Failure to provide additional Eligible Collateral Support when required may result in the liquidation of a position reflected by any Transaction. Under certain market conditions, it may be difficult or impossible to liquidate a position. The use of leverage can lead to large losses as well as gains. ## ARTICLE 3 – GENERAL

### 3.1 Application, Participation and Access

- a. **Application** – An Applicant shall submit a completed Application with Exchange for consideration to become a Contracting Party. Exchange shall review the Application to determine whether the Applicant meets Exchange’s requirements under this Agreement. Exchange may impose any limitations on the Applicant that it deems necessary or appropriate in order to protect the security and integrity of Exchange.
- b. **Exchange May Decline** – Exchange may decline an Application if, after having regard to such factors as Exchange considers relevant including, without limitation, the past or present conduct, business or condition of the applicant or any of its directors, senior officers or holders of a significant equity interest, or Exchange is of the opinion that (i) the Applicant will not comply with this Agreement; (ii) the Applicant is not qualified by reason of integrity; or (iii) the Applicant may not, because of the Applicant’s financial situation or for any other reason, be able to satisfy its Obligations to Exchange; or (iv) such acceptance is otherwise not in the public interest.
- c. **Written Grounds for Declining** – If the Application is declined, Exchange shall provide the Applicant with a written notice that the Application has been declined including a statement setting out the grounds upon which the Application has been declined.
- d. **Opportunity to be Heard** – Each of the following shall be entitled, upon written request filed with Exchange within fifteen (15) calendar days of receipt of written notice of the relevant decision by Exchange described below, to a hearing before a Participation and Access Hearing Panel:
  - (i) an Applicant whose Application is declined;
  - (ii) a Contracting Party whose membership is suspended by Exchange;
  - (iii) a Contracting Party whose membership is terminated by Exchange;

For the avoidance of doubt, the right to a hearing before a Participation and Access Hearing Panel in no way restricts or postpones Exchange’s authority and power to cause a Contracting Party Suspension and/or termination, or to effect the Close-out Procedure and/or the Liquidation Procedure with respect to the Contracting Party’s Transactions.

- e. **Waiver of Opportunity to be Heard** – Failure of the Applicant or the Contracting Party, as applicable, to request a hearing within fifteen (15) days of receipt of the written notice referred to in Section 3.1, except where proven for good cause, shall be deemed to be a waiver of the right to a hearing.
- f. **Participation and Access Hearing Procedures** – A Participation and Access Hearing will be conducted by a Participation and Access Hearing Panel in accordance with Exchange’s Participation and Access Hearing procedures, as amended from time to time. An Applicant or Contracting Party, as applicable, will be entitled to be represented by counsel and to present documentary evidence. No formal rules of evidence shall apply, and the Participation and Access Hearing Panel shall be entitled to accept or reject any evidence it considers proper.
- g. **Decisions of the Participation and Access Hearing Panel** – The Participation and Access Hearing Panel may recommend to confirm, vary or reverse the decision by Exchange, provided that the Participation and Access Hearing Panel may not recommend to reverse or vary a decision if the Applicant or Contracting Party, as applicable, does not satisfy the Minimum Qualification Requirement. A written decision setting out the Participation and Access Hearing Panel’s reasons for decision will be provided to the Applicant.

- h. Participation and Access Hearing Panel Decision is Final – A decision of the Participation and Access Hearing Panel is final. Notwithstanding all of the above, a decision by the Participation and Access Hearing Panel does not restrict Exchange’s authority and discretion to impose any limitations or conditions on the Applicant or Contracting Party, as applicable, that Exchange determines, in its absolute discretion, necessary or appropriate to protect the security and integrity of Exchange.

### **3.2 Agreements of the Contracting Party**

- a. Data – The Contracting Party acknowledges and agrees that the Trade Data shall be the non-exclusive property of the Exchange or its affiliates and the Contracting Party, and that each party shall have the right to use, sell, retransmit or redistribute such Trade Data in accordance with and subject to the provisions of Sections 3.2 and 3.4. The Contracting Party further acknowledges and agrees that as between the Contracting Party and the Exchange or its affiliates, the ICE NGX Data Products shall be the exclusive property of the Exchange or its affiliates to use as it deems fit, and except as expressly set forth in this Agreement, the Contracting Party shall have no rights to use such ICE NGX Data Products without the Exchange’s or its affiliates prior written consent.
- b. Indemnity – The Contracting Party agrees to protect, defend, hold harmless and indemnify the Exchange and/or its affiliates from and against all claims, damages, liabilities, losses and expenses for any use of the ICE NGX Data Products by the Contracting Party, or any use of the Trade Data by the Exchange or its affiliates.
- c. The Authorized Users will access and use the ICE NGX Data Products exclusively for the Contracting Party’s own internal business activities. The Contracting Party will not permit any of its employees other than Authorized Users to access the ICE NGX Data Products without the express written consent of ICE Data. The Contracting Party will not, and will not permit any of its employees to, copy, modify, reverse engineer, reverse assemble or reverse compile the ICE NGX Data Products. The Contracting Party will not, and will not permit any of its employees to, distribute, rent, sell, retransmit, redistribute, release or license the ICE NGX Data Products, or any part thereof, to any third party. The Contracting Party will not, and will not permit any of its employees to, communicate (orally, in writing, electronically or otherwise), redistribute, or otherwise furnish, or permit to be communicated, redistributed or otherwise furnished, all or any portion of the ICE NGX Data Products, in any format, to any third party or any person other than the Authorized Users. The Contracting Party will not, and will not permit any of its employees to, archive ICE NGX Data Products, use or co-mingle ICE NGX Data Products or permit ICE NGX Data Products to be used or co-mingled in constructing or calculating the value of any other price reference or data, index or indexed products other than for internal purposes only.
- d. Transfer trades –
  - (i) Upon written request, Exchange in its discretion may permit the transfer and novation of a position, contract, agreement or transaction for the account of a Contracting Party as a result of a merger, asset purchase, consolidation, business alliance, or similar non-recurring transaction, arrangement or agreement between Exchange and an entity that has the legal authority to effectuate the transfer of the position, contract, agreement or transaction to Exchange.
  - (ii) Such transfers will take place at the same prices that appear on the books of the transferring entity and the transfer records must indicate the date when the original trade was made.
  - (iii) Each Contracting Party affected by the transfer shall comply in all respects with any statement of policy or other notice issued by the Exchange relating to the procedures and

processes that must be followed to effectuate the transfer and novation of open positions to Exchange.

