plc, or, its agents or successors in operating a regulated market for securities to which these Contract Rules and Administrative Procedures relate.
“market day”	means a day on which the Market, the Clearing House and banks in London are open for business.
“£”	denotes the lawful currency of the United Kingdom, known, at the date of the issue of these Contract Rules, as “Sterling”.
“Settlement Day”	means in respect of a delivery month the first market day after the Last Trading Day.
“Stock Exchange”	means the London Stock Exchange.
“Table”	means the table of contract details specified by the Exchange for the ICE Futures FTSE 250 Index Futures Contract in these Contract Rules.
“weighting”	means the factor which, when multiplied by the price of a constituent stock expressed in Sterling, determines the contribution to the Index figure made of that constituent stock.

(c) [Not used]

(d) [Not used]

KKKKKK.2 CONTRACT SPECIFICATION

- (a) These Contract Rules shall apply to all Contracts.
- (b) Each Contract shall be for one or more lots for the delivery month specified.

KKKKKK.3 PRICE

- (a) Bids and offers shall be quoted in Index points and prices shall be a whole number multiple of the minimum price fluctuation, as specified in the Administrative Procedures.
- (b) One Index point shall be 1.0 and shall have a value of £2.00 per lot.

KKKKKK.4 LAST TRADING DAY

- (a) On the Last Trading Day:
 - (i) trading in Contracts for the relevant delivery month shall cease at such time as may be specified in the Administrative Procedures; and
 - (ii) the Exchange will determine the EDSP in accordance with Rule KKKKKK.5.

KKKKKK.5 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) Subject to Rule KKKKKK.5(c), the EDSP for Contracts for a particular delivery month shall, subject as provided in Rule KKKKKK.6, be the Expiry Value (but subject to any corrections in accordance with Rule KKKKKK.6) on the Last Trading Day, rounded to the nearest 0.5 or, where such Expiry Value is an exact uneven multiple of 0.25, to the nearest higher 0.5.
- (b) The Exchange shall publish a provisional EDSP and the final EDSP at or by such times as may be specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes, notwithstanding the fact that the Index Provider may subsequently recalculate any relevant Index figures.
- (c) The Exchange may from time to time amend the method for and timing of the calculation of the EDSP for any reason determined by the Exchange and any such changes shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

KKKKKK.6 ERRORS IN INDEX

- (a) If, not later than the time on the Last Trading Day specified for that purpose in the Administrative Procedures, any member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Index due to any alleged or apparent error in the weighting of the price for any constituent stock of the Index first made since the publication of the closing Index figure on the last business day prior to the Last Trading Day, then the Exchange shall promptly request the Index Provider to investigate such alleged or apparent error. If in the Index Provider's opinion an error has been made, the Index Provider shall correct the Expiry Value affected thereby, and the Exchange shall as soon as reasonably practicable publish a correction to the Expiry Value and shall determine the EDSP using the Expiry Value as so corrected. Save as allowed by Rule KKKKKK.6(b), no correction to the Expiry Value shall be made in respect of any error notified to the Exchange or coming to its attention after the time so specified in the Administrative Procedures.
- (b) If, not later than thirty minutes after the provisional EDSP for a particular delivery month is first published, any member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Expiry Value due to any cause whatsoever other than an error in the weighting of the price for any constituent stock of the Index, then the Exchange shall promptly request the Index Provider to investigate such alleged or apparent error. If in the Index Provider's opinion an error has been made, the Index Provider shall correct the Expiry Value affected thereby which has been or will be used to determine the EDSP for that delivery month and the Exchange shall re-determine the EDSP in accordance therewith. No correction of the Expiry Value or the EDSP shall be made in respect of any error notified to the Exchange or coming to its attention after the expiry of such thirty minute period.
- (c) No correction to the Expiry Value or the EDSP shall be made other than as may be allowed for in Rules KKKKKK.6(a) and KKKKKK.6(b).
- (d) Neither the Exchange nor its officers, employees, agents or representatives shall have any liability whatsoever in respect of any decision as to whether or not to correct the Expiry Value or as to the amount of any correction, or as to whether or not to re-determine the EDSP.

KKKKKK.7 EMERGENCY PROVISIONS

- (a) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that on the day which would have been the Last Trading Day either or both of the Market and the Stock Exchange will not be open for business, then the business day next following such day shall

become the Last Trading Day in respect of that delivery month and the Exchange shall publish by notice posted on the Market to that effect.

- (b) If, after the commencement of trading on the Last Trading Day in respect of a delivery month, either or both of the Market and the Stock Exchange closes for business or FTSE for any reason does not calculate or does not publish or ceases to publish the Index, with the effect that trading in Contracts for that delivery month is, in the opinion of the Exchange, substantially prevented or hindered or that there is no Expiry Value from which to calculate the EDSP in accordance with Rule KKKKKK.5(a), then either:
 - (i) cessation of trading in Contracts for the current delivery month shall be postponed until such later time on that day as the Exchange may in its absolute discretion specify by notice posted on the Market, in which case the EDSP shall be determined in accordance with Rule KKKKKK.5(a) or such method determined by the Exchange. The provisional and final EDSPs shall be published at such times as the Exchange shall in its discretion determine, always allowing for the thirty minute period referred to in Rule KKKKKK.6(b); or
 - (ii) if, in the opinion of the Exchange, the course described in paragraph (i) of this Rule KKKKKK.7(b) would be impossible, impracticable or for any reason undesirable, it may by notice posted on the Market declare that day not to be the Last Trading Day and the next following business day, or any later business day chosen by it in its absolute discretion, to be the Last Trading Day in its place.

KKKKKK.8 PAYMENT

- (a) In respect of each lot comprised in a Contract the following payments shall be made by the time specified therefor in the Administrative Procedures:
 - (i) where the final EDSP exceeds the Contract price, payment by the Seller to the Clearing House and payment by the Clearing House to the Buyer of an amount calculated by multiplying the difference in Index points between the EDSP and the Contract price by £2.00 as specified in Rule KKKKKK.3(b); and
 - (ii) where the Contract price exceeds the final EDSP, payment by the Buyer to the Clearing House and payment by the Clearing House to the Seller of an amount calculated by multiplying the difference in Index points between the Contract price and the EDSP by £2.00 as specified in Rule KKKKKK.3(b).

KKKKKK.9 DEFAULT

- (a) A Buyer or a Seller shall be in default where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed and in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Clearing House he is in default.
- (b) In the event of default by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each lot in issue shall be invoiced back at that price. Such price may at the Exchange's absolute discretion

take account of any compensation the Exchange may consider should be paid by either party to the other.

KKKKKK.10 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

KKKKKK.16 STATEMENT IN RELATION TO EDSP PRICE FORMATION

- (a) The Exchange draws the following statement to the attention of potential users of its ICE Futures FTSE 250 Index Futures Contract. Members should ensure that their clients are made aware of the statement.

“Statement in relation to EDSP Price Formation

Potential users of the ICE Futures FTSE 250 Index Futures Contract (the “Contract”) made available on ICE Futures Europe should familiarise themselves with the relevant “Index” (as defined in the relevant Contract Rule) compilation and calculation procedures, as well as the relevant Contract Rules of the Contract.

Price formation leading to the “EDSP” (as defined in the relevant Contract Rule) for the Contract is subject to similar influences to those in the case of many other cash-settled contracts. Trading activity on the relevant stock market(s) during the EDSP period is likely to be affected by the activity of particular market participants who are seeking to obtain price convergence at the EDSP between offsetting stock and futures positions. Such participants might typically seek to achieve this by unwinding their stock positions during the EDSP period at prices which they anticipate will contribute to the calculation of Index figure(s) which will, in turn, be used to determine the final EDSP. A consequence of this concentrated activity might be that the final EDSP differs from the Index figure immediately prior to the commencement of the EDSP period and, if relevant, from the Index figure immediately following that period.

Potential users should, therefore, consider the risks of holding positions into the expiry of the Contract. In particular, they should consider their exposure to potentially unfavourable price movements in the expiry and whether to take steps to neutralise such exposure; for example, taking into account that there may be relatively limited liquidity provision, whether to “roll” or close positions prior to expiry.

See Rule I.25 of the ICE Futures Europe Regulations for additional risk disclosures.”

Members should familiarise themselves with the trademark ownership and licensing information applicable to terms used in these Contract Rules and other relevant information such as licensors' disclaimers, which can be found at www.theice.com. Members should be mindful of such information and disclaimers when marketing to clients.

MMMMMM.1 INTERPRETATION³

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.

- (b) In these Contract Rules and in the Administrative Procedures:

“Administrative Procedures” means all administrative procedures at Rule NNNNNN implemented for the purposes of these Contract Rules.

“business day” means:

- (i) in relation to an Index for which there is a single relevant stock exchange, a market day on which the relevant stock exchange is open for business; and
- (ii) in relation to an Index for which there is more than one relevant stock exchange, a market day on which at least one of the relevant stock exchanges is open for business.

“Closing Index Value” means the official closing value of the Index as calculated by the Index Provider or the Index calculator, as the case may be, at the close of trading on the relevant business day.

“Contract” means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots in respect of an Index, and “registered Contract” means a Contract registered by the Clearing House.

“delivery month” means each month specified in the Table.

“EDSP” means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule MMMMMM.5.

“EDSP Time” means the period specified as such in the Administrative Procedures.

“EMU legislation” means legislative measures of the European Council for the introduction of, changeover to or operation of, a single or unified European currency (whether known as the euro or otherwise) being in part implementation of the third stage of Economic and Monetary Union in the European Union.

“Euronext Indices B.V.” means Euronext Indices B.V., or, its agents or successors in publishing the relevant Index.

“€” denotes the single currency of the European Union introduced in a Member State as the lawful currency of that Member State pursuant to its participation in Economic and Monetary Union in the European Union pursuant to EMU legislation known, at the date of the issue of these Contract Rules, as “euro”.

“FTSE” means FTSE International Limited, or, its agents or successors in publishing the relevant Index.

³ Amended 13 April 2015, 10 December 2015

“Ground Rules”	means, in the case of an Index compiled by Euronext Indices B.V., the Index “Ground Rules of the Series” or its successor, in the case of FTSE, the “Ground Rules for the UK Index Series” or its successor, in the case of an Index compiled by MSCI Inc, the “MSCI Global Investable Market Indexes methodology” or its successor, and in the case of an Index compiled by Russell, the “Russell Global Indexes Construction and Methodology”.
“ICE Futures MSCI Indices Futures Contracts”	means Contracts based on any of the MSCI Indices.
“Index”	means the specification in accordance with the Ground Rules of: <ul style="list-style-type: none"> (i) a nominated sector of share issuance, as identified in the Table; (ii) a list of shares in such sector (the “constituent shares”); and (iii) the algorithm in accordance with which prices of such constituent shares are combined to generate a single figure which is calculated by the Index Provider or the Index calculator, as the case may be (an “Index figure”) and published from time to time.
“Index Provider”	means Euronext Indices B.V., FTSE, MSCI Inc or Russell, as applicable.
“JPY” or “¥”	denotes the lawful currency of Japan, known at the date of issue of these Contract Rules as the “Japanese Yen”.
“Last Trading Day”	has the meaning ascribed to it in the Table except that, if that day is not a business day then the Last Trading Day shall be the last business day preceding such day (subject in all cases to Rule MMMMMM.4).
“market day”	means a day on which the Market, the Clearing House and banks in London are open for business.
“Member State”	means a member of the European Community.
“minimum price fluctuation”	has the meaning attributed to it in Rule MMMMMM.3(a).
“MSCI Inc”	means Morgan Stanley Capital International Inc, or, its agents or successors in publishing the relevant Index.
“MSCI Indices”	means the following Indices: <p>MSCI ACWI, MSCI ACWI ex Australia, MSCI ACWI ex Europe EUR, MSCI AC (All Country) Asia ex Japan, MSCI AC (All Country) Asia Pacific ex Japan, MSCI AC (All Country) Far East ex Japan, MSCI Brazil, MSCI BRIC, MSCI Canada USD, MSCI Canada EUR, MSCI EAFE (Europe, Australasia, Far East), MSCI Emerging Markets (EM) Asia, MSCI EM EMEA (Europe, Middle East and Africa), MSCI EM Latin America, MSCI Emerging Markets USD, MSCI Emerging Markets EUR,</p>

MSCI EMU Index EUR, MSCI Europe USD, MSCI Europe EUR, MSCI Europe ex Switzerland EUR, MSCI Europe Ex UK, MSCI France EUR, MSCI Hong Kong, MSCI India, MSCI Japan, MSCI Kokusai Net Total Return USD, MSCI Kokusai Net Total Return JPY, MSCI Kokusai Gross Total Return USD, MSCI Mexico, MSCI Pacific ex Japan, MSCI South Africa USD, MSCI South Africa EUR, MSCI Switzerland Index EUR, MSCI Switzerland Index CHF, MSCI UK EUR, MSCI USA USD, MSCI USA EUR, MSCI World USD, MSCI World EUR, MSCI Europe Minimum Volatility EUR, MSCI Emerging Markets Minimum Volatility USD, MSCI World Minimum Volatility USD, MSCI Emerging Markets Equal Weighted NTR USD, MSCI Europe Equal Weighted NTR EUR, MSCI USA Equal Weighted NTR USD, MSCI World Equal Weighted NTR USD, MSCI EMU 100% Hedged to USD, MSCI Japan 100% Hedged to EUR, MSCI World 100% Hedged to EUR

“£”	denotes the lawful currency of the United Kingdom, known, at the date of issue of these Contract Rules, as “Sterling”.
“relevant stock exchanges”	means, in respect of an Index, the stock exchanges from which the Index Provider obtains prices of the relevant constituent stocks of the Index for the purpose of calculating the Index figure in respect of that Index, and a “relevant stock exchange” is any one of these.
“Russell”	means “Frank Russell Company”, or, its agents or successors in publishing the relevant Index.
“Settlement Day”	means, in respect of a delivery month, the first market day after the Last Trading Day, other than for the ICE Futures MSCI Indices Futures Contracts for which it means the second market day after the Last Trading Day.
“Table”	means the table of Contract details specified by the Exchange for ICE Futures Equity Index Futures Contracts in these Contract Rules.
“Weighting”	means the factor which, when multiplied by the price of a constituent stock expressed in euro or dollars, as the case may be, determines the contribution to the Index figure made by that constituent stock.
“USD” and “\$”	denotes the lawful currency of the United States of America, known, at the date of issue of these Contract Rules, as the “dollar.”

- (c) [Not used]
- (d) [Not used]
- (e) [Not used]
- (f) [Not used]

MMMMMM.2 CONTRACT SPECIFICATION

- (a) These Contract Rules shall apply to all Contracts.
- (b) Each Contract shall be for one or more lots for the delivery month specified.

MMMMMM.3 PRICE

- (a) Bids and offers shall be quoted in Index points and prices shall be a whole number multiple of the minimum price fluctuation, as specified in the Table.
- (b) One Index point shall be 1.0 and shall have the value per lot specified in the Table.

MMMMMM.4 LAST TRADING DAY

- (a) On the Last Trading Day:
 - (i) trading in Contracts for the relevant delivery month shall cease at such time as may be specified in the Administrative Procedures;
 - (ii) with the exception of the ICE Futures MSCI Indices Futures Contracts, the Exchange will calculate the EDSP in accordance with Rule MMMMMM.5; and
 - (iii) in respect of the ICE Futures MSCI Indices Futures Contracts, the Exchange will calculate the EDSP in accordance with Rule MMMMMM.5 on the market day following the Last Trading Day.
- (b) If, in respect of an Index, at any time after the close of trading two market days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the Last Trading Day will not be a business day, then the business day next following such day shall become the Last Trading Day in respect of that delivery month and the Exchange shall publish a notice posted on the Market to that effect.
- (c) If after the commencement of trading on the Last Trading Day in respect of a delivery month, the Market closes for business or it becomes known to the Exchange that one or more relevant stock exchange, in addition to any stock exchanges which were previously known to be closed for business, is closed for business or the Index Provider or Index calculator, as the case may be, for any reason does not calculate or does not publish or ceases to publish the Index or for any other reason the Exchange does not display the Index figure in the Market, with the effect that trading in Contracts for that delivery month is, in the opinion of the Exchange, substantially prevented or hindered or that there are insufficient Index figures from which to calculate the EDSP in accordance with Rule MMMMMM.5(a) or Rule MMMMMM.5(b) (as the case may be) and the Administrative Procedures, then either:
 - (i) cessation of trading in Contracts for the current delivery month shall be postponed until such later time on that day as the Exchange may in its absolute discretion specify by notice posted on the Market, in which case the EDSP shall be calculated in accordance with Rule MMMMMM.5(a) or Rule MMMMMM.5(b) (as the case may be) but using the Index figures during a period so specified in its absolute discretion by the Exchange and the provisional and final EDSPs shall be published at such times as the Exchange shall in its discretion determine, always allowing for the thirty minute period referred to in Rule MMMMMM.6(b); or
 - (ii) if, in the opinion of the Exchange, the course described in paragraph (i) of this Rule MMMMMM.4(c) would be impossible, impracticable or for any reason undesirable, it may by notice posted on the Market declare that day not to be the Last Trading Day and the next

following business day, or any later business day chosen by it in its absolute discretion, to be the Last Trading Day in its place.

MMMMMM.5 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) With the exception of ICE Futures MSCI Indices Futures Contracts and Contracts on the PSI 20, FTSE 100 Equally Weighted Net Total Return GBP, FTSEurofirst 80, FTSEurofirst 100, Russell Europe SMID 300 Net Return and Russell UK MID 150 Net Return Indices, the EDSP for such Contracts for a particular delivery month shall, subject as provided in Rule MMMMM.6, be calculated by the Exchange as the average of such Index figures provided by the Index Provider (but subject to any corrections in accordance with Rule MMMMM.6), on the Last Trading Day as are specified for this purpose in the Administrative Procedures, rounded in accordance with the rounding convention specified in the Table.
- (b) The EDSP for ICE Futures MSCI Indices Futures Contracts and Contracts on the PSI 20, FTSE 100 Equally Weighted Net Total Return GBP, FTSEurofirst 80, FTSEurofirst 100, Russell Europe SMID 300 Net Return and Russell UK MID 150 Net Return Indices, for a particular delivery month shall, subject as provided in Rule MMMMM.6, be the Closing Index Value (but subject to any corrections in accordance with Rule MMMMM.6), on the Last Trading Day as specified for this purpose in the Administrative Procedures, rounded in accordance with the rounding convention specified in the Table.
- (c) The Exchange shall publish a provisional EDSP and the final EDSP at or by such times as may be specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes, notwithstanding the fact that the Index Provider or Index calculator, as the case may be, may subsequently recalculate any relevant Index figures.
- (d) The Exchange may from time to time amend the method for and timing of the calculation of the EDSP for any reason determined by the Exchange and any such changes shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

MMMMMM.6 ERRORS IN INDEX

- (a) If not later than the time on the Last Trading Day, or the market day following the Last Trading Day in the case of ICE Futures MSCI Indices Futures Contracts only, specified for that purpose in the Administrative Procedures, any member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Index due to any alleged or apparent error in the weighting of the price for any constituent stock of the Index first made since the publication of the last closing Index figure calculated by the Index Provider or Index calculator prior to the Last Trading Day, then the Exchange shall promptly request the Index Provider to investigate such alleged or apparent error. If in the Index Provider's opinion an error has been made, the Index Provider shall correct any Index figures affected, and the Exchange shall as soon as reasonably practicable publish a correction to the Index and shall calculate the EDSP using the Index figures as so corrected. Save as allowed by Rule MMMMM.6(b), no correction to the Index shall be made in respect of any error notified to the Exchange or coming to its attention after the time so specified in the Administrative Procedures.
- (b) If, in respect of an Index, not later than thirty minutes after the provisional EDSP for a particular delivery month is first published, any member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Index due to any cause whatsoever other than an error in the weighting of the price for any constituent stock of the Index, then the Exchange shall promptly request the Index Provider to investigate such alleged or apparent error. If in the Index Provider's opinion an error has been made, the Index Provider shall correct any Index figures affected thereby which have been or will be used to calculate the EDSP for that delivery month and the Exchange shall calculate or re-calculate (as the case may be) the EDSP in accordance therewith. No correction of Index figures or re-calculation of the

EDSP shall be made in respect of any error notified to the Exchange or coming to its attention after the expiry of such thirty minute period.

- (c) No correction to an Index or an Index figure shall be accepted and no re-calculation of the EDSP shall be made other than as may be allowed for in Rules MMMMMM.6(a) and MMMMMM.6(b).
- (d) Neither the Exchange nor its officers, employees, agents or representatives shall have any liability whatsoever in respect of any decision as to whether or not to correct Index figures or as to the amount of any correction, or as to whether or not to re-calculate the EDSP.

MMMMMM.7 PAYMENT

- (a) In respect of each lot comprised in a Contract the following payments shall be made by the time specified therefor in the Administrative Procedures:
 - (i) where the final EDSP exceeds the Contract price, payment by the Seller to the Clearing House and payment by the Clearing House to the Buyer of an amount calculated by multiplying the difference in Index points between the EDSP and the Contract price by the value per lot of one Index point as specified in Rule MMMMMM.3(b); and
 - (ii) where the Contract price exceeds the final EDSP, payment by the Buyer to the Clearing House and payment by the Clearing House to the Seller of an amount calculated by multiplying the difference in Index points between the Contract price and the EDSP by the value per lot of one Index point as specified in Rule MMMMMM.3(b).

MMMMMM.8 DEFAULT IN PERFORMANCE

- (a) A Buyer or a Seller shall be in default in performance where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed and in accordance with these Contract Rules, the Regulations, the Administrative Procedures or the Clearing House Rules; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules, in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Exchange and/or the Clearing House he is in default.
- (b) Subject to the default rules of the Clearing House, in the event of default in performance by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each lot at issue shall be invoiced back at that price. Such price may at the Exchange's absolute discretion take account of any compensation the Exchange may consider should be paid by either party to the other.

MMMMMM.9 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules of the Exchange and the Clearing House, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

MMMMMM.15 STATEMENT IN RELATION TO THE CONTRACT

- (a) The Exchange draws the following statement to the attention of potential users of its ICE Futures Equity Index Futures Contracts. Members should ensure that their clients are made aware of the statement.

“Potential users of the ICE Futures Equity Index Futures Contract (the “Contract”) made available on ICE Futures Europe should familiarise themselves with the relevant “Index” (as defined in the relevant Contract Rule) rules, construction, calculation and dissemination procedures (together the “Index rules and procedures”) and the relevant Contract Rules. The various Indices underlying the Contracts made available under Rule MMMMM are calculated and managed by a number of different “Index Providers” (as defined in the relevant Contract Rule), each of whom has its own Index rules and procedures. Furthermore, Index construction methodologies vary from Index to Index. Therefore, potential users should ensure that they familiarise themselves with all relevant Index rules and procedures for the specific Contracts they intend to use.

Certain Contracts may be available for trading for periods of the trading day when one or more (or all) of the relevant underlying stock exchanges are closed. Potential users should consider for themselves, or take advice in relation to, the risks of trading those Contracts while any of the underlying stock exchanges are closed.

Price formation leading to the “EDSP” (as defined in the relevant Contract Rule) for the Contracts is subject to similar influences to those in the case of many other cash-settled contracts. Trading activity on the relevant stock market(s) during the EDSP period is likely to be affected by the activity of particular market participants who are seeking to obtain price convergence at the EDSP between offsetting stock and futures positions. Such participants might typically seek to achieve this by unwinding their stock positions during the EDSP period at prices which they anticipate will contribute to the calculation of the Index figure(s) which will, in turn, be used to determine the final EDSP. A consequence of this concentrated activity might be that:

- (i) (with the exception of the “ICE Futures MSCI Indices Futures Contracts” (as defined in the relevant Contract Rule) in relation to which official Index figures are calculated on a daily basis only), the final EDSP differs from the Index figure immediately prior to the commencement of the EDSP period and, if relevant, from the Index figure immediately following that period; or
- (ii) for the ICE Futures MSCI Indices Futures Contracts only, the Index figure used to calculate the final EDSP differs from the Index level(s) implicit (since the Index is not calculated on a realtime basis) from the prices of relevant stocks during the immediately preceding period.

Potential users should, therefore, consider the risks of holding positions into the expiry of the Contracts. In particular, they should consider their exposure to potentially unfavourable price movements in the expiry and whether to take steps to neutralise such exposure; for example, taking into account that there may be relatively limited liquidity provision, whether to “roll” or close positions prior to expiry.

Potential users should also be aware that, in respect of Contracts based on Indices for which there is more than one “relevant stock exchange” (as defined in the relevant Contract Rule), a “market day” (as defined in the relevant Contract Rule) will ordinarily be capable of being designated as a “business day” (as defined in the relevant Contract Rule), and therefore as a “Last Trading Day” (as defined in the relevant Contract Rule), unless all relevant stock exchanges are closed for business

Where the Last Trading Day occurs on a day where one or more of the relevant stock exchanges is closed for business, the EDSP will necessarily be derived from Index figure(s) containing some constituent stock prices which were determined on the most recent previous day on which each such stock exchange was open for business. In such circumstances, potential users should be aware that, as a consequence, the constituent stock prices contributing to the Index figure(s) used to calculate the EDSP will not all have been determined on the same day. Potential users should be aware that, in such circumstances, although some constituent stocks will not be available for trading on the Last Trading Day of the Contract, the prices of those constituent stocks as included in the Index calculation may, as a result of movements in foreign exchange rates, still be subject to change which would be reflected in the EDSP in accordance with the relevant Index compilation and calculation procedures.

See Rule I.25 of the ICE Futures Europe Regulations for additional risk disclosures.”

SECTION NNNNNN - PROCEDURES: ICE FUTURES EQUITY INDEX FUTURES CONTRACTS

NNNNNN.0	Interpretation
NNNNNN.1	Timetable

Members should familiarise themselves with the trademark ownership and licensing information applicable to terms used in these Administrative Procedures and other relevant information such as licensors' disclaimers, which can be found at www.theice.com. Members should be mindful of such information and disclaimers when marketing to clients.

NNNNNN.0 INTERPRETATION

All defined terms in Rule MMMMMM shall apply to this Rule NNNNNN.

NNNNNN.1 TIMETABLE

EDSP Time

In respect of the AEX Index, from and including 14.30 hours to and including 15.00 hours on the Last Trading Day.†

In respect of the BEL 20 Index, from and including 14.40 hours to and including 15.00 hours on the Last Trading Day.†

In respect of the CAC 40 Index, from and including 14.40 hours to and including 15.00 hours on the Last Trading Day.†

In respect of the FTSE 100 Equally Weighted Net Total Return GBP Index, the FTSEurofirst 80 Index, the FTSEurofirst 100 Index the time at which the Closing Index Value is established on the Last Trading Day by the Index Provider.†

In respect of the PSI 20 Index, the time at which the Closing Index Value is established on the Last Trading Day.†

In respect of the ICE Futures MSCI Indices Futures Contracts, 09.00 hours on the market day following the Last Trading Day.

In respect of the Russell Europe SMID 300 Net Return Index and the Russell UK MID 150 Net Return Index the time at which the Closing Index Value is established on the Last Trading Day.

Last Trading Day in respect of Contracts on the AEX Index

13.45 hours

The last time for notification to the Exchange under Rule MMMMMM.6(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which first comes to its attention after this time.

The Exchange shall publish any correction to the Index under Rule MMMMMM.6(a) as soon as reasonably practicable.

15.00 hours

Trading in Contracts for the relevant delivery month shall cease.

As soon as reasonably
practicable after cessation
of trading but not later than
18.00 hours

The Exchange will publish a provisional EDSP.

The Index Provider shall take thirty-one Index figures at one minute intervals, the last of such figures being the calculation made at 15.00 hours and the first being a calculation made not earlier than 14.30 hours.

The Exchange shall calculate the EDSP in accordance with Rule MMMMMM.5(a).†

30 minutes after the
publication of the
provisional EDSP

The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule MMMMMM.6(b).

As soon as reasonably
practicable after the expiry
of the 30 minute period
referred to above

The Exchange will publish the final EDSP.

Last Trading Day in respect of Contracts on the BEL 20 Index

13.45 hours

The last time for notification to the Exchange under Rule MMMMMM.6(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which first comes to its attention after this time.

The Exchange shall publish any correction to the Index under Rule MMMMMM.6(a) as soon as reasonably practicable.

15.00 hours

Trading in Contracts for the relevant delivery month shall cease.

As soon as reasonably
practicable after cessation
of trading but not later than
18.00 hours

The Exchange will publish a provisional EDSP.

The Index Provider shall take eighty-one Index figures, the last of such figures being the calculation made at 15.00 hours and the first being a calculation made not earlier than 14.40 hours.

The Exchange shall calculate the EDSP in accordance with Rule MMMMMM.5(a).†

30 minutes after the
publication of the
provisional EDSP

The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule MMMMMM.6(b)

As soon as reasonably
practicable after the expiry
of the 30 minute period
referred to above

The Exchange will publish the final EDSP.

Last Trading Day in respect of Contracts on the CAC 40 Index

13.45 hours

The last time for notification to the Exchange under Rule MMMMMM.6(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which first comes to its attention after this time.

	The Exchange shall publish any correction to the Index under Rule MMMMMM.6(a) as soon as reasonably practicable.

As soon as reasonably practicable after cessation of trading but not later than 18.00 hours	<p>The Exchange will publish a provisional EDSP.</p> <p>The Index Provider shall take eighty-one Index figures, the last of such figures being the calculation made at 15.00 hours and the first being a calculation made not earlier than 14.40 hours.</p> <p>The Exchange shall calculate the EDSP in accordance with Rule MMMMMM.5(a).†</p>
30 minutes after the publication of the provisional EDSP	The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule MMMMMM.6(b).
As soon as reasonably practicable after the expiry of the 30 minute period referred to above	The Exchange will publish the final EDSP.
Last Trading Day in respect of Contracts on the FTSE 100 Equally Weighted Net Total Return Index	
15.15 hours	<p>The last time for notification to the Exchange under Rule MMMMMM.6(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which first comes to its attention after this time.</p> <p>The Exchange shall publish any correction to the Index under Rule MMMMMM.6(a) as soon as reasonably practicable.</p>
16.30 hours	Trading in Contracts for the relevant delivery month shall cease.
As soon as reasonably practicable after 16.35 hours	<p>The Exchange will publish a provisional EDSP.</p> <p>The EDSP shall be the Closing Index Value on the Last Trading Day rounded in accordance with the convention as specified in the Table.†</p>
30 minutes after the publication of the provisional EDSP	The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule MMMMMM.6(b).

As soon as reasonably
practicable after the
expiry of the 30 minute
period referred to above

The Exchange will publish the final EDSP.

Last Trading Day in respect of Contracts on the FTSEurofirst 80 Index and FTSEurofirst 100 Index

15.15 hours

The last time for notification to the Exchange under Rule MMMMMM.6(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which first comes to its attention after this time.

The Exchange shall publish any correction to the Index under Rule MMMMMM.6(a) as soon as reasonably practicable.

16.45 hours

Trading in Contracts for the relevant delivery month shall cease.

As soon as reasonably
practicable after cessation
of trading.

The Exchange will publish a provisional EDSP.

The EDSP shall be the Closing Index Value on the Last Trading Day rounded in accordance with the convention as specified in the Table.†

30 minutes after the
publication of the
provisional EDSP

The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule MMMMMM.6(b).

As soon as reasonably
practicable after the expiry
of the 30 minute period
referred to above

The Exchange will publish the final EDSP.

Last Trading Day in respect of Contracts on the PSI 20 Index

15.20 hours

The last time for notification to the Exchange under Rule MMMMMM.6(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which first comes to its attention after this time.

The Exchange shall publish any correction to the Index under Rule MMMMMM.6(a) as soon as reasonably practicable.

16.35 hours

Trading in Contracts for the relevant delivery month shall cease.

As soon as reasonably
practicable after cessation
of trading but not later than
19.35 hours

The Exchange will publish a provisional EDSP.

The provisional EDSP shall be calculated in accordance with Rule MMMMMM.5(b) using the Closing Index Value.†

30 minutes after the publication of the provisional EDSP

The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule MMMMMM.6(b).

As soon as reasonably practicable after the expiry of the 30 minute period referred to above

The Exchange will publish the final EDSP.

Last Trading Day in respect of the ICE Futures MSCI Indices Futures Contracts (with the exception of Contracts on the MSCI Europe EUR Index and the MSCI World USD Index).

16.00 hours on the Last Trading Day

Trading in Contracts for the relevant delivery month shall cease.

07.45 hours on the market day following the Last Trading Day

The last time for notification to the Exchange under Rule MMMMMM.6(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which first comes to its attention after this time.

The Exchange shall publish any correction to the Index under Rule MMMMMM.6(a) as soon as reasonably practicable.

09.00 hours on the market day following the Last Trading Day

The Exchange will publish a provisional EDSP.

The EDSP shall be the Closing Index Value on the Last Trading Day rounded in accordance with the convention as specified in the Table.

30 minutes after the publication of the provisional EDSP

The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule MMMMMM.6(b).

As soon as reasonably practicable after the expiry of the 30 minute period referred to above

The Exchange will publish the final EDSP.

Settlement Day

By 10.00 hours

All payments required by Rule MMMMMM.7(a) to be made by the Buyer and the Seller shall have been completed.

Last Trading Day in respect of Contracts on the MSCI Europe EUR Index and the MSCI World USD Index

16.30 hours on the Last
Trading Day

Trading in Contracts for the relevant delivery month shall cease.

07.45 hours on the market
day following the Last
Trading Day

The last time for notification to the Exchange under Rule MMMMMM.6(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which first comes to its attention after this time.

The Exchange shall publish any correction to the Index under Rule MMMMMM.6(a) as soon as reasonably practicable.

09.00 hours on the market
day following the Last
Trading Day

The Exchange will publish a provisional EDSP.

The EDSP shall be the Closing Index Value on the Last Trading Day rounded in accordance with the convention as specified in the Table.

30 minutes after the
publication of the
provisional EDSP

The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule MMMMMM.6(b).

As soon as reasonably
practicable after the
expiry of the 30 minute
period referred to above

The Exchange will publish the final EDSP.

Settlement Day

By 10.00 hours

All payments required by Rule MMMMMM.7(a) to be made by the Buyer and the Seller shall have been completed.

Last Trading Day in respect of Contracts on the Russell Europe SMID 300 Net Return Index and the Russell UK MID 150 Net Return Index

15.20 hours

The last time for notification to the Exchange under Rule MMMMMM.6(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which first comes to its attention after this time.

The Exchange shall publish any correction to the Index under Rule MMMMMM.6(a) as soon as reasonably practicable.

16.35 hours

Trading in Contracts for the relevant delivery month shall cease.

As soon as reasonably

practicable after
18.00 hours

The Exchange will publish a provisional EDSP.

The provisional EDSP shall be calculated in accordance with Rule MMMMMM.5(b) using the Closing Index Value.

30 minutes after the
publication of the
provisional EDSP

The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule MMMMMM.6(b).

As soon as reasonably
practicable after the
expiry of the 30 minute
period referred to above

The Exchange will publish the final EDSP.

† In the event of “Special Market Circumstances”, the EDSP calculation and publication for Contracts on the AEX, BEL 20, CAC 40, FTSEurofirst 80, FTSEurofirst 100 and PSI 20 Indices will correspond with that adopted for each of these contracts in the relevant Euronext markets.

000000.1 INTERPRETATION³

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and in the Administrative Procedures:
- | | |
|-----------------------------|---|
| “Administrative Procedures” | means all administrative procedures at Rule PPPPPP from time to time implemented by the Exchange for the purposes of these Contract Rules. |
| “business day” | means: <ul style="list-style-type: none">(i) in relation to an Index for which there is a single relevant stock exchange, a market day on which the relevant stock exchange is open for business; and(ii) in relation to an Index for which there is more than one relevant stock exchange, a market day on which at least one of the relevant stock exchanges is open for business. |
| “Closing Index Value” | means the official closing value of the Index as calculated by the Index Provider or Index calculator, as the case may be, at the close of trading on the relevant business day. |
| “Contract” | means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots in respect of an Index, and “registered Contract” means a Contract registered by the Clearing House. |
| “delivery month” | means each month specified in the Table. |
| “EDSP” | means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule 000000.5. |
| “EDSP Time” | means the period specified as such in the Administrative Procedures. |
| “EMU legislation” | means legislative measures of the European Council for the introduction of, changeover to or operation of, a single or unified European currency (whether known as the euro or otherwise) being in part implementation of the third stage of Economic and Monetary Union in the European Union. |
| “€” | denotes the single currency of the European Union introduced in a Member State as the lawful currency of that Member State pursuant to its participation in Economic and Monetary Union in the European Union pursuant to EMU legislation known, at the date of the issue of these Contract Rules, as “euro”. |

³ Amended 01 September 2016

“Ground Rules”	means, the “Methodology and Index Policy” or its successor, issued by MSCI Inc. from time to time.
“ICE Futures MSCI Sector Index Futures Contracts”	means the Contracts based on the following indices: MSCI Europe Consumer Discretionary, MSCI Europe Consumer Staples, MSCI Europe Energy, MSCI Europe Financials, MSCI Europe Health Care, MSCI Europe Industrials, MSCI Europe IT, MSCI Europe Materials, MSCI Europe Real Estate, MSCI Europe Telecommunication Services, MSCI Europe Utilities, MSCI World Consumer Discretionary, MSCI World Consumer Staples, MSCI World Energy, MSCI World Financials, MSCI World Health Care, MSCI World Industrials, MSCI World IT, MSCI World Materials, MSCI World Real Estate, MSCI World Telecommunication Services and MSCI World Utilities.
“Index”	means the specification in accordance with the Ground Rules of: <ul style="list-style-type: none"> (i) a nominated sector of share issuance, as identified in the Table; (ii) a list of shares in such sector (the “constituent shares”); and (iii) the algorithm in accordance with which prices of such constituent shares are combined to generate a single figure (an “Index figure”) which is calculated by the Index Provider and published from time to time.
“Index Provider”	means MSCI Inc.
“Last Trading Day”	has the meaning ascribed to it in the Table except that, if that day is not a business day then the Last Trading Day shall be the last business day preceding such day (subject in all cases to Rule 000000.4).
“market day”	means a day on which the market, the Clearing House and banks in London are open for business.
“minimum price fluctuation”	has the meaning attributed to it in Rule 000000.3(a).
“MSCI Inc.”	means Morgan Stanley Capital International Inc., or, its agents or successors in publishing the relevant Index.
“relevant stock exchanges”	means, in respect of an Index, the stock exchanges from which the Index Provider obtains prices of the relevant constituent stocks of the Index for the purpose of calculating the Index figure in respect of that Index, and a “relevant stock exchange” is any one of these.

“Settlement Day”	means, in respect of a delivery month, the second market day after the Last Trading Day.
“Table”	means the table of contract details specified by the Exchange for ICE Futures MSCI Sector Index Futures Contracts in these Contract Rules.
“Weighting”	means the factor which, when multiplied by the price of a constituent stock determines the contribution to the Index figure made by that constituent stock.
“USD” and “\$”	denotes the lawful currency of the United States of America, known, at the date of issue of these Contract Rules, as the “dollar.”

(c) [Not used]

(d) [Not used]

(e) [Not used]

000000.2 CONTRACT SPECIFICATION

- (a) These Contract Rules shall apply to all Contracts.
- (b) Each Contract shall be for one or more lots for the delivery month specified.

000000.3 PRICE

- (a) Bids and offers shall be quoted in Index points and prices shall be a whole number multiple of the minimum price fluctuation, as specified in the Table.
- (b) One Index point shall be 1.0 and shall have the value per lot as specified in the Table.

000000.4 LAST TRADING DAY

- (a) On the Last Trading Day:
 - (i) trading in Contracts for the relevant delivery month shall cease at such time as may be specified in the Administrative Procedures; and
 - (ii) on the market day following the Last Trading Day, the Exchange will calculate the EDSP in accordance with Rule 000000.5.
- (b) If, in respect of an Index, at any time after the close of trading two market days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the Last Trading Day will not be a business day, then the business day next following such day shall become the Last Trading Day in respect of that delivery month and the Exchange shall publish a notice by notice posted on the Market to that effect.
- (c) If after the commencement of trading on the Last Trading Day in respect of a delivery month, the Market closes for business or it becomes known to the Exchange that one or more relevant stock exchange, in addition to any stock exchanges which were previously known to be closed

for business, is closed for business or the Index Provider for any reason does not calculate or does not publish or ceases to publish the Index or for any other reason the Exchange does not display the Index figure on the Market, with the effect that trading in Contracts for that delivery month is, in the opinion of the Exchange, substantially prevented or hindered or the EDSP cannot be determined in accordance with Rule 000000.5, then either:

- (i) cessation of trading in Contracts for the current delivery month shall be postponed until such later time on that day as the Exchange may in its absolute discretion specify by notice posted on the Market, in which case the EDSP shall be calculated in accordance with Rule 000000.5(a) or such method determined by the Exchange. The provisional and final EDSPs shall be published at such times as the Exchange shall in its discretion determine, always allowing for the thirty minute period referred to in Rule 000000.6(b); or
- (ii) if, in the opinion of the Exchange, the course described in paragraph (i) of this Rule 000000.4(c) would be impossible, impracticable or for any reason undesirable, it may by notice posted on the Market declare that day not to be the Last Trading Day and the next following business day, or any later business day chosen by it in its absolute discretion, to be the Last Trading Day in its place.

000000.5 EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")

- (a) The EDSP for a particular delivery month shall, subject as provided in Rule 000000.6, be the Closing Index Value (but subject to any corrections in accordance with Rule 000000.6), on the Last Trading Day as specified for this purpose in the Administrative Procedures, rounded in accordance with the rounding convention specified in the Table.
- (b) The Exchange shall publish a provisional EDSP and the final EDSP at or by such times as may be specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes, notwithstanding the fact that the Index Provider, may subsequently recalculate any relevant Index figures.
- (c) The Exchange may from time to time amend the method for and timing of the calculation of the EDSP for any reason determined by the Exchange and any such changes shall have such effect with regard to existing and/or new Contracts as the Exchange may determine.

000000.6 ERRORS IN INDEX

- (a) If not later than the market day following the Last Trading Day, specified for that purpose in the Administrative Procedures, any Member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Index due to any alleged or apparent error in the weighting of the price for any constituent stock of the Index first made since the publication of the last closing Index figure calculated by the Index Provider prior to the Last Trading Day, then the Exchange shall promptly require the Index Provider to investigate such alleged or apparent error. If in the Index Provider's opinion an error has been made, the Index Provider shall correct any Index figures affected thereby, and the Exchange shall as soon as reasonably practicable publish a correction to the Index and shall calculate the EDSP using Index figures as so corrected. Save as allowed by Rule 000000.6(b), no correction to the Index shall be made in respect of any error notified to the Exchange or coming to its attention after the time so specified in the Administrative Procedures.

- (b) If, in respect of an Index, not later than thirty minutes after the provisional EDSP for a particular delivery month is first published, any member of the Exchange notifies the Exchange of, or there otherwise comes to the attention of the Exchange, an alleged or apparent error in the Index due to any cause whatsoever other than an error in the weighting of the price for any constituent stock of the Index, then the Exchange shall promptly require the Index Provider to investigate such alleged or apparent error. If in the Index Provider's opinion an error has been made, the Index Provider shall correct any Index figures affected thereby which have been or will be used to calculate the EDSP for that delivery month and the Exchange shall calculate or re-calculate (as the case may be) the EDSP in accordance therewith. No correction of Index figures or re-calculation of the EDSP shall be made in respect of any error notified to the Exchange or coming to its attention after the expiry of such thirty minute period.
- (c) No correction to an Index or an Index figure shall be accepted and no re-calculation of the EDSP shall be made other than as may be allowed for in Rules 000000.6(a) and 000000.6(b).
- (d) Neither the Exchange nor its officers, employees, agents or representatives shall have any liability whatsoever in respect of any decision as to whether or not to correct Index figures or as to the amount of any correction, or as to whether or not to re-determine the EDSP.

000000.7 PAYMENT

- (a) In respect of each lot comprised in a Contract the following payments shall be made by the time specified therefor in the Administrative Procedures:
 - (i) where the final EDSP exceeds the Contract price, payment by the Seller to the Clearing House and payment by the Clearing House to the Buyer of an amount calculated by multiplying the difference in Index points between the EDSP and the Contract price by the value per lot as specified in the Table; and
 - (ii) where the Contract price exceeds the final EDSP, payment by the Buyer to the Clearing House and payment by the Clearing House to the Seller of an amount calculated by multiplying the difference in Index points between the Contract price and the EDSP by the value per lot as specified in the Table.

000000.8 DEFAULT IN PERFORMANCE

- (a) A Buyer or a Seller shall be in default in performance where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed and in accordance with these Contract Rules, the Regulations, the Administrative Procedures or the Clearing House Rules; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Exchange and/or the Clearing House he is in default.
- (b) Subject to the default rules of the Clearing House, in the event of default in performance by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each lot at issue shall be invoiced back at that price. Such price may at the Exchange's absolute discretion take account of any compensation the Exchange may consider should be paid by either party to the other.

000000.9 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules of the Exchange and the Clearing House, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including, without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

000000.14 STATEMENT IN RELATION TO EDSP PRICE FORMATION

- (a) The Exchange draws the following statement to the attention of potential users of its ICE Futures MSCI Sector Index Futures Contracts. Members should ensure that their clients are made aware of the Statement.

“Statement in relation to EDSP Price Formation

Potential users of the ICE Futures MSCI Sector Index Futures Contracts (the “Contracts”) made available on ICE Futures Europe should familiarise themselves with the relevant “Index” (as defined in the relevant Contract Rule) compilation and calculation procedures, as well as the relevant Contract Rules of the Contracts.

Price formation leading to the “EDSP” (as defined in the relevant Contract Rule) for the Contracts is subject to similar influences to those in the case of many other cash-settled contracts. Trading activity on the relevant stock market(s) during the EDSP period is likely to be affected by the activity of particular market participants who are seeking to obtain price convergence at the EDSP between offsetting stock and futures positions. Such participants might typically seek to achieve this by unwinding their stock positions during the EDSP period at prices which they anticipate will contribute to the calculation of Index figure(s) which will, in turn, be used to determine the final EDSP. A consequence of this concentrated activity might be that for the Contracts, the Index figure used to determine the final EDSP differs from the Index level(s) implicit (since the Index is not calculated on a realtime basis) from the prices of relevant stocks during the immediately preceding period.

Potential users should, therefore, consider the risks of holding positions into the expiry of the Contracts. In particular, they should consider their exposure to potentially unfavourable price movements in the expiry and whether to take steps to neutralise such exposure; for example, taking into account that there may be relatively limited liquidity provision, whether to “roll” or close positions prior to expiry.

Potential users should also be aware that, in respect of the Contracts based on Indices for which there is more than one “relevant stock exchange” (as defined in the relevant Contract Rule), a

“market day” (as defined in the relevant Contract Rule) will ordinarily be capable of being designated as a “business day” (as defined in the relevant Contract Rule), and therefore as a “Last Trading Day” (as defined in the relevant Contract Rule), unless all relevant stock exchanges are closed for business.

Where the Last Trading Day occurs on a day where one or more of the relevant stock exchanges is closed for business, the EDSP will necessarily be derived from Index figure(s) containing some constituent stock prices which were determined on the most recent previous day on which each such stock exchange was open for business. In such circumstances, potential users should be aware that, as a consequence, the constituent stock prices contributing to the Index figure(s) used to determine the EDSP will not all have been determined on the same day. Potential users should be aware that, in such circumstances, although some constituent stocks will not be available for trading on the Last Trading Day of the Contract, the prices of those constituent stocks as included in the Index calculation may, as a result of movements in foreign exchange rates, still be subject to change which would be reflected in the EDSP in accordance with the relevant Index compilation and calculation procedures

See Rule I.25 of the ICE Futures Europe Regulations for additional risk disclosures.”

PROCEDURES: ICE FUTURES MSCI SECTOR INDEX FUTURES CONTRACTS

Members should familiarise themselves with the trademark ownership and licensing information applicable to terms used in these Administrative Procedures and other relevant information such as licensors' disclaimers, which can be found at www.theice.com. Members should be mindful of such information and disclaimers when marketing to clients.

PPPPPP.0 INTERPRETATION

All defined terms set out in Rule OOOOOO apply to this Rule PPPPPP.

PPPPPP.1 TIMETABLE

Last Trading Day

16.00 hours on the Last
Trading Day

Trading in Contracts for the relevant delivery month shall cease.

Market day following the Last Trading Day

07.45 hours

The last time for notification to the Exchange under Rule OOOOOO.6(a) of any error or alleged error in the Index due to any error or alleged error in the weighting of the price for any constituent stock of the Index. No correction to the Index shall be made in respect of any such error which is first notified to the Exchange or which first comes to its attention after this time.

The Exchange shall publish any correction to the Index under Rule OOOOOO.6(a) as soon as reasonably practicable.

09.00 hours

The Exchange will publish a provisional EDSP.

The EDSP shall be the Closing Index Value on the Last Trading Day rounded in accordance with the convention as specified in the Table.

30 minutes after the
publication of the
provisional EDSP

The last time for notification to the Exchange of an error or alleged error in the Index of a kind falling to be dealt with under Rule OOOOOO.6(b).

As soon as reasonably
practicable after the expiry
of the 30 minute period
referred to above

The Exchange will publish the final EDSP.

Settlement Day

By 10.00 hours

All payments required by Rule OOOOOO.7(a) to be made by the Buyer and the Seller shall have been completed.

QQQQQQ.1 DEFINITIONS⁹

(a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.

(b) In these Contract Rules and the Administrative Procedures:

"Actual/365" also known as "Actual/365 (Fixed)", means, in relation to a calculation of a Fixed Amount or a Floating Amount, the actual number of days (including the first and excluding the last) in the Calculation Period ending on the Notional Payment Date on which such Fixed Amount or Floating Amount, as the case may be, is notionally payable divided by 365;

"Administrative Procedures" means the administrative procedures at Rule RRRRRR implemented by the Exchange for the purposes of these Contract Rules;

"Buyer" means the Notional Fixed Rate Payer under a Contract;

"Calculation Period" means, in relation to each Notional Fixed Payment Date for a Contract, the period from and including the immediately preceding Notional Fixed Payment Date (or, if none, the Effective Date) to but excluding such Notional Fixed Payment Date and, in relation to each Notional Floating Payment Date for a Contract, the period from and including the immediately preceding Notional Floating Payment Date (or, if none, the Effective Date) to but excluding such Notional Floating Payment Date;

Calendar Roll Method" means a method for scheduling certain future dates whereby Reset Dates and Maturity Date are determined by reference to the numerical calendar day of the Effective Date, adjusted by the Modified Following Business Day Convention;

"Contract" means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots in respect of a Fixed Rate, a Floating Rate Index, an Effective Date, an Underlying Tenor, 3 or 6 monthly Notional Floating Rate payments and a Roll Method, as specified or made available by the Exchange, and "registered Contract" means a Contract registered by or with the Clearing House;

"Contract Business Day" means a day which commercial banks are open for general business in London;

⁹ Amended 16 November 2015

"Contract Currency"	means Sterling, being the lawful currency of the United Kingdom, denoted as "GBP", "£" and "Sterling";
"Contract Notional Amount"	means the amount specified by the Exchange in Tables 1 and 2;
"contract month"	means each month specified by the Exchange in Tables 1 and 2;
"Custom Contract"	means a Contract the terms of which when entered into satisfy these Contract Rules and the requirements of Table 1 but not of Table 2;
"Daily Settlement Price"	has the meaning attributed to it in Rule QQQQQQ.5;
"Effective Date"	means, in relation to a Custom Contract, the date selected by the parties thereto from those listed in Table 1 and, in relation to a Non-Custom Contract, the date specified by the Exchange from those listed in Table 2 as the Effective Date for such Contract;
"EDSP"	means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule QQQQQQ.5;
"First Trading Day"	means, in relation to a Contract, the day on which the Exchange makes such Contract available for trading in the central order book;
"Fixed Amount"	means, in relation to a Notional Fixed Payment Date for a Contract and the Calculation Period then ending, a Gross amount notionally payable by the Fixed Rate Payer to the Floating Rate Payer on such Notional Fixed Payment Date equal to the product of (i) the relevant Contract Notional Amount, (ii) the relevant Notional Fixed Rate and (iii) the relevant Fixed Rate Day Count Fraction;
"Fixed Rate Day Count Fraction"	means, in relation to a Contract, the fixed rate day count fraction specified by the Exchange in Tables 1 and 2;
"Floating Amount"	means, in relation to a Notional Floating Payment Date for a Contract and the Calculation Period then ending, a Gross amount notionally receivable by the Fixed Rate Payer from the Floating Rate Payer on such Notional Floating Payment Date equal to the product of (i) the relevant Contract Notional Amount, (ii) the relevant Notional Floating Rate and (iii) the relevant Floating Rate Day Count Fraction;
"Floating Rate Day Count Fraction"	means, in relation to a Contract, the floating rate day count fraction specified by the Exchange in Tables 1 and 2;
"Gross"	means, in respect of any payment or notional payment, the gross amount of such payment free from any

	withholding or deduction for or on account of any present or future tax, levy, impost, duty, charge, assessment or fee of any nature (including interest, penalties and additions thereto) that is or would be imposed by any government or other taxing or competent authority in respect of any such payment;
"IMM Roll Method"	means a method for scheduling certain future dates whereby Reset Dates and the Maturity Date are determined by reference to the third Wednesday in the relevant month adjusted by the Modified Following Business Day Convention;
"Last Trading Day"	means, in relation to a Contract, the Contract Business Day immediately preceding the Maturity Date for that Contract;
"lot"	means the unit of trading specified by the Exchange in Tables 1 and 2, being equal to the Contract Notional Amount;
"Maturity Date"	means, in relation to a Contract, the anniversary of the Effective Date determined by the Underlying Tenor, the Roll Method, subject to adjustment in accordance with the Modified Following Business Day Convention;
"Minimum EDSP Increment"	has the meaning specified by the Exchange in Tables 1 and 2;
"Modified Following Business Day Convention"	means the convention for adjusting a relevant date if it would otherwise fall on a day that is not a Contract Business Day to the first following day that is a Contract Business Day unless that day falls in the next calendar month, in which case the adjusted date will be the first preceding day that is a Contract Business Day;
"Net Present Value" or "NPV"	means, in relation to a Contract and any date, the net present value, for the Buyer, of the Notional Future Cash Flows for that Contract, as determined by the Exchange using OIS Discounting for the purposes of calculating the Daily Settlement Price and PAI, and as negotiated by parties for trading purposes (the "Traded NPV");
"Non-Custom Contract"	means a Contract, the terms of which when entered into satisfy these Rules and the requirements of Table 2;
"Notional Fixed Payment Dates"	means, in relation to a Contract, the day of each calendar month, falling at intervals of one year after the Effective Date, up to and including the Maturity Date, determined by the relevant Roll Method for that Contract, subject to adjustment in accordance with the Modified Following Business Day Convention;

"Notional Floating Payment Dates"	means, in relation to a Contract, the day of each calendar month, falling at intervals of three or six months (depending on the applicable Notional Floating Rate payment frequency for that Contract) after the Effective Date up to and including the Maturity Date, determined by the relevant Roll Method for that Contract, subject to adjustment in accordance with the Modified Following Business Day Convention;
"Notional Fixed Rate"	means, in relation to a Custom Contract, the fixed rate chosen by the parties from the range specified by the Exchange and, in relation to a Non-Custom Contract, the fixed rate specified by the Exchange, in each case in a notice posted on the Market before such Contract is available for trading;
"Notional Fixed Rate Payer"	means the party who is obliged to pay the Notional Fixed Rate under a Contract, being the Buyer;
"Notional Floating Rate"	means, in relation to the determination of a Floating Amount notionally payable on a Notional Floating Payment Date, the Relevant Rate determined with respect to the Reset Date which falls on the first day of the Calculation Period ending on such Notional Floating Payment Date, using the 3 month Relevant Rate where the Calculation Period is 3 months and the 6 month Relevant Rate where the Calculation Period is 6 months;
"Notional Floating Rate Payer"	means the party who is obliged to pay the Notional Floating Rate under a Contract, being the Seller;
"Notional Future Cash Flows"	means, in relation to a Contract on any date, the Gross amounts notionally payable as Fixed Amounts and as Floating Amounts on all then future Notional Payment Dates;
"Notional Historical Fixed and Floating Amounts"	means, in relation to a Contract and any date, the Gross amounts notionally paid as Fixed Amounts and as Floating Amounts on all Notional Payment Dates falling on or before such date;
"Notional Payment Dates"	means Notional Fixed Payment Dates and Notional Floating Payment Dates;
"OIS Discounting"	means calculating the NPV of the Notional Future Cash Flows using discount factors derived from the Exchange's GBP overnight index swaps curve;
"Price Alignment Interest (PAI)"	means the cumulative value calculated daily by applying SONIA to the Contract's NPV using the Fixed Rate Day Count Fraction and cumulating the result with the PAI calculated for the previous day. PAI will begin to accrue for a Contract on its First Trading Day;

"Quoting Convention"	means the convention for quoting or agreeing a price for executing trades in any Contract, which shall be the Net Present Value per lot;
"Rate Determination Date"	means the Reset Date;
"Relevant Rate"	means, in relation to a Contract and a Reset Date, 3 or 6 Month GBP ICE LIBOR (depending on the applicable Notional Floating Rate payment frequency for that Contract) as determined on the Rate Determination Date by ICE Benchmark Administration Limited or any successor thereto as administrator of LIBOR, ICE LIBOR or any successor thereto;
"Remaining Tenor"	means, in relation to a Contract on any date before its Effective Date, the Underlying Tenor and in relation to a Contract on any date on or after its Effective Date, the number of years in the period from and including such date to but excluding the Maturity Date for that Contract;
"Reset Dates"	means, in relation to a Contract, the Effective Date and each Notional Floating Payment Date other than the Maturity Date;
"Roll Method"	means Calendar Roll Method or IMM Roll Method and, in relation to a Contract, the relevant Roll Method is whichever Roll Method is applicable to such Contract;
"Seller"	means the Notional Floating Rate Payer under a Contract;
"Settlement Day"	means, in respect of a Contract, the first Contract Business Day after its Maturity Date;
"SONIA"	means the Sterling Over Night Index Average as published at 18:00 hours by the Wholesale Markets Brokers' Association;
"Table"	means Table 1 or Table 2 set out below, Table 1 being the relevant Table for Custom Contracts and Table 2 being the relevant Table for non-custom Contracts;
"Tick Sizes"	has the meaning specified by the Exchange in Tables 1 and 2;
"Traded NPV"	has the meaning set out under "Net Present Value"; and
"Underlying Tenor"	means, in relation to a Contract, the period specified by the Exchange in Tables 1 and 2.

- (c) References to "as specified by the Exchange in Tables 1 and 2" means, in relation to a Contract, as set out in the columns in the relevant Table for such Contract and where more than one choice is set out, it means, in the case of a Custom Contract, the choice which is chosen by the parties for that Contract

and, in the case of a Non-Custom Contract, the choice specified by the Exchange as applicable to that Contract. Tables 1 and 2 attached hereto form part of these Contract Rules.

QQQQQQ.2 CONTRACT SPECIFICATION

Each Contract shall be for one or more lots of a Contract for the contract month specified.

QQQQQQ.3 PRICE¹⁰

- (a) The Contract price for trading purposes shall be expressed in the Contract Currency as the Net Present Value per lot.
- (b) Trading shall be in accordance with the Quoting Convention.
- (c) The Daily Settlement Price and the EDSP for a Contract which has had a First Trading Day shall be a futures-style price which shall be determined in accordance with the formulae set out in Rule QQQQQQ.5 below and expressed in the Contract Currency, stated to four decimals.
- (d) The Contract price for the purposes of comparison with the EDSP pursuant to Rule QQQQQQ.7 shall be determined by applying the formula set out in Rule QQQQQQ.5(a), save that the NPV shall be the Traded NPV at which the parties traded that Contract.

QQQQQQ.4 LAST TRADING DAY AND MATURITY DATE¹¹

- (a) On the Last Trading Day for a Contract, trading in such Contract shall cease at such time as may be specified in the Administrative Procedures.
- (b) On the Maturity Date, the Exchange will calculate the EDSP for Contracts which have had a First Trading Day in accordance with Rule QQQQQQ.5.

QQQQQQ.5 DAILY SETTLEMENT PRICE AND EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")¹²

- (a) Subject to Rule QQQQQQ.5(b), the Exchange will calculate, on each Contract Business Day t falling on or after the First Trading Day of any Contract, the Daily Settlement Price for such Contract, in accordance with the following formula:

$$\text{Daily Settlement Price} = 100 + A_t + B_t - C_t$$

A_t = the NPV on day t of one lot of the relevant Contract divided by 1,000;

B_t = the sum, for the Buyer, of all Notional Historical Fixed and Floating Amounts for one lot of the relevant Contract from the First Trading Day to day t inclusive divided by 1,000; and

C_t = PAI for one lot of the relevant Contract as at day t divided by 1,000.

- (b) If no Daily Settlement Price can be calculated in respect of a Contract in accordance with Rule QQQQQQ.5(a), the Exchange shall calculate the Daily Settlement Price for such Contract at a price determined by it in its absolute discretion as reflecting the value of the rights and obligations of Buyer and Seller under such Contract.
- (c) Subject to Rules QQQQQQ.5(e) and QQQQQQ.5(f), and the rounding convention described in Rule QQQQQQ.5(d), the Exchange will calculate the EDSP for all Contracts which have had a First Trading Day, in accordance with the following formula:

¹⁰ Amended 16 November 2015

¹¹ Amended 16 November 2015

¹² Amended 16 November 2015

$$\text{EDSP} = 100 + B_{\text{final}} - C_{\text{final}}$$

B_{final} = the sum, for the Buyer, of all Notional Historical Fixed and Floating Amounts for one lot of the relevant Contract from the First Trading Day to the Maturity Date inclusive divided by 1,000; and

C_{final} = PAI for one lot of the relevant Contract as at the Maturity Date divided by 1,000.

- (d) Where $100 + B_{\text{final}} - C_{\text{final}}$ is not an exact multiple of the Minimum EDSP Increment specified by the Exchange in Tables 1 and 2, it will be rounded to the nearest Minimum EDSP Increment or, where $100 + B_{\text{final}} - C_{\text{final}}$ is an exact uneven multiple of half of the Minimum EDSP Increment, to the nearest higher Minimum EDSP Increment.
- (e) If no EDSP can be calculated in respect of a Contract which has had a First Trading Day in accordance with Rules QQQQQQ.5(c) and QQQQQQ.5(d), the Exchange shall calculate the EDSP for such Contract at a price determined by it in its absolute discretion as reflecting the value of the rights and obligations of Buyer and Seller under such Contract.
- (f) The Exchange may at its discretion resolve, prior to the commencement of the calendar month in which the Last Trading Day falls, that the EDSP shall be determined by means other than that specified in Rules QQQQQQ.5(c) and QQQQQQ.5(d), subject always to the proviso that the EDSP shall be calculated by reference to the value of the rights and obligations of Buyer and Seller under the relevant Contract.
- (g) The Daily Settlement Price shall be used as the "Exchange Delivery Settlement Price" for the purposes of calculating Variation Margin (as defined in the Clearing House Rules), including under Rule 503(e) of the Clearing House Rules, and for the purposes of contractual netting and related provisions in the Clearing House Rules.

QQQQQQ.6 PRICE PUBLICATION

- (a) The Exchange shall publish a provisional EDSP and the confirmed EDSP at such times as are specified in the Administrative Procedures.
- (b) The confirmed EDSP shall be final and binding for all purposes.

QQQQQQ.7 PAYMENT

In respect of each lot comprised in a Contract the following payments shall be made in the Contract Currency by the time on the Settlement Day specified by the Exchange in the Administrative Procedures:

- (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer or both (as the case may require); and
- (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller or both (as the case may require),

of an amount in the Contract Currency calculated by multiplying the difference between the EDSP and the Contract price by 1000.

QQQQQQ.8 DEFAULT IN PERFORMANCE¹³

- (a) A Buyer or Seller, other than the Clearing House, shall be in default where:
 - (i) he fails to fulfil in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules his obligations under a Contract by the time and in the manner prescribed; or
 - (ii) he fails to pay any sum in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Clearing House Rules; or
 - (iii) in the reasonable opinion of the Exchange or Clearing House he is otherwise in default.
- (b) Subject to the default rules of the Clearing House, in the event of a default by a Buyer or a Seller, other than the Clearing House, in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, fix a price for invoicing back and each lot comprised in such Contract shall be invoiced back at that price. No dispute as to such price may be referred to arbitration. Such price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider should be paid by or to the Buyer or Seller, as applicable.

QQQQQQ.9 FORCE MAJEURE

Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations, and subject to the default rules of the Clearing House, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

QQQQQQ.10 STATEMENT IN RELATION TO THE DAILY SETTLEMENT PRICE AND EDSP CALCULATION PROCESS¹⁴

Potential users of the ICE Futures Europe Eris GBP LIBOR Interest Rate Futures Contracts made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules as well as the relevant Daily Settlement Price and EDSP calculation process.

