

LONDON NOTICE NO. 3732

Issue Date: 3 July 2013

Effective Date: 3 July 2013

OFFER AND SALE OF EQUITY OPTIONS IN THE UNITED STATES

REVISED ARRANGEMENTS UNDER SEC CLASS NO-ACTION RELIEF

Executive Summary

This Notice advises Members of revised arrangements in relation to the offer and sale of LIFFE Equity Option Contracts to prescribed entities in the United States, following receipt of a new class no-action relief from the U.S. Securities and Exchange Commission. The class no-action relief includes an extension of the current arrangements to include Equity Option Contracts based on non-UK underlyings (whilst continuing to exclude Equity Option Contracts based on U.S. underlyings). This Notice requires action by LIFFE Members who intend, or who wish to continue, to transact business in eligible Equity Option Contracts for prescribed entities.

1. Introduction

- 1.1 Members will be aware of the Exchange's arrangements with the U.S. Securities and Exchange Commission ("SEC") that enable Members of the London Market to familiarise qualifying entities in the United States with so-called "Approved Options" to under prescribed conditions. These arrangements facilitate the "offer and sale" of such contracts with or on behalf of such entities. Since 5 September 2008, those arrangements have applied in respect of Approved Options transacted on Bclear as well as the Central Order Book.
- 1.2 This Notice advises Members that, on 1 July 2013, the Exchange received from the SEC notification of a class no-action relief for Foreign Options Markets that will continue to permit the activity described in section 1.1 above, under slightly revised conditions. Furthermore, under the class no-action relief, the list of eligible equity products has been **extended** to include certain additional index options and individual equity options based on non-UK securities. However, the list continues to **exclude** all Individual Equity Options Contracts with U.S. security underlyings and Index Option Contracts containing US securities as components of the relevant index.
- 1.3 This Notice sets out the relevant terms and conditions of the class no-action relief and the associated requirements for Members who wish to take advantage of the arrangements. This Notice supersedes all previous Notices in relation to the offer and sale of equity options to U.S. Persons.

The **Euronext Derivatives Markets** comprise the markets for derivatives operated by Euronext Amsterdam, Euronext Brussels, Euronext Lisbon, Euronext Paris and LIFFE Administration and Management, referred to respectively as the Amsterdam, Brussels, Lisbon, Paris and London markets. Euronext is part of the NYSE Euronext group.

- 1.4 The class no-action relief provides for LIFFE Members to familiarise Prescribed Entities, as defined below, with specified Equity Option Contracts in accordance with the conditions set forth in this Notice. For the avoidance of doubt, direct trading access to Equity Option Contracts on the Universal Trading Platform from the United States continues to be prohibited.

2. Definition of Prescribed Entities

- 2.1 The Prescribed Entities who may be treated by LIFFE Members as clients under the terms of the class no-action relief are Eligible Broker-Dealers and Eligible Institutions. For the purposes of the class no-action relief an Eligible Broker-Dealer/Eligible Institution (and, individually, an “Eligible Broker-Dealer” or Eligible Institution”) is defined as any entity that meets the following standards:

- (i) it must be a “qualified institutional buyer” as defined in Rule 144A(a)(1) under the United States Securities Act of 1933 (“Securities Act”), or an international organisation excluded from the definition of “U.S. Person” in Rule 902(k)(2)(vi) of Regulation S under the Securities Act; and
- (ii) it must have had prior actual experience with traded options in the U.S. Options (and, therefore, would have received the disclosure document for U.S. standardised options called for by Rule 9b-1 under the United States Securities Exchange Act of 1934 (“Exchange Act”).

3. Conditions Applicable to Members

General

- 3.1 Pursuant to LIFFE Rule 3.28.3(a), a Member shall not treat as a client in respect of an Equity Option Contract any U.S. person or entity other than those which satisfy the criteria referred to in paragraph 2.1 above. A Member may treat U.S. persons or entities which satisfy the criteria referred to in paragraph 2.1 above (“Prescribed Entities”) as clients in respect of those Equity Option Contracts which are specified by the Board under paragraph (b) of Rule 3.28.3. The Equity Options which are specified by the Board for the time being are set out in Attachment 1 to this Notice and are referred to in this Notice and Attachments as “Eligible Options”. The list of Eligible Options comprises all current LIFFE Individual Equity Options based on the securities of non-U.S. issuers and all current LIFFE Index Options based on indices that contain no component securities of U.S. issuers. The list will be maintained on the NYSE Euronext website.
- 3.2 Members are advised that, under U.S. law, members of a Foreign Options Market (i.e. LIFFE, in this instance) that are not registered with the SEC as broker-dealers may deal with Eligible Institutions only in accordance with Rule 15a-6 under the Exchange Act, principally through U.S. registered broker-dealers, as provided in Rule 15a-6.
- 3.3 Members should note that, under the terms of the class no-action relief, **they will no longer be required to furnish their Eligible Broker-Dealer or Eligible Institution client with a LIFFE Disclosure Document.**