- (iv) The parties to the transfer must retain all records related to the transfer for a period of five years.
- e. **Record Keeping** – The Contracting Party shall maintain all documents and records directly related to Transactions executed on or subject to the rules of the Exchange, and any activity in underlying commodities and related cash and derivatives markets, in such manner and form and at such times as may be prescribed by Exchange, Exchange’s regulators or Contracting Party’s regulator. The Contracting Party agrees to provide copies, if requested, of its documents and records directly related to such activities and agrees to cause a person under the control or direction of the Contracting Party who is reasonably knowledgeable in respect of the activities of the Contracting Party under this Agreement to be available by phone or at the offices of Exchange in Calgary at a reasonable time and for a reasonable period in respect of any such activities.
- f. **Designated Persons** – The Contracting Party hereby agrees to designate a person as Administrator (and an alternate person if desirable) by notice in writing by email to Exchange from time to time, who will be authorized to and shall inform Exchange (and, if the Contracting Party has, or intends to have access to the ICE Trading Platform, ICE) as to which individuals (“Authorized Representatives”) shall have access to the ICE NGX Trading System and/or ICE NGX Clearing System (the “access notices”), including (without limitation) for the purpose of entering into Transactions, and hereby agrees that Exchange will be entitled to rely without further inquiry on such access notices provided, whether such access notices are delivered directly to Exchange or indirectly through ICE, including (without limitation) with respect to Off-Exchange Transactions submitted to Exchange pursuant to Section 3.2 by Authorized Representatives or their Off-Exchange Broker Representatives, if applicable. The Contracting Party hereby accepts all responsibility for all actions of, or liabilities and Obligations incurred under this Agreement by Authorized Representatives (and by Off-Exchange Broker Representatives under Section 3.2) and indemnifies Exchange for any Proceedings that may be commenced against Exchange by Authorized Representatives. In the event that the Administrator wishes to cancel the user-id of any person having access to the ICE NGX Trading System and ICE NGX Clearing System, the Administrator shall contact ICE NGX (and, if the Contracting Party has access to the ICE Trading Platform, ICE) by telephone as to any such cancellation and confirm such cancellation in writing by email. Exchange shall have no obligation to inquire about or confirm the authorization of Off-Exchange Broker Representatives by Authorized Representatives under any circumstances.
- g. **Confidentiality** –
  - (i) The Contracting Party agrees to keep strictly confidential any and all non-public information, received from Exchange from time to time, including business, financial and strategic information in respect of, Exchange and any of its affiliates.
  - (ii) The Contracting Party agrees to keep strictly confidential any training manuals and technical and operating information in respect of Exchange and any of its affiliates, the ICE NGX Trading System and the ICE NGX Clearing System, and that such information will remain the sole and exclusive property of Exchange.
  - (iii) The Contracting Party agrees to use any material or information referred to in paragraph (i) or (ii) only for the purposes contemplated by this Agreement, and to not copy or reproduce such information by any means whatsoever or provide or otherwise make available the whole or any portion of such information to any person in any form except to its officers, directors, employees, agents and to its consultants for the purposes contemplated by this Agreement.

- (iv) The Contracting Party may use any information in respect of the market created through the Contracting Party's access to the ICE NGX Trading System and ICE NGX Clearing System for its business purposes but to the extent that the information was not furnished by or does not relate solely to the Contracting Party, it may not publish or otherwise disclose such information publicly.
  - (v) Nothing in this Section 3.2 shall restrict the Contracting Party or any affiliate of a Contracting Party from compliance with any law, regulation or governmental authority applicable to such Contracting Party or affiliate of a Contracting Party requiring disclosure, or require that any such information which is in the public domain or acquired from a third party who is not under any obligation of confidentiality or secrecy to Exchange or independently developed by such Contracting Party, be kept confidential and secret by any Contracting Party.
- h. Exchange of Futures For Related Product Transactions ("EFRP Transactions" or "Exchange of Futures for Related Product Transactions") between two Contracting Parties (the "Off-Exchange Principals"), which involve Financially or Physically Settled Futures Transaction positions and a related position not executed on the ICE NGX Trading System with respect to physical natural gas transactions (including Forward Transactions executed on the ICE Trading Platform), physical power transactions and Option Transactions on the foregoing and Swap transactions or options thereon; or Forward Transactions in Canadian natural gas or Physical Power executed on the ICE NGX Trading System (together "Off-Exchange Transactions"), may be submitted to Exchange in accordance with this Section 3.2.
- (i) Submission of trade details of an EFRP Transaction may be made by an Off-Exchange Broker Representative or by the Off-Exchange Principals through ICEBlock or by providing verbal, instant messaging or email instructions to Exchange ("Verbal Instructions").
  - (ii) In submitting a transaction to Exchange under this Section 3.2 for clearing, the Off-Exchange Principals to that transaction (whether submitted directly or through an Off-Exchange Broker Representative) shall be deemed to have mutually agreed to submit the transaction to Exchange for clearing via Section 3.2 and for such transaction (which constitutes a buy Transaction and a sell Transaction in the applicable Product, referred to herein as "EFRP Cleared Futures Transactions") to be governed entirely by the terms and conditions of this Agreement as a Financially or Physically Settled Futures Transaction. Exchange takes no responsibility and shall have no liability for any agreement between Off-Exchange Principals with respect to any Off-Exchange Transaction. Off-Exchange Principals submitting EFRP Transactions directly through Verbal Instructions thereby designate Exchange as agent for the purpose of carrying out such Verbal Instructions and agree to be bound by any acts of Exchange in carrying out such instructions.
  - (iii) The Off-Exchange Principals shall be exclusively responsible for accurately submitting the details of an EFRP Transaction to Exchange whether submitted directly or through an Off-Exchange Broker Representative. Contracting Parties to any EFRP Transaction must maintain all documents relevant to the EFRP Transaction and related positions, including all documents customarily generated in accordance with cash or other relevant market practices. Once submitted (whether through ICEBlock or Verbal Instructions), an Off-Exchange Principal or Off-Exchange Broker Representative (if applicable) shall not be entitled to unilaterally reject the trade terms submitted for an EFRP Cleared Futures Transaction to Exchange, and such EFRP Cleared Futures Transactions shall be deemed final and binding in accordance with the terms of this Agreement subject to (A) any trade in error cancellation in an ICE NGX Product, (B) receipt by Exchange of an ICEBlock Error Notice, or (C) Exchange voiding the transaction in accordance with this Agreement.