See Rule I.25 of the ICE Futures Europe Regulations for additional risk disclosures.

SSSSSS.1 DEFINITIONS¹⁰

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.

- (b) In these Contract Rules and the Administrative Procedures:

"30/360"

means, in relation to a calculation of a Fixed Amount, the day count fraction, being the number of days in the Calculation Period ending on the Notional Payment Date on which such Fixed Amount is notionally payable divided by 360, calculated on a formula basis as follows:

$$DCF = ([360*(Y_2 - Y_1)] + [30*(M_2 - M_1)] + (D_2 - D_1))/360,$$

Where:

"DCF" means day count fraction;

"Y₁" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day including in the Calculation Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"D₁" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D₁ will be 30;

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

"Actual/360"

means, in relation to a calculation of a Floating Amount, the actual number of days (including the first and excluding the last) in the Calculation Period ending on the Notional Payment Date on which such Floating Amount is notionally payable divided by 360;

¹⁰ Amended 16 November 2015

"Administrative Procedures"	means the administrative procedures at Rule TTTTTT implemented by the Exchange for the purposes of these Contract Rules;
"Buyer"	means the Notional Fixed Rate Payer under a Contract;
"Calculation Period"	means, in relation to each Notional Fixed Payment Date for a Contract, the period from and including the immediately preceding Notional Fixed Payment Date (or, if none, the Effective Date) to but excluding such Notional Fixed Payment Date and, in relation to each Notional Floating Payment Date for a Contract, the period from and including the immediately preceding Notional Floating Payment Date (or, if none, the Effective Date) to but excluding such Notional Floating Payment Date;
"Calendar Roll Method"	means, a method for scheduling certain future dates whereby Reset Dates and Maturity Date are determined by reference to the numerical calendar day of the Effective Date, subject to adjustment in accordance with the Modified Following Business Day Convention;
"Contract"	means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots in respect of a Fixed Rate, a Floating Rate Index, an Effective Date, an Underlying Tenor, 3 or 6 monthly Notional Floating Rate payments and a Roll Method, as specified or made available by the Exchange, and "registered Contract" means a Contract registered by or with the Clearing House;
"Contract Business Day"	means a day which is both a TARGET Settlement Day and a day on which commercial banks are open for general business in London;
"Contract Currency"	means Euro, being the single currency of the European Union introduced in a Member State pursuant to its participation in the Economic and Monetary Union in the European Union, denoted as "EUR", "€" and "Euro";
"Contract Notional Amount"	means the amount specified by the Exchange in the Tables 1 and 2;
"contract month"	means each month specified by the Exchange in the Tables 1 and 2;
"Custom Contract"	means a Contract the terms of which when entered into satisfy these Contract Rules and the requirements of Table 1 but not of Table 2;
"Daily Settlement Price"	has the meaning attributed to it in Rule SSSSSS.5;

"Effective Date"	means, in relation to a Custom Contract, the date selected by the parties thereto from those listed in Table 1 and, in relation to a Non-Custom Contract, the date specified by the Exchange from those listed in Table 2 as the Effective Date for such Contract;
"EONIA"	means the Euro Over Night Index Average as published at or before 19:00 hours (Central European Time) by or on behalf of the European Money Markets Institute;
"EDSP"	means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule SSSSSS.5;
"First Trading Day"	means, in relation to a Contract, the day on which the Exchange first makes such Contract available for trading in the central order book;
"Fixed Amount"	means, in relation to a Notional Fixed Payment Date for a Contract and the Calculation Period then ending, a Gross amount notionally payable by the Fixed Rate Payer to the Floating Rate Payer on such Notional Fixed Payment Date equal to the product of (i) the relevant Contract Notional Amount, (ii) the relevant Notional Fixed Rate and (iii) the relevant Fixed Rate Day Count Fraction;
"Fixed Rate Day Count Fraction"	means, in relation to a Contract, the fixed rate day count fraction specified by the Exchange in Tables 1 and 2;
"Floating Amount"	means, in relation to a Notional Floating Payment Date for a Contract and the Calculation Period then ending, a Gross amount notionally receivable by the Fixed Rate Payer from the Floating Rate Payer on such Notional Floating Payment Date equal to the product of (i) the relevant Contract Notional Amount, (ii) the relevant Notional Floating Rate and (iii) the relevant Floating Rate Day Count Fraction;
"Floating Rate Day Count Fraction"	means, in relation to a Contract, the floating rate day count fraction specified by the Exchange in Tables 1 and 2;
"Gross"	means, in respect of any payment or notional payment, the gross amount of such payment free from any withholding or deduction for or on account of any present or future tax, levy, impost, duty, charge, assessment or fee of any nature (including interest, penalties and additions thereto) that is or would be imposed by any government or other taxing or competent authority in respect of any such payment;
"IMM Roll Method"	means a method for scheduling certain future dates whereby Reset Dates and the Maturity Date are determined by reference to the third Wednesday in the

	relevant month, subject to adjustment in accordance with the Modified Following Business Day Convention;
"Last Trading Day"	means, in relation to a Contract, the Contract Business Day immediately preceding the Maturity Date for that Contract;
"lot"	means the unit of trading specified by the Exchange in Tables 1 and 2, being equal to the Contract Notional Amount;
"Maturity Date"	means, in relation to a Contract, the anniversary of the Effective Date determined by the Underlying Tenor and the Roll Method, subject to adjustment in accordance with the Modified Following Business Day Convention;
"Minimum EDSP Increment"	has the meaning specified by the Exchange in Tables 1 and 2;
"Modified Following Business Day Convention"	means the convention for adjusting a relevant date if it would otherwise fall on a day that is not a Contract Business Day to the first following day that is a Contract Business Day unless that day falls in the next calendar month, in which case the adjusted date will be the first preceding day that is a Contract Business Day;
"Net Present Value" or "NPV"	means, in relation to a Contract and any date, the net present value, for the Buyer, of the Notional Future Cash Flows for that Contract, as determined by the Exchange using OIS Discounting for the purposes of calculating the Daily Settlement Price and PAI, and as negotiated by parties for trading purposes (the "Traded NPV");
"Non-Custom Contract"	means a Contract, the terms of which when entered into satisfy these Contract Rules and the requirements of Table 2;
"Notional Fixed Payment Dates"	means, in relation to a Contract, the day of each calendar month, falling at intervals of one year after the Effective Date, up to and including the Maturity Date, determined by the relevant Roll Method for that Contract, subject to adjustment in accordance with the Modified Following Business Day Convention;
"Notional Floating Payment Dates"	means, in relation to a Contract, the day of each calendar month, falling at intervals of three or six months (depending on the applicable Notional Floating Rate payment frequency for that Contract) after the Effective Date up to and including the Maturity Date, determined by the relevant Roll Method for that Contract, subject to adjustment in

	accordance with the Modified Following Business Day Convention;
"Notional Fixed Rate"	means, in relation to a Custom Contract, the fixed rate chosen by the parties from the range specified by the Exchange and, in relation to a Non-Custom Contract, the fixed rate specified by the Exchange, in each case in a notice posted on the Market before such Contract is available for trading;
"Notional Fixed Rate Payer"	means the party who is obliged to pay the Notional Fixed Rate under a Contract, being the Buyer;
"Notional Floating Rate"	means, in relation to the determination of a Floating Amount notionally payable on a Notional Floating Payment Date, the Relevant Rate determined with respect to the Reset Date which falls on the first day of the Calculation Period ending on such Notional Floating Payment Date, using the 3 month Relevant Rate where the Calculation Period is 3 months and the 6 month Relevant Rate where the Calculation Period is 6 months;
"Notional Floating Rate Payer"	means the party who is obliged to pay the Notional Floating Rate under a Contract, being the Seller;
"Notional Future Cash Flows"	means, in relation to a Contract on any date, the Gross amounts notionally payable as Fixed Amounts and as Floating Amounts on all then future Notional Payment Dates;
"Notional Historical Fixed and Floating Amounts"	means, in relation to a Contract and any date, the Gross amounts notionally paid as Fixed Amounts and as Floating Amounts on all Notional Payment Dates falling on or before such date;
"Notional Payment Dates"	means Notional Fixed Payment Dates and Notional Floating Payment Dates;
"OIS Discounting"	means calculating the NPV of the Notional Future Cash Flows using discount factors derived from the Exchange's EUR overnight index swaps curve;
"Price Alignment Interest (PAI)"	means the cumulative value calculated daily by applying EONIA to the Contract's NPV using the Floating Rate Day Count Fraction and cumulating the result with the PAI calculated for the previous day. PAI will begin to accrue for a Contract on its First Trading Day;
"Quoting Convention"	means the convention for quoting or agreeing a price for executing trades in any Contract, which shall be the Net Present Value per lot;
"Rate Determination Date"	means the day that is two TARGET Settlement Days preceding the Reset Date;

"Relevant Rate"	means, in relation to a Contract and a Reset Date, 3 or 6 Month EURIBOR (depending on the applicable Notional Floating Rate payment frequency for that Contract) as determined by the European Money Markets Institute or any successor thereto as administrator of EURIBOR or any successor thereto;
"Remaining Tenor"	means, in relation to a Contract on any date before its Effective Date, the Underlying Tenor and in relation to a Contract on any date on or after its Effective Date, the number of years in the period from and including such date to but excluding the Maturity Date for that Contract;
"Reset Dates"	means, in relation to a Contract, the Effective Date and each Notional Floating Payment Date other than the Maturity Date;
"Roll Method"	means Calendar Roll Method or IMM Roll Method and, in relation to a Contract, the relevant Roll Method is whichever Roll Method is applicable to such Contract;
"Seller"	means the Notional Floating Rate Payer under a Contract;
"Settlement Day"	means, in respect of a Contract, the first Contract Business Day after its Maturity Date;
"Table"	means Table 1 or Table 2 set out below, Table 1 being the relevant Table for Custom Contracts and Table 2 being the relevant Table for Non-Custom Contracts;
"TARGET Settlement Day" or "TARGET"	means a day on which the Trans-European Automated Real-time Gross settlement Express Transfer system, known as TARGET2 and operated by the Eurosystem is open;
"Tick Sizes"	has the meaning specified by the Exchange in Tables 1 and 2;
"Traded NPV"	has the meaning set out under "Net Present Value"; and
"Underlying Tenor"	means, in relation to a Contract, the period specified by the Exchange in Tables 1 and 2.
(c) References to "specified by the Exchange in Tables 1 and 2" means, in relation to a Contract, as set out in the columns in the relevant Table for such Contract and where more than one choice is set out, it means, in the case of a Custom Contract, the choice which is chosen by the parties for that Contract and, in the case of a Non-Custom Contract, the choice specified by the Exchange as applicable to that Contract. Tables 1 and 2 attached hereto form part of these Contract Rules.	

SSSSSS.2 CONTRACT SPECIFICATION

Each Contract shall be for one or more lots of a Contract for the contract month specified.

SSSSSS.3 PRICE¹¹

- (a) The Contract price for trading purposes shall be expressed in the Contract Currency as the Net Present Value per lot.
- (b) Trading shall be in accordance with the Quoting Convention.
- (c) The Daily Settlement Price and the EDSP for a Contract which has had a First Trading Day shall be a futures-style price which shall be determined in accordance with the formulae set out in Rule SSSSSS.5 below and expressed in the Contract Currency, stated to four decimals.
- (d) The Contract price for the purposes of comparison with the EDSP pursuant to Rule SSSSSS.7 shall be determined by applying the formula set out in Rule SSSSSS.5(a), save that the NPV shall be the Traded NPV at which the parties traded that Contract.

SSSSSS.4 LAST TRADING DAY AND MATURITY DATE¹²

- (a) On the Last Trading Day for a Contract, trading in such Contract shall cease at such time as may be specified in the Administrative Procedures.
- (b) On the Maturity Date, the Exchange will calculate the EDSP for Contracts which have had a First Trading Day in accordance with Rule SSSSSS.5.

SSSSSS.5 DAILY SETTLEMENT PRICE AND EXCHANGE DELIVERY SETTLEMENT PRICE ("EDSP")¹³

- (a) Subject to Rule SSSSSS.5(b), the Exchange will calculate, on each Contract Business Day t falling on or after the First Trading Day of any Contract, the Daily Settlement Price for such Contract, in accordance with the following formula:

$$\text{Daily Settlement Price} = 100 + A_t + B_t - C_t$$

A_t = the NPV on day t of one lot of the relevant Contract divided by 1,000;

B_t = the sum, for the Buyer, of all Notional Historical Fixed and Floating Amounts for one lot of the relevant Contract from the First Trading Day to day t inclusive divided by 1,000; and

C_t = PAI for one lot of the relevant Contract as at day t divided by 1,000.

- (b) If no Daily Settlement Price can be calculated in respect of a Contract in accordance with Rule SSSSSS.5(a), the Exchange shall calculate the Daily Settlement Price for such Contract at a price determined by it in its absolute discretion as reflecting the value of the rights and obligations of Buyer and Seller under such Contract.
- (c) Subject to Rules SSSSSS.5(e) and SSSSSS.5(f), and the rounding convention described in Rule SSSSSS.5(d), the Exchange will calculate the EDSP for all Contracts which have had a First Trading Day, in accordance with the following formula:

$$\text{EDSP} = 100 + B_{\text{final}} - C_{\text{final}}$$

B_{final} = the sum, for the Buyer, of all Notional Historical Fixed and Floating Amounts for one lot of the relevant Contract from the First Trading Day to the Maturity Date inclusive divided by 1,000; and

C_{final} = PAI for one lot of the relevant Contract as at the Maturity Date divided by 1,000.

¹¹ Amended 16 November 2015

¹² Amended 16 November 2015

¹³ Amended 16 November 2015

- (d) Where $100 + B_{\text{final}} - C_{\text{final}}$ is not an exact multiple of the Minimum EDSP Increment specified by the Exchange in Tables 1 and 2, it will be rounded to the nearest Minimum EDSP Increment or, where $100 + B_{\text{final}} - C_{\text{final}}$ is an exact uneven multiple of half of the Minimum EDSP Increment, to the nearest higher Minimum EDSP Increment.
- (e) If no EDSP can be calculated in respect of a Contract which has had a First Trading Day in accordance with Rules SSSSSS.5(c) and SSSSSS.5(d), the Exchange shall calculate the EDSP for such Contract at a price determined by it in its absolute discretion as reflecting the value of the rights and obligations of Buyer and Seller under such Contract.
- (f) The Exchange may at its discretion resolve, prior to the commencement of the calendar month in which the Last Trading Day falls, that the EDSP shall be determined by means other than that specified in Rules SSSSSS.5(c) and SSSSSS.5(d), subject always to the proviso that the EDSP shall be calculated by reference to the value of the rights and obligations of Buyer and Seller under the relevant Contract.
- (g) The Daily Settlement price shall be used as the "Exchange Delivery Settlement Price" for the purposes of calculating Variation Margin (as defined in the Clearing House Rules), including under Rule 503(e) of the Clearing House Rules, and for purposes of contractual netting and related provisions of the Clearing House Rules.

SSSSSS.6 PRICE PUBLICATION

- (a) The Exchange shall publish a provisional EDSP and the confirmed EDSP at such times as are specified in the Administrative Procedures.
- (b) The confirmed EDSP shall be final and binding for all purposes.

SSSSSS.7 PAYMENT

In respect of each lot comprised in a Contract the following payments shall be made in the Contract Currency by the time on the Settlement Day specified by the Exchange in the Administrative Procedures:

- (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer or both (as the case may require); and
- (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller or both (as the case may require),

of an amount in the Contract Currency calculated by multiplying the difference between the EDSP and the Contract price by 1000.

SSSSSS.8 DEFAULT IN PERFORMANCE¹⁴

- (a) A Buyer or Seller, other than the Clearing House, shall be in default where:
 - (i) he fails to fulfil in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules his obligations under a Contract by the time and in the manner prescribed; or
 - (ii) he fails to pay any sum in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Clearing House Rules; or

¹⁴ Amended 16 November 2015

- (iii) in the reasonable opinion of the Exchange or Clearing House he is otherwise in default.
- (b) Subject to the default rules of the Clearing House, in the event of a default by a Buyer or a Seller, other than the Clearing House, in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, fix a price for invoicing back and each lot comprised in such Contract shall be invoiced back at that price. No dispute as to such price may be referred to arbitration. Such price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider should be paid by or to the Buyer or Seller, as applicable.

SSSSSS.9 FORCE MAJEURE

Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations, and subject to the default rules of the Clearing House, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

SSSSSS.10 STATEMENT IN RELATION TO THE DAILY SETTLEMENT PRICE AND EDSP CALCULATION PROCESS¹⁵

Potential users of the ICE Futures Europe Eris EURIBOR Interest Rate Futures Contracts made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules as well as the relevant Daily Settlement Price and EDSP calculation process.

See Rule I.25 of the ICE Futures Europe Regulations for additional risk disclosures.

INTEREST RATE FUTURES CONTRACTS

SECTION UUUUUU - CONTRACT RULES:

ICE FUTURES ILLINOIS BASIN COAL OPTIONS CONTRACT;
ICE FUTURES CENTRAL APPALACHIAN BASIN COAL OPTIONS CONTRACT;
ICE FUTURES CSX COAL OPTIONS CONTRACT;
ICE FUTURES POWDER RIVER BASIN COAL OPTIONS CONTRACT;

- UUUUUU.1 Scope¹
- UUUUUU.2 Definitions²
- UUUUUU.3 Strike Price
- UUUUUU.4 Exercise³
- UUUUUU.5 Premium Payment due upon Trade
- UUUUUU.6 Payments due subsequent to Expiry
- UUUUUU.7 Premium
- UUUUUU.8 Abandonment

¹ Amended 9 June 2016

² Amended 9 June 2016

³ Amended 9 June 2016

UUUUUU.1 SCOPE⁴

The Rules in this Section UUUUUU and in Sections I and VVVVVV shall apply to Contracts for the ICE Futures Illinois Basin Coal Options, Central Appalachian Basin Coal Options, CSX Coal Options and Powder River Basin Coal Options Contracts (all together US Coal Options) (as defined below). Each option shall be a put option or a call option in respect of one or more lots for the product and contract month, Quarter or Calendar Year and at the strike price specified.

UUUUUU.2 DEFINITIONS⁵

“Calendar Year”	means a strip of 12 consecutive contract months commencing in January and ending with December.
“call option”	a right upon the exercise of which the Buyer of the option becomes the Buyer under a Futures Contract and the Seller of the option becomes the Seller under a Futures Contract;
“expiry date”	in respect of an option, the date when the option will, unless exercised, expire.
“ICE Futures Illinois Basin Coal Options Contract”	ICE Futures Illinois Basin Coal Monthly Options Contract
“ICE Futures Central Appalachian Basin Coal Option Contract”	ICE Futures Central Appalachian Basin Coal Option Contract
“ICE Futures Central CSX Coal Option Contract”	ICE Futures Central CSX Coal Option Contract
“ICE Futures Powder River Basin Coal Option Contract”	ICE Futures Powder River Basin Coal Option Contract
“in-the-money option”	an option where the strike price is greater (in the case of a put option) or is less (in the case of a call option) than the current futures market price for the product and contract month;
“option”	a put option or a call option;
“out-of-the-money option”	an option where the strike price is less (in the case of a put option) or is greater (in the case of a call option) than the current futures market price for the product and contract month;
“put option”	a right upon the exercise of which the Buyer of the option becomes the Seller under a Futures Contract, and the Seller of the option becomes the Buyer under a Futures Contract;
“Quarter” or “Quarterly”	means three consecutive contract months grouped as follows: January, February and March (first quarter); April, May and June (second quarter); July, August and September (third quarter) and October, November and December (fourth quarter); and
“strike price”	the price payable under the Futures Contract resulting from exercise of an option.

UUUUUU.3 STRIKE PRICE

- (a) The strike price shall, in the case of the ICE Futures Coal Options Contracts, be in multiples of USD\$0.05 per ton or such other multiple as may from time to time be prescribed by the Exchange.

⁴ Amended 9 June 2016

⁵ Amended 9 June 2016

- (b) The Exchange will, from time to time, publish the strike price range available for all ICE Futures Coal Options Contracts
- (c) Trading shall not be permitted at strike prices other than those listed for the relevant product and contract month.

UUUUUU.4 EXERCISE⁶

- (a) A Buyer may exercise or abandon an option for one or more lots on expiry of the relevant ICE Futures Coal Options Contract by giving to the Clearing House instructions in respect thereof.
- (b) On the expiry date, instructions to exercise or abandon may be given to the Clearing House in the case of the relevant ICE Futures Coal Options Contract no later than one hour 30 minutes after the cessation of trading in options of the relevant kind;
- (c) After the cessation of trading on the expiry date, in options of the relevant kind, and unless instructions not to exercise or abandon have been given under paragraph (b) above, all options that are in-the-money options with reference to that day's official settlement price for the relevant futures business will be automatically exercised. Exceptions to this provision may be made by the Clearing House's clearing procedures.
- (d) The exercise of an ICE Futures Europe Coal Options Contract will give rise to a corresponding monthly, Quarterly or Calendar Year, ICE Futures Coal Contract, as the case may be, between Buyer and Seller at the strike price of the option and in the relevant contract month, Quarter or Calendar Year.

UUUUUU.5 PREMIUM PAYMENT DUE UPON TRADE

In the case of an ICE Futures Coal Options Contract, the traded premium is debited by the Clearing House from the account of the Buyer and credited to the account of the Seller on the morning of the Trading Day following the day of trade of the option. The Clearing House will issue a statement of the premium paid or payable to or by it, as the case may be.

UUUUUU.6 PAYMENTS DUE SUBSEQUENT TO EXPIRY

On the morning of the Trading Day following exercise of an ICE Futures Coal Options Contract, the Clearing House may call for cover for margin in respect of the resulting Futures Contract.

UUUUUU.7 PREMIUM

- (a) The premium for an option shall be in USD\$, per ton subject to a minimum fluctuation of USD\$0.01.
- (b) In respect of each strike price of each ICE Futures Coal Options Contract and contract month, an official settlement premium will be established in accordance with section 2.5.2 of the Trading Procedures

UUUUUU.8 ABANDONMENT

An option may not be abandoned by the Buyer in advance of expiry

⁶ Amended 9 June 2016

CONTRACT PROCEDURES: US COAL OPTION CONTRACTS

SECTION VVVVV - PROCEDURES:

ICE FUTURES ILLINOIS BASIN COAL OPTIONS CONTRACT;
ICE FUTURES CENTRAL APPALACHIAN BASIN COAL OPTIONS CONTRACT;
ICE FUTURES CSX COAL OPTIONS CONTRACT;
ICE FUTURES POWDER RIVER BASIN COAL OPTIONS CONTRACT;

VVVVV.1 Trading Hours

VVVVV.2 Cessation of Trading¹

¹ Amended 9 June 2016

CONTRACT PROCEDURES: US COAL OPTION CONTRACTS

VVVVVV.1 TRADING HOURS

Subject to Rule VVVVVV.2, ICE Futures US Coal Options Contracts will continue to be traded each Trading Day until the close of trading that day in respect of futures trading for the product and contract month or the first contract month of the Quarter or Calendar Year, as relevant.

VVVVVV.2 CESSATION OF TRADING²

- (a) Subject to Rule VVVVVV.2(c), trading in respect of a contract month shall normally cease at the end of the designated settlement period on the
 - i. The option contract shall expire at the close of trading on the first business day of the month prior to the contract month of the futures contract.
- (b) Subject to Rule VVVVVV.2(c), trading in a Quarterly or Calendar Year contract shall cease at the time of the cessation of trading of the first contract month in such Quarter or Calendar Year;

If at any time dealings on the Market in the Contracts are suspended on any Trading Day, whether by virtue of an order under the Banking Financial Dealings Act 1971 or as a result of a decision of the Exchange under the Regulations or for any other reason, the Exchange may amend the provisions of this Rule VVVVVV.2(a) and/or (b) accordingly.

WWWWWW.1 INTERPRETATION

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meaning in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and in the Administrative Procedures:
- “Administrative Procedures” means the administrative procedures at Rule XXXXXX implemented by the Exchange for the purposes of these Contract Rules.
- “Adopted Rules” means the RSA Rules.
- “business day” means a day on which the market, the Clearing House and banks in London are open for business.
- “Buyer” in respect of a Contract means the person who is obliged under such Contract to accept transfer in respect of each lot of the delivery amount of sugar and to pay the invoicing amount in respect of each such lot (including, except where the context otherwise requires, the Clearing House as buyer under a registered Contract).
- “Buyer’s Nomination” means the form instigating collection of empty ISO Containers for stuffing and delivery given via Guardian by the Buyer to the Seller, the Exchange and the Clearing House.
- “Container Port” means a port eligible for delivery of the sugar under the Contract, as published by the Exchange from time to time by notice posted on the Market, which shall apply to such delivery months specified in the notice as the Exchange may determine.
- “Contract” means a contract made expressly or impliedly in the terms of these Contract Rules for the sale and purchase of one or more lots for a delivery month and “registered Contract” means a Contract registered by the Clearing House.
- “Contract price” means the price agreed between a Buyer and a Seller in respect of a Contract.
- “default in performance” has the meaning attributed to it in Rule WWWW.14(b).
- “delivery period” means the period commencing on and including the first day of the delivery month, up to and including the last day of the succeeding month, subject to Rule WWWW.15(b).
- “delivery month” means each month specified as such by the Exchange pursuant to the Regulations.
- “Document Notice Day” shall have the meaning attributed to it in Rule WWWW.12(a).
- “ECS” means ICE Clear Europe Limited’s Extensible Clearing System.
- “EDSP” means Exchange Delivery Settlement Price and has the meaning attributed to it in Rule WWWW.5.
- “Guardian” means the electronic system relating to the tender and delivery management services, or any successor thereto, which amongst other things, records details of sugar for delivery against the ICE Futures Containerised White Sugar Futures Contract.

“ICUMSA”	means the International Commission for Uniform Methods of Sugar Analysis referred to in the RSA Rules.
“Insufficient Seller”	means a Seller who has given a Seller’s Delivery Notification in respect of a Non-Qualifying Container Port.
“invoicing amount”	has the meaning attributed to it in Rule WWWWWW.8.
“ISO Container”	means an International Standards Organization shipping container, measuring twenty (20) feet long, eight (8) feet wide and eight and a half (8½) feet high, which must be suitable for sugar, heavy-duty, clean, dry and odour-free, with no nails and no holes, and of which the interior and exterior must not exhibit significant rust.
“Last Trading Day”	in respect of any delivery month means the business day immediately preceding the Tender Day.
“lot”	shall have the meaning attributed to it in Rule WWWWWW.3(a).
“Non-Qualifying Container Port”	means one of the ports included on the list of Container Ports from time to time published by notice posted on the Market, in respect of which all Sellers’ Delivery Notifications which have been made for that delivery month amount in aggregate to less than 80 lots.
“Qualifying Container Port”	means one of the ports included on the list of Container Ports from time to time published by notice posted on the Market in respect of which all Sellers’ Delivery Notifications which have been made for that delivery month amount in aggregate to 80 lots or more.
“RSA Rules”	means those parts of the Rules of the Refined Sugar Association applicable to free on board contracts for delivery of white sugar by containers, from time to time in force.
“Seller”	in respect of a Contract means the person who is obliged under such Contract to deliver in respect of each lot, the delivery amount of sugar (including, except where the context otherwise requires, the Clearing House, as seller under a registered Contract).
“Seller’s Delivery Notification”	means the form instigating delivery given via Guardian by the Seller to the Exchange and Clearing House.
“Settlement Day”	in respect of each lot comprised in a Contract means the first business day after the Document Notice Day on which banks are open for business in New York.
“tender”	means the delivery by a Seller of a Seller’s Delivery Notification for sugar pursuant to a Contract.
“Tender Day”	in respect of any lot comprised in a Contract has the meaning attributed to it by Rule WWWWWW.9(a).
“tonne”	means metric tonne of 1000 kilogrammes.
(c) [Not used]	
(d) [Not used]	

WWWWWW.2 SUGARS TENDERABLE

- (a) Each Contract shall be for white beet or cane crystal sugar or refined sugar of the crop current at the time of stuffing into the ISO Container, free running of regular grain size and fair average of the quality of deliveries made from the declared origin from such crop, with minimum polarisation 99.8 degrees, moisture maximum 0.06 per cent, and colour of a maximum of 45 units ICUMSA attenuation index at time of stuffing into the ISO Container designated by the booking number/reference in the Buyer's Nomination, as evidenced by a certificate issued in accordance with these Contract Rules.
- (b)
 - i) Delivery shall be at one of the ports included on the list of Container Ports for delivery of sugar in ISO containers. The Exchange may from time to time list or de-list a port, which shall have such effect with regard to existing or new Contracts or both as the Exchange may determine in its absolute discretion. Any such determination will be notified to Members by means of a notice posted on the Market or otherwise as the Exchange may direct. Where ports are subdivided for logistical purposes, the Board may specify sub-divisions of such ports. The Board may exclude certain sub-divisions. Where ports are sub-divided, the Deliverer must specify the sub-division where the sugar is to be delivered.
 - (ii) Subject to Rule WWWWWW.2(b)(i), sugar shall be delivered at a port in the country of origin of the sugar. However, in the case of landlocked countries and sugar originating from a country within the European Union, delivery shall be made at any customary port of export from such country.
 - (iii) The Exchange and Clearing House give no warranty and do not make any representation or promise that any port which is included in any list published by the Exchange pursuant to this Rule WWWWWW.2(b) has any particular characteristics or facilities or is safe or suitable in any way whatsoever, and the Exchange and Clearing House shall not be liable for any loss, damage, or delay resulting from conditions at any such port.
- (c) The sugar shall be packed in new sound polypropylene bags, each with a single new polythene liner, of a weight of minimum 50 kg net each of sugar and each bag and liner having a combined minimum tare of 160g. The bags of each lot shall be uniform and suitable for export. All bags shall be of a colour as customarily used for export by the relevant producer, and for each lot each bag shall bear the same minimum marks written in the English language stating the following:
 - (i) product description (e.g. refined sugar);
 - (ii) net weight;
 - (iii) origin;
 - (iv) crop or production year;
 - (v) an expiry being at least two years later than production or a validity period of at least two years; and
 - (vi) name of the producer.

Additional marks in local lettering/language are permitted provided that they do not contradict the marks referred to above.
- (d) Sugar delivered shall be free of all liens and claims of any kind.
- (e) Sugar delivered shall be freely available for export to any destination, except in the case of sugar originating in the European Union which
 - (i) shall only be available for export to destinations outside the European Union; and

- (ii) shall physically leave the geographical area of the European Union without undue delay after loading has been completed; and
- (iii) shall be subject to a prohibition on re-importation into the European Union,

unless there is a change in the applicable laws of the European Union and the relevant Member State(s) which lift some or all of the above restrictions on dealing with sugar originating in the European Union.

WWWWWWW.3 CONTRACT SPECIFICATION

- (a) Each Contract shall be for one or more lots for the delivery month specified. A lot shall be for an amount of sugar having a nominal net weight of 50 tonnes.

WWWWWWW.4 PRICE

- (a) The Contract price shall be in US dollars and cents (with fluctuations of 10 cents) per tonne net free on board in ISO Containers at a Container Port.
- (b) The Contract price shall be exclusive of any United Kingdom value added tax which may be or may become payable thereon.

WWWWWWW.5 EXCHANGE DELIVERY SETTLEMENT PRICE

- (a) Subject to Rule WWWWWW.5(b), the EDSP for Contracts for a particular delivery month shall be calculated by Exchange officials on the Last Trading Day as follows:
 - (i) if (as far as reasonably ascertainable) one or more Contracts for that delivery month have been made on the Last Trading Day during the period specified for this purpose in the Administrative Procedures, then:
 - (A) if only one Contract has been made, the EDSP shall be the price (as far as reasonably ascertainable) at which that Contract was made; or
 - (B) if more than one Contract has been made, the EDSP shall be the average rounded down to the nearest 10 cents of the prices (as far as reasonably ascertainable) at which such Contracts were made, weighted by reference to the number of lots (as far as reasonably ascertainable) comprised in each such Contract;
 - (ii) if (as far as reasonably ascertainable) on the Last Trading Day, during the period specified for this purpose in the Administrative Procedures, no Contract for that delivery month has been made but both an offer (or offers) and a bid (or bids) have been made in respect of a Contract (or Contracts) for that delivery month, then the EDSP shall be the average of the lowest price (as far as reasonably ascertainable) at which such an offer was made and the highest price (as far as reasonably ascertainable) at which such a bid was made and such average shall be rounded down to the nearest 10 cents;
 - (iii) if (as far as reasonably ascertainable) on the Last Trading Day, during the period specified for this purpose in the Administrative Procedures, no Contract for that delivery month has been made and either no offer or no bid has been made in respect of a Contract (or Contracts) for that delivery month, then Exchange officials shall determine the EDSP by reference inter alia to the price at which any offer or bid, as the case may be, in respect of a Contract for that delivery month was made during such period on such day; or
 - (iv) if (as far as reasonably ascertainable) on the Last Trading Day, during the period specified for this purpose in the Administrative Procedures, no Contract for that delivery month has been made and neither an offer nor a bid have been made in respect of a Contract (or Contracts) for that delivery month, then Exchange officials may in their

absolute discretion fix the EDSP at a price determined by them as being consistent with the prices at which any Contracts or any offers or bids in respect of a Contract were made on the Last Trading Day for the delivery month and period referred to in Rule WWWW.5(b)(i) and (ii) below and, if necessary, rounded down to the nearest 10 cents.

- (b) If in the opinion of Exchange officials, the EDSP which would result from a calculation made in accordance with Rule WWWW.5(a)(i), (ii) or (iii) would not be consistent with the prices at which any Contracts or any offers or bids in respect of a Contract were made on the Last Trading Day for:
 - (i) the relevant delivery month prior to the applicable period referred to in Rule WWWW.5(a)(i), (ii) or (iii), as the case may be; or
 - (ii) any other delivery month during the applicable period referred to in Rule WWWW.5(a)(i), (ii) or (iii), as the case may be,

then Exchange officials may in their absolute discretion fix the EDSP at a price determined by them as being consistent with the prices, offers or bids for the delivery month and period referred to in this Rule WWWW.5(b), and, if necessary, rounded down to the nearest 10 cents.

- (c) The Exchange shall publish the EDSP at the time specified for that purpose in the Administrative Procedures. The EDSP shall be final and binding for all purposes.

WWWWW.6 SETTLEMENT PAYMENTS

- (a) In respect of each lot referred to in a Seller's Delivery Notification, in addition to any other payment required by these Contract Rules, the following payments shall be made by the time specified for that purpose in the Administrative Procedures:
 - (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require); and
 - (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require);

of an amount calculated as the difference, in US dollars multiplied by 50 in respect of each lot, between the EDSP and the Contract price.

WWWWW.7 PAYMENT

- (a) The Seller shall present the following documents to the Clearing House evidencing the proper fulfilment of the terms of the Contract and conforming with the information given by the Seller in the Seller's Delivery Notification:-
 - (i) commercial invoice;
 - (ii) complete set of original signed clean shipped on board bills of lading;
 - (iii) original certificate of origin; and
 - (iv) an original certificate of weight, packing, quality (including, without limit, the polarisation, moisture and colour of the sugar) issued in the form of a Supervisors' Certificate or the Seller's Certificate in accordance with these Rules and Administrative Procedure XXXXX.3.
- (b) Without prejudice to the Buyer's ability to request that the Seller provides additional documents pursuant to Rule 17 of the RSA Rules, the Buyer shall not be entitled to require the presentation of any documents in return for payment other than those specified in Rule WWWW.7(a).

- (c) The Clearing House shall by the time specified in the Administrative Procedures advise the Buyer that the documents are available to be taken up and the Buyer shall thereupon collect the documents from the Clearing House.
- (d) The documents shall be deemed to have been accepted by the Buyer unless the Buyer has prior to 14.00 hours on the Settlement Day notified the Clearing House via Guardian that the documents are rejected by the Buyer on the grounds that they do not evidence the proper fulfilment of the terms of the Contract, and the documents have been returned to the Clearing House by 15.00 hours on that day. Immediately following the notification via Guardian of the rejection of the documents, the Buyer shall provide to the Clearing House a written explanation for the rejection of the documents which should state, with reasonable precision, the respects in which the documents do not evidence the proper fulfilment of the terms of the Contract. The Buyer shall be precluded from relying on any grounds for the rejection of the documents which are not stated in the Buyer's explanation to the Clearing House. For the avoidance of doubt, where a Seller presents more than one set of documents to the Clearing House, the Buyer shall not be entitled to reject any documents which are tendered in respect of a lot or lots where this is solely on the ground that the Buyer has rejected a document or documents which relate to a different lot or lots.
- (e) Title to goods shall not pass from the Seller until the Buyer has accepted the documents and the Seller has received payment for the sugar.
- (f) Where documents have been rejected by the Buyer:
 - (i) the Clearing House shall advise the Seller, after 14.00 hours on the Settlement Day, of such rejection and the reasons for it given by the Buyer, and shall make the documents available for collection by the Seller from 15.00 hours on that day; and
 - (ii) the Seller may re-present documents at any time within five business days of having received a notice of rejection provided always that any such re-presentation must be within twenty calendar days of the bill of lading date.
- (g) Where documents have been re-presented by the Seller and accepted by the Buyer, then these terms shall apply to such re-presentation as if it were a first presentation, save that the Buyer shall not be entitled to reject documents on such re-presentation on any grounds other than those specified at the time of the first rejection unless such rejection is based on a discrepancy in documents which did not exist at the time of the previous presentation of the documents.
- (h) Where documents have been accepted and paid for by the Buyer, this shall be without prejudice to the reference to arbitration by the Seller or the Buyer of any question in dispute, including but not limited to any claim relating to or arising out of any discrepancy in documents presented by the Seller to the Buyer, whether or not identified by the Buyer prior to payment having been made.
- (i) Where the Buyer has collected documents from the Clearing House and subsequently rejects the documents, the Buyer shall indemnify the Exchange and the Clearing House against any liability, loss, cost or expense which arises out of or is related to any failure (whether on the part of the Buyer, the Exchange, the Clearing House or any person whatsoever) to return all of the documents in their original condition without delay.
- (j) Should documents which have been accepted by the Buyer not be taken up and paid for by the time specified in Rule WWWW.12(c) and the Administrative Procedures, the Clearing House may, unless payment has previously been made and without prejudice to any other rights or remedies available to it;
 - (i) sell the sugar at any time and any difference in price resulting from such sale, together with interest and all charges incurred by reason of the delay, shall be paid by the Buyer to the Clearing House forthwith; or

- (ii) claim damages from the Buyer for failing to take up the documents, which damages shall be deemed to include (but shall not be limited to) the invoicing amount.
- (k) If the invoice against which the Clearing House effects payment is not ready when documents are required to be passed on to the Buyer in accordance with Rule WWWWWW.12(c), then provided that the other documents are accepted by the Buyer, payment of the invoicing amount shall in any event be made by the Clearing House to the Seller and received for the account of the Buyer.
- (l) The Seller and Buyer may mutually agree to take the sugar off the market on any business day from and including the Tender Day to the last day of the delivery period and, in such event, the Clearing House having been so informed in accordance with the Administrative Procedures by 16.00 hours on a business day will settle with the parties at the EDSP by reference to the number of lots tendered.

WWWWWW.8 INVOICING AMOUNT

- (a) The invoicing amount in respect of each lot referred to in a Seller's Delivery Notification shall be the sum calculated in accordance with the formula:

Net Shipped Weight x EDSP

where:

Net Shipped Weight = The sum of the net weights on the Supervisors' Certificate(s) or Seller's Certificate(s), as the case may be, for all sugar delivered against the Contract.

EDSP = The EDSP for the relevant delivery month

- (b)
 - (i) Subject to Rule WWWWWW.8(b)(ii), where the sum calculated in accordance with Rule WWWWWW.8(a) is not a number of dollars and whole cents, such sum shall be rounded to the nearest sum which is a number of dollars and whole cents and the invoicing amount shall be such nearest sum.
 - (ii) Where the sum calculated in accordance with Rule WWWWWW.8(a) is a number of dollars and whole cents and one half of one cent, such sum shall be rounded up to the nearest sum which is a number of dollars and whole cents, and the invoicing amount shall be such nearest sum.

WWWWWW.9 TENDER DAY

- (a) The Tender Day in respect of a delivery month shall be the fifteenth day preceding the first day of the delivery period for that delivery month, but if the fifteenth day is not a business day the next following business day shall be the Tender Day.
- (b) A tender shall be made on the Tender Day to the Clearing House in the form of the Seller's Delivery Notification prescribed by the Clearing House or in such other form acceptable to the Clearing House. The tender must be submitted by the Seller to the Clearing House on the Tender Day by the time specified in the Administrative Procedures.
- (c) The Clearing House shall initially review all Sellers' Delivery Notifications which have been submitted by all Sellers with a view to ensuring that all deliveries will take place at a Qualifying Container Port, (except as provided for in Rules WWWWWW.9(g) and (h) below) in accordance with the Contract Rules and Administrative Procedures and the statement set out in Rule WWWWWW.21. For the avoidance of doubt, any Seller's Delivery Notification in respect of a Qualifying Container Port may not be withdrawn and re-tendered.

- (d) If, following the initial review, the Clearing House determines that Sellers' Delivery Notifications have been made in respect of any Non-Qualifying Container Port, then the Clearing House shall by the time specified in the Administrative Procedures:
 - (i) advise the Insufficient Sellers by whom such Sellers' Delivery Notifications were made of such determination;
 - (ii) reject any Sellers' Delivery Notifications in respect of a Non-Qualifying Container Port;
 - (iii) advise each Insufficient Seller of the Qualifying Container Ports, if any; and
 - (iv) provide to each Insufficient Seller a summary of all other Sellers' Delivery Notifications made in respect of Non-Qualifying Container Ports.
- (e) All such Insufficient Sellers shall then, by the time specified in the Administrative Procedures, either:
 - (i) make a revised Seller's Delivery Notification in respect of a Qualifying Container Port; or
 - (ii) enter into arrangements with other Insufficient Sellers to enable such Sellers to make revised Sellers' Delivery Notifications such that a previously Non-Qualifying Container Port becomes a Qualifying Container Port.
- (f) If for any reason after the process set out in Rule WWWWWW.9(e) has been completed, any Seller's Delivery Notification is still made in respect of a Non-Qualifying Container Port, then such Seller's Delivery Notification shall be rejected by the Clearing House and the Insufficient Seller(s) shall make a further revised Seller's Delivery Notification in respect of a Qualifying Container Port by the time specified in the Administrative Procedures. If there is no Qualifying Container Port in respect of which to make such a revised Seller's Delivery Notification, the Insufficient Seller(s) shall instead act in accordance with Rule WWWWWW.9(g) and (h), as the case may be.
- (g) If for any reason after the process set out in Rule WWWWWW.9(f) has been completed there is still no Qualifying Container Port, then the Clearing House shall determine that all tenders shall take place at the port which has been nominated in respect of the largest number of lots in the Seller's Delivery Notification. The Clearing House shall notify all Sellers accordingly that they must tender sugar at the port determined by the Clearing House.
- (h) If for any reason after the process set out in Rule WWWWWW.9(f) has been completed there is still no Qualifying Container Port, and if there are two or more ports which have been equally nominated in respect of the largest number of lots in the Sellers' Delivery Notifications under Rule WWWWWW.9(f), then the Clearing House shall determine at which port such tenders are to be made. In doing so, the Clearing House shall take into account circumstances in the physical sugar market generally and the previous practice of the Exchange. The Clearing House shall notify all Sellers accordingly that they must tender sugar at the port determined by the Clearing House.

WWWWWW.10 TENDERS

- (a) A tender shall not be withdrawn nor substitution allowed except with the consent of the Buyer or, in case of dispute, unless so ordered by the Exchange.
- (b) A tender which has been made to the Clearing House in time shall, subject to Rule WWWWWW.10(a), be accepted by the Buyer as a valid tender for that date.

- (c) With the consent of the Clearing House, Buyers may, in accordance with, and by the time specified, in the Administrative Procedures, exchange with one another, via Guardian, the sugar that they have been allocated.

WWWWWW.11 DELIVERY

- (a) Delivery shall be in accordance with Rule 7 of the RSA Rules and the Administrative Procedures, save that the notice referred to in the third paragraph of Rule 7(i) of the RSA Rules shall be a notice of fourteen calendar days and shall be given by the Buyer to the Seller and the Clearing House.

WWWWWW.12 PRESENTATION OF DOCUMENTS

- (a) Notice of the presentation of documents, which must include the name of the ocean vessel and booking number/reference, must be made by the Seller via Guardian to the Clearing House by no later than the time specified in the Administrative Procedures on any business day within twenty calendar days of the bill of lading date. The day on which such advice is given to the Clearing House shall be known as the Document Notice Day.
- (b) Documents as prescribed in Rule WWWW.7(a) shall be presented by the Seller to the Clearing House on the day following such advice by the time specified in the Administrative Procedures, being a day on which banks are open for business in both London and New York.
- (c) The Clearing House shall pass on documents to the Buyer without delay but, provided the Clearing House has been notified and documents have been presented to it by the times specified in the Administrative Procedures, the Buyer shall (unless the documents have been rejected in accordance with the provisions of Rule WWWW.7(d)) be bound to take up and pay for such documents on the same day by the time specified in the Administrative Procedures without prejudice to the reference of any claim or dispute of whatsoever nature to arbitration.

WWWWWW.13 [NOT USED]

WWWWWW.14 DEFAULT IN PERFORMANCE

- (a) The provisions of this Rule WWWW.14 shall be subject to the default rules from time to time in force of the Clearing House and also subject to the provisions of Rule WWWW.18(c).
- (b) For the purposes of this Rule WWWW.14, a reference to a “default in performance” shall, subject to Rule WWWW.14(d), be construed as including an actual failure or an anticipated failure by a Seller or a Buyer under Rule WWWW.14(b) in performing its obligations under a Contract at any time before the time of tender on the Tender Day. An anticipated failure is one which the Clearing House, in its reasonable opinion, considers will occur at any time before the time of tender on the Tender Day and in respect of which the Clearing House considers that it should take action under the provisions of this Rule WWWW.14.
- (c) A Buyer or a Seller shall be in default in performance where:
 - (i) he fails to fulfil his obligations under a Contract by the time and in the manner prescribed in accordance with these Contract Rules, the Regulations and Administrative Procedures and Clearing House Rules;
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified for that purpose in the Administrative Procedures; or
 - (iii) in the reasonable opinion of the Clearing House, he is in default in performance.
- (d) Errors in a notice, which are determined in the Exchange’s absolute discretion to be clerical errors which can be readily rectified and are rectified, shall not be treated as constituting a default in performance.

- (e) Subject to Rules WWWW.14(f)(ii) and WWWW.14(j), if it appears to the Clearing House that a Seller or a Buyer is in default in performance under a registered Contract, the Clearing House shall notify the Exchange of the default in performance and may, in its absolute discretion:
- (i) take such steps as it deems appropriate to facilitate a mutually acceptable resolution of the default in performance. A resolution of a default in performance may be on such terms and take such form as is acceptable to the Clearing House, to the Seller and to the Buyer. Such terms may limit some or all of the rights of the Seller, the Buyer or the Clearing House to refer any matter concerning or arising out of a default in performance (or the resolution thereof) to arbitration;
 - (ii) without prejudice to any of its other rights under this Rule WWWW.14, refer to the Exchange any dispute or issue arising between any of the parties. If upon such reference, the Exchange is of the opinion that the default in performance is of minor significance it shall determine any such dispute or issue between such parties upon such evidence as it may deem relevant and convey its findings to such parties who shall forthwith accept such determination and shall implement its terms without question, provided that such acceptance and implementation shall be without prejudice to the right of any party to refer the dispute or any related dispute to arbitration; or
 - (iii) take any steps whatsoever which may appear desirable to the Clearing House for the protection of the Clearing House or of the Seller or Buyer not in default in performance including, without prejudice to the generality of the foregoing, any steps in order to perform its obligations to a party under a registered Contract.
- (f) If, within five business days of the default in performance having come to the attention of the Clearing House:
- (i) the steps taken by the Clearing House have not led or are not likely to lead to a resolution of the default in performance; or
 - (ii) the Clearing House has not taken any steps and the default in performance remains unresolved,
- the Clearing House will refer the matter to the Exchange. If upon reference of the dispute or issue to the Exchange, the Exchange is of the opinion that the default in performance may not be determined by the Exchange in accordance with Rule WWWW.14(e)(ii), then (if the dispute or issue is one which has arisen before the time of tender) each lot the subject of the dispute or issue shall be the subject of cash settlement at a price fixed by the Exchange in consultation with the Clearing House. The price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider, on the evidence before it, should be paid by either party to the other.
- (g) Any cash settlement price fixed under Rule WWWW.14(f) shall be binding on the parties.
- (h) Any costs, claims, losses, taxes or expenses of whatsoever nature suffered or incurred by the Clearing House in connection with any steps taken by the Clearing House in relation to a Contract to which the default in performance relates shall be paid by the Buyer or Seller who is in default in performance. Any steps taken by the Clearing House in relation to a default in performance shall be without prejudice to any rights (including rights to refer matters to arbitration), obligations or claims of the Buyer, the Seller or the Clearing House in relation to a Contract to which the default in performance relates.
- (i) A Buyer or Seller who is in default in performance under this Rule WWWW.14, shall forthwith pay to the Clearing House any sums payable by him under Rule WWWW.8 and any sums payable pursuant to this Rule WWWW.14.

- (j) Notwithstanding that a Buyer or Seller may be in default in performance under this Rule WWWWWW.14, the Clearing House may in its absolute discretion determine not to exercise or to delay in exercising any of its rights under this Rule WWWWWW.14, and no failure by the Clearing House to exercise nor any delay on its part in exercising any of such rights shall operate as a waiver of the Clearing House's rights upon that or any subsequent occasion, nor shall any single or partial exercise of any such rights prevent any further exercise thereof or of any other right.
- (k) A Buyer, a Seller or the Clearing House may refer a dispute or issue arising out of a default in performance under this Rule WWWWWW.14 (subject always to the application of provisions of Rules WWWWWW.14(e), (f) and (g)) to arbitration.
- (l) The provisions of this Rule WWWWWW.14 relating to steps that may be taken by the Clearing House, where there appears to the Clearing House to be a default in performance by a party to a registered Contract, may be varied, or different steps may be substituted therefore by the Exchange from time to time. Any such variation or substitution shall have such effect with regard to such existing and/or new Contracts and registered Contracts as the Exchange may determine.

WWWWWW.15 FORCE MAJEURE

- (a) At any time before the time of tender on the Tender Date and in respect of events before such time:
 - (i) for the purposes of this Rule WWWWWW.15(a), "Force Majeure Event" shall mean an event which occurs before the time of tender on the Tender Date which is beyond the reasonable control of either party to a Contract and which delays, hinders or prevents the performance in whole or in part by a party of his obligations under the Contract (other than an obligation to make a payment), including, without limitation, act of God, storm, flood, earthquake, fire, explosion, malicious damage, accident howsoever caused, strike, lock-out, labour dispute, riot, civil commotion, war whether declared or undeclared, armed conflict, use of force by authority of United Nations, act of terrorism, act of government or other national or local authority or any agency thereof, breakdown of machinery, and unavailability, restriction, failure or delay in or computer or data processing systems or communication or energy supplies or bank transfer systems;
 - (ii) the failure for whatever reason of a computer or other electronic facility to accept a notification made by a Seller or a Buyer (other than the Clearing House) as required by these Contract Rules and the Administrative Procedures shall not be a Force Majeure Event;
 - (iii) a party to a Contract shall not be entitled to rely upon this Rule WWWWWW.15(a) unless such party has notified the Clearing House in writing immediately after such party has become aware (or after it ought reasonably to have become aware) of such Force Majeure Event, and has continued to seek to perform its obligations in accordance with the Contract (in which event it shall be entitled to such relief with effect from the commencement of such Force Majeure Event). The notice shall state the date on which the Force Majeure Event commenced and the effects of the Force Majeure Event on such party's ability to perform its obligations in accordance with the Contract, including an estimate of the period of the Force Majeure Event;
 - (iv) upon the request of the Clearing House, a party seeking relief under this Rule WWWWWW.15(a) shall promptly provide such other information as required by the Clearing House as soon as reasonably practicable to assist the Exchange in determining whether a Force Majeure Event has occurred. If a Force Majeure Event has occurred, neither party will be deemed in default in performance of its obligations under a Contract if such party was unable to perform its obligations as a direct result of the occurrence of such Force Majeure Event nor will any penalty or damages be payable if

and to the extent that performance of any obligation is hindered or prevented by a Force Majeure Event;

- (v) subject to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules from time to time in force of the Clearing House, if the Exchange determines under Rule WWWW.15(a)(iv) that a Force Majeure Event delays, hinders or prevents a party from performing any obligation under a Contract for a period of at least five business days beyond the time limit fixed in or under the Contract any lot or part thereof not delivered to the Buyer shall be the subject of cash settlement at a price to be fixed by the Exchange in consultation with the Clearing House in their absolute discretion. Such price shall be binding on the parties.
- (b) At any time from the time of tender on the Tender Date and in respect of circumstances or events which occur after such time:
 - (i) should ice in a port, war, strikes, rebellion, insurrection, political or labour disturbances, civil commotion, fire, stress of weather, Act of God or any cause of force majeure (whether or not of like kind to those before mentioned) beyond the Seller's control prevent directly or indirectly within the delivery period specified in the Contract, the supply to or delivery at a port listed pursuant to Rule WWWW.2(a) in whole or in part of the sugar tendered by the Seller against the Contract, the Seller shall immediately notify the Clearing House of such fact and the quantity so affected. If the Seller is prevented from advising the Clearing House immediately through circumstances beyond his control he shall notify the Clearing House as soon as possible;
 - (ii) upon giving such notice, the delivery period for the affected quantity shall be extended as follows:
 - (A) where the Force Majeure Event(s) prevents performance for up to three days, the delivery period shall be extended by seven days;
 - (B) where such Force Majeure Event(s) prevents performance for more than three days, the delivery period shall be extended by forty-five days.
 - (iii) the Seller shall notify the Clearing House immediately that the Force Majeure Event(s) terminates. If delivery is still prevented at the end of the forty-five day extended delivery period, the contractual rights and obligations of the parties shall be cancelled, save only that the Exchange shall immediately fix a price for invoicing back and the quantity of sugar affected shall be invoiced back to the relevant party at that price. The price fixed may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider, on the evidence before it, should be paid by either party to the other. No dispute as to the invoicing back price may be referred to arbitration;
 - (iv) should the Buyer be prevented from accepting delivery of the whole or part of the sugar within the delivery period by reason or loss or delay of the nominated vessel(s) due to ice in a port, war, strikes, rebellion, insurrection, political or labour disturbances, civil commotion, fire, stress of weather, Act of God or any cause of force majeure (whether or not of like kind to those before mentioned) beyond the Buyer's control, the Buyer shall immediately notify the Clearing House of such fact and of the quantity so affected;
 - (v) if the Buyer is prevented from advising the Clearing House immediately through circumstances beyond his control he shall notify the Clearing House as soon as possible. Upon giving such notice, the delivery period for the affected quantity shall be extended, without extra charge to the Buyer as follows:
 - (A) where the Force Majeure Event(s) prevents the Buyer from accepting delivery for up to three days, the delivery period shall be extended by seven days;

- (B) where such event(s) prevents the Buyer from accepting delivery for more than three days, the delivery period shall be extended by forty-five days;
- (vi) the Buyer shall notify the Seller immediately that the Force Majeure Event(s) terminates. If the Buyer is still prevented from accepting delivery at the end of the forty-five day extended contract delivery period, the contractual rights and obligations of the parties shall be cancelled, save only that the Exchange shall immediately fix a price for invoicing back and the quantity of sugar affected shall be invoiced back to the relevant party at that price. The price fixed may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider, on the evidence before it, should be paid by either party to the other. No dispute as to the invoicing back price may be referred to arbitration;
- (vii) if performance of the contract is prevented by a Force Majeure Event more than once during the delivery period (as extended in accordance with these Contract Rules) the provision of these Contract Rules shall apply to each such event. However, in no circumstances shall that delivery period be extended for more than forty-five days;
- (viii) these provisions shall apply notwithstanding the occurrence of events which would otherwise frustrate the Contract;
- (ix) the party claiming force majeure shall within fourteen days from the initial notification of the facts relied upon deliver to the Clearing House evidence of the existence of those facts. If evidence is not delivered in accordance with this provision, the right to invoke force majeure shall be forfeited unless an arbitration tribunal in its absolute discretion decides otherwise.

WWWWWWW.16 ARBITRATION

Any dispute arising out of a Contract and before the time of tender on the Tender Day shall (subject to Rules WWWWWW.14, WWWWWW.15(b)(iii) and (vi) and WWWWWW.18(c) to the extent that they apply) be subject to Rule I.7 and the Arbitration Rules at Section H. A dispute arising at or after the time of tender on the Tender Day shall be referred to arbitration in accordance with Rule WWWWWW.18(c).

WWWWWWW.17 [NOT USED]

WWWWWWW.18 ADOPTED RULES

- (a) From the time of tender on the Tender Day a Contract shall be subject to the RSA Rules, except where otherwise stated in these Contract Rules or the Administrative Procedures.
- (b) Subject to Rule WWWWWW.18(d), to the extent that the Adopted Rules are inconsistent with these Contract Rules and the Administrative Procedures, the Adopted Rules shall prevail.
- (c) All disputes arising at or after the time of tender on the Tender Day shall be referred to the Council of the Refined Sugar Association for settlement in accordance with the Association's Rules Relating to Arbitration, subject always (where the Clearing House is a party) to the Clearing House being entitled to call upon a Clearing Member of the Clearing House who is a Buyer, and a Clearing Member of the Clearing House who is a Seller, to conduct the arbitration between them in accordance with the Clearing House Rules.
- (d) Rules WWWWWW.2, 11, 12 and 15 and the Administrative Procedures shall prevail over the provisions of the Adopted Rules.

WWWWWWW.19 [NOT USED]

WWWWWWW.20 [NOT USED]

WWWWWWW.21 STATEMENT IN RELATION TO THE TENDER PROCESS

- (a) The Exchange draws the following statement to the attention of potential users of the ICE Futures Containerised White Sugar Futures Contract. Members should ensure that their clients are made aware of the statement.

“Statement in relation to the Tender Process

Potential users of the ICE Futures Containerised White Sugar Futures Contract should familiarise themselves with the relevant Contract Rules and Administrative Procedures. Amongst other things, potential users should be aware that the objective of the tender process for the ICE Futures Containerised White Sugar Futures Contract is to seek to ensure that, to the extent possible, no less than a total of 80 lots of sugar will be tendered for delivery at a port included on the list of Container Ports from time to time published by the Exchange by notice posted on the Market.

In order to seek to achieve that objective, the Clearing House will reject, in accordance with the Contract Rules, a Seller’s Delivery Notification which relates to a port for which tenders of less than 80 lots in aggregate have been received. In such case, such Seller will be provided with an opportunity to re-tender at a port included on the list of ports from time to time published by the Exchange by notice posted on the Market, where, in aggregate, a minimum of 80 lots will be tendered. If the Seller’s revised tender is not in respect of such a port, such Seller will be required to deliver the sugar in a port or ports prescribed by the Clearing House. Accordingly, Sellers should note that they may be required to make delivery from a port other than their preferred port.

Potential users should also be aware that, notwithstanding the objective of the tender process, where the aggregate of all tenders is less than 80 lots, the Buyers will be required to take delivery of such lots of sugar from a single port.”

SECTION XXXXXX - PROCEDURES: ICE FUTURES
CONTAINERISED WHITE SUGAR FUTURES CONTRACT

XXXXXXX.1	Interpretation
XXXXXXX.2	Timetable
XXXXXXX.3	Delivery

XXXXXX.1 INTERPRETATION

All defined terms in Rule WWWWWW shall apply to this Rule XXXXXX.

XXXXXX.2 TIMETABLE

Last Trading Day

At 17.55 hours Trading in the Contract delivery month shall cease.

After 17.55 hours The Exchange will publish the EDSP. The EDSP will be determined in accordance with Rule WWWWWW.5. The prices, offers or bids used for the calculation of the EDSP pursuant to Rule WWWWWW.5(a) shall be those during the one minute period immediately preceding cessation of trading.

Tender Day (Last Trading Day + 1 business day)

By 10.30 hours Remaining open positions automatically become delivery contracts.

Sellers give the Seller's Delivery Notifications via Guardian, instigating delivery, to the Exchange and Clearing House in accordance with these Administrative Procedures. Sellers must declare the Stuffing Rate as the tonnage to be stuffed in each ISO Container delivered. The stuffing rate must be whole metric tonnes per ISO Container, and must be the rate that is customary for the port(s) of loading.

The total number of full ISO Containers to be delivered will be calculated as the contractual tonnage divided by the Stuffing Rate, and will be rounded up or down, at the Seller's option, to an exact number of ISO Containers.

By 11.00 hours Where any Sellers have submitted Sellers' Delivery Notifications in respect of a Non-Qualifying Container Port or Ports, the Clearing House shall take the steps specified in Rule WWWWWW.9(d) and shall notify such Insufficient Seller(s) that the Sellers' Delivery Notifications should be revised in accordance with Rule WWWWWW.9(e).

By 13.00 hours Any Insufficient Sellers give in accordance with Rule WWWWWW.9(e) revised Seller's Delivery Notifications to the Exchange and Clearing House. If the Insufficient Sellers have not given the revised Seller's Delivery Notifications by 13.00 hours, the Clearing House will determine in accordance with Rule WWWWWW the port from which tenders will be made.

By 14.00 hours Where Sellers' Delivery Notifications continue to be made in respect of Non-Qualifying Container Port(s), the Clearing House will determine in accordance with Rules WWWWWW.9(f) to (h), the port from which tenders will be made and will notify the Insufficient Seller(s) of the port at which their tender(s) shall take place.

Sugar allocated to Buyers by the Clearing House.

The Clearing House via Guardian makes available to the Seller the identity of the Buyer and to the Buyer the identity of the Seller

Any business day from and including the tender day to the last day of the delivery period

By 16:00 The Buyer or the Seller may inform the Exchange and Clearing House via Guardian that the sugar is to be taken off market and settled in accordance with Rule WWWWWW.7(l).

Tender Day + 1 business day

By 9.00 hours All payments required by Rule WWWWWW.6(a) to be made by the Buyer and the Seller shall have been completed.

By 12.00 hours Buyers may, with the consent of the Clearing House, exchange with one another, via Guardian, the sugar allocated to them by the Clearing House.

Delivery Day(s) – 14 calendar days

By 16.00 hours Buyer informs Seller, the Exchange and the Clearing House via Guardian of the booking number/reference for delivery (the “Buyer’s Nomination”). The booking reference shall clearly indicate, at a minimum, the name of the vessel(s), the location(s) of the depots of the shipping line from which empty ISO Containers are to be collected by the Seller (which must be customary for the port of loading) and the opening and closing container stack dates of the loading terminal in respect of the nominated vessel(s). The Buyer shall also provide to the Seller the relevant contact details of the shipping line and the loading terminal.

Where the Seller is acting for more than one principal, the Seller must allocate the Buyer’s Nomination to its various principals on a pro rata basis, unless otherwise agreed between the Seller and the principals.

Delivery Day(s) – 13 calendar days

By 16.00 hours Seller informs Buyer of the location(s) where the stuffing of the sugar into ISO Containers is to take place.

Document Notice Day

By 12.00 hours Seller gives notice to the Exchange and Clearing House via Guardian of presentation of documents.

Settlement Day

By 9.00 hours The Clearing House debits the Buyer’s account in ECS.

By 10.00 hours Seller lodges the delivery documents specified in Rule WWWWWW.7(a) with the Clearing House.

As soon as possible The Clearing House advises Buyer that documents are after 10.00 hours available to take up. The Buyer collects the delivery documents from the Clearing House.

By 14.00 hours In the event that the Buyer wishes to reject the delivery documents, they shall inform the Exchange and Clearing House

via Guardian and shall immediately provide a written explanation for the rejection of the documents as required by Rule WWWWW.7(d). The Buyer shall return all the original documents to the Clearing House at the Buyer's expense by 15.00 hours.

After 14.00 hours

The Clearing House shall notify the Seller in the event that the Buyer has rejected the documents, and shall advise the Seller that the original documents shall be held at their disposal at the Clearing House for collection at the Seller's expense after 15.00 hours.

The Clearing House credits the Seller's account in ECS unless the documents have been rejected. If the documents have been rejected, the Clearing House credits back to the Buyer the sum debited earlier.

