

## Rent Allowances for ICE Nominated Warehousekeepers for the Storage of London Cocoa and Euro Cocoa

The following table sets out the Delivery Warehousekeeper Rents per Port - Effective 01 May 2022 to 31 May 2023.

The table also advises the Global Average Rent for the period and details the Rent Allowance Adjustment applicable to each ICE Nominated Warehousekeeper in each Port for an illustrative two-month period from and including the expiry month.

As per Rule EEEE.6 of the London Cocoa and Euro Cocoa Futures Contracts:

"For contract months from and including December 2021, the Seller's invoicing amount shall be adjusted by a Rent Allowance calculated in accordance with formula:

**Global Average Warehousekeeper Rent minus Delivery Warehousekeeper's Rent multiplied by two or three (representing two or three calendar months of rent, calculated as the period from the expiry Delivery Month to the next Delivery Month).**

**Accordingly, an individual Warehousekeeper Rent that is more expensive than the Global Average Warehousekeeper Rent results in a reduction in the Seller's invoicing amount, and an individual Warehousekeeper Rent which is less expensive than the Global Average Warehousekeeper Rent results in an increase in the Seller's invoicing amount."**

\* Currency conversions have been calculated as of 01 February 2022 based on the 20 day average.