- (iv) The Exchange shall rely on the characterization by the Off-Exchange Principals or their agents of any Off-Exchange Transaction submitted as the related product of an EFRP Transaction as being in a Forward Product, a spot product, or a Swap.
  - (v) In addition to any other rights Exchange has under this Agreement, Exchange may, in its sole discretion, for legal, regulatory, operational or similar reasons, including (without limitation) to maintain the integrity of Exchange, reject an EFRP Transaction submitted to Exchange (whether submitted through ICEBlock or Verbal Instructions) as soon as technologically practicable of the time of the initial submission to Exchange, in which case Exchange or ICE shall notify the Off-Exchange Principals that the transaction has been rejected and any applicable EFRP Cleared Futures Transactions shall be considered null and void with no further obligations or liability of Exchange.
  - (vi) In addition to the limitations on liability set forth in Section 5.8, Contracting Party acknowledges and agrees that Exchange shall have no responsibility or liability whatsoever for any errors or inaccuracies of any EFRP Transaction information submitted to Exchange, whether through ICEBlock or Verbal Instructions including, without limitation, for any ICEBlock or ICE system errors, delays, outages, inaccuracies, ICEBlock Error Notices, or any acts or omissions of ICE or Exchange with respect to such EFRP Transactions. Contracting Parties, including Off-Exchange Principals, acknowledge and agree that their sole recourse or remedy with respect to EFRP Transactions is limited to the pursuit of private remedies available under existing law as between the Off-Exchange Principals and any Off-Exchange Broker Representatives.
- i. Block Transactions –
- (i) Block Transactions between two Contracting Parties (each acting for itself or through its agent) may be effected through the ICEBlock electronic trading facility, by telephonic means as provided by the Exchange or through such other method or media as permitted by the Exchange, rather than on the ICE NGX Trading System, in accordance with the provisions of this Section 3.2.
  - (ii) Block Transactions may be transacted only in Futures Products authorized for that purpose by the Exchange. The minimum volume to qualify as a Block Transaction under this rule is as the Exchange shall establish in its discretion and publish in Schedule “D” to this Agreement, available on Exchange’s Website, from time to time.
  - (iii) Notwithstanding any contrary provision of this Agreement, Block Transactions may be entered for any Same-Day Delivery Tenor of a Physically Settled Natural Gas Futures Product under the procedures of this Section 3.2.
    - (I) A Block Transaction may be entered for any Same-Day Delivery Tenor of any Physically-Settled Natural Gas Futures Product identified on Schedule D.
    - (II) Prior to accepting a Block Transaction in a Same-Day Delivery Tenor, the Exchange may request verification from the Contracting Party that the Contracting Party has an active Title Transfer, MTT, services contract or pipeline agreement account, as applicable, with appropriate pipeline operators for services at the Delivery Point of the applicable Physically Settled Natural Gas Futures Product and that such account or entitlement is in good standing.
    - (III) In addition to any other rights Exchange has under this Agreement, Exchange may, in its sole discretion, for legal, regulatory, operational or similar reasons, including (without limitation) to maintain the integrity of Exchange or the

delivery process, reject a Block Transaction for any Same-Day Delivery Tenor of a Physically Settled Natural Gas Futures Product submitted to Exchange (whether submitted through ICEBlock or Verbal Instructions) as soon as practicable at the time of the initial submission to Exchange, in which case Exchange or ICE shall notify the Off-Exchange Principals that the transaction has been rejected and shall be considered null and void with no further obligations or liability of Exchange.

- (iv) A Contracting Party, for its own account, may aggregate multiple orders to meet the contract minimums for a Block Transaction.
- (v) A Contracting Party may not
  - (I) aggregate different legs of a futures contract spread to meet the minimum volumes set forth in Schedule “D”.
  - (II) aggregate different legs of an options contract spread to meet the minimum volumes set forth in Schedule “D, provided, however, the different legs may be aggregated if the aggregate amount is in total 150% of the minimum block volume.
- (vi) Each time a Contracting Party quotes a Block Transaction price, the Contracting Party must make clear to each potential counterparty that the price being quoted is a Block Transaction price for a Futures Transaction and is not the price prevailing on the ICE NGX Trading System for a Futures Transaction in that Product.
- (vii) The Block Transaction may be consummated at a price mutually agreed upon by the parties to the transaction; provided that,
  - (I) the price for the Block Transaction does not exceed:
    - (1) the day’s overall traded market high and low by the following ranges below;
    - (2) if not traded that day, by the previous day’s traded market high and low by the following ranges; provided however, that the Exchange, in exceptional circumstances, may in its discretion, choose to permit a price to exceed the following ranges:

Commodity	Range
Physically Settled Gas Futures Product	2.0 percent
Financially Settled Futures Product	2.0 percent
Financial Power Product	5.0 percent
Physically Settled Power Futures Product	5.0 percent

- (3) or, if not traded either that day or the previous day on the market, as the parties shall mutually agree.
  - (II) in the case of an option, the price is no more than one-half the maximum applicable quote spread outside a price derived from a generally accepted

theoretical model, which is based on the range of the day's underlying futures high and low prices, if traded on the market.

For clarity, nothing in this Section 3.2 prohibits a single Contracting Party from entering into one or more Block Trade(s) at the same price with one or more Contracting Parties, such price being determined by a method as the Contracting Parties shall agree.

- (viii) Immediately upon agreeing to enter into the Block Transaction, or upon the market's opening (or re-opening) if the transaction is agreed to be entered into by the parties at a time when the market is closed, the buyer of the Block Transaction or its agent shall report the details of the Block Transaction directly into ICEBlock, by Verbal Instruction to the Exchange, or by such other method or media permitted by the Exchange. Within 15 minutes of reporting the details of the Block Transaction, the seller of the Block Transaction or its agent shall confirm such Block Transaction on the screen or by telephonic means, instant message or email as provided by the Exchange. The Exchange shall immediately notify the parties to the transaction of the details of the Block Transaction upon confirmation, and immediately update the ICE NGX Clearing System reports.
- (ix) Upon request by any employee of the compliance department, Contracting Parties must produce satisfactory evidence that the Block Transaction was arranged in accordance with the Agreement.
- j. Other Instructions to Exchange – It is acknowledged by Exchange that under certain circumstances a Contracting Party may give verbal, instant messaging, or email instructions to Exchange in circumstances other than those described under Section 3.2, and Exchange may, in its sole discretion, agree to act on such instructions. The Contracting Party hereby designates Exchange as its agent for the purpose of carrying out any such instructions and agrees to be bound by any acts of Exchange in carrying out such instructions. The Contracting Party acknowledges that Exchange may in its sole discretion refuse to agree to act on the basis of any such instructions and that Exchange will have no liability to the Contracting Party in respect of any errors, omissions, or other actions regarding such instructions or in respect of any refusal to act.
- k. Recording – The Contracting Party acknowledges, consents and agrees to the electronic recording by Exchange of all conversations, instructions or agreements between Exchange and the Contracting Party and agrees that any such record will constitute documentary evidence as to any such conversations, instructions or agreements in tangible form. The Contracting Party and Exchange agree not to assert any legal defence as to the admissibility, validity or enforceability of any verbal or instant messaging instructions or agreements as evidenced by any such record, including any assertion that any such instructions or agreement is not in writing or signed by a party or both parties. Exchange will maintain any such record for a period of two years, or longer in particular if Exchange is aware of any dispute, controversy, difference or question which may be resolved by any such record and will provide the Contracting Party with a copy of any portion of such record to the extent relevant to any such dispute, controversy, difference or question relating to the Contracting Party.
- l. Forward Transactions – All terms and conditions applicable to a Forward Transaction are set forth in Schedule I.
- m. Non-clearable Transactions – The Contracting Party acknowledges and agrees that Exchange may determine, in its sole discretion that it is unable to clear certain transactions where transactions have been submitted in error into the ICE NGX Clearing System. In the event that Exchange makes this determination, the transaction will be cancelled and the Contracting Parties to the transaction will be notified of the cancellation as soon as reasonably practicable by either phone, instant message or email.