XXXXXX.3 DELIVERY

(a) Subject to Rule XXXXXX.3(c):

- (i) The Seller shall be responsible for all expenses pertaining to the collection of the ISO Containers from the depot identified by the buyer, the stuffing of the ISO Containers and the placing of the stuffed ISO Containers at the disposal of the carrier by delivering them to the container yard, including freight taxes and other taxes of any nature of the country of origin or loading.
- (ii) The Seller shall be responsible for ensuring that the walls and floor of each ISO Container are lined with kraft paper prior to stuffing. The cost of materials and labour shall be for the Seller's account.
- (iii) The tonnage per ISO Container must be the tonnage that is customary for the port(s) of loading.
- (iv) The Buyer shall be responsible for any costs at the Container Port of loading (including, but not limited to, box demurrage and yard storage) caused by vessel delays and/or substitutions, provided the Seller has duly and timely fulfilled their obligations with respect to the placing of the stuffed ISO Containers at the disposal of the carrier before the loading terminal container stack closing date and has completed customs and documentation formalities.
- (v) The Seller is responsible for all costs and consequences (including, but not limited to, box demurrage/detention, yard storage/ground rent and dead freight) if the loaded ISO Containers are not placed at the disposal of the carrier before the loading terminal container stack closing date and/or the customs and documentation formalities are not completed.
- (vi) The Buyer shall release to the Seller the required number of suitable empty ISO Containers at the clearly identified container depot in sufficient time to allow loading to take place.
- (vii) The Seller may require a full seven (7) calendar days between the availability of the empty ISO Containers and the container stack closing date.
- (viii) In each and any week of the delivery period,

- (A) the Seller must be ready to stuff into ISO Containers and deliver to the container yard a minimum of one quarter of the sugar allocated to the Buyer from the Seller's Delivery Notification; and
 - (B) The Buyer may request, but may not require the stuffing into ISO Containers and delivery to the container yard of more than one-quarter of the sugar allocated to the Buyer from the Seller's Delivery Notification.
- (ix) The minimum shipment size shall be ten ISO Containers, except in the case of the final shipment required to complete a tender.
- (x) Where a Seller rejects any ISO Container on grounds of construction, lack of cleanliness, odour or suitability for carrying sugar, the Buyer has the option to declare, in writing, that such ISO Container presented for stuffing complies in all respects with the requirements of the Contract, and that the Seller is not entitled to reject it on those grounds. The Buyer is responsible for all costs and consequences of such a declaration.
- (xi) Where a Seller rejects any ISO Container and the Buyer has not exercised its option to make a declaration in accordance with XXXXXX.3(a)(x), all costs and consequences incurred in the removal and replacement of the relevant ISO Container will be for the account of the Buyer.
- (xii) Where the custom of the port of loading requires the Buyer to identify the shipper when arranging freight, the Seller must do so within twenty-four (24) hours of a written request from the Buyer.
- (b)
 - (i) Subject to Rule WWWWWW.2(b), the Seller shall ensure that the Container Port at which the sugar is to be delivered shall:
 - (A) be served by regular container liner vessels and have adequate facilities for loading ISO Containers onto liner vessels.
 - (B) Where stuffing of ISO Containers is required to take place in the port area, have storage and transport facilities close to the loading berth, to allow for uninterrupted stuffing of sugar into the ISO Containers;
 - (C) have sampling facilities to allow independent supervision companies to operate unimpeded in accordance with these Administrative Procedures; and
 - (D) have access for independent supervision companies to ensure compliance with these Administrative Procedures.
 - (c) Rule 5 of the RSA Rules shall not apply to Contracts, except where express provision is made for its application in Rule WWWWWW and these Administrative Procedures. In the event of a conflict between Procedures XXXXXX.3(d) to (h) inclusive and Rule 6 of the RSA Rules, these Procedures shall prevail.
 - (d)
 - (i) The Seller shall, at its own expense, appoint an internationally recognised independent or, with the written consent of the Buyer, a state supervision firm ("the Seller's Supervisor") to supervise and inspect the stuffing of the sugar into ISO Containers to be delivered to the container yard for onward transportation to the Buyer. Such appointment shall be made not less than two local business days prior to the Seller commencing stuffing of the sugar. The Seller shall upon the

appointment of the Seller's Supervisor
immediately notify the Buyer of such
appointment.

- (ii) The Buyer may, at his own expense, appoint an internationally recognised independent or, with the written consent of the Seller, a state supervision firm ("the Buyer's Supervisor") to supervise and inspect the stuffing of the sugar to be delivered to the Buyer in conjunction with the Seller's Supervisor. The Buyer shall notify the Seller of the appointment of the Buyer's Supervisor prior to the Seller commencing to stuff the sugar into ISO Containers.
- (iii) (A) If the Buyer has appointed a supervisor in accordance with Rule XXXXXX.3(d)(ii), the Buyer's Supervisor and the Seller's Supervisor shall jointly supervise and inspect the stuffing of the sugar into ISO Containers in accordance with Rule XXXXXX.3(e).

(B) If the Buyer has not appointed a supervisor, the Seller's Supervisor shall supervise and inspect the stuffing of the sugar into ISO Containers in accordance with Rule XXXXXX.3(f).
- (e) The Buyer's Supervisor (where one has been appointed) and the Seller's Supervisor (jointly referred to as "the Supervisors") shall comply with the following procedures:
 - (i) the Supervisors shall comply with Rules 5(i) to (iv) of the RSA Rules;
 - (ii) the Supervisors shall jointly take a composite sample of the sugar to be delivered under a Contract, part of which shall be divided into three equal parts with any remaining part of the sample being utilised or disposed of as may be agreed between the Supervisors. Each of the three equal parts shall be placed in a separate, new, clean and suitable container, with a seal which only breaks upon opening and which ensures that such container remains airtight until re-opened. Each container shall, in the presence of the Supervisors, be sealed and marked with the booking number/reference, loading port, date and location of sampling, shipping marks and names of each of the Supervisors. The Seller's Supervisor shall retain one such part of the sample and the Buyer's Supervisor shall retain the other two such parts. Each sample container shall remain sealed until delivery to an analytical chemist in accordance with these Administrative Procedures;
 - (iii) prior to the sugar being stuffed into ISO Containers, either Supervisor may object to the suitability of the ISO Containers, the condition of the sugar and/or packing or weight of the bags, provided that he shall immediately notify the other Supervisor, and each Supervisor shall notify his Buyer or Seller, as the case may be, of the objection. The Buyer or Seller shall promptly notify the Exchange and Clearing House of such objection;
 - (iv) upon the ISO Container having been stuffed with sugar to be delivered under a Contract, the Seller's Supervisor shall issue a certificate of weight, packing and quality ("the Supervisors' Certificate") in respect of such sugar, provided that the packing or weight of the bags or quality of the sugar is either not disputed by the Buyer or if disputed by the Buyer, such dispute has been resolved prior to the issue of the Supervisors' Certificate. The Supervisors' Certificate shall include, without limit, the polarisation, moisture and colour of the sugar, as well as the net weight of the sugar and tare weight of the packaging. A copy of the Supervisors' Certificate shall be promptly provided by the Seller to the Buyer. If the Buyer does not notify the Seller and the Clearing House of a dispute under either Rule XXXXXX.3(e)(iii) or (v) or, if a dispute is notified by the Buyer, such

dispute has been resolved prior to the issue of the Supervisors' Certificate, the Supervisors' Certificate shall be conclusive evidence as to the weight, packing and quality of the sugar, in the absence of fraud or manifest error. If the Buyer disputes:

- (A) the weight or packing of the sugar under Rule XXXXXX.3(e)(iii) and such dispute remains unresolved, then the Supervisors' Certificate shall be prima facie evidence, and not conclusive evidence, as to the weight or packing of the sugar which is in dispute; or
 - (B) the quality of the sugar under Rule XXXXXX.3(e)(iii) or (v) and such dispute remains unresolved, then the Supervisors' Certificate shall be disregarded as conclusive evidence as to the quality of such sugar and any Chemist's Certificate issued under Rule XXXXXX.3(e)(x) shall apply, provided that if a Chemist's Certificate is not issued under Rule XXXXXX.3(e)(x), the Supervisors' Certificate shall be regarded as prima facie evidence of the quality of such sugar;
- (v) the Buyer may dispute the quality of the sugar to be delivered under a Contract provided that he has notified the Seller of the nature of the objection no later than two working days after either such sugar has been stuffed into ISO Containers or receipt of the Supervisors' Certificate, whichever is the later. The Buyer shall promptly notify the Exchange and Clearing House of such dispute, providing details of the ISO Containers, including booking number/reference, loading port, date of sampling, shipping marks and the name of the Buyer, Seller and each Supervisor;
 - (vi) if the Buyer has notified the Clearing House of a dispute in respect of the quality of the sugar in accordance with Rule XXXXXX.3(e)(v), the Buyer shall instruct the Buyer's Supervisor to send promptly by air courier the part of the sample held by the Buyer's Supervisor, as defined in Rule XXXXXX.3(e)(ii), directly to the Clearing House. The Buyer shall be responsible for ensuring that a sample is cleared by HM Revenue and Customs;
 - (vii) subject to Rule XXXXXX.3(e)(viii), the Clearing House shall deliver the sample which it receives at its premises from either Supervisor to an analytical chemist approved by the Clearing House and contained in a list published by the Clearing House from time to time by notice. The Clearing House shall provide the analytical chemist with details of the relevant ISO Container(s), including booking number/reference, loading port, date and location of sampling, shipping marks and the name of the Buyer, Seller and each Supervisor, as notified to the Clearing House under Rule XXXXXX.3(e)(v). The analytical chemist shall analyse the sample in accordance with Rule XXXXXX.3(e)(x);
 - (viii) if the Clearing House receives a sample which has a broken seal then the Clearing House shall, in its absolute discretion, determine whether to deliver such sample to the analytical chemist for analysis. If the Clearing House, in its absolute discretion, rejects the sample, it will notify the Buyer and the Seller that the sample arrived with a broken seal;
 - (ix) immediately upon receiving a notification from the Clearing House under Rule XXXXXX.3(e)(viii):
 - (A) if the sample is the first sample sent by the Buyer's Supervisor, the Seller shall instruct the Seller's Supervisor to send promptly by air courier the part of the sample held by it, as defined in Rule XXXXXX.3(e)(ii), directly to

- the Clearing House on the same terms as Rule XXXXXX.3(e)(vi) and the Clearing House shall deliver such further sample to the analytical chemist in accordance with Rule XXXXXX.3(e)(vii) and (viii);
- (B) if the sample is the second sample, sent by the Seller's Supervisor, the Buyer shall instruct the Buyer's Supervisor to send promptly by air courier the other part of the sample held by it directly to the Clearing House on the same terms as Rule XXXXXX.3(e)(vi) and the Clearing House shall deliver such further sample to the analytical chemist in accordance with Rule XXXXXX.3(e)(vii) and (viii); and
- (C) if the sample is the third sample, sent by the Buyer's Supervisor, the Supervisors' Certificate shall be prima facie evidence as to the quality of the sugar;
- (x) the analytical chemist shall analyse the sample in accordance with internationally recognised methods for sugar analysis and any methods established from time to time by ICUMSA to establish whether such sample meets the quality requirements of the sugar under Rule WWWW.2(a). The analytical chemist shall issue a certificate as to the quality of the sugar a copy of which shall be immediately provided to each of the Seller and the Buyer ("the Chemist's Certificate"). The Chemist's Certificate shall be conclusive evidence as to the quality of the sugar, in the absence of fraud or manifest error; and
- (xi) the Buyer shall pay all costs and expenses relating to or arising out of any sample sent by a Supervisor, and the analysis of a sample by an analytical chemist, in accordance with this Rule XXXXXX.3(e), (including, but not limited to, transportation, excise duty, import duty or other charges levied by customs at the port of export or import, analysis and certification costs in relation to such sample). If the Chemist's Certificate is in favour of the Buyer, then the Seller shall indemnify the Buyer in relation to any such costs and expenses.
- (f) The Seller's Supervisor shall comply with the following procedures:
- (i) the Supervisor shall comply with Rules 5(i) to (iv) of the RSA Rules; and
- (ii) the Seller's Supervisor shall issue a certificate of weight, packing and quality (including, without limit, the polarisation, moisture and colour of the sugar) a copy of which shall be promptly provided to the Seller ("the Seller's Certificate"). The Seller's Certificate shall be prima facie evidence as to the weight, packing and quality of the sugar.
- (g) The Exchange or Clearing House shall not be liable in respect of any cost, loss, damage, claim or expense of any nature suffered or incurred by any person for: the performance or non-performance of any analytical chemist which the Clearing House approves; any determination, act or omission of the Exchange or Clearing House, their officers, employees, agents or representatives in respect of a delivery or failure to deliver any sample, or the details relating to a sample, to the analytical chemist; or from any other act or omission of the Exchange or Clearing House, their officers, employees, agents or representatives in respect of the Seller, Buyer or a Supervisor performing or failing to perform its obligations at any Container Port listed by the Clearing House from time to time.
- (h) If either party has a claim, or wishes to bring a claim, as to the quality, weight or packing of the sugar arising out of any provision of Rules XXXXXX.3(c) to (f), it may refer such

claim to arbitration in accordance with Rule
WWWWW and these Administrative Procedures.

⁵¹ Inserted 5 December 2011, 29 January 2014

SECTION 0: DEFINITIONS⁵²

In these Trading Procedures, the words standing in the first column of the following table shall bear the meanings set opposite them in the second column thereof, if not inconsistent with the subject or context:-

WORDS	MEANINGS
"Bond Futures Contract"	a contract containing the terms set out in any of Sections RRRR, TTTT or VVVV of the Contract Rules and or any other contract determined to be a Bond Futures Contract by the Directors from time to time;
"Closing Prices"	means the prices determined in accordance with Trading Procedure 2.5A for designated Futures Contracts;
"Equity Index Futures Contract"	a contract containing the terms set out in any of Sections CCCCCC, EEEEE, GGGGGG, IIIII, KKKKKK, MMMMMM or OOOOOO of the Contract Rules and or any other contract determined to be an Equity Index Futures Contract by the Directors from time to time;
"Eris Futures Contract"	a contract containing the terms set out in Sections QQQQQQ or SSSSSS of the Contract Rules and or any other contract determined to be an Eris Futures Contract by the Directors from time to time;
"Euro Swapnote® Futures Contract"	a contract containing the terms set out in Section XXXX of the Contract Rules and or any other contract determined to be a Euro Swapnote® Futures Contract by the Directors from time to time;
"Exchange Delivery Settlement Price"	means the prices determined by the Exchange in accordance with Trading Procedure 2.4.11;
"Individual Equity Options Contract"	a contract containing the terms set out in Sections IIIII, KKKKK of the Contract Rules and or any other contract determined to be an Individual Equity Options Contract by the Directors from time to time;
"Official Settlement Price"	means the prices determined by the Exchange in accordance with Trading Procedure 2.4.11;
"RFQ"	means request for quote;
"Short Term Interest Rate Futures Contract"	a contract containing the terms set out in any of Sections NNNN, PPPP or GGGGG of the Contract Rules and/or any other contract determined to be a Short Term Interest Rate Futures Contract by the Directors from time to time;
"Soft Commodity EFP"	the meaning given in Trading Procedures 16B.1(a);
"Soft Commodity EFRP"	the meaning given in Trading Procedures 16B.1;
"Soft Commodity EFRP Facility"	the meaning given in Trading Procedures 16B.1;
"Soft Commodity EFS"	the meaning given in Trading Procedures 16B.1(b);
"Soft Commodity EOO"	the meaning given in Trading Procedures 16B.1(c);
"Soft Commodity Futures Contract"	a contract containing the terms set out in any of Sections EEEE, GGGG, IIII or KKKK of the Contract Rules and or any other contract determined to be a Soft Commodity Futures Contract by the Directors

⁵² Inserted 4 June 2014, 18 September 2014, 27 May 2015

	from time to time;
"Soft Commodity Options Contract"	a contract containing the terms set out in Section MMMM of the Contract Rules and or any other contract determined to be a Soft Commodity Options Contract by the Directors from time to time;
"Swapnote® Futures Contract"	a contract containing the terms set out in any of Sections XXXX, ZZZZ, BBBB or DDDD of the Contract Rules and or any other contract determined to be a Swapnote® Futures Contract by the Directors from time to time;
"Universal Stock Futures Contract"	a contract containing the terms set out in any of Sections QQQQ, SSSS or UUUU of the Contract Rules and or any other contract determined to be a Universal Stock Futures Contract by the Directors from time to time;
"Unofficial Settlement Price"	means the prices determined by the Exchange in accordance with Trading Procedures 2.4.4 to 2.4.11.

SECTION 1: TRADING

1. ACCESS TO THE ELECTRONIC TRADING SYSTEM⁵³

1.0 [DELETED]

1.1 Access by a Member to the ICE Platform may only be obtained during the hours determined by the Directors from time to time.

A Member shall not enter orders into or make trades through the ICE Platform for Emission Contracts unless the Member is the holder of an Emissions Trading Privilege.

1.2 A Member may access the Trading Server by using the front end application provided by the Exchange or by using, where available, any other front end application developed by the Member or provided by an ISV which meets all the conformance criteria determined by the Exchange from time to time.

1.2.1 A Member shall not enter orders into or make trades through the ICE Platform, or perform any supervisory role except through one or more individuals registered with the Exchange as Responsible Individuals pursuant to Trading Procedure 14.

1.2.2 Trading may also be conducted by other individuals within the Member, provided such individuals are suitable and adequately trained in accordance with Rule A.11(c). These individuals may only submit orders under the ITM (s) of a Responsible Individual registered to the Member and under his supervision.

1.2.3 Trading may also be conducted by a Member's clients (order routing) where access to the ICE Platform is granted by the Member to clients, provided the client orders are submitted under an ITM assigned to a Responsible Individual and under the relevant Responsible Individual's supervision.

1.3 In order to gain access to the ICE Platform for the purpose of entering an order, making a trade or performing a supervisory role, a Responsible Individual must:

- (a) be registered by a Member with the Exchange as a Responsible Individual;

⁵³ Amended 23 September 2003, 22 April 2005, 29 March 2006, 27 April 2006, Launch of ICE Clear 2008

- (b) use the ITM, log on and password allocated to him by the Exchange;
- (c) be able to obtain the use of his Member's ICE Platform workstation and to enter orders, make trades or perform a supervisory role in accordance with the ICE Platform User Guide or where the Member uses any other front end application in accordance with that front end application user guide;
- (d) be registered by the appropriate regulatory organisation if applicable.

1.4 [Deleted 27 April 2006]

1.5 A Member shall:

- (a) establish its trading arrangements such that each Responsible Individual is able to meet the requirements set out in Trading Procedure 1A and that all other relevant obligations contained in the Regulations and these Trading Procedures are complied with;
- (b) implement suitable security measures such that only those individuals explicitly authorised to trade by the Member may gain access to passwords;
- (c) keep the Exchange promptly informed of anything concerning the Responsible Individual which might reasonably be expected to be disclosed to the Exchange. This duty shall arise as soon as the Member becomes aware, or has reasonable grounds for believing, that a matter requiring disclosure has arisen;
- (d) ensure that any trading access granted to individuals (whether staff of the Member or otherwise), for example by way of order routing systems, is adequately controlled and supervised, including the ability to make appropriate checks before any orders are submitted to the Trading Server; and
- (e) register with the Exchange, in accordance with Exchange requirements from time to time in force, any front end application or order routing system intended to be used in respect of Exchange business and only operate such front end application or order routing system which complies with Exchange Conformance criteria with the prior written approval of the Exchange, in respect of business conducted on the ICE Platform.

1.6 A Member who has access restricted to view price data only, may access the ICE Platform through individuals who are not Responsible Individuals.

1A THE RESPONSIBLE INDIVIDUAL⁵⁴

1A.1 A Responsible Individual may trade himself and/or be a trading supervisor.

1A.1.1 [Deleted 27 April 2006]

1A.1.2 [Deleted 27 April 2006]

1A.2 Trading may also be conducted by other individuals within the Member, at the discretion of the Member, provided such individuals are fit and proper, suitable and adequately trained in accordance with Rule A.11(c). These individuals may only submit orders under the ITM(s) of a Responsible Individual registered to the Member, and under his supervision.

1A.3 Where access to the ICE Platform is granted by the Member to clients (order routing) the Member must ensure that client orders are submitted under an ITM assigned to a Responsible Individual and under the relevant Responsible Individual's supervision.

1A.4 A Responsible Individual must:

⁵⁴ Amended 29 March 2006, 27 April 2006, Launch of ICE Clear 2008

- (a) pursuant to Rule A.11(c), be adequately trained and fully conversant with the Exchange Regulations, Contract Rules and Trading Procedures;
- (b) be assigned at least one ITM, and a valid password for each, by the Exchange; and
- (c) pursuant to Trading Procedure 3.1.4, conduct all telephone conversations on audio logged lines.

1A.5 [Deleted 27 April 2006.]

1A.6 In the normal course of events, the Exchange will direct all queries in relation to business submitted under his ITM(s) to the Responsible Individual concerned, whether or not the business was actually input directly by him. In this respect, the Responsible Individual must:

- (a) have the authority to adjust or withdraw any orders submitted under his ITM(s);
- (b) satisfy himself of the competence, fitness and properness and suitability of any person conducting business under his ITM(s);
- (c) ensure, as far as possible, that all business conducted under his ITM(s) is conducted in accordance with the Regulations; and
- (d) know, and be willing to disclose to the Exchange, the immediate source of all orders.

- 1A.7
- (a) Subject to (b) below, the Responsible Individual must be contactable by the Exchange while his ITM(s) is/are in use.
 - (b) When a Responsible Individual is absent, and therefore not contactable, yet his ITM(s) is/are to continue to be used, the Member must nominate another Responsible Individual to fulfil his role in respect of the relevant ITM(s).

2. TRADING

2.1 Pre-Trading Session for Contracts other than Options Contracts⁵⁵

Prior to commencement of a trading session for a Contract for such period as may be specified by the Exchange, a Member may enter new limit orders into, and may vary or cancel such orders, in the order book held on the ICE Platform workstation. Market orders may not be entered during this pre-trading session.

All limit orders which are designated as active are included in the opening match at the end of the pre-trading session.

Throughout the pre-open session for a Contract, an uncrossing algorithm will run at such periods as determined by the Exchange, and will provide volume and indicative opening prices to all workstations of individuals logged on at that time.

Reasonability checks are performed on such Contracts as designated by the Exchange during this period.

2.1A Opening Match for Contracts other than Options Contracts⁵⁶

After the termination of the pre-trading session and before the commencement of the trading session there will be a transitory state known as the opening match. During the opening match all outright limit orders input and designated as active during the pre-trading session become active and, where appropriate, trades will result.

⁵⁵ Amended 22 December 2003, 29 March 2006, 03 July 2015

⁵⁶ Amended 22 December 2003

The price level and quantity of Contracts traded during the opening match are determined by an algorithm determined by the Exchange from time to time. No new orders may be input during the opening match.

2.2 Commencement of a Trading Session⁵⁷

- 2.2.1 The commencement of a trading session for a Contract will be indicated by the display of the 'open' indicator in accordance with the ICE Platform User Guide or user guide of any front end application used by the Member.

2.3 Termination of a Trading Session⁵⁸

- 2.3.1 The termination of a trading session for a Contract will be indicated by the display of the 'closed' indicator in accordance with the ICE Platform User Guide or user guide of any front end application used by the Member. No further orders can be entered or trades made until the commencement of the next pre-trading or trading session for such Contract as the case may be.

2.3A Reasonability limits for Contracts other than Options Contracts⁵⁹

The Exchange shall set and may vary a reasonability limit within the Trading Server for each contract beyond which the Trading Server will not execute limit or market orders. The reasonability limit is the amount the price may change in one trading sequence from the last traded price of that contract month, or from a price determined by an algorithm in the Trading Server.

An order placed that is outside of the reasonability limit shall be rejected by the ICE Platform in full.

2.4 Determination of Settlement and Marker Prices⁶⁰

- 2.4.1 The Exchange shall determine Unofficial Settlement Prices for all Contracts in accordance with the settlement price procedures in this Trading Procedure 2.4. The Exchange may, in its absolute discretion, exclude trades from the calculation of Unofficial Settlement Prices if it considers it to be in the best interests of the Market to do so.
- 2.4.2 Marker prices shall be determined by the Exchange in accordance with the Marker Price Procedures set out in Trading Procedure 2.4.12-2.4.19. The Exchange may, in its absolute discretion, exclude trades from the calculation of marker prices if it considers it to be in the best interests of the Market to do so.
- 2.4.3 Prices of EFP, EFS, Block Trades, Basis Trades, Soft Commodity EFRPs, Asset Allocations and leg prices from spread trades ("S"), crack trades ("C") and Volatility trades ("V") will not be used to determine the Unofficial Settlement Prices nor the marker prices.

Settlement Price Procedures

- 2.4.4 The Unofficial Settlement Prices for each Contract, excluding designated stock futures and index futures and Eris Futures Contracts, will be determined from trades made during such period of time (the "designated settlement period") as may be specified by the Exchange from time to time.

In determining whether the Unofficial Settlement Prices for Contracts are an accurate reflection of prevailing values the Exchange shall take into account:

- (a) the number of lots and prices traded on the ICE Platform during the designated settlement period;

⁵⁷ Amended 29 March 2006

⁵⁸ Amended 29 March 2006

⁵⁹ Amended 22 December 2003, 14 March 2014, 4 June 2014

⁶⁰ Amended 21 October 2004, 8 April 2005, 22 April 2005, 7 December 2005, 29 March 2006, 21 April 2006, 12 May 2006, 17 July 2006, 21 May, 2007, 4 December 2008, 6 October 2011, 10 April 2012, 4 June 2014, 3 September 2014, 18 September 2014, 17 March 2015, 27 May 2015, 28 May 2015, 3 June 2016

- (b) the price and volume of bids and offers made during the designated settlement period;
- (c) the conduct of trading during the designated settlement period;
- (d) observed and reported values of calendar spreads;
- (e) any other factor the Exchange, in its absolute discretion, considers relevant;

and may, in its absolute discretion, disregard any trades, bids or offers in setting the Unofficial Settlement Prices.

2.4.5 In determining the Unofficial Settlement Prices for Options Contracts, the Exchange shall take into account any one or more of the following:

- (a) any trades in the contract month during the course of the Trading Day whether outright or strategy trades;
- (b) any bids or offers in the contract month during the day whether for strategies or otherwise;
- (c) any trades, bids, or offers in the designated settlement period of trading;
- (d) assessment of the relevant strategies of previous Trading Days;
- (e) the implied volatility of any traded series during the day;
- (f) any other factors they may consider relevant;

and may, in its absolute discretion, disregard any trades, bids or offers in setting the Unofficial Settlement Prices.

2.4.5A The Unofficial Settlement Prices for designated stock futures and index futures will be determined by the official closing price method. A list of designated stock futures and index futures will be specified by the Exchange by notice posted on the Market. In respect of the official closing price method, the Unofficial Settlement Price shall be determined by a fair value calculation using the official daily closing price of the company security or the index of such securities (as the case may be) established by the relevant stock exchange. Where such official daily closing price is not available, the Exchange shall determine the Unofficial Settlement Price, at its absolute discretion, on the basis of a fair value calculation which is consistent with cash market values of the shares the subject of such Contract.

2.4.5B The Unofficial Settlement Prices for Eris Futures Contracts will be determined in accordance with the provisions of the Contract Rules concerning daily settlement prices.

2.4.6 The Unofficial Settlement Price for Contracts (other than those which are the subject of Trading Procedure 2.4.5A or Trading Procedure 2.4.5B) shall be:

- (a) For the designated anchor expiry, the trade weighted average, as detailed in Trading Procedure 2.4.19, of all trades executed in the designated settlement period, subject to Trading Procedure 2.4.6(c) below. The designated anchor expiry shall be the qualifying contract expiry (which for these purposes shall include both contract months and contract dates) which has traded the highest volume in the designated settlement period, provided that the volume traded during the designated settlement period is equal to or exceeds a level determined by the Exchange from time to time. In the event that no qualifying contract expiry meets this threshold, Unofficial Settlement Prices shall be determined as described in Trading Procedure 2.4.5(b) below. Qualifying contract expiries are further explained below.
 - i. For ICE Brent, ICE Low Sulphur Gasoil and ICE UK Natural Gas Futures Contracts, qualifying contract expiries are the first two expiries.
 - ii. For ICE Emission Futures Contracts, qualifying contract expiries are the first two December expiries.
 - iii. For ICE Interest Rate Futures Contracts (excluding ERIS Futures Contracts) and ICE FTSE 100 and ICE FTSE 250 Index Futures Contracts, qualifying contract expiries will be the first four quarterly expiries.
 - iv. For ICE Soft Commodity Contracts, qualifying contract expiries will be the first six expiries.

- v. For all other Contracts, all expiries are qualifying contract expiries.
- (b) Unofficial Settlement Prices for Contracts other than the designated anchor expiry described in Trading Procedures 2.4.6(a) above, shall, at the discretion of the Exchange, and subject to Trading Procedure 2.4.6(c), be:
 - i. The trade weighted average price as detailed in Trading Procedure 2.4.19; or
 - ii. a price determined by applying prevailing spread values to the designated anchor expiry determined by the method outlined in Trading Procedure 2.4.6(a) above; or
 - iii. a Quoted Settlement Price ("QSP") which is an average of quoted prices for specific contract dates provided daily by market participants. QSPs may be used to interpolate Unofficial Settlement Prices for those contract dates for which no quoted prices are received from market participants or for which no bid or offer quotes are made; or
 - iv. a price determined by the Exchange taking account of bids and offers, spread values during the ICE Platform trading session or provided by market participants, activity in other Contracts or groups of Contracts, and/or in a related market, previous Trading Day's settlement prices, and/or other prices that are recorded by the Exchange or any other factors considered relevant.
- (c) If the prevailing bids and offers and trading activity throughout the day is such that using the prices determined in (a) or (b) above would undermine the integrity of the structure of the respective contract, the Exchange in accordance with Trading Procedure 2.4.5, may, at its discretion, choose to disregard any trades, bids and offers when setting the Unofficial Settlement Prices.
- (d) for Options Contracts; where no option trades are executed in the designated settlement period, or no option trade has taken place in a particular option series, the Exchange may apply Trading Procedure 2.4.8 below.

2.4.7 [Deleted May 2015]

2.4.8 In the event Trading Procedure 2.4.6(d) applies the Unofficial Settlement Prices for Options Contracts shall be determined at the discretion of the Exchange as either:

- (a) a price extrapolated from a pricing model (as approved by the Exchange from time to time) which may require the use of quotes provided by market participants; or
- (b) a price determined by the Exchange taking account of any of the criteria listed in Trading Procedures 2.4.4 and 2.4.5 above.

2.4.9 If the Exchange is satisfied that the Unofficial Settlement Prices so determined are an accurate reflection of prevailing values for all contract months, these shall be displayed on the ICE Platform as the Unofficial Settlement Prices.

2.4.10 If the Exchange is not satisfied that the Unofficial Settlement Prices so determined are an accurate reflection of prevailing values of one or more contract months, it may consult market participants (who may or may not be Members) and/or senior Exchange staff before the Unofficial Settlement Prices are displayed on the ICE Platform. The Exchange alone will make the final decision as to the determination of the Unofficial Settlement Prices.

2.4.11 After the display on the ICE Platform of the Unofficial Settlement Prices for a Contract, or the corrected Unofficial Settlement Prices amended in accordance with Trading Procedures 2.4.17 and 2.4.18, and within such a period of time as may be published by the Exchange from time to time, such prices shall be communicated to the Clearing House forthwith and shall become the Official Settlement Prices or Exchange Delivery Settlement Price for such Contract.

Marker Price Procedures

2.4.12 Marker prices for each Marker will be determined from trades made during such period of time (the "Marker Period") as may be specified by the Exchange from time to time.

In determining whether the marker price for each Marker is an accurate reflection of prevailing values the Exchange shall take into account:

- (a) the number of lots and prices traded on the ICE Platform during the Marker Period;
- (b) the price and volume of bids and offers made during the Marker Period;
- (c) during the conduct of trading the Marker Period; and
- (d) any other factor the Exchange, in its absolute discretion, considers relevant.

2.4.13 The marker price shall be:

- (a) where the total number of lots traded during the Marker Period is equal to or exceeds a level determined by the Exchange from time to time, the trade weighted average as detailed in Trading Procedure 2.4.19 below; or
- (b) where the total number of lots traded during the Marker Period is fewer than the level determined by the Exchange from time to time, the Exchange may take into account prevailing spread values.

2.4.14 If the Exchange is satisfied that the marker prices so determined are an accurate reflection of prevailing values for all marker months, these shall be published as the marker prices.

2.4.15 If the Exchange is not satisfied that the marker prices so determined are an accurate reflection of prevailing values of one or more marker months, it may consult market participants (who may or may not be Members) and/or senior Exchange staff before the marker prices are published. The Exchange alone will make the final decision as to the determination of the marker prices.

2.4.16 Subject to any objections or amendments made in accordance with Trading Procedures 2.4.17 and 2.4.18, the marker prices, as published, are final.

Settlement or Marker Price Objections and Amendments for all Contracts

2.4.17 Any objections to an Unofficial Settlement Price or marker price must be made to the Exchange within a specified time period (as may be determined by the Exchange from time to time) after publications or on display on the ICE Platform. Any objections will be settled forthwith by the Exchange (who may or may not be Members) and/or senior Exchange staff before confirming or amending the Unofficial Settlement Price or the marker price. The Exchange alone will make the final decision as to the determination of the Official Settlement Prices or Exchange Delivery Settlement Prices and the marker prices.

2.4.18 No amendment to an Official Settlement Price or Exchange Delivery Settlement Price or marker price may be made without the express approval of the compliance officer or the Head of Market Supervision, or any person or persons appropriately authorised.

Trade Weighted Average Calculation

2.4.19 The trade weighted average is calculated as follows:

- (a) multiply the number of trades at each price by that price;
- (b) add together the resulting aggregate figures;
- (c) divide the total from (b) by the total number of trades in (a);
- (d) round up or down to the nearest tick level (when exactly halfway, round up: e.g. \$592.375 would be rounded up to \$592.50).

Example: if 60 Contracts at \$592.25; 180 Contracts at \$594.00 and 40 ICE Futures Low Sulphur Gasoil Futures Contracts at \$594.25, then the trade weighted price will be \$593.66, which is then rounded up to \$593.75.

2.5 'Settlement' Trades⁶¹

- 2.5.1 The Exchange may determine from time to time those Contracts and contract months for which Members may execute trades at a settlement price determined by the Exchange or at a settlement (or closing) price provided by a price reporting agency (PRA) ('settlement trade'), and the trading hours of each contract during which Members may execute trades at the applicable settlement price.
- 2.5.2 The Exchange may also designate Contracts and contract months where Members may execute trades at a premium or discount to the settlement price determined by the Exchange or the settlement (or closing) price provided by a PRA, as applicable. When designating such Contracts and contract months the Exchange may limit the permissible trading range around the applicable settlement price within which trades may be executed. The Exchange may vary this trading range at any time with immediate effect.
- 2.5.3 Settlement trades are executed on the ICE Platform at a price of zero representing the settlement price. For those Contracts and contract months where it is permitted to trade at a premium or discount to the applicable settlement price, the price of such settlement trades will be prefixed by a plus or minus sign as appropriate. For example, settlement trades executed at +1cent will be at a premium of 1 cent to the settlement price while those executed at -1cent will be at a discount of 1 cent to the applicable settlement price.
- 2.5.4 Settlement trades appear in the ICE Systems with the previous Trading Day's settlement price as representing the settlement price for that Trading Day. These prices are replaced by the Exchange with the Official Settlement Prices or the settlement (or closing) price provided by the PRA, (as applicable) or Exchange Delivery Settlement Prices (once determined). In the event that the settlement (or closing) price provided by the PRA is not available, the price shall be replaced by the Exchange with the Official Settlement Price. Prices will be adjusted appropriately where a trade has been executed at a premium or discount to the applicable settlement price.
- 2.5.5 Members may not amend the price of a settlement trade.

2.5A Closing Prices for Designated Futures Contracts ⁶²

- 2.5A.1 Following market close, the Exchange will declare Closing Prices for designated Futures Contracts, which will be determined by the ICE Platform, during the last thirty seconds of trading (known as the Closing Range). However, the Exchange will also monitor market activity in the time period after calculation of settlement prices, and indeed throughout the Trading Day, and may correct or amend Closing Prices, to ensure they are a fair reflection of the market. The Exchange shall designate by notice posted on the Market those Futures Contracts for which Closing Prices shall be determined.
- 2.5A.2 Once determined, Closing Prices will be transmitted to market participants. Closing Prices are not Unofficial Settlement Prices, Official Settlement Prices or Exchange Delivery Settlement Prices, which are transmitted at a different time.

2.6 [Deleted 5 December 2011]⁶³

2.7 [Deleted 5 December 2011]⁶⁴

2.8 Stock Contingent Trades⁶⁵

⁶¹ Inserted 27 February 2003, amended 29 March 2006, 20 May 2011, 4 June 2014, 13 June 2016

⁶² Inserted 4 June 2014

⁶³ Amended 29 March 2006, 12 May 2006, 4 April 2011, deleted 5 December 2011

⁶⁴ Inserted 21 May 2007, 4 April 2011, deleted 5 December 2011

- 2.8.1 Subject to the appropriate trading rights, Members may execute strategies in Individual Equity Options Contracts that are contingent upon the execution of a transaction in the underlying security using the ICE Platform stock contingent trade facility. Both the Individual Equity Options Contracts (in this Trading Procedure 2.8, “options”) and underlying company security components (in this Trading Procedure 2.8, “stock”) of any order in respect of a stock contingent trade must be executed on behalf of the same client or account, as the case may be.
- 2.8.2 A list of stock contingent trades available for trading on the ICE Platform is specified by the Exchange by notice posted to the Market and may be varied from time to time by the Exchange.
- 2.8.3 In order to execute a stock contingent trade a Member must specify, in addition to the order details required for options trades, the name, volume and price of the stock, as well as the delta in the case of volatility trades. Members are required to quote:
- (a) an options price consistent with the best bid and best offer available in the market at the time; and
 - (b) a stock price consistent with prices prevailing in the equity market on that Trading Day.
- In the case of volatility trades, the options and stock prices and the delta quoted in the order will be checked by the Exchange in order to ensure the appropriateness of the stock price used.
- 2.8.4 In the case of conversions and reversals, the volume of stock transacted must be consistent with the net delta for that position.
- 2.8.5 A separate market will be created for each stock contingent trade order submitted with different option price or delta details. A Member is not permitted to create a new stock contingent trade market unless there is a genuine need to do so. For the avoidance of doubt, a Member must not create a new stock contingent trade market in order to avoid his order being entered to, and thereby interacting with, a stock contingent trade market with almost identical characteristics which has already been created.
- 2.8.6 Orders in respect of stock contingent trades will only trade if:
- (a) details of both the stock and the options components (and the delta in the case of volatility trades) match, albeit that an order may be accepted in part providing the ratio of stock to options contracts traded is the same for both the buying and selling sides; and
 - (b) in the case of stock contingent volatility trades, the options and stock price and the delta quoted are validated by the Exchange.
- 2.8.7 Details of the options component of stock contingent trades will be posted to market participants and quote vendors, identified as part of a strategy. Details of the stock component will also be published.

3. ORDERS

3.1 Order Slips and Records of Trades⁶⁶

- 3.1.1 (a) A Member is responsible for ensuring that an order received from a client for execution (including an order for a Block Trade, EFPs, EFSs, EFM, Basis Trades, Soft Commodity EFRPs and Asset Allocations) during a trading session for a Contract on the ICE Platform (whether such order is received before or in the course of a trading session on the ICE Platform) is recorded on an order slip or entered into an electronic order system or submitted through an order routing system or front end application as soon as received.

⁶⁵ Inserted 4 June 2014

⁶⁶ Amended 21 October 2004, 29 March 2006, Launch of ICE Clear 2008, 10 November 2008 (Rule F.3(d) amendment 9 July 2008), 20 January 2014, 4 June 2014, 18 September 2014, 3 June 2016

- (b) Order slips must be time-stamped on a time-stamping machine unique to that Member or the time of all orders must be recorded electronically immediately upon receipt. The time-stamp or electronic recorder must be at all locations where orders are received.
- (c) In the case of entering orders into an order routing system or front end application the Member must ensure that there is an adequate audit trail of submission of orders to the Trading Server.

3.1.2 The written order slip or electronic record of an order must contain the following information:

- (a) Member identification;
- (b) identity of individual submitting the order to the Trading Server and the ITM under which it is submitted;
- (c) identity of the individual completing the order slip or electronic record of an order;
- (d) client identification/reference (a code is sufficient) ;
- (e) buy/sell;
- (f) volume;
- (g) contract code;
- (h) put/call and exercise price (if applicable);
- (i) delivery/expiry month;
- (j) price, price limit, or price range;
- (k) any special instructions (including whether the order is a Block Trade order, or an EFP/EFS order);
- (l) strategy type indicator (if applicable);
- (m) order type (e.g. market; limit; stop). and
- (n) time stamp of order receipt; order entry and of every alteration.

Records for electronic orders must include all of the above information, and also include the following:

- (o) Clearing Member identification;
- (p) futures or option indicator;
- (q) order identification;
- (r) deal identification;
- (s) Authorised trader tags (Tag numbers 115, 116, 144);
- (t) clearing account name or code;
- (u) if a reserve quantity order, the reserve quantity; and
- (v) memo field (to include additional account information where applicable)

Every alteration to the order (including withdrawal or cancellation) shall be time-stamped or recorded electronically. All time stamps must be recorded to the highest level of precision provided.

Members must also ensure that all trade records contain, at a minimum, the above information.

Additional information may be required to be recorded from time to time in accordance with Rule G.16 (f).

Members must ensure that where they operate any electronic system which submits orders directly to the ICE Platform (e.g. order routing systems or front end applications) their systems arrangements are compatible with the Exchange requirements for orders and meet the Exchange's front end applications conformance criteria.

- 3.1.3 The order slip or electronic record of the order together with the relevant the ICE Platform trade records must be retained by the Member for a minimum period of five years after the date of the transaction.
- 3.1.4 Members shall ensure that any telephone line used for the receipt or giving of orders is tape recorded and the recordings kept for a minimum of six months, unless the Member can satisfy the Exchange that, given the nature and extent of its business conducted on the Exchange, compliance with these tape recording and storage obligations would be disproportionate and unduly burdensome.
- 3.1.5 In the case of Block Trades, Basis Trades, Soft Commodity EFRPs and Asset Allocations, Members must record the time of verbal agreement of the terms of the trade between the parties to the trade and the name of the person who arranged the trade.

3.2 Input, Cancellation and Variation of Orders⁶⁷

- 3.2.1 All orders (except Block Trade orders) shall be entered into the ICE Platform in accordance with and in a form permitted by the Regulations and in the manner set out in the ICE Platform User Guide, or user guide of any approved front end application used by the Member.

Orders in respect of Utility contracts shall be in a multiple of the minimum trading size as determined by the Directors from time to time.

- 3.2.2 Orders entered into the ICE Platform may only be activated, (including reactivated), deactivated, cancelled, withdrawn or varied prior to the execution of the same in accordance with and in a form permitted by these Trading Procedures and the ICE Platform User Guide, or user guide of any front end application used by the Member, or in such other manner or circumstances as the Directors may determine from time to time.
- 3.2.3 Activated orders will be held in a queue for execution in price and time priority in accordance with Procedure 3.8.2.
- 3.2.4 The Directors shall from time to time implement such systems and procedures as it considers appropriate to require that Responsible Individuals who have entered orders into the ICE Platform shall promptly advise Market Supervision in the event that information relating to such orders or any trades resulting from the execution of any such order is not displayed or is displayed erroneously.
- 3.2.5 Where a Member is experiencing technical difficulties, the Exchange may delete orders in the order book held in the ICE Platform at the relevant Member's request, on a best endeavours basis and at the Exchange's absolute discretion.

3.3 Validity of Orders⁶⁸

- 3.3.1 A Member's order entered in the ICE Platform will remain valid:
 - (a) until accepted in full in accordance with these Trading Procedures (in the event of acceptance of part of an order the size of the order will be correspondingly reduced);

⁶⁷ Amended 29 March 2006, 4 June 2014

⁶⁸ Amended 22 April 2005, 29 March 2006

- (b) until deactivated or withdrawn by the Member;
- (c) until the price, volume or contract date of such order is varied by the Member creating a new order;

(Note: an increase in volume will constitute a new order; a decrease in volume will retain the time and price priority of the original order.)
- (d) if it is entered under the ITM of an individual registered as a Responsible Individual authorised to conduct business on the ICE Platform;
- (e) until the order is deactivated at the end of the trading session for a Contract or the order is cancelled as a result of a condition attached to the order in accordance with Trading Procedure 3.4.1;
- (f) unless it is cancelled by the Exchange under Trading Procedures 3.9.1. or 3.11;
- (g) unless it is an order for an Emission Contract where the Member is not the holder of an Emissions Trading Privilege.

3.4 Types of Orders⁶⁹

- 3.4.1 Bids and offers may be entered into the ICE Platform. The ICE Platform recognises and processes 'Limit', and "Market" orders as set out in the ICE Platform User Guide, or user guide of any front end application used by the Member and any other order type as advised by the Exchange from time to time. Where no order type is specified, the order is treated as a limit order.

3.5 Disclosure of Size (Reserve Quantity)⁷⁰

- 3.5.1 A trader may specify a maximum disclosure volume to be shown to the Market for an order enabling the order to be released gradually without revealing the full size. The unrevealed part of the order is released only when the first part of such order is completely filled. When each portion of the order is released it is placed in its entirety at the end of the order priority queue.

3.6 Restrictions of Orders⁷¹

- 3.6.1 Where a Member receives from a single client matching or partly matching orders (which are not Block Trade, EFPs, EFSs, EFM, Basis Trades, Soft Commodity EFRPs or Asset Allocations orders) to both buy and sell a number of contracts at the same price level, the Member shall immediately enter both bid and offer orders but cannot guarantee that the orders will both be executed as other orders in the system may have time priority. The Exchange is not a 'held' market and Members cannot be called upon to provide an execution for their clients merely on the basis that market prices reached or surpassed the level of an order.

Members are required to enter matching orders in accordance with Rule G.6 A.

3.7 Priority of Orders

- 3.7.1 A trader or Member must at all times subordinate his own interests to those of his clients and act fairly between his clients.

3.8 Order Execution and Recording of Trades⁷²

- 3.8.1 Every trade made on the ICE Platform shall be executed in accordance with and in a form permitted by these Regulations, Trading Procedures and set out in the ICE Platform User Guide, or user guide of any front end

⁶⁹ Amended 27 February 2003, 29 March 2006

⁷⁰ Amended 18 September 2014

⁷¹ Amended 29 March 2006, 4 June 2014, 18 September 2014, 3 June 2016

⁷² Amended 29 March 2006, Launch of ICE Clear 2008, 4 April 2011, 4 June 2014

application used by the Member, and any direction, order or other procedure issued or implemented by the Exchange from time to time.

3.8.2 A trade is executed in the ICE Platform when either (a) or (b) occurs:

- (a) Price/Time priority (for Contracts excluding designated Financials and Softs Contracts under Trading Procedure 3.8.2(b) below):
 - (i) one order is a bid and the other an offer;
 - (ii) the two orders are for the same Contract and contract date;
 - (iii) the price of the bid (offer) order equals or is greater (lesser) than the price of the offer (bid).

All orders entered and activated are queued by time of entry or amendment and matched on a first-in-first-out price and time priority basis.

- (b) Pro-rata priority (for designated Financials and Softs Contracts):

- (i) one order is a bid and the other is an offer;
- (ii) the two orders are for the same Contract and contract date;
- (iii) the price of the bid (offer) order equals or is greater (lesser) than the price of the offer (bid).

All buy orders at the highest price and all sell orders at the lowest price in the same contract/delivery month/strategy are traded in accordance with the pro-rata algorithm, the details of which, including any element of priority, will be specified by notice posted on the Market.

3.8.3 Should orders entered by either a single Responsible Individual of a Member or different Responsible Individuals registered to the same Member match and a trade result, that Member shall be deemed to have transacted a cross trade.

3.8.4 Details of each trade made on the ICE Platform by a Member will be recorded by the Exchange and confirmation of the trade will be displayed on the ICE Platform for each Member party to the trade and such trade shall be transmitted to the ICE Systems.

3.8.5 The Exchange shall from time to time implement, with the agreement of the Clearing House, procedures to ensure that trades which are made on the ICE Platform which are to be reported to the Clearing House for clearing are so reported.

3.8.6 Failure of the ICE Platform to broadcast any message in respect of an order book, order or any part thereof, or a trade made on the ICE Platform shall not invalidate any trade recorded by the Exchange.

3.8.7 In the event that the ICE Platform or any part of the ICE Platform fails, the Exchange's determination that a trade has or has not been made on the ICE Platform shall be conclusive and binding. Such determination shall be made by the Market Supervisor. This is without prejudice to the right of the Clearing House to treat a Contract as void or voided or to take other actions pursuant to the Clearing House Rules.

3.9 Cancellation of Trades⁷³

3.9.1 Market Supervision may on the suspension of a Contract from trading on the Market under these Regulations, cancel or amend any executed trades for such Contract which were made on the ICE Platform. Market Supervision may in accordance with the default rules, cancel any order for a Contract in the ICE Platform which is awaiting execution or cancel any trade in respect of a Contract made on the ICE

⁷³ Amended 29 March 2006, Launch of ICE Clear 2008, 4 June 2014

Platform. The Clearing House may take similar action under the Clearing House Rules in respect of any affected Contract.

3.9.2 Once a bid or offer has been matched in whole or in part and gives rise to a trade there is no right of withdrawal subject to Trading Procedure 11 below.

3.9.3 Where one or more legs of a strategy trade are deemed to have taken place at an unrepresentative price the Exchange may adjust the prices of the entire strategy trade.

3.10 Spread and Strategy Trading⁷⁴

If a trader wishes to quote or trade a spread, or in the case of Option Contracts if a trader wishes to quote or trade a strategy, he must do so in accordance with the ICE Platform User Guide, or user guide of any front end application used by the Member, and adhere to the Regulations and to the Trading Procedures.

Members may execute strategies comprising combinations of Contracts. A separate market will be created for each strategy where one or more RFQs have been submitted to the ICE Platform and, with regard to delta neutral strategy orders, for each order with a different option price(s) or delta details. All strategy trades, unless otherwise specified, must, for each side, comprise a single order or aggregate of orders, which result in the same client or account trading each element of the relevant strategy.

A Member is not permitted to create a new delta neutral strategy market unless there is a genuine need to do so. For the avoidance of doubt, a Member must not create a new delta neutral strategy market in order to avoid his order(s) being entered to, and thereby interacting with, a delta neutral strategy market with almost identical characteristics which has already been created. Furthermore, a Member must not submit orders to the delta neutral market with the intention of securing a non delta neutral transaction.

3.11 Validity of Trades⁷⁵

3.11.1 Invalid Trade

Notwithstanding the reasonability limit, where applicable, a Contract made or purported to be made on the ICE Platform may be declared invalid by the Exchange in the circumstances set out below.

(a) Unrepresentative price

Where the Exchange determines that a trade has taken place at an unrepresentative price, it may declare that trade invalid at its absolute discretion.

Criteria which may be taken into account when determining whether a trade should be invalidated include, without limitation the following:

- (i) price movement in other contract periods of the same Contract;
- (ii) current market conditions, including levels of activity and volatility;
- (iii) time period between different quotes and between quoted and traded prices;
- (iv) information regarding price movement in related Contracts, the release of relevant news just before or during an ICE Platform trading session;
- (v) manifest error; or
- (vi) proximity of the trade to the close of the trading session.

⁷⁴ Amended 22 December 2003, 29 March 2006, 4 June 2014, 3 September 2014, 18 September 2014,

⁷⁵ Amended 22 December 2003, 29 March 2006, Launch of ICE Clear 2008

(b) Breach of the Regulations

Where the Exchange determines that a trade has been made in breach of the Regulations or the Trading Procedures, it may declare that trade invalid.

(c) Disputes

A trade may be declared invalid pursuant to Rule G.15(b).

3.11.2 Deletion of a Trade

An invalid trade will be removed from the ICE Systems, may be removed from the trading server and may be displayed in the ICE Platform as a deleted trade. As regards the Clearing House, an invalid trade takes effect as a Contract of opposite effect to the original Contract arising as a result of the invalid trade.

3.11.3 Notification to Member

When a trade is declared by the Exchange to be an invalid trade and is deleted from the ICE Systems the parties to the trade will be notified by Market Supervision of that fact and a message will be broadcast on the ICE Platform announcing the Contract, contract date and price level of the invalid trade.

3.12 Corporate Actions⁷⁶

3.12.1 Any adjustment of Securities Contracts will be determined in accordance with the Corporate Actions Policy of the Exchange unless the Exchange, in its absolute discretion, determines otherwise. The Corporate Actions Policy and any adjustment to the Securities Contract will be published by notice posted on the Market from time to time and shall have such effect with regard to existing and/or new Securities Contracts as the Exchange may determine.

3.12.2 The Exchange may cancel orders in the order book held in the ICE Platform of a Securities Contract where that contract's characteristics have been altered following one or more corporate actions affecting the underlying security. Any such cancellation of outstanding orders (and any requirements to re-submit orders) will be published by the Exchange by way of notice posted on the Market or such other means of communication as the Exchange sees fit.

4. ICE PLATFORM MARKET NOTICES AND DISPLAY OF OTHER MESSAGES⁷⁷

4.1 An ICE Platform Market Notice shall be broadcast on the ICE Platform and be circulated in writing to all Members.

4.2 Members may be notified of other Market related information by electronic display of a message on the ICE Platform. Any such information shall have effect at the time it is transmitted or at such time as may be stated in the message. The validity and effect of such information shall not be diminished or delayed solely by it being temporarily deleted from display on one or more ICE Platform workstations or delayed, whether by reason of any equipment, communications or otherwise.

4.3 Members will be notified of the price and volume of a Block Trade by electronic display of a message on the ICE Platform.

5. RESPONSIBILITIES OF MARKET SUPERVISION⁷⁸

5.1 Market Supervision shall:

⁷⁶ Inserted 4 June 2014

⁷⁷ Amended 29 March 2006

⁷⁸ Amended 27 February 2003, 29 March 2006, 23 April 2012

- (i) monitor the activity on the ICE Platform to ensure that trading is carried out in accordance with these Trading Procedures;
- (ii) input corrections as specified in Trading Procedure 3.9.1;
- (iii) activate/deactivate Members or any of their Responsible Individuals;
- (iv) report potential breaches of the Regulations or Trading Procedures to the Compliance Department;
- (v) calculate and correct or amend the Settlement Prices;
- (vi) determine, delete and notify Members in respect of an invalid trade in accordance with Trading Procedure 3.11;
- (vii) determine whether the price of a trade executed at an unrepresentative price may be adjusted and notify Members of such action in accordance with Trading Procedure 11; and
- (viii) have any other responsibility as may be prescribed from time to time by the Exchange.

6. THE ICE PLATFORM BACK UP FACILITIES⁷⁹

- 6.1 In the event of a failure of one or more of a Member's ICE Platform workstations or failure of the supply of the ICE Platform to one or more of the Members ICE Platform workstations for any reason the Member is advised to take appropriate steps to use another Member who has access to the ICE Platform to execute business which it would have conducted on the ICE Platform had it been able to use its own ICE Platform workstation.

Note: A Trade Participant may not provide this service for another Member. An Individual Participant may only provide this service for another Individual Participant.

7. AUTHORISED CORRECTION AND ADJUSTMENT OF TRADES⁸⁰

- 7.1 In exceptional circumstances trades which are the subject of a trading dispute or otherwise may be processed through the ICE Systems directly by Exchange staff following the directions of Exchange Officials.

⁷⁹ Amended 23 September 2003, 25 October 2005, 29 March 2006, Launch of ICE Clear 2008

⁸⁰ Amended 23 April 2012

SECTION 2: GENERAL PROVISIONS**8. TRADING CONDUCT****8.1 Withholding Client Orders⁸¹**

8.1.1 A Member, or person subject to the Regulations, as appropriate, must neither withdraw, nor withhold (except in accordance with 3.5 above and Rule G.8) a client's order in whole or in part. A Member, or person subject to the Regulations, as appropriate, shall not procure another Member to act in contravention of this procedure.

8.1.2 A Member, or person subject to the Regulations, as appropriate, shall not deliberately delay the reporting of an executed trade to a client.

8.1.3 It shall be an offence for a Member to represent to a client that it has entered into an Exchange contract executed otherwise than in accordance with the Regulations.

8.2 Execution of Client Orders⁸²

8.2.1 A trader or Member, or person subject to the Regulations, as appropriate, shall not inform a client that it has executed a Contract unless he has already made on the Market a matching contract as defined in Rule C.6.2(a).

8.3 Pre-Arranged Trades⁸³

8.3.1 It shall be an offence for a Member or person subject to the Regulations, as appropriate, to prearrange a trade unless it is an EFP or EFS (including, for the avoidance of doubt, an EFP or EFS, entered on ICE Block Facility by an ICE Block Member) posted in accordance with Rule F.5, and Section 3 of these Trading Procedures, a Basis Trade or Soft Commodity EFRP (including, for the avoidance of doubt, a Basis Trade or Soft Commodity EFRP entered on ICE Block Facility by an ICE Block Member) posted in accordance with Rule F.5.C and Section 3 of these Trading Procedures, an Asset Allocation (including, for the avoidance of doubt, an Asset Allocation entered on ICE Block Facility by an ICE Block Member) posted in accordance with Rule F.5.D and Section 3 of these Trading Procedures or a Block Trade organised and posted in accordance with Rule F.7 and Section 4 of these Trading Procedures.

8.4 Abuse of Client Orders⁸⁴

8.4.1 A Member must not take advantage of a client's order for its own benefit, the benefit of another Member or the benefit of a Member's Representative.

8.5 Error Correction Facility⁸⁵

8.5.1 Where there has been an error in the execution of a client order or in the reporting thereof by a Member, the Exchange may make available to the Member an Error Correction Facility in order to resolve the error and ensure that the interests of the client are protected. The Clearing House may take similar action under the Clearing House Rules in respect of any affected Contract.

8.5.2 In order to obtain Exchange authorisation of a trade to correct the error ("error correction"), the Member must fax to Market Operations an Error Correction Declaration Form signed by a representative of the Member duly authorised for this purpose. The Error Correction Declaration Form shall confirm the details of the error and, where applicable, confirm that any improvement in price has been offered to the client.

⁸¹ Amended 29 March 2006, 27 April 2006, Launch of ICE Clear 2008

⁸² Amended 27 April 2006, Launch of ICE Clear 2008

⁸³ Amended 29 March 2006, 27 April 2006, 15 October 2012, 29 January 2014, 4 June 2014, 18 September 2014, 3 June 2016

⁸⁴ Amended 27 April 2006, Launch of ICE Clear 2008

⁸⁵ Inserted 8 April 2005, Launch of ICE Clear 2008

- 8.5.3 The Member may also be required to provide further information to demonstrate to the satisfaction of the Exchange that:
- (i) a client order was received and an attempt made, or the intention existed, to execute the order on the ICE Platform; and
 - (ii) the client was erroneously informed that the order has been successfully executed (in whole or in part) (i.e. either there was a mistaken belief that a trade had been executed which satisfied the client order or a trade had been executed but it differed from that reported to the client).
- 8.5.4 An error correction may be submitted for authorisation in circumstances where:
- (i) a trade has been executed at a better price than that reported to the client, but the client has declined the improvement (in part or in full). If the Member had originally traded a wrong contract month or exercise price, only the net improvement, if any, would need to be offered to the client;
 - (ii) a trade has been executed at a worse price than that reported to the client;
 - (iii) a trade has been executed in the wrong direction, (i.e. an order to buy has been erroneously executed as a sell trade (or vice versa)), contract month, exercise price or contract, but were a correct trade to be executed at the current market price it would be at a worse price than that reported to the client.
- If either no trade has been executed, or a trade has been executed in the wrong direction, contract month or contract, but were a correct trade to be executed at the current market price it would be at a better price than that reported to the client, such a trade must be executed on the ICE Platform.
- 8.5.5 Authorisation of an error correction is at the absolute discretion of the Exchange.
- 8.5.6 Authorisation of an error correction by the Exchange does not preclude the Exchange from instigating disciplinary proceedings in the event that the trade is subsequently found to have been executed other than in compliance with the Exchange Regulations and Trading Procedures or related requirements.

9. REGISTRATION OF BUSINESS⁸⁶

- 9.1 An EFP or EFS made pursuant to Rule F.5 and Section 3 of these Trading Procedures, a Basis Trade or Soft Commodity EFRP made pursuant to Rule F.5.C and Section 3 of these Trading Procedures, an Asset Allocation made pursuant to Rule F.5.D and Section 3 of these Trading Procedures, a Block Trade made pursuant to Rule F.7 and Section 4 of these Trading Procedures and a Contract made on the ICE Platform, must be assigned to an account, claimed or allocated to another Member within 30 minutes of receipt in the ICE Systems.
- 9.2 Allocations and account assignments on the ICE Systems must be promptly attended to in order that any discrepancies may be resolved shortly after the trade is received. The processing of the trade, including allocation, claim and assignment should be completed within 30 minutes of trade execution on the ICE Platform or direct input of a matched EFP, EFS, Soft Commodity EFRP, Basis Trade, Asset Allocation, Contingent Agreement to Trade or Block Trade into the ICE Systems.
- The Exchange may, at its discretion, vary the time by which Members must complete the processing set out in 9.1 and/or above where the closure of the ICE Systems is less than 30 minutes after the close of trading on the ICE Platform. In such an event, the variance and the circumstances leading to the variance will be notified in advance to Members.
- 9.3 Members must ensure that at least one Member of staff with authority to resolve misallocations or deal with other trading, clearing or settlement issues remains on duty until 30 minutes after the close of trading of a Contract on the ICE Platform for that Trading Day.

⁸⁶ Amended 7 December 2005, 29 March 2006, 4 June 2014, 18 September 2014, 3 June 2016

10. DISCIPLINARY PROCEDURES⁸⁷

- 10.1 The Market Supervisor and the compliance officer acting together or independently or such other persons as may be duly authorised by the Authorisation, Rules and Conduct Committee may take summary disciplinary measures, including the imposition of fixed penalty fines up to an amount of £20000 in respect of each offence and fixed terms of exclusion from the market, in respect of any infringement, contravention of failure mentioned in Rule E.7.1.
- 10.2 Rule E.2.2 sets out several types of misconduct in relation to trading on the Exchange in respect of which summary measures are not available. Where it appears to the compliance officer that there may have been one or more breaches of this Rule, a report may be submitted to the Directors or Authorisation, Rules and Conduct Committee for consideration of any action necessary.
- 10.3 Notification of a summary disciplinary measure imposed under paragraph 10.1 above shall be given to the Member forthwith and shall include a notice setting out its right of appeal:
- (a) an appeal shall lie against any finding of fact and against any sanction imposed;
 - (b) a Member desiring to appeal shall lodge a notice setting out the grounds of its appeal:
 - (i) in the case of a breach of Rule E.8 (market offences) within one Business Day of the notification referred to in paragraph (a) above;
 - (ii) in the case of any other breach within Rule E.7.1 within five Business Days of the said notification.
 - (c) An appeal shall be heard by the Authorisation, Rules and Conduct Committee and shall be by way of re-hearing. On an appeal the Authorisation, Rules and Conduct Committee shall make such finding as shall be appropriate and may confirm, vary or quash any sanction imposed, and may confirm, decrease or increase any fine. The decision of the Authorisation, Rules and Conduct Committee on an appeal shall be final;
 - (d) On an appeal (including an appeal which is frivolous or without merit) the Authorisation, Rules and Conduct Committee may order the Member to pay the whole or some part of the costs thereof;
 - (e) No appeal shall be withdrawn except by notice in writing and with leave of the Authorisation, Rules and Conduct Committee, and when giving or refusing leave the Authorisation, Rules and Conduct Committee may make such order for costs as shall be appropriate.
- 10.4 The Authorisation, Rules and Conduct Committee may deal summarily with any case which seems to the Committee appropriate and shall:
- (a) if the Member does not appear and the Committee is satisfied that the Member has been given due notice of the hearing, decide the case on documentary evidence including a written case submitted by the Exchange and the Member's response (if any);
 - (b) If the Member does appear, permit the Exchange and the Member to present their cases orally, and to call witnesses who may be cross-examined.
- 10.5 The Authorisation, Rules and Conduct Committee shall announce its decision either orally or in writing at the conclusion of the summary hearing, or so soon thereafter as may be convenient.
- 10.6 A Member aggrieved by the summary determination of a case by the Authorisation, Rules and Conduct Committee under Rule 10.5 above shall within 7 days of notification to the Member of the said determination lodge with the Secretary a notice of appeal in writing stating the grounds of the appeal.