Representation from the Prescribed Entity

- 3.4 Before entering into transactions with or on behalf of their Eligible Broker-Dealer or Eligible Institution client, Members will be required to obtain and maintain a record of representations from such client, signed by an appropriate officer, in the form prescribed in the no-action relief, which is as follows:
- (a) It is an Eligible Broker-Dealer/Eligible Institution, and as such it:
 - (i) owns and invests on a discretionary basis a specified amount of eligible securities sufficient for it to be a qualified institutional buyer under Rule 144A under the Securities Act (and if a bank, savings and loan association, or other thrift institution, has a net worth meeting the requirements of Rule 144A under the Securities Act); and
 - (ii) has had prior actual experience in the U.S. standardised options markets and as a result thereof has received the options disclosure document entitled “Characteristics and Risks of Standardized Options” (“the “Options Disclosure Document” or “ODD”) that is prepared by the Options Clearing Corporation and the U.S. options exchanges;
 - (b) Its transactions in Eligible Options will be for its own account or for the account of another Eligible Broker-Dealer/Eligible Institution or for the managed account of a non-U.S. person within the meaning of Rule 902(k)(2)(i) of Regulation S under the Securities Act;
 - (c) It will not transfer any interest or participation in an Eligible Option it has purchased or written to any other U.S. person, or to any person in the United States, that is not an Eligible Broker-Dealer/Eligible Institution;
 - (d) It will cause any disposition of an Eligible Option it has purchased or written to be effected only on LIFFE, and it understands that any required payments for premium, settlement, exercise, or closing of any Eligible Option with respect to which it has a contract with the LIFFE Member must be made in the designated currency;
 - (e) It understands that if it has a contract as a writer of an Eligible Option with a LIFFE Member, margin must be provided to that LIFFE Member in such form and amount as determined by that Member, and such Member, if a Non-Clearing Member of LIFFE, must provide margin to its Clearing Member; and if a Clearing Member of LIFFE, must maintain, measure, and deposit margin on such Eligible Option with LIFFE’s appointed clearing house, ICE Clear Europe Limited (“ICE Clear”), in such form and amount as determined by ICE Clear;
 - (f) If it is an Eligible Broker-Dealer/Eligible Institution acting on behalf of another Eligible Broker-Dealer/Eligible Institution that is not a managed account, it has obtained from the other Eligible Broker-Dealer/Eligible Institution a written representation to the same effect as the foregoing and will provide it to the LIFFE Member upon demand; and
 - (g) It will notify the LIFFE Member of any change in the foregoing representations prior to placing any future order, and the foregoing representations will be deemed to be made with respect to each order it gives to the LIFFE Member.

- 3.5 A template for this representation is provided at Attachment 2 to this Notice.

Compliance with the Terms of the Class No-Action Relief

- 3.6 Any Member who intends to transact business in Eligible Options with one or more Prescribed Entities is required to complete and return the form at Attachment 3 to this Notice to the Member Compliance Department at LIFFE at derivativesmembership@nyx.com. Subsequently, such form will be required to be resubmitted to LIFFE on an annual basis following a request which will be made by Notice. For the avoidance of doubt, any Member who currently treats a Prescribed Entity as a client in respect of Eligible Options under the outgoing arrangements with the SEC is likewise required to submit this form to the Exchange, no later than 19 July 2013.
- 3.7 In addition, such Member is required to maintain a list that must be available at any time at the request of the Exchange of those Prescribed Entities whom it treats, or has treated within the preceding five years, as clients in respect of Eligible Options.

Additional SEC Requirements

- 3.8 The class no-action relief requires LIFFE to have in place policies and procedures to monitor for and assure member compliance with the terms of that relief.
- 3.9 Members should note that the class no-action relief is predicated, amongst other things, on the overarching obligations in the LIFFE Rules for Members to provide information to, or to otherwise assist, the Exchange in relation to LIFFE business. Furthermore, the relief requires that the Exchange is able and willing to provide relevant Member information to the SEC on request.