- n. Fees – The Contracting Party will pay the fees to Exchange in such amounts as are set forth in the Fee Schedule or as otherwise agreed to by the Contracting Party with Exchange, and as required by any correct Invoice.
- o. U.S. Internal Revenue Service Reporting
  - (i) Contracting Parties who are subject to the reporting requirements of brokers under Section 6045 of the U.S. Internal Revenue Code (“Code”) and the U.S. Treasury Regulations thereunder shall comply with such requirements, as amended from time to time, with respect to transactions effected on, or otherwise subject to this Agreement in the manner prescribed by Section 6045 of the Code, the regulations thereunder, and such other provisions of the Code and regulations that are pertinent thereto. Failure of a Contracting Party to comply with this provision will result in immediate suspension of such Contracting Party’s trading privileges on the Exchange (and the privileges of any successor to such Contracting Party) until the Contracting Party complies with these reporting requirements in all respects. Such compliance includes the filing of all returns that were required to have been filed under Section 6045 but were not filed or were filed improperly; and
  - (ii) Notwithstanding any other provision of this Agreement, upon request by Exchange, Contracting Parties (with respect to transactions occurring on Exchange) will supply Exchange or directly to the U.S. Internal Revenue Service or any grand jury properly convened within the United States, books, papers, records, or other data as described in Section 7602 of the Code and the U.S. Treasury Regulations thereunder (hereinafter collectively referred to as “records”). Such requests will be made by Exchange whenever Exchange receives a written request, summons or subpoena to produce such records from the U.S. Internal Revenue Service or from any grand jury. Failure of a Contracting Party to comply with this provision will result in immediate suspension of such Contracting Party’s trading privileges on Exchange (and the privileges of any successor to such Contracting Party) until the Contracting Party complies with these reporting requirements in all respects.
- p. Ranking Requirement – In respect of each contract for physical delivery of natural gas, whether making delivery or taking delivery, Contracting Party will rank Exchange as “last-to-be-cut” or “first-to-be-delivered”, as applicable, for each nomination cycle.
- q. Written Risk Management Policy Required - The Contracting Party shall maintain a current written risk management policy. The Contracting Party shall from time to time, upon request by Exchange, provide Exchange with information and documents regarding its risk management policies, procedures and practices, including, but not limited to, information and documents concerning liquidity of the Contracting Party’s financial resources and settlement procedures (the “Risk Management Documentation”), and make such information and documents available to Exchange’s regulators upon their request. Exchange may, from time to time, conduct on-site audits of the Risk Management Documentation and the Contracting Party shall make reasonable efforts to facilitate any such audits.

### **3.3 Eligible Collateral Support and Collateral**

- a. Eligible Collateral Support and Collateral – Each Contracting Party shall to provide from time to time, as security for the Contracting Party’s Obligations, and in such amounts, such forms, at such times and in accordance with such systems as may be prescribed by or pursuant to this Agreement, including Schedule “C”, or Exchange’s stated policies in respect thereof, credit support consisting of one or more of the following: (i) an irrevocable letter of credit issued by an Approved Financial Institution in favour of Exchange in a form acceptable to Exchange; or (ii) Cash Collateral (collectively, “Eligible Collateral Support”).

Upon any of the Collateral being returned or paid to the Contracting Party, the said Collateral shall be released from the Liens granted to Exchange by the Contracting Party hereunder. Any Lien granted as contemplated above attaches upon execution and delivery of this Agreement or, in the case of Collateral delivered to, deposited with, or held by or on behalf of Exchange, upon the delivery, deposit or holding of such Collateral to, with, by or on behalf of Exchange, or in the case of rights to payment or performance in favour of the Contracting Party under any Transaction, at the time such Transaction is entered into.

Exchange may file or record this Agreement or any financing statement, security notice or similar instrument in any public office as may be necessary to establish, perfect or maintain the interests of Exchange as a secured party. The Contracting Party hereby waives any requirement of the applicable personal property security legislation or similar legislation to provide a verification statement to the Contracting Party upon registration of any such Agreement, financing statement, security notice or similar instrument. Upon the full, final and indefeasible satisfaction of all Obligations, and termination of this Agreement, the Lien shall cease and determine, all rights and interests in the Collateral granted hereunder and hereby will revert to and revest in the Contracting Party without further act or formality whatsoever, whereupon Exchange shall, at the request and cost of the Contracting Party, execute such releases or discharges of the Lien or of such filings or recordations, prepared by or on behalf of the Contracting Party and acceptable to Exchange, without recourse to or warranty by Exchange. No Obligation shall be considered to have been discharged by reason of the existence of the Lien or the rights herein provided unless (and then only to the extent that) Exchange has finally and indefeasibly collected and applied to such Obligation any amount held as or obtained in respect of Collateral or the net proceeds (after satisfying any costs of realization) of realization of any Collateral or has drawn down upon any letter of credit and applied the same to such Obligation or has applied any amount owing by Exchange to the satisfaction thereof and so advised the Contracting Party in writing. The Contracting Party hereby represents and warrants that all Collateral provided to Exchange from time to time is and will be free and clear from any Liens ranking in priority to or equally with the rights of Exchange to such Collateral and that the Lien herein provided to Exchange is and will be a valid first ranking Lien on the Collateral. Exchange and the Contracting Party agree that all Eligible Collateral Support and all Collateral shall constitute "financial collateral" as that term is used in the CCAA, the BIA, the WURA, and any successor or like Canadian statutory provisions. In addition, without limiting any other rights or protections hereunder of under FDICIA or other applicable law, Exchange and the Contracting Party agree that the rights set forth herein are "contractual rights" as defined in 11 U.S.C. §556; that this is a "commodity contract" as defined in 11 U.S.C. § 761 and/or a "master netting agreement" as defined in 11 U.S.C. § 101(38A); that Exchange is a "financial participant" as defined in 11 U.S.C. § 101(22A); and that Exchange is entitled to the rights and protections set forth in 11 U.S.C. §§546(e) and (j), 556, 561, 562, and 761.