⁸⁷ Amended 23 September 2003, 8 April 2005, 25 October 2005, 7 December 2005, Launch of ICE Clear 2008, 4 April 2011, 16 November 2016

- 10.7 An appeal against a summary determination by the Authorisation, Rules and Conduct Committee shall be heard by a Disciplinary Panel and shall be by way of re-hearing. The decision of the Disciplinary Panel on such appeal shall be final.
- 10.8 Provided that the time for lodging an appeal (where an appeal lies) has expired, any decision of the Market Supervisor or compliance officer under Rule 10.1, any summary determination of the Authorisation, Rules and Conduct Committee under Rule 10.5 and any decision of the Disciplinary Panel under Rule 10.7 shall be published by the Exchange in whatever form seems to the Authorisation, Rules and Conduct Committee to be appropriate, provided that the Committee may in its discretion prohibit or restrict such publication but shall in such case minute such decision giving reasons therefor.

10A IPE TRADING COMMITTEE⁸⁸

Terms of Reference

- 10A.1
- (a) to monitor the formulation, implementation and enforcement of the IPE trading Rules (whether electronic or open outcry) by IPE management and staff;
 - (b) to recommend to the Authorisation, Rules and Conduct Committee (“ARC”) additions and alternations to the trading Rules, Regulations and Procedures used on the markets;
 - (c) to adjudicate trading disputes, with such assistance as the Board may from time to time determine;
 - (d) to assist the Exchange Executive in the registration of individual traders, and particularly in their training and education;
 - (e) to advise the Exchange on any other matter relevant to trading practices on the Floor or on the electronic trading platform, and to define and promulgate trading etiquette;
 - (f) to recommend to the ARC Floor and/or electronic market disciplinary offences and their penalties;
 - (g) to provide guidance to the PIT Committee on any other matter concerning Floor trading, including, but not restricted to, trading hours accommodation, communications, catering and conditions generally and where the importance of the issues warrants it, referral to the Board.

Committee Procedure

- 10A.2
- (a) a majority decision on disputes shall decide the issues;
 - (a) in the event of a split decision the Chairman shall have a casting vote;
 - (b) no member of the Committee may adjudicate on disputes in which he has an interest;
 - (c) decisions of the Committee are binding on Floor Traders. Should such decisions not be accepted, the Committee may refer the matter to any member of the Trading Appeals Committee and executive;
 - (d) membership of the Committee does not confer exemption from the IPE Code of Discipline.

Trading Appeals Committee – Composition

- 10A.3.1 The Trading Appeals Committee will consist of the following:
- (a) a Board member, or the Chairman, or Deputy Chairman of the IPE Trading Committee;
 - (b) an IPE Trading Committee member;
 - (c) a member of the Exchange secretariat;
- 10A.3.2 No member of the Trading Appeals Committee may adjudicate on disputes in which he has an interest.

Trading Appeals Committee – Terms of Reference

- 10A.4 To hear appeals in relation to trading disputes after a loss/profit has been crystallised.

⁸⁸ Inserted 8 April 2005

11. TRADE INVESTIGATIONS⁸⁹

Commencement of Investigation

- 11.1 Market Supervision may in its absolute discretion investigate a Contract (for the purposes of Trading Procedures 11, the 'trade') where:
- (i) a market participant (who may or may not be party to the trade) disputes the price of a trade made or alleged to have been made on the ICE Platform, and has notified the dispute to Market Supervision within such period of time as published by the Exchange from time to time in accordance with Rule G.15; or
 - (ii) the Exchange determines that a trade may have been made on the ICE Platform at an unrepresentative price and where no such notification has been received from a market participant.
- 11.2 These investigation procedures may be varied at the Exchange's absolute discretion depending on the circumstances under which an investigation of a trade made or alleged to have been made on the ICE Platform is commenced.
- 11.3 Market Supervision shall not investigate a trade when a dispute has been notified by a market participant in respect of the volume only. In such an event, the trade may be referred to the Compliance Department, which may, in accordance with Rule C.12, make such further enquiries as to the validity of the trade, or under exceptional circumstances, such trade may, at the absolute discretion of the Exchange, be cancelled.

Final determination by Market Supervision

- 11.4 On conclusion of an investigation where Market Supervision determines that the trade under investigation, or any such consequential trades, were executed at an unrepresentative price, Market Supervision may, in its absolute discretion:
- (i) adjust the price of the trade under investigation and consequential trades to a price that Market Supervision evaluates as fair market value at the time of execution, plus or minus the No Cancellation Range for that Contract;
 - (ii) cancel the trade under investigation and any such consequential trades; or
 - (iii) let the trade under investigation and any such consequential trades stand.
- If the Exchange determines that the price of the trade under investigation or any such consequential trades is to be adjusted, the adjusted price may be:
- (i) outside the terms of the Limit Order for which the trade under investigation or any such consequential trades were executed, and, in such instances, the adjusted price shall be applied to the Limit Order despite being outside the order terms; or
 - (ii) below the stop price of a buy Stop Order or above the stop price of a sell Stop Order, and, in such instances, the adjusted price shall be applied to the Stop Order despite the fact that the trade price sequence after any price adjustments would not have elected the Stop Order.
- 11.5 As soon as reasonably possible on making such a determination, Market Supervision will notify:
- (i) the Market;
 - (ii) the counterparties to the trade under investigation;
 - (iii) the party disputing the price of the Contract; and

⁸⁹ Amended 10 November 2003, 29 March 2006, Launch of ICE Clear 2008, 4 April 2011, 23 April 2012, 15 October 2012

- (iv) any other counterparty (who may or may not be a Member or a Member's Representative).

Defined No Cancellation Range

- (i) The Exchange shall publish from time to time parameters above or below an Exchange set anchor price for each Contract between which a trade under investigation, under normal circumstances, may not be cancelled or the price of such trade under investigation be adjusted. Such parameters shall be termed a 'No Cancellation Range'. Market Supervision may, in exceptional circumstances and at its absolute discretion, determine that a trade under investigation which falls within the No Cancellation Range shall be cancelled

Factors considered when investigating a trade

11.7 When determining whether a trade under investigation has been made at an unrepresentative price Market Supervision may take into account criteria which include but are not limited to:

- (i) price movement in other contract months of the same contract;
- (ii) current market conditions, including levels of activity and volatility;
- (iii) time period between different quotes and traded prices;
- (iv) information regarding price movement in related contracts;
- (v) the release of economic data or other relevant news just before or during electronic trading hours;
- (vi) manifest error;
- (vii) number of parties potentially impacted by the investigation;
- (viii) whether another market participant relied on the price; or
- (ix) any other factor that Market Supervision in its sole discretion, may deem relevant.

Market Supervision, in its sole discretion, may consult with market participants, which are not party to the trade under investigation or party to any consequential trades, when determining whether the trade has been made at an unrepresentative price.

Consequential Trades

11.8 Market Supervision may also determine:

- (i) whether any trades resulting from the triggering of contingent orders, or resulting in spread trades, should be cancelled; or the price of such trades be adjusted; and
- (ii) whether a market participant relied on the price of the trade to execute subsequent orders, and whether such trades should be cancelled or the price of such trades be adjusted.

Market Supervision shall consider situations involving consequential trades on a case by case basis.

11.9 Where trades are executed after the Market has been notified that a trade is under investigation which is subsequently cancelled, or the price of the trade under investigation is adjusted, such trades, under normal circumstances shall not be cancelled nor shall the prices be adjusted. However, if the price of the trades in such instance is disputed or Market Supervision determines that the trades have been made at an unrepresentative price, Market Supervision will investigate the trades in accordance with these investigation procedures.

12. [DELETED MAY 1999]

13. EMERGENCY PROCEDURES⁹⁰

13.1 In the event of a failure of the ICE Platform or any part thereof the Exchange shall take such emergency procedures as set out in Rule G.14.

14. RESPONSIBLE INDIVIDUAL REGISTRATION PROCEDURES⁹¹

⁹⁰ Amended 29 March 2006

Number of ICE Platform Trading Staff⁹²

- 14.1 A Member must register at least one Responsible Individual with the Exchange in order to access the ICE Platform to conduct Exchange business.
- 14.2 A Member must ensure it has a sufficient number of Responsible Individuals for the nature and scale of business conducted.

General Registration⁹³

- 14.3 A Member must register with the Exchange all staff that are required to work as Responsible Individuals.

The compliance officer of a Member wishing to register a Responsible Individual must no later than three Business Days before the intended starting day:

- (i) submit a completed Responsible Individual Registration Form;
- (ii) confirm in writing the FCA authorisation status of the individual (if applicable) and the Member firm to which he is registered;

to the Exchange **Membership and Contracts Department**.

The Exchange Membership and Contracts Department will notify the compliance officer of the Member when the individual has been registered as a Responsible Individual. The ICE Platform Supervisor will notify the Responsible Individual of his password, ITM (s) and logon details and the date from which he may access the ICE Platform to conduct Exchange business.

14.4 De-registration

A Member must de-register all staff who are no longer required to work as Responsible Individuals or who leave their employment.

The compliance officer of a Member who wishes to de-register a Responsible Individual must:

- (a) before the intended de-registration day give prior written notice of the de-registration to the Exchange **Membership and Contracts Department**;
- (b) in the event that a Member requires immediate de-registration of a Responsible Individual, (other than under 14.5) and prevention of that Responsible Individual's access to the ICE Platform to conduct Exchange business, the compliance officer of the Member requiring such action must notify the Exchange Membership and Contracts Department in writing of such request.

The Membership and Contracts department will advise the ICE Platform Supervisor who will prevent such Responsible Individuals access to the ICE Platform to conduct Exchange business, as soon as reasonably practicable.

Transfer of Registered Responsible Individual

- 14.5 Where an individual is registered as a Responsible Individual but wishes to transfer from one Member to another, the individual will not be permitted to work as a Responsible Individual for the new Member until:

⁹¹ Amended 18 February 2003, 7 December 2005, 29 March 2006

⁹² Amended 23 September 2003

⁹³ Amended 4 June 2014

- (a) his former Member has de-registered him in accordance with procedures 14.4 above. (Any disputes between Members relating to failure or refusal to de-register may be dealt with by reference to the Directors under Rule A.5.3).
- (b) the compliance officer of the new Member has provided the information set out in Procedure 14.3 above to the Exchange **Membership and Contracts Department** no later than two Business Days before the proposed transferral date.

15. QUALIFICATION TO TRADE⁹⁴

- 15.1 Individuals who wish to conduct business on the ICE Platform, must be registered as Responsible Individuals in accordance with Responsible Individual registration procedures pursuant to Trading Procedure 14 or be under the supervision of a Responsible Individual.

Members must have adequate arrangements to ensure that all staff involved in the conduct of business on the ICE Platform are adequately trained and fully conversant with the Regulations, and Trading Procedures;

The Exchange may institute such examination in such form as it sees fit and may require that the passing of such exam shall be a pre-condition to the registration or continued registration of a Responsible Individual; although at the discretion of the Exchange, this requirement shall have no application to an individual who is registered at the Exchange as a Registered Electronic Trader before it comes into effect.

15A [DELETED 4 JUNE 2014]⁹⁵

⁹⁴ Amended 29 March 2006, Launch of ICE Clear 2008

⁹⁵ Inserted 8 April 2005, deleted 4 June 2014

SECTION 3: EXCHANGE FOR PHYSICALS ("EFP"), EXCHANGE FOR SWAPS ("EFS")⁹⁶ BASIS TRADING, EXCHANGE FOR RELATED POSITIONS IN SOFT COMMODITY CONTRACTS ("EFRP")⁹⁷ AND ASSET ALLOCATIONS⁹⁸

16. EFP AND EFS PROCEDURES⁹⁹

16.1 EFPs and EFSs may take place in respect of any of the Contracts and contract months as determined by the Exchange from time to time and are not subject to Trading Procedures other than this Section 3 unless specifically referred to.

- (a) EFPs and EFSs must be reported to the Exchange through the ICE Block facility by:
 - (i) the Member itself;
 - (a) Where a General Participant Member or ICE Block Member executes an EFP or EFS transaction with or on behalf of a client who is not a Member or an ICE Block Member of the Exchange, it must comply with all applicable laws, including in relation to suitability and appropriateness.
 - (b) In the case of a Trade Participant or an Individual Participant (including Trade Participant ICE Block Members transacting own business), the EFP or EFS must be in respect of business for its own account and the counterparty with whom it arranges the EFP or EFS being another Member or ICE Block Member.
 - (ii) a Member's Representative; where they have been authorised by the Member they represent, and have been granted permission by the Exchange to access the ICE Block facility, having completed such form of enrolment as may be prescribed by the Exchange from time to time;
 - (iii) an ICE Block Member; where the ICE Block Member has the permission from its own Clearing Member, or its client's Clearing Member(s), to execute business on its own account or on the client's behalf;
 - (iv) Members may also report the details of EFP or EFS transactions to the ICE Help Desk for entry into ICE Block in the name of the Clearing Member, with whom such Member, or its client on whose behalf the Member is executing business, has a clearing account. The Member must have been appropriately permissioned to report EFP or EFS transactions by the Clearing Member; or
 - (v) any other means determined by the Exchange from time to time in accordance with the reporting requirements in Trading Procedure 16.
- 16.2 Where the EFP or EFS is agreed between two separate Members ("Non-crossed Trade") and unless agreed otherwise between the two Members party to the Non-crossed Trade, the buying Member shall enter the details of the Non-crossed Trade into ICE Block and such details shall be confirmed/accepted by the selling Member party to the Non-crossed Trade.
- 16.3 Where details of the Non-crossed Trade have been submitted to ICE Block by one of the Members party to the Non-crossed Trade, but not confirmed/accepted in ICE Block by the other Member party to the Non-crossed Trade, it is the responsibility of both such Members (or the Clearing Member with whom the executing Member is party to a clearing agreement) to discuss and resolve the matters preventing the confirmation/acceptance of the transaction submitted to ICE Block.

⁹⁶ Amended 27 February 2003, 18 December 2007

⁹⁷ Inserted 4 June 2014, 18 September 2014

⁹⁸ Inserted 3 June 2016

⁹⁹ Amended 14 September 2003, 22 April 2005, 7 December 2005, 29 March 2006, 18 December 2007, Launch of ICE Clear 2008, 4 April 2011, 5 December 2011, 29 January 2014

16.4 The EFP or EFS will flow from ICE Block into the ICE Systems and be identified as an EFP or EFS, as appropriate, with a specific trade type as prescribed by the Exchange.

16.5 The Exchange may check the EFP or EFS details submitted to ICE Block and, if the Exchange is not satisfied that all such details are valid, it may, in its absolute discretion, void the EFP or EFS.

A decision by the Exchange to void an EFP or EFS is final.

16.6 Recording by the Exchange of an EFP or EFS does not preclude the Exchange from instigating disciplinary procedures in the event that the transaction is subsequently found to have been made other than in compliance with the Regulations, nor does it preclude the Clearing House from voiding or taking other action in relation to an EFP or EFS.

16A Basis Trading¹⁰⁰

16A.1 The Basis Trading Facility allows Members to organise and execute, subject to this Trading Procedure 16A, transactions involving a combination of an approved basis trade instrument and an appropriate number of offsetting Futures Contracts. For the purposes of these Trading Procedures such transactions are called "Basis Trades".

16A.2 Any Member is permitted to arrange Basis Trades, subject only to the Member having in place arrangements for the execution of the futures or options leg of a Basis Trade via a Member holding a relevant Trading Privilege ("the Basis Trade executing Member") to trade the Basis Trade Contract.

16A.3 A Basis Trade may be organised only during the trading hours of the Futures Contract or Options Contract concerned, as published by the Exchange from time to time by notice posted on the Market.

16A.4 Basis Trades may be transacted only in Contracts which have been designated by the Exchange for that purpose. Such designations will be published, from time to time, by notice posted on the Market. Basis Trades are not permitted in a delivery month or expiry month of a designated contract which has never traded. The Basis Trading Facility can be used in respect of a delivery month for a Futures Contract or expiry month of an Options Contract on any Trading Day up to and including the Last Trading Day of that delivery month or expiry month.

16A.5 The Basis Trade executing Member is responsible for assigning the price of the futures or options leg(s) of a Basis Trade.

16A.6 The following approaches to the construction of hedge ratios for Basis Trades are considered acceptable:

- (a) Deliverable bonds against Bond Futures Contracts: A price factor or duration based method;
- (b) Other bonds against Bond Futures Contracts: A duration based method;
- (c) Deliverable and non-deliverable bonds against Eris Futures Contracts, Swapnote® Futures Contracts or one or more delivery month(s) of a Short Term Interest Rate Futures Contract: A method which is based upon the ratio of the basis point values of shifts in the yield curve of respectively the relevant cash and futures legs;
- (d) Standard plain vanilla OTC swaps against Bond Futures Contracts, Eris Futures Contracts, Swapnote® Futures Contracts or one or more delivery month(s) of a Short Term Interest Rate Futures Contract: A method which is based upon the ratio of the basis point values of shifts in the yield curve of respectively the relevant cash and futures legs;
- (e) Forward Rate Agreements ("FRAs") against Eris Futures Contracts or one or more delivery month(s) of a Short Term Interest Rate Futures Contract: A method which is based upon the ratio of the basis point values of shifts in the yield curve of respectively the relevant cash and futures legs;

¹⁰⁰ Inserted 4 June 2014, amended 3 September 2014, 18 September 2014, 27 May 2015, 12 October 2015, 3 June 2016

- (f) Sale and Repurchase Agreements ("Repos") against one or more delivery month(s) of a Short Term Interest Rate Futures Contract: A method which is based upon the ratio of the basis point values of shifts in the yield curve of respectively the relevant cash and futures legs;
- (g) European or American style OTC interest rate options (bond options, swaptions) against Bond Futures Contracts, Eris Futures Contracts, Swapnote® Futures Contracts or one or more delivery month(s) of a Short Term Interest Rate Futures Contract: A method based on the relative deltas of the OTC option and futures contracts in order to achieve a delta neutral position;
- (h) Equity securities against Universal Stock Futures Contracts: A method based on the relative value of the equity security and the nominal underlying value of the Universal Stock Futures Contracts;
- (i) Baskets of equity securities against Equity Index Futures Contracts: A method based on the relative value of the basket of equity securities and the nominal underlying value of the Equity Index Futures Contracts;
- (j) European or American style OTC equity options (stock and equity index options) against Equity Index Futures Contracts: A method based on the relative deltas of the OTC option and futures contracts in order to achieve a delta neutral position;
- (k) European or American style OTC or non-Exchange traded equity options against Universal Stock Futures Contracts: A method based on the relative deltas of the OTC or non-Exchange traded option and Universal Stock Futures Contracts in order to achieve a delta neutral position; and
- (l) Non-Exchange traded short term interest rate or bond futures or swap futures contract as prescribed by the Exchange from time to time against Short Term Interest Rate Futures Contracts, Bond Futures Contracts, Eris Futures Contracts, or Euro Swapnote® Futures Contracts: A method which is based upon the ratio of the relative value of basis point shifts in the yield curve for the two futures contracts.

Where a hedge ratio differs from such methods, the Member who is reporting the trade (see Trading Procedure 16A.7) is required to seek approval from the Exchange and justify the method employed in advance of such submission.

16A.7 When a Member accepts a Basis Trade order, he must record the order details set out in Trading Procedures 16A.8 – 16A.17 and, in addition, the details prescribed by (a) – (c) below, on an order slip. Where a Member employs an electronic system for order routing, such details must be recorded electronically:

- (a) time of order receipt;
- (b) identity of individual organising the Basis Trade; and
- (c) time stamp (at time of organisation).

All information required to be retained by the Basis Trade executing Member, pursuant to this Trading Procedure 16A.7, must be retained by the Member for a minimum period of five years.

After a Basis Trade has been organised the Member, or where the Basis Trade has been organised between two Members, the Member who will be the seller of the futures or options leg of the Basis Trade, must execute the futures or options leg of the Basis Trade as a cross transaction, as specified in Trading Procedures 16A.8 – 16A.17, or must procure that the futures or options leg of the Basis Trade is so executed by another appropriately authorised Member.

16A.8 Where a Basis Trade involves a Bond Futures Contract, an Eris Futures Contract, a Swapnote® Futures Contract, or one or more delivery month(s) of a Short Term Interest Rate Futures Contract against a cash bond, in respect of each Basis Trade, the following details must be submitted via the ICE Platform by the Basis Trade executing Member:

- (a) Futures Contract(s) in which the Basis Trade is being transacted;

- (b) delivery month(s);
- (c) agreed futures price(s);
- (d) number of Futures Contracts;
- (e) a unique identifier/reference number for the cash bond transaction;

In addition, the Basis Trade executing Member must retain, in an easily accessible form that can be audited by the Exchange, documentary evidence of the following information:

- (f) cash bond ISIN number;
- (g) clean cash price;
- (h) hedge ratio methodology (for government bond futures contracts against deliverable bonds only);
- (i) coupon and maturity of the cash bond;
- (j) frequency of coupon payments;
- (k) currency of cash bond; and
- (l) nominal value of cash bond.

All information required to be retained by the Basis Trade executing Member, pursuant to this Trading Procedure 16A.8, must be retained by the Member for five years. If the Basis Trade executing Member is not directly responsible for the execution of the cash leg of the Basis Trade, he must have appropriate arrangements in place with the party organising/executing the cash leg such that the information in (f) – (l) above can be provided promptly to the Exchange.

16A.9 Where a Basis Trade involves a Bond Futures Contract an Eris Futures Contract, a Swapnote® Futures Contract or one or more delivery month(s) of a Short Term Interest Rate Futures Contract against a plain vanilla OTC swap the following details must be submitted via the ICE Platform by the Basis Trade executing member:

- (a) Futures Contract(s) in which the Basis Trade is being transacted;
- (b) delivery month(s);
- (c) agreed futures price(s);
- (d) number of Futures Contracts;
- (e) a unique identifier/reference number for the swap transaction;

The Basis Trade executing Member must retain, in an easily accessible form that can be audited by the Exchange, documentary evidence which contains the following information:

- (f) the cash market counterparty identifier(s) for the cash leg;
- (g) fixed rate of the swap, including accrual convention;
- (h) floating reference rate of the swap;
- (i) termination/maturity date;
- (j) effective (start) date of the swap;
- (k) next fixed and floating reset dates of the swap;

- (l) replacement/liquidation value of the swap;
- (m) frequency of payments;
- (n) currency of floating and fixed legs of the swap; and
- (o) nominal value of the swap.

All information required to be retained by the Basis Trade executing Member, pursuant to this Trading Procedure 16A.9, must be retained by the Member for five years. If the Basis Trade executing Member is not directly responsible for the execution of the cash leg of the Basis Trade, he must have appropriate arrangements in place with the party organising/executing that leg such that the information in (f) - (o) above can be provided promptly to the Exchange.

16A.10 Where a Basis Trade involves one or more delivery month(s) of a Short Term Interest Rate Futures Contract against an FRA the following details must be submitted via the ICE Platform by the Basis Trade executing Member:

- (a) Futures Contract(s) in which the Basis Trade is being transacted;
- (b) delivery month(s);
- (c) agreed futures price(s);
- (d) number of Futures Contracts;
- (e) a unique identifier/reference number of the FRA transaction;

The Basis Trade executing Member must retain, in an easily accessible form that can be audited by the Exchange, documentary evidence which contains the following information:

- (f) the cash market counterparty identifier(s) for the cash leg;
- (g) reference rate of the FRA;
- (h) termination/maturity date;
- (i) effective (start) date of the FRA;
- (j) replacement/liquidation value of the FRA;
- (k) currency of the FRA; and
- (l) nominal value of the FRA.

All information required to be retained by the Basis Trade executing Member, pursuant to this Trading Procedure 16A.10, must be retained by the Member for five years. If the Basis Trade executing Member is not directly responsible for the execution of the cash leg of the Basis Trade, he must have appropriate arrangements in place with the party organising/executing that leg such that the information in (f) - (l) above can be provided promptly to the Exchange.

16A.11 Where a Basis Trade involves Equity Index Futures Contracts against a basket of equity securities, or Universal Stock Futures Contracts against equity securities, the following details must be submitted via the ICE Platform by the Basis Trade executing Member:

- (a) Futures Contract in which the Basis Trade is being transacted;
- (b) delivery month;
- (c) agreed futures price;

- (d) number of Futures Contracts;
- (e) a unique identifier/reference number for the equity security or basket of equity securities transaction, as applicable;

In addition, the Basis Trade executing Member must retain, in an easily accessible form that can be audited by the Exchange, documentary evidence of the following information:

- (f) the identity and volume traded of the equity security or each equity security comprising the basket, as applicable;
- (g) the price (including currency) at which each equity security was traded; and
- (h) any supplementary cash payment made in conjunction with the transaction.

All information required to be retained by the Basis Trade executing Member, pursuant to this Trading Procedure 16A.11, must be retained by the Member for five years. If the Basis Trade executing Member is not directly responsible for the execution of the cash leg of the Basis Trade, he must have appropriate arrangements in place with the party organising/executing that leg such that the information in (f) - (h) above can be provided promptly to the Exchange.

- 16A.12 Where a Basis Trade involves one or more delivery month(s) of a Short Term Interest Rate Futures Contract against a Repo the following details must be submitted to the Exchange via the ICE Platform by the Basis Trade executing Member:

- (a) Futures Contract(s) in which the Basis Trade is being transacted;
- (b) delivery month(s);
- (c) agreed futures price;
- (d) number of Futures Contracts;
- (e) a unique identifier/reference number for the Repo transaction;

In addition, the Basis Trade executing Member must retain, in an easily accessible form that can be audited by the Exchange, documentary evidence of the following information:

- (f) the counterparty identifier(s) for the Repo;
- (g) the coupon, maturity and ISIN code of the bond being “repoed”;
- (h) the nominal value and currency of the bond;
- (i) the clean price and dirty price for the opening leg of the trade;
- (j) the start and end dates for the Repo; and
- (k) the Repo rate.

All information required to be retained by the Basis Trade executing Member, pursuant to this Trading Procedure 16A.12, must be retained by the Member for five years. If the Basis Trade executing Member is not directly responsible for the execution of the cash leg of the Basis Trade, he must have appropriate arrangements in place with the party organising/executing the cash leg such that the information in (f) – (k) above can be provided promptly to the Exchange.

- 16A.13 Where a Basis Trade involves a Bond Futures Contract, an Eris Futures Contract, a Swapnote® Futures Contract, one or more delivery month(s) of a Short Term Interest Rate Futures Contract, a Universal Stock

Futures Contract or Equity Index Futures Contracts against an OTC option/options strategy, the following details must be submitted via the ICE Platform by the Basis Trade executing Member:

- (a) Futures Contract(s) in which the Basis Trade is being transacted;
- (b) delivery month(s);
- (c) agreed futures price(s);
- (d) number of Futures Contracts;
- (e) a unique identifier/reference number for the OTC options/options strategy transaction;

In addition, the Basis Trade executing Member must retain, in an easily accessible form that can be audited by the Exchange, documentary evidence of the following information:

- (f) the price(s) (including currency) and nominal value of the OTC option/ options strategy;
- (g) the strike price(s) of the OTC option/options strategy;
- (h) class – call(s) and/or put(s);
- (i) the price(s) of the underlying instrument(s) for the OTC option/options strategy;
- (j) the time to expiration of the OTC option/options strategy; and
- (k) the delta of the OTC option/options strategy.

All information required to be retained by the Basis Trade executing Member, pursuant to this Trading Procedure 16A.13, must be retained by the Member for five years. If the Basis Trade executing Member is not directly responsible for the execution of the cash leg of the Basis Trade, he must have appropriate arrangements in place with the party organising/executing that leg such that the information in (f) - (k) above can be provided promptly to the Exchange.

16A.14 Where a Basis Trade involves a Universal Stock Futures Contract against a non-Exchange traded option/options strategy, the following details must be submitted via the ICE Platform by the Basis Trade executing Member:

- (a) Futures Contract(s) in which the Basis Trade is being transacted;
- (b) delivery month(s);
- (c) agreed futures price(s);
- (d) number of Futures Contracts;
- (e) a unique identifier/reference number for the exchange traded options/options strategy transaction;

In addition, the Basis Trade executing Member must retain, in an easily accessible form that can be audited by the Exchange, documentary evidence of the following information:

- (f) the exchange on which the Option Contract was executed;
- (g) the price(s) (including currency) and nominal value of the exchange traded option/ options strategy;
- (h) the strike price(s) of the exchange traded option/options strategy;
- (i) class – call(s) and/or put(s);
- (j) the price(s) of the underlying instrument(s) for the exchange traded option/options strategy;

- (k) the time to expiration of the exchange traded option/options strategy; and
- (l) the delta of the exchange traded option/options strategy.

All information required to be retained by the Basis Trade executing Member, pursuant to this Trading Procedure 16A.14, must be retained by the Member for five years. If the Basis Trade executing Member is not directly responsible for the execution of the cash leg of the Basis Trade, he must have appropriate arrangements in place with the party organising/executing that leg such that the information in (f) - (l) above can be provided promptly to the Exchange.

16A.15 Where a Basis Trade involves an Eris Futures Contract, a Euro Swapnote® Futures Contract, Short Term Interest Rate Futures Contract or Bond Futures Contract against a non-Exchange traded short term interest rate or bond futures contract or swap futures as prescribed by the Exchange from time to time, the following details must be submitted via the ICE Platform by the Basis Trade executing Member:

- (a) Futures Contract in which the Basis Trade is being transacted;
- (b) delivery month(s);
- (c) agreed Futures Contract price(s);
- (d) number of Futures Contracts;
- (e) a unique identifier/reference number for the non-Exchange traded short term interest rate or bond futures transaction;

In addition, the Basis Trade executing Member must retain, in an easily accessible form that can be audited by the Exchange, documentary evidence of the following information:

- (f) the exchange on which the non-Exchange short term interest rate or bond futures contract was executed;
- (g) the type of futures contract executed;
- (h) the delivery month of the futures contract;
- (i) the price (including currency) and number of lots of the futures contract; and
- (j) where applicable, the identity and the conversion factor of the cheapest-to-deliver bond in respect of bond futures contract.

All information required to be retained by the Basis Trade executing Member, pursuant to this Trading Procedure 16A.15, must be retained by the Member for five years. If the Basis Trade executing Member is not directly responsible for the execution of the cash leg of the Basis Trade, he must have appropriate arrangements in place with the party organising/executing that leg such that the information in (f) - (j) above can be provided promptly to the Exchange.

16A.16 [Deleted 18 September 2014]

16A.17 [Deleted 18 September 2014]

16A.18 The Basis Trade details must be reported to the Exchange through the ICE Block facility as soon as practicable. In any event, details of the Basis Trade must be reported to the Exchange by the Basis Trade executing member and accepted within fifteen minutes of the time at which the Basis Trade was agreed. Members must not delay submission of a Basis Trade.

16A.19 The Exchange may check the validity of the details submitted by the executing Member. If the Exchange is not satisfied that all such details are valid, it may, in its absolute discretion, void the Basis Trade. The executing Member will then receive confirmation of the details of the trade.

16A.20 Basis Trades must be reported to the Exchange through the ICE Block facility by:

- (a) the Member itself;
 - (i) Where a General Participant Member executes a Basis Trade with or on behalf of a client who is not a Member, it must comply with all applicable laws, including in relation to suitability and appropriateness.
 - (ii) In the case of a Trade Participant or an Individual Participant, the Basis Trade must be in respect of business for its own account and the counterparty with whom it arranges the Basis Trade being another Member.
- (b) a Member's Representative; where they have been authorised by the Member they represent, and have been granted permission by the Exchange to access the ICE Block facility, having completed such form of enrolment as may be prescribed by the Exchange from time to time;
- (c) an ICE Block Member; where the ICE Block Member has the permission from its own Clearing Member or its client's Clearing Member(s) to execute business on its own account or on the client's behalf;
- (d) Members may also report the details of Basis Trades to the ICE Help Desk for entry into ICE Block in the Member's name; or in the name of the Clearing Member with whom its client on whose behalf the Member is executing business, has a clearing account. The Member must have been appropriately permissioned to enter Basis Trades by the Clearing Member;
- (e) any other means determined by the Exchange from time to time.

16A.21 Where the Basis Trade is agreed between two separate Members ("Non-crossed Trades") and unless agreed otherwise between the two Members party to the Non-crossed Trade, the buying Member shall enter the details of the Non-crossed Trade into ICE Block and such details shall be confirmed/accepted by the selling Member party to the Non-crossed Trade. Details must be confirmed/accepted within the period of time, and by such reporting deadline as prescribed by the Exchange from time to time for reporting.

16A.22 The Basis Trade will flow from ICE Block into the ICE Systems and be identified as a Basis Trade with a specific trade type as prescribed by the Exchange.

16A.23 Where details of a Non-crossed Trade have been submitted to ICE Block by one of the Members party to the Non-crossed Trade, but not confirmed in ICE Block by the other Member party to the Non-crossed Trade within the prescribed period of time, it is the responsibility of both Members (or the Clearing Member with whom the executing Member or counterparty is party to a clearing agreement) to discuss and resolve the matters preventing the confirmation/acceptance of the transaction submitted to ICE Block.

16A.24 Recording by the Exchange of a transaction does not preclude the Exchange from instigating disciplinary proceedings in the event that the transaction is subsequently found to have been made other than in compliance with Regulations and Trading Procedures.

16A.25 The following information with respect to the futures leg of a Basis Trade will be broadcast on the ICE Platform:

- (a) Futures Contract(s) and delivery month(s);
- (b) futures price(s); and
- (c) volume of futures traded.

In addition, these details will be distributed to quote vendors, marked with the ICE Platform market data update type 4 (Basis Trade).

For each Exchange Contract, the cumulative volume of futures traded as the futures leg of Basis Trades/Asset Allocations during the day will also be published.

16A.26 [Deleted 18 September 2014]

16B Exchange for Related Positions in Soft Commodity Contracts¹⁰¹

16B.1 The Exchange provides an Exchange for Related Positions Facility in Soft Commodity Contracts ("Soft Commodity EFRP Facility"). The Soft Commodity EFRP Facility allows Members to organise and execute, subject to this Trading Procedure 16B, the following types of Soft Commodity EFRP:

- (a) Soft Commodity EFP, which is a transaction between two parties involving the purchase or sale of a Futures Contract and either:
 - (i) the simultaneous price fixing of a directly related and specifically identifiable contract for sale or purchase of the same or similar physical commodity, which expressly contemplated price fixing; or
 - (ii) the hedging of a directly related and specifically identifiable contemporaneous contract for sale or purchase of the same or similar physical commodity;
- (b) Soft Commodity EFS, which is a transaction between two parties involving the purchase or sale of a Futures Contract and an appropriate number of related options or swaps; and
- (c) Soft Commodity EOO, which is a transaction between two parties involving the purchase or sale of an Option Contract and an appropriate number of related options,

(together, "Soft Commodity EFRPs").

16B.2 Soft Commodity EFRPs may be transacted only in respect of Contracts which have been designated by the Exchange from time to time for that purpose and published from time to time by notice posted on the Market. Soft Commodity EFRPs are not permitted in a delivery month of a designated contract which has never traded.

16B.3 Any Member is permitted to arrange Soft Commodity EFRPs, subject only to the Member having in place arrangements for the execution of the Contract leg of the Soft Commodity EFRP via a Member holding a relevant trading right ("the Soft Commodity EFRP executing Member") to trade such Contract.

16B.3A The following approaches to the construction of hedge ratios for Soft Commodity EFSs and Soft Commodity EOOs are considered acceptable:

- (a) Soft Commodity EFS: OTC swaps or options conforming to ISDA standards in relation to cocoa, robusta coffee, raw sugar, white sugar, feed wheat or in relation to a direct product of such commodity, against the relevant Soft Commodity Futures Contract - a method which is based on the quantity of the commodity or a direct product of such commodity underlying the swap or options position relative to the quantity of the commodity underlying the Soft Commodity Futures Contract; and
- (b) Soft Commodity EOO: OTC options conforming to ISDA standards in relation to cocoa, robusta coffee, raw sugar, white sugar, feed wheat or in relation to a direct product of such commodity, against the relevant Soft Commodity Options Contract - a method which is based on the quantity of the commodity or a direct product of such commodity underlying the OTC option position relative to the quantity of the commodity underlying the Soft Commodity Options Contract.

16B.3B Where a hedge ratio differs from the relevant method stipulated in Trading Procedure 16B.3A, the Member who is reporting the trade is required to seek approval from the Exchange and to justify the method in advance of submission.

¹⁰¹ Inserted 4 June 2014, amended 18 September 2014, 12 October 2015

- 16B.4 A Soft Commodity EFRP may be organised only during the trading hours of the Contract concerned, as published by the Exchange from time to time by notice posted on the Market.
- 16B.5 When a Member accepts a Soft Commodity EFRP order, he must record the order details set out in Trading Procedure 16B.7 and, in addition, the details prescribed by (a) – (c) below, on an order record. Where a Member employs an electronic system for order routing, such details must be recorded electronically:
- (a) time of order receipt;
 - (b) identity of individual organising the Soft Commodity EFRP; and
 - (c) time stamp (at time of organisation).

All information required to be retained by the Soft Commodity EFRP executing Member, pursuant to this Trading Procedure 16B.5, must be retained by the Member for five years.

- 16B.6 The Soft Commodity EFRP executing Member is responsible for assigning the price of the Contract leg(s) of the Soft Commodity EFRP.
- 16B.7 In relation to Soft Commodity EFPs, the following details must be submitted via the ICE Platform by the Soft Commodity EFRP executing Member:
- (a) Contract in which the Soft Commodity EFRP is being transacted;
 - (b) delivery month(s);
 - (c) agreed futures price(s);
 - (d) number of lots of each Contract; and
 - (e) counterparty Member mnemonic.

In addition, and subject to Rule F.5.C(c), the Soft Commodity EFRP executing Member must retain, in an easily accessible form that can be audited by the Exchange, documentary evidence of the following information:

either

- (i) a copy of the physical contract itself, if this was transacted at a specific outright price. The date of the physical contract must be the same as the date of registration of the futures leg;

or

- (ii) a copy of a price-fixation confirmation, together with a copy of the directly related contract which shows the price differential or ratio at which the contract was transacted. The date of the price-fixation confirmation must be the same as the date of registration of the futures leg;

and

- (iii) that the price (plus premium, less discount, or multiplied by ratio) equates to the price at which the Soft Commodity EFP was transacted;
- (iv) that the futures delivery month referred to in the physical contract or price-fixation confirmation is the same as that for which the Soft Commodity EFP was registered; and
- (v) that the physical contract or price-fixation confirmation relates to at least the equivalent amount of the underlying commodity or a related commodity.

- 16B.7A In relation to Soft Commodity EFSs, the following details must be submitted via the ICE Platform by the Soft Commodity EFRP executing Member:

- (a) Futures Contract in which the Soft Commodity EFS is being transacted;
- (b) delivery month;
- (c) agreed futures price; and
- (d) number of lots of each Futures Contract.

In addition, the Soft Commodity EFRP executing Member must retain, in an easily accessible form that can be audited by the Exchange, a copy of the relevant ISDA agreement (the “ISDA Agreement”) or the relevant confirmation which forms part of the ISDA Agreement.

The following information should be contained in the documentary evidence:

- (i) the price formulae of the swap or OTC option;
- (ii) the termination/maturity date;
- (iii) the effective (start) date of the swap or OTC option;
- (iv) the quantity of the swap or OTC option position relating to the underlying commodity or the direct product of such commodity; and
- (v) the referenced futures delivery month.

16B.7B In relation to Soft Commodity EOOs, the following details must be submitted via the ICE Platform by the Soft Commodity EFRP executing Member:

- (a) Options Contract in which the Soft Commodity EOO is being transacted;
- (b) Options Contract expiry month;
- (c) agreed strike price and premium; and
- (d) number of lots of each Options Contract.

In addition, the Soft Commodity EFRP executing Member must retain, in an easily accessible form that can be audited by the Exchange, a copy of the relevant ISDA Agreement or the relevant confirmation which forms part of the ISDA Agreement.

The following information should be contained in the documentary evidence:

- (i) the price formulae of the OTC option;
- (ii) the termination date;
- (iii) the start date;
- (iv) the quantity of the position relating to the underlying commodity or the direct product of such commodity; and
- (v) the referenced options expiry month.

16B.8 Details of a Soft Commodity EFRP transaction must be reported to the Exchange through the ICE Block facility by the Soft Commodity EFRP executing Member as soon as practicable. In any event, details of the Soft Commodity EFRP must be submitted by the Soft Commodity EFRP executing Member within fifteen minutes of agreeing to execute the Soft Commodity EFRP. Members must not delay submission of a Soft Commodity EFRP. If the Exchange is not satisfied that all such details are valid, it may, in its discretion, void the Soft Commodity EFRP. The executing Member will then receive confirmation of the details of the trade.

16B.10 Soft Commodity EFRPs must be reported to the Exchange through the ICE Block facility by:

- (a) the Member itself;
 - (i) Where a General Participant Member executes a Soft Commodity EFRP with or on behalf of a client who is not a Member, it must comply with all applicable laws, including in relation to suitability and appropriateness.
 - (ii) In the case of a Trade Participant or an Individual Participant, the Soft Commodity EFRP must be in respect of business for its own account and the counterparty with whom it arranges the Soft Commodity EFRP being another Member.
- (b) a Member's Representative; where they have been authorised by the Member they represent, and have been granted permission by the Exchange to access the ICE Block facility, having completed such form of enrolment as may be prescribed by the Exchange from time to time;
- (c) an ICE Block Member; where the ICE Block Member has the permission from its own Clearing Member or its client's Clearing Member(s) to execute business on its own account or on the client's behalf;
- (d) Members may also report the details of Soft Commodity EFRPs to the ICE Help Desk for entry into ICE Block in the Member's name; or in the name of the Clearing Member with whom its client on whose behalf the Member is executing business, has a clearing account. The Member must have been appropriately permissioned to enter Soft Commodity EFRPs by the Clearing Member;
- (e) any other means determined by the Exchange from time to time.

16B.11 Where the Soft Commodity EFRP is agreed between two separate Members ("Non-crossed Trades") and unless agreed otherwise between the two Members party to the Non-crossed Trade, the buying Member shall enter the details of the Non-crossed Trade into ICE Block and such details shall be confirmed/accepted by the selling Member party to the Non-crossed Trade. Details must be confirmed/accepted within the period of time, and by such reporting deadline as prescribed by the Exchange from time to time for reporting.

16B.12 The Soft Commodity EFRP will flow from ICE Block into the ICE Systems and be identified as a Soft Commodity EFRP with a specific trade type as prescribed by the Exchange.

16B.13 Where details of a Non-crossed Trade have been submitted to ICE Block by one of the Members party to the Non-crossed Trade, but not confirmed in ICE Block by the other Member party to the Non-crossed Trade within the prescribed period of time, it is the responsibility of both Members (or the Clearing Member with whom the executing Member or counterparty is party to a clearing agreement) to discuss and resolve the matters preventing the confirmation/acceptance of the transaction submitted to ICE Block.

16B.14 The following information with respect to the Contract leg of a Soft Commodity EFRP will be broadcast on the ICE Platform:

- Futures Contract(s) and delivery month(s) or Options Contract(s) and expiry months; and
- Volume of such Futures Contracts or Options Contracts traded.

In addition, these details will be distributed to quote vendors, marked with the ICE Platform market data update type E (for Soft Commodity EFPs), S (for Soft Commodity EFSs) or Q (for Soft Commodity EOOs).

For each Contract, the cumulative volume traded as the Contract leg of Soft Commodity EFRPs posted during the day will also be published.

- 16B.15 Recording by the Exchange of a transaction does not preclude the Exchange from instigating disciplinary proceedings in the event that the transaction is subsequently found to have been made other than in compliance with the Regulations and Trading Procedures.
- 16B.16 All information required to be retained by the Soft Commodity EFRP executing Member, pursuant to Trading Procedures 16B.7, 16B.7A and 16B.7B, must be retained by the Member for five years. If the Soft Commodity EFRP executing Member is not directly responsible for the execution of the physical leg of the Soft Commodity EFRP, he must have appropriate arrangements in place with the party organising/executing the physical leg such that the information in Trading Procedures 16B.7(i) – (v), 16B.7A(i) – (v) and 16B.7B(i) – (v) above can be provided promptly to the Exchange.

16C Asset Allocations¹⁰²

- 16C.1 The Exchange provides an Asset Allocation Facility which allows Members to organise and execute, subject to this Trading Procedure 16C, Transactions involving a specified combination of two Exchange Contracts in an appropriate ratio. For the purposes of these Trading Procedures such Transactions are called “Asset Allocations”.
- 16C.2 Any Member is permitted to arrange Asset Allocations, subject only to the Member having in place arrangements for the execution of the individual legs of the Asset Allocation via a Member holding the relevant Trading Privilege (“the Asset Allocation executing Member”) to trade the Asset Allocation Exchange Contracts.
- 16C.3 An Asset Allocation may be organised only during the trading hours of each Futures or Options Contracts concerned, as published by the Exchange from time to time by notice posted on the Market.
- 16C.4 Asset allocations may be transacted only in Exchange Contracts which have been designated by the Exchange for that purpose. Such designations are published, from time to time by Notice posted on the Market. The Asset Allocation Facility can be used in respect of a delivery month for a Futures Contract, or an expiry month for an Options Contract on any Trading Day up to and including the business day preceding the Last Trading Day of that delivery month or expiry month.
- 16C.5 The Asset Allocation executing Member is responsible for assigning the price of the individual legs of an Asset Allocation. Prices of the individual legs must be at the level trading on the ICE Platform at the time the Asset Allocation is submitted for execution, as specified in Trading Procedure 3.1.2, or within the price parameters as defined by the Exchange from time to time. In the event that no trade has occurred in the relevant delivery month or expiry month on that day at the time the Asset Allocation is submitted for execution, the price of the individual legs of the Asset Allocation must be within the price parameters as defined by the Exchange from time to time.
- 16C.6 The hedge ratio considered acceptable will be either:
- (a) for contracts of similar duration or asset class (e.g. Long Gilt Futures versus 10yr Eris Interest Rate Futures): nominal value for nominal value (currency converted if applicable); or
 - (b) for contracts of different duration along the same (e.g. Short Sterling Futures versus Long Gilt Future) or different (e.g. 5yr Eris Interest Rate Futures versus Long Gilt Futures) yield curve: a method based upon the ratio of the relative value of basis point shifts in the yield curve for, the two futures contracts; or
 - (c) for strips of contracts versus longer duration contracts (e.g. Short Sterling versus 2yr Eris Interest Rate Futures) a method based upon the ratio of the relative aggregate value of basis point shifts in the yield curve of the two sides of the Asset Allocation.

Where a hedge ratio differs from such methods, the Member who is reporting the trade (see Trading Procedure 16C.10) is required to seek approval from the Exchange and justify the method employed in advance of such submission.

¹⁰² Inserted on 3 June 2016

- 16C.7 In respect of each Asset Allocation submitted, the Member accepting the Asset Allocation order must record the order details prescribed by Trading Procedure 3.1.2 and where a Member employs an electronic system for order routing, details prescribed in Trading Procedure 3.1.2 must also be recorded electronically.
- 16C.8 All information required to be retained by the Asset Allocation executing Member, pursuant to Trading Procedure 3.1.2, must be retained by the Member for five years.
- 16C.9 The Asset Allocation details set out in Trading Procedure 3.1.2 must be submitted to the Exchange as soon as practicable. The period of time for the submission of an Asset Allocation to the Exchange commences as soon as verbal agreement on the terms of the Asset Allocation is reached between the parties to the Asset Allocation. In any event, details of the Asset Allocation must be submitted by the Asset Allocation Executing Member within fifteen minutes of the time at which the Asset Allocation was organised. Members must not delay submission of an Asset Allocation. Failure to meet such reporting timelines may constitute a breach of the Rules.
- 16C.10 The Exchange may check the Asset Allocation details submitted to ICE Block and, if the Exchange is not satisfied that all such details are valid, it may, in its absolute discretion, void the Asset Allocation. A decision by the Exchange to void an Asset Allocation is final.
- 16C.11 Asset Allocations must be reported to the Exchange through the ICE Block facility by:
- (a) the Member itself;
 - (i) Where a General Participant Member executes an Asset Allocation with or on behalf of a client who is not a Member, it must comply with all applicable laws, including in relation to suitability and appropriateness.
 - (ii) In the case of a Trade Participant or an Individual Participant, the Asset Allocation must be in respect of business for its own account and the counterparty with whom it arranges the Asset Allocation being another Member.
 - (b) a Member's Representative; where they have been authorised by the Member they represent, and have been granted permission by the Exchange to access the ICE Block facility, having completed such form of enrolment as may be prescribed by the Exchange from time to time;
 - (c) an ICE Block Member; where the ICE Block Member has the permission from its own Clearing Member or its client's Clearing Member(s) to execute business on its own account or on the client's behalf;
 - (d) Members may also report the details of Asset Allocations to the ICE Help Desk for entry into ICE Block in the Member's name; or in the name of the Clearing Member with whom its client on whose behalf the Member is executing business, has a clearing account. The Member must have been appropriately permissioned to enter the Asset Allocation by the Clearing Member;
 - (e) any other means determined by the Exchange from time to time.
- 16C.12 Where the Asset Allocation is agreed between two separate Members ("Non-crossed Trades) and unless agreed otherwise between the two Members party to the Non-crossed Trade, the buying Member shall enter the details of the Non-crossed Trade into ICE Block and such details shall be confirmed/accepted by the selling Member party to the Non-crossed Trade. Details must be confirmed/accepted within the period of time prescribed by the Exchange for reporting.
- 16C.13 Where details of a Non-crossed Trade have been submitted to ICE Block by one of the Members party to the Non-crossed Trade, but not confirmed in ICE Block by the other Member party to the Non-crossed Trade within the prescribed period of time, it is the responsibility of both Members (or the Clearing Member with whom the executing Member or counterparty is party to a clearing

agreement) to discuss and resolve the matters preventing the confirmation/acceptance of the transaction submitted to ICE Block.

- 16C.14 The Asset Allocation will flow from ICE Block into the ICE systems and be identified as an Asset Allocation with a specific trade type as prescribed by the Exchange.
- 16C.15 Upon request by the Exchange the Asset Allocation executing Member must produce satisfactory evidence that the Asset Allocation has been organised in accordance with the Rules and Trading Procedures. Asset Allocation executing Members must, therefore, be in a position to supply documentary evidence in connection with an Asset Allocation.
- 16C.16 Recording by the Exchange of an Asset Allocation does not preclude the Exchange from instigating disciplinary procedures in the event that the transaction is subsequently found to have been made other than in compliance with the Regulations, nor does it preclude the Clearing House from voiding or taking other action in relation an Asset Allocation.
- 16C.17 The following information with respect to the individual legs of the Asset Allocation will be broadcast on the ICE Platform:
 - (a) Futures Contracts and delivery month(s) or Options Contracts and expiry month(s);
 - (b) futures prices or option premia; and
 - (c) volume of futures or options traded.

In addition, these details will be distributed to quote vendors, marked with ICE Platform market data update type “AA” (Asset Allocation Trade).

For each Exchange Contract, the cumulative volume of futures and options traded as Asset Allocations during the day will also be published.

SECTION 4: BLOCK TRADE PROCEDURES

17. BLOCK TRADE PROCEDURES¹⁰³

17.1 Block Trades may take place:

- (a) in respect of Contracts designated by the Exchange from time to time as Contracts that may be traded as Block Trades pursuant to the Regulation;
- (b) only during such trading hours of the Block Trade Contract concerned and on such Trading Days as the Exchange may from time to time prescribe;
- (c) in respect of an Emission Contract, only when arranged by a Member who is the holder of an Emissions Trading Privilege; and
- (d) only when arranged and reported in accordance with Rule F.7 and these Trading Procedures, and when price, volume and aggregation Rules are met.

Block Trades are not subject to Trading Procedures other than in this Section 4 or where specifically mentioned.

17.2 [Deleted 14 September 2004]

17.3 Block Trades must be reported to the Exchange through the ICE Block facility by:

- a) the Member itself;
 - (i) Where a General Participant Member or ICE Block Member executes a Block Trade with or on behalf of a client who is not a Member or an ICE Block Member of the Exchange, it must comply with all applicable laws, including in relation to suitability and appropriateness.
 - (ii) In the case of a Trade Participant or an Individual Participant (including Trade Participant ICE Block Members transacting own business), the Block Trade must be in respect of business for its own account and the counterparty with whom it arranges the Block Trade being another Member or ICE Block Member.
- b) a Member's Representative; where they have been authorised by the Member they represent, and have been granted permission by the Exchange to access the ICE Block facility, having completed such form of enrolment as may be prescribed by the Exchange from time to time;
- c) an ICE Block Member; where the ICE Block Member has the permission from its own Clearing Member or its client's Clearing Member(s) to execute business on its own account or on the client's behalf;
- d) Members may also report the details of Block Trades to the ICE Help Desk for entry into ICE Block in the Member's name; or in the name of the Clearing Member with whom its client on whose behalf the Member is executing business, has a clearing account. The Member must have been appropriately permissioned to enter Block Trades by the Clearing Member;
- e) any other means determined by the Exchange from time to time.

in accordance with the reporting requirements in Trading Procedure 17.

Block Trades must be reported to the Exchange within a period of time, or by such reporting deadline as may be prescribed by the Exchange from time to time. Failure to meet such reporting timelines may constitute a breach of the Rules.

17.4 The period of time for the submission of a Block Trade to the Exchange commences as soon as verbal agreement on the terms of the Block Trade is reached between the parties to the Block Trade, and must be completed by such reporting deadline as the Exchange may prescribe from time to time.

¹⁰³ Amended 14 September 2004, 22 April 2005, 7 December 2005, 29 March 2006, 21 April 2006, 24 April 2006, 18 December 2007, Launch of ICE Clear 2008, 20 May 2011, 5 December 2011, 01 November 2013, 29 January 2014, 4 June 2014, 18 September 2014, 12 October 2015

- 17.5 Such time of commencement shall be recorded by the Members arranging the Block Trade on the order slip or electronic record of an order in accordance with the Regulations.
- 17.6 Members must not delay reporting the Block Trade to the Exchange.
- 17.7 Where the Block Trade is agreed between two separate Members (“Non-crossed Trades”) and unless agreed otherwise between the two Members party to the Non-crossed Trade, the buying Member shall enter the details of the Non-crossed Trade into ICE Block and such details shall be confirmed/accepted by the selling Member party to the Non-crossed Trade. Details must be confirmed/accepted within the period of time, and by such reporting deadline, as prescribed by the Exchange from time to time for reporting.
- 17.8 The Exchange may check the Block Trade details submitted to ICE Block and, if the Exchange is not satisfied that all such details are valid, it may, in its absolute discretion, void the Block Trade.

A decision by the Exchange to void a Block Trade is final.
- 17.9 Publication arrangements for Block Trades shall be prescribed by the Exchange from time to time. These may include deferred publication and non-publication in defined circumstances. Different arrangements may be prescribed for different Contracts and different sizes of Block Trade.
- 17.10 The Block Trade will flow from ICE Block into the ICE Systems and be identified as a Block Trade with a specific trade type as prescribed by the Exchange.
- 17.11 Where details of a Non-crossed Trade have been submitted to ICE Block by one of the Members party to the Non-crossed Trade, but not confirmed in ICE Block by the other Member party to the Non-crossed Trade within the prescribed period of time, it is the responsibility of both Members (or the Clearing Member with whom the executing Member or counterparty is party to a clearing agreement) to discuss and resolve the matters preventing the confirmation/acceptance of the transaction submitted to ICE Block.
- 17.12 Recording by the Exchange of a Block Trade does not preclude the Exchange from instigating disciplinary procedures in the event that the transaction is subsequently found to have been made other than in compliance with the Regulations, nor does it preclude the Clearing House from voiding or taking other action in relation to a Block Trade.

SECTION 5: EXCHANGE FOR RELATED MARKETS ("EFM") FACILITY¹⁰⁴18. EFM PROCEDURES¹⁰⁵

- 18.1 EFM transactions (EFMs) may take place in respect of transactions in Contracts, and for those contract months which shall be specified by the Exchange from time to time, and are not subject to Trading Procedures other than this Section 5 unless specifically referred to.
- 18.2 EFMs must be reported to the Exchange through the ICE Block facility by:
- a) the Member itself;
 - (i) Where a General Participant Member or ICE Block Member executes an EFM transaction with or on behalf of a client who is not a Member or an ICE Block Member of the Exchange, it must comply with all applicable laws, including in relation to suitability and appropriateness.
 - (ii) In the case of a Trade Participant or an Individual Participant (including Trade Participant ICE Block Members transacting own business), the EFM must be in respect of business for its own account and the counterparty with whom it arranges the EFM being another Member or ICE Block Member.
 - b) a Member's Representative; where they have been authorised by the Member they represent, and have been granted permission by the Exchange to access the ICE Block facility, having completed such form of enrolment as may be prescribed by the Exchange from time to time;
 - c) an ICE Block Member; where the ICE Block Member has the permission from its own Clearing Member or its client's Clearing Member(s) to execute business on its own account or on the client's behalf;
 - d) Members may also report the details of EFMs to the ICE Help Desk for entry into ICE Block in the name of the Clearing Member with whom such Member, or its client on whose behalf the Member is executing business, has a clearing account. The Member must have been appropriately permissioned to enter EFMs by the Clearing Member;
 - e) any other means determined by the Exchange from time to time,
- in accordance with the reporting requirements in Trading Procedure 18.
- 18.3 On the last day of trading of a contract month/date/group of dates, EFMs, may be reported to the Exchange by the times as specified by the Exchange from time to time.
- 18.4 Members may post an EFM by entering into ICE Block both the buy and sell sides of the trade as a crossed trade.
- 18.5 Where the EFM is agreed between two separate Members ("Non-crossed Trade") and unless agreed otherwise between the two Members party to the Non-crossed Trade, the buying Member shall enter the details of the Non-crossed Trade into ICE Block and such details shall be confirmed/accepted by the selling Member party to the Non-crossed Trade.
- 18.6 Where details of the Non-crossed Trade have been submitted to ICE Block by one of the Members party to the Non-crossed Trade, but not confirmed/accepted in ICE Block by the other Member party to the Non-crossed Trade, it is the responsibility of both such Members (or the Clearing Member with whom the executing Member is party to a clearing agreement) to discuss and resolve the matters preventing the confirmation/acceptance of the transaction submitted to ICE Block.
- 18.7 Members may also report the details of EFMs to the ICE Help Desk for entry into ICE Block in the name of the Clearing Member with whom such Member, or its client on whose behalf the Member is executing business, has a clearing account, if appropriately permissioned.
- 18.8 The EFM will flow from ICE Block into the ICE Systems and be identified as an EFM, as appropriate, with a specific trade type as prescribed by the Exchange.

¹⁰⁴ Inserted 5 December 2011, 29 January 2014¹⁰⁵ Inserted 5 December 2011, 29 January 2014

- 18.9 The Exchange may check the EFM details submitted to ICE Block and, if the Exchange is not satisfied that all such details are valid, it may, in its absolute discretion, void the EFM.
- 18.10 A decision by the Exchange to void an EFM is final.
- 18.11 Recording by the Exchange of an EFM does not preclude the Exchange from instigating disciplinary procedures in the event that the transaction is subsequently found to have been made other than in compliance with the Regulations, nor does it preclude the Clearing House from voiding or taking other action in relation to an EFM.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

SECTION A: INTRODUCTION

- A 1. [Not used]
- A 2. Through contractual arrangements between the Exchange and the Clearing House, the Exchange is responsible for Grading and Warehousekeeping in respect of ICE Futures London Cocoa Futures Contracts, ICE Futures Euro Cocoa Futures Contracts and ICE Futures Robusta Coffee Futures Contracts executed on the Exchange.
- A 3. [Not used]
- A 4. These Grading and Warehousekeeping Procedures (“GWPs”) form part of the Regulations and prescribe the procedures which must be followed in respect of ICE Futures London Cocoa Futures Contracts, ICE Futures Euro Cocoa Futures Contracts and ICE Futures Robusta Coffee Futures Contracts, as the case may be, and in respect of all Cocoa and Robusta Coffee. These GWPs shall apply to and be contractually binding upon Warehousekeepers, Members, Graders, Nominated Members, Depositories, Owners and Supervision Companies. These GWPs will apply whether or not the Owner contemplates the delivery of such Cocoa and Robusta Coffee against a Contract.
- A.5 [Not used]
- A 6. These GWPs should be read in conjunction with the remainder of the Regulations, including the relevant Contract Rules and Administrative Procedures for the ICE Futures London Cocoa Futures Contracts, ICE Futures Euro Cocoa Futures Contracts or ICE Futures Robusta Coffee Futures Contracts, as the case may be.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

SECTION B: INTERPRETATION²⁶

- B 1. In these GWPs, a reference to a "GWP" is a reference to a term in these GWPs, as modified from time to time.
- B 2. Terms defined elsewhere in the Regulations shall have the same meaning in these GWPs, except where otherwise specified or defined in GWP B 3.
- B 3. In these GWPs:
- | | |
|------------------------------------|---|
| "abnormal odour" | means any disagreeable odour or any odour foreign to coffee. |
| "Appeal Panel" | means a minimum of three Graders selected in accordance with GWP E 1.6 from the list of ICE Registered Cocoa or Robusta Coffee Graders, as the case may be, to grade a sample which is the subject of a notice of appeal submitted to the Exchange in accordance with these GWPs. |
| "bag" | shall, in respect of Robusta Coffee, mean a bag of a type described in GWP D 3.1.1.1 (a). |
| "bean cluster" | means, in respect of the ICE Futures London Cocoa Futures Contract or the ICE Futures Euro Cocoa Futures Contracts, two (or more) Cocoa beans which are joined together and which are unable to be split into two (or more) whole single Cocoa beans as a result of the exertion of reasonable hand pressure. |
| "block stow" | means the storage of a fifty tonne pile of bagged Cocoa on a single layer of pallets such that all sides of the stack are accessible for sampling. |
| "Cocoa" | means cocoa beans which are whole seeds of the cocoa tree (<i>Theobroma Cacao</i> L). |
| "Cocoa Contract Rule" | means Rule EEEE for the ICE Futures London Cocoa Futures Contracts, or EEEE1 for the ICE Futures Euro Cocoa Futures Contracts, as amended from time to time. |
| "coffee bean" | means the dried seed of the coffee plant. |
| "Contract Rules" | means the Contract Rules of the ICE Futures London Cocoa Futures Contract, ICE Futures Euro Cocoa Futures Contract or the ICE Futures Robusta Coffee Futures Contract, as the case may be. |
| "Converted Delivery Unit" | means a new Delivery Unit which is formed upon the conversion of part or all of a Nominated Delivery Unit. |
| "Converted Original Delivery Unit" | means a new Delivery Unit which is formed upon the conversion of an Original Delivery Unit, and shall include, unless the context otherwise requires, a Converted Delivery Unit. |
| "Defects" | means, in respect of Robusta Coffee, any defect determined to be a defect by the ICE Registered Robusta Coffee Graders pursuant to Rule GGGG.4(d). |
| "Defective" | shall have the meaning set out in Rule EEEE.1. |
| "Delivery Unit" | means a Standard Delivery Unit, a Large Delivery Unit or a Bulk Delivery Unit. A Delivery Unit must comprise Cocoa of the same Origin and shipment |

²⁶ Amended 26 May 2015, 10 October 2016. Amendments in square brackets will take effect from the July 2018 delivery month.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

	period.
“Depository”	means any person designated by the Exchange to receive, hold and administer Warrants in immobilised form; details of such persons shall be notified from time to time by notice posted on the Market.
“Dual Capacity Warehousekeeper”	means a Warehousekeeper which has been nominated by the Exchange in its absolute discretion to store in its Warehouse Goods piled as parcels, lots or Standard, Large or Bulk Delivery Units and to record details of the relevant Warrants on Guardian and which appears on the List of Nominated Warehouses and Warehousekeepers published from time to time by notice posted on the Market.
“Exchange Official”	means any employee of the Exchange.
“FFA”	Free Fatty Acid – conventionally expressed as oleic acid (molecular weight 282).
“FIBC”	shall mean Flexible Intermediate Bulk Container of a type described in GWP D 3.1.2.1 (a) (ii).
“Fogging”	means the application within a Warehouse of a chemical agent designed to eradicate insect infestation either on or around the Goods.
“Fumigation”	means the use of either a chemical agent and/or a process designed to eradicate insect infestation either on and/or within the Goods.
[“Global Average Warehousekeeper Rent”	shall mean the figure published by the Exchange from time to time for average Robusta Coffee in-store rent charges of Warehousekeepers.]
“Goods”	means either Cocoa or Robusta Coffee, details of which are represented by the Warrants recorded on Guardian.
“Grader”	means an ICE Registered Cocoa Grader or ICE Registered Robusta Coffee Grader.
“Graders Contract”	means the consultancy agreement signed between ICE Futures Europe and an ICE Registered Cocoa Grader or an ICE Registered Robusta Coffee Grader.
“Grading Panel”	means a minimum of three Graders selected in accordance with Procedure E 1.6 from the list of ICE Registered Cocoa or Robusta Coffee Graders, as the case may be, to grade a sample submitted to the Exchange in accordance with these GWPs.
“Grading Room”	means the ICE Futures Europe Grading Room.
“Grading Station”	means the workbench where a Grading Panel or Appeal Panel grade a sample of Cocoa or Robusta Coffee.
“grouped lot”	shall mean two to five lots of Robusta Coffee which have been declared by the Owner and Member and confirmed by the Warehousekeeper as a grouped lot for grading purposes; the Robusta Coffee of which is from one Origin, ex one Vessel, shipped on one Bill of Lading, and stored in the same Warehouse under the control of the same Warehousekeeper. The results obtained by collectively grading samples from grouped lots under GWP D 3.4.2 shall apply to the individual lots.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

“Guardian”	means the electronic system relating to the grading, tender, delivery and warrant management services, or any successor thereto, which amongst other things, records details on a Warrant relating to Cocoa and Robusta Coffee stored in a Warehouse for delivery under a contract.
“ICE Futures Euro Cocoa Futures Contract”	means a Contract made expressly or impliedly under Rule EEEE1.
“ICE Futures London Cocoa Futures Contract”	means a Contract made expressly or impliedly under Rule EEEE.
“ICE Futures Robusta Coffee Contract”	means a Contract made expressly or impliedly under Rule GGGG.
“ICE Registered Cocoa Grader”	means an individual registered with the Exchange as an ICE Registered Cocoa Grader in accordance with GWP E 1.2.
“ICE Registered Robusta Coffee Grader”	means an individual registered with the Exchange as an ICE Registered Robusta Coffee Grader in accordance with GWP E 1.2.
“industry sample”	means any material drawn from Goods stored in a Warehouse for purposes other than submission to the Grading Room for grading.
“laboratory sample”	means the quantity of not less than 300 grams removed from the grading sample pursuant to GWP E 3.2.2.3 or E 3.2.3.5.
“Last weigh Date”	means the date on which a Delivery Unit was last re-weighed as attributed to it in Rule EEEE.5(g) or EEEE1.5(g).
“List of Nominated Warehousekeepers”	means the List of Nominated Warehousekeepers published by the Exchange by notice posted on the Market from time to time.
“Loading In”	means the movement of a lot of Robusta Coffee (in bags, bulk or FIBCs) or a Delivery Unit of Cocoa (in bags or bulk) from a vessel or current place of storage to a Warehouse.
“Loading In Charge”	means the fee charged by the Warehousekeeper in respect of the Loading In of a lot of Robusta Coffee (in bags, bulk or FIBCs) or a Delivery Unit of Cocoa (in bags or bulk) from a vessel or current place of storage to a Warehouse.
“Loading Out” or “Loaded Out” or “Load Out”	means the movement of a lot of Robusta Coffee (in bags or FIBCs) or a Delivery Unit of Cocoa (in bags and/or in bulk) from within a Warehouse on to transport.
“Loading Out Charge”	means the fee charged by a Warehousekeeper in respect of the Loading Out of a lot of Robusta Coffee (in bags or FIBCs) or a Delivery Unit of Cocoa (in bags and/or in bulk) from within a Warehouse on to a truck or lorry.
“Lodgement Request Form”	means the document produced by Guardian when the Nominated Member requests the immobilisation of a Warrant in Guardian. This Lodgement Request should be attached to the Warrants when presented to the Depository.
“Lodgement Statement”	means the report produced by Guardian and issued by the Depository when it accepts the lodgement of Warrants.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

“London Agent”	means a person acceptable to the Exchange who is authorised by the appointing Warehousekeeper for the purposes of updating rent payments on Guardian, amendment of documents issued by the appointing Warehousekeeper and for the service of process so that the Exchange and Owners may rely upon the acts of such London Agent without further enquiry.
“lot”	has the meaning attributed to it in Rule GGGG.2(b) (ICE Futures Robusta Coffee Futures Contract).
“Nominated Delivery Unit”	means each Delivery Unit to be converted by or on behalf of the Seller as notified to the Exchange under Rule EEEE.12(d)(i) or (ii) (ICE Futures London Cocoa Futures Contract), or Rule EEEE1.12(d)(i) or (ii) (ICE Futures Euro Cocoa Futures Contract).
“Nominated Member”	means a Clearing Member who, on behalf of an Owner, has been nominated by a Warehousekeeper or another Nominated Member in respect of the registration on Guardian of a Warrant that is to be, or has been, immobilised.
“Nominated Warehousekeeper”	means a Warehousekeeper appearing on the List of Nominated Warehousekeepers.
“Original Delivery Unit”	means a Delivery Unit which is converted into one or more Converted Original Delivery Units, and shall include, unless the context otherwise requires, a Nominated Delivery Unit in accordance with the relevant Cocoa Contract Rules.
“Original Weigh Date”	Means the date that a Delivery Unit was first weighed in an ICE Nominated Warehouse.
“Owner”	means, subject to GWP F 2.4.1, the person recorded as such on Guardian for the Goods to which a Warrant relates. A person may act as both Owner and Nominated Member for the same Warrant.
“parcel”	means, in respect of Robusta Coffee, all or any portion of a shipment of Robusta Coffee of one Origin, one class, ex one vessel, shipped on one Bill of Lading to the same destination and which is stored in one Warehouse.
“Preliminary sample”	is the material initially drawn from the Cocoa and Robusta Coffee.
“Published List of Rent and Loading Out Charges”	means a list so titled and published by the Exchange from time to time on the ICE website (www.theice.com) containing, by delivery area or port as applicable, details of the maximum Rent and Loading Out Charges per tonne levied by Warehousekeepers in respect of Robusta Coffee in bags or FIBCs and for Cocoa in both bags and/or in bulk. ²⁷
“Quartering”	is the process by which sample material is mixed thoroughly and reduced by use of an appropriate riffle box or similar equipment so that the resulting reduced material is proportionally the same in all aspects as the original sample material. A “quartered sample” is a sample which has been created by quartering.

²⁷ With effect from the July 2018 delivery month, the definition of “Published List of Rent and Loading Out Charges” will be replaced with “*means a list so titled and published by the Exchange from time to time on the ICE website (www.theice.com) containing, by delivery area or port as applicable, details of the maximum Rent and Loading Out Charges per tonne levied by Warehousekeepers in respect of Cocoa in both bags and/or in bulk.*”

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

“Related Company”	means a subsidiary or parent company or any subsidiary or parent company thereof which form part of a group of companies.
“Rent”	means a periodic fee (not including any other charges) which a Warehousekeeper shall be entitled to charge in respect of the storage of a lot of Robusta Coffee (in bags or FIBCs) or a Delivery Unit (either in bags and/or in bulk) of Cocoa in a Warehouse and which is levied pursuant to these GWPs.
“Robusta Coffee”	shall mean coffee of the botanical species <i>Coffea canephora</i> Pierre ex A. Froehner, with some varieties and cultivars of these species.
“Robusta Coffee Contract Rule”	means Rule GGGG, as amended from time to time.
“secure paper”	means paper which has special security features and is provided by the Exchange to the Warehousekeeper for the sole purpose of printing a Warrant using Guardian and must not be used for any other purpose.
“shipment period”	means, in respect of Robusta Coffee, the crop year for the country of origin of Robusta Coffee as defined by the International Coffee Organisation.
“Single Capacity Warehousekeeper”	means a Warehousekeeper which has been nominated by the Exchange in its absolute discretion to store in its Warehouse Goods piled as parcels, lots or Standard and Large Delivery Units and which appears on the List of Nominated Warehouses and Warehousekeepers published from time to time by notice posted on the Market.
“Supervision Company”	is a company whose business is the supervision and/or inspection of goods and which is appointed by the Exchange for the purposes of performing inspections on behalf of the Exchange.
“Supervisor”	is a person employed exclusively by a Supervision Company and who is nominated by the Exchange to have sufficient experience and expertise in the sampling of Cocoa and Robusta Coffee.
“Suspended”	means that the related Warrant(s) shall not be valid for tender.
“Top up”	means the addition of material to a Delivery Unit which has fallen below the relevant weight tolerance as specified in the Contract Rules.
“Warehouse”	means a warehouse in respect of which a Warehousekeeper has been nominated by the Exchange in its absolute discretion to store Goods and which appears on the List of Nominated Warehouses and Warehousekeepers published from time to time by notice posted on the Market. A Warehouse shall, for the purposes of nomination under these GWPs, be a single structure designed or modified for the purpose of storing Goods, or groups of such structures connected by internal doors allowing for the passage of the relevant Goods. Where there are no such interconnecting doors between such structures these shall be nominated as separate Warehouses.
“Warehousekeeper”	means either a Single or Dual Capacity Warehousekeeper which has been nominated by the Exchange in its absolute discretion to store in its Warehouse Goods piled as either parcels, lots, Standard and Large Delivery Units or Standard, Large or Bulk Delivery Units, as the case may be, and to record such details that are represented by the Warrant on Guardian and which appears on the List of Nominated Warehouses and Warehousekeepers

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

published from time to time by notice posted on the Market.

“Warrant”	means a Warrant for the delivery of a parcel, lot, or Delivery Unit stored in a Warehouse which authorises the possessor of such document to transfer or receive the parcel, lot or Delivery Unit referred to therein.
“Withdrawal Request Form”	means the document produced by Guardian when the Nominated Member selects within Guardian the Warrants to be withdrawn from the Depository.
“Withdrawal Statement”	means the report produced by Guardian when a Nominated Member requests the withdrawal of Warrants from the Depository in Guardian.

B 5. [Not used]

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

SECTION C: STATEMENTS OF PRINCIPLE IN RESPECT OF WAREHOUSEKEEPERS NOMINATED BY THE EXCHANGE FOR THE STORAGE OF COCOA AND ROBUSTA COFFEE

- C1. The following are a statement of the standards expected of a Warehousekeeper nominated by the Exchange for the storage of Goods. These standards are not exhaustive of the standards expected. Observance of these standards by a Warehousekeeper does not absolve a failure to observe other requirements specified in these GWPs or elsewhere, furthermore observance of such other requirements does not necessarily amount to conformity with these Statements of Principle.
- C2. Failure to observe these standards may result in either, an instruction by the Exchange for remedial action to be taken by the Warehousekeeper to ensure observance and/or, disciplinary action being instigated.
- C3. A Warehousekeeper:
- (a) shall at all times observe high standards of integrity and shall not perform any actions which may disadvantage any current or potential owner of Goods stored within his Warehouse;
 - (b) shall observe high standards of conduct, complying with any procedures or requirements of the Exchange and any state or local requirements that may be relevant to the storage of Cocoa and Robusta Coffee in force at any particular time;
 - (c) should either avoid any conflict of interest or, where conflict arises, should ensure fair treatment to any owner of Goods stored within his Warehouse;
 - (d) should ensure that it maintains adequate financial resources to provide continuity in the provision of services for any current and potential owner of Goods stored within his Warehouse, and makes such other financial provisions as may be prescribed by the Exchange from time to time for the protection of any owner's interests;
 - (e) should ensure that all Goods stored for potential delivery against the ICE Futures London Cocoa Futures Contract, ICE Futures Euro Cocoa Futures Contracts or ICE Futures Robusta Coffee Futures Contract are properly segregated and identified, and that proper action has been taken to protect such Goods against potential risks to their security and integrity;
 - (f) should organise and control its internal affairs in a responsible manner, keeping proper records, and should have adequate arrangements to ensure that persons employed by the Warehousekeeper to perform duties relating to the storage of Goods are suitable, adequately trained and properly supervised and that well-defined procedures exist for all relevant duties;
 - (g) shall deal with the Exchange in an open and co-operative manner and keep the Exchange promptly informed of anything concerning the Warehousekeeper or Goods stored within his Warehouse which might reasonably be expected to be disclosed to the Exchange; and
 - (h) shall ensure that all charges, whether published by the Exchange or not, be reasonable and comparable with the commercial charges levied for similar services and reflect actual services rendered.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

SECTION D: WAREHOUSEKEEPING PROCEDURES IN RESPECT OF WAREHOUSEKEEPERS AND WAREHOUSES NOMINATED BY THE EXCHANGE FOR THE STORAGE OF COCOA AND ROBUSTA COFFEE

D 1. GENERAL

D 1.1 Exchange Warehousekeeping Operations

D 1.1.1 The warehousekeeping operations necessary to support the ICE Futures London Cocoa Futures Contract, ICE Futures Euro Cocoa Futures Contracts and ICE Futures Robusta Coffee Futures Contracts are supervised by the Exchange.

D 1.1.2 In respect of warehousekeeping operations, the Exchange is responsible for:

- (a) listing or delisting Warehousekeepers on the Exchange's List of Nominated Warehousekeepers and Nominated Warehouses;
- (b) the approval of a Warehouse;
- (c) the publication of the List of Nominated Warehousekeepers, Nominated Warehouses, the Published List of Rent and Loading Out Charges and publication of Certified Stock reports per port or Delivery Area;
- (d) the inspection of the internal management controls and operating procedures of Warehousekeepers and the inspection of related Warehouses; and
- (e) monitoring the compliance by Warehousekeepers and Members with the Regulations, including the relevant Contract Rules, these GWPs and any other such procedures as may be issued by the Exchange from time to time.

D 1.2 Inspection of a Warehouse and Warehousekeeper

D 1.2.1 The Exchange operates an inspection programme in respect of which it aims to inspect each Warehouse and Warehousekeeper on a regular basis.

D 1.2.2 In addition, a Warehouse or a Warehousekeeper may be inspected at any other time, at the absolute discretion of the Exchange.

D 1.2.3 The inspection has six primary objectives:

- (a) to satisfy the Exchange that a Warehouse is in good order and to verify that any faults previously identified have been corrected;
- (b) to ensure that the storage of Goods complies with the relevant Contract Rules and these GWPs;
- (c) to satisfy the Exchange that the Warehousekeeper has adequate procedures for the receipt, storage, sampling, weighing and loading out of Goods to ensure compliance with the relevant Contract Rules and these GWPs;
- (d) to verify that sufficient appropriate documentary records are properly maintained by the Warehousekeeper to ensure an audit trail of the history of the Goods can be constructed;
- (e) to verify that sufficient appropriate documentary records are properly maintained by the Warehousekeeper in relation charges made by the Warehousekeeper and to satisfy the

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

Exchange that the Warehousekeeper is, or has been, complying with GWP D 1.26 in relation to the application of those charges; and

- (f) to verify the proper maintenance of information in respect of Goods stored by the Warehousekeeper, details of which are represented by the Warrants recorded on Guardian.

D 1.2.4 The inspectors shall be employees of the Exchange who it considers to be properly qualified to conduct Warehouse inspections or, such other persons appointed by the Exchange whom it considers to be properly qualified and with no material or financial interest in any Warehousekeeper, or in Goods stored by such Warehousekeeper.

D 1.2.5 The Exchange will give instructions to the Warehousekeeper in respect of the rectification of any faults that are found and of any subsequent inspection considered necessary.

D 1.2.6 Exchange inspectors have no obligation to inspect the condition, external or otherwise, of Goods stored by the Warehousekeepers, nor to make their findings known to the Owner of the Goods.

D 1.2.7 A Warehousekeeper shall allow representatives of the Exchange to inspect the Warehouse (or premises that were previously nominated by the Exchange), its facilities for the receipt and delivery of any Goods and the Warehousekeeper's records relating to the Warehouse and the Goods currently or previously stored within it, and the records relating to the Rent and Loading Out Charges levied by it during normal working hours. The Exchange may, at its absolute discretion, make or request copies of any such records.

D 1.2.8 A Warehousekeeper shall allow the Owner to inspect the Goods referred to therein during normal working hours.

D 1.3 Guardian²⁸

D 1.3.1 A Warehousekeeper shall, where information is to be made available to or by him via Guardian, comply with the applicable procedures relating to the operation and maintenance of that data system, such procedures being issued by the Exchange.

D 1.3.2 A Warehousekeeper shall ensure that a sufficient number of members of his staff are competent in the operation of Guardian or that he has arrangements in place for the operation of Guardian via a third party.

D 1.3.3 A Warehousekeeper shall,

- (a) when submitting a sampling notification to the Exchange in respect of the initial grading, enter on to Guardian, as a minimum the following Warrant details as specified in GWP F 3.1.1:
 - (i) port;
 - (ii) Warehousekeeper;
 - (iii) Warrant Number;
 - (iv) Commodity;
 - (v) Vessel; and
 - (vi) Origin.

In addition, the Warehousekeeper shall also enter on to Guardian the following details;

²⁸ Amended 26 May 2015

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

(vii) Delivery Unit (Cocoa only); and

(viii) Crop year.

Subject to GWPs D 2.4.2(c) and D 3.4.3(c) the following details shall be entered on to Guardian by the Warehousekeeper no later than two business days after the sample has been received at the Grading Room:

(ix) In respect of Cocoa or Robusta Coffee stored in bags, the number of bags comprising the parcel, lot or Delivery Unit;

(x) Warehouse in which stored;

(xi) Final day of landing;

(xii) Date on which loading into the Warehouse was completed;

(xiii) Original Weigh Date (in the case of a Cocoa Bulk Delivery Unit this should be taken as the date on which weighing was completed);

(xiv) Gross weight and tare;

(xv) Number and date of issue of the Bill(s) of Lading for the shipment of the Cocoa or Robusta Coffee from Origin,

(xvi) Owner;

(xvii) Whether the Cocoa or Robusta Coffee are subject to preferential or non-preferential rate of duty;

(xviii) Where the Cocoa or Robusta Coffee are subject to preferential duty, that the documents referred to in the relevant Contract Rules are available in accordance with those terms; and

(xix) Any Re-weigh Date.

(b) where a Delivery Unit is the subject of an application for re-grading, prior to the taking of a sample for submission to the Grading Room and in accordance with GWP D 1.3.4, ensure that all details recorded on Guardian relating to the Delivery Unit are accurate and up to date.

D 1.3.4 A Warehousekeeper shall ensure that all details of Warrants recorded on Guardian relating to Goods are correct and updated within one business day of any relevant physical process having been completed. Such physical process may include, without limitation, reweighing, sampling including industry samples, re-piling or conversion of a Delivery Unit and removal of Goods from the Warehouse. For the avoidance of doubt, where all or part of the Goods comprising a Lot or Delivery Unit are removed from the Warehouse the record of the relevant Warrant must be removed from Guardian.

D 1.3.5 A Warehousekeeper shall ensure that at all times the information recorded on Guardian accurately reflects the rent paid in respect of any Warrant.

D 1.3.6 Warrants on Guardian

D 1.3.6.1 A Warehousekeeper shall be responsible for the issue of Warrants in respect of Goods stored by the Warehousekeeper in a Warehouse. A Warrant must be issued and printed prior to the initial grading of the Goods.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

D 1.3.6.2 When nominating the Clearing Member on Guardian the Warehousekeeper shall be responsible for entering the name of the Owner on Guardian.

D 1.4 Beneficial Interest

D 1.4.1 If either the Member or, if he is not the Owner of the Goods, the Owner on whose behalf the Member is making an application for grading under GWPs D 2.4.1 or D 3.4.1, and E 1.10:

- (a) has an interest of 5 per cent or more in the capital of;
- (b) is a partner of; or
- (c) has any other financial interest in,

the Warehousekeeper storing the Goods, the Nominated Member, or the Owner of the Goods, as the case may be, shall inform the Warehousekeeper and the Exchange of that fact. Where the Warehousekeeper has knowledge of any beneficial interest it shall be obliged to inform the Exchange as soon as the Warehousekeeper becomes aware.

D 1.5 Supervision of Sampling

D 1.5.1 The Exchange may at its absolute discretion, supervise, or have supervised by a Supervision Company the sampling of any Goods stored in a Warehouse.

D 1.5.2 Following the notification of sampling under GWPs D 2.4.2 or D 3.4.2 the Exchange may request a Supervision Company to appoint a Supervisor to supervise the drawing (and if required quartering) and sealing of the sample at the Exchange's expense subject to the provisions of GWP D 1.5.7.

D 1.5.3 Where the Exchange has determined in accordance with GWP D 1.5.2 that sampling notified under GWPs D 2.4.2 or D 3.4.2 will be supervised and has notified the Warehousekeeper of such determination, the Warehousekeeper shall provide the Exchange with information as requested and in a form determined by the Exchange from time to time.

D 1.5.4 The Exchange will advise the Supervision Company and the Warehousekeeper of the appointment and the Exchange reference number. The Exchange reference number may be for Goods which are:

- (a) stored on a specific Warrant; or
- (b) stored on a number of Warrants; or
- (c) covered by one or more Bill(s) of Lading or similar document and are due to be stored or already stored by the Warehousekeeper.

D 1.5.5 The Warehousekeeper shall advise the Exchange and Supervision Company of any changes to the details supplied in accordance with GWP D 1.5.2 and D 1.5.3 immediately upon the Warehousekeeper becoming aware of such changes.

D 1.5.6 On occasions where the Exchange has advised the Warehousekeeper that supervision of a sampling operation is to occur under these GWPs, the Warehousekeeper shall allow Supervisors and/or Exchange officials, access to the relevant Goods and documents for the purpose of supervising the sampling.

D 1.5.7 When the Exchange appoints a Supervision Company to supervise sampling, the sampling operation covering the sampling of Goods under a specific Exchange reference number may only start in the Warehouse(s) during normal port or Delivery Area working hours. In the event that the Warehousekeeper or Owner wishes to sample outside of normal port or Delivery Area working hours and subject to GWPs D 2.4.3 and D 3.4.3 any additional cost of supervision incurred by the Exchange shall be for the account of the Warehousekeeper.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

D 1.5.8 The Exchange may, and at its sole discretion, specify the start time and date of any sampling operation. If the Exchange specifies a start time and date for a sampling operation which is outside of normal port or Delivery Area working hours, any additional costs incurred by the Warehousekeeper shall be for the account of the Exchange.

D 1.5.9 In the event that the Supervisor is not in attendance at the specified time and place, the Warehousekeeper shall immediately advise the Exchange and may start sampling at the agreed time.

D 1.6 Liability for Warehousekeepers and Supervision Companies

D 1.6.1 Without prejudice to any exclusion of liability provision in the Regulations or the Clearing House Rules, none of the Exchange, the Directors or the Clearing House shall be liable for any loss or damage whatsoever, whether for negligence, breach of contract, misrepresentation or otherwise, in respect of any failure whatsoever by a Warehousekeeper, Member or Depository to comply with any of its obligations under the Regulations, including the relevant Contract Rules and these GWPs, including (without prejudice to the generality of the foregoing):

- (a) any failure by a Warehousekeeper, Member or Depository to comply with its obligations in relation to the use of the Warrant service provided in Guardian;
- (b) any failure by a Warehousekeeper or Supervision Company to comply with its obligations;
- (c) any failure by a Warehousekeeper to comply with its obligations under the Regulations, including the relevant Contract Rules and these GWPs, or of any responsibilities which he may assume towards Members or any other person pursuant to the terms of any receipt, Warrant or contract, or in respect of the condition of a Warehouse or its suitability for the storage of Goods; or
- (d) any failure by a Warehousekeeper to comply with its obligations pursuant to GWP D 1.26 (irrespective of whether or not the Exchange or the Directors have taken disciplinary or enforcement action against a Warehousekeeper in respect of such failure).

D 1.6.2 Nothing in this provision shall operate to exclude or restrict the liability of the Exchange, the Directors or the Clearing House for fraud, wilful default, or death or personal injury due to negligence.

D 1.6.3 Parties placing Cocoa or Robusta Coffee into a Warehouse or taking delivery of Cocoa or Robusta Coffee in or from such Warehouse shall accordingly have no claim against the Directors, the Exchange, the Clearing House or any committee or employee thereof, which is excluded in this GWP D 1.6.

D 1.7 Criteria for Approval as a Warehousekeeper

D 1.7.1 For a Warehousekeeper to be approved as a Warehousekeeper and in order to maintain that status, the Exchange must be satisfied that he:

- (a) carries on business in a port or Delivery Area where Warehouses are eligible for nomination under the relevant Contract Rules;
- (b) is of sufficient business and financial standing, meets the financial requirements prescribed by the Exchange from time to time and has in place a performance bond as prescribed by the Exchange from time to time for the protection of an Owner's interests (or such other financial provisions as may be prescribed by the Exchange from time to time). The Exchange may, at any time, request information regarding the financial status of a Warehousekeeper;
- (c) has been, or is part of a Related Company that has been, a Warehousekeeper for a reasonable period. A reasonable period will usually be considered to be at least two years, with a

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

minimum of one year's experience of storing either Cocoa or Robusta Coffee or both, or that the Warehousekeeper employs staff with such experience;

- (d) has in place the necessary procedures and management controls to ensure his compliance with the Regulations, including the relevant Contract Rules and these GWPs for the classification of Warehousekeeper in respect of which he is or is seeking to be nominated;
- (e) shall organise and control his affairs in a responsible manner, keep proper records, have well defined procedures for handling and storing Cocoa and Robusta Coffee and ensure that his employees, contractors or agents are suitable, adequately trained and properly supervised;
- (f) has in place such insurance as shall be specified by the Exchange in its absolute discretion from time to time;
- (g) where applicable, is licensed to issue a Warrant for the delivery of Cocoa or Robusta Coffee to the bearer of the Warrant, by a National or State licensing authority, and shall not breach any applicable National or State law;
- (h) has satisfactory communication and office facilities for the production of Warrants and such other documents relating to delivery;
- (i) shall undertake to use Guardian, either directly or via a third party, prior to taking Goods into store and piling them for potential delivery against positions in the ICE Futures London Cocoa Futures Contract, ICE Futures Euro Cocoa Futures Contracts or ICE Futures Robusta Coffee Futures Contract, as the case may be;
- (j) shall undertake to appoint a London agent where deemed necessary at the absolute discretion of the Exchange;
- (k) satisfies any other requirements that the Exchange may prescribe from time to time; and
- (l) shall undertake, with the full understanding of the provisions of GWP D 1.27.8, to provide, where necessary, adequate resources to facilitate the Loading Out of all Goods stored in his Warehouses within 60 calendar days of receiving the necessary Loading Out requests under GWP D 1.27.1.

D 1.7.2 In respect of a Warehousekeeper who is, or who is seeking to be approved as a Dual Capacity Warehousekeeper, in addition to the above, the Exchange must also be satisfied that he:

- (a) has, or is part of a Related Company that has, adequate experience of the handling of bulk Cocoa, or that the Warehousekeeper employs staff with such experience; and
- (b) possesses or has access to equipment and bags to enable compliance with the requirements of GWP D 1.16.7.

D 1.7.3 Pursuant to GWP D 1.7.1(e), a Warehousekeeper shall have appropriate and detailed procedures to evaluate on a continuing basis the suitability of senior management, which for the purposes of this GWP includes any director, partner, sole practitioner, senior manager or any other individual whose position enables them to assert a material influence over the management of the Warehousekeeper's operation. Such procedures shall include, but are not limited to, an assessment against the criteria detailed below:

- (a) whether any such person has been convicted of any criminal offence. Particular consideration should be given to offences of dishonesty, fraud, financial crime or other offences relating to companies, insolvency, money laundering, market manipulation or insider dealing;
- (b) whether any such person has been the subject of an adverse finding or any settlement in civil proceedings particularly in connection with the formation or management of a body corporate;

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (c) whether any such person has been the subject of, or has been interviewed in the course of, any existing or previous investigation or disciplinary proceedings by a regulatory authority, clearing house or exchange, professional or trade body, or government body or agency;
- (d) whether any such person has been the subject of any proceedings of a disciplinary or criminal nature, or has been notified of any potential proceedings or of any investigation which might lead to those proceedings;
- (e) whether any such person has been involved with a company, partnership or other organisation that has been refused registration, authorisation, membership or a licence to carry out a trade, business or profession, or has had that registration, authorisation, membership or licence revoked, withdrawn or terminated, or has been expelled by a regulatory or government body;
- (f) whether any such person has been a director, partner, or has been concerned in the management, of a business that has gone into insolvency, liquidation or administration while the person has been connected with that organisation or within one year of that connection;
- (g) whether any such person has been dismissed, or has been asked to resign and resigned, from employment or from a position of trust, fiduciary appointment or similar;
- (h) whether any such person has ever been disqualified from acting as a director or from acting in any managerial capacity; and
- (i) whether any such person being an individual has ever been declared bankrupt or has made any arrangement or composition with his creditors.

D 1.7.4 Where a Warehousekeeper assesses that any criterion detailed in GWP D 1.7.3 has been met by any person in a senior management position, the Warehousekeeper shall immediately notify the Exchange with details of all facts and circumstances surrounding the assessment including:

- (a) whether the Warehousekeeper believes, notwithstanding that one or more of the criteria has been met, that the person remains suitable for senior management; and, if so
- (b) the reasons, facts, or circumstances why the Warehousekeeper believes the person remains suitable.

D 1.7.5 In order to satisfy itself that a prospective or existing Warehousekeeper fulfils the criteria detailed in this GWP D 1.7, the Exchange may seek references from any organisation or body it considers appropriate (e.g. Members, other Warehousekeepers, bankers or Dun & Bradstreet).

D 1.8 Application to become a Warehousekeeper

D 1.8.1 To be approved and to remain approved as a Warehousekeeper an applicant must:

- (a) meet the criteria for approval specified in GWP D 1.7 for the classification of Warehousekeeper in respect of which he is applying;
- (b) sign the Terms and Conditions of Appointment for Nominated Warehousekeepers;
- (c) register at least one Warehouse suitable for the storage of Goods. For the avoidance of doubt, a Warehousekeeper wishing to remain on the list of Nominated Warehousekeepers will be required to have at least one Warehouse in respect of which he is the Nominated Warehousekeeper; and
- (d) submit to the Exchange details of its charges as required by GWP D 1.26.1. Such charges must satisfy the requirements of GWP D 1.26.2.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- D 1.8.2 To apply for nomination the applicant shall complete a Nominated Warehousekeeper's Application Form and submit it to the Exchange together with a copy of his latest accounts and such other documents as the Exchange may require. To support the application, the Exchange will require references from a minimum of two persons who have stored Cocoa or Robusta Coffee with the applicant within the previous two years. The Exchange may, at any time, request information from the Warehousekeeper as to any matter relevant to preserving the integrity of the contract.
- D 1.8.3 The Exchange will, when considering an application or readmission, and at the applicant's expense, inspect the facilities which are the subject of the application.
- D 1.8.4 A successful applicant will be required to sign the Terms and Conditions of Appointment of Nominated Warehousekeepers.
- D 1.8.5 Subject to GWP D 1.8 being completed satisfactorily and upon payment of both the annual Nominated Warehousekeeper Fee and the annual Nominated Warehouse Fee, as determined by the Exchange from time to time, and having made such other financial provisions as may be prescribed by the Exchange from time to time for the protection of an Owner's interests, the applicant will be added to the List of Nominated Warehousekeepers and Nominated Warehouses published by the Exchange from time to time.
- D 1.8.6 The acceptance of an application to become a Warehousekeeper will be at the absolute discretion of the Exchange. Where the Exchange decides not to accept the application to become a Warehousekeeper the Warehousekeeper may appeal the decision of the Exchange. An appeal made under this GWP must be made to the Directors (or to a committee appointed by the Directors for this purpose) in writing within five business days of the decision not to accept the application. The Directors or such committee shall determine the appeal within 28 days of the Exchange's receipt of the written appeal.
- D 1.9 Application to add a Warehouse**
- D 1.9.1 To have a Warehouse approved and for such Warehouse to remain approved, the applicant Warehousekeeper must ensure that it meets the requirements specified in GWP D 1.16 for the classification of Warehouse in respect of which he is applying.
- D 1.9.2 To apply for nomination of a Warehouse the applicant shall complete a Nominated Warehouse Application Form and submit it to the Exchange together with such other documents as the Exchange may require.
- D 1.9.3 The Exchange will, at the applicant's expense, inspect the facilities which are the subject of the application when considering the application.
- D 1.9.4 Subject to GWP D 1.9 being completed satisfactorily, the Warehouse will be added to the List of Nominated Warehousekeepers and Nominated Warehouses.
- D 1.9.5 The acceptance of an application for the nomination of a Warehouse will be at the absolute discretion of the Exchange.
- D 1.10 Annual Renewal of Nomination**
- D 1.10.1 In order for the Warehousekeeper to continue to be eligible for nominated status, the Warehousekeeper is required by no later than 30 business days prior to 1 May, or on such other date as may be notified by the Exchange, to submit to the Exchange each year:
- (a) an Application Form for Renewal of Appointment to the ICE List of Nominated Warehousekeepers and Warehouses; and
 - (b) details of its charges as required by GWP D 1.26.1. Such charges must satisfy the requirements of GWP D 1.26.2.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- D 1.10.2 A Warehousekeeper shall notify the Exchange immediately if he has reason to believe that any of the information supplied to the Exchange in the original Nominated Warehousekeepers Application Form or the annual Nominated Warehousekeepers Renewal Form has ceased to be accurate, or, if he ceases to comply with the requirements stated in these GWPs.
- D 1.10.3 A Warehousekeeper shall pay to the Exchange both the annual Nominated Warehousekeeper Fee and the annual Nominated Warehouse Fee, as determined by the Exchange, by no later than 30 April each year, or on such other date as may be notified by the Exchange.
- D 1.11 Resignation**
- D 1.11.1 A Warehousekeeper wishing to resign from his nominated status shall give six months' notice in writing to the Exchange.
- D 1.11.2 Before the resignation of a Warehousekeeper can be accepted he will be required to confirm in writing to the Exchange that he no longer has any Goods with a Valid Grading Results held in Warehouses under his control or; either
- (a) he has received the consent of all current holders of the relevant Warrants for the Goods to be transferred in accordance with GWPs D 1.19 and D 1.20, D 1.23, D 1.24 or D 1.25, as the case may be, into the control of another Warehousekeeper; or
 - (b) he has received the agreement of the current holders of the relevant Warrants that the Goods will no longer be stored in a Warehouse.
- D 1.11.3 Any movement or change in control of Goods which have a Valid Grading Result which are required to be made by the Warehousekeeper must comply with GWPs D 1.19 and D 1.20, D 1.21, D 1.23 or D 1.24, as the case may be.
- D 1.11.4 Any costs incurred in connection with the movement or change in control of Goods necessitated by the resignation of the Warehousekeeper shall be for the account of the Warehousekeeper.
- D 1.11.5 Where a Warehousekeeper wishes to resign the nominated status of a Warehouse he may do so by giving reasonable notice in writing to the Exchange. Reasonable notice shall be considered to be six full calendar months or until such time as any Goods have been removed from the Warehouse, whichever is the sooner. The Exchange may from time to time declare what is to be taken as reasonable notice for the purposes of this GWP, and different periods may be so declared for different cases.
- D 1.11.6 Any movement of Goods which is required to be made by the Warehousekeeper must comply with GWPs D 1.19, D 1.21, D 1.23 or D 1.24, as the case may be.
- D 1.11.7 Any costs incurred in connection with the movement of Goods necessitated by the resignation of a Warehouse by the Warehousekeeper shall be for the account of the Warehousekeeper.
- D 1.12 Insolvency**
- D 1.12.1 The Exchange must be informed immediately, in writing, either directly by the Warehousekeeper or via the appointed liquidator or receiver, as the case may be:
- (a) where the Warehousekeeper is a company, if the Warehousekeeper passes a resolution for its winding up or a court of competent jurisdiction makes an order for the Warehousekeeper's winding up or dissolution;
 - (b) where the Warehousekeeper is a partnership, if the Warehousekeeper is dissolved;
 - (c) if the Warehousekeeper fails to pay any sum due and payable or suspends any payment;

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (d) of the making of an administration order in relation to the Warehousekeeper or the appointment of a receiver over, or an encumbrancer taking possession of or selling, an asset of the Warehousekeeper;
- (e) if the Warehousekeeper makes an arrangement or composition with its creditors generally or makes an application to a court of competent jurisdiction for protection from its creditors generally;
- (f) of the making of a bankruptcy order against the Warehousekeeper; or
- (g) if the Warehousekeeper is subject to any other insolvency or bankruptcy procedure under the Insolvency Act 1986 or Insolvent Partnerships Order 1994 or an analogous procedure under the law of the jurisdiction in which the Warehousekeeper is incorporated or any jurisdiction in which it carries on business.

For these purposes the “winding up” or “dissolution” of a company or partnership, an “administration order” or “bankruptcy order” is to be construed so as to include any equivalent or analogous proceedings or orders under the law of the jurisdiction in which the Warehousekeeper is formed or any jurisdiction in which it carries on business.

- D 1.12.2 Upon receiving a notification under GWP D 1.12.1, the Exchange will immediately suspend the Warehousekeeper from the List of Nominated Warehousekeepers and Nominated Warehouses and shall publish such information by notice posted on the Market. The suspended Warehousekeeper will continue to be bound by the Exchange’s requirements and the Exchange may give directions as to the status and disposal of Warrants issued by the suspended Warehousekeeper which relate to Goods stored for potential delivery against the ICE Futures London Cocoa Futures Contract, ICE Futures Euro Cocoa Futures Contracts or ICE Futures Robusta Coffee Futures Contract.
- D 1.12.3 Following the suspension of the Warehousekeeper an Owner of Goods under the control of the suspended Warehousekeeper may make an application for the movement of the Goods to another Warehousekeeper in accordance with GWPs D 1.20, D 1.23 or D 1.24 as the case may be.
- D 1.12.4 Any movement undertaken under GWP D 1.12.3 must comply with GWPs D 1.19 and GWPs D 1.20, D 1.23, D 1.24 or D 1.25 as the case may be, or as otherwise instructed by the Exchange in its absolute discretion.
- D 1.12.5 Any movement undertaken under GWP D 1.12.3 shall be the responsibility of, and for the account of the Owner of the Goods. The Owner may make an application for the Exchange to utilise the performance bond of the Warehousekeeper who has been suspended to contribute to the costs incurred by the Owner in relation to the movement of the Goods.
- D 1.12.6 On consideration of an application under GWP D 1.12.5 the Exchange may, at its absolute discretion, determine not to utilise the performance bond where, at the time of the application:
 - (a) the business of the suspended Warehousekeeper has been taken over by another Nominated Warehousekeeper and that Warehousekeeper has consented to taking control of the Goods; or
 - (b) the Goods are currently stored in a Warehouse which is registered by another Warehousekeeper and that Warehousekeeper has consented to taking control of the Goods.
- D 1.12.7 Subject to GWP D 1.12.6 the Owner shall, upon completion of the movement of the Goods, present to the Exchange a detailed account of the costs incurred in the movement of the Goods. The Exchange may, in its absolute discretion, utilise the performance bond of the Warehousekeeper who has been suspended to contribute to the costs incurred by the Owner in the movement of Goods which have a Valid Grading Result or an expired Valid Grading Result. Any such funds made available by the utilisation of the performance bond in accordance with these GWPs can only be used to contribute to the costs of the movement of Goods within the same Delivery Area.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- D 1.12.8 For the purpose of these GWP's the cost of the movement of Goods will be limited to:
- (a) the cost of loading of the Goods onto the means of transportation;
 - (b) the cost of transportation of the Goods to the receiving Warehouse;
 - (c) the cost of unloading of the Goods into the receiving Warehouse; and
 - (d) the cost of weighing the Goods at the receiving Warehouse.
- D 1.12.9 The Exchange, once satisfied that it is in possession of all requests for funds in accordance with GWP D 1.12.7, in relation to the suspension of a particular Warehousekeeper, will allocate to the Owners of the Goods the funds deriving from utilisation of the performance bond in the following manner:
- (a) where sufficient funds are available, the cost of moving all relevant Goods which have a Valid Grading Result or expired Valid Grading Result will be met. Any surplus funds will be returned to the issuer of the performance bond; or
 - (b) where the funds are not sufficient to meet the costs of moving all Goods which have a Valid Grading Result or expired Valid Grading Result then the funds will be allocated to meet the cost of moving:
 - (i) all relevant Goods which have a Valid Grading Result. Where the funds are not sufficient to meet the cost of moving all such Goods then the funds will be allocated pro-rata by Owner across those Goods; and
 - (ii) if any further funds are available, such funds will be allocated pro-rata by Owner across all relevant Goods which have an expired Valid Grading Result.
- The Owner may seek to recover any remaining costs from the Warehousekeeper, his liquidator or receiver as the case may be.
- D 1.12.10 Following any suspension under GWP D 1.12.2, the nomination of a Warehousekeeper may be terminated in accordance with GWP D 1.13.
- D 1.12.11 Following any suspension under GWP D 1.12.2 samples may only be drawn from Goods under the supervision of the Exchange or a Supervision Company.
- D 1.12.12 A Warehousekeeper that has been suspended under GWP D 1.12.2 may not create any new records on Guardian in respect of any Cocoa or Robusta Coffee currently stored, or expected to be stored, by that Warehousekeeper.
- D 1.12.13 A tender against a position held in the ICE Futures London Cocoa Futures Contract, ICE Futures Euro Cocoa Futures Contracts or ICE Futures Robusta Coffee Futures Contract of a Warrant issued by a Warehousekeeper which is made prior to the suspension of that Warehousekeeper shall not be invalidated, but no further tenders of Warrants issued by the suspended Warehousekeeper may be made after his suspension.
- D 1.13 Termination of Nomination**
- D 1.13.1 The Exchange may, in its sole and absolute discretion, suspend or terminate at any time the nominated status of any Warehouse or Warehousekeeper.
- D 1.13.2 Except as provided under GWP D 1.12, a Warehousekeeper may appeal the decision of the Exchange to suspend or terminate its nomination or the nomination of a Warehouse for which it is the Nominated Warehousekeeper. An appeal made under this GWP must be made to the Directors (or to a committee appointed by the Directors for this purpose) in writing within five business days of the termination or

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

suspension of the nomination and must contain evidence as to why the nomination should not be suspended or terminated. The Directors or such committee shall determine the appeal within 28 days of the Exchange's receipt of the written appeal.

D 1.13.3 In the event of the termination of a nominated:

(a) Warehousekeeper, the nomination of all Warehouses under the control of such Warehousekeeper shall be terminated and the Warehousekeeper and all Warehouses under the control of such Warehousekeeper shall immediately be removed from the list of nominated Warehousekeepers and Warehouses.

(b) Warehouse, the Warehouse shall immediately be removed from the list of nominated Warehouses.

Warehouse or Warehousekeeper, the Directors may impose such other and further restrictions in connection with any such suspension or termination as it may deem necessary and appropriate.

D 1.13.4 Unless the Directors otherwise determine, if the nomination of any Warehouse is suspended or terminated for any reason, any Goods with a Valid Grading Result stored in such Warehouse must be moved to a nominated Warehouse within sixty (60) calendar days of such suspension or termination.

D 1.13.5 Any movement undertaken under GWP D 1.13.4 shall be the responsibility of the Owner of the Goods. Any costs incurred in the movement of the Goods shall be for the account of the Warehousekeeper whose nomination has been terminated. Should the Warehousekeeper refuse to co-operate with the Owner of the Goods with regard to meeting any reasonable costs incurred in the movement of the Goods, the Owner shall inform the Exchange of this in writing and provide a detailed account of the costs incurred in the movement of the Goods.

D 1.13.6 Where the Exchange considers, that such costs as may be advised to it in accordance with GWP D 1.13.5 are reasonable, the Exchange may, in its absolute discretion, utilise the performance bond of the Warehousekeeper whose nomination has been terminated to contribute to the costs incurred by the Owner in the movement of Goods which have a Valid Grading Result or an expired Valid Grading Result. Any such funds made available by the utilisation of the performance bond in accordance with these GWPs can only be used to contribute to the costs of the movement of Goods within the same Delivery Area.

D 1.13.7 For the purpose of these GWPs the cost of the movement of Goods will be limited to:

- (a) the cost of loading of the Goods onto the means of transportation;
- (b) the cost of transportation of the Goods to the receiving Warehouse;
- (c) the cost of unloading of the Goods into the receiving Warehouse; and
- (d) the cost of weighing the Goods at the receiving Warehouse.

D 1.13.8 The Exchange, once satisfied that it is in possession of all requests for funds in accordance with GWP D 1.13.5, in relation to the termination of nomination of a particular Warehousekeeper, will allocate to the Owners of the Goods the funds deriving from utilisation of the performance bond in the following manner:

- (a) where sufficient funds are available, the cost of moving all relevant Goods which have a Valid Grading Result or expired Valid Grading Result will be met. Any surplus funds will be returned to the issuer of the performance bond; or
- (b) where the funds are not sufficient to meet the costs of moving all Goods which have a Valid Grading Result or expired Valid Grading Result then the funds will be allocated to meet the cost of moving:

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (i) all relevant Goods which have a Valid Grading Result. Where the funds are not sufficient to meet the cost of moving all such Goods then the funds will be allocated pro-rata by Owner across those Goods ; and
- (ii) if any further funds are available, such funds will be allocated pro-rata by Owner across all relevant Goods which have an expired Valid Grading Result.

The Owner may seek to recover any remaining costs from the Warehousekeeper.

D 1.13.9 Where the nomination of a Warehousekeeper or Warehouse has been suspended or terminated by the Exchange and if any Goods are being stored in the Warehouse in question, or by the Warehousekeeper, then:

- (a) further samples from such Goods for submission to the Exchange for grading shall only be drawn under supervision of the Exchange or a Supervision Company; and
- (b) no tender shall be permitted of Goods with a Valid Grading Result until such time as;
 - (i) the Goods have been moved to another Warehouse, is so required, in accordance with GWPs D1.19, D 1.23, D 1.24 or D 1.25 as the case may be;
 - (ii) change in control of the Goods has occurred, in accordance with GWPs D 1.19 and D 1.20; or

the suspension of nomination has been lifted.

D 1.13.10 Members of the Exchange shall be informed of the suspension or termination of the nomination of a Warehousekeeper or Warehouse and, where relevant, the status of the Goods which have a Valid Grading Result or expired Valid Grading Result stored by the Warehousekeeper or within the Warehouse, in such manner and at such time as may be determined by the Exchange.

D 1.13.11 The Exchange may from time to time give directions as to the status and disposal of outstanding Warrants where the nominated status of a Warehouse or a Warehousekeeper has been suspended or terminated.

D 1.13.12 A Warehousekeeper who ceases to be a Warehousekeeper in relation to a Warehouse shall remain subject to the Regulations, including these GWPs, and to the jurisdiction of the Exchange in respect of all acts and omissions while he was a Warehousekeeper and in respect of any investigation or disciplinary proceedings relating thereto (including the payment of any fine or application or any other sanction imposed) as if he were a Warehousekeeper, for the longer of:

- (a) the period of twelve months from the date on which he ceased to be a Warehousekeeper in relation to such Warehouse; or
- (b) the period during which any disciplinary proceedings continue against him, being proceedings started by the Exchange no later than twelve months after the date on which he ceased to be a Warehousekeeper subject to any extension of the period.

Where a Warehousekeeper has ceased to be a Warehousekeeper in relation to a Warehouse, it shall be open to the Exchange to rely upon any breach of the Regulations, including these GWPs, in respect of the time when the Warehousekeeper was subject thereto any investigation or disciplinary proceedings.

D 1.13.A Duty to Notify

D 1.13.A.1 Without prejudice to any similar obligations to notify the Exchange of matters arising pursuant to terms and conditions of acceptance as a Nominated Warehousekeeper or elsewhere in the Regulations, a

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

Warehousekeeper shall immediately notify the Exchange in writing by facsimile or electronic transmission of the occurrence of any of the following events:

- (a) acquisition of a licence issued by any other commodity exchange;
- (b) any material and adverse change in financial condition or of an emergency event or a financial emergency;
- (c) if the Warehousekeeper is a corporate entity, any change in the ownership of or controlling interest in the corporate entity if it is a corporation, limited liability company or similar and, if the Warehousekeeper is a partnership, any change in the identity of the partners;
- (d) any conviction, finding of guilt, confession of guilt, plea of guilty, or plea of *nolo contendere* to a crime or misdemeanor charging misrepresentation, fraud, deceit, theft, embezzlement, gambling, conversion, abuse of a fiduciary relationship or other such act on the part of the Warehousekeeper;
- (e) any refusal to be granted a license of any type by any commodity exchange; withdrawal of any application for a license from any commodity exchange; suspension, or cancellation of a license or the issuance of any bar, fine, or censure against such licensee by any commodity exchange; issuance of a cease and desist order, temporary or permanent injunction, or any other sanction or discipline through an adverse determination, voluntary settlement or otherwise, by any commodity exchange, related central counterparty or clearing organization or competent regulatory authority or quasi governmental body or under the authority of a competent court.
- (f) becoming subject to any material unsatisfied liens or judgments;
- (g) the discovery of any false statement made in or in connection with any application filed with the Exchange;
- (h) failure or inability to meet continuously the criteria for eligibility as a Nominated Warehousekeeper, including without limitation the eligibility of any Warehouse operated by a Nominated Warehousekeeper, or such other qualifications as the Directors may from time to time determine are in the best interests of the Exchange;
- (i) any irregularity or fraud, or neglect or infraction of the Regulations by any Member, or any licensee, that may come to its knowledge;
- (j) any damage relevant or material damage suffered by any Goods;
- (k) failure to meet the requirements prescribed in the Regulations or specified by the Exchange or the Warehouse and License Committee from time to time; and
- (j) the inability to function as a Warehousekeeper, or the inability of a Warehouse to be used as such, due to a physical emergency such as damage to or destruction of business facilities, strike or other labor dispute, or other similar events.

D 1.14 Disciplinary Proceedings

- D 1.14.1 Any breach of these GWPs by a Warehousekeeper, or failure on his part to observe the terms of or facilitate the performance of ICE Futures London Cocoa Futures Contracts or ICE Futures Robusta Coffee Futures Contracts, ICE Futures Euro Cocoa Futures Contracts made under the Regulations, may be investigated under Section E of the Regulations, and disciplinary proceedings may be commenced against him thereunder.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

D 1.15 Role and Responsibilities of a Warehousekeeper²⁹

D 1.15.1 Goods shall be stored by a Warehousekeeper, in a Warehouse nominated by the Exchange for the storage of such Goods.

D 1.15.2 Warehousekeepers have the following primary responsibilities under the Regulations, including the relevant Contract Rules and these GWPs:

- (a) to provide and properly maintain facilities for the receipt, storage, sampling and delivery out of Goods from a Warehouse in accordance with the Regulations, including the relevant Contract Rules and these GWPs for the classification of Warehousekeeper for which he is nominated;
- (b) to issue Warrants and other documents in respect of Goods stored in a Warehouse, as required by the Regulations, including the relevant Contract Rules and these GWPs. The Warehousekeeper may deliver Goods out of a Warehouse where the original Warrant has been destroyed or mislaid once the Warehousekeeper is satisfied upon diligent enquiry and after completion of all relevant procedural requirements in that jurisdiction that the person claiming ownership of the relevant Goods has a proper right to do so;
- (c) to enter onto Guardian and properly maintain Warrant details of Goods in store as required by the relevant Contract Rules and these GWPs;
- (d) to ensure that Goods are at all times correctly stored and identified as required by:
 - (i) in respect of Cocoa, GWPs D 1.16, D 2.1 and D 2.2; or
 - (ii) in respect of Robusta Coffee, GWPs D 1.16, D 3.1 and D 3.2.
- (e) a Warehousekeeper shall maintain Goods in external good order and externally free from any insect, rodent or any other type of infestation;
- (f) to draw samples in accordance with GWPs D 2.4, D 2.5, D 2.6 and D 2.7 in respect of Cocoa and GWPs D 3.4 and D 3.5 in respect of Robusta Coffee for despatch to the Grading Room;
- (g) to pay to the Exchange such registration and other fees as are provided for in or under the Regulations and in the Nominated Warehousekeeper's Application Form or as prescribed by the Exchange from time to time. Such fees shall not be refundable in the event of resignation or termination of nomination;
- (h) to maintain such other financial provisions as may be prescribed by the Exchange from time to time for the protection of an Owner's interests;
- (i) to maintain appropriate insurance to ensure that the interests of Owners are protected should a claimable event occur;
- (j) to act in such a way that ensures that any landlord, authority or other person will not acquire a lien, right of pledge or similar charge over the Goods stored in the Warehouse, and to agree not to exercise any lien, right of pledge or similar charge in relation to the Goods save in respect of charges owed to him in relation to the storage of those Goods. If, notwithstanding this GWP a lien or other right does arise the Warehousekeeper shall notify the Exchange in writing immediately. Where the Warehousekeeper could discharge the lien he must do so immediately or where this is not possible he must arrange for all the Goods stored in the Warehouse to be transferred to another Warehouse, or as the Exchange shall direct, and upon such transfer shall

²⁹ Amended 01 May 2016. Amendments in square brackets will take effect from the July 2018 delivery month.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

ensure that the provisions of GWPs D 1.19, D 1.20, D 1.23, D 1.24 and D 1.25 are complied with; and

- (k) to abide by any other procedures published by the Exchange from time to time.
- (l) Warehousekeepers shall be registered at all times with the U.S. Food and Drug Administration as a “Food Facility” or “Foreign Food Facility”, as applicable.
- [(m) In the case of Robusta Coffee, subject to the delivery notices having been issued Warehousekeepers shall allow access to forthcoming Buyers of the goods from the Tender Day, for the purposes of inspecting the goods. The Warehousekeeper shall agree to sample the goods if required. This access extends to any nominated representative of the forthcoming Buyer.]

D 1.16 Storage Requirements

D 1.16.1 A Warehouse may only be registered by one Warehousekeeper. A Warehousekeeper may store Goods in bags in a Warehouse in respect of which he is not the nominated Warehousekeeper. However, a Warehousekeeper may only store Goods in bulk in a Warehouse for which he is the nominated Warehousekeeper.

D 1.16.2 Goods must be stored in accordance with GWPs D 2.1 and D 2.2 in respect of Cocoa and GWPs D 3.1 and D 3.2 in respect of Robusta Coffee.

D 1.16.3 In instances where a Warehousekeeper is storing Goods in bags in a Warehouse registered by another Warehousekeeper the following conditions will apply:

- (a) the Warehousekeeper who has registered the Warehouse will be responsible for the payment of the annual Nominated Warehouse Fee and the provision of an appropriate performance bond to cover that Warehouse, even though Goods which are under the control of other Warehousekeepers may from time to time be stored in that Warehouse;
- (b) the Warehousekeeper who has registered the Warehouse will be responsible for any failure to maintain that Warehouse to the standard required in these GWPs and will be sanctioned accordingly, notwithstanding that such a failure may have been as a result of the storage of Goods in that Warehouse by another Warehousekeeper;
- (c) the Warehousekeeper recorded on Guardian as storing Goods in a Warehouse will be responsible for any failure to maintain those Goods to the standard required by these GWPs and will be sanctioned accordingly, even though such a failure may be as a result of the actions of another Warehousekeeper in whose Warehouse the Goods are stored or the failure of that Warehousekeeper to maintain that Warehouse to the standard required by these GWPs;
- (d) any sampling, weighing or other activity required by the Owner of the Goods in relation to Goods stored in the Warehouse of another Warehousekeeper shall be carried out by the Warehousekeeper who issued the Warrants in respect of those Goods; and
- (e) a Warehousekeeper may not undertake any movement of Goods which are stored in his Warehouse and that are under the control of another Warehousekeeper unless directed to do so by the responsible Warehousekeeper who in turn will have, where necessary, gained permission from the Owner and the Exchange.

D 1.16.4 Each Warehouse shall be clearly identified with a name, letter or number and such designation shall be recorded in the List of Nominated Warehousekeepers and Warehouses.

D 1.16.5 A Warehousekeeper shall:

- (a) keep any Warehouse, in respect of which he is registered as the Warehousekeeper, in a good state of repair at all times. Windows, doors and drainpipes shall be weatherproof and properly

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

fitted to prevent the entry of pests. Guttering shall be sound and free from weeds and debris. Downpipes shall be sound and lead immediately to an adequate drain or soak-away. Where internal downpipes are vulnerable to collision damage, they must be adequately protected;

- (b) keep ground around the outside of a Warehouse free from waste, lumber, weeds and other debris, to discourage pests and reduce the risk of fire. The immediate area should also be kept free of trees and other vegetation whose growth could present a threat to the structure of the Warehouse;
- (c) provide effective lighting in all areas where Goods are stored or handled. In respect of Warehouses approved for the storage of Bulk Delivery Units, such lighting should be protected to prevent breakages falling upon the Goods;
- (d) keep pest control logs and records of visits made by the pest control company;
- (e) ensure that a Warehouse is equipped with adequate fire-fighting facilities, which comply with an applicable local, port, state and or national regulations. Access to extinguishers and hoses must not be blocked. Equipment must be checked regularly and each inspection recorded;
- (f) prohibit smoking in storage areas;
- (g) ensure that all animals, both domestic and wild, are excluded from the Warehouse;
- (h) bear the cost of maintaining the Goods stored in his Warehouse to the standard required in GWP D 1.15.2. In respect of Cocoa, it is understood that the Warehousekeeper shall make a periodic charge to cover the cost of fumigation and fogging, in addition to rent that is charged; and
- (i) in respect of Bulk Delivery Units, undertake regular raking of the bulk pile as appropriate to maintain the pile in good condition.

D 1.16.6

In respect of Warehouses nominated for the storage of Goods in bags the following requirements shall apply:

- (a) Goods shall be stored in sound bags in external good order and meeting the criteria prescribed by the Exchange from time to time;
- (b) the following substances must not be stored with Goods stored in a Warehouse:
 - (j) dangerous chemicals or inflammable materials, as classified in the International Maritime Dangerous goods Code;
 - (ii) spices of any kind;
 - (iii) any type of animal hides;
 - (iv) odorous substances; or
 - (v) any other materials that the Exchange may deem to be harmful to the Goods; and

Robusta Coffee and Cocoa may only be stored in the same Warehouse when they are piled in such a manner that they could not be affected by taint e.g. segregated in separate areas of the shed;

- (c) a Warehouse shall be adequately ventilated;
- (d) a Warehouse shall be kept broom clean, with cleaning materials close to hand. All spillages shall be tidied up promptly;

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (e) a Warehouse and any Goods stored therein shall be kept clear of infestation by:
 - (i) closed rodent prevention bait boxes/traps, which shall be in sufficient numbers and well maintained at ground level at regular intervals along the internal walls of the building. These should be inspected by the pest control company on a regular basis but not less than once a month;
 - (ii) fumigating as and when necessary;
 - (iii) fogging as and when necessary; and
- (f) each Warehouse, or group of Warehouses, shall have accurate scales for weighing palletised Goods which shall weigh to a minimum interval of 1 kg with a tolerance of 1.5 kg above or below the true weight. The scales shall be regularly serviced and re-calibrated at least once a year and tested every shift prior to use or following any change in location of the scales. Service records shall be available to demonstrate compliance with these requirements.

D 1.16.7 In respect of Warehouses nominated for the storage of Cocoa in bulk, the following requirements shall apply in addition to those in GWP D 1.16.6:

- (a) the Warehouse shall either be used solely for the purpose of storing bulk Cocoa, or be fitted with a permanent or temporary screen across the full height and width of the Warehouse segregating the bulk Cocoa from all other Goods, including bagged Cocoa, stored within the Warehouse;
- (b) the Warehouse, or area intended for the storage of bulk Cocoa within the Warehouse, shall be of a size capable of accommodating a minimum of two Bulk Delivery Units;
- (c) the Warehouse must be equipped with such permanent or temporary partitioning which allows the retention and segregation of Cocoa, ensures its security from theft, and which is otherwise in accordance with these GWPs;
- (d) equipment should be readily available for the stowage into, loading out from or movement of Cocoa within the Warehouse;
- (e) equipment should be readily available for the batch weighing of Cocoa stored in bulk. Where the equipment is used to weigh quantities of 5 tonnes or less of Cocoa it shall weigh to a minimum interval of 5 kg with a tolerance of 7.5 kg above or below the true weight. Where the equipment is used to weigh quantities of more than 5 tonnes of Cocoa it shall weigh to a minimum interval of 20 kg with a tolerance of 30 kg above or below the true weight. The equipment shall be regularly serviced and re-calibrated at least once a year and tested every shift prior to use or following any change in location of the equipment. Service records shall be available to demonstrate compliance with these requirements. In the event that a public weighbridge is used, such weighbridge must comply with these requirements and be appropriately certified by the local authorities;
- (f) equipment should be readily available for the bagging of a Bulk Delivery Unit into bags of a size and standard meeting the criteria prescribed by the Exchange from time to time; and
- (g) bags meeting the criteria prescribed by the Exchange from time to time must be readily available in sufficient quantities to allow for the bagging of a Bulk Delivery Unit.

D 1.17 Maintenance of Records

D 1.17.1 A Warehousekeeper shall maintain full and appropriate records:

- (a) that are arranged, filed and indexed so as to allow prompt access to any particular record;

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (b) from which the precise identity of Goods stored in a Warehouse may be ascertained;
- (c) which provide a complete audit trail of the Goods from the time that they were taken into store by the Warehousekeeper; and
- (d) which identify the charges made by a Warehousekeeper in respect of the Robusta Coffee comprising a Lot and the Cocoa comprising a Delivery Unit.³⁰

D 1.17.2 In respect of Cocoa, a Warehousekeeper shall maintain on file:

- (a) proof of identity of Goods including but not limited to, Bills of Lading, Warehouse receipts, storage instructions received from the Owner of the Goods and any other such documents which may aid in identifying the relevant Goods and their date of shipment from Origin; and
- (b) records providing a complete history of the Goods whilst stored by the Warehousekeeper shall include, but is not limited to, those relating to the weighing, sampling, movement, and fumigation of the Goods (including the identity of the personnel executing such functions) and in respect of Bulk Delivery Units, the dates and times of ventilation and extraction performed in respect of such Cocoa as well as any other information considered relevant to such exercise, and any instructions received from the Owner of the Goods relating to these Goods.

D 1.17.3 The position of Goods within the warehouse shall be recorded and maintained by the Warehousekeeper on a storage plan of the warehouse or on a list of storage zones or locations of the Warehouse in a manner that will allow an Exchange official or other third party readily to locate and identify the Goods.

D 1.17.4 A Warehousekeeper may keep a record in electronic form, provided that:

- (a) a hard copy can be reproduced if so required; and
- (b) the system is adequately safeguarded against loss of information by way of appropriate back-up systems.

D 1.17.5 All records relating to Goods stored in a Warehouse shall be retained for a minimum of two years following delivery out of the Goods) and shall be held in such a manner that they may be promptly accessed upon request and are reasonably safeguarded against loss, alteration or destruction.

D 1.17.6 A Warehousekeeper shall keep all the records specified in GWP D 1.17 and all information held in its capacity as Warehousekeeper confidential at all times except where directed to disclose such information by the Exchange in its absolute discretion or where otherwise required by these GWPs.

D 1.18 Stock Figures

D 1.18.1 Following the grading of a sample by ICE Registered Cocoa or Robusta Coffee Graders, the Exchange shall inform the Warehousekeeper responsible for the drawing of the sample from the Goods in such a manner as may be prescribed by the Exchange from time to time, whether the Goods to which the sample relates has been graded tenderable or not tenderable. The Warehousekeeper shall keep a record of such results.

D1.18.2 At a time and in such a manner as may be prescribed by the Exchange from time to time, any Warehousekeeper having a Warehouse nominated for the storage of:

- (a) Cocoa shall advise the Exchange of the number of Standard, Large and Bulk Delivery Units which are in store in the Warehouse and are the subject of:

³⁰ With effect from the July 2018 delivery month, the provisions at D. 1.17.1(d) will move to D. 1.17.1(e), and a new D 1.17.1(d) will be inserted, which reads "*Pre-payment of Load Out Charges; and.*"

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (i) a Valid Grading Result;
- (ii) an expired grading result; and
- (iii) a not tenderable grading result;
- or
- (b) Robusta Coffee, shall advise the Exchange of the number of parcels and the number of lots which are in store in the Warehouse and are the subject of:
 - (i) a Valid Grading Result; and
 - (ii) a not tenderable Grading Result.

D 1.18.3 The Exchange will use such information to compile data relating to the total number of lots of Robusta Coffee or Delivery Units of Cocoa, as the case may be, stored in Warehouses. The Exchange may, in its absolute discretion, publish information relating to the total number and type of lots of Robusta Coffee or Delivery Units of Cocoa, which are the subject of Valid Grading Results, expired grading results, or which are not tenderable, stored in each port or Delivery Area.

D 1.19 Movement of Goods and change in control of a Warehouse or Warehousekeeper – General Requirements and GWPs³¹

D 1.19.1 From time to time a Warehousekeeper may:

- (a) determine to either:
 - (i) move Goods to another Warehouse under his control;
 - (ii) relinquish the control of a Warehouse to another Warehousekeeper;
 - (iii) move Goods from a Warehouse under his control to another Warehouse under the control of another Warehousekeeper; or
- (b) in respect of Cocoa, be instructed by the Owner of the Cocoa to move or convert Delivery Units; or
- (c) in respect of Robusta Coffee be instructed by the Owner of the Robusta Coffee to move a parcel or lot.

In such circumstances, GWPs D 1.19.2 to D 1.19.8 shall apply, as the case may be, in respect of GWPs D 1.20 to D 1.24 inclusive.

D 1.19.2 Goods that have been moved during a Delivery Month shall not be tendered in that same Delivery Month.

D 1.19.3 For the purpose of these GWPs, control of the Goods shall be deemed to be exercised by the Warehousekeeper recorded on Guardian as storing the Goods in his Warehouse.