Exchange agrees to use all Cash Collateral only in accordance with the provisions of this Agreement. Exchange shall not be liable to the Contracting Party for any loss incurred as a result of any depositing of amounts into the Cash Collateral Account, and the Contracting Party shall be bound by the accounts and records of Exchange in determining and allocating the amount of any such loss.
- g. Interest on Cash Collateral - Exchange will provide the Contracting Party with direct viewing access to its Cash Collateral Account, failing which, and upon request by the Contracting Party, Exchange will account monthly to the Contracting Party for all daily interest earned in a Cash Collateral Account. ICE NGX will, on a monthly basis, credit to the Cash Collateral Account, interest earned on each day on the amount of the balance in the Cash Collateral Account as of the end of that day at an interest rate as notified by ICE NGX from time to time (“Contracting Party Interest”). The Contracting Party acknowledges and agrees that Exchange’s records are the final and binding records of daily balances in a Cash Collateral account for the purpose of calculating Contracting Party Interest. Contracting Party Interest credited to the Cash Collateral Account becomes Cash Collateral as of the time it is deposited in the Cash Collateral Account by Exchange.
  - h. Return of Eligible Collateral Support – A Contracting Party may request a return of Eligible Collateral Support, and Exchange agrees to return excess Eligible Collateral Support to the Contracting Party, to the extent and pursuant to the terms provided for under Schedule “C” - Risk Management Policy.

Guarantee of Contracting Party Affiliate – The Contracting Party hereby unconditionally and irrevocably guarantees (the “Guarantee”) the due and punctual payment and performance in full when due, whether in the ordinary course, by termination, acceleration or otherwise, of all Obligations of its Contracting Party Affiliates to Exchange under the Contracting Party Agreements entered into by such Contracting Party Affiliates. #### **5.13 Remedies Upon an Unremedied Exchange Default or Exchange Bankruptcy Event of Default**

- a. Early Termination – In the event that there occurs and is continuing an Unremedied Exchange Default or Exchange Bankruptcy Event of Default, the Contracting Party, in addition to any remedies it may have at law or in equity or otherwise under this Agreement or under any Transaction, may, on no less than five (5) days' notice to Exchange (the "Early Termination Notice Date"), designate a day no earlier than the Early Termination Notice Date and no later than sixty (60) days after becoming aware of such Unremedied Exchange Default or Exchange Bankruptcy Event of Default, as an early termination date (the "Early Termination Date"). On the Early Termination Date, all outstanding Transactions (collectively the "Terminated Transactions") shall be terminated.
- b. Remedies Upon Early Termination – If the Terminated Transactions are terminated by the Contracting Party pursuant to Section 5.13, Exchange shall in good faith calculate in a commercially

reasonable manner: (i) an amount equal to the present value on the Early Termination Date (using the Default Rate as the discount rate) of the economic benefit to it, if any, resulting from the termination of the Terminated Transactions (the “Gains”); and (ii) an amount equal to the present value on the Early Termination Date (using the Default Rate as the discount rate) of the economic loss to it, if any, resulting from the termination of the Terminated Transactions (the “Losses”). Gains and Losses shall be determined, for each Terminated Transaction, by reference to relevant market information which shall consist of the arithmetic average (the “Calculation”) of market quotations (“Prices”) provided by the five (5) Contracting Parties who:

- (i) Reserved;
- (ii) with respect to Terminated Transactions that are Physically Settled Gas Futures Transactions, Options contemplating the delivery of gas or Options or for which the notional quantity is gas (collectively, “Gas Products”), have traded the highest overall volume of Gas Products listed on the ICE NGX Trading System;
- (iii) with respect to Terminated Transactions that are Physically Settled Power Futures Transactions, have traded the highest overall volume of Physically Settled Power Futures Products listed on the ICE NGX Trading System; or
- (iv) with respect to Terminated Transactions that are transactions in Financially Settled Futures for which the notional quantity is financial power (collectively, “Financial Power Products”), have traded the highest overall volume of Financial Power Products listed on the ICE NGX Trading System,

over the immediately prior consecutive twelve (12) month period (the “Highest Volume”) and the terms and conditions under which the Contracting Party would reasonably be able to enter into a replacement agreement with a third party on the same material terms and conditions as set out in the Terminated Transaction (a “Replacement Transaction”). If Prices are not forthcoming from any such five (5) Contracting Parties, Exchange shall obtain Prices from the Contracting Party with the next Highest Volume until five Prices have been obtained for the Calculation, and in circumstances where five such Prices are not forthcoming, Exchange shall perform the Calculation on such lesser number of Prices that can be obtained using the above method. Notwithstanding the foregoing, nothing in this Agreement shall require or be deemed to require the Contracting Party to enter into a Replacement Transaction.

As soon as practicable following the Early Termination Date and in no event later than five (5) days following the Early Termination Date, Exchange shall aggregate, Set-Off and net all Gains and Losses along with all other Obligations owed by Exchange to the Contracting Party under the Agreement (“Receivables”) and all payables owed by the Contracting Party to Exchange under the Agreement (“Payables”) to reduce all such amounts to a single net amount (the “Net Termination Payment”) and notify the Contracting Party in writing of the Net Termination Payment owed to or owing by the Contracting Party (the “Termination Notice”). (For clarity, the Set-Off and netting of all Gains and Losses along with all other Obligations owed by Exchange to the Contracting Party under this Agreement shall be deemed to be equivalent to a single master netting agreement.) To the extent that the Contracting Party is owed a Net Termination Payment by Exchange, Exchange shall pay the Net Termination Payment to the Contracting Party as soon as practicable, making commercially reasonable efforts to pay such Net Termination Payment within ten (10) Business Days of receipt by the Contracting Party of the Termination Notice regarding such calculation. To the extent that the Contracting Party owes a Net Termination Payment to Exchange, the Contracting Party shall pay the Net Termination Payment to Exchange within two (2) Business Days of receipt of the Termination Notice. In the event that Exchange has not provided a Termination Notice to the Contracting Party within the five (5) day period set forth above, the Contracting Party shall have the right to calculate its Gains or Losses, as the case may be, for the Terminated Transactions, by

determining a Price for each such Terminated Transaction, such Price being a good faith commercially reasonable representation of market value, which value may be disputed in good faith.

Any and all payments under this Section 5.13 shall be made in freely available Canadian currency by wire payment. For greater certainty, any correspondent or intermediary bank fees relating to payments under this Section 5.13 are the responsibility of the Contracting Party. Any amount which is not paid when due under this Section 5.13 shall bear interest (both before and after judgment) at the Default Rate, as from the due date of payment until the date of payment, compounded monthly.

- c. A Contracting Party's rights under this Section 5.13 supersede its right to voluntarily terminate this Agreement in accordance with the terms set out herein. For greater certainty, an affected Contracting Party cannot exercise its voluntary right to terminate this Agreement if an Exchange Failure to Deliver, Exchange Failure to Take, Exchange Failure to Pay or Exchange Default has occurred which, with the giving of notice or the lapse of time or both, would constitute an Unremedied Exchange Default or Exchange Bankruptcy Event of Default.
- d. Exchange's Right to Cause Early Termination of all Agreements and Transactions – The Contracting Party acknowledges that Exchange has entered into Contracting Party Agreements with other Contracting Parties and, pursuant thereto, Exchange is, from time to time, party to Transactions with such other Contracting Parties. The Contracting Party acknowledges and agrees that, in the event it or one or more other Contracting Parties designates an Early Termination Date (the "Triggering Early Termination Date") pursuant to this Agreement or one or more of the other Contracting Party Agreements, Exchange shall immediately become entitled, in its sole discretion, to designate an Early Termination Date under any one or more of this Agreement and the other Contracting Party Agreements. If Exchange does so, Exchange may designate an Early Termination Date for any or all such terminations which is the same day or is a day later than the Triggering Early Termination Date, in Exchange's sole discretion. In the event that Exchange does designate one or more Early Termination Dates following the Triggering Early Termination Date, all the other provisions of this Section 5.13 shall apply thereto *mutatis mutandis*.

  - (iv) The Exchange is a "member," and each Contracting Party is a "member."
  - (v) The amount by which the covered contractual payment entitlements of a Contracting Party or the Exchange exceed the covered contractual payment obligations of such Contracting Party or the Exchange after netting under a netting contract is its "net entitlement."

- b. Agreement to Arbitrate – Each of the Contracting Party and Exchange hereby agrees that any dispute, controversy, difference or question that is in respect of a material amount or has a material consequence to the party initiating such process and which arises in respect of this Agreement, or any Transaction, which has not been resolved by Mediation within twenty days from the date of initiation of Mediation, shall be referred to and resolved by Arbitration.
- c. Obligations – Each of the Contracting Party and Exchange agree that the provisions of this Schedule "B" are not to be construed as relieving either of the Contracting Party or Exchange from the performance of any Obligations under any Transaction in accordance with its terms, including any obligation to make payment under any Invoice issued in accordance with this Agreement, any obligation to take delivery of any portion of the Contract Quantity to be received in accordance with a Physical Transaction or any obligation to make delivery of any portion of the Contract Quantity to be delivered in accordance with a Physical Transaction. The performance of any such Obligations under any Transaction is not intended to derogate from the agreement of the Contracting Party and Exchange that the decision of an Arbitrator, or the decision of the Arbitral Tribunal (or a majority thereof), as the case may be, shall be final and binding upon the parties in accordance with the provisions of this Schedule "B".

### 2. MEDIATION PROCEDURE

- a. Notice – The party (Exchange for the purpose of this Schedule "B" being regarded as a single party) initiating mediation shall provide written notice of that request to the other party, including a summary of the dispute. A management level or more senior employee of each party must meet and discuss a settlement within 3 days after notice to mediate has been issued. The place of any mediation procedure shall be in Calgary, Alberta.
- b. Appoint Mediator – If the parties are unable to agree on settlement of the dispute they shall appoint a mediator within 7 days of the notice to mediate being received by the parties. If the parties are unable to agree on a mediator then either party may apply to have the mediator appointed by the Court of Queen's Bench of Alberta.
- c. Points of Issue – Within 3 days after a mediator has been selected, each party shall submit a written statement outlining the points at issue to the mediator and to the other party. The mediator may conduct the proceedings in any manner considered appropriate, taking into account the circumstances of the case, any desires expressed by the parties, and the desire for a speedy resolution of the dispute. The mediator may communicate with the parties orally or in writing and may meet with the parties together or individually. The mediator may make proposals for a settlement, but such proposals need not be in writing nor will such proposals be binding on the parties until they have agreed in writing to accept and be bound by the terms of that proposal.
- d. Mediator In Future Proceedings – The mediator shall not act as a representative or witness of either party or otherwise participate in any arbitration or judicial proceedings related to a dispute that was the subject of the mediation.

Any dispute, claim or controversy between Exchange and the Contracting Party arising out of, relating to, or in connection with, this Agreement and this Schedule "B" shall be finally settled by arbitration administered by the International Chamber of Commerce (the "ICC") and conducted in accordance with the ICC rules of arbitration (the "ICC Rules of Arbitration") in effect at the time of the arbitration. The place of arbitration shall be New York City and the proceedings shall be conducted in the English language. Capitalized terms used in this section and not otherwise defined herein shall have the meanings specified in the ICC Rules of Arbitration.
- b. The arbitration shall be conducted by three arbitrators (each individually an "Arbitrator" and collectively, the "Arbitral Tribunal"). Each party shall nominate one Arbitrator within thirty (30) days after delivery of the Request for Arbitration. The two Arbitrators appointed in accordance with the above provisions shall nominate the third Arbitrator within thirty (30) days of their appointment. If the first two appointed Arbitrators fail to nominate a third Arbitrator, then, upon request of either party, the third Arbitrator shall be appointed by the ICC within thirty (30) days of receiving such request. The third Arbitrator shall serve as Chairman of the Arbitral Tribunal.
- c. The Award rendered by the Arbitrators shall be final and binding on the parties.

By agreeing to arbitration, the parties do not intend to deprive any court of competent jurisdiction, as specified in paragraph (e) below, of its ability to issue any form of provisional remedy, including but not limited to a preliminary injunction or attachment in aid of the arbitration, or order any interim or conservatory measure. A request for such provisional remedy or interim or conservatory measure by a party to a court shall not be deemed a waiver of this agreement to arbitrate.
- e. For the limited purposes of either compelling arbitration and/or enforcing this paragraph (e), confirming and/or enforcing any arbitral award, and/or seeking provisional remedies in aid of arbitration pursuant to paragraph (d) above, each party hereby irrevocably consents to the jurisdiction of the following courts: (i) the courts of the Province of Alberta, (ii) the Supreme Court of the State of New York sitting in the Borough of Manhattan and the United States District Court for the Southern District of New York, (iii) the courts in any jurisdiction in which the assets or property of either party is located, or (iv) any other court of competent jurisdiction. In such case, each party hereby irrevocably waives, to the fullest extent it may effectively do so, the defence of an inconvenient forum to the maintenance of such action or proceeding.