D 1.19.4 In respect of Goods having a Valid Grading Result and which do not, according to these GWPs, require re-grading before they may be tendered, then:

³¹ Amended 26 May 2015

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (a) prior to the change of control and where relevant, movement, of Goods between different Warehousekeepers, the current and new Warehousekeepers shall jointly inspect the Goods at the Warehouse of the current Warehousekeeper to verify the identity of the Goods which are the subject of the change in control, and to determine the external good order of such Goods; and
- (b) once both Warehousekeepers are satisfied as to the identity and external good order of the Goods they shall countersign appropriate documentation to that effect and, where relevant, may undertake the movement of such Goods. In the event that such agreement cannot be reached, then the opinion of a mutually acceptable competent independent authority shall be sought by the Warehousekeepers.

D 1.19.5 The Exchange shall have the discretion to require independent supervision of the movement of Goods having a Valid Grading Result.

D 1.19.6 All costs incurred in following the requirements laid out in GWP D 1.19 to D 1.24, as the case may be, and including, inter alia, the costs of independent supervision, where relevant, shall be for the account of the:

- (a) Owner of the Goods where such movement or change in control is at the request of, or caused by, the Owner of the Goods, including where such movement is the result of an instruction from the Exchange to the Seller to convert a Delivery Unit in accordance with Rule EEEE.12(c) (ICE Futures London Cocoa Futures Contract) or Rule EEEE1.12(c) (ICE Futures Euro Cocoa Futures Contract), as the case may be; or
- (b) Warehousekeeper, where any such movement or change in control is at the request of, or caused by, the Warehousekeeper.

D 1.19.7 In order to ensure the integrity of the audit trail in circumstances where movement of Goods occurs, the following shall be provided by the current Warehousekeeper to the new Warehousekeeper:

- (a) where such Goods stored in a Warehouse have a final day of landing:
 - (i) on or prior to 31 March 2000; either
 - (A) a copy of the relevant Bill(s) of Lading, with any confidential counterparty details deleted; or
 - (B) appropriate documentation, dated and signed by the current Warehousekeeper, detailing in respect of such Goods the Origin, name of vessel(s), mark(s) on the bags, and, where such date(s) can be determined, dates of issue of the Bill(s) of Lading for the shipment of the Goods from Origin as well as, where relevant, crop year of the Goods as specified on the original shipping documents relating to such Goods;
 - (ii) on or after 1 April 2000; a copy of the relevant Bill(s) of Lading, with any confidential counterparty details deleted; and
- (b) details of the existing warrant number of such Goods; and
- (c) any other information as the Exchange may require from time to time.

In the event that the current Warehousekeeper is not in possession of copy or original Bill(s) of Lading required in order to comply with GWP D 1.19.7(a)(ii), he shall advise the Exchange in writing, including the reason for the absence of such documentation, and the Exchange shall determine in its absolute discretion what other information or documentation may instead be provided.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- D 1.19.8 The Exchange may if it deems it necessary and if it is considered that a movement or change in control of Goods stored in a Warehouse will harm or may have the potential to harm the integrity of the contract:
- (a) refuse permission for the movement of Goods if it is considered that a particular Warehousekeeper would, as a result, control a disproportionately large amount of Goods having Valid or expired grading results;
 - (b) require the re-grading of any Goods having a Valid Grading Result under circumstances where it is the subject of a movement or change in control; or
 - (c) require a Warehousekeeper or the Owner of the Goods to demonstrate that there were sound commercial reasons for a change in control to take place, before granting its permission.
- D 1.19.9 In respect of the movement of Robusta Coffee under GWPs D 1.23 and D 1.25, GWP D 1.27 shall also apply.
- D 1.20 Change in control of Goods between different Warehousekeepers – Goods remaining in the same Warehouse³²**
- D 1.20.1 Prior to any change in control of Goods between different Warehousekeepers where the Goods remain in the same Warehouse:
- (a) the current Warehousekeeper shall make a written application to the Exchange giving the following information:
 - (i) the reason for the intended change in control of the Goods; and
 - (ii) where the change in control of the Goods is at the request of the Warehousekeeper, evidence that the written consent of the Owner of the Goods has been obtained.
 - (b) the new Warehousekeeper shall confirm to the Exchange in writing that he will:
 - (i) either re-weigh the Goods and, unless otherwise agreed with the Owner, take responsibility for any loss in weight, if applicable, or accept the weights detailed on the Warrant recorded on Guardian;
 - (ii) issue new Warrants against the Goods stored in a Warehouse;
 - (iii) provide the Exchange with the new Warrant number relating to the cancelled Warrant; and
 - (iv) where applicable update the weight details of the Warrant recorded on Guardian.
- D 1.20.2 Change in control of the Goods may not take place until such time as the Exchange has received the above and any additional information it may require, and has given its written consent. The new Warehousekeeper shall inform the Exchange upon completion of the change in control.
- D 1.21 Movement of Goods within the same Delivery Area – Warehouses under the control of the same Warehousekeeper**
- D 1.21.1 Prior to any movement of Goods from one Warehouse directly to another Warehouse within the same Delivery Area and under the control of the same Warehousekeeper, the Warehousekeeper shall make a written application to the Exchange, giving the following information:
- (a) the reason for the intended movement;

³² Amended 1 April 2015

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (b) the approximate distance between the relevant Warehouses;
- (c) where the movement of the Goods is at the request of the Warehousekeeper, evidence that the written consent of the Owner of the Goods has been obtained; and
- (d) an undertaking to re-weigh the Goods and, unless otherwise agreed with the Owner, take responsibility for any loss of weight, if applicable.

D 1.21.2 Movement of the Goods may not commence until such time as the Exchange has received the above and any additional information it may require and has given its written consent. Upon completion of the movement of the Goods the Warehousekeeper shall inform the Exchange of the new Warehouse details and shall enter onto Guardian the new weight details where applicable.

D 1.21.3 A Bulk Delivery Unit which has been moved from one Warehouse to another pursuant to GWP D 1.21 may not be tendered until it has been re-graded as tenderable.

D 1.22 Movement of Goods within the same Delivery Area for the purpose of fumigation

D 1.22.1 For the purpose of fumigation, a Warehousekeeper may move Goods to another Warehouse within the same Delivery Area and under the control of the same Warehousekeeper, provided that the Warehousekeeper:

- (a) gives the Exchange two working days' notice of the intended movement of the Goods; and
- (b) provides written confirmation to the Exchange that:
 - (i) on completion of the fumigation, the Goods will be moved back to the Warehouse in which they were stored prior to fumigation; and
 - (ii) he will re-weigh the Goods and, unless otherwise agreed with the Owner, take responsibility for any loss in weight, if applicable.

D 1.23 Movement of Goods within the same Delivery Area - Warehouses under the control of different Warehousekeepers³³

D 1.23.1 Prior to any movement of Goods from a Warehouse of one Warehousekeeper directly to another Warehouse under the control of a different Warehousekeeper within the same Delivery Area:

- (a) the current Warehousekeeper shall make a written application to the Exchange giving the following information:
 - (i) the reason for the intended movement and change in control of the Goods; and
 - (ii) where the movement and change in control of the Goods is at the request of the Warehousekeeper, evidence that the written consent of the Owner of the Goods has been obtained; and
- (b) the new Warehousekeeper shall confirm to the Exchange in writing that he will:
 - (i) re-weigh the Goods and, unless otherwise agreed the Owner, will take responsibility for any loss in weight;
 - (ii) issue new Warrants against the Goods stored in a Warehouse;

³³ Amended 1 April 2015

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

(iii) provide the Exchange with the new warrant numbers and warehouse details; and

(iv) update the weight details of the Warrant recorded on Guardian.

D 1.23.2 Movement and change in control of the Goods may not commence until such time as the Exchange has received the above and any additional information it may require, and has given its written consent. The new Warehousekeeper shall inform the Exchange upon completion of the movement and change in control of the Goods.

D 1.23.3 A Bulk Delivery Unit which has been moved from one Warehouse to another pursuant to GWP D 1.23 may not be tendered until it has been re-graded as tenderable.

D 1.24 Movement of Goods across different Delivery Areas – Warehouses under the control of the same or different Warehousekeepers

D 1.24.1 In the event that movement of Goods from one Warehouse to another in a different Delivery Area under the control of:

(a) the same Warehousekeeper is required, the GWPs in D 1.21 shall apply; or

(b) different Warehousekeepers is required, the GWPs in D 1.20 shall apply.

D 1.24.2 Any such Goods having a Valid Grading Result may not be tendered following such movement until the Goods have been re-graded as tenderable.

D 1.25 Insolvency or delisting of a Warehousekeeper causing movement or change in control of Goods

D 1.25.1 Where movement or change in control of Goods occurs in circumstances where the Exchange determines in its sole discretion that the original Warehousekeeper is no longer able to carry on business in the capacity of a Warehousekeeper or has been delisted from the List of Nominated Warehousekeepers and Nominated Warehouses, and the Goods):

(a) do not move out of a Warehouse but the control of the Goods changes from one Warehousekeeper to another Warehousekeeper; or

(b) move directly between the Warehouses of different Warehousekeepers within the same Delivery Area;

then the Exchange may require that the Goods are re-graded as tenderable before they may be tendered if the Exchange concludes that the specific circumstances warrant such an approach.

D 1.25.2 Where movement or change in control of Goods having a Valid Grading Result occurs in circumstances where the Exchange determines in its sole discretion that the original Warehousekeeper is no longer able to carry on business in the capacity of a Warehousekeeper or has been delisted from the List of Nominated Warehousekeepers and Nominated Warehouses and the Goods move from one Warehouse to another in a different Delivery Area under the control of either the same or different Warehousekeepers, then the Exchange may determine that the Goods do not require re-grading before they may be tendered if the Exchange concludes that the specific circumstances warrant such an approach.

D 1.26 Warehouse Charges³⁴

D 1.26.1 At the time of application to be approved as a Nominated Warehousekeeper in accordance with GWP D 1.8, and at each subsequent annual renewal of nomination in accordance with GWP D 1.10, a Warehousekeeper shall submit to the Exchange details of the charges which it may make in respect of both:

³⁴ Amendments in square brackets will take effect from the July 2018 delivery month.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (a) Robusta Coffee (in bags or FIBCs) and Cocoa (in bags and/or in bulk) which is stored in its Warehouses and listed on Guardian; and
- (b) Robusta Coffee (in bags or FIBCs) and Cocoa (in bags and/or in bulk) which is stored in its Warehouses under a commercial agreement.

Details of the charges notified to the Exchange under GWP D 1.26.1 shall include, but are not limited to, Loading In Charge, Rent, Weighing, Sampling, rebagging and Loading Out Charge and shall be for the period up to the next annual renewal of nomination. Charges submitted in accordance with GWP D 1.26(1)(b) should be accompanied by commercial term sheets as a means to substantiate those charges.

- D 1.26.2 The details of the charges notified to the Exchange pursuant to GWP D 1.26.1(a) above shall be reasonable and comparable with the commercial charges levied for similar services and shall be justified by the applicant as such.
- D 1.26.3 The charges submitted pursuant to GWP D 1.26.1(a) in respect of Rent and the Loading Out Charge shall state the **maximum** amount (inclusive of any applicable taxes) which the Warehousekeeper may charge.
- D 1.26.4 Except pursuant to GWP D 1.26.10, Rent and Loading Out Charges submitted in accordance with GWP D 1.26.1(a) may only be increased once a year at the annual renewal of nomination. The Exchange must receive written notice of any proposed increase in the charges at least ninety days prior to the Warehousekeeper's annual renewal of nomination. [In the case of Robusta Coffee, pre-paid Load Out Charges may not be increased for Warrants already delivered in that Warehousekeeper through the tender process save where this additional cost is occasioned by a subsequent owner changing the storage format of the Robusta Coffee and this additional Load Out Charge shall also be pre-paid by the then relevant owner that occasioned the additional costs.]
- D 1.26.5 On receipt of a notification under GWP D 1.26.4 the Exchange will invite the Warehousekeeper to justify any proposed increase as reasonable and comparable with commercial charges levied for similar services. If the proposed increase in charges can be so reasonably justified to the Exchange then the increase shall become effective on the date of the Warehousekeeper's annual renewal of nomination. If the proposed increase in charges cannot be justified to the Exchange then the increase shall not become effective with respect to Robusta Coffee and Cocoa stored by the Warehousekeeper and listed on Guardian.
- D 1.26.6 A Warehousekeeper may not impose any charges in relation to the delivery of Goods out of a Warehouse on to a truck or a lorry other than a Loading Out Charge. However, nothing in this GWP D 1.26 shall prevent a Warehousekeeper from agreeing with an Owner:
- (a) to levy any charges which are lower than the maximum amount published by the Exchange pursuant to GWP D 1.26.8;
 - (b) to charge a different amount from the Loading Out Charge for the delivery of Goods from within a Warehouse on to a different means of transport; or
 - (c) for the provision of additional services, and additional charges for such services, in addition to those services covered by the Rent and Loading Out Charge,
- where so requested by, or agreed with, an Owner.
- D 1.26.7 A Warehousekeeper shall, upon a request from the Exchange, provide details to the Exchange of any charges made, or agreed to be made, between the Warehousekeeper and an Owner in respect of the Robusta Coffee comprising a Lot or the Cocoa comprising a Delivery Unit.
- D 1.26.8 The Exchange will publish, in respect of the nomination period, details of the maximum Rent and Loading Out Charges accepted by the Exchange pursuant to GWP D 1.26.1(a) in a format as determined

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

by the Exchange from time to time in the Published List of Rent and Loading Out Charges on the ICE website (www.theice.com).³⁵

- D 1.26.9 A Warehousekeeper may not charge Rent or Loading Out Charges which exceed the maximum amount published by the Exchange in respect of a nomination period.
- D 1.26.10 Notwithstanding GWP D 1.26.4, a Warehousekeeper may, in exceptional circumstances, submit a written request to the Exchange seeking approval to increase the maximum amount of Rent and/or Loading Out Charges levied by it in respect of the nomination period [or in the case of Loading Out Charges levied in advance on a particular owner]. The Exchange may permit or reject such an increase at its absolute discretion and the decision shall be final.
- [D 1.26.11 In respect to Robusta Coffee:
- (a) a Warehousekeeper may not make any charges with regard to Loading Out costs to any subsequent owner other than the first Seller who tenders the Warrants at that Warehousekeeper (save additional costs may be levied on a pre-payment basis by owners (including subsequent owners) who raise load out costs by changing the format of the storage of the goods under Warrant).
 - (b) For subsequent tenders of the same Warrant at the same Warehousekeeper, Loading Out Charges shall be considered already pre-paid and cannot be re-charged by the Warehousekeeper to any subsequent owner.
 - (c) (save as outlined at D1.26.10 above) Loading Out Charges may not be increased for Robusta Coffee under Warrants already delivered in that Warehousekeeper through the tender process.
 - (d) If Robusta Coffee under Warrants move to a new Warehousekeeper, that new Warehousekeeper is entitled to charge Loading Out Charges to the next Seller who tenders the Warrants at the new Warehousekeeper.]
- D 1.27 Loading Out of Goods from a Nominated Warehousekeeper
- D 1.27.1 In respect of a lot or Delivery Unit which has been awarded a Valid Grading Result and which is to be Loaded Out of a Nominated Warehouse for reasons other than those detailed in GWPs D 1.21, D 1.22 and D 1.24, the Member or, if he is not the Owner of the Goods, the Owner on whose behalf the Member is making the request for Loading Out of the Goods, shall inform the Warehousekeeper in writing that the Goods are to be Loaded Out of the Nominated Warehouse.
- D 1.27.2 On receipt of an application under GWP D 1.27.1 the Warehousekeeper will, subject to GWPs D 1.23 and D 1.25 where applicable, schedule and agree with the Owner date(s) for the Loading Out of the Goods.
- D 1.27.3 The Owner must present the Warehousekeeper or his London Agent with the relevant Warrants a minimum of 48 hours prior to the scheduled commencement of the Loading Out.
- D 1.27.4 When carrying out a request for the Loading Out of Goods under GWP D 1.27.1, the Nominated Warehousekeeper shall comply with the minimum Loading Out rates and the procedures relating thereto, as published by the Exchange by notice posted on the Market from time to time.
- D 1.27.5 Where a Warehousekeeper is in receipt at the same time of requests to both:
- (a) Load Out Goods to be taken up from Guardian under GWP D 1.27.1; and
 - (b) Load Out Goods under GWPs D 1.23 and D 1.25,

³⁵ With effect from the July 2018 delivery month, D 1.26.8 will read “The Exchange may publish, in respect of the nomination period, details of the maximum Rent and Loading Out Charges accepted by the Exchange pursuant to GWP D 1.26.1(a) in a format as determined by the Exchange from time to time in the Published List of Rent and Loading Out Charges on the ICE website (www.theice.com).”

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

the Warehousekeeper shall ensure that the Movement Out of Goods which is to be Loaded Out under GWP D 1.27.1 and taken up from Guardian is prioritised and undertaken first in accordance with the Loading Out rate as published by the Exchange from time to time.

D 1.27.6 Where the Warehousekeeper is in receipt of more than one request to load out either:

- (a) Goods to be taken up from Guardian under GWP D 1.27.1; or
- (b) Goods under GWPs D 1.23 and D 1.25,

the Warehousekeeper shall treat each request equitably and schedule the Loading Out for such requests in a fair and reasonable manner.

D 1.27.7 Where the Warrants in respect of the Goods scheduled to be Loaded Out of a Warehouse have not been presented to the Warehousekeeper or his London Agent a minimum of 48 hours prior to the scheduled commencement of the Loading Out, the Warehousekeeper may cancel the Loading Out.

D 1.27.8 Where after the expiry of 60 calendar days from the receipt by the Warehousekeeper of a Loading Out request under GWP D 1.27.1, that Loading request has not been completed in full, the Warehousekeeper may not, from that point onwards, levy any further Rent against the Goods forming part of the Loading Out request that are remaining in its Warehouses, unless so agreed with the Owner of those Goods.

D 1.27.9 The provisions of GWP D 1.27.8 shall not apply where the Warehousekeeper has cancelled the Loading Out in accordance with GWP D 1.27.7 or where the Exchange is satisfied that circumstances outside the control of the Warehousekeeper have hindered or prevented the Warehousekeeper from fulfilling the Loading Out request and, provided that such circumstances have been documented and reported to the Exchange in a timely manner.

D 1.27.10 Once all or part of the Goods have been Loaded Out from the Nominated Warehouse the Warehousekeeper must, with the exception of Goods moved under GWPs D 1.23 and D 1.25, remove the relevant record from Guardian in accordance with GWP D 1.3.4.

D 1.27.11 For the avoidance of doubt the minimum Loading Out rate may be achieved by a Warehousekeeper as an average over the period during which the Goods are to be moved.

D 1.27.12 Where the Warehousekeeper is in receipt of requests from one or more Members to Load Out both Robusta Coffee and Cocoa at the same time, the Warehousekeeper must meet the minimum Loading Out rates for both Robusta Coffee and Cocoa.

D 1.27.13 It should be noted that where a Dual Capacity Warehousekeeper is in receipt of requests from one or more Members to Load Out Cocoa stored in both bags and bulk at the same time the Dual Capacity Warehousekeeper must meet the minimum Loading Out rates for both the bagged and bulk Cocoa. Further, should a Dual Capacity Warehousekeeper receive requests from one or more Members to load out Robusta Coffee and Cocoa stored in bags and bulk at the same time the Dual Capacity Warehousekeeper must meet the minimum Loading Out rates in respect of the Robust Coffee and the bagged and bulk Cocoa.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

D 2. COCOA³⁶

D 2.1 Piling of Cocoa

D 2.1.1 Subject to Schedule 1 of these GWPs in respect of Cocoa Goods stored in bags, details of which are represented by the Warrant recorded on Guardian, the following storage requirements shall be observed:

- (a) each Delivery Unit shall be stored in a single Warehouse on pallets at ground level, with the exception of multi-storey Warehouses with wooden floors where the bags of Cocoa may be stored directly on the floor;
- (b) Cocoa comprising a Standard Delivery Unit shall be stored, subject to GWP D 2.1.1(d), together in a single row, pile or component of a block stow;
- (c) Cocoa comprising a Large Delivery Unit shall be stored in no more than two adjacent rows, piles or block stows. GWP D 2.1.1(f) shall apply to each non-adjoining row or pile;
- (d) where a Delivery Unit is composed of palletised bags the bags on each pallet shall relate only to that Delivery Unit. Where there is a balance of bags making up a Delivery Unit which is insufficient to fill a pallet to capacity, those remaining bags shall be exclusively stored on a pallet which shall be marked in accordance with GWP D 2.2 and placed either on top of the column of pallets comprising the majority of the Delivery Unit or at the end of the row in which the Delivery Unit is piled;
- (e) Cocoa shall be stored with a gap of at least 45 centimetres:
 - (i) from any wall; and
 - (ii) from any other Cocoa or other material stored in the Warehouse to allow compliance with GWP D 2.1.1(f); or
- (f) at least 40% of the bags in a Delivery Unit or non-adjoining row or pile of a Large Delivery Unit must be accessible for sampling. Where the Delivery Unit is composed of palletised bags stored in columns or rows, at least one side of each pallet shall be readily accessible for sampling. Where the parcel, lot or Delivery Unit forms all or part of a block stow, or is composed of two block stows, all sides of the block stow shall be readily accessible for sampling;

D 2.1.2 In respect of Cocoa Goods stored in bulk, the following storage requirements shall be observed in addition to those in GWP D 1.16.7:

- (a) each Bulk Delivery Unit must be readily identifiable by the Warehousekeeper and the Exchange inspectors;
- (b) each Bulk Delivery Unit shall be stored:
 - (i) in one pile segregated from all other Bulk Delivery Units or, other Cocoa stored in bulk, by temporary or permanent partitioning as detailed in GWP D 1.16.7(c) and in such a way as to ensure the Cocoa is secure from theft; or
 - (ii) in accordance with such other requirements as may be determined by the Exchange from time to time;
 - (iii) in such a way as to allow the optimum level of ventilation, and

³⁶ Amended 01 August 2015

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (iv) in such a way that would facilitate the sampling of the Bulk Delivery Unit within 5 business days of the Warehousekeeper receiving the instruction to sample under Procedure D 2.4.1.

D 2.1.3 In respect of Cocoa stored for potential delivery against a Contract in each Delivery Unit shall be comprised of sound Cocoa which shall be the product of a single Origin, of the same shipment period and stored in one Warehouse.

D 2.1.4 A Delivery Unit may not, in whole or in part, be comprised of Cocoa which previously comprised a Delivery Unit graded as not tenderable.

D 2.2 Identification of a Delivery Unit

D 2.2.1 Subject to Schedule 1 of these GWPs, each Delivery Unit shall be readily identifiable by the Warehousekeeper and the Exchange officials. The following minimum requirements for the identification of a Delivery Unit shall apply:

- (a) where a Delivery Unit is composed of bags placed on pallets which are stored in rows and/or columns;
 - (i) a hard wearing and durable label, visible from the aisle side of the column and/or row shall be securely fastened to either a bag lying on the first of the storage sequence or the pallet itself and shall show, as minimum, the Warrant number relating to the Delivery unit and the number of bags comprising the Delivery Unit; and
 - (ii) a bag on the bottom layer of bags of each pallet and visible from the aisle side of the column and/or row shall be marked clearly, legibly and indelibly on the fabric of the bag with the Warrant number of the Delivery Unit;
- (b) where a Delivery Unit forms part of a block stow;
 - (i) the boundary of each individual Delivery Unit shall be marked. A label showing as a minimum the Warrant number relating to the Delivery Unit and number of bags comprising the Delivery Unit, shall be securely fastened to one bag on each face of the Delivery Unit; and
 - (ii) subject to Schedule 1 of these GWPs , a bag on the bottom, middle and top row of each face of the Delivery Unit shall be marked clearly, legibly and indelibly on the fabric of the bag with the Warrant number of the Delivery Unit.
- (c) for a Bulk Delivery Unit a label, showing as a minimum the Warrant number, shall be attached to the front wall or edge of the storage area. In addition, an A4 size label attached to a post and showing as a minimum the Warrant number, shall be placed no further than two metres into the front of the bulk pile.

D 2.3 Weighing of a Delivery Unit

D 2.3.1 A Delivery Unit shall be weighed or reweighed:

- (a) when the Cocoa is combined to form the Delivery Unit in accordance with GWP D 2.1;
- (b) each time Cocoa contained in the Delivery Unit is bagged, rebagged or debagged in accordance with GWPs D 2.10 to D 2.13, as the case may be;
- (c) upon conversion or formation of the Delivery Unit in accordance with GWPs D 2.10 to 2.12, as the case may be;

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (d) each time the Delivery Unit is moved or is the subject of a change in control, in accordance with GWPs D 1.19 to D 1.25, as the case may be; and
- (e) in respect of a Bulk Delivery Unit, each time the Bulk Delivery Unit is re-piled, including, without limitation, when it is re-piled in order to be sampled for grading under GWP D 2.6.

D 2.3.2 The tare weight of the bags shall be that ascertained when the Cocoa was originally weighed and Warrant details recorded on Guardian.

D 2.4 Sampling of a Delivery Unit

D 2.4.1 In respect of a Delivery Unit which is to be graded pursuant to Section E of these GWPs, the Member or, if he is not the Owner of the Cocoa, the Owner on whose behalf the Member is making the application for grading, shall instruct the Warehousekeeper in writing to draw a sample from the Delivery Unit to be graded. Upon receipt of such instruction, the Warehousekeeper shall act without delay and, in the case of a Bulk Delivery Unit, commence the sampling operation no later than 5 business days after receiving the notification in accordance with GWP D 2.1.2(b)(iv).

D 2.4.2 Where the Warehousekeeper has provided notification of sampling to the Exchange on any business day by 12:00 hours London time, sampling may commence on the following business day. Where notification of sampling is received after this time, sampling may only begin on the second business day. The Warehousekeeper shall:

- (a) draw the sample in accordance with these GWPs;
- (b) upon completion of drawing the sample, send the sample direct to the Grading Room, for assessment by a Grading Panel appointed by the Exchange; and
- (c) in accordance with GWP D 1.3.3 enter onto Guardian all Warrant details no later than two business days after the arrival of the sample at the Grading Room. Grading will not commence until such details are complete. Samples which have been in the Grading Room for more than two business days, and for which details are not complete, may be removed from the grading queue.

D 2.4.3 Subject to GWPs D 1.5.7 and D 1.5.8, if sampling is to occur outside of normal Delivery Area working hours and the sampling is determined to require supervision, then such sampling shall take place at times mutually agreed between the Warehousekeeper and the Exchange.

D 2.4.4 Before sampling, the Delivery Unit identified correctly in accordance with GWP D 2.2 shall be inspected by the Warehousekeeper and, if nominated, the Supervisor shall confirm that;

- (a) the Cocoa complies with GWPs D 2.1.1 and D 2.2; and
- (b) all sampling apparatus is clean, dry and free from foreign odours.

D 2.4.5 Where the conditions of GWP D 2.4.4 are not met the Warehousekeeper or, if nominated, the Supervisor shall immediately contact the Exchange which shall determine what action shall be taken before sampling can commence.

D 2.4.6 Any sample which is to be presented to the Grading Room and represents either a Standard or Large Delivery Unit shall be drawn (and if required quartered) and sealed, on the same day. Any sample which is to be presented to the Grading Room and represents a Bulk Delivery Unit shall be quartered and sealed on the day on which the last portion of Cocoa which is part of the Bulk Delivery Unit is stored.

D 2.5 Sampling of Cocoa Stored in Bags

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- D 2.5.1 In respect of each sample drawn from a Standard Delivery Unit:
- (a) a sample of 2 kg minimum weight shall be drawn which shall be representative of the Standard Delivery Unit as a whole, and shall be taken randomly from a minimum of 30% of the number of sound bags forming the Standard Delivery Unit and over the full height and width of the Standard Delivery Unit directly into a clean dry and odourless cotton or linen sample bag with a tare not exceeding 100g; and
 - (b) the sample bag shall be sealed with the Warehousekeeper's seal and also if supervised the Supervision Company's seal and the sample bag shall be marked with the following as a minimum:
 - (i) the name of the Warehousekeeper responsible for drawing the sample
 - (ii) Warrant number;
 - (iii) Delivery Area;
 - (iv) Origin;
 - (v) Date on which the Cocoa was landed; and
 - (vi) The bar code issued by or recorded on Guardian in respect of the sample.

- D 2.5.2 In respect of a sample drawn from a Large Delivery Unit:
- (a) sample material of 12 kg minimum weight shall be drawn from a minimum of 30% or more of the number of sound bags over the full height and width of the Large Delivery Unit;
 - (b) the sample material shall be quartered to provide a grading sample weighing not less than 3kg. The remaining beans from the preliminary sample shall be bagged, clearly marked and stored with the Large Delivery Unit from which they were drawn;
 - (c) the grading sample material shall be placed in a cotton or linen sample bag with a tare not exceeding 150g. The grading sample bag shall be sealed with the Warehousekeepers seal, and also if supervised the Supervision Company's seal and the details specified in GWP D 2.5.1 (b) shall be marked on the bag;
 - (d) the sampling, quartering and sealing of each sample from a Large Delivery Unit shall be completed on the same day that sampling started; and
 - (e) the Warehousekeeper shall record on Guardian that the 3 kg sample has been drawn.

D 2.6 Sampling of Cocoa Stored in Bulk

- D 2.6.1 In respect of each sample drawn from a Bulk Delivery Unit:
- (a) sample material of 50 kg minimum weight which is representative of the Bulk Delivery Unit as a whole shall be derived from Cocoa drawn on an incremental basis perpendicularly across the whole flow of a moving stream of Cocoa (but excluding the 'fall') comprising the whole Bulk Delivery Unit, while the Cocoa is being re-piled. The incremental samples shall be drawn at regular intervals dependent on the speed of the flow, each comprising of a minimum of 500g of Cocoa such that a total of a minimum 100 individual samples are drawn from the Bulk Delivery Unit into bags which are clean, dry, empty and odourless;
 - (b) sampling of each Bulk Delivery Unit shall be completed within a period of 30 calendar days from the date on which sampling commenced. During such period, the bag(s) containing the

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

incremental samples shall be sealed at all times when sampling is not taking place, and shall be clearly marked and stored in a secure location;

- (c) following completion of movement and weighing or reweighing, the Cocoa drawn, which shall be a minimum of 50 kg, shall be quartered to provide a grading sample of 5 kg minimum weight. The balance of the 50 kg drawn shall be returned to the relevant Bulk Delivery Unit;
- (d) the grading sample shall be placed in a clean, dry, empty and odourless cotton or linen sample bag with a tare not exceeding 250 g. The sample bag shall be sealed with the Warehousekeeper's seal, and also if supervised the Supervision Company's seal and the sample bag shall be marked with the details specified in GWP D 2.5.1(b);
- (e) the Warehousekeeper shall record on Guardian that the 5 kg sample has been drawn; and
- (f) the Warehousekeeper shall maintain a record of the equipment used for the repiling and sampling, the speed of the Cocoa flow and the intervals during which the incremental samples were drawn, and the individual dates on which each incremental sample, or consecutive incremental samples, were drawn.

D 2.7 Submission of a Sample

D 2.7.1 A Warehousekeeper shall draw a sample in accordance with GWPs D 2.4 to D 2.6, as the case may be, and shall submit such sample directly to the Grading Room for grading. Customs duties, if any, shall be for the account of the Warehousekeeper.

D 2.7.2 Samples for grading, and the related application for grading, must be submitted directly to the Grading Room:

- (a) in respect of a Standard Delivery Unit or Large Delivery Unit, within 60 calendar days of the date on which the sample was drawn; and
- (b) in respect of a Bulk Delivery Unit, within 60 calendar days of the date on which the first incremental sample forming part of the sample material was drawn.

D 2.7.3 The Exchange may at its sole discretion, designate the time or day at which samples may be delivered to the Grading Room.

D 2.7.4 A Member may request the Exchange to withdraw a sample submitted to the Grading Room for grading in accordance with the procedures detailed in Section E of these GWPs. Any such request must be made to the Grading Room via Guardian. Requests to withdraw samples submitted to the Grading Room for grading may be made at any time prior to the sample being presented to the Grading Panel for grading.

D 2.7.5 Where a valid request to withdraw a sample submitted to the Grading Room for grading has been received, the Exchange may charge the Member requesting the withdrawal a fee as prescribed from time to time by the Exchange.

D 2.8 Fumigation and Fogging³⁷

D 2.8.1 Pursuant to GWP D 1.15.2(e), the cost of fumigating and fogging Cocoa stored in accordance with the Cocoa Contract Rules shall be for the account of the Warehousekeeper. It is understood that the Warehousekeeper shall charge a periodic fee, to cover the cost of fumigation and/or fogging, in addition to the Rent that is charged.

D 2.8.2 In the event of ICE Registered Cocoa Graders finding live infestation in a sample, the applicant Member may submit within 21 calendar days, or other such deadline as prescribed by the Exchange from time to time, documentary evidence from the Warehousekeeper that the relevant Delivery Unit has begun

³⁷ Amended 10 October 2016

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

Fumigation or other such appropriate treatment for infestation. Following receipt of satisfactory evidence of treatment for infestation, the Exchange may lift the Suspended status of the Warrant(s), with the effect that they would become valid for tender. Warrant(s) for which evidence of fumigation is submitted where fumigation is commenced outside the prescribed 21 calendar day window specified above shall not have the Suspended status lifted; such Warrants would have to be re-sampled in order to be reconsidered for grading.

D 2.8.3 All Warrants tendered shall be endorsed by the Warehousekeeper to the effect that fumigation and/or fogging fees have been paid in respect of the period up to and including the Settlement Day and in the case of a Nominated Bulk Delivery Unit up to the Conversion Settlement Day or the Extended Conversion Settlement Day as the case may be.

D 2.8.4 Once the Warehousekeeper has charged a fumigation and/or fogging fee on Cocoa, a fee may continue to be charged regardless of whether or not a current grading result is in effect. Movement of the Cocoa for fumigation purposes, shall be subject to GWP D 1.22.

D 2.8.5 An Owner of Cocoa may only cease to pay the fumigation and/or fogging fee if the Cocoa:

- (a) is graded not tenderable and is de-listed from Guardian;
- (b) is sold commercially and de-listed from Guardian; or
- (c) is re-piled and de-listed from Guardian.

D 2.8.6 If, within 28 days of being de-listed under the circumstances outlined in GWP D 2.8.5, the Cocoa is found to be infested, the cost of fumigation shall be borne by the Warehousekeeper.

D 2.8.7 The cost of such fumigation and/or fogging shall be for the Owners account where:

- (a) the Cocoa stored in a Warehouse is sold other than under a Contract;
- (b) a Phytosanitary Certificate is required; or
- (c) the Owner requests the Cocoa to be fumigated, notwithstanding the apparent absence of infestation,

D 2.8.8 If, under these GWPs, the Owner of the Cocoa is of the opinion that fumigation is necessary to eradicate current infestation but the Warehousekeeper disagrees, then, in order to establish the need for fumigation, the Owner must provide either:

- (a) an order from a local official body (e.g. Port Health Authority) that fumigation must be carried out; or
- (b) a report from a competent independent authority confirming that fumigation is necessary.

If the local official body or the competent independent authority should deem it unnecessary for the Cocoa to be fumigated all charges and fees in respect of such inspections/reports will be for the account of the Owner of the Cocoa, otherwise such costs, if any, shall be borne by the Warehousekeeper.

D 2.9 Conversion of a Delivery Unit³⁸

D 2.9.1 In addition to his obligations under GWP D 1.17 a Warehousekeeper will be required to identify a Delivery Unit that has been converted by including the following on Guardian as a suffix to the Warrant number:

³⁸ Amended 26 May 2015

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (a) “DFB” (derived from Bulk);
- (b) “DFL” (derived from Large); or
- (c) “DFS” (derived from Standard).

D 2.9.2 The Owner of the Cocoa comprising a Delivery Unit, details of which are represented by the Warrant recorded on Guardian, may instruct a Warehousekeeper to convert such a Delivery Unit provided that:

- (a) the prior written consent of the Exchange is obtained and, subject to Rule EEEE.12(d)(i) (ICE Futures London Cocoa Futures Contract) or Rule EEEE1.12(d)(i) (ICE Futures Euro Cocoa Futures Contract), as the case may be, such Delivery Unit is not the subject of a Tender; and
- (b) such conversion is made in accordance with these GWPs and the status of the Warehousekeeper.

D 2.9.3 A Warehousekeeper may:

- (a) convert a Bulk Delivery Unit to Large and/or Standard Delivery Units, or a Large Delivery Unit to Standard Delivery Units either:
 - (i) upon instruction from the Exchange to the Seller to convert a Delivery Unit in accordance with Rule EEEE.12(c) (ICE Futures London Cocoa Futures Contract) or Rule EEEE1.12(c) (ICE Futures Euro Cocoa Futures Contract), as the case may be; or
 - (ii) at the request of the Owner of the Cocoa; or
- (b) convert Standard or Large Delivery Units to form a Large or Bulk Delivery Unit at the request of the Owner of the Cocoa.

D 2.9.4 (a) A conversion of:

- (i) a Bulk Delivery Unit into Standard and/or Large Delivery Units; or
- (ii) Standard and/or Large Delivery Units into a Bulk Delivery Unit;

or

- (b) the formation of a Bulk Delivery Unit from any other Cocoa (subject to GWPs D 2.9.11 and D 2.9.12), for delivery under a Contract, shall only be undertaken by a Dual Capacity Warehousekeeper.

D 2.9.5 (a) A conversion of:

- (i) a Large Delivery Unit into Standard Delivery Units; or
- (ii) Standard Delivery Units into a Large Delivery Unit; or

- (b) the formation of a Standard or Large Delivery Unit from any other Cocoa (subject to GWPs D 2.9.11 and D 2.9.12),

for delivery under a Contract, may be undertaken by either a Dual or Single Capacity Warehousekeeper.

D 2.9.6 A Warehousekeeper storing a Bulk Delivery Unit shall ensure the availability of bags meeting the criteria prescribed by the Exchange, in order to meet the requirements to convert a Bulk Delivery Unit if so required by the Exchange in accordance with Rule EEEE.12(c) (ICE Futures London Cocoa Futures Contract) or Rule EEEE1.12(c) (ICE Futures Euro Cocoa Futures Contract).

D 2.9.7 Upon conversion of an Original Delivery Unit:

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (a) the Valid Grading Result for the Original Delivery Unit shall immediately lapse, unless the Original Delivery Unit is a Nominated Delivery Unit, in which case the Valid Grading Result for the Nominated Delivery Unit shall apply to each Converted Delivery Unit;
- (b) each Converted Original Delivery Unit shall be weighed;
- (c) a new Warrant number for each Converted Original Delivery Unit shall be issued by the Warehousekeeper in accordance with these GWPs;
- (d) new Warrant details of the Delivery Unit shall be recorded on Guardian for each Converted Original Delivery Unit in accordance with GWP D 1.3; and
- (e) any FFA allowance attached to an Original Delivery Unit in respect of contract months from and including May 2017, will continue to be reflected on any Converted Original Delivery Unit regardless of the lapse of the Valid Grading Result.

D 2.9.8 A Converted Original Delivery Unit, which is not a Converted Delivery Unit, may only be delivered under a Contract if it has been re-graded in accordance with these GWPs and a Valid Grading Result has been issued upon such re-grading.

D 2.9.9 If, as a result of a conversion, a Delivery Unit is moved by a Warehousekeeper from one of its Warehouses to another, such Delivery Unit may only be delivered under a Contract:

- (a) if it is reweighed and new Warrant details are recorded on Guardian prior to the day specified in the Administrative GWPs in the Cocoa Contract Rules for the relevant Delivery Month; or
- (b) in respect of a Converted Delivery Unit, if it is reweighed, and revised Warrant details are recorded on Guardian prior to the first Business Day prior to the Conversion Settlement Day or the first Business Day prior to the Extended Conversion Settlement Day, as the case may be, for the relevant Delivery Month.

D 2.9.10 If, as a result of conversion, a Delivery Unit is moved out of the control of a Warehousekeeper, such Delivery Unit may only be delivered against a Contract if it is reweighed at the Warehouse of the new Nominated Warehousekeeper or otherwise in accordance with these GWPs, revised Warrant details are recorded on Guardian, and it is re-graded as tenderable.

D 2.9.11 The costs of converting a Delivery Unit shall be borne by the Owner of the Cocoa comprising such Delivery Unit.

D 2.9.12 The Exchange may, at its absolute discretion, supervise the conversion of a Delivery Unit.

D 2.10 Conversion of a Nominated Delivery Unit

D 2.10.1 Where the Owner of Cocoa comprising a Bulk Delivery Unit instructs a Warehousekeeper to convert such Delivery Unit to Large and/or Standard Delivery Units, the following procedures shall apply:

- (a) the Owner of the Cocoa shall advise the Warehousekeeper of the identity of the Bulk Delivery Unit to be converted, and the type of Delivery Units to which it is to be converted;
- (b) the Warehousekeeper shall give the Exchange a minimum of one clear business day notice of the commencement of the conversion process;
- (c) during conversion, Cocoa comprising the Bulk Delivery Unit shall be packed into bags meeting the criteria prescribed by the Exchange from time to time. The bags shall be marked with the following information:
 - (i) Origin of the Cocoa;

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (ii) shipment period (as determined from the Delivery Unit details);
- (iii) the name or identifying mark of the Warehousekeeper storing the BDU; and
- (iv) the letters “DFB” (derived from bulk);
- (d) the bagged Cocoa shall be palletised in accordance with the requirements prescribed by the Exchange from time to time, and moved to a Warehouse nominated by the Exchange for the storage of Cocoa in bags. Upon arrival at such Warehouse, the Cocoa shall be weighed and piled into the appropriate Delivery Units in accordance with the requirements prescribed by the Exchange from time to time and otherwise conforming with the requirements of the Contract Rules and these GWPs; and
- (e) the Warehousekeeper shall, record on Guardian the new Warrant details including any new weight details.

D 2.10.2 Where the Owner of the Cocoa comprising a Large Delivery Unit instructs a Warehousekeeper to convert such Delivery Unit to Standard Delivery Units, the following procedures shall apply:

- (a) the Owner of the Cocoa shall advise the Warehousekeeper of the identity of the Large Delivery Unit to be converted;
- (b) the Warehousekeeper shall give the Exchange a minimum of one clear business day notice of the commencement of the conversion process;
- (c) the Cocoa shall be weighed and piled into the appropriate Delivery Units in accordance with the requirements prescribed by the Exchange from time to time and otherwise conforming with the requirements of the Contract Rules and these GWPs; and
- (d) the Warehousekeeper shall record on Guardian the new Warrant details including any new weight details.

D 2.11 Conversion of an Original Delivery Unit

D 2.11.1 Where the Owner of Cocoa comprising a Bulk Delivery Unit instructs a Warehousekeeper to convert such Delivery Units to Large and/or Standard Delivery Units, the following procedures shall apply:

- (a) the Warehousekeeper shall inform the Exchange of the details of the instructions and request approval to convert the Delivery Unit;
- (b) the Exchange shall not approve such conversion if the Delivery Unit has been previously graded as not tenderable, or for any other reason at the absolute discretion of the Exchange;
- (c) the Warehousekeeper shall give the Exchange a minimum of one clear business day notice of the commencement of the conversion process;
- (d) during conversion, Cocoa comprising the Bulk Delivery Unit shall be packed into bags meeting the criteria prescribed by the Exchange from time to time. The bags shall be marked with the following information:
 - (i) Origin;
 - (ii) shipment period (as determined from the Delivery Unit details);
 - (iii) the name or identifying mark of the Warehousekeeper storing the BDU; and
 - (iv) the letters “DFB” (derived from bulk);

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (e) the bagged Cocoa shall be palletised and moved to:
 - (i) a segregated area of the Warehouse if such Warehouse meets the requirements outlined in GWP D 1.16.6 or
 - (ii) to a Warehouse nominated by the Exchange for the storage of Cocoa in bags.

The Cocoa shall be weighed and piled into the appropriate Delivery Units conforming with the requirements of the Contract Rules and these GWPs; and

- (f) the Warehousekeeper shall enter onto Guardian the new Warrant details including any new weight details.

D 2.11.2 Where the Owner of Cocoa comprising a Large Delivery Unit instructs a Warehousekeeper to convert such Delivery Unit to Standard Delivery Units, the following procedures shall apply:

- (a) the Warehousekeeper shall inform the Exchange of the details of the instructions and request approval to convert the Delivery Unit;
- (b) the Exchange shall not approve such conversion if the Delivery Unit has previously been graded not tenderable, or for any other reason at the absolute discretion of the Exchange;
- (c) the Warehousekeeper shall give the Exchange a minimum of one clear business day notice of the commencement of the conversion process; and
- (d) the Warehousekeeper shall, enter onto Guardian the new Warrant details including any new weight details.

D 2.11.3 Where the Owner of Cocoa comprising a Standard or Large Delivery Unit instructs a Warehousekeeper to convert such Delivery Units to Large or Bulk Delivery Units, the following procedures shall apply:

- (a) the Warehousekeeper shall:
 - (i) inform the Exchange of the details of the instructions including:
 - (A) the Warrant numbers of the Delivery Units to be converted and Warehouse in which each is stored;
 - (B) the Warehouse in which the resulting Delivery Unit is to be stored;
 - (C) any further information which the Exchange may request; and
 - (ii) request approval to convert the Delivery Unit;
- (b) the Exchange shall not approve such conversion if any of the relevant Delivery Units has previously been graded not tenderable, or for any other reason at the absolute discretion of the Exchange; and
- (c) upon receipt of the Exchange's approval to convert the Delivery Unit, the Warehousekeeper shall:

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

(i) in respect of the formation of a Bulk Delivery Unit:

- (A) remove the Cocoa being converted to a Warehouse nominated for the storage of bulk Cocoa;
- (B) de-bag the Cocoa, weigh and pile it; and

(ii) in respect of the creation of a Large Delivery Unit, weigh such Delivery Unit and re-pile in accordance with GWP D 2.1;

and if so instructed by the Owner of the Cocoa sample the Cocoa in accordance with GWPs D 2.3 and D 2.4 or D 2.5, as the case may be.

D 2.12 Rebagging of Cocoa in Unsound or Damaged Bags³⁹

D 2.12.1 In respect of a Standard Delivery Unit or Large Delivery Unit, details of which are represented by the Warrants recorded on Guardian and which is, or has been, the subject of a Valid Grading Result, the Cocoa may be rebagged at the discretion of the Exchange where the fabric of the bags comprising all or part of the Delivery Unit has become unsound or damaged, providing the Cocoa contained in such bags remains sound.

D 2.12.2 In the event that such rebagging is required, the Warehousekeeper storing the Cocoa shall inform the Exchange of the details, including the following information:

- (a) proof of the instructions from the Owner of the Cocoa to rebag such Cocoa;
- (b) the reason why rebagging is necessary;
- (c) the Warrant number of the relevant Delivery Unit; and
- (d) the approximate number of bags requiring rebagging

and request approval to rebag the Cocoa.

D 2.12.3 In considering such a request, the Exchange may require further information to be provided by the Warehousekeeper. In the event that such rebagging is authorised by the Exchange, it may, at its absolute discretion, supervise such rebagging.

D 2.12.4 Where such rebagging occurs, the Warehousekeeper shall rebag the Cocoa into bag(s) meeting the criteria prescribed by the Exchange from time to time. Where the Exchange has appointed a supervisor, the rebagging shall only take place in the presence of such supervisor.

D 2.12.5 The bag(s) into which the Cocoa is rebagged shall be marked with the mark or marks of the original bag(s).

D 2.12.6 The Warehousekeeper shall amend the details on the Warrant for the Delivery Unit to show the number of original bags which have been rebagged.

D 2.12.7 Upon the rebagging of any such Cocoa comprised in a Delivery Unit, any Valid Grading Result for such Delivery Unit shall, subject to Rule EEEE.3(e)(iii) (ICE Futures London Cocoa Futures Contract) or Rule EEEE1.3(e)(iii) (ICE Futures Euro Cocoa Futures Contract), immediately lapse, unless the Exchange determines, in its absolute discretion, that the Valid Grading Result shall continue to apply to Cocoa contained in a Delivery Unit which has been rebagged in whole or in part:

- (a) as a consequence of one or more bags contained in the Delivery Unit becoming damaged in the Warehouse or in transit; and

³⁹ Amended 26 May 2015

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (b) in accordance with any instructions or other directions given by the Exchange.

D 2.12.8 The costs of rebagging Cocoa comprised in a Delivery Unit shall be borne by the Owner of the Cocoa.

D 2.13 Top-up of a Delivery Unit⁴⁰

D 2.13.1 In respect of a Delivery Unit, details of which are represented by the Warrant recorded on Guardian and which is, or has been, the subject of a Valid Grading Result, and upon reweighing is found to be of a weight less than the tolerance specified in Rule EEEE.5(e) (ICE Futures London Cocoa Futures Contract) or Rule EEEE1.5(e) (ICE Futures Euro Cocoa Futures Contract), Cocoa may be added to the Delivery Unit provided that:

- (a) following the addition of Cocoa the Delivery Unit is in compliance with Rule EEEE (ICE Futures London Cocoa Futures Contract) or Rule EEEE1 (ICE Futures Euro Cocoa Futures Contract), and with GWP D 2.1.3;
- (b) the additional Cocoa has never been graded as not tenderable; and
- (c) in respect of Standard or Large Delivery Units the additional Cocoa is contained in bag(s) meeting the criteria prescribed by the Exchange from time to time.

D 2.13.2 Any Delivery Unit having a Valid Grading Result which has been the subject of a top-up may not be tendered following the top up until the Delivery Unit has been weighed and re graded as tenderable.

D 2.13.3 The cost of a top-up of a Delivery Unit shall be borne by the Owner of the Cocoa.

⁴⁰ Amended 26 May 2015

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

D 3. Robusta Coffee

D 3.1 Piling of Robusta Coffee

D 3.1.1 Robusta Coffee Shipped from Origin in Bags

D 3.1.1.1 In respect of Robusta Coffee Goods, details of which are represented by the Warrant recorded on Guardian, the following storage requirements shall be observed:

- (a) each lot shall all be packed in sound bags which are in external good order, are woven from natural fibres, are of sufficient strength to withstand transit and storage, are previously unused, clean and suitable for food contact use and meet such other criteria as may be prescribed by the Board from time to time;
- (b) each parcel or lot shall be stored on pallets at ground level, with the exception of multi-storey Warehouses with wooden floors where the bags of Robusta Coffee may be stored directly on the floor;
- (c) the Robusta Coffee comprising a parcel or lot shall be stored, subject to GWP D 3.1.1.1(d) together in a single row or pile;
- (d) subject to Schedule 1 of these GWPs, where a lot or parcel is composed of palletised bags, the bags on each pallet shall relate only to that lot or parcel. Where there is a balance of bags making up a parcel or lot which is insufficient to fill a pallet to capacity those remaining bags shall be exclusively stored on a pallet which shall be marked in accordance with GWP D 3.2 and placed either on top of the column of pallets comprising the majority of the lot or parcel or at the end of the row in which the lot or parcel is piled;
- (e) Robusta Coffee shall be stored with a gap of at least 45 centimetres:
 - (i) from any wall;
 - (ii) from any other Robusta Coffee or other material stored in the Warehouse to allow compliance with GWP D 3.1.1.1(f); and
- (f) at least 40% of the bags in a parcel or lot must be accessible for inspection. Where the parcel or lot is composed of palletised bags stored in columns or rows, at least one side of each pallet shall be readily accessible for inspection.

D 3.1.1.2 A lot may not, in whole or in part, be comprised of Robusta Coffee which previously comprised a lot graded under GWP E 3.

D 3.1.2 Shipped from Origin in Bulk

D 3.1.2.1 In respect of Robusta Coffee Goods, details of which are represented by the Warrant recorded on Guardian, the following storage requirements shall be observed:

- (a) Each lot shall all be packed in either;
 - (i) sound bags which are in external good order, are woven from natural fibres, are of sufficient strength to withstand transit and storage, are previously unused, clean and suitable for food contact use and meet such other criteria as may be prescribed by the Exchange from time to time and which shall have a gross weight of no more than 80 kilograms and shall comply with GWP D 3.1.1.1; or
 - (ii) sound FIBCs which must be sealed by means of a numbered and suitably recorded seal, are in external good order, are constructed using woven material such that they prevent

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

condensation occurring during storage, are of sufficient strength to withstand transit and storage, are previously unused, clean and suitable for food contact use and meet such other criteria as may be prescribed by the Exchange from time to time and which shall have a gross weight of no less than 900 kilograms and no more than 1,100 kilograms and shall comply with GWP D 3.1.2.1(b) to (f) inclusive.

- (b) Each lot shall be stored on pallets at ground level.
- (c) The Robusta Coffee comprising a lot shall be stored together in a single row or pile.
- (d) Robusta Coffee stored in one FIBC may only relate to the same lot.
- (e) Robusta Coffee shall be stored with a gap of at least 45 centimetres:
 - (i) from any wall; and
 - (ii) from any other Robusta Coffee or other material stored in the Warehouse to allow compliance with GWP D 3.1.2.1(f); and
- (f) all of the FIBCs must be accessible for inspection.

D 3.1.2.2 A lot may not, in whole or in part, be comprised of Robusta Coffee which previously comprised a lot graded under GWP E 3.

D 3.2 Identification of a parcel or lot

D 3.2.1 Each parcel or lot shall be readily identifiable by the Warehousekeeper and the Exchange officials. The following minimum requirement for the identification of a parcel or lot shall apply:

- (a) A label, visible from the aisle side of the column and/or row shall be securely fastened to either a bag or FIBC lying on the first pallet of the storage sequence or the pallet itself and shall show, as a minimum, the Warrant number relating to the parcel or lot and the number of bags or FIBCs comprising the parcel or lot; and
- (b)
 - (i) For bags
A bag on the bottom layer of bags of each pallet and visible from the aisle side of the column and/or row shall be marked clearly, legibly and indelibly on the fabric of the bag with the Warrant number of the parcel or lot.
 - (ii) For FIBCs
Each FIBC visible from the aisle side of the column and/or row shall be marked clearly, legibly and indelibly on the fabric of the FIBC with the Warrant number of the lot and the gross weight.

D 3.3 Weighing of a parcel or lot

D 3.3.1 A parcel or lot shall be weighed or reweighed:

- (a) when the parcel or lot is piled for tendering;
- (b) each time the Robusta Coffee contained in the parcel or lot is re-bagged in accordance with GWP D 3.7; and
- (c) each time the parcel or lot is moved or is the subject of a change in control, in accordance with GWPs D 1.19 to D 1.24, as the case may be.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- D 3.3.2 Rule GGGG.5(f) (ICE Futures Robusta Coffee Futures Contract) sets out the requirements for periodic reweighing and applicable weight allowances. Should Robusta Coffee require reweighing before delivery, such reweighing shall be at the Owner's expense.
- D 3.3.3 The tare weight of the bags or FIBCs shall be that ascertained when the Robusta Coffee was originally weighed and the Warrant details recorded on Guardian.
- D 3.3.4 In the event of reweighing, if not already stored in adjacent piles, parcels forming lots should be moved into adjacent piles.
- D 3.4 Sampling of a parcel or lot**
- D 3.4.1 In respect of a parcel or lot which is to be graded pursuant to GWPs E.1 and E.3, the Member or, if he is not the Owner of the Robusta Coffee, the Owner on whose behalf the Member is making the application for grading, shall instruct the Warehousekeeper in writing to draw a sample from the parcel or lot to be graded. Upon receipt of such instruction, the Warehousekeeper shall act without delay.
- D 3.4.2 If two to five lots are to be sampled from the same consignment, and those lots consist of Robusta Coffee from one Origin, ex one Vessel shipped on one Bill of Lading, and stored in the same Warehouse under the control of the same Warehousekeeper then the Owner may instruct the Warehousekeeper to draw and present the individual samples to be graded as grouped lots.
- D 3.4.3 Where the Warehousekeeper has provided sampling notification to the Exchange on any business day by 12:00 hours London time, sampling may commence on the following business day. Where sampling notification is received after this time, sampling may only begin on the second business day. The Warehousekeeper shall advise the Exchange whether or not the samples are to be delivered to be graded as grouped lots. The Warehousekeeper shall:
- (a) draw the sample in accordance with these GWPs;
 - (b) upon completion of drawing the sample, send the sample direct to the Grading Room, for assessment by a Grading Panel appointed by the Exchange. Samples forming grouped lots shall all be presented to the Grading Room together;
 - (c) in accordance with GWP D 1.3.3 enter all Warrant details of a parcel or lot on Guardian no later than two business days after the arrival of the sample at the Grading Room. Grading will not commence until such details are complete. Samples which have been in the Grading Room for more than two business days, and for which details are not complete, may be removed from the grading queue.
- D 3.4.4 Subject to GWP D 1.5.7 and D 1.5.8, if sampling is to occur outside of normal port working hours and that the sampling is deemed to require supervision, then this is to occur at times mutually agreed between the Warehousekeeper and the Exchange.
- D 3.4.5 Before sampling, the parcel or lot identified correctly in accordance with GWP D 3.2 shall be inspected by the Warehousekeeper and, if supervised, the Supervision Company shall confirm:
- (a) that the Robusta Coffee complies with GWP D 3.1; and
 - (b) all sampling apparatus is clean, dry and free from foreign odours.
- D 3.4.6 Where one or both of the conditions in GWP D 3.4.5 are not met the Warehousekeeper or, if supervised, the Supervision Company shall immediately contact the Exchange which shall determine what action shall be taken before sampling can commence.
- D 3.4.7 Any sample to be presented to the Grading Room shall be drawn and sealed, all of which is to occur on the same day. All samples forming grouped lots shall be drawn and sealed on the same day.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- D 3.4.8 Each lot shall comprise of not more than two parcels of Robusta Coffee. Where a lot is to be formed of two parcels, a sample from each parcel must be submitted for grading and both samples must be covered by a Valid Grading Result for the lot to be tenderable. Where a sample relating to a parcel is graded not tenderable then the whole lot comprising of both parcels shall be not tenderable. The parcel comprising such lot which was graded as tenderable may not be combined with another tenderable parcel to form a tenderable lot.
- D 3.4.9 In respect of each sample drawn from a parcel or lot stored in bags:
- (a) a grading sample of 1.5 kg minimum weight shall be drawn which; shall be representative of the parcel or lot as a whole, and shall be taken randomly from a minimum of 30% of the number of sound bags forming the parcel or lot and over the full height and width of the parcel or lot directly into a clean, dry, empty and odourless cotton or linen sample bag; with a tare not exceeding 100 g to be presented to the Grading Room.
 - (b) The sample bag shall be sealed with the Warehousekeeper's seal and also if supervised the Supervision Company's seal. The following minimum details shall be marked on the bag:
 - (i) the Warehousekeeper responsible for drawing the sample;
 - (ii) Warrant number;
 - (iii) port;
 - (iv) Origin;
 - (v) date on which the Robusta Coffee was landed; and
 - (vi) the bar code issued by or recorded on Guardian in respect of the sample.
- D 3.4.10 In respect of each sample drawn from a lot stored in FIBCs:
- (a) a grading sample of 1.5 kg minimum weight shall be drawn which; shall be representative of the lot as a whole, and shall be taken by means of one of the following procedures:
 - (i) **Sampling from a conveyor during bagging**
Sample material of 12.5 kg minimum weight (the bulk sample) which is representative of the lot as a whole shall be derived from Robusta Coffee drawn on an incremental basis perpendicularly across the whole flow of a moving stream of Robusta Coffee (but excluding the 'fall') comprising the whole lot, while the Robusta Coffee is being bagged. The incremental samples shall be drawn at regular intervals dependent on the speed of the flow, each comprising of a minimum of 250g of Robusta Coffee such that a total of a minimum 50 individual samples are drawn from the lot. The Warehousekeeper shall maintain a record of the equipment used for the bagging and sampling, the speed of the Robusta Coffee flow and the intervals during which the incremental samples were drawn.
 - (ii) **Sampling using a compartmentalised sampling iron**
Sample material of 12.5 kg minimum weight (the bulk sample) which is representative of the lot as a whole shall be derived from Robusta Coffee drawn once the FIBCs are filled with Robusta Coffee but before they are sealed. Samples may be drawn from each FIBC by use of a sampling iron which has a minimum of four compartments in its length. Each FIBC shall be sampled a minimum of five times by access through the loading chute, such that the sampling iron reaches the bottom of the FIBC's four corners, or each quadrant, and once central vertically down the middle of the FIBC. A minimum of 1.25kg per FIBC shall be drawn.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

(iii) Sampling using a sampling iron

Sample material of 12.5 kg minimum weight (the bulk sample) which is representative of the lot as a whole shall be derived from Robusta Coffee drawn once the FIBCs are filled with Robusta Coffee and before they are sealed. Samples may be drawn from each FIBC by use of a sampling iron which is of sufficient length to reach the centre of the FIBC. Sampling must be on one side of the FIBC with a minimum of five incremental samples being drawn, such that each facing corner is sampled with one taken from the middle of the bag. A minimum of 1.25kg per FIBC shall be drawn. The sampling holes shall be immediately repaired such that neither the contents nor the FIBC are compromised.

- (b) The bulk sample, which shall be a minimum of 12.5 kg, shall be quartered to provide a grading sample of 1.5 kg minimum weight. The balance of the bulk sample shall be returned to the relevant lot before the FIBCs are sealed and weighed.
- (c) the grading sample shall be placed in a clean, dry, empty and odourless cotton or linen sample bag with a tare not exceeding 100 g.
- (d) The sample bag shall be sealed with the Warehousekeeper's seal, and also if supervised the Supervision Company's seal. The sample bag shall be marked as specified in GWP D 3.4.9 (b).

D 3.5 Submission of a Sample

- D 3.5.1 A Warehousekeeper shall draw a grading sample in accordance with GWP D 3.4, and shall submit such sample directly to the Grading Room for grading. Customs duties, if any, shall be for the account of the Warehousekeeper.
- D 3.5.2 Grading samples, and the related application for grading, must be submitted directly to the Grading Room within 28 calendar days of the date on which they were drawn.
- D 3.5.3 The Exchange may at its sole discretion, designate the time or day at which samples may be delivered to the Grading Room.

D 3.6 Fumigation and Fogging

- D 3.6.1 Pursuant to GWP D 1.15.2(e), the cost of fumigating and fogging of Robusta Coffee stored in accordance with the Robusta Coffee Contract Rules shall be for the account of the Warehousekeeper.
- D 3.6.2 In the event of ICE Registered Robusta Coffee Graders finding live infestation in a sample, the Owner of the Robusta Coffee may submit a new sample together with documentary evidence from the Warehousekeeper that the relevant parcel or lot has been fumigated.
- D 3.6.3 The cost of such fumigation and/or fogging shall be for the Owner's account where:
 - (a) the Robusta Coffee stored in a Warehouse is sold other than under a Contract; or
 - (b) a Phytosanitary Certificate is required; or
 - (c) the Owner requests the Robusta Coffee to be fumigated notwithstanding the apparent absence of infestation.
- D 3.6.4 If, under these GWPs, the Owner of the Robusta Coffee is of the opinion that fumigation and/or fogging is necessary to eradicate current infestation but the Warehousekeeper disagrees, then, in order to establish the need for fumigation and/or fogging, the Owner must provide either:
 - (a) an order from a local official body (e.g. Port Health Authority) that fumigation must be carried out; or

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (b) a report from a competent independent authority confirming that fumigation and/or fogging is necessary.

If the local official body or the competent independent authority should deem it unnecessary for the Robusta Coffee to be fumigated and/or fogged all charges and fees in respect of such inspections/reports will be for the account of the Owner of the Robusta Coffee, otherwise such costs, if any, shall be borne by the Warehousekeeper.

D 3.7 Re-bagging of Robusta Coffee stored in Unsound or Damaged Bags

D 3.7.1 Robusta Coffee Goods stored in a parcel or lot which is, or has been, the subject of a Valid Grading Result may be re-bagged at the discretion of the Exchange where the fabric of the bags comprising all or part of a parcel or lot or the FIBCs comprising all or part of a lot have become unsound or damaged, providing the Robusta Coffee contained in such bags remains sound.

D 3.7.2 In the event that such re-bagging is required, the Warehousekeeper storing the Robusta Coffee shall inform the Exchange of the details, including the following information:

- (a) proof of the instructions from the Owner of the Robusta Coffee to re-bag such Robusta Coffee;
- (b) the reason why re-bagging is necessary;
- (c) the Warrant number of the relevant parcel or lot; and
- (d) the approximate number of bags or FIBCs requiring re-bagging,

and request approval to re-bag the Robusta Coffee.

D 3.7.3 In considering such a request, the Exchange may require further information to be provided by the Warehousekeeper. In the event that such re-bagging is authorised by the Exchange, it may, at its absolute discretion, supervise such re-bagging.

D 3.7.4 Where such re-bagging occurs, the Warehousekeeper shall re-bag the Robusta Coffee into bags or FIBCs meeting the criteria prescribed by the Exchange from time to time. Where the Exchange has appointed a supervisor, the re-bagging shall only take place in the presence of such supervisor.