### **1. RELATIONSHIP TO AGREEMENT**

- a. Nothing in this Schedule "E" will impair the obligations or rights of Exchange or the rights or obligations of the Contracting Party pursuant to this Agreement. Any Contracting Party which is a party to a Financially Settled Futures Transaction or Option Transaction hereby agrees that any such Financially Settled Futures Transaction or Option Transaction includes the provisions of this Schedule "E" and is subject to the terms of this Agreement.
- b. To the extent that a Contracting Party intends to have access to, and to enter orders for EPCOR RRO Daily Financially Settled Futures Transactions by way of the ICE NGX Trading System, ICE NGX Clearing System, or such other method or media permitted by the Exchange, the Contracting Party represents that it has entered into an EPCOR Agreement and remains in good standing under such agreement which constitutes a valid and binding legal obligation of the Contracting Party with EPCOR, during such time as the Contracting Party has outstanding obligations relating to EPCOR RRO Daily Financially Settled Futures Transactions. For clarity, this Agreement does not govern the relationship between Exchange and Contracting Parties with respect to having access to and transacting with EPCOR off of the ICE NGX Trading System. In the event of conflict between this Agreement and the EPCOR Agreement:
  - (i) where the conflict relates to trading on the ICE NGX Trading System or to clearing or settlement on the ICE NGX Clearing System, the Agreement shall prevail; and
  - (ii) where the conflict relates to trading with EPCOR off of the ICE NGX Trading System, the EPCOR Agreement shall prevail.

In the event of conflict between this Agreement and the ENMAX Agreement where the conflict relates to trading on the ICE NGX Trading System or to clearing or settlement on the ICE NGX Clearing System, the Agreement shall prevail.

### **2. CALCULATION PERIODS FOR FINANCIALLY SETTLED FUTURES PRODUCTS**

- a. Natural Gas Financially Settled Futures – The Calculation Period is equal to the number of days in the Financially Settled Futures Transaction starting on the Effective Date and ending on the Period End Date.
- b. Financial Power Futures – The Calculation Period is equal to the number of hours in the applicable Financial Power Product starting on the Effective Date and ending on the Period End Date.

**3. DETERMINATION OF CASH SETTLEMENT CLEARING AMOUNTS FOR FINANCIALLY SETTLED FUTURES TRANSACTIONS OTHER THAN DAILY FINANCIALLY SETTLED FUTURES TRANSACTIONS**

a. Calculation of Fixed Amount:

The Fixed Amount payable under a Transaction by the Fixed Price Payer will be calculated as follows:

*The Fixed Amount equals the Notional Quantity times the Calculation Period times the Fixed Price.*

b. Calculation of Floating Amount:

The Floating Amount payable under a Futures Transaction by the Floating Price Payer will be calculated as follows:

*The Floating Amount equals the Notional Quantity times the Calculation Period times the Floating Price.*

c. Calculation of Futures Clearing Amount:

The Futures Clearing Amount for each Futures Transaction is the result obtained by subtracting the Floating Amount from the Fixed Amount.

If the Futures Clearing Amount (expressed in \$C or \$U.S.) is greater than 0, Fixed Price Payer agrees to pay to Floating Price Payers such Futures Clearing Amount on the Futures Settlement Date.

If the Futures Clearing Amount (expressed in \$C or \$U.S.) is less than 0, Floating Price Payer agrees to pay to Fixed Price Payer on the Futures Settlement Date the absolute value of such Futures Clearing Amount.

**4. DETERMINATION OF MARK-TO-MARKET SETTLEMENT AND DAILY FINANCIALLY SETTLED FUTURES SETTLEMENT AMOUNTS FOR DAILY FINANCIALLY SETTLED FUTURES TRANSACTIONS**

a. Determination of Mark-to-Market Settlement Amount

On the Transaction Date, the mark-to-market settlement amount ("MTM Settlement Amount") for a Daily Financially Settled Futures Transaction is the result obtained by subtracting the Settlement Price (SP) from the Fixed Price (FP) times the Calculation Period (CP) times the Notional Quantity (NQ);  $(FP - SP \times CP \times NQ)$ .

On each Business Day following the Transaction Date, for the applicable Term of a Daily Futures Transaction, the MTM Settlement Amount is the result obtained by subtracting the Settlement Price (SP) from the Prior Settlement Price (SPP) times the Calculation Period (CP) times the Notional Quantity (NQ).  $(PSS - SP \times CP \times NQ)$ .

If the MTM Settlement Amount (expressed in \$C or \$U.S.) is greater than 0, Fixed Price Payer agrees to pay to Floating Price Payer such MTM Settlement Amount on the MTM Settlement Date.

If the MTM Settlement Amount (expressed in \$C or \$U.S.) is less than 0, Floating Price Payer agrees to pay to Fixed Price Payer the absolute value of such MTM Settlement Amount on the MTM Settlement Date.

b. Determination of Daily Financially Settled Futures Settlement Amount

On each Business Day commencing on the first Business Day of the applicable Term of a Daily Financially Settled Futures Transaction, and continuing for the Term of a Daily Financially Settled Futures Transaction, the Daily Financially Settled Futures Settlement Amount is the result obtained by subtracting the Floating

Price (FP) from the Settlement Price (SP) times the Calculation Period (CP) times the Notional Quantity (NQ).  $(SP - FP \times CP \times NQ)$ .

If the Daily Financially Settled Futures Settlement Amount (expressed in \$C or \$U.S.) is greater than 0, Fixed Price Payer agrees to pay to Floating Price Payer such Daily Financially Settled Futures Settlement Amount on the Daily Financially Settled Futures Settlement Date.

If the Daily Financially Settled Futures Settlement Amount (expressed in \$C or \$U.S.) is less than 0, Floating Price Payer agrees to pay to Fixed Price Payer the absolute value of such Daily Financially Settled Futures Settlement Amount on the Financially Settled Futures Settlement Date.