D 3.7.5 The bag(s) into which the Robusta Coffee is rebagged shall be marked with the mark or marks of the original bag(s).

D 3.7.6 The Warehousekeeper shall amend the details on the Warrant for the parcel or lot to show the number of original bags which have been rebagged.

D 3.7.7 Upon the rebagging of any such Robusta Coffee comprised in a parcel or lot, any Valid Grading Result for such parcel or lot shall immediately lapse, unless the Exchange determines, in its absolute discretion, that the Valid Grading Result shall continue to apply to Robusta Coffee comprised in a parcel or lot which has been rebagged in whole or in part:

- (a) as a consequence of one or more bags contained in the parcel becoming damaged in the Warehouse or in transit; and
- (b) in accordance with any instructions or other directions given by the Exchange.

D 3.7.8 The costs of rebagging Robusta Coffee comprised in a parcel shall be borne by the Owner of the Robusta Coffee.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

SECTION E: GRADING PROCEDURES IN RESPECT OF COCOA AND ROBUSTA COFFEE

E 1. GENERAL

E 1.1 Exchange Grading Operations

E 1.1.1 The grading operations necessary to support the ICE Futures London Cocoa Futures Contracts, ICE Futures Euro Cocoa Futures Contracts and ICE Futures Robusta Coffee Futures Contracts are managed by the Exchange.

E 1.1.2 In respect of grading operations, the Exchange is responsible for:

- (a) maintaining a list of suitably qualified and Graders;
- (b) convening Grading Panels and Appeal Panels;
- (c) supervising the grading and appeal process, where necessary;
- (d) recording and disseminating grading results; and
- (e) overseeing the return of a graded sample to an applicant or his appointed agent.

E 1.1.3 Neither the Exchange nor any department, panel or individual operating on behalf of or in association with the Exchange shall do anything under these GWPs or take any other action which shall put the Exchange in breach of any legislation, restriction or sanction to which it is subject.

E 1.2 Application and Qualification as an ICE Registered Cocoa or ICE Robusta Coffee Grader⁴¹

E 1.2.1 To be registered with the Exchange as an ICE Registered Cocoa or ICE Robusta Coffee Grader, an individual must complete an application in the form prescribed by the Exchange from time to time. The Exchange will determine, in its absolute discretion, whether the applicant is suitable and if so, the applicant will be invited to attend either a Cocoa or Robusta Coffee grading course, as the case may be, held by the Exchange. Such courses are held by the Exchange at such times and at such cost to the applicant as the Exchange may determine in its absolute discretion.

E 1.2.2 An employee of, or a person in regular employment by a Warehousekeeper or Supervision Company is ineligible to be registered as a Grader, as such person may have a potential conflict of interest.

E 1.2.3 Registered Cocoa or Robusta Coffee graders, who may be employees of the Exchange, must on completion of the grading course, undertake the written and practical examinations prescribed by the Exchange.

E 1.2.4 All applicants who successfully complete the examination process must sign a Graders Contract before undergoing a series of “grading observations”, the nature and duration of which shall be determined by the Exchange.

E 1.2.5 Notwithstanding that an applicant has complied with GWPs E 1.2.1 to 1.2.4, the Exchange may, in its absolute discretion, deny the applicant registration as an ICE Registered Cocoa or Robusta Coffee Grader.

E 1.2.6 The Exchange may require a Grader to undergo a series of grading observations as specified in GWP E 1.2.4, if the Grader has not participated in a Grading Panel for six months or more.

E 1.3 Conduct of Graders⁴²

⁴¹ Amended 26 May 2015

⁴² Amended 26 May 2015

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- E 1.3.1 A Grader must act in accordance with the standards required by these GWPs and the Graders Contract.
- E 1.3.2 During the course of grading, whilst conducting other duties pertaining to their office or while on the Exchange's premises, a Grader shall maintain the highest standards of professional conduct and orderly behaviour.
- E 1.3.3 Where a Grader is called to join a Grading Panel or Appeal Panel, as the case may be, and the Grader is, or becomes, aware that the company of which he is an employee, or any Related Company, has an interest in Cocoa or Robusta Coffee that is the subject of the relevant application for grading, he shall inform the Exchange of such interest immediately. The Exchange shall either:
- (a) arrange for the Grading Panel or Appeal Panel, as the case may be, of which such Grader is a member, to grade samples in which there is no such interest; or
 - (b) defer grading until such time as another Grading Panel or Appeal Panel, as the case may be, can be constituted, or where circumstances are such that grading cannot be deferred, call another Grader to replace the Grader on the relevant Grading Panel or Appeal Panel.
- E 1.3.4 If a member of a Grading Panel or Appeal Panel is believed, in the opinion of an Exchange official, to be under the influence of alcohol or drugs, such Grader will not be permitted to undertake grading on behalf of the Exchange.
- E 1.3.5 While in the Grading Room, a Grader must refrain from behaviour which might distract any member of another Grading Panel or Appeal Panel.
- E 1.3.6 A Grader should not observe the grading taking place at other Grading Stations or confer with other Graders not forming part of his Grading Panel or Appeal Panel, in respect of samples that such Grading Panel or Appeal Panel are grading.
- E 1.3.7 An Exchange official may stop or suspend grading at any time, if he considers that the Regulations or these GWPs are being breached, or that the fairness of the grading of any sample has been compromised.
- E 1.3.8 [DELETED]
- E 1.3.9 If an Exchange official has reason to believe that a Grader has acted or is acting in breach of the Regulations or these GWPs then a senior Exchange Official must be informed as soon as possible of the suspected breach.
- E 1.3.10 A Grader must not remove samples of Cocoa or Robusta Coffee from the Grading Room.
- E 1.3.11 Graders must leave the Grading Room promptly once they have completed grading the samples allocated to their Grading Panel or Appeal Panel, as the case may be.
- E 1.3.12 Smoking or eating in the Grading Room is prohibited.
- E 1.3.13 A Grader who fails to follow these GWPs, may be liable to further investigation. Should such an investigation provide evidence that the Grader has breached the Regulations or these GWPs then the Exchange shall take such disciplinary action it deems appropriate, which may include de-registration. Any such disciplinary action will only be imposed after the Grader concerned has been given a fair and appropriate opportunity to present his case to the Exchange.
- E 1.4 Interested Parties

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- E 1.4.1 A Grader who is employed by, or otherwise associated with, a company which is an interested party with regard to any parcel, lot or Delivery Unit, shall not be appointed to, and must not knowingly participate in, a Grading Panel or an Appeal Panel in respect of such parcel, lot or Delivery Unit. Whether such association exists shall be at the sole determination of the Exchange.
- E 1.4.2 The following are interested parties for the purpose of GWP E 1.4.1:
- (a) the applicant for grading;
 - (b) the Owner of the Goods; and
 - (c) where either the applicant or Owner of the Goods is a company, a Related Company.
- E 1.4.3 Notwithstanding GWPs E 1.4.1 and E 1.4.2, a grading result shall not be invalidated in the event that the parcel, lot or Delivery Unit to which it applies is subsequently received, by way of tender against an Exchange contract, by a company which employs, or is otherwise associated with a Grader who participated in the grading of such parcel, lot or Delivery Unit.
- E 1.5 Termination of Registration as a Grader**
- E 1.5.1 The registration of a Grader may be terminated:
- (a) upon such notice as the Exchange may deem expedient, if the Grader does not continue to meet the criteria for registration as determined by the Exchange in its absolute discretion; or
 - (b) either summarily or upon such notice as the Exchange may in its absolute discretion deem expedient, if the Grader's acts, or the Grader's failure to act, is in breach of the requirements of the Regulations, the Grader's Contract or these GWPs and, as a consequence of disciplinary action by the Exchange, the Exchange determines such termination is appropriate.
- E 1.5.2 If a Grader wishes to resign from being a ICE Registered Cocoa or Robusta Coffee Grader, the Grader must give four weeks notice to the Exchange. A Grader must comply with any conditions the Exchange may impose on his resignation.
- E 1.6 Grading and Appeal Panels⁴³**
- E 1.6.1 On receiving an application for grading or notice of an appeal in respect of a grading result, the Exchange will, at its absolute discretion, convene a Grading Panel or Appeal Panel, respectively, from the list of the ICE Registered Cocoa or Robusta Coffee Graders, as the case may be, who are eligible to grade. The Exchange will endeavour to ensure that each Grading Panel or Appeal Panel includes Graders with appropriate experience of the Appeal process.
- E 1.6.2 The Exchange will as far as practicable select a ICE Registered Cocoa or Robusta Coffee Grader, as the case may be, to form part of a Grading Panel or Appeal Panel in rotation provided that:
- (a) not more than one Grader from the same company, or a Related Company, will be selected to form the same Grading Panel or Appeal Panel;
 - (b) a Grader who is an employee of the Member, or a Related Company, submitting an application for grading or, if such Member is not the Owner of the Goods from which the sample was drawn, then the Owner of such Goods, or a Related Company, shall not form part of the Grading Panel or Appeal Panel undertaking the grading of such sample; and
 - (c) a Grader will not form part of an Appeal Panel if such Grader formed part of the Grading Panel that originally graded such sample.
- E 1.7 Grading Appeals⁴⁴**

⁴³ Amended 26 May 2015

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- E 1.7.1 In respect of Robusta Coffee:
- (a) There shall be no appeal in respect of a parcel or lot graded as tenderable. The applicant Member may appeal the grading result in respect of a parcel or lot graded as not tenderable, provided such appeal is made in accordance with these GWPs and within five business days after the date of the grading result;
- In respect of Cocoa:
- (b) all Cocoa Delivery Units which have failed Grading due to excess Residue and Foreign Matter only, an application may be made in accordance with these GWPs to recondition the Goods removing the Residue and Foreign Matter and enter subsequent sample and grading application in Guardian;
- For contract months up to and excluding May 2017, in respect of Cocoa:
- (c) The applicant Member may appeal the grading result issued by the Exchange provided such appeal is made in accordance with these GWPs and within twenty business days after the date of the grading result;
- For contract months from and including May 2017, in respect of Cocoa:
- (d) the applicant Member may appeal the grading result issued by the Exchange provided such appeal is made in accordance with these GWPs and within twenty business days after the date of the grading result; and
- (e) in addition to the above appeal process, in respect of Cocoa in Bulk, the applicant Member may appeal the FFA test results separately in accordance with these GWPs and within twenty business days after the date of the grading result.
- E 1.7.2 An appeal may be lodged by the Nominated Member via Guardian complete with the details of the relevant Warrant number.
- E 1.7.3 In respect of:
- (a) Cocoa, the original sample shall be submitted within twenty business days after the date of the grading result; and
- (b) Robusta Coffee, for a lot or parcel graded individually the original sample shall be submitted within ten business days after the date of the grading result. For grouped lots, sample material weighing a minimum of 1.5kg representing the grading sample in GWP E 3.2.2 shall be submitted within ten business days after the date of the grading result.
- E 1.7.4 In all cases the original sample must be submitted with the Exchange's seal intact. Where such a seal is broken, an appeal will not be undertaken.
- E 1.7.5 Grading appeals shall be conducted on the sample, or for samples graded as grouped lots a portion of sample material, originally submitted for grading.
- E 1.7.6 If the Appeal Panel decide that the original decision of the Grading Panel should be changed, the previous grading result will cease to be valid. The Exchange shall notify the applicant Member of the appeal grading result by such means and in a form prescribed by the Exchange from time to time.

⁴⁴ Amended 26 May 2015, 01 August 2015

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

E 1.8 Grading and Appeal Fees

- E 1.8.1 The fee payable in respect of an application for grading a Delivery Unit of Cocoa or a parcel, lot or grouped lots of Robusta Coffee or in respect of a notice of appeal, as the case may be, shall be prescribed from time to time by the Exchange. It shall be payable on demand, or at such other time and in such manner as may be prescribed by the Exchange from time to time.
- E 1.8.2 Appeal fees in respect of grading appeals conducted in accordance with the Cocoa and Robusta Coffee Contract Rules shall not be reimbursed to the applicant in any circumstances.
- E 1.8.3 The Exchange shall pay to the members of a Grading Panel or Appeal Panel such fee as it shall from time to time determine.

E 1.9 Liability for Grading

- E 1.9.1 Without prejudice to any exclusion of liability provision in the Regulations, none of the Exchange, the Directors or the Clearing House shall be liable for any loss or damage whatsoever, whether for negligence, breach of contract, misrepresentation or otherwise, in respect of the failure to grade a sample of Cocoa or Robusta Coffee or to issue a grading result by a particular date.
- E 1.9.2 Nothing in this GWP shall operate to exclude or restrict the liability of the Exchange, the Directors or the Clearing House for fraud, wilful default or death or personal injury due to negligence.
- E 1.9.3 No person serving on any Grading Panel or Appeal Panel shall, in the absence of bad faith or wilful default, be under any liability whatsoever whether in contract, in tort or otherwise to any Member or other person for any decision taken or other act or omission in respect of an application for grading.

E 1.10 Application for Grading or Re-grading⁴⁵

- E 1.10.1 An application for grading or re-grading, as the case may be, shall be made by a Nominated Member, via Guardian.
- E 1.10.2 A Member may apply to the Exchange for grading or re-grading, as the case may be, if, in respect of Cocoa, and subject to GWP E 2.1:
- (i) the Delivery Unit does not have a Valid Grading Result; or
 - (ii) the Delivery Unit does have a Valid Grading Result and the application for grading is made no earlier than the beginning of the calendar month immediately prior to the calendar month in which the Valid Grading Result expires;
- E 1.10.3 Irrespective of the usual validity period of a grading result for Cocoa which is the subject of an application for re-grading in accordance with GWP E.1.10.2 shall immediately lapse upon commencement of such re-grading.
- E 1.10.4 In respect of Cocoa, no application for re-grading of a Delivery Unit may be made where the Cocoa comprising the Delivery Unit has previously been graded as not tenderable, with the exception where a Delivery Unit has failed due to Residue and Foreign Matter only.
- E 1.10.5 A Member may apply to the Exchange for grading of a lot or grouped lots of Robusta Coffee at any time, subject to GWPE 1.10.6.
- E 1.10.6 In respect of Robusta Coffee, no application for grading of a lot may be made where part or all of the Robusta Coffee comprising the lot has previously been graded.

E 1.11 Grading Process – General⁴⁶

⁴⁵ Amended 01 August 2015

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- E 1.11.1 Upon receipt of one or more applications for the initial grading of Cocoa or Robusta Coffee, or the re-grading of Cocoa Goods pursuant to the relevant Contract Rules and these GWPs, or if otherwise required to do so under GWP E 1.7, the Exchange shall, at its absolute discretion, convene a Grading Panel or Appeal Panel, as the case may be. Such Grading Panel or Appeal Panel shall consist (subject to GWP E 1.6.2) of a minimum of:
- (a) three Cocoa Graders in respect of a Delivery Unit;
 - (b) three Robusta Coffee Graders in respect of a lot or grouped lots.
- E 1.11.2 In respect of each parcel, lot, grouped lots or Delivery Unit for which an application for grading is made, the Grading Panel shall examine the sample submitted and shall determine the grading result.
- E 1.11.3 Subject to GWP E 1.11.1, grading for Robusta Coffee will only commence once all the Graders selected to form a Grading Panel or Appeal Panel are present at the relevant Grading Station, and ready to commence.
- E 1.11.4 Prior to grading commencing, the Grading Panel will check that:
- (a) the seal(s) on the sample is/are in place and intact; and
 - (b) the sample does not weigh less than the weight prescribed in these GWPs for a sample from the relevant parcel lot or Delivery Unit.
- In addition, the Grading Panel may check that the tare weight of the sample bag does not exceed the weight prescribed in these GWPs for a sample from the relevant parcel, lot or Delivery Unit.
- E 1.11.5 If the details on a sample bag do not correspond to those on the relevant application for grading, an Exchange Official will advise the applicant Member. The applicant Member, or, if he is not the Owner of the Goods, the Owner on whose behalf the Member is making the application for grading, may arrange for either the Warehousekeeper, or his appointed agent, to alter the details on the sample bag and initial and stamp the alteration.
- E 1.11.6 If in the opinion of an Exchange official, or the Grading Panel, the sample bag is insecure, incorrectly sealed, appears to have been tampered with or a sample weighs less than the correct weight prescribed for a sample from the relevant parcel, lot or Delivery Unit such sample shall not be graded. The applicant Member will be informed of such fact and they, or the Owner of the Goods may, instruct the Warehousekeeper to draw a fresh sample in accordance with the Regulations, including the relevant Contract Rules, and these GWPs and may then submit a new application for grading in respect of the relevant Goods.
- E 1.11.7 The original sample shall be held by the Exchange until either a fresh sample is received, or until sixty calendar days has elapsed, whichever is the sooner. At such time, the applicant Member may, subject to the agreement of the Exchange, arrange for the sample to be collected from the Grading Room. If, however, it is suspected that a sample has been tampered with then it will be held for further investigation by the Exchange.
- E 1.11.8 If the Grading Panel determine, in their absolute discretion, that the sample contents do not correspond with the details on the sample bag and the relevant application for grading, the Grading Panel shall immediately advise an Exchange Official. If the Exchange Official is unable, for whatever reason, to agree a course of action the matter shall be immediately referred to a senior Exchange Official who will determine what action shall be taken by the Exchange. The applicant Member will be informed of the course of action determined by the Exchange.
- E 1.11.9 In the event of infestation:

⁴⁶ Amended 26 May 2015, 10 October 2016

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

(a) in respect of Robusta Coffee:

Should at any time a Grading Panel discover live infestation in a sample, the grading of that sample will be discontinued and the sample contents will be returned to the sample bag which shall be sealed and marked as having live infestation. The presence of live infestation will be noted on Guardian and an Exchange Official will instruct the applicant Member to make arrangements for the sample to be removed within 24 hours. If the Member fails to remove the sample within 24 hours of notification, the Exchange may, at its absolute discretion, arrange for its disposal. Subject to GWP D 2.8.2 or 3.6.2, as the case may be, a Member may submit a new sample of the relevant parcel, lot or Delivery Unit for grading in accordance with GWP E 1.10.

(b) in respect of Cocoa:

Should at any time a Grading Panel discover live infestation in a sample, the grading of that sample will continue in order to reach a full grading result, which shall be published along with the other grading results.

- (i) The presence of live infestation will be noted on Guardian and an Exchange Official will instruct the applicant Member that infestation has been detected.
- (ii) The Warrant from which the sample was drawn shall be changed to Suspended status by an Exchange Official.
- (iii) Suspended Warrant(s) shall not be valid for tender.
- (iv) Subject to GWP D 2.8.2, the applicant Member may apply for removal of the Suspended status of the Warrant(s), following submission of evidence of fumigation.

E 1.11.10 Where a lot comprises of two parcels and live infestation is discovered in the sample relating to one parcel only, then the Grading Panel shall continue to grade the sample in respect of the other parcel comprising such lot. The Exchange shall notify the applicant Member of the grading result in respect of the uninfested parcel by such means and in a form prescribed by the Exchange from time to time.

E 1.11.11 In respect of Robusta Coffee, subject to GWP D 3.6.2, a Member may submit a new sample in accordance with GWP E 1.10, in respect of the parcel which is infested.

E 1.11.12 Prior to leaving the Grading Room, the Senior Grader will ensure that all results relevant to the samples graded by the Grading Panel or Appeal Panel have been recorded on Guardian.

E 1.11.13 Once grading of each sample is completed, the Exchange will re-seal such sample with the Exchange's seal. The applicant Member, or his appointed agent, will be contacted to arrange collection of the sample. Should the sample not be collected promptly, it shall become the property of the Exchange who may, at its absolute discretion, arrange for its storage or disposal.

E 1.11.14 Following completion of grading, the Exchange shall in respect of:

- (a) Cocoa, notify the applicant Member and if so determined by the Exchange also notify the Warehousekeeper; or
- (b) Robusta Coffee, notify the applicant Member and the Warehousekeeper;

of the grading result in respect of the Goods which are the subject of the application, by such means and in a form prescribed by the Exchange from time to time. If the Exchange notifies the Member of the grading result via Guardian and the Member is unable to access such facility, or is prevented from accessing such facility due to its malfunction or failure, the Exchange may prescribe an alternative means and, if required, form in which the grading result will be provided to the Nominated Member.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

E 1.11.15 In respect of Robusta Coffee, where a lot comprises of two parcels, the Valid Grading Result of such lot shall state the discounts applicable, if any, in respect of the inferior parcel. Where such parcel is graded as not tenderable then the whole lot comprising of both parcels shall not be tenderable.

E 2. COCOA

E 2.1 General

E 2.1.1 If a parcel or lot is graded by ICE Registered Cocoa Graders as not tenderable under the previous Cocoa contract rules (see E 2.1.2 below), a Member may submit such Cocoa as part or all of a Delivery Unit for re-grading under the Cocoa Contract Rules.

E 2.1.2 If a Delivery Unit is graded by ICE Registered Cocoa Graders as not tenderable under the Cocoa Contract Rules, a Member shall not submit such Delivery Unit for re-grading under the Cocoa Contract Rules, except in accordance with the following:

A Member may, on one occasion only, apply to the Exchange for re-grading of a Delivery Unit where a previous application resulted in the sample being graded as not tenderable. This GWP will only apply where both of the following conditions are satisfied:

- (a) where the original sample was graded as not tenderable under the terms of the revised Cocoa contract rules in the period from 1 November 1999 to and including 31 May 2001; and
- (b) where the reason, marked on the grading result, for the sample being graded as not tenderable was indicated to be "Residue".

Notwithstanding the above, the Exchange may, in its absolute discretion, require Members to provide it with such other documentary evidence as the Exchange considers necessary in order to satisfy the Exchange that the Member meets the requirements detailed above.

E 2.2 Grading Process⁴⁷

E 2.2.1 Residue and Foreign Matter Test

E 2.2.1.1 A member of the Grading Panel shall, having satisfied himself that all seals are intact, break the sample-seal(s) and shall sieve the entire sample, using a sieve with a square mesh of 6mm. The Residue and Foreign Matter falling through the sieve, as well as any Residue and Foreign Matter remaining in the sieve but identified by the Graders as being Residue or Foreign Matter, shall be weighed and such weight shall be recorded on Guardian.

A sample drawn from a Bulk Delivery Unit or Large Delivery Unit (i.e. 5 kg or 3 kg respectively), shall be sieved in two halves and the resulting weight of Residue (but excluding bean clusters) and Foreign Matter added together.

E 2.2.1.1.1 For contract months up to and excluding May 2017, an allowance will be awarded against the weight of the Residue and Foreign Matter recorded on Guardian by reference to the relevant scale of Allowances for Residue and Foreign Matter where the quantity of Residue and Foreign Matter does not exceed:

- (a) in respect of all Origins other than Papua New Guinea:
 - (i) 75 grams for a sample drawn from a Standard Delivery Unit;
 - (ii) 113 grams for a sample drawn from a Large Delivery Unit; or
 - (iii) 188 grams for a sample drawn from a Bulk Delivery Unit.

⁴⁷ Amended 26 May 2015

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

and

- (b) in respect of Papua New Guinea:
 - (i) 100 grams for a sample drawn from a Standard Delivery Unit;
 - (ii) 150 grams for a sample drawn from a Large Delivery Unit; or
 - (iii) 250 grams for a sample drawn from a Bulk Delivery Unit.

If the quantity of Residue and Foreign Matter marked on the grading sheet exceeds the applicable weight for the relevant Origin set out in (a) or (b) above, the sample shall be graded as not tenderable and the affected Delivery Unit cannot be delivered.

E 2.2.1.1.2 For contract months from and including May 2017, an allowance will be awarded against the weight of the Residue and Foreign Matter recorded on Guardian by reference to the relevant scale of Allowances for Residue and Foreign Matter where the quantity of Residue and Foreign Matter does not exceed:

- (a) 105 grams for a sample drawn from a Standard Delivery Unit;
- (b) 157 grams for a sample drawn from a Large Delivery Unit; or
- (c) 262 grams for a sample drawn from a Bulk Delivery Unit.

If the quantity of Residue and Foreign Matter marked on the grading sheet exceeds the applicable weight, the sample shall be graded as not tenderable and the affected Delivery Unit cannot be delivered.

E 2.2.1.2 If, by looking at the contents of the sieve, the Graders are of the opinion that there are excessive bean clusters in the sample, the bean clusters identified in the sieve shall be weighed and an Allowance will be made if, in respect of a sample drawn from a:

- (a) Standard Delivery Unit, 51 grams or more in weight of bean clusters are identified;
- (b) Large Delivery Unit, 76 grams or more in weight of bean clusters are identified; or
- (c) Bulk Delivery Unit, 126 grams or more in weight of bean clusters are identified.

In each case, the resulting gross weight of bean clusters shall be recorded on Guardian.

In the event that the gross weight of bean clusters stated on the grading sheet is greater than:

- (d) 150 grams for a sample drawn from a Standard Delivery Unit;
- (e) 225 grams for a sample drawn from a Large Delivery Unit; or
- (f) 375 grams for a sample drawn from a Bulk Delivery Unit;

the sample shall be graded as not tenderable and the affected Delivery Unit cannot be delivered.

For contract months up to and excluding May 2017, for the purpose of calculating any Allowance for bean clusters, the gross weight stated on the grading sheet (if equal to or in excess of the applicable amount in (a), (b) or (c)) shall be reduced by 50% (and rounded down, if applicable, to the nearest whole gram). An Allowance in respect of the net weight shall be determined by reference to the relevant scale of Allowances for Residue and Foreign Matter entitled “Residue and Foreign Matter Allowances (all origins except Papua New Guinea)”, irrespective of the Origin of the Cocoa in the sample.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

For contract months from and including May 2017, an allowance will be awarded against the weight of the Bean Clusters recorded on Guardian by reference to the relevant scale of Allowances for Bean Clusters as published by the Exchange from time to time.

E 2.2.2 Standard Deviation of the Bean Count Test and Bean Count

E 2.2.2.1 This test is to be conducted on all Delivery Units in accordance with the provisions of the relevant Cocoa Contract Rules and these GWPs:

- (a) the entire sample in respect of a Delivery Unit (i.e. 2 kg, 3 kg or 5 kg for Standard, Large or Bulk Delivery Units respectively) will be poured into a mixing container, hand mixed and passed through a sample divider. A representative sub-sample of 300 g (“300 g Sub-Sample”) will be withdrawn from the Cocoa which passed through the sample divider. Any Residue or Foreign Matter remaining in the Sub-Sample will be removed, weighed and replaced with whole beans of an equivalent weight;
- (b) three sieves, with a round mesh of 13mm, 11.5mm and 10.5mm respectively, shall be assembled in descending mesh size order onto a base and placed on the sieving machine. The 300 g Sub-Sample shall be poured onto the upper sieve, and the sieves sealed;
- (c) the sieving machine shall be set to 180rpm, and operated for three minutes. After such time, the Cocoa beans retained on each sieve and in the base shall be counted and weighed separately. Any Cocoa beans remaining in the apertures of a sieve shall be deemed to be retained on such sieve. Any Cocoa beans which subsequently fall through the mesh when dismantling the sieve shall be added to the numbers of Cocoa beans from the sieve onto which they fall. The total weight of the Cocoa beans retained in each sieve and in the base shall be rounded down to the nearest 0.1 g.

In the event that any bean clusters are found on any of the sieves following the sieving process, they shall be removed, weighed down and replaced with whole beans of an equivalent weight and the sieving process shall be repeated; and

- (d) the information obtained in GWP E 2.2.2.1(c) including the number of beans forming the 300g (the “bean count”) shall be recorded on Guardian

E 2.2.3 Bean Cut-test

E 2.2.3.1 For the purpose of determining the percentage of Defective and Slaty beans, a quantity of Cocoa beans must be cut open along their full length, creating two halves which clearly expose both cotyledons of the Cocoa bean for examination. Cocoa beans have to be cleanly cut through the widest section and shall not be cut whilst laying flat.

E 2.2.3.2 In respect of:

- (a) an application for grading, the number of Cocoa beans cut per sample will be as follows:
 - (i) in respect of a sample drawn from a Standard or Large Delivery Unit, a minimum of 300 Cocoa beans will be cut; and
 - (ii) in respect of a sample drawn from a Bulk Delivery Unit, a minimum of 500 Cocoa beans will be cut, or
- (b) a grading appeal, the number of Cocoa beans cut per sample will be as follows:
 - (i) in respect of a sample drawn from a Standard or Large Delivery Unit, a minimum of 450 Cocoa beans will be cut; and

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- (ii) in respect of a sample drawn from a Bulk Delivery Unit, a minimum of 750 Cocoa beans will be cut.

E 2.2.3.3 The number of Defective and Slaty Cocoa beans shall be recorded on Guardian.

E 2.2.4 Smoky/Hammy/Unsound Cocoa

E 2.2.4.1 Cocoa which is considered by the Grading or Appeal Panel:

- (a) to have a smoky, hammy or other taint or smell;
- (b) to contain a substance not inherent to Cocoa; or
- (c) to be unsound,

will be graded as not tenderable and the grading sheet noted on Guardian accordingly. Any such beans that have been cut shall not be returned to the sample bag with the rest of the contents.

E 2.2.5 Determination of Free Fatty Acid (FFA) for Bulk units, for contract months from and including May 2017:

E 2.2.5.1 In respect of a sample drawn from a Bulk Delivery Unit, a test sample shall be analysed by using the International Confectionary Association Analytical Method 42.

For the purpose of calculation the test sample shall undergo 3 individual cycles of analysis, the result will be averaged and registered in Guardian.

In the event that the FFA level is above 3.5%, the BDU shall be graded as not tenderable and the effected Delivery Unit cannot be delivered.

E 2.2.6 Cocoa graded as non- tenderable

E 2.2.6.1 If, during the course of grading, a sample is found not to conform to the contract requirements in any category, such sample shall be graded as not tenderable and grading of the sample shall cease.

E 2.2.6.2 A Delivery Unit which has been graded as not tenderable will be noted as such on Guardian, and the Guardian record shall specify under which category the sample has failed. In respect of gradings conducted pursuant to the Cocoa Contract Rules and these GWPs, it shall be noted on Guardian at which stage of the grading process for that particular category the Delivery Unit became not tenderable.

E 3. **Robusta Coffee**

E 3.1 **General**

E 3.1.1 In accordance with Rule GGGG.4 the following grading procedures shall apply, such that they do not conflict with GWP E 1.11.

E 3.2 **Grading Procedure**

E 3.2.1 **Samples representing parcels, single lots or grouped lots**

The Grading Panel shall satisfy themselves that the samples presented are identified as either:

- (a) each representing a single parcel or lot and are not presented as being connected to any other parcels or lots; or

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

(b) are presented as being grouped lots.

Those samples submitted as not representing grouped lots shall follow the GWPs E 3.2.2 and 3.2.4 to 3.2.7. Those samples submitted representing grouped lots shall follow GWPs E 3.2.3 and 3.2.4 to 3.2.7.

E 3.2.2 Sample preparation for a single lot

E 3.2.2.1 A member of the Grading Panel shall check that the sample complies with GWP E 1.11.

E 3.2.2.2 If so, a member of the Grading Panel shall then break the sample-seal(s) and empty the entire contents of the grading sample into a tray and thoroughly mix the grading sample by hand.

E 3.2.2.3 A laboratory sample shall then be prepared by use of a flat-bottomed scoop to remove a quantity of beans weighing not less than 300g from the grading sample which shall be placed in a clean and odourless container. The net weight of the laboratory sample shall be recorded on Guardian.

E 3.2.3 Sample preparation for grouped lots

E 3.2.3.1 A member of the Grading Panel shall check that all the samples presented for grading as grouped lots comply with GWP E 1.11.

E 3.2.3.2 If so, a member of the Grading Panel shall then break the sample-seals and empty the entire contents of each grading sample into separate trays and thoroughly mix each one separately by hand.

E 3.2.3.3 The Grading Panel will then visually examine the general appearance of each grading sample and be satisfied that all are homogenous in overall uniformity with each other. If the Grading Panel does not agree that the samples are homogenous then the samples shall be graded as individual lots and shall follow GWP E 3.2.2.

E 3.2.3.4 If agreed that each sample is visually homogenous with the others, a member of the Grading Panel shall mix the grading samples together and quarter the resulting mixed grading samples such that the resulting quartered material is approximately 1.5 kg.

E 3.2.3.5 A laboratory sample shall then be prepared by use of a flat-bottomed scoop to remove a quantity of beans weighing not less than 300g from the 1.5 kg grading sample described in 3.2.3.4 above which shall be placed in a clean and odourless container. The net weight of the laboratory sample shall then be recorded on Guardian.

E 3.2.4 Olfactory test

E 3.2.4.1 A member of the Grading Panel shall bring his nose close to the whole of a laboratory sample and sniff sharply. If any abnormal odour is detected then this is to be corroborated by the other members of the Grading Panel.

E 3.2.4.2 In doubtful cases, if there is a suspicion of an abnormal odour, a clean, odourless container shall be half-filled with coffee from the laboratory sample, closed hermetically, and kept for a minimum of one hour at room temperature. The container shall be opened and the evaluation of the odour repeated.

E 3.2.4.3 The result shall be recorded if the sample is graded not being free of foreign odour and the single lot or grouped lots shall be non-tenderable.

E 3.2.5 Visual examination

E 3.2.5.1 A laboratory sample shall be spread over a plain black surface under diffuse daylight or artificial light reproducing daylight as closely as possible and the sample inspected to confirm that the botanical origin of the beans in the sample conform with the contract specification, failing which the single lot or grouped lots shall be non-tenderable.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

E 3.2.6 Screen Test

E 3.2.6.1 A laboratory sample shall be weighed, the weight recorded, and the sample material poured into the nest of sieves sized 15, 14, 13 and 12, the lid placed on top and the receiver placed under the sieve with the smallest aperture.

E 3.2.6.2 The sieves shall be agitated with a slight corner-to-corner tilting action and with slight vertical shaking until no further beans move from one screen to the next, or a process which gives equivalent results. At the end of this operation, a sharp knock should be given to the nest of sieves in order that beans only loosely held in apertures will fall through. The oversize collected on each of the sieves used shall be weighed to the nearest 1g, and, if applicable, the undersize collected in the receiver. Beans remaining in apertures shall be considered to be retained on the sieve in question. The weights for each screen shall be recorded.

E 3.2.7 Determination of Foreign Matter and Defects

E 3.2.7.1 A laboratory sample shall be weighed and the weight recorded. The laboratory sample shall be examined for foreign matter and Defects pursuant to Rules GGGG.4(d) and (e). Any such material so identified shall be separated and the aggregate in both categories shall each be weighed to the nearest 1g and the results compared to the weight of the laboratory sample.

E 3.3 Standards

E 3.3.1 Lots which are graded shall be deemed as tenderable subject to meeting the requirements as set out in Rule GGGG.4(c)(ii).

E 3.3.2 Grading results from samples that have been derived from grouped lots shall apply to each individual lot making up the grouped lots.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

SECTION F: WARRANT MANAGEMENT SERVICE

F 1. Introduction

- F 1.1 The Warrant Management Service is offered by the Exchange through the Guardian system. The Warrant Management Service caters for Cocoa and Robusta Coffee Warrants. It allows for transfer of ownership from seller to buyer via the Clearing House in a tender cycle or between seller and buyer in the event of a physical sale/purchase provided that Warrants have been issued and lodged with a Depository and recorded on Guardian by a Depository as having been immobilised.
- F 1.2 Only Warehousekeepers may issue Warrants. A Warehousekeeper must issue and print a Warrant prior to the initial grading of the Goods to which that Warrant relates.
- F.1.3 Where there are differences in respect of the details as to weight, and/or Rent, and/or the ICE Futures Warehouse reference between the Warrant and the details recorded on Guardian, the details on Guardian will be correct.
- F 1.4 Warrants in respect of Goods which are to be delivered under the ICE Futures London Cocoa Futures Contract, ICE Futures Euro Cocoa Futures Contracts or the ICE Futures Robusta Coffee Futures Contract must be immobilised.
- F 1.5 A Warehousekeeper shall maintain on Guardian an accurate copy of the Terms and Conditions to which Warrants issued by him are subject.
- F 1.6 A Nominated Member shall maintain details of the Owner on Guardian.
- F 1.7 The Warrant Management Service is only available to:
- (a) Clearing Members;
 - (b) Warehousekeepers;
 - (d) the Exchange; and
 - (e) Depositories.

F 2. Legal Rules⁴⁸

- F 2.1 These rules as described in this GWP F 2 (the “rules”) set out the rights and obligations of Owners, Nominated Members and Warehousekeepers in respect of Warrants which have been immobilised in accordance with GWP F 3.4.
- F 2.2 These rules create rights and obligations legally enforceable by any Participant against any other Participant.

F 2.3 Definitions

- F 2.3.1 In these rules:

“Participant” means a Nominated Member and a Warehousekeeper.

“Specified Third Party” means, in relation to a Nominated Member, an associate, and any person who is or was a Client of the Nominated Member.

⁴⁸ Amended 26 May 2015

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

“Client” of a Nominated Member means, in the context of these rules, an Owner or former Owner for whose Warrants the Nominated Member has at any time accepted nomination.

F 2.4 Status of Owners

F 2.4.1 In respect of a Warrant that has been immobilised, a person whose name is recorded on Guardian as the “Owner” in relation to the Goods is the person entitled, as against each Participant, to possession of a Warrant in respect of those Goods.

F 2.4.2 If a Nominated Member becomes subject to an event of default under Section D of the Regulations or Part 9 of the Clearing House Rules, the Clearing House may direct the Exchange to instruct another Clearing Member to act as Nominated Member in respect of some or all of the Warrants which have been immobilised for which the relevant Nominated Member has been nominated on Guardian.

F 2.5 Immobilisation of Warrants

F 2.5.1 Effect of immobilisation of Warrants

F 2.5.1.1 The Depository holds a Warrant that has been immobilised as bailee to the order of the Nominated Member against whose name the Warrant is recorded on Guardian. The Depository is obliged to deliver up the Warrant to the Nominated Member or to its order. The Nominated Member holds its rights in respect of a Warrant that has been immobilised as bailee for the relevant Owner, and shall act promptly on any instructions of the Owner (including in particular instructions to obtain delivery of the Warrant from the Depository).

F 2.5.1.2 No Participant may assert any right or interest, or take any action, against any other person (including in particular any Owner) which is inconsistent with GWP F 2.5.1.1 above except insofar as that Participant has a better entitlement to possession to the relevant Goods, and that right is consistent with the content and intention of these rules.

F 2.5.1.3 Each Nominated Member shall procure that no third party is granted any right or interest over the Warrants or Goods, or is permitted by the relevant Owner to take any action, against any other person which is inconsistent with the Regulations in respect of the Warrants or Goods and this prohibition shall, without limitation, include issuing another valid Warrant representing the same Goods (the proper course of which is to cancel the related Warrants prior to doing so) or any other actions which may risk the Goods being ineligible or unavailable for delivery pursuant to the Regulations and Nominated Members shall include a provision to this effect in its terms of business with clients who are or may become Clients. The foregoing shall not preclude: liens over Warrants or Goods in favour of Warehousekeepers; financing arrangements which involve an intended update of ownership records in Guardian to record the financier’s interest in the Goods; and/or cancellation of Warrants in accordance with these Regulations.

F 2.5.1.4 Whenever a Warrant is immobilised, the Nominated Member (as agent for the relevant Owner) at the time of immobilisation guarantees to each Participant that it has not created or permitted to subsist in relation to the Warrant any charge, encumbrance or other third party right or claim which would impair the full enjoyment of that Warrant, and that none of the Nominated Member, the relevant Owner, or any person claiming through or under them will disturb the quiet possession of the Warrant by any subsequent Owner.

F 2.5.1.5 The Exchange may require the Depository to effect such endorsements to Warrants in the Depository’s possession as are appropriate in order to enable the effective transfer of ownership to the Owner recorded for the time being on Guardian. Each Nominated Member shall include a provision in its terms of business with clients who are or may become Clients authorising the Exchange and the Depository to take such action as is mentioned in this rule on their behalf.

F 2.6 Transfers

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- F 2.6.1 A change of Owner on Guardian amounts to a transfer of entitlement to possession of the relevant Goods. Where the Owner is changed in respect of a Warrant that has been immobilised, the registration of the name of the new Owner on Guardian constitutes and shall have the same effect as:
- (a) in respect of the relevant Goods, an assignment to the new Owner of all rights (including in particular a claim to delivery up of the relevant Commodity Unit) against the Warehousekeeper, and an attornment in favour of the new Owner by the Warehousekeeper; and
 - (b) in respect of a Warrant that has been immobilised, an attornment in respect of the Warrant itself in favour of the new Owner by the Nominated Member.
- F 2.6.2 Where the Nominated Member is changed in respect of a Warrant that has been immobilised, the acceptance of nomination by the new Nominated Member constitutes an instruction by the previous Nominated Member and the new Nominated Member to the Depository to hold the Warrant to the order of the new Nominated Member. The Depository agrees that the registration of a Warrant that has been immobilised under the name of the new Nominated Member constitutes and shall have the same effect as an attornment by the Depository in favour of that Nominated Member.
- F 2.6.3 In respect of each Warrant that has been immobilised, the Nominated Member (acting for itself and as agent for the Owner) authorises the Exchange to transfer the right to have the Warrant delivered by means of changes to records on Guardian.
- F 2.6.4 In the event of a default during the settlement of an Exchange Contract, the Exchange may take any step to ensure that the Guardian record reflects that the Owner in respect of a Warrant is the Clearing House, where delivery ought to have been made to the Clearing House and no onward delivery ought to be made to another person.
- F 2.7 General legal rights**
- F 2.7.1 Each Participant agrees to indemnify and hold harmless each other Participant in respect of any costs, claims, or loss occasioned by breach of these rules by the first Participant. The liability of a Participant under this rule shall be limited to the value, at the time of the breach, of the relevant Goods.
- F 2.7.2 Nothing in these rules affects the covenants for title incorporated expressly or by operation of law into a contract for the sale of goods.
- F 2.7.3 Pursuant to the Contracts (Rights of Third Parties) Act 1999, these rules confer rights enforceable by a Specified Owner against its relevant Nominated Member, and rights enforceable by a Participant against another Participant pursuant to GWP F 2.7.1. These rules may, however, be amended in any way without the consent of any Owner. Subject to the above provisions of this GWK, no person who is not a Participant, the Exchange or the Clearing House has rights under the Contracts (Rights of Third Parties) Act 1999 under these rules.
- F 2.7.4 These rules shall prevail in the event of inconsistency between these rules and any terms and conditions:
- (a) applicable between a Nominated Member and its Client; or
 - (b) applicable between a Warehousekeeper and any Owner, Nominated Member or customer of the Warehousekeeper by virtue of custom and usage, operation of law, or inclusion in or on a Warrant.
- F 2.7.5 Neither the Exchange nor any Participant gives any undertaking, covenant or warranty to any person as to the effect of these rules as regards title to any Warrant or Goods. The use of the word “Owner” does not constitute a guarantee by the Exchange that any Warrant or Goods exists or that the person recorded as such on Guardian has any property interest in any Warrant or Goods.
- F 2.7.6 Without prejudice to any limitation of liability applicable by virtue of the Exchange’s Regulations, procedures or any other agreement between the Exchange and any Participant or the Clearing House Rules, none of the Exchange, the Clearing House, their directors or agents shall be liable to any Participant or other person for any loss, damages, costs, expenses or other liability of whatever nature

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

(each a “Loss”) relating to the operation of these rules or the performance or non-performance of any person under these rules, including where such Loss arises from negligence. The Exchange has no obligation to any person to ensure the accuracy or availability of any information recorded on Guardian; or to safeguard rights of any person entitled to a Warrant which has been immobilised or claiming as Owner; or as to the legal consequences of these rules in any jurisdiction. However, nothing in these rules excludes liability for fraud, wilful default or for personal injury or death caused by negligence.

F 3. Issuing a Warrant and Initial Nomination of a Clearing Member

F 3.1 Issuing a Warrant

F 3.1.1 A Warrant may only be issued by a Warehousekeeper on the instructions of the Owner. The Warrant shall be printed on secure paper supplied by the Exchange in the form set out in Schedule 2. The following information shall be stated on the Warrant;

- (a) Warehousekeeper’s name, address and logo;
- (b) Statement “Warehouse Warrant for Goods in Bond”;
- (c) Warrant number;
- (d) Statement “Bearer is entitled to receive.”;
- (e) Commodity;
- (f) Origin of Goods;
- (g) Name of vessel;
- (h) Name of Warehouse in which the Goods are stored;
- (i) Exchange Warehouse reference;
- (j) port or Delivery Area;
- (k) Marks, if any;
- (m) Number of full bags, the contents of which are sound, and their gross weight. Bulk Delivery Units to show weight only;
- (n) Number of slack bags, the contents of which are sound, and their gross weight;
- (o) Tare of bags, and/or total tare;
- (p) Total net weight;
- (q) Final date of landing, date of storage and date of last weighing;
- (r) Statement “This Warrant is subject to the Terms and Conditions specified overleaf”;
- (s) Date and place of issue;
- (t) Warehousekeeper’s signature;
- (u) Warehousekeeper’s Terms and Conditions printed on the reverse of the Warrant;
- (v) Bar code;

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

(w) Depository number; and

(x) Rent expiry date.

F 3.1.2 In relation to the printing of Warrants there are minimum print quality standards as detailed below:

(a) produced using a minimum of 300 DPI printing technology;

(b) the barcode symbol area must:

(i) be free from spots (black blobs in the white areas) and voids (white spaces in the black bars); and

(ii) exhibit a high symbol contrast (black bars to be clearly distinguishable from the white spaces); and

(iii) contain bars that are not fuzzy, wavy, smudged or blurred at the edges; and

(iv) be free from over laminates or gloss finishes.

F 3.2 Initial Nomination of a Clearing Member

F 3.2.1 A Warehousekeeper may create Commodity Units, take samples and give sampling notification through the Guardian system without the need to nominate a Clearing Member. A Clearing Member must be nominated by the Warehousekeeper on behalf of the Owner before a Warrant may be immobilised, or an application for grading made within Guardian.

F.3.2.2 Where there is no Nominated Member, an Owner may at any time instruct the Warehousekeeper to request the appointment of a Clearing Member as a Nominated Member. If an Owner does so, it shall provide the Warehousekeeper with the name and the ICE mnemonic of the Clearing Member. The Warehousekeeper shall post a request, which includes the Owner's name, on Guardian for the Nominated Member to confirm that it accepts the nomination.

F 3.2.3 A Warrant may only be tendered under a Contract if it has been immobilised.

F 3.3 Re-Print of a Missing Warrant

F 3.3.1 In the event of a Warehousekeeper being advised that a Warrant has been defaced, lost or destroyed, then all the requirements contained in the Terms and Conditions of the Warrant recorded on Guardian shall be fulfilled before a new Warrant may be issued by the Warehousekeeper. The Warehousekeeper shall ensure that it is recorded on Guardian that the original Warrant has been cancelled and is invalid and that the new Warrant has been issued in respect of the relevant Goods.

F 3.4 Immobilising a Warrant⁴⁹

F 3.4.1 When Goods are graded as tenderable, the Owner should make arrangements for the relevant Warrants to be lodged with the Depository at the earliest opportunity. A Warrant may only be immobilised on the instructions of a Nominated Member on behalf of the Owner. The Nominated Member shall request immobilisation by a Depository of the Warrant in Guardian. The Warrant must then be lodged with a Depository by the Nominated Member. Upon acceptance of the Warrant, the Depository shall record the Warrant as immobilised on Guardian. It is only at the point of registration of the Warrant being immobilised by the Depository that the Warrant will be in a form which is capable of being tendered.

F 3.4.2 Procedures for the immobilisation of Warrants

⁴⁹ Amended 26 May 2015

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- F 3.4.2.1 The lodgement or withdrawal of a Warrant at the Depository shall be by appointment only. The Nominated Member must give a minimum of one business day's notice by contacting the Depository using the contact details provided by the Exchange by notice posted on the Market from time to time.
- F 3.4.2.2 The Exchange will publish the address of the Depository, the opening hours of the Depository and the relevant contact details on the ICE website (www.theice.com).
- F 3.4.2.3 Appointments will be granted at the discretion of the Depository. Only in exceptional circumstances will appointments be accepted with less than one business day's notice and these will be dealt with on a best efforts basis.
- F 3.4.2.4 When making an appointment, the Nominated Member must provide the Depository with the following information:
- (a) the time and date on which the Nominated Member wishes to make the lodgement or withdrawal;
 - (b) the name of the person or company details of the courier company who will attend the Depository;
 - (c) in the case of a lodgement, subject to GWPs F 3.4.2.12 and F 3.4.2.13, the number of Warrants to be lodged and the number of Lodgement Requests covering these Warrants; and
 - (d) in the case of a withdrawal, subject to GWPs F 3.4.2.20, the number of Warrants to be withdrawn and the number of withdrawal requests covering these Warrants.
- F 3.4.2.5 The Nominated Member should not initiate the lodgement or withdrawal process on Guardian until an appointment has been confirmed by the Depository.
- F 3.4.2.6 Persons attending the Depository should be in possession of identification sufficient enough to satisfy the security requirements of the Depository. Details of these requirements will be issued by the Depository from time to time and will be published on the ICE website (www.theice.com).
- F 3.4.2.7 In the event that the Nominated Member cannot attend the Depository at the appointed time, the Depository should be informed immediately and a revised appointment made.
- F 3.4.2.8 Subject to GWP F 3.4.2.22, in the event that the Nominated Member wishes to cancel an appointment the Depository should be informed immediately. The Nominated Member must cancel the relevant Lodgement or withdrawal request on Guardian.
- Lodgement of Warrants at the Depository*
- F 3.4.2.9 In order for a Warrant to be lodged with the Depository it must be:
- (a) issued by a Warehousekeeper for Goods;
 - (b) issued as a Warrant by the Warehousekeeper and recorded on Guardian; and
 - (c) printed on secure paper with a clearly printed bar code and depository number.
- F 3.4.2.10 A Warrant will not be accepted for lodgement at the Depository unless it is accompanied by the relevant Lodgement Request Form.
- F 3.4.2.11 The Lodgement Request Form must be clearly printed and contain a readable bar code.
- F 3.4.2.12 A single Lodgement Request Form may include up to a maximum of 200 Warrants. A single Lodgement Request Form in respect of multiple Warrants may only be provided for Warrants issued in respect of the same commodity stored by the same Warehousekeeper in the same port or Delivery Area.

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

- F 3.4.2.13 At the discretion of the Depository, a depository appointment may be for the presentation of more than one Lodgement Request Form.
- F 3.4.2.14 Warrants presented at the Depository for lodgement should be presented with the relevant Lodgement Request Form and should be in numerical order by depository number and ordered so that the bar code of each Warrant is positioned directly above the one below. Subject to GWP F 3.4.2.13 where there is more than one Lodgement Request Form the Warrants for each request should be separated.
- F 3.4.2.15 Where there is any discrepancy between the Lodgement Request Form and the Warrants accompanying it or the Warrants are not presented in accordance with these GWPs, the Depository may refuse to accept all of the Warrants covered by that request.
- F 3.4.2.16 On completion of the lodgement process, the Depository will issue a Lodgement Statement to the person attending the Depository.
- Withdrawal of Warrants from the Depository*
- F 3.4.2.17 A Warrant may not be withdrawn from the Depository unless the Depository is presented with a Withdrawal Request Form produced by Guardian.
- F 3.4.2.18 The Withdrawal Request Form must be clearly printed and contain a readable bar code.
- F 3.4.2.19 A single Withdrawal Request Form may include up to a maximum of 200 Warrants. The Warrants included in the Withdrawal Request Form may be issued in respect of different commodities stored with different Warehousekeepers in different ports or Delivery Areas.
- F 3.4.2.20 At the discretion of the Depository a depository appointment may be for the presentation of more than one Withdrawal Request Form.
- F 3.4.2.21 On completion of the withdrawal process the Depository will issue a Withdrawal Statement to the person attending the Depository.
- F 3.4.2.22 A Withdrawal Request Form cannot be cancelled by the Nominated Member if the Depository has initiated the withdrawal process. This will be evident where the status “Packing” for the Withdrawal Request Form is recorded on Guardian.
- F 4. Change of Ownership**
- F 4.1 Warrants which are registered as immobilised on Guardian are required to identify the Owner.
- F 4.2 The Nominated Member is required to amend the name of the Owner when title to the Warrant changes, either through the tender process or by a physical sale/purchase. The registered Owner of the Warrant must be accurately recorded on Guardian as soon as possible but in any event no later than 20:00 hours London time each business day.
- F 4.3 Other than as the result of a delivery through an Exchange contract, a change of Owner recorded on Guardian may only occur by written instructions from the Owner to the Nominated Member. Such written instructions must be retained by the Nominated Member acting on behalf of the Owner for inspection by the Exchange.
- F 5. Change of Nominated Member**
- F 5.1 At the request of the Owner, the Nominated Member may be changed on Guardian. The Owner shall supply the current Nominated Member with the name of the proposed Nominated Member. The current Nominated Member shall post a request on Guardian for the proposed Nominated Member to confirm

GRADING AND WAREHOUSEKEEPING PROCEDURES IN RESPECT OF THE ICE FUTURES LONDON COCOA FUTURES CONTRACTS, ICE FUTURES EURO COCOA FUTURES CONTRACTS AND ICE FUTURES ROBUSTA COFFEE FUTURES CONTRACTS

that they accept the nomination. Once accepted, the Warrant shall be recorded under the name of the proposed Nominated Member.

F 6. Change of Warrant Form⁵⁰

F 6.1 At the request of the Owner, the Nominated Member may:

F 6.1.1 Immobilise a Warrant

F 6.1.1.1 The provisions of GWP F 3.4 shall apply.

F 6.1.2 Withdraw a Warrant from the Depository

F 6.1.2.1 The provisions of GWP F 3.4 shall apply.

F 6.1.2.2 At the request of an Owner, the Nominated Member may withdraw a Warrant from the Depository. The Depository shall register the Warrant as having been withdrawn from the Depository on Guardian when the Warrant has been delivered to the Nominated Member by the Depository.

F 6.1.2.3 A Warrant which has been withdrawn from the Depository shall not be tenderable under a Contract.

F 6.1.2.4 Where any details which are contained in the Warrant are different to that recorded on Guardian, the Warehousekeeper shall either update or replace the Warrant.

F 7. Movement Out

F 7.1 An Owner wishing to Move Out Goods which are the subject of a Warrant which has been recorded as immobilised on Guardian must ask the Nominated Member to request the withdrawal of the Warrant from the Depository and to hold it to the order of the Owner. Movement Out of the Goods must be carried out in accordance with GWP D 1.27.

F 8. Suspended Warrants⁵¹

F 8.1 The Exchange may, in its sole and absolute discretion, suspend or terminate at any time the status of any Warrant.

⁵⁰ Amended 26 May 2015

⁵¹ Inserted 10 October 2016

GRAINSTOREKEEPER PROCEDURES IN RESPECT OF THE ICE FUTURES UK FEED WHEAT FUTURES CONTRACT

SECTION 1: INTRODUCTION

1. Introduction

1.1 [Not used]

1.2 [Not used]

1.3 These Grainstorekeeper Procedures ("GSKs") form part of the Regulations and prescribe the procedures which must be followed in respect of ICE Futures UK Feed Wheat Futures Contracts and in respect of Wheat. These GSKs shall apply to and be contractually binding upon Grainstorekeepers, Nominated Members, Owners and Specified Third Parties.

1.4 [Not used]

1.5 These GSKs should be read in conjunction with the remainder of the Regulations, including the relevant Contract Rules and Administrative Procedures for the ICE Futures UK Feed Wheat Futures Contracts.

SECTION 2: INTERPRETATION

- 2.1 Terms defined elsewhere in the Regulations, including the Contract Rules, shall have the same meaning in these GSKs, except where otherwise specified or defined in GSK 2.2 below.
- 2.2 In these GSKs:
- | | |
|-------------------------|---|
| “Clean E Warrant” | means an E Warrant Tendered by a Seller for which the details on Guardian have been updated to reflect that the Rent has been paid up to and including the fourteenth calendar day after the Tender Day in accordance with these GSKs. |
| “Client” | of a Nominated Member means, in the context of these GSKs, an Owner or former Owner for whose E Warrants the Nominated Member has at any time accepted nomination in Guardian. For the avoidance of doubt, a Nominated Member may also be an Owner if it has accepted nomination within Guardian of its own E Warrants. |
| “Contract Rules” | means the Contract Rules of the ICE Futures UK Feed Wheat Futures Contract. |
| “E Warrant” | means the details recorded on Guardian relating to an undivided share of Wheat weighing 100 tonnes stored by a Grainstorekeeper together with the rights conferred by these GSKs upon the Owner referred to in such details. |
| “Grainstorekeeper” | means a grainstorekeeper which has been registered by the Exchange in its absolute discretion to store Wheat for delivery under a Contract and which appears on the list of Registered Grainstorekeepers published from time to time by notice posted on the Market. |
| “Guardian” | means the electronic system relating to the tender, delivery and E Warrant management services, or any successor thereto, which amongst other things, records details of Wheat stored by a Grainstorekeeper for delivery against the ICE Futures UK Feed Wheat Futures Contract. |
| “Nominated Member” | means a Clearing Member who has been nominated by a Grainstorekeeper or another Nominated Member on behalf of an Owner in respect of the registration on Guardian of an E Warrant. |
| “Normal Working Hours” | means any eight working hours between the hours of 8.00 and 18.00 (London time) on any Business Day. |
| “Owner” | means the person recorded as such on Guardian in relation to the Wheat. A person whose name is recorded on Guardian as the “Owner” in relation to the Wheat is the person entitled, as against each Participant, to possession of the Wheat. |
| “Participant” | means a Nominated Member or a Grainstorekeeper. |
| “Specified Third Party” | means, in relation to a Nominated Member, an associate, and any person who is or was a Client of the Nominated Member. |
| “Store” | means any storage accommodation registered by the Exchange for the storage and delivery of Wheat. |
- 2.3 In these GSKs, a reference to a "GSK" is a reference to a term in these GSKs, as modified from time to time.

SECTION 3: GRAINSTOREKEEPER PROCEDURES IN RESPECT OF THE ICE FUTURES UK FEED WHEAT FUTURES CONTRACT

3.1 Registered Stores list

- 3.1.1 The Exchange shall maintain and publish from time to time by notice posted on the Market a list of registered Stores and the respective Grainstorekeepers and registered capacities.

3.2 Registration of Stores

- 3.2.1 No store and grainstorekeeper shall be registered or continue to be registered unless the grainstorekeeper thereof:
- (a) satisfies and continues to satisfy the Exchange as to:
 - (i) the suitability of the storage, Wheat handling and weighing facilities at the store;
 - (ii) the ability to segregate all Wheat underlying E Warrants from Wheat not covered by an E Warrant from the time when the E Warrant is created until the underlying Wheat is delivered out against the E Warrant as required by GSK 3.6; and
 - (iii) his financial standing;
 - (b) acknowledges in writing that he has notice of these GSKs and agrees to be bound by the same and any such other procedures as may be issued by the Exchange from time to time;
 - (c) acknowledges in writing that he shall be a “person subject to the Regulations” under the Regulations in respect of his obligations as Grainstorekeeper;
 - (d) satisfies the Exchange that the store is within the mainland of Great Britain;
 - (e) satisfies the Exchange that it is a full member of either:
 - (i) the Trade Assurance Scheme for Combinable Crops (“TASCC”) for Storage and that the store being proposed has been TASCC verified; or
 - (ii) the GAFTA Trade Assurance Scheme (“GTAS”);
 - (f) satisfies the Exchange that it has signed up to the ICE Grainstorekeeper Contract; and
 - (g) satisfies the Exchange that it has the ability to enter on to and maintain within Guardian details of Wheat stored for Tender against the ICE Futures UK Feed Wheat Futures Contract.
- 3.2.2 Notwithstanding that a grainstorekeeper may satisfy the aforesaid stipulations, the Exchange may, having regard to the requirements and interest of the market for the time being, at its discretion decline to accept an application from a prospective Grainstorekeeper for the registration of his store.
- ### 3.3 Registration fee
- 3.3.1 In respect of each Store, the Grainstorekeeper shall by not later than 1 August or at such other time as may be determined by the Exchange, each year pay to the Exchange a registration fee, of an amount prescribed by the Exchange, in respect of the period from 1 September in that year to 31 August in the following year. Failure to pay such fee by the said 1 August or such other time as may be determined by the Exchange shall result in the automatic suspension of the Store from the list of registered Stores and such suspension shall continue until such date, if any, as the Exchange may in its discretion determine. A Store suspended under this GSK shall, during such suspension, be deemed not to be a Store.

3.4 Inspection of Stores

- 3.4.1 Stores shall be subject to inspection without prior notice by one or more authorised representatives or designated Exchange officials.

3.5 Change in Store ownership or control

- 3.5.1 Any change in the ownership or control of a Store shall be notified to the Exchange forthwith upon such change taking place. Where a Store is kept by a company, any transaction resulting in a change of control of the company shall be deemed a change in the control of the Store. The Exchange may at its discretion terminate the registration of a Store upon notice of any change in ownership. Any change of ownership or control of a Store shall require a new application for registration to be made.

3.6 Maintenance of Stores

- 3.6.1 Every Store shall be maintained in a clean and suitable condition for the storage of Wheat such that the Grainstorekeeper can comply with GSK 3.2. All Wheat to which an E Warrant relates is to be completely segregated from any Wheat not related to any E Warrant from the time when the E Warrant is created, until Wheat is delivered out in full against the E Warrant. The Wheat so segregated shall be marked with a clearly observable notice stating that:

“This Wheat is tenderable or has been tendered against the ICE Futures UK Feed Wheat Futures Contracts under one or more E Warrant(s) and is the property of the Owner as recorded on Guardian.”

- 3.6.2 Every Store shall also be maintained in accordance with the TASCC Code of Practice for the Storage of Combinable Crops and Dry Animal Feed Materials or the GAFTA Trade Assurance Scheme in respect of Wheat segregated under GSK 3.6.1.
- 3.6.3 The Grainstorekeeper of every Store shall provide with each delivery out of Wheat a written declaration giving such information as may be known to the Grainstorekeeper whether post-harvest chemical treatment has been applied or has not been applied to the Wheat, or to any portion of the Wheat, and details of any product known to have been used.

3.7 Store capacity

- 3.7.1 A Grainstorekeeper may from time to time apply to the Exchange for an increase or a reduction in the registered capacity of his Store. Having regard to the requirements and interests of the market, the Exchange may at its discretion:
- (a) decline to accept, or defer its acceptance of an application, for an increase in the registered capacity of a Store;
 - (b) defer its acceptance of an application for a reduction in the registered capacity of a Store; or
 - (c) accept an application for an increase or a reduction in the registered capacity of a Store upon such conditions as the Exchange may think fit.

3.8 Insurance

- 3.8.1 The Grainstorekeeper shall have in place such insurance as shall be specified by the Exchange in its absolute discretion from time to time.

3.9 Guardian

- 3.9.1 A Grainstorekeeper shall, where information is to be made available to or by him via Guardian, comply with these and any other procedures, issued by the Exchange, relating to the operation and maintenance of Guardian.

- 3.9.2 A Grainstorekeeper shall ensure that a sufficient number of members of his staff are competent in the operation of Guardian or that he has arrangements in place for the operation of Guardian via a third party.
- 3.10 Recording of Wheat on Guardian and creation of an E Warrant**
- 3.10.1 Where a Grainstorekeeper has in segregated storage an amount of Wheat equal to 100 tonnes and which is intended for Tender against an ICE Futures UK Feed Wheat Futures Contract, the Grainstorekeeper shall enter on to Guardian the following details in respect of that Wheat:
- (a) the E Warrant number;
 - (b) the Store in which it is stored;
 - (c) the Owner; and
 - (d) the date up to which the Rent has been paid.
- 3.10.2 The recording of the details listed under GSK 3.10.1 on Guardian shall constitute the creation by the Grainstorekeeper of an E Warrant in respect of the Wheat to which those details refer.
- 3.10.3 Following completion of the details required under GSK 3.10.1 the Grainstorekeeper shall nominate a Clearing Member to act as Nominated Member on Guardian in respect of the E Warrant.
- 3.10.4 Upon acceptance of nomination on Guardian, the Clearing Member will become the Nominated Member in respect of the E Warrant.
- 3.10.5 The Nominated Member shall ensure that any changes of Owner in respect of an E Warrant are entered promptly and accurately on to Guardian.
- 3.10.6 Where requested by the Owner, the Nominated Member shall nominate another Clearing Member on Guardian to act in his place as Nominated Member in respect of the E Warrant, and the Clearing Member shall become the Nominated Member in respect of the E Warrant upon acceptance of such nomination. Where for any reason the Nominated Member is no longer to act as such in relation to the E Warrant, the Nominated Member shall as soon as practicable abdicate responsibility for that E Warrant and assign responsibility back to the Grainstorekeeper using Guardian.
- 3.10.7 Where responsibility for the E Warrant has been assigned back to the Grainstorekeeper in accordance with GSK 3.10.6 the Grainstorekeeper shall ensure that any changes of Owner in respect of an E Warrant are entered promptly and accurately via Guardian.
- 3.10.8 An E Warrant in Guardian ceases to be valid pursuant to ICE Futures UK Feed Wheat Futures Contracts after the 31 July following its creation. The Owner and related parties may continue to use the record of the former E Warrant within Guardian as an off market record of ownership however any such use is entirely at the risk of the relevant Owner and its related parties and the Exchange gives no warranty or assurance as to the continuing accuracy of such record after 31 July and reserves the right to charge a reasonable administrative fee for corrections, updates or verifications of such records. Rights of the Owner and the Grainstorekeeper in respect of Wheat which was represented by an E Warrant which has become invalid are determined by the contract between the Owner and the Grainstorekeeper and not by these GSKs.
- 3.10.9 Where any Wheat, the details of which are recorded on Guardian under an E Warrant, remains in a Store 7 calendar days prior to the first Tender Day of the Delivery Month after 31 July, the Grainstorekeeper must cancel the E Warrant and, where requested by the Owner, may create a new E Warrant for the next ICE Futures UK Feed Wheat Futures season. Where Wheat remains in a Store 7 calendar days prior to the first Tender Day of the Delivery Month after 31 July and a new E Warrant has not been issued, the Grainstorekeeper must cancel the E Warrant and the Wheat must be removed from the Store.

3.11 Tender of Wheat on Guardian

3.11.1 On receiving instructions from the Owner to Tender an E Warrant against an ICE Futures UK Feed Wheat Futures Contract, the Nominated Member shall, using the appropriate Guardian functionality, enter the E Warrant on to a Seller's Delivery Notice by supplying amongst other things the following details:

- (a) Delivery Period;
- (b) Notice day; and
- (c) Sub Account.

3.11.2 Where, as the result of a Tender, an E Warrant is transferred to the Guardian inventory of a Clearing Member that Clearing Member shall become the Nominated Member in respect of that E Warrant and the Wheat which the E Warrant represents and as such shall assume all obligations under these GSKs.

3.11.3 An E Warrant is valid for Tender from the date it is created until the Last Trading Day of the July Delivery Month immediately following its creation.

3.12 Removal of Wheat from the Store

3.12.1 On instruction from the Owner that he wishes to remove the Wheat represented by an E Warrant from the Store, the Nominated Member shall:

- (a) request the withdrawal of the Wheat using the appropriate Guardian functionality; and
- (b) forward the authentication code issued by Guardian to the Owner.

3.12.2 On receipt of a request from an Owner to withdraw the Wheat from the Store the Grainstorekeeper, before allowing the loading of the Wheat on to the Owner's transport, shall:

- (a) where the Owner of the E Warrant is represented by a Nominated Member on Guardian,
 - (i) establish that the authentication code issued by Guardian in respect of the withdrawal request made by the Nominated Member is the same as that held by the Owner; and
 - (ii) make diligent enquiry to establish that the identity of the person claiming to be the Owner is the same as the person listed as the Owner on Guardian; or
- (b) where the Owner of the E Warrant is not represented by a Nominated Member on Guardian, make diligent enquiry to establish that the identity of the person claiming to be the Owner is the same as the person listed as the Owner on Guardian.

3.12.3 The Grainstorekeeper shall ensure that the details of the relevant E Warrant are removed from Guardian as soon as practical after the Wheat represented by the E Warrant, or any part thereof, is removed from the Store. For the avoidance of doubt, where the Wheat has been removed from the Store during Normal Working Hours, removal of such details should be on the same Business Day, or where the Wheat has been removed outside of Normal Working Hours, removal of such details should be as soon as possible on the next Business Day.

3.12.4 Delivery of Wheat subject to an E Warrant will be made free of charge to the Owner's lorry in bulk.

3.12.5 Where there is a difference between the amount of Wheat actually delivered and the amount specified in the E Warrant to which the delivery relates:

- (a) in the case of a partial delivery, the Grainstorekeeper is liable to the Owner for a shortfall;
- (b) in the case of an over-delivery, the Owner is liable to the Grainstorekeeper for the value of the excess; and

- (c) unless otherwise agreed, the obligations of Owner or Grainstorekeeper shall be settled by payment of the amount of the difference multiplied by the Exchange settlement price on the date of delivery.

3.13 Force Majeure

- 3.13.1 A Grainstorekeeper shall not be liable for any delay in delivery out of a Store occasioned by any act of God, strike, lockout, riot or civil commotion, combination of workmen, breakdown of machinery, fire or any cause normally comprehended in the term “Force Majeure” provided that, if required, the Grainstorekeeper shall forthwith provide proof to the Owner to justify such delay.

3.14 Rent

- 3.14.1 The maximum rate of Rent per tonne shall be determined from time to time by the Exchange. Rent shall be paid regularly and promptly on receipt of an invoice by the Owner from the Grainstorekeeper.
- 3.14.2 Pursuant to a request from an Owner, a Grainstorekeeper shall prepare and dispatch an invoice in respect of Rent payable to him by such Owner within seven calendar days of the date of receipt of such request.
- 3.14.3 On payment of Rent by an Owner to a Grainstorekeeper, the Grainstorekeeper shall without delay enter on to Guardian against the relevant E Warrant details, the date up to which the Rent has been paid.
- 3.14.4 An E Warrant for which the details on Guardian show that the Rent has been paid up to and including the fourteenth calendar day after the Tender Day shall be a “Clean E Warrant” in respect of a Tender under an ICE Futures UK Feed Wheat Futures Contract.
- 3.14.5 In respect of any Subsequent Tender of an E Warrant by a Seller the Exchange shall, in accordance with the contract terms, collect any Unpaid Rent on behalf of the Seller, at the maximum rate of Rent determined by the Exchange from time to time, by instructing the Clearing House to deduct the amount of such Unpaid Rent from the invoicing amount payable by the Clearing House to the Seller.
- 3.14.6 Where Unpaid Rent has been collected by the Exchange under GSK 3.14.5, Guardian will update the details of the relevant E Warrant to reflect the date up to which the Rent has been collected by the Exchange in accordance with the ICE Futures Europe Grainstorekeeper Contract.
- 3.14.7 In accordance with the ICE Futures Europe Grainstorekeeper Contract the Exchange will forward to the Grainstorekeeper the amount of Rent collected from the Seller.
- 3.14.8 A Grainstorekeeper shall be entitled to exercise a lien over Wheat in respect of Rent unpaid, in an amount not exceeding in value the Rent unpaid which is due and payable to him by the Owner.
- 3.14.9 The Grainstorekeeper shall not be entitled to exercise his lien under GSK 3.14.8 (or any other right of retention) for the period up to the date recorded on Guardian to which the Rent has been paid.
- 3.14.10 If the Owner (“the transferring Owner”) transfers the E Warrant to another Owner, the Grainstorekeeper shall have no right to seek payment from a subsequent Owner of the amount of Rent unpaid by the transferring Owner and shall have no right to exercise any lien under GSK 3.14.8 as against another Owner in respect of such unpaid Rent.

3.15 Quantity tendered

- 3.15.1 It shall be the responsibility of the Grainstorekeeper to ensure that E Warrants shall not be created in respect of any Store under his control, where such E Warrants:
- (a) are for a quantity of Wheat which exceeds in total the quantity of Wheat for the time being held in segregation in the Store; or
 - (b) exceed the registered capacity of the Store.

3.16 Standard at delivery

- 3.16.1 In respect of each E Warrant, the Grainstorekeeper shall undertake that Wheat of the Contract standard and weight as specified in the ICE Futures UK Feed Wheat Futures Contract, as the case may be, will be made available for weighing out from the segregated Wheat at the Store when required, subject to reasonable prior notice having been given.

3.17 Business days

- 3.17.1 Stores shall be open on Business Days to deliver Wheat against E Warrants during Normal Working Hours.

3.18 Dispute

- 3.18.1 Any dispute arising between a Grainstorekeeper and the Owner shall be referred to arbitration/dispute resolution in accordance with Section H or other relevant part of the Regulations.

3.19 Insolvency

- 3.19.1 The Exchange must be informed immediately, in writing, either directly by the Grainstorekeeper or via the appointed liquidator or receiver, as the case may be:
- (a) where the Grainstorekeeper is a company, if the Grainstorekeeper passes a resolution for its winding up or a court of competent jurisdiction makes an order for the Grainstorekeeper's winding up or dissolution;
 - (b) where the Grainstorekeeper is a partnership, if the Grainstorekeeper is dissolved;
 - (c) if the Grainstorekeeper fails to pay any sum due and payable or suspends any payment;
 - (d) of the making of an administration order in relation to the Grainstorekeeper or the appointment of a receiver over, or an encumbrancer taking possession of or selling, an asset of the Grainstorekeeper;
 - (e) if the Grainstorekeeper makes an arrangement or composition with its creditors generally or makes an application to a court of competent jurisdiction for protection from its creditors generally;
 - (f) of the making of a bankruptcy order against the Grainstorekeeper;
 - (g) if the Grainstorekeeper is subject to any other insolvency or bankruptcy procedure under the Insolvency Act 1986 or Insolvent Partnerships Order 1994; or
 - (h) if the Grainstorekeeper takes or suffers any similar or analogous action under any applicable law.
- 3.19.2 Upon receiving a notification under GSK 3.19.1 the Exchange will immediately suspend the Grainstorekeeper and his Store(s) from the list of registered Stores and their respective Grainstorekeepers and shall publish such information by notice posted on the Market. The suspended Grainstorekeeper will continue to be bound by the Exchange's requirements and, subject to GSK 3.19.3, the Exchange may give directions as to the status and disposal of E Warrants created by the suspended Grainstorekeeper which relate to Wheat stored for potential delivery against ICE Futures UK Feed Wheat Futures Contracts.
- 3.19.3 A Tender against a position held in the ICE Futures UK Feed Wheat Futures Contract of an E Warrant created by a Grainstorekeeper which is made prior to the suspension of that Grainstorekeeper shall not be invalidated, but no further Tenders of E Warrants issued by the suspended Grainstorekeeper may be made after his suspension.
- 3.19.4 Following any suspension under GSK 3.19.2, the registration of a Grainstorekeeper and his Store(s) may be terminated in accordance with GSK 3.20.

3.20 Termination of registration

- 3.20.1 A Grainstorekeeper may by one month's notice in writing to the Exchange require his Store to be removed from the list of registered Stores provided that no Wheat covered by an E Warrant is in the Store at the date of such notice.
- 3.20.2 Where Wheat covered by an E Warrant is held in a registered Store, the Grainstorekeeper may, by notice in writing given to the Exchange by not later than 31 May in any year, require his registered Store to be removed from the list of Stores for the next ICE Futures UK Feed Wheat Futures Contract season, provided that notice is at the same time given by that Grainstorekeeper to all Owners listed on Guardian in relation to Wheat held in the Store.
- 3.20.3 The registration of a Store or a Grainstorekeeper may at any time be terminated by reasonable notice by the Exchange to the Grainstorekeeper. The Exchange may from time to time declare what is to be taken as reasonable notice for the purposes of this GSK 3.20, and different periods may be so declared for different cases.
- 3.20.4 The Exchange may from time to time give directions as to the status and disposal of outstanding E Warrants where the registration of a Store is terminated, whether pursuant to this GSK or to GSK 3.21.

3.21 Disciplinary proceedings

- 3.21.1 Any breach of these GSKs by a Grainstorekeeper, or failure on his part to observe the terms or facilitate the performance of an ICE Futures UK Feed Wheat Futures Contract made under the Contract Rules, may be investigated under Section E of the Regulations, and disciplinary proceedings may be commenced against him thereunder.

3.22 Exclusion of liability

- 3.22.1 No claim shall lie against the Directors, the Exchange, the Clearing House or any committee or employee thereof (which expression shall include people employed under a contract for services or of service) in respect of the suspension or removal of a Store from the list of registered Stores or on deciding not to register a new applicant.
- 3.22.2 None of the Directors, the Exchange, the Clearing House or any committee or employee thereof shall have any liability whatsoever for the performance by a Grainstorekeeper of his responsibilities under the Regulations or Clearing House Rules or of any responsibilities he may assume towards members or other parties pursuant to any receipt, E Warrant or Contract nor for the condition of a Store or its suitability for the storage of Wheat. Nothing in this provision shall operate to exclude or restrict the liability of the Directors, the Exchange or the Clearing House for fraud, wilful default or death or personal injury due to negligence. Parties placing Wheat into a Store or taking delivery of Wheat in or from the same shall accordingly have no claim against either the Directors, the Exchange (or any committee or employee thereof), or the Clearing House (or any employee thereof) for any loss or damage thereby incurred however such loss or damage may be caused, which is excluded in this GSK 3.22.

3.23 Bulk Storage of Wheat

- 3.23.1 A Grainstorekeeper is responsible for ensuring that there is at any time no shortfall in the aggregate amount of Wheat stored in bulk as compared with the aggregate amount of Wheat represented by the E Warrants subsisting at that time. A Grainstorekeeper which is unable to deliver the full amount of Wheat to which an E Warrant relates is liable to the Owner to make good the shortfall from its own stock or by purchase.
- 3.23.2 A Grainstorekeeper acts as agent for each person who is an owner in common of the bulk of goods of which the Wheat subject to an E Warrant constitutes a part, for the purposes of any dealing with or removal, delivery or disposal of the goods in the bulk. In the event of a shortfall contrary to GSK 3.23.1, and notwithstanding section 20A(4) of the Sale of Goods Act 1979, upon delivery to an Owner (a "Collecting Owner") under GSK 3.12 of any Wheat out of bulk storage, each other Owner of Wheat comprising the bulk consents to the transfer of Wheat to the Collecting Owner in proportion to its share of the bulk, so that the property in the Wheat delivered to the Collecting Owner is free from any claim of such other Owners.

SECTION 4: LEGAL RULES CONCERNING E WARRANTS

4.1 Introduction

- 4.1.1 These rules as described in this Section 4 (the “rules”) set out the rights and obligations of Owners, Nominated Members and Grainstorekeepers in respect of E Warrants which have been recorded on Guardian in accordance with GSK 3.10.
- 4.1.2 These rules create rights and obligations legally enforceable by any Participant against any other Participant.

4.2 Status of Owners

- 4.2.1 A person whose name is recorded on Guardian as “Owner” in relation to an E Warrant is the person entitled, as against each Participant, to possession of an E Warrant in respect of the Wheat to which the E Warrant relates. The Person recorded as the Owner of the E Warrant on Guardian is authorised to:
- (i) take delivery; and
 - (ii) transfer the right to require delivery of the Wheat to which the E Warrant refers.
- 4.2.2 If a Nominated Member becomes subject to an event of default under Section D of the Regulations or the Clearing House Rules, the Clearing House may direct the Exchange to instruct another Clearing Member to act as Nominated Member in respect of some or all of the E Warrants for which the relevant Nominated Member has been nominated on Guardian.

4.3 E Warrants

Effect of E Warrants

- 4.3.1 An E Warrant has the same effect as if the relevant Owner had possession in England of a physical warrant duly issued in respect of the Wheat to which the E Warrant relates.
- 4.3.2 The Grainstorekeeper holds possession of the Wheat to which an E Warrant relates for the benefit of the relevant Owner recorded in Guardian. An E Warrant constitutes a right of the relevant Owner to demand the Wheat to which it relates from the Grainstorekeeper.
- 4.3.2A The E Warrant identifies the Wheat which is transferred or to be Tendered under an ICE Futures UK Feed Wheat Futures Contract.

Obligations of Participants

- 4.3.3 No Participant may assert any right or interest, or take any action, against any other person (including in particular any Owner) which is inconsistent with rules 4.4.1 and 4.4.2, except insofar as that Participant has a better right to ownership of the relevant Wheat, and that right is consistent with the content and intention of these rules.
- 4.3.4 Each Nominated Member shall procure that no Specified Third Party will assert any right or interest, or take any action, against any other person which is inconsistent with these rules and shall include a provision to this effect in its terms of business with clients who are or may become Clients.
- 4.3.5 It is not permitted for any Participant or any Owner to purport to transfer ownership of Wheat which is the subject of an E Warrant by any means other than a change of Owner in Guardian.
- 4.3.6 A Grainstorekeeper may not issue, or permit to subsist, a physical warrant at any time in respect of Wheat for which the details are recorded on Guardian.
- 4.4.6A A Grainstorekeeper may not issue, or permit to subsist, an E Warrant at any time for which the Wheat to which the E Warrant relates is not at that time in its possession in accordance with these GSKs.

Protection of rights of Owners

- 4.3.7 Each Grainstorekeeper acknowledges that it holds Wheat only as property belonging to another person and, in the case of an E Warrant, with the obligation to deliver it up to the Owner, subject only to the Grainstorekeeper's terms and conditions (insofar as consistent with these GSKs) and these rules.

4.4 Transfers

- 4.4.1 A change of Owner on Guardian amounts to a transfer of entitlement of the relevant Wheat. Where the Owner is changed in respect of an E Warrant, the registration of the name of the new Owner on Guardian constitutes and shall have the same effect, in respect of the relevant Wheat, as an assignment to the new Owner of all rights (including in particular a claim to delivery up of the relevant Wheat) against the Grainstorekeeper, and an attornment in favour of the new Owner by the Grainstorekeeper
- 4.4.2 In the event of a default during the settlement of a ICE Futures UK Feed Wheat Futures Contract, the Exchange may take any step to ensure that the Guardian record reflects that the Owner in respect of an E Warrant is the Clearing House, where delivery ought to have been made to the Clearing House and no onward delivery ought to be made to another person.

4.5 General legal rights

- 4.5.1 Each Participant agrees to indemnify and hold harmless each other Participant in respect of any costs, claims, or loss occasioned by breach of these rules by the first Participant. The liability of a Participant under this rule shall be limited to the value, at the time of the breach, of the relevant Wheat.
- 4.5.2 Nothing in these rules affects the covenants for title incorporated expressly or by operation of law into a contract for the sale of goods.
- 4.5.3 Pursuant to the Contracts (Rights of Third Parties) Act 1999, these rules confer rights enforceable by an Owner against its relevant Nominated Member and the relevant Grainstorekeeper, and rights enforceable by a Participant against another Participant pursuant to GSK 4.5.1. These rules may, however, be amended in any way without the consent of any Owner. Subject to the above provisions of this GSK, no person who is not a Participant, the Exchange or the Clearing House has rights under the Contracts (Rights of Third Parties) Act 1999 under these rules.
- 4.5.4 These rules shall prevail in the event of inconsistency between these rules and any terms and conditions: (a) applicable between a Nominated Member and its Client; or (b) applicable between a Grainstorekeeper and any Owner, Nominated Member or customer of the Grainstorekeeper by virtue of custom and usage, operation of law, or inclusion in or on an E Warrant.
- 4.5.5 Neither the Exchange nor any Participant gives any undertaking, covenant or warranty to any person as to the effect of these rules as regards title to any E Warrant or Wheat. The use of the word "Owner" does not constitute a guarantee by the Exchange that any E Warrant or Wheat exists or that the person recorded as such on Guardian has any property interest in any E Warrant or Wheat.
- 4.5.6 Without prejudice to any limitation of liability applicable by virtue of the Regulations, including these GSKs, any other agreement between the Exchange and any Participant or the Clearing House Rules, none of the Exchange, the Clearing House, their directors or agents shall be liable to any Participant or other person for any loss, damages, costs, expenses or other liability of whatever nature (each a "Loss") relating to the operation of these rules or the performance or non-performance of any person under these rules, including where such Loss arises from negligence. The Exchange has no obligation to any person to ensure the accuracy or availability of any information recorded on Guardian; or to safeguard rights of any person entitled to a E Warrant or claiming as Owner; or as to the legal consequences of these rules in any jurisdiction. However, nothing in these rules excludes liability for fraud, wilful default, or for personal injury or death caused by negligence.

INTRODUCTION

- 1.1 This Policy Document details the policy of ICE Futures Europe (“the Exchange”) in relation to Corporate Actions. It is issued pursuant to, and should be read in conjunction with, the Contract Rules and Trading Procedures for futures and options based on individual equity securities (including any Index containing a single stock).
- 1.2 This Policy Document explains the Exchange’s policy in relation to Corporate Actions in respect of:
 - a. Option Contracts (as defined in Section 2.1); and
 - b. Futures Contracts (as defined in Section 2.1).
- 1.3 This Policy Document is structured as follows:
 - a. Section 2 defines terms used throughout this Policy Document;
 - b. Section 3 provides background information;
 - c. Section 4 describes the Exchange’s policies and conventions in respect of Corporate Actions;
 - d. Section 5 outlines the methodology to be used to formulate adjustments in respect of Option Contracts and Futures Contracts;
 - e. Section 6 outlines the Corporate Action types and the adjustment methodology;
 - f. Section 7 provides information on special products admitted to trading on the Exchange; and
 - g. The Appendices provide further information on the calculation of Fair Value and Equalisation Payments for Option Contracts and Futures Contracts.

DEFINITIONS

2.1 The following provisions apply to, or should be noted in connection with, the interpretation of this Policy Document:

Adjustment Ratio	means the ratio that will be multiplied by the Daily Settlement Prices and/or Exercise Prices, and by which Lot Sizes will be divided, in order to adjust contract terms to cater for a Corporate Action
Corporate Action Notice	means a notice issued to the market containing information concerning contract adjustments
Corporate Action	means <ul style="list-style-type: none"> a. a cash and/or scrip dividend, a bonus or scrip issue, a rights issue, a share split, subdivision or consolidation, a demerger or any other event affecting or giving rise to a right or entitlement attaching or accruing to the shares of, or ownership of shares in, a company; or b. a takeover, merger or any arrangement, transaction or series of transactions which will or may result in the acquisition by any person or persons or any associated person or persons of a substantial proportion of the shares of a company; or c. any other event which, in the opinion of the Exchange, impacts or may impact on an Option Contract and/or Futures Contract in respect of the shares of a company
Cum-entitlement	means, in respect of a share, with the right, before a date determined and published from time to time by the Relevant Stock Exchange, to any Relevant Entitlement relating thereto
Daily Settlement Price	means the price calculated and published by the Exchange and which is used by the Clearing House to perform daily margin calculations
Delivery Buyer	means the person who is obliged to take delivery of one lot pursuant to the exercise or assignment of an option
Delivery Seller	means the person who is obliged to make delivery of one lot pursuant to the exercise or assignment of an option
EDSP	means the Exchange Delivery Settlement Price, as defined in the relevant Contract Rules
Ex-entitlement	means, in respect of a share, without the entitlement, on or after a date determined and published from time to time by the Relevant Stock Exchange, to any Relevant Entitlement relating thereto
Exercise	means to use the right one has as the holder of an option
Fair Value	means the price calculated by the Exchange when Option Contracts and/or Futures Contracts are closed out for a cash amount, after a merger or takeover
Futures Contracts	means, collectively, the term for futures contracts (cash settlement and physical delivery) admitted to trading on the Exchange and based on individual shares, or futures contracts based on Indices falling within the description contained in Section 7.1 of this Policy Document; the term includes Dividend Adjusted Single Stock Futures Contracts where they are not explicitly excluded
Last Trading Day	means the last market day on which a contract is available for trading
Lot Size	means the number of underlying shares or baskets of shares of one Option Contract or Futures Contract, or multiplier in case of futures based on indices
Minimum Price Movement	means the tick size of a contract, as defined in the relevant Contract Rules or Trading Procedures
Open Interest	means the number of positions held at the close of any one business day

Option Contracts	means Option Contracts (cash settlement & physical delivery), admitted to trading on the Exchange, on individual shares
Package Method	means a method of adjusting contract specifications for existing contracts to cater for Corporate Actions, in which the original underlying deliverable is substituted by a package of other shares or deliverable security
Policy Document	means this document
Ratio Method	means a method of adjusting contract specifications for existing contracts to cater for Corporate Actions, where the relationship between the contract before and after the event is altered using a ratio specified by the Exchange
Reference Price	means the price specified by the Exchange and which shall be used as a reference price to determine the adjustments to be made further to a Corporate Action
Relevant Entitlement	means any one or more of a cash dividend, scrip dividend, bonus issue, scrip issue, rights issue, or any other right or entitlement, attaching or accruing to, or otherwise affecting, from time to time, a share or ownership of a share
Relevant Stock Exchange	means the stock exchange on which such shares are available for trading as detail in the relevant List of Contract Details.
Relevant Settlement System	means the settlement system designated by ICE Clear Europe through which such shares are delivered, as detailed in the relevant List of Contract Details.
Scrip Dividend	a dividend payment where shareholders have the right to choose whether to receive a cash dividend or shares.
Shares	means, as the context requires, the relevant security, depository receipt or other such instrument which is the subject of the underlying of the relevant contract
Standard Lot Size	means the number of underlying shares in a contract or multiplier in case of futures based on indices falling within the description in Section 7.1 of this Policy Document, as specified in the relevant Contract Rules
Stock Dividend	a dividend payment made in the form of additional shares.
Trading Code	means the code under which the contract or class of contracts is trading on the Exchange
Underlying Currency Unit	means the currency of denomination of the underlying deliverable which is the subject of a lot

BACKGROUND

- 3.1 The publication of this Policy Document is intended to minimise uncertainty over the method of contract adjustment to be adopted by the Exchange when a company announces a Corporate Action and, consequently, to limit any unanticipated effect on contract prices when the Exchange thereafter announces its specific intentions on the contract adjustment.
- 3.2 The Exchange envisages that, in most situations, contracts will be adjusted in accordance with this Policy Document. However, it should be noted that in certain circumstances this may not be possible or appropriate, and the Exchange retains the right to determine how contracts should best be adjusted (if at all).
- 3.3 The Exchange will issue one or more Corporate Action Notices in respect of each Corporate Action where adjustment to an Option Contract or Futures Contract is required or expected under the terms of this Policy Document.

POLICY AND CONVENTIONS

4.1 APPLICATION OF ADJUSTMENTS

The methodology detailed in this Policy Document is based on the principle that, when the shares underlying an Option Contract (which has not been exercised) or a Futures Contract become ex-entitlement, contracts on such shares should be amended to reflect in economic terms (as far as practicable) a holding equivalent to the ex-entitlement shares and the Relevant Entitlement, and may be effected as follows:

- by altering the exercise prices of Option Contracts, creating Reference Prices for use as the basis for the determination of variation margin flow for Futures Contracts; and the Lot Size of the respective contracts; or
- by substituting the underlying shares in a proportion determined by the ex-entitlement holding with the new underlying shares; or
- by settling (closing) Option Contracts and Futures Contracts at their respective Fair Value.

Where the timing of a Corporate Action requires an adjustment to be made to Option Contracts or Futures Contracts prior to authorisation from shareholders, regulatory bodies or any other such party that has power to disqualify the Corporate Action, such adjustments will be made in order to maintain the contract's relationship with the underlying shares. Adjustments made in the above manner are irrevocable, irrespective of whether approval is or is not obtained.

4.2 ADJUSTMENT OF LOT SIZE

For Flexible Contracts, the lot size will only be adjusted for maturities with open interest.. For standard Single Stock Futures, standard Dividend Adjusted Single Stock Futures and standard Individual Equity Option Contracts, the lot size of all delivery months up to and including the furthest delivery month with open interest shall be adjusted by being divided by the ratio. Any subsequent strikes introduced in to a maturity that has been adjusted will inherit the adjusted lot size. . For Dividend Adjusted Single Stock Futures Contracts, the lot size of maturities will not be adjusted in the case of the Corporate Actions as described in Section 6.3.2.

4.3 ROUNDING

Where application of the Ratio Method results in an adjusted exercise price that is not equal to an eligible exercise price, the exercise price will be rounded to the nearest eligible exercise price, and in the event that the unrounded exercise price is exactly halfway between two eligible exercise prices, then it shall be rounded up to the next eligible exercise price.

When the Ratio Method is applied, the resultant Reference Price will be rounded to the nearest increment of the Minimum Price Movement, or to such number of decimal places determined and advised by the Exchange, and in the event that the unrounded Reference Price is exactly halfway between two eligible Reference Prices, then it shall be rounded up to the next eligible Reference Price.

Where the application of the Ratio Method results in a Lot Size which is not equal to an increment of one share, the adjusted Lot Size will be rounded, to the nearest whole share, and in the event that the unrounded Lot Size is exactly halfway between two eligible Lot Sizes, then it shall be rounded up to the next eligible Lot Size.

4.4 EQUALISATION PAYMENTS

For Option Contracts, an equalisation payment will be made to neutralise the effect observed due to rounding of the lot size as mentioned in Section 5.1. (as described in Appendix 2).

The equalisation payment amount will be determined by the Exchange and its transfer between clearing members arranged by the Clearing House.

4.5 NOTIFICATION OF CORPORATE ACTIONS

The Exchange will inform participants of Corporate Actions via publication of a Corporate Action Notice. A Corporate Action Notice will be published in respect of a Corporate Action when information made public by the company gives sufficient certainty of that company's intention to perform a Corporate Action. A Corporate Action Notice will detail the adjustment methodology the Exchange intends to apply, and the subsequent application of such adjustment, *ceteris paribus*.

Where necessary, at the close of business on the last day that a company's shares are trading cum-entitlement, the Exchange will publish a Corporate Action Notice confirming adjustments made to Option Contracts or Futures Contracts.

ADJUSTMENT METHODOLOGIES

Where adjustments to the terms of a contract are required under the terms of this Policy to cater for a Corporate Action, the Exchange shall use either of the Ratio Method or the Package Method, or substitute the underlying shares of a contract.

In cases where it is inappropriate or impossible to adjust contracts in line with the below methodologies, or in cases where the Corporate Action is an event other than those listed in section 6 of this Policy Document, the Exchange will have regard, as far as practicable, to the principle detailed in paragraph 4.1 above in determining the appropriate adjustment.

5.1 RATIO METHOD

Where the Ratio Method is used to make adjustments to Option Contracts and Futures Contracts, the Exchange will disclose the adjustment ratio if known or the equation necessary to calculate the ratio. The following conventions will apply for an application of the Ratio Method:

- The adjustment ratio shall be calculated by dividing the ex-entitlement holding (or value thereof) by the cum-entitlement holding (or value thereof), such that:

$$\text{Adjustment Ratio} = \frac{\text{Ex – entitlement holding}}{\text{Cum – entitlement holding}}$$

- The adjustment ratio will be rounded, using normal mathematical rounding conventions, to five decimal places.
- Application of the adjustment ratio with respect to exercise prices, the creation of Reference Prices, and Lot Sizes will be made with the rounded adjustment ratio.

For **Option Contracts** the ratio is used to alter the Lot Size (by dividing the lot size by the ratio) and the exercise price of each series (by multiplying the exercise price by the ratio). On exercise, Delivery Sellers are required to deliver the adjusted number of ex-entitlement shares in return for a consideration of the adjusted exercise price multiplied by the adjusted Lot Size.

Equalisation payments will be made for all **Option Contracts** to neutralise the effect observed due to rounding of the Lot Size (see section 4.5).

In the case of **Futures Contracts**, the ratio is used to alter the Lot Size (by dividing the Lot Size by the ratio) and to create the Reference Price of each contract (by multiplying the previous business day's Daily Settlement Price by the ratio). For Dividend Adjusted Single Stock Futures Contracts, the lot size of maturities will not be adjusted in the case of the Corporate Actions as described in section 6.3.2.

5.2 PACKAGE METHOD

The Package Method entails substituting the underlying shares in a contract with a package of the ex-entitlement shares and the proportionate number of entitlements.

In the case of **physical delivery Option Contracts**, on exercise, Delivery Sellers are required to deliver the ex-entitlement shares and the proportionate number of entitlements in consideration for the exercise price multiplied by the Lot Size. Fractions of shares will be settled in cash. No adjustment will be made to the lot size or exercise prices.

In the case of **cash settlement Option Contracts** on exercise, the EDSP will be determined by aggregating the components which form the package. Daily Settlement Prices will not be adjusted to create Reference Prices and no adjustment will be made to the lot size or to the Trading Code.

In the case of **cash settlement Futures Contracts**, the ex-event EDSP will be determined by aggregating the components which form the package. Daily Settlement Prices will not be adjusted to create Reference Prices and no adjustment will be made to the lot size or to the Trading Code.

On the Last Trading Day of **physical delivery Futures Contracts**, Delivery Sellers are required to deliver the number of ex-entitlement shares they have contracted to sell together with the proportionate number of entitlements. Fractions

of shares will be settled in cash. Daily Settlement Prices will not be adjusted to create Reference Prices and no adjustment will be made to the lot size or to the Trading Code.

In all cases, no new delivery months will be introduced where the Package Method has been applied.

Where an underlying share in a created package is itself subject to a corporate action for which the ratio method is applicable, the Exchange may adjust the number of the relevant shares in the package. No adjustment will be made to the lot size or exercise prices.

CORPORATE ACTION TYPES

The following section details the adjustment methodology the Exchange will apply to Option Contracts and Futures Contracts to determine what adjustments (if any) will be applied to cater for the following Corporate Actions:

- Bonus issues
- Stock splits and reverse stock splits
- Subdivision or consolidation of share capital
- Rights issues and open offers
- Dividends
- Demergers
- Liquidation
- Mergers and takeovers
- Share repurchases

As noted, the Exchange retains the right to determine how any particular Corporate Action will be reflected in contract adjustments. However, as a general rule, the following provides details of the methodology applied to cater for the above Corporate Actions.

In cases in which not all shareholders are entitled to the Relevant Entitlement, the Exchange will decide on a case by case basis whether an adjustment needs to be made. In doing so, the Exchange will have regard, as far as practicable, to the principle detailed in paragraph 4.1.

6.1 BONUS ISSUES, STOCK SPLITS, REVERSE STOCK SPLITS, SUBDIVISIONS OR CONSOLIDATIONS OF SHARE CAPITAL

The Ratio Method will be used to adjust Option Contracts and Futures Contracts to cater for a bonus issue, stock split, reverse stock split, subdivision or consolidation of share capital.

The ratio shall be constructed as follows:

$$\text{Adjustment Ratio} = \frac{(P - E) \times \left(\frac{O}{N} \right)}{P}$$

Where:

- | | | |
|---|---|---|
| P | = | The official closing price ¹ of the cum-entitlement share on the Relevant Stock Exchange |
| E | = | Value of the entitlement per share |
| O | = | Cum amount of shares (old) |
| N | = | Ex amount of shares (new) |

For bonus issues, stock splits, reverse stock splits, subdivisions or consolidations, P and E are irrelevant. Therefore the formula for the adjustment ratio for bonus issues, stock splits, reverse stock splits, subdivisions or consolidations simply reads:

$$\text{Adjustment Ratio} = \frac{O}{N}$$

¹ Or such other price as defined in the relevant Corporate Action Notice.

6.2 RIGHTS ISSUES AND OPEN OFFERS

The Ratio Method will be used to adjust Option and Futures Contracts to cater for rights issues and open offers. The adjustment ratio will be calculated by creating a ratio of the theoretical ex-entitlement share price to the cum-entitlement share price.

For the avoidance of doubt, the Exchange will make adjustments to Option Contracts and Futures Contracts where the entitlement issue creates an exclusive entitlement to existing shareholders, irrespective of the tradability of the entitlement. The Exchange will interpret a rights issue or an open offer to shareholders as a Corporate Action that creates an exclusive entitlement to shareholders, insofar that the entitlement has positive value.

Calculations of the value of the entitlement and the adjustment ratio for a straightforward issue are as follows:

Value of the Relevant Entitlement per share

$$E = \frac{(P - d - S)}{\left(\frac{h}{r} + x\right)}$$

Where:

E	=	Theoretical value of an entitlement
P	=	The official closing price ² of the cum-entitlement share on the Relevant Stock Exchange
S	=	Subscription price of one new share
d	=	Dividend to which new shareholders are not entitled
h	=	Number of existing shares specified as eligible for the entitlement
r	=	Number of new shares specified as the entitlement
x	=	1

Adjustment Ratio

$$\text{Adjustment Ratio} = \frac{(P - E)}{P}$$

The ratio will be applied to exercise prices of each series and Daily Settlement Prices as described in section 5.1 of this Policy, at the close of business on the last business day that the company's shares are trading cum-entitlement.

Where an entitlement issue entitles shareholders to take up securities that are not *pari passu* in all respects to those shares which derived the entitlement, or will not immediately convert into those shares, the Exchange may determine the value of the entitlement by means of a members' survey. The survey will be conducted on the last business day that the company's shares are trading cum-entitlement.

It should be noted that where a market auction facility is available on the Relevant Stock Exchange, the Exchange may, at its discretion, use the closing price of the rights from the market auction on the last cum-entitlement trading day to determine a theoretical ex-entitlement share price.

The Exchange will have regard, where possible, to any adjustment or valuation methodology applied to any index which the underlying share may be a constituent of, to cater for the event.

² Or such other price as defined in the relevant Corporate Action Notice

6.3 DIVIDENDS

6.3.1 ADJUSTMENT OF OPTION AND FUTURES CONTRACTS (EXCLUDING DIVIDEND ADJUSTED SSF CONTRACTS) IN THE CASE OF DIVIDENDS.

In the case of cash, stock or Scrip Dividends, Option Contracts and Futures Contracts (excluding Dividend Adjusted Single Stock Futures Contracts) will only be adjusted if these dividends are special. The Exchange will use the following criteria for deciding whether a dividend should be considered to be a special dividend:

- a. The declaration by a company of a dividend additional to those dividends declared as part of the company's normal results and dividend reporting cycle; merely an adjustment to the timing of the declaration of a company's expected dividend would not be considered as a special dividend circumstance; or
- b. The identification of an element of a dividend paid in line with a company's normal results and dividend reporting cycle as an element that is unambiguously additional to the company's normal payment.

For the purpose of clarification, the Exchange will not make adjustment for the following situations:

1. Payment of ordinary dividends, irrespective of how they are financed;
2. The issue of redeemable shares or any other entitlement in lieu of an ordinary dividend; or
3. An unexpected increase or decrease, resumption or cessation, or change in frequency to an ordinary dividend.

The Ratio Method will be used in making adjustments to Option Contracts and Futures Contracts to cater for special dividends, and shall be calculated as follows:

$$\text{Adjustment Ratio} = \frac{(P - Od - Ed)}{(P - Od)}$$

Where:

- P = The official closing price³ of the cum-entitlement share on the Relevant Stock Exchange.
- Od = Any ordinary dividend amount per share, to be paid to the shareholders as published by the issuer which has the same ex-date as Ed
- Ed = The special dividend amount per share to be paid to the shareholders as published by the issuer

6.3.2 ADJUSTMENT OF DIVIDEND ADJUSTED SINGLE STOCK FUTURES CONTRACTS IN THE CASE OF A DIVIDEND

In the case of cash, stock or Scrip Dividends, Dividend Adjusted Single Stock Futures Contracts will be adjusted, regardless of whether these dividends are ordinary or special dividends. The adjustment ratio outlined below will be used in making adjustments to Dividend Adjusted Single Stock Futures contracts to cater for dividends, and shall be calculated as follows:

$$\text{Adjustment Ratio} = \frac{(P - Od - Ed) \times \left(\frac{O}{N} \right)}{(P)}$$

Where:

- P = The official closing price⁴ of the cum-entitlement share on the Relevant Stock Exchange.
- Od = Any ordinary dividend amount per share, to be paid to the shareholders as published by the issuer

³ Or such other price as defined in the relevant Corporate Action Notice.

⁴ Or such other price as defined in the relevant Corporate Action Notice.

Ed	=	The special dividend amount per share to be paid to the shareholders as published by the issuer which has the same ex-date as Od
O	=	Cum amount of shares (old)
N	=	Ex amount of shares (new)

The Exchange shall adjust Dividend Adjusted Single Stock Futures Contracts for the dividend amount as declared by the company. In case of Scrip Dividends, the Exchange shall adjust Dividend Adjusted Single Stock Futures Contracts for the cash alternative.

Where an adjustment is made to Dividend Adjusted Single Stock Futures Contracts in relation to cash dividends and/or Scrip Dividends then the settlement price of the Dividend Adjusted Single Stock Futures shall be adjusted by being multiplied by the Adjustment Ratio, and no adjustments shall be made to the lot size.

For all other corporate action adjustments made to Dividend Adjusted Single Stock Futures Contracts, including Stock Dividends, both the Settlement price and the lot size are adjusted. For the avoidance of doubt, in the case of an adjustment for cash dividends and/or Scrip Dividends in combination with another type of Corporate Action as described in this Document, then both the Settlement price and the lot size of Dividend Adjusted Single Stock Futures Contracts shall be adjusted. In these cases, Settlement prices of Dividend Adjusted Single Stock Futures Contracts shall be adjusted by being multiplied by the Adjustment Ratio, and the lot size of Dividend Adjusted Single Stock Futures Contracts shall be adjusted by being divided by the Adjustment Ratio.

6.4 DEMERGERS

The Package Method will be used to cater for demergers where shares of the demerged company can be delivered and settled in a Relevant Settlement System and/or traded on a Relevant Stock Exchange and are denominated in the Relevant Currency of the Options and Futures Contract. If the shares of a demerged company cannot be delivered and settled in a Relevant Settlement System and/or traded on a Relevant Stock Exchange and are not denominated in the Relevant Currency of the Options and Futures Contract, as deemed by the Exchange, then the Ratio Method will be applied to Option Contracts and Futures Contracts.

The adjustment ratio will be calculated as follows:

$$\text{Adjustment Ratio} = \frac{(\text{Cum entitlement share price} - \text{value of demerged company per share})}{\text{Cum entitlement share price}}$$

In the case that a demerger results in the creation of two or more companies, shares of those demerged companies will be subject to the above conditions, such that if the shares of each demerged company cannot be delivered and settled in a Relevant Settlement System and/or traded on a Relevant Stock Exchange and are not denominated in the Relevant Currency of the Options and Futures Contract, then the Ratio Method will be applied to shares of those demerged companies, in their respective proportions.

In determining the value of a demerged company's shares for the purpose of applying the Ratio Method, the Exchange may conduct a members' survey on the last date which the company's shares are trading cum-entitlement. However, on or prior to this date, if the value of shares in the demerged company can be determined from market trading on any facility operated by the Relevant Stock Exchange, then this value will be used in place of a members' survey.

If the demerged company is already traded on an exchange designated by the Exchange, the Exchange may adjust the contracts in accordance with the ratio method.

6.5 LIQUIDATION

Where a company is delisted from its Relevant Stock Exchange as a consequence, amongst other things, of liquidation or bankruptcy, Option Contracts and Futures Contracts will be settled by the Exchange in a manner deemed to befit the circumstances at hand. The ascribed settlement price will also be applicable to cash settled contracts.

Where the underlying shares in question are suspended from trading but still transferable through the relevant settlement system, trading, exercise and settlement in the Option Contracts may still be allowed.

6.6 MERGERS AND TAKEOVERS

To cater for a merger or takeover, the Exchange will use the structure of the headline offer (“offer consideration”) to determine the adjustment methodology to apply to Option Contracts and Futures Contracts.

In general all takeover offers shall lead to the calculation of implied volatilities for the purpose of (a possible) Fair Value settlement as described in Appendix 1, whether the offer is in stock, or in cash or in a combination of both.

The Ratio Method will be applied where the offer consideration is **composed purely of shares** in another company. The Ratio Method will only be employed should the exchange deem that the shares which form the headline offer can be delivered and settled in a Relevant Settlement System and/or traded on a Relevant Stock Exchange and are denominated in the Relevant Currency of the Options and Futures Contract.

In applying the Ratio Method to substitute the underlying value of the Option Contracts and/or Futures Contracts the ratio will be calculated as follows:

$$\text{Adjustment Ratio} = \frac{x}{y}$$

Where y is equal to the number of shares offered under the headline offer for every x shares held in the underlying company. This ratio will be applied as described in section 5.1 of this Policy, such that the underlying shares of the contract will be substituted in the same proportion as determined by the headline offer, for the shares that form the offer consideration. Use of the Ratio Method will ensure Daily Settlement Prices and exercise prices are adjusted in line with the level of the new underlying shares. The Ratio Method will only be applied on cases where the new underlying shares that have resulted from the merger or takeover are denominated in the same currency as the Relevant Currency for the Options and Futures contracts. Where this is not the case, a Fair Value methodology will be employed.

If the Exchange deems that those shares which form the offer consideration cannot be delivered and settled in a Relevant Settlement System and/or traded on a Relevant Stock Exchange and are not denominated in the Relevant Currency of the Options and Futures Contract, then the open positions in the Option Contracts and Futures Contracts will be settled at their theoretical Fair Value (as described in Appendix 1).

Where the offer consideration is **composed purely of cash**, the open positions in the Option Contracts and Futures Contracts will be settled at their theoretical Fair Value (as described in Appendix 1).

Where the **offer is composed of both shares and cash**, and the exchange deems that the share element cannot be delivered and settled in a Relevant Settlement System and/or traded on a Relevant Stock Exchange and are not denominated in the Relevant Currency of the Options and Futures Contract, then all open positions in the Option Contracts and Futures Contracts will be settled at their theoretical Fair Value. If the share element can be delivered and settled in a Relevant Settlement System and/or traded on a Relevant Stock Exchange and are denominated in the Relevant Currency of the Options and Futures Contract, the exchange will deem whether Ratio Method may be applied, such that the resulting contracts would become contracts purely on the share element. In this case the ratio will be based on the share price of the company issuing the bid.

Generally the Exchange will seek to use the official closing price of the shares on the market where the company has its primary listing. However in cases where the company issuing the bid has its primary listing in a different time zone than the target company, the Exchange may use an official closing/opening price established on a secondary venue, use a **VWAP calculation** or use the EDSP calculation. Lastly, if the price of the share of the company issuing the bid is not available or cannot be determined at an appropriate time, the Exchange reserves the right to calculate the ratio on the basis of the share price of the target company.

In the circumstance that the cash element represents over 67% of the total offer consideration, the open positions in the Option Contracts and Futures Contracts will be settled at their theoretical Fair Value (as described in Appendix 1), and the Ratio Method will not be applied. For the avoidance of doubt, once the Exchange has determined the proportion of cash and made such announcement as to the type of adjustment methodology, the methodology will not then be changed simply due to share price movements affecting the proportion of cash.

$$\text{adjustment ratio} = \frac{(P_t - C) * \frac{O}{N}}{P_t}$$

$$P_t = C + (N * S)$$

Where:

P _t	=	Theoretical value of one share of the target company
N	=	Number of shares of the offeror received per share of the target company
O	=	1
C	=	Cash element of the offer per share held
S	=	Cum-event share price of the company that is issuing the offer (being the offeror)

Adjustments to Options and Futures Contracts will be made when a relevant offer is declared effective by the offeror and if the threshold of the majority of the outstanding shares (50% + 1) is met.

In the case of Tender Offers, whereby the relevant offer is a mandatory offer by law, the Exchange will use a threshold of 75% of the outstanding shares to determine whether the relevant offer is effective.

6.7 SHARE REPURCHASES

The Exchange will generally treat instances where a company repurchases its own shares in the market as a non-adjustable event. However, on occasions where a company makes an offer for its own shares at a premium to the prevailing market price, and where shareholders have equal opportunity to participate in the offer, the Exchange may, where practical, deem the share repurchase as an adjustable event.

6.8 SUSPENSION AND DELISTING

Where a company is suspended or delisted from its Relevant Stock Exchange and, as a consequence, the underlying Share is no longer deliverable via a Relevant Settlement System, the Exchange shall use the Fair Value method to settle the open positions in the Option Contracts and Futures Contracts as described in Appendix 1, whereby the determination of the implied volatilities for the purpose of settlement of the Options at fair value shall be based on the settlement prices of the relevant Options series over a ten business day period preceding the suspension and / or delisting.

6.9 SPECIAL CIRCUMSTANCES

If the underlying Share of the Options and/or Futures is no longer tradable and/or deliverable due to circumstances not described in the Corporate Actions Policy, the Exchange will decide on a case by case basis what the consequences for the Options and/or Futures will be, and will inform the regulator at the same time as issuing a Corporate Action Notice.

SPECIAL PRODUCTS ADMITTED TO TRADING ON ICE FUTURES EUROPE

7.1 INDEX FUTURES

In the event that an Index contains only one single stock and this stock will be removed from the Index without being replaced by another stock or if this single stock is subject to a takeover or delisting, the Exchange will settle the Future against the theoretical Fair Value and in accordance with Appendix 1.

In the event that an Index contains only a single stock which becomes subject to liquidation, the Exchange will settle the Index Future according to the intrinsic value. In this case, the last known price of the relevant Index shall be taken into account to calculate the theoretical settlement of this Future.

APPENDIX 1: CALCULATION OF FAIR VALUE

The Fair Values of Options and Futures contracts are calculated on the effective date (for reference see Section 6.6).

A.1.1 OPTION CONTRACTS⁵

For the purpose of settling Option Contracts at fair value, the Exchange will use the trinomial valuation model. The method will be the same used to produce daily settlement prices for Option Contracts.

The Exchange reserves the right, in special circumstances, to consult a panel of market parties and independent experts instead of using the fair value method described below.

Determination of implied volatility

The option valuation model takes several factors into account, including the volatility of the option, interest and future dividends. For the purpose of settling Options Contracts at fair value, the Exchange will use an average implied volatility based on the settlement prices of the relevant Options series over a ten trading day period preceding the announcement of the takeover bid⁶.

For each day of the ten day period an implied volatility is determined for each series based on:

- The settlement price of each series⁷
- The underlying share price at the time of the settlement price calculation

Subsequently, the average of each series implied volatility over the 10 day period is calculated, excluding the lowest and the highest implied volatility observation of that series over the ten day period⁸.

Once determined these implied volatilities are fixed until the moment of settlement, regardless of any changes in the price of the underlying share in the intervening period.

If during the course of a takeover the offeror increases the offer consideration or makes any other change to the respective offer (such as extending the acceptance period), new implied volatilities will not be calculated. In addition, should a counter bid be launched by another company whilst a bid is still active (i.e. has not expired or been withdrawn), then the implied volatilities, calculated as described above and in relation to the initial bid, will be used if the counter bid should be declared effective.

In the case where no strikes or Open Interest exist at the time the implied volatility calculations are made, one 'fixed implied volatility' will be set. This volatility figure will be used for all series introduced after the announcement of the 'fixed implied volatility'.

For strikes and expiries introduced after the implied volatilities have been calculated:

The implied volatility of the highest existing strike in an expiry month will be used for all higher strikes

The implied volatility of the lowest existing strike in an expiry month will be used for all lower strikes

The implied volatility will be interpolated for a strike introduced between existing strikes

The implied volatility of the nearest preceding expiry will be used for a new expiry in between existing expiries

The implied volatility of the furthest existing expiry will be used for any new further dated expiries

At the time of the announcement the Exchange will determine whether any further expiry months shall be listed.

⁵ Amended 16 March 2016

⁶ For the purpose of this policy, a bid is deemed to be announced as soon as a firm price has been mentioned by the company issuing the bid. This could be an intended bid.

⁷ If the settlement price of any series is lower than the lowest possible theoretical price of that series, then the implied volatility will be based on the lowest possible theoretical price. For the purpose of determining implied volatilities, the lowest possible theoretical price is deemed to be the intrinsic value, corrected to take into account interest and future dividend payments.

⁸ If an option has been listed for less than ten trading days at the time that its implied volatility is determined, the implied volatility will be calculated on the basis of the days it has been listed. In addition, if the option has been listed for less than seven trading days, the lowest and highest implied volatility will not be excluded.

Calculation of fair value

The trinomial model is used to calculate the fair value of an Option. The trinomial method sets up a matrix of possible underlying prices during the lifetime of the option, based on a given starting price, where each node has three possible paths (up, down, middle). The underlying price movements for up, down, middle are:

$$\begin{aligned} u &= e^{2\sigma\sqrt{\frac{\Delta t}{2}}} \\ d &= \frac{1}{u} \\ m &= 1 \end{aligned}$$

The corresponding probabilities are:

$$\begin{aligned} P_i^{[u]} &= DF_i^2 \\ P_i^{[d]} &= (1 - DF_i)^2 \\ P_i^{[m]} &= 2 \times DF_i \times (1 - DF_i) = 1 - P_i^{[u]} - P_i^{[d]} \end{aligned}$$

Where:

$$DF_i = \frac{(e^{b\frac{\Delta t}{2}} - e^{-\sigma\sqrt{\frac{\Delta t}{2}}})}{(e^{\sigma\sqrt{\frac{\Delta t}{2}}} - e^{-\sigma\sqrt{\frac{\Delta t}{2}}})}$$

b = interpolated interest rate minus dividend yield

σ = underlying volatility

t = time to expiry

Before a matrix of underlying prices can be constructed, the starting price has to be adjusted to take account of dividends that will be paid out during the lifetime of the option. This is done by subtracting the discounted cash value of all the expected dividends over the lifetime of the option from the starting price.

$$S = Z - \sum_{i=1}^m D_i e^{-rt_i}$$

- D_i = Dividends amounts published by Markit Dividends^{9,10} where the ex-date is during the option lifetime
- m = Number of dividends paid out during the option's lifetime
- r = Interest rate over the option's lifetime¹¹
- S = Share price, adjusted to take dividends into account¹²

⁹ If the information available on Markit Dividends is not sufficient then the Exchange may extrapolate these forecasted dividends, if there is no information available on Markit Dividends then the Exchange may use historical dividends and/or forecasted dividends from different information sources and extrapolate these when necessary.

¹⁰ The data provided by Markit is on "as if" basis and neither Markit, its affiliates nor any other person or entity that has participated in any respect in the development or collection of the data makes any warranty, express or implied, as to the accuracy, timeliness or completeness of the data or as to the results to be attained from the use of the data. There are no express or implied terms of merchantability or fitness for a particular purpose or use, and no reliance shall be placed upon any warranty, guaranty or representation made by Markit, its affiliates or any data provider. The data shall not be used, copied, redistributed or transferred without the appropriate license from Markit.

¹¹ For the purpose of the Fair Value Method, Interest Rates from the source defined in the relevant Corporate Action Notice shall be used. The interest rate for the relevant expiry date shall be determined by linear interpolation of the two nearest relevant available Interest Rates.

¹² In the case of an offer as described in section 6.6, the share price will represent either a cash only offer price or, in the case of a share only or mixed offer, the value of the offer determined by the Exchange.¹³ For the purpose of the Fair Value Method, Interest Rates from the source defined in the relevant Corporate Action Notice shall be used. The interest rate for the relevant expiry date shall be determined by linear interpolation of the two nearest relevant available Interest Rates.

Z = Starting price of the share
 t_i = Time remaining until dividend payment (in years)

A.1.2 CALCULATION OF THE THEORETICAL VALUE FOR FUTURES

The Exchange will use the following model for the purpose of settling Futures Contracts at theoretical value.

Step 1: Adjustment of the price of the underlying security for future dividend flow

For futures, the price of the underlying security has to be adjusted for future dividends paid out during the remaining life time of the Futures Contract. Future dividends will be determined by Markit.

$$D^* = \sum_{i=1}^n D_i e^{-rt_i}$$

Where:

D_i = Dividends that are ex-entitlement in period i
 D^* = Present value of the future dividends during the remaining life of the Futures Contract
 r = Interest rate for the remaining life of the future¹³
 t_i = The time to payment of a dividend divided by 365
 n = Total number of all dividend payable in period i during the remaining life of the Futures Contract

Step 2: Calculation of the futures price

$$F = (S - D^*) e^{r(T-t)}$$

Where:

F = The futures price
 S = The share price¹⁴
 $T-t$ = The remaining life of the Futures Contract¹⁵
 r = Interest rate for the remaining life of the Futures Contract¹⁶
 D^* = Present value of the future dividends during the remaining life of the Futures Contract

¹³ For the purpose of the Fair Value Method, Interest Rates from the source defined in the relevant Corporate Action Notice shall be used. The interest rate for the relevant expiry date shall be determined by linear interpolation of the two nearest relevant available Interest Rates.

¹⁴ In the case of an offer as described in section 6.6 the share price will represent either a cash only offer price or, in the case of a share only or mixed offer, the value of the offer determined by the Exchange

¹⁵ For the purpose of the Fair Value Method, Interest Rates from the source defined in the relevant Corporate Action Notice shall be used. The interest rate for the relevant expiry date shall be determined by linear interpolation of the two nearest relevant available Interest Rates

¹⁶ For the purpose of the Fair Value Method, Interest Rates from the source defined in the relevant Corporate Action Notice shall be used. The interest rate for the relevant expiry date shall be determined by linear interpolation of the two nearest relevant available Interest Rates.

A.1.3 CALCULATION OF THE THEORETICAL FAIR VALUE FOR INDEX FUTURES

Pursuant to Section 7.1 of this Policy Document, the Exchange will use the following model for the purpose of settling Futures Contracts based on Indices at theoretical Fair Value.

Step 1: Adjustment of the price of the underlying security for future dividend flow

For futures, the price of the underlying security has to be adjusted for future dividends paid out during the remaining life time of the Futures Contract. Future dividends will be determined by Markit Dividends and will be converted into Index points

$$D^* = \sum_{i=1}^n D_i e^{-rt_i}$$

Where:

D_i	=	Dividends that are ex-entitlement in period i
D^*	=	Present value of the future dividends during the remaining life of the Futures Contract
R	=	Interest rate for the remaining life of the Futures Contract, expressed, for example as 0.03 for 3% ¹⁰
t_i	=	The time to payment of a dividend divided by 365
n	=	Total number of all dividends payable during the remaining life of the Futures Contract

Step 2: Calculation of the futures price

$$F = (S - D^*)e^{r(T-t)}$$

F	=	The futures price
S	=	The last known price of the Index
$T-t$	=	The remaining life of the Futures Contract, expressed in years
r	=	Interest rate for the remaining life of the Futures Contract, expressed, for example as 0.03 for 3% ¹¹
D^*	=	Present value of the future dividends during the remaining life of the Futures Contract

A.1.4 CALCULATION OF THE THEORETICAL VALUE FOR DIVIDEND ADJUSTED SINGLE STOCK FUTURES CONTRACTS

The Exchange will use the following model for the purpose of settling Dividend Adjusted Single Stock Futures Contracts at theoretical value.

Calculation of the futures price:

$$F = (S)e^{r(T-t)}$$

Where:

- F = The futures price
- S = The share price¹⁷
- T-t = The remaining life of the Futures Contract¹⁸
- r = Interest rate for the remaining life of the Futures Contract¹⁹

¹⁷ In the case of an offer as described in section 6.6 the share price will represent either a cash only offer price or, in the case of a share only or mixed offer, the value of the offer determined by the Exchange

¹⁸ For the purpose of the Fair Value Method, Interest Rates from the source defined in the relevant Corporate Action Notice shall be used. The interest rate for the relevant expiry date shall be determined by linear interpolation of the two nearest relevant available Interest Rates

¹⁹ For the purpose of the Fair Value Method, Interest Rates from the source defined in the relevant Corporate Action Notice shall be used. The interest rate for the relevant expiry date shall be determined by linear interpolation of the two nearest relevant available Interest Rates.

APPENDIX 2: EQUALISATION PAYMENTS

A.2.1 EQUALISATION PAYMENT AND THE RATIO METHOD

In the case that an equalisation payment is made necessary under this Policy Document, the Ratio Method will be applied in the following manner (as described in section 5.1):

1. The exercise prices (K) will be multiplied by the ratio to create the adjusted exercise prices (K1), rounded as described in section 4.3.
2. The Lot Size (Q) will be divided by the ratio to create the new Lot Size (Q1) which will be rounded to the nearest whole share (Q2) as described in section 4.3.

A.2.2 EQUALISATION PAYMENT CALCULATION

1. The settlement price of the modified series (c) must be equal to the ratio (R) multiplied by the settlement price of the unadjusted series.
2. The theoretical position has to be preserved post an adjustment, such that:

$$Q1 \times K1 = Q \times K$$

However, as the new Lot Size is rounded to the nearest whole share (Q2), this relationship will not always hold true, so that, where rounding has occurred:

$$Q2 \times K1 \neq Q \times K$$

The variation (V) of a position (expressed as a percentage) is thus:

$$V = \frac{(Q2 \times R) - Q}{Q}$$

3. The equalisation payment (S) for each series is calculated as follows:

$$S = c \times V \times Q$$

Where:

- | | | |
|---|---|---|
| c | = | Series settlement price of the previous day |
| V | = | The Variation of a position (expressed as a percentage) |
| Q | = | The Lot Size before the corporate action |

4. If $S < 0$, then option buyers will receive S. If $S > 0$, then option sellers will receive S.

DISCLAIMER

ICE Futures Europe (ICE) is a Recognised Investment Exchange under the Financial Services and Markets Act 2000. SCHEDULE OF COMMON OFFENCES

MARKET AND TRADING CONDUCT [DELETED 16 NOVEMBER 2016]¹

DELIVERY CONDUCT

Category 1: Serious Offences ²

Category 2: Intermediate Offences ³

Category 3: Summary Offences ⁴

¹ Deleted 16 November 2016

² Amended 23 September 2003, 25 October 2005, 5 January 2015

³ Amended 19 August 1999

⁴ Amended 1 February 2001, 25 October 2005, Launch of ICE Clear 2008

CATEGORY 1 - DELIVERY CONDUCT⁵
SERIOUS OFFENCES

No	Rule	Offences	\$
1.1	Seller's Obligations under Exchange Contract Rules	<p>Failure by the seller to comply with its obligations under the relevant Contract Rules, subject to any default of the buyer, to deliver product in accordance with the Rules.</p> <p>Failure by the seller to comply with its obligations under the relevant Contract Rules, to ensure that product is on delivery of the quality and quantity required by the Contract Rules</p>	1% of contract value, minimum \$1,000, or referral to the ARC
1.2	Buyer's Obligations under Exchange Contract Rules	Failure by the buyer to comply with its obligations under the relevant Contract Rules, subject to any default of the seller, to take delivery of product in accordance with the Rules	1% of contract value, minimum \$1,000, or referral to the ARC

CATEGORY 1 - DELIVERY CONDUCT ⁶
GUIDANCE NOTES

- The offence will be reported by the Delivery Committee to the Compliance Officer who will, depending on the circumstances, impose a fine of 1% of contract value (minimum \$1,000) or refer the matter to the Authorisation, Rules and Conduct Committee (ARC). The ARC may, without prejudice to any other of its powers: (1) impose a fine of 1% of contract value (minimum \$1,000) on the Member; such imposition of fixed fine shall be treated as if it were a summary determination of the Authorisation, Rules and Conduct Committee; and/or (2) take any action under one or more of Rules E.3.8(a), (b), (c), (e), (f), or (g).
- The provision for the appeal of such fine or any action taken is set out in Rule E.10.

CATEGORY 3 - DELIVERY CONDUCT⁹
SUMMARY OFFENCES

No	Rule	Offences	Each offence £
3.2	K. 2	Failure by the seller to deliver a tender (Sellers Notice of Tender) to the Clearing House in accordance with the Rule	100
3.3	K.5	Failure by the buyer to give to the seller or the Clearing House a nomination of delivery range in accordance with the Rule	100
3.4	K.5	Failure by the buyer, where his client is a non-registered trader, to provide a certificate from the tax authorities of the member state of destination that payment of excise duty has been made	100
3.5	K.5	Failure of the seller to give to the buyer or the Clearing House notice of acceptance or rejection of the delivery ranges in accordance with this Rule	100
3.6	K.5	Failure by the seller to provide evidence from the installation in accordance with the rule in the event of rejection of the delivery range	100
3.7	K.5	Failure by the buyer to give to the seller or the Clearing House notice of a second delivery range in accordance with this Rule	100
3.8	K.6	Failure by the seller to give to the buyer or the Clearing House notice of the Installation in accordance with this Rule	100
3.9	K.7	Failure by the buyer to give to the seller or the Clearing House notice of the delivery day and other specified information in accordance with this Rule	100
3.10	K.7	Failure by the seller to give to the buyer or the Clearing House notice of any rejection of the nomination of the delivery day in accordance with this Rule	100
3.11	K.8	Failure by the buyer to give to the seller or the Clearing House notice of the two inspectors proposed by the buyer in accordance with this Rule	100
3.12	K.8	Failure by the seller to notify the buyer, Clearing House and the Exchange of his reasons of the objections to the proposed inspectors in accordance with this Rule	100
3.13	K.11	Failure by the seller to lodge with the Clearing House any document in accordance with this Rule	100

⁹ Amended 19 August 1999; November 1999 delivery; 8 February 2000, 23 September 2003, Launch of ICE Clear 2008

CATEGORY 3 - DELIVERY CONDUCT GUIDANCE NOTES

1. The fine of £100 is in respect of each offence of late notification in a delivery month
2. The offence will be reported by the Clearing House to the Compliance Officer who will enquire into the circumstances of the case. He will then serve on the offender a demand in writing for payment or, pursuant to Rule E.10, refer the matter to the Authorisation, Rules and Conduct Committee.
3. An offender may appeal in accordance with Rule E.10 (d) (iii) or (iv) as appropriate. If the offender does so, the demand will not take effect unless and until the appeal has failed.
4. If the offender does not appeal, the offender must pay the fine within 7 days of service of the demand.
5. Payment must be made to the accounts department of the Exchange.
6. In these and all other Guidance Notes, a reference to the Compliance Officer includes a reference to his duly appointed deputy.