**5. DETERMINATION OF OPTION PREMIUM AMOUNT, OPTION EXERCISE CONDITIONS AND EFFECT OF OPTION EXERCISE**

a. Calculation of Option Premium Amount:

The Option Premium Amount payable by the Option Buyer under an Option Transaction in which the relevant Underlying Transaction is a Futures Transaction equals the Option Premium Price times the Notional Quantity for such Futures Transaction times the Calculation Period for such Futures Transaction.

b. Description of Option Exercise Conditions:

Call Options: An Option Transaction that relates to a Call Option on an Underlying Transaction that is a Futures Transaction will be exercised (the "Call Exercise") such that the Option Buyer shall cause the Underlying Transaction to become effective if, in the case of an Alberta-Fixed or Alberta-Basis Futures Call Option, the Underlying Price is greater than the Strike Price on the relevant Option Exercise Date.

Put Options: An Option Transaction that relates to a Put Option on an Underlying Transaction that is a Futures Transaction will be exercised (the "Put Exercise") such that the Option Buyer shall cause the Underlying Transaction to become effective if, in the case of an Alberta-Fixed or Alberta-Basis Futures Put Option, the Underlying Price is less than the Strike Price on the relevant Option Exercise Date.

c. Effect of Option Exercise:

Alberta-Fixed and Alberta-Basis Futures Call Option: If the Call Exercise occurs, then the Underlying Transaction (the Alberta-Fixed Futures or the Alberta-Basis Futures) becomes effective as of the Call Exercise, the terms and conditions applicable to such Underlying Transaction govern and the following is deemed to have occurred:

- (i) the Option Buyer becomes the Fixed Price Payer in respect of such Alberta-Fixed or Alberta-Basis Futures Transaction and has the respective rights and obligations of such payer under this Agreement, including with respect to the applicable Futures Clearing Amount payable on the respective Futures Settlement Date;
- (ii) the Option Seller becomes the Floating Price Payer in respect of the Alberta-Fixed or Alberta-Basis Futures and has the respective rights and obligations of such payer under this Agreement, including with respect to the applicable Futures Clearing Amount payable on the respective Futures Settlement Date;
- (iii) the Strike Price becomes the Fixed Price in respect of the Alberta-Fixed or Alberta-Basis Futures; and
- (iv) the Underlying Price becomes the Floating Price in respect of the Alberta-Fixed or Alberta-Basis Futures.

Alberta-Fixed and Alberta-Basis Futures Put Option: If the Put Exercise occurs, then the Underlying Transaction (the Alberta-Fixed Futures or the Alberta-Basis Futures) becomes effective as of the Put Exercise, the terms and conditions applicable to such Underlying Transaction govern and the following is deemed to have occurred:

- (i) the Option Buyer becomes the Floating Price Payer in respect of such Alberta-Fixed or Alberta-Basis Futures Transaction and has the respective rights and obligations of such payer under this Agreement, including with respect to the applicable Futures Clearing Amount payable on the respective Futures Settlement Date;
- (ii) the Option Seller becomes the Fixed Price Payer in respect of the Alberta-Fixed or Alberta-Basis Futures and has the respective rights and obligations of such payer under this Agreement, including with respect to the applicable Futures Clearing Amount payable on the respective Futures Settlement Date;
- (iii) the Underlying Price becomes the Floating Price in respect of the Alberta-Fixed or Alberta-Basis Futures; and
- (iv) the Strike Price becomes the Fixed Price in respect of the Alberta-Fixed or Alberta-Basis Futures.

If an Option Transaction is not exercised, then such Option Transaction shall be deemed to have met the Option Expiry Conditions and such Option Transaction will expire on the respective Option Exercise Date with no further opportunity for the Underlying Transaction to become effective.

In the event that the Underlying Price for any Option Transaction (where the Underlying Transaction is a Futures Transaction) is corrected (the "Correction") by the publication from which the applicable price was derived after the Option Exercise Date, Exchange will post on Exchange's Website for access by the respective Option Buyer and corresponding Option Seller the corrected Underlying Price (the "Corrected Underlying Price"). If such Option Transaction was exercised on the Option Exercise Date but the posting of the Corrected Underlying Price would mean that with the benefit of such information on the Option Exercise Date the respective Option Exercise Conditions would not have been met, then the Underlying Transaction will be cancelled if (a) the Corrected Underlying Price is lower than the Strike Price in the case of a Call Option, or higher than the Strike Price in the case of a Put Option, and (b) the Correction occurs within thirty (30) days (the "Correction Date") of the Option Exercise Date.

If such Option Transaction expired on the Option Exercise Date but the posting of the Corrected Underlying Price would mean that with the benefit of such information on the Option Exercise Date the respective Option Exercise Conditions would have been met, then the expiry will be cancelled and the Underlying Transaction will be deemed to have become effective as of the Option Exercise Date if (a) the Corrected Underlying Price is higher than the Strike price in the case of a Call Option, or lower than the Strike Price in the case of a Put Option and (b) the Correction occurs within the Correction Date.

## **6. FUTURES INVOICES AND OPTION INVOICES**

Invoices for the Futures Clearing Amounts, MTM Settlement Amounts, Daily Financially Settled Settlement Amounts and Option Premium Amounts will be determined in accordance with this Schedule "E" and Section 8.4 of the Terms and Conditions. Invoices will be due and payable as follows:

- a. Financially Settled Futures Transactions and Daily Financially Settled Futures Transactions (other than the MTM Settlement Amount)- in accordance with the Financially Settled Futures Settlement Date.
- b. Daily Financially Settled Futures Transactions – MTM Settlement Amounts and Daily Financially Settled Settlement Amounts will be invoiced in accordance with the MTM Settlement Date and the Financially Settled Futures Settlement Date, respectively.

- c. Options - Option Premium Amount - in accordance with the Option Premium Payment Date; with respect to the Underlying Transaction, if the respective Option Transaction is exercised on the applicable Option Exercise Date, Invoicing will occur as per the Underlying Transaction.

## 7. **LIABILITY**

No Indirect Damages - Other than as specifically set forth in this Agreement, in no event shall Exchange or the Contracting Party be liable under this Agreement or any Financially Settled Futures Transaction or Option Transaction for any special, consequential or indirect damages or claims, including without limitation, loss of profits or revenues, cost of capital or claims of any of the suppliers or customers to the Contracting Party arising out of any Financially Settled Futures Party's Default, Option Party's Default or any Exchange Default or any other matter for which liability may be assessed under this Agreement or any Futures Transaction.

## 8. **INTERPRETATION**

- a. All amounts of money referred to herein or in this Agreement are in Canadian Dollars unless otherwise expressly stated to be in United States dollars.
- b. Capitalized words and phrases used in this Schedule and not defined in this Schedule will have the same meaning as set forth in this Agreement.
